RE: CPD Reports 17-0000387

Detective J. Fowler #1813

Investigative Case Summary

The following is an accurate summary of facts which chronicle events having occurred before, during and after the shooting of Eduardo Sanchez-Martinez by Sonoma State University Police Officer Rafael Cardenas on the early morning of May 5th 2017 in the area of [redacted] East Cotati Avenue, Cotati Ca.

This summary is based upon statements obtained during the course of the investigation. Some of the conclusions are drawn after careful review of physical evidence, interview of Officer Cardenas, interview of Eduardo Sanchez-Martinez's girlfriend [redacted] and interviews

with victims and witnesses of Cotati Police Department case number 17-0000387 and review of the police report.

On 05/05/2017, at approximately 0203 hours, Officers with the Cotati Police Department were on scene investigating a physical fight. Assisting the Cotati Officers was Officer R. Cardenas with Sonoma State University Police. While investigating the physical fight officers were approached by a witness reporting a male and a female in a verbal argument a short distance away, in the area of [redacted] East Cotati Avenue, Cotati. As the Officers responded to the scene, approximately five to eight gunshots in rapid succession were heard.

Once on scene officers learned the following information. Four females walking in the area, noticed a fight between the male and female, and interjected. The male brandished a firearm, pointed it at the head of one of the females, and said something to the effect of "get the fuck out of here or I'm going to kill you". The four females fled and as they left the male fired multiple rounds from the firearm. Cotati Police Officers, with the assistance of Officer Cardenas, searched the area and located several expended .380 caliber shell casings, but did not locate a suspect in the shooting. Over the next several hours Officers with both Cotati Police Department and Sonoma State University Police stayed on the lookout for anyone matching the description of the male shooting suspect. Cotati PD case number #17-0000387 was ultimately assigned to the investigation.

On 05/05/2017, at approximately 0430 hours, after assisting the Cotati Police Department officers with locating the four shell casings, Officer Cardenas drove back to the SSU Police Station to go off duty. Officer Cardenas was informed Cotati PD wanted to debrief the shooting incident he assisted in and they requested he meet back at the Cotati Police Station.

Officer Cardenas responded to the Cotati Police Department and debriefed the shooting investigation. Once the debriefing concluded, Officer Cardenas drove back toward the SSU Campus. While travelling eastbound on East Cotati Ave, Officer Cardenas saw a subject, later identified as Sanchez-Martinez, emerge from the creek area to the southeast of [redacted] East Cotati Ave. Sanchez-Martinez's hands were tucked into his T-shirt and the collar of his shirt was over his head. Officer Cardenas slowed down, made a U-turn, illuminated the subject with his spotlight, and parked his patrol car in front of Sanchez-Martinez. Sanchez-Martinez removed his hand from being tucked into his shirt. Officer Cardenas was then able to determine Sanchez-

Martinez was Hispanic and matched the description of the suspect he had been previously looking for.

Officer Cardenas exited his vehicle, and contacted Sanchez-Martinez. Officer Cardenas asked Sanchez-Martinez to walk over to his patrol car. Once at his patrol car, Officer Cardenas had Sanchez-Martinez face the front push bumper. As Officer Cardenas brought Sanchez-Martinez's right arm behind his back, in an effort to detain him in handcuffs, he asked Sanchez-Martinez if he had any weapons on him. As Officer Cardenas asked this, Sanchez-Martinez pushed back into Officer Cardenas, kicking back from the patrol car, causing Officer Cardenas to stumble backwards. Sanchez-Martinez began running westbound on the sidewalk to East Cotati Ave. Officer Cardenas ordered Sanchez-Martinez to stop running, but Sanchez-Martinez disobeyed the order. Officer Cardenas un-holstered his Taser and fired it at Sanchez-Martinez. Sanchez-Martinez fell to the ground and did what Officer Cardenas described as a "quick push-up", got up, and started running again. Officer Cardenas fired his Taser again, this time noticing it had no effect on Sanchez-Martinez. Officer Cardenas discovered the Taser wires were no longer attached to his Taser. Officer Cardenas attempted to holster his Taser as he chased after Sanchez-Martinez, but missed his holster and the Taser fell to the ground.

Sanchez-Martinez changed direction and ran northwest, across East Cotati Avenue. Sanchez-Martinez approached the middle of the street and repeatedly looked over his shoulder at Officer Cardenas while making a jerking movement with his right arm as if he was trying to pull something from his waistband. Officer Cardenas saw the elbow to Sanchez-Martinez's right arm pull away from his side several times. Sanchez-Martinez continued to turn and look at Officer Cardenas as he continued to run. Officer Cardenas believed Sanchez-Martinez was looking to see if he was reaching for his firearm. As Sanchez-Martinez pulled at the object in his waistband, Officer Cardenas caught a glimpse of it and saw it was silver in color which made Officer Cardenas believe it was a firearm. Sanchez-Martinez jerked at the object repeatedly. Sanchez-Martinez approached the north side of the roadway, slowed down, and almost came to a stop. At this point Officer Cardenas saw Sanchez-Martinez's right elbow swing out away from his body as if he was turning towards Officer Cardenas. Believing Sanchez-Martinez was the subject who possessed and earlier used a firearm, Officer Cardenas believed Sanchez-Martinez's intentions were to shoot him and to "kill him right then and there".

Officer Cardenas withdrew his firearm and shot Sanchez-Martinez, striking him once in the right shoulder and once in the middle of his back. Sanchez-Martinez fell to the ground while Officer Cardenas ran to the nearest light pole for cover. Officer Cardenas pulled out his flashlight, radioed dispatch requesting Code-3 assistance and EMS to stage at the nearby Rancho Adobe

Fire Station. Cotati Police Officers arrived on scene, handcuffed Sanchez-Martinez, and began rendering first aid.

On 05/05/2017, Sonoma County Violent Crime Investigations Detective J. Hanshew interviewed Sanchez-Martinez's girlfriend, [redacted] and learned the following information. On the evening of 05/04/2017, [redacted] and Sanchez-Martinez were at Friar Tuck's bar in Cotati. Upset with Sanchez-Martinez for dancing with another female, [redacted] pushed Sanchez-Martinez. Security guards asked [redacted] to leave the bar while Sanchez-Martinez stayed until closing (0200 hours).

Sometime after 0200 hours, [redacted] saw Sanchez-Martinez in a physical fight in the area east of La Plaza on the south side of East Cotati Avenue. [redacted] intervened and attempted to calm Sanchez-Martinez down, but her attempts were unsuccessful. [redacted] witnessed Sanchez-Martinez produce a handgun with his right hand firing it two times. [redacted] stated the subjects Sanchez-Martinez was fighting with were unarmed.

NOTE: The area [redacted] described the shooting as occurring is the same location Cotati Police Officers later located the four .380 auto expended casings.

Approximately ten seconds after the shooting, Sanchez-Martinez pulled at [redacted] in an attempt to have her leave with him. [redacted] refused and walked west towards downtown Cotati while Sanchez-Martinez ran the other way, eastbound on East Cotati Ave.

On 05/08/2017, members of the SCSO SAR team located a chrome .380 caliber semiautomatic firearm in a planter/bush area near where Sanchez-Martinez was shot by Officer Cardenas and ultimately taken into custody.

At the time of this incident Sanchez-Martinez was on active CDC Parole. Sanchez-Martinez is currently on active CDC Parole for violation of 186.22(A) PC with a discharge date of 08/08/2018. Sanchez-Martinez is also currently on Sonoma County Pretrial Supervision for his role in Cotati Police Department case# 17-0000387.

In Conclusion:

After interviewing Officer Cardenas, reviewing all available evidence, and review of Cotati Police Department's investigation documented in case# 17-0000387, it is clear Officer Cardenas believed Sanchez-Martinez was the subject responsible for the assault with a firearm on [redacted] and her companions which occurred moments after 0200 hours on 05/05/2017 in the area of East Cotati Avenue and La Plaza.

Upon seeing Sanchez-Martinez emerge from the creek bed nearby the area the assault occurred matching the description provided of the assault suspect, Officer Cardenas attempted to detain Sanchez-Martinez. Sanchez-Martinez forcibly resisted Officer Cardenas and fled on foot. Officer Cardenas attempted to subdue Sanchez-Martinez by using his Taser, but was unsuccessful.

Sanchez-Martinez continued to flee on foot and appeared to be removing a silver firearm from his waistband. Officer Cardenas feared for his life when Sanchez-Martinez slowed down and began turning towards him. Officer Cardenas believed Sanchez-Martinez removed the silver firearm from his waistband and was intent on using it towards Officer Cardenas. Fearing for his life, Officer Cardenas fired two rounds from his firearm which struck Sanchez-Martinez in the back causing him to fall to the ground and ultimately taken into custody.

The investigation revealed Officer Cardenas was faced with a fast evolving incident where approximately 58 seconds elapsed from when he notified dispatch he was contacting Sanchez-Martinez and when he advised shots had been fired. The investigation also revealed a previously reported stolen, chrome colored, .380 caliber semiautomatic firearm was located in the area Sanchez-Martinez was shot and taken into custody. It is believed this firearm was possessed and ultimately discarded by Sanchez-Martinez simultaneously with being shot by Officer Cardenas.

On 5/5/2017 at approximately 0525 hours, I was off-duty and at home when I received a telephone call from SSU Police Services Acting Chief, D. Dougherty. AC Dougherty informed me that I was needed to respond in to work and assist the department with an officer involved shooting. The shooting occurred in the neighboring city of Cotati and involved two on duty SSU Police officers. I responded and went on-duty in full police uniform at 0600 hours.

At 0605 hours, I was briefed by SSU dispatcher A. Simpson and SSU Acting Executive Director for Enterprise Risk Mgmt. Tyson Hill. I was told that all on-duty SSU police officers, including AC Dougherty, were on scene near [redacted] E. Cotati Ave.

At 0655 hours, AC Dougherty requested that I respond to the scene. Prior to my leaving SSU PD, SSU Officers Cardenas and Peters returned to the police department. I observed that both officers appeared to be physically uninjured.

I confirmed with Officer Peters, as the State University Police Assn. (SUPA) representative for SSU PD, to ensure that both he and Officer Cardenas remembered to maintain due care and concern for their health and well-being, as they had just finished/were finishing their graveyard shifts.

I arrived on scene at 0713 hours, and provided Sonoma County Deputy A. Vernon with our agency's case number. I did not take any further action at the scene.

Later that morning, I responded to [redacted] Rohnert Park, to meet with Officer Cardenas. I was met by SUPA President J. Soloman. I re-issued Officer Cardenas a Glock Model 23, .40 cal, serial [redacted] service weapon. He signed for the property and kept one copy of his paperwork for himself. One copy of this paperwork was provided to AC Dougherty.

At approximately 1130 hours, at the request of the investigation team, I sent Officer J. Howard to [redacted] to provide support and assistance. He returned to SSU at approximately 1600 hours. At 1645 hours, Officer Peters returned to SSU. At approximately 2000 hours, Officer Cardenas returned to SSU with AC Dougherty.

Please refer to SSU Officer Peters supplemental to this report and to the Sonoma County Sheriff's office, per county protocol, for further information on this case.

Case Status: Open, referred to SCSO.

B0004 MEFFERD, JUDY	05/07/2017		5/10/2017

On 5/5/17 at approximately 0500 hours, I heard Ofc. Cardenas' radio traffic that he was out with a suspicious person on E Cotati Ave. I began to proceed to his location, he also requested dispatch to notify Cotati PD as he was in the city of Cotati and not near campus. At about 0501 Ofc. Cardenas broadcast that he had deployed his Taser and requested code 3 backup. I upgraded my response to code 3 (lights and siren). Moments later Ofc. Cardenas advised "shots fired," and requested medics. I arrived on scene at approximately 0503 hours.

I observed Ofc. Cardenas' patrol vehicle pulled in front of a driveway to a small parking area for a business on the south side of E Cotati Ave, adjacent to a creek. I pulled in next to his vehicle and exited mine. I did not immediately see Ofc. Cardenas, as I scanned the area looking for him I saw units from Cotati PD approaching from the west, as they began to stop I saw that Ofc. Cardenas was standing on the north side of the street approximately 30 yards to the west of where his patrol car was. I crossed the street and began to approach his location. I could see a subject in a white shirt on the ground in front of Ofc. Cardenas. Three officers from Cotati were approaching the subject, I could hear them giving commands to the subject. I realized that my approach was placing me in a crossfire situation with the Cotati officers so I adjusted my path and walked out into the street and behind Ofc. Cardenas. By the time I was alongside Ofc. Cardenas the Cotati officers had handcuffed the subject and had begun to render aid.

A Cotati officer and I performed a quick pat search of the subject for weapons, none were found, no wallet or phone or ID were found either. At that point the medics took over and began to load the subject for transport. Myself and two Cotati officers searched the nearby residences for any stray rounds, none were found.

I checked on Ofc. Cardenas, he had been sitting with a Cotati officer away from the scene. I facilitated contacting our LDF for Ofc. Cardenas. More officers from Rohnert Park DPS and Deputies from the County Sheriff's department had arrived and shut down traffic on E Cotati and had begun to secure the scene. I briefly assisted Cotati in searching the creek area and the parking lot where Ofc. Cardenas apparently first contacted the subject. Acting Chief Dougherty arrived on scene and directed me to take Ofc. Cardenas to [redacted] in Rohnert Park) and await for the Sheriff's department to begin their investigation per protocol.

At approximately 0700 hours I drove Ofc. Cardenas back to the station so that he could retrieve his street clothes and other personal belongings, then we went and checked [redacted]

Narratives

On May 5, 2017, at approximately 0203 hours, I was on duty, dressed in full uniform operating a marked patrol vehicle. Sergeant Guydan and I were on scene at a fight that had just broken up and the parties were separated. While speaking with one of the involved parties, Sergeant Guydan advised that another fight had broken out across the street. Sergeant Guydan and I responded to the area at the southeastern corner of Old Redwood Highway at East Cotati Avenue.

Note: Most of this incident was captured on my body worn camera.

Upon arrival I heard, what I believed at the time to be, approximately five to eight gunshots in rapid succession. It sounded like the gunshots came from the east and were within close proximity. I exited my patrol vehicle, drew my department issued firearm and took cover behind Sergeant Guydan`s patrol vehicle.

Note: I later reviewed my body camera video and heard four gunshots.

I faced east on East Cotati Avenue and saw multiple subjects running west towards our location yelling that someone had a gun and was shooting at people. Multiple unidentified witnesses advised that a male subject, later identified as the shooter, (OF) Eduardo Sanchez, was "beating up" an unidentified female subject. The unidentified witnesses stated someone tried to defend the female and (OF) Martinez started shooting. Witnesses described (OF) Martinez as a male subject in a white t-shirt armed with either a handgun or a pellet gun. One unidentified witness described (OF) Martinez as a black male with "dreads". Another witness identified as, (W1) [redacted] stated that (OF) Martinez was fighting with other unidentified subjects who tried to defend the female. (W1 [redacted] described (OF) Martinez as male wearing a white t-shirt and walking east on East Cotati Avenue.

Sergeant Guydan, Officer Cardenas from the Sonoma State University Police Department and I approached the area where the gunshots were fired. We did not see any subjects in the area. We did locate a denim long sleeve button up shirt, black sock and black watch on the southeast corner of La Plaza and East Cotati Avenue. An unidentified male subject approached westbound on East Cotati Avenue. We contacted him and he informed us that he saw several groups of people walking eastbound on East Cotati Avenue. While speaking with this subject, a Rohnert Park Department of Public Safety Officer advised that other officers had a subject at gunpoint near 640 East Cotati Avenue (Starbucks). Sergeant Guydan and Officer Cardenas responded to assist. I remained on scene with the clothing and jewelry we discovered.

Sergeant Guydan advised that the subjects that Rohnert Park Officers were out with were potentially the victims of the gunshots heard. I responded to 640 East Cotati Avenue and contacted five subjects identified as (V1) [redacted] V2) [redacted] (V3) [redacted] (V4) [redacted] and (V5) [redacted]

Narratives

(V1) [redacted] stated, in summary, the following:

(V1) [redacted] described (OF) Martinez as a Hispanic male, clad in a white t-shirt and jeans. (V1) [redacted] believed that the incident began with a "girl fight" that was likely "gang related". (V1) [redacted] stated that (OF) Martinez produced a handgun, waved it in (V3) [redacted] face and stated something to the effect of "I`m gonna cap these nigga`s". (V1) [redacted] tated that (V3) [redacted] appeared to be trying to get away from (OF) Martinez. All of the victims took off running and (OF) Martinez began shooting at them. (V1) [redacted] stated that she believed (OF) Martinez was trying to shoot them and (V1) [redacted] felt "fucking scared". (V1 [redacted] believed that (OF) Martinez fled on foot northbound towards the firehouse located at 1 East Cotati Avenue. (V1) [redacted] stated (OF) Martinez was with other subjects at the time. (V1) [redacted] stated (OF) Martinez was shooting from the street corner near 8200 Old Redwood Highway (Bow N Arrow). (V1) [redacted] ater stated (OF) Martinez was shooting from the bus stop at the street corner of La Plaza and East Cotati Avenue.

(V2) [redacted] stated, in summary, the following:

(V2) [redacted] stated that she saw (V1) [redacted] trying to "talk down" (OF) Martinez because he had a gun. (V2) [redacted] grabbed (V1) [redacted] and they began to run away. (V2) [redacted] claimed that is when (OF) Martinez began shooting at them. I asked (V2) [redacted] how she knew that (OF) Martinez was shooting at them. (V2) [redacted] stated "because he said he was going to `shoot some nigga`s`". (V2) [redacted] elieved that (OF) Martinez was shooting at "ground level". (V2) [redacted] described (OF) Martinez as a "shorter Latino male", with "sort of like buzz cut" hair, wearing a "white t-shirt with a logo on the front". (V2) [redacted] stated that (OF) Martinez was with a "female Latina".

(V3) [redacted] stated, in summary, the following:

(V3) [redacted] stated that she saw (OF) Martinez yelling at an unidentified female subject. (V3) [redacted] described (OF) Martinez and the unidentified female subject as "Mexican". (V3) [redacted] saw (OF) Martinez start striking the female subject. (V3) [redacted] ntervened and struck (OF) Martinez in the face causing him to bleed from the mouth. (V3) [redacted] remembers striking the male subject again. (V2) [redacted] was later informed by other witnesses that (OF) Martinez grabbed (V3) [redacted] by the throat and held a gun to the side of her head. (V3) [redacted] was pulled away by (V4) [redacted] (V3) [redacted] remembers running away and hearing the gunshots. (V3) [redacted] described (OF) Martinez as shorter, approximately five feet five inches tall with short, almost "buzz cut" hair style. (V3) [redacted] stated he was wearing a white shirt.

(V4) [redacted] stated, in summary, the following:

(V4) [redacted] stated that she arrived on scene because she heard (V3) [redacted] had been punched. (V4) [redacted] saw (V3) [redacted] pushing (OF) Martinez. (V4) [redacted] saw that (OF) Martinez had something,

Narratives

she later described as a black full sized handgun, in (OF) Martinez`s hand. (V4) pulled (V3) away from (OF) Martinez and began to run away; that is when (OF) Martinez started shooting. (V4) believed she heard three gunshots. (V4) believed that (V3) was unaware that (OF) Martinez had a gun to her head because (OF) Martinez had just struck (V3) in the face. (V4) confirmed that (OF) Martinez was a Hispanic male, stocky build, approximately five feet five inches tall, wearing a white t-shirt and saggy jeans. As I was relaying the handgun description to Cotati Police Dispatch, (V5) advised that the handgun was silver in color.

(V5) stated, in summary, the following:

(V5) stated that he was walking with the other victims. (V5) heard that (V3) had been punched in the face. (V5) ran to assist. (V5) saw (OF) Martinez, which he described as heavier set, fighting with a "heavier set Latina girl". (V5) stated he saw (OF) Martinez reach into (OF) Martinez` pocket. (V5) stated "as soon as I seen silver, we all ran, all of us". (V5) claimed he heard three gunshots, but did not believe they were fired at him.

Note: While interviewing the victims, Officer Cardenas was standing in close proximity and engaged in conversation with the victims.

Sergeant Guydan advised that officers had discovered evidence of a shooting. I responded to southside of East Cotati Avenue between Charles Street and La Plaza. I was advised that officers discovered a shell casing from a .380 caliber round. Officers on scene and I canvased the area to check for any bullet holes into nearby structures or vehicles. We did not discover any. We conducted a line search of the area and discovered a used condom and wrapper near the shell casing. Upon a search of field on the south side of East Cotati Avenue between Charles Street and La Plaza we discovered three additional shell casings, all of which were .380 caliber. All casings found were located within close proximity of each other and on the south side of East Cotati Avenue across from Mak`s Deli.

Corporal Goodin and Sergeant Guydan collected clothing and a water bottle on West Sierra Avenue near La Plaza Park. I have printed out aerial photographs of the scene and drawn the approximate area of where the items were located. See case file for further.

While on scene, Sergeant Guydan and I photographed the evidence and collected it.

As we were searching for evidence, we were approached by (CO) the owner of "Friar Tucks", a popular downtown bar. (CO) asked if we were looking for a Hispanic male subject, wearing baggy jeans and a white t-shirt with a logo on it. (CO) advised that an employee remembered a subject matching that description hanging around the back patio of "Friar Tucks" throughout the night. I responded to

Narratives

"Friar Tucks" to review security camera footage in an attempt to identify the subject.

Upon reviewing the security camera footage, I was able to find footage of the potential suspect. I believed it was the potential suspect based on the clothing description and associates the employee claimed the suspect was with. While on scene, I took photographs of the security camera footage. The suspect is the third male subject to enter the bar; he is dressed in a grey zip up hoodie, white shirt and jeans. (See Case File)

I later copied all photographs and video evidence taken onto two CD-ROMS and placed them in the case file.

All evidence collected is being securely stored in temporary evidence lockers at the Cotati Police Department for further processing.

On May 9, 2017, at approximately 1430 hours, I was notified that Detective Hanshew from the Sonoma County Sheriff`s Office had met with (OF) Martinez` girlfriend, (V6) [redacted] (V6) [redacted] stated that she met up with (OF) Martinez on May 4, 2017, in downtown Cotati between approximately 2200 and 2300 hours. (V6) [redacted] stated they were in Cotati "At the crawl".

(V6) [redacted] stated that she along with (OF) Martinez and some friends tried to get into "Spanky`s" but the line was too long so they went to "Tradewinds" and eventually another bar (V6) [redacted] described as the "Irish one". I believe the "Irish one" (V6) [redacted] was describing is "Friar Tucks" due to the fact it is the only Irish themed bar in Cotati. (V6) [redacted] aw (OF) Martinez dancing with another girl and got jealous. (V6) [redacted] pushed (OF) Martinez. (V6) [redacted] stated that she felt a hard object in (OF) Martinez` waistband and believed it was possibly his belt. (V6) [redacted] did not ask (OF) Martinez if it was a gun because she did not want to know if he had a gun on his person. Security staff requested (V6) [redacted] leave. (OF) Martinez stayed in the bar until closing.

(V6) [redacted] remembers multiple fights breaking out downtown at once. (V6) [redacted] did not know where (OF) Martinez was at the beginning of the fights. (V6) [redacted] hen saw (OF) Martinez in a confrontation across from the firehouse. (V6) [redacted] stated that (OF) Martinez "got physical" with some people and then began arguing with a "black guy". (V6) [redacted] tried to intervene and calm (OF) Martinez down. (V6) [redacted] stated that the altercation "got worse" across from Mak`s Deli. (V6) [redacted] showed Detective Hanshew on a map of where the altercation took place. Detective Hanshew described the area as east of La Plaza on the southside of East Cotati Avenue. (V6) [redacted] stated there were approximately ten to fifteen people around.

(V6) [redacted] stated (OF) Martinez produced a handgun and held it in his right hand. (V6) [redacted] does not know why (OF) Martinez produced a handgun. (V6) [redacted] stated that the subjects that (OF) Martinez was in an altercation with were unarmed. (V6) [redacted] stated she heard (OF) Martinez fire two shots.

Narratives

Approximately ten seconds after the shooting, (OF) Martinez pulled (V6) [redacted] and tried to get her to go with him. (V6) [redacted] efused and walked back towards downtown. (V6) [redacted] advised that (OF) Martinez ran eastbound on East Cotati Avenue.

(V6) [redacted] denied that any domestic violence took place.

(V6) [redacted] described the gun (OF) Martinez used as black, but she seemed uncertain because it was dark outside at the time of the shooting.

The Sonoma County Sheriff`s Office provided photographs of the handgun and loaded magazine that was found near where (OF) Martinez was shot. The ammunition in the handgun was comprised of a brass casing with "WIN" and "380 AUTO" inscribed on the bottom of the casing near the primer. The ammunition found with the handgun is consistent with the shell casings I collected at the scene of the first shooting.

A copy of Detective Hanshew`s interview with (V6) [redacted] as well as photographs of the handgun and ammunition is on two CD-ROMs in the case file. Refer to SCSD related case 170505-002 for further.

On May 10, 2017, I booked all items siezed into evidence. All evidence was photographed prior to being booked in. I copied the photographs onto two CD-ROMs and placed them in the case file.

I respectfully request the District Attorney`s office file charges of 273.5(a) PC, 245(a)(2) PC, 417(a)(2) PC, 422 PC, 242 PC, 246.3 PC, 30305(a)(1) PC, 29800(a)(1) PC and 3056(a) PC against (OF) Martinez.

Supplement Narrative

On 5/18/17, Sgt. Guydan requested that I respond to Santa Rosa Memorial Hospital (1165 Montgomery Dr.) and serve Eduardo Sanchez Martinez with an 849 (b) PC form (detention certificate) pending further investigation. I completed a copy of the attached detention certificate and responded to Santa Rosa Memorial Hospital.

When I arrived, Sanchez Martinez was asleep so I advised the medical staff of the form and they retained a copy of it. The following information was provided on the form: Sanchez Martinez had been placed under arrest on 5/10/17 at approximately 1433 hours and I released him from custody at approximately 1554 hours (today`s date).

During the time of his arrest, the department had placed an armed security company in Sanchez Martinez`s room. The security company was present from 5/11/17, at approximately 0600 hours to 5/12/17, at approximately 1830 hours.

Supplement Narrative

NARRATIVE:

On 05/10/2017 at approximately 1433 hours, I was on-duty, in full uniform and operating fully marked patrol vehicle (#6). I was at the Sonoma County DA`s Office for an unrelated, quarterly DUI meeting when I received a telephone call from Cotati Police Chief Parish.

Chief Parish advised me that he had just spoken to an employee of Santa Rosa Memorial ICU, identified as having the first name of [redacted] and Chief Parish had advised [redacted] that Martinez was under arrest for charges in this case. Chief Parish directed me to respond to Santa Rosa Memorial ICU and make contact with staff to ensure no visitors were allowed in Martinez`s ICU room.

I arrived and contacted ICU staff and located an employee first of [redacted] who advised me he had just spoken with Chief Parish. [redacted] confirmed with me that Martinez was under arrest, I confirmed, and [redacted] escorted Martinez`s two visitors out of the ICU.

I advised ICU staff that Martinez was still entitled to legal counsel inside of the ICU.

Recommendation:

Forward with case.

Supplement Narrative

NARRATIVE:

On 05/23/2017 at approximately 1642 hours, I was contacted by Chief Deputy District Attorney Troye Shaffer who requested I conduct follow-up regarding Cotati Police Department case number 17-0000387. I additionally later spoke with Shaffer and learned the following summarized information:

At least one of the five victims of the 05-05-2017 approximate 0200 hour shooting had provided additional information about two more victims. I was briefed that the person providing this additional information was ethnically well versed enough to state that the outstanding victims were likely from Kenya, Africa and they were described as "Kenyan exchange students."

On 05/24/2017 at approximately 1500 hours, I responded to Sonoma State University (SSU) and contacted employees at the SSU police department and SSU foreign student office. While at the foreign student office, I noted a wall of photos of exchange students and a world map. The world map had strings from various countries which corresponded to the exchange students from that respective country. I located "South Africa" and noted two associated photos; '[redacted] and '[redacted] I eventually was put in contact with [redacted] who identified herself as the Title 9 Coordinator for SSU. I briefed her on the nature of my request and provided her with my contact information. She advised that SSU did have one student currently enrolled who matched my description above.

On 05/24/2017 at approximately 1615 hours, I received a telephone call from Acting SSU Police Chief Doughty who stated that California State University (CSU) counsel had authorized release of the one matching student`s name to me. CSU Counsel decided that Family Educational Rights and Privacy Act (FERPA) regulations could be waived based on the following information:

-On going investigation into multiple felony crimes
-Investigation connected to an Officer Involved Shooting (OIS)
-The attempted Great Bodily Injury (GBI) to the seven victims at the approximate 0200 hour shooting
-The investigation into the GBI of the approximate 0500 hour shooting
-The seriousness of this firearm investigation

I was provided with the student`s name and information as follows:

[redacted]
[redacted]
Santa Rosa CA
[redacted]

[redacted] was a transfer student from Santa Rosa JC to SSU.

I then provided this information to Shaffer.

Recommendation:

Forward to Troye Shaffer

Supplement Narrative

PURPOSE:

To document my interview with (OF) Martinez.

NARRATIVE:

On July 13, 2017, at approximately 1530 hours, I responded to Memorial Hospital to interview (OF) Martinez about the May 5, 2017, shooting.

Note: Most of this incident was captured on my body worn camera.

I met with (OF) Martinez in his hospital room. I read (OF) Martinez his Miranda Rights verbatim from my department issued card. (OF) Martinez initially waived them by continuing to speak with me. I asked (OF) Martinez what he remembered from the night. (OF) Martinez stated that he did not remember anything from that night, just waking up at the hospital. I asked (OF) Martinez what the last thing he remembered was. (OF) Martinez then stated he remembered getting shot. I asked (OF) Martinez what he remembered prior to being shot. (OF) Martinez stated he remembered being at the bars in downtown Cotati with his girlfriend. (OF) Martinez could not recall any details about the bar he was at. I asked (OF) Martinez why he brought a gun downtown; (OF) Martinez stated he did not have a gun. (OF) Martinez then told me to talk to his lawyer and advised he did not wish to speak with me any further.

End

To DA`s Office

(CO0347) WARDLE, TYLER

Narratives

NARRATIVE:

On 05/05/2017 at approximately 0205 hours, I was on-duty, in full uniform and operating fully marked patrol vehicle (#6). SSU Officer Cardenas and I were near the intersection of Old Redwood Highway and E Cotati Avenue when I heard gun fire from a smaller caliber weapon. I placed my patrol vehicle in park in the northbound lane of Old Redwood Highway and exited the driver seat with my rifle. While taking cover on the driver`s side of my patrol vehicle, SSU Officer Cardenas, Cotati Officer Wardle and I tactically decided to move further east towards the gunfire. At that time, we located evidence on the ground near the intersection of E Cotati Avenue and La Plaza. For further information, see Officer Wardle`s report.

On 05/05/2017 at approximately 0502 hours, I was on-duty, in full uniform and operating fully marked patrol vehicle (#6). Cotati Police Officers Gallo, Wardle, Goodin and I responded to a shots fired event in the 100 block of E Cotati Avenue. Goodin was acting as a Field Training Officer (FTO) and left his trainee (Trainee Reinke) at the Cotati Police Department at the time of his response. Reinke had to monitor an unrelated in-custody arrestee in our temporary holding cell.

Upon arrival in the 100 block of E Cotati Avenue, I observed Sonoma State University (SSU) Officer Cardenas holding a male at gun point in the bark off of the main parking lot of the New Hope Church, which was located in the 100 block of E Cotati Avenue. The male appeared to have sustained at least one gunshot wound. Officer Cardenas spontaneously stated, "...was reaching for his waistband...pulled out something silver..."

SSU Officer Cardenas provided the following summarized public safety statement. He stated he fired two rounds in a northerly direction into the suspect.

A preliminary area check of the backdrop of the shooting location did not locate any stray bullet holes in surrounding residences. It appeared to me that both rounds which were fired from Cardenas`s weapon were accounted for.

I requested the assistance of Rohnert Park Department of Public Safety (RPDPS) for scene security. RPDPS

Narratives

Officers Sutter, Huot, Wonneberger and Keaney arrived to assist us.

The shooting scene was turned over to the Sonoma County Sheriff Department for investigation.

It should be noted that my patrol vehicle (Dodge Charger) was backed out of the crime scene as my vehicle was behind the two Cotati Ford Crown Victoria vehicles and further away. Additionally, an SSU Police Ford Explorer arrived and parked near the SSU Dodge Charger that had been operated by SSU Officer Cardenas. That SSU Explorer was later driven away from the location with SSU Officer Cardenas inside of it.

Recommendation:

Forward to Sonoma County Sheriff investigation #170505-002

Supplement Narrative

On May 5, 2017, at approximately 1911 hours, I was dispatched to [redacted] Street [redacted] for the report of found property. The reporting person, (RP) [redacted] stated her son located a California driver`s license and key on the street. I responded to the area in full police uniform and driving a fully marked K9 patrol vehicle.

I arrived on scene and met with [redacted] who stated the following, in summary.

[redacted] said she was approached by her juvenile son who stated her located a driver`s license and key on the creek path which runs in an east/west direction between Ross Street and Old Redwood Highway. This portion of the creek path runs between a housing complex which is commonly referred to as "Frog Song." [redacted] took possession of the driver`s license and key and contacted the Cotati Police Department, stating she thought it could be related to the shots fired call that happened in the area that night. I took possession of the driver`s license and key and left the residence.

The license is a California driver`s license [redacted] issued to [redacted]. The found key is a single "Axxess" key with the letter and numbers "35R" factory printed on one side. They key is attached to a red and gold "49ers" lanyard.

The items were secured and kept at the Cotati Police Department as found property.

Narratives

On Friday, 5/5/2017, at approximately 0504 hours, while on uniformed patrol in a marked Sheriffs` vehicle, I heard Deputy Jucutan tell Sheriff`s dispatch over the radio that he was enroute to provide the Cotati Police Department (CPD) assistance because they had just been in an Officer Involved Shooting (OIS).

While Deputy Jucutan was enroute to Cotati, he also told Sheriff`s dispatch that he heard on his Police scanner, a CPD Officer say, "Shots fired, suspect down."

After Deputy Jucutan advised Sheriff`s dispatch of CPD`s radio traffic, they made telephonic contact with CPD dispatch. CPD dispatch then told the Sheriff`s Office that they were requesting all responding units, "Code 3" as well as an ambulance.

Deputy Jucutan and Deputy McCready arrived on scene a short time before several other Sheriff`s Deputies and began assisting CPD and the Sonoma State University Police Department; refer to their supplemental reports for further information.

I arrived on scene at approximately 0519 hours and provided traffic control at the intersection of Charles Street and Ross Street. I did not speak with any witnesses or enter the crime scene therefore my Body Worn Camera (BWC) was not activated during the incident. I cleared from my traffic control position at approximately 0605 hours.

NOTHING FURTHER

Supplement Narrative

Sonoma County Sheriff Office Incident/Investigation Supplement Report # 170505-002

On May 5, 2017, I was the on-call Watch Commander at the Sonoma County Sheriff's Office.

At approximately 0543 hours, I received a phone call from Field Service Sergeant (Sgt.) Travis Koeppel. Sgt. Koppel advised me off the following:

On May 5, 2017, at approximately 0445 hours, Sonoma State University (SSU) Police Officer Rafael Cardenas was involved in an officer involved shooting (OIS) with suspect Sanchez Martinez in the vicinity of [redacted] East Cotati Avenue.

Officers from the Cotati Police Department and Rohnert Park Police Department of Public Safety responded to the scene of this OIS to assist SSU Officer Cardenas. Officers from the Cotati Police Department administered emergency first aid to Martinez until EMS personnel from Rancho Adobe Fire and American Medic Response (AMR) arrived on scene. AMR personnel transported Martinez to Memorial Hospital in Santa Rosa for medical treatment.

SSU Officer Adam Peters responded to the scene of this OIS and he contacted SSU Officer Cardenas. Officer Adams obtained a public safety statement and sequestered Officer Cardenas. Officer Adams eventually transported Officer Cardenas to [redacted] and continued to sequester Office Cardenas [redacted]

Sgt. Koppel told me SSU Police Chief David Dougherty and Cotati Police Chief Michael Parish were requesting a Critical Incident Protocol be initiated and requested the Sonoma County Sheriff's Office assume investigative responsibilities for this OIS.

At approximately 0548 hours, I phoned Field Service Division Captain Mark Essick and advised him of this incident.

At approximately 0610 hours, I was contacted by Captain Essick and he advised me the Sonoma County Sheriff's Office would invoke a Critical Incident Protocol for this OIS and investigate this incident.

At approximately 0616 hours, I phoned Cotati Police Department Chief Parish and I advised him the Sheriff's Office would be assuming responsibilities for this OIS investigation.

At approximately 0632 hours, I arrived at the scene of this OIS and I contacted Sgt. Koeppel. I assisted Sgt. Koeppel and deputies establish and secure an inner and outer crime scene perimeter on East Coati Avenue.

At approximately 0640 hours, the crime scene had been secured and Sgt. Koeppel completed an incident briefing and crime scene walk-through with me.

At approximately 0800 hours, I left the crime scene and responded to the Cotati Police Dept to conduct an OIS briefing. Present at this OIS briefing were Detectives and Sergeants from the Sonoma County Sheriff's Office Crime Scene Investigation, Property Crimes Investigation, Violent Crimes Investigation units, an Attorney and Investigator from the Sonoma County District Attorney's Office, and SSU Police Chief Dougherty and Cotati Police Chief Parish.

At approximately 0948 hours, I conducted a crime scene walk-though with investigative personnel from the Sonoma County Sheriff's Office and District Attorney's Office.

At approximately 1038 hours, I released the scene of this OIS investigation into the care and control of personnel from the Sonoma County Sheriff's Office Investigation Bureau.

Supplement Narrative

On 5-5-17, at approximately 0500 hours, I responded to the 100 block of East Cotati Avenue regarding an officer involved shooting that had just occurred. I along with several other SCSO Units were requested initially for traffic control of the area surrounding the scene.

Upon arrival, I contacted Cotati PD Sergeant Guydan who briefed me on what was known at that point. According to Guydan, earlier in the evening at approximately 0200 hours, his department responded to a domestic violence incident approximately one block west of current location. A male and female subject were involved in an argument when four female subjects approached the couple and tried to break it up. At that time the male subject brandished a handgun and fired several shots in an unknown direction.

Cotati Police responded from a nearby location after hearing the gunfire and began searching the area for the couple who had been arguing. They were unable to locate either subject, however, they did locate five .380 caliber casings in a grassy area of East Cotati Avenue near the corner of Charles Street.

At approximately 0500 hours, Sonoma State University Officer Cardenas spotted a male subject matching the physical and clothing description of the earlier shooting, emerging from a creek bed in the 100 block of East Cotati Avenue. The male suspect, later identified as Eduardo Sanchez Martinez, resists detention and fled on foot from the officer westbound. Officer Cardenas fired his Taser at Martinez which was ineffective. Martinez then ran in a northwest direction across East Cotati Avenue near the parking lot of the New Hope Church. At this time Officer Cardenas fired two shots from his service weapon striking Martinez.

Officers from Cotati Police arrived within moments and began medical assistance to Martinez. An ambulance arrived and quickly transported Martinez from the scene to Memorial Hospital.

Sgt. Guydan told me Officer Cardenas was not injured and was currently sitting near the side door of the New Hope Church with another SSU Officer.

Deputies Jucutan and McCready taped off the crime scene perimeter. Deputy McCready also started a crime scene log.

I received a phone call from Cotati Police Chief Parish who requested the Sonoma County Sheriff's Department implement a critical incident protocol and take over the investigative responsibilities of this case. I then contacted SCSO Lieutenant Vernon by phone and briefed him on the circumstances. A decision was then made to activate the critical incident protocol. The scene command was transferred to Lieutenant Vernon

upon his arrival.

I spent the duration of my time on scene maintaining security on the inner perimeter until my release at approximately 1130 hours.

Nothing further at this time.

Supplement Narrative

On 5/5/17 I was assigned to uniformed patrol in a marked SCSO vehicle. At approximately 0504 hours, I was monitoring the scanner in my vehicle when I heard a Cotati PD Officer advise shots were fired and a suspect was down.

I advised SCSO dispatch and began responding to Cotati. While enroute, I learned Cotati PD Officers were at [redacted] E. Cotati Avenue. Upon arrival at approximately 0505 hours I activated my BWC. I parked my vehicle in the westbound lane in the area of E. Cotati Avenue and Matteri Circle to prevent any vehicles from entering the scene. I observed a male adult wearing a white t-shirt on the ground and Officers tending to him. A black Taser and cartridge was located on the south side of E. Cotati, in front of [redacted] E. Cotati. I began to place evidence tape around the scene.

I remained on scene until approximately 0800 hours for scene security. End of supplemental report.

3004

Supplement Narrative

On 05/05/2017 at approximately 0500 hours, I heard over my radio that Deputy Jucutan was responding to the area of [redacted] East Cotati Avenue to assist Cotati Police with a shots fried call. I began driving towards Cotati in the event they needed assistance. While en-route Cotati Police requested Deputies respond to block streets and set up a perimeter on the scene.

When I arrived on scene I was contacted by a Cotati officer whom directed me to block traffic on Marsh Road and be on the lookout for an unsecured Taser. I positioned my Patrol car on Marsh road and blocked traffic from entering the scene. When I exited my patrol vehicle I noticed a black Taser laying on the ground at the intersection of Marsh Road East Cotati Avenue. I notified Cotati Police I had located the Unaccounted for Taser. Later I assisted in hanging crime scene tape to secure the area. I started and maintained a crime scene log until I was relieved by Deputy Silva.

My body worn camera was activated during a contact with a nearby resident.

Nothing further.

Supplement Narrative

On May 5, 2017, at 0741 hours, I was notified via cell phone by Sergeant Sean Jones to respond to Cotati, California, to assist with crime scene security due to an Officer Involved Shooting. At approximately 0940 hours, I arrived at the intersection of Charles Street and East Cotati Avenue in Cotati. At 0943 hours, I took custody of the Major Incident Access Log from Deputy Cody McCready (#2490).

From 0943 hours until 1451 hours, I maintained the Major Incident Access Log, identifying and documenting persons entering and exiting the scene.

At 1451 hours, I relinquished custody of the Major Incident Access Log to Sergeant Orlando Rodriguez (#925).

END.

Supplement Narrative

On 05/05/2017 at approximately 1400 hours, I was notified by Sgt. S. Jones to respond to Cotati to assist with scene security. I responded to Charles St. near E. Cotati Ave., Cotati, Ca. for scene security. At approximately 1430 hours, I relieved Deputy J. Mallamo. Sgt. O. Rodriguez arrived a short time later and he relieved Deputy Silva who provided him with the Major Incident Access Log. My assignment was to stop all vehicular and foot traffic on Charles St. from accessing the crime scene including a field to the west side of Charles St. at E. Cotati Ave. At approximately 1930 hours, Sgt. P. Quartorolo advised me that the scene was clear and released all scene security personnel.

I took down the crime scene tape on Charles St. and E. Cotati Ave near the open field.

Incident/Investigation Report

Agency: Sonoma County Sheriff's Department **Case Number:** 170505-002

Supplement Narrative

On 5/5/17 at approximately 1220 hours, I received a telephone call from CSI Detective Newton. Detective Newton requested I respond to the area of [redacted] E. Cotati Avenue with my canine partner Boomer for a search. He advised we would be searching for the suspect`s pistol.

Boomer is a certified explosives and powders detection dog. He detects and alerts on military, commercial and improvised explosives and propellant powders, such as smokeless powder and black powder. Boomer can be used to detect firearms because smokeless powder is used as a propellant in modern ammunition.

We arrived at the location and contacted Detective Sedgwick. Detective Sedgwick requested Boomer and I search the open field at the corner of E. Cotati Avenue and Charles Street. As we searched Boomer showed interest in an area near E. Cotati Avenue where I was told several shell casing had been found and collected. He also showed interest in the middle of the field. We searched the area but did not find anything. We completed our search of the field.

We searched the west side of the creek east of March Way and the open area southeast of Charles Street Village. Boomer did not alert in those areas. We concluded our searches and left the scene.

Nothing further at this time.

Supplement Narrative

On 05/13/2017 I was assigned to the Main Office. At about 0942 hours, I was dispatched to 1165 Montgomery Drive (Santa Rosa Memorial Hospital) to collect a bullet that had been surgically removed from Eduardo Sanchez`s (Suspect) body.

I arrived on scene, entered the hospital and activated my BWC. I contacted the emergency room charge nurse who directed me to room N254 in the hospital intensive care unit (ICU) where Sanchez was being treated. I arrived at the room and contacted ICU nurse [redacted] who was alone with Sanchez inside. She told me in summary that Trauma Doctor [redacted] had removed a bullet from Sanchez`s upper left chest at about 0922 hours on 05/13/2017.

I applied nitrile gloves. I received from [redacted] a small orange topped plastic jar containing a bloody bullet. I placed the jar inside a paper bag and walked out of the hospital. I deactivated my BWC.

I transported the jar with the bullet to the Main Office where I booked the bullet into evidence inside a paper bag as LD1. I booked the orange topped plastic jar into evidence inside a paper bag as LD2.

This supplemental report is a summary and not a transcription of what occurred.

Supplement Narrative

On 5/5/2017, at about 1423 hrs. Detective Sergeant Murphy contacted me by telephone regarding a search and rescue request for an evidence search. He told me that he needed assistance in searching a 60`x60` field and a creek bed for possible evidence related to a shooting. He requested that the search and rescue team respond to the intersection of East Cotati Avenue and Charles Street to meet with detectives.

I contacted the Search and Rescue volunteer duty officer and related the information to him. He paged the SAR team and requested a response to the Sheriff`s Hangar at 1530 hrs. Four volunteers, ([redacted] responded to the hangar and then drove to the scene together. They arrived on scene at about 1610 hrs.

I arrived a short time later and checked in with Sgt. Rodriguez, who was keeping the crime scene log, and signed in. I then met with CSI Detective Baraz, who briefed me on the search area. He requested that SAR search an open field on the south side of East Cotati Avenue between La Plaza and Charles Street. Search and rescue volunteers had already started searching this area. Detective Baraz told me that the second search area would be a creek bed east of Marsh Way. At this point we were looking for a small handgun as well as a wallet, cellphone or other indicia.

SAR volunteers conducted a line search of the open field area. The field was covered with heavy 4 foot tall grass making detection of small items difficult. As SAR was completing the search of the open field, Detective Sgt. Murphy arrived on scene. We discussed further search options. By this time, I had walked the creek area and determined that it was overgrown and searching would be difficult. It was near sundown and a complete search would not be possible this evening. We decided to focus the SAR volunteers on the curtilage of businesses and apartments on the south side of East Cotati Ave between the previously searched open field and the creek. SAR searched the landscaping, garbage cans, under vehicles and various other open areas around the businesses on the south side of East Cotati Ave and the apartments on Marsh Way.

No evidence was located. SAR was released at about 1930 hrs. Both the open field and the creek scenes were released at that time and no guard remained in place.

Sgt. Murphy requested SAR for additional searching on the following day but there were not enough volunteers available to staff a search team. Further searching is expected to continue on Monday 5/8/2017.

Incident/Investigation Report

Agency: Sonoma County Sheriff's Department **Case Number:** 170505-002

Supplement Narrative

On 5-8-17 at about 1500 hours, I responded to the scene on E. Cotati Ave.along with 18 Search and Rescue (SAR) team members in order to search several areas for the suspect`s weapon or any other evidence that was still outstanding. We arrived on scene at about 1530 hours and I briefed the team on the case and assigned them to various search areas, mostly focusing on the creek areas between Marsh Ln. and E. Cotati Ave. Later I assigend a team to search along the south side of E. Cotati Ave. from the creek to Charles St. and then to the north of E. Cotati Ave. to the scene of the final struggle with the SSU officer.

At about 1735 hours, team leader [redacted] radioed me that their team found a gun in the planter box on the north side of E. Cotati. I responded immediately and was directed to where SAR member [redacted] had located a chrome .380 pistol in the planter/bushes near the final crime scene. I photographed the firearm as it was found. No one touched the firearm. I assigned Deputy Aldridge to stand by the gun until CSI Detective Newton arrived to photograph, document and collect the evidence.

Investigative Report
Case # SD170505-002
Sonoma County Sheriff's Office
Detective Jayson Fowler
Violent Crime Investigations Unit (VCI)
Re: Sonoma State University Police Officer Involved Shooting
SSU Case #17-108
CPD Case #17-387 & #17-388

Involved Officer:
Rafael Cardenas
Suspect:
Eduardo Sanchez-Martinez

NOTIFICATION

On 05/05/2017, at approximately 0613 hours, I was the on-call SCSO VCI detective and received a telephone call from SCSO PCI Sgt. S. Murphy informing me of an officer involved shooting investigation. Sgt. Murphy further explained an officer with the Sonoma State University Police had shot a suspect, later identified as Eduardo Sanchez-Martinez. Sanchez-Martinez was taken to Santa Rosa Memorial Hospital and was in critical condition. Sgt. Murphy told me the SCSO VCI unit would investigate the Officer Involved Shooting pursuant to the Sonoma County Chief's association Fatal Incident Protocol even though Sanchez-Martinez was still alive. Sgt. Murphy requested I respond to the SCSO Main Office.

On 05/05/2017, at approximately 0719 hours, I arrived at the SCSO Main Office and met with fellow SCSO Detectives with the VCI and PCI units. We were told that a briefing would be held at the Cotati Police Department.

BRIEFING

On 05/05/2017, at approximately 0836 hours, I arrived at the Cotati Police Department to attend the briefing given by SCSO LT. A. Vernon. Prior to the briefing I met with the SSU Police Department acting Chief D. Dougherty and he provided me with a CD-R containing the SSU Police Dispatch audio recording of the incident. Chief Dougherty also provided me with a copy of the SSU Police Dispatch CAD log. I later placed both items into evidence as items JF01 and JF02 respectively.

On 05/05/2017, at approximately 0917 hours, SCSO LT. A. Vernon provided a briefing about the officer involved shooting. Present for the briefing were the following individuals: Sonoma County Deputy District Attorney R. Waner, Sonoma County District Attorney Investigator L. Chapman, SSU acting Police Chief, D. Dougherty, Cotati Police Chief M. Parish, SCSO PCI Sgt. S. Murphy, SCSO CSI Sgt. V. Eaton, SCSO VCI

Detective J. Hanshew, SCSO CSI Detective M. Parlato, SCSO CSI Detective M. Baraz, SCSO CSI Detective T. Newton, SCSO CSI Detective D. Fong, SCSO PCI Detective R. Sedgwick, SCSO PCI Detective T. Piersol, SCSO PCI Detective S. McKinnon, and Myself.

During the briefing LT. Vernon provided the following information. On 05/05/2017, at approximately 0200 hours officers with the Cotati Police Department responded to the area of [redacted] East Cotati Avenue to a report of a male and female in a verbal argument. Four females were walking in the area and interjected in the argument between the male and female. The male brandished a firearm, pointed it to the head of one of the females and said something to the effect of "get the fuck out of here or I'm going to kill you". The four females took off running and as they left the male fired multiple rounds from the firearm. Cotati PD responded to the area, but did not locate the suspect. Cotati PD searched the area and located several .380 caliber shell casings. Cotati PD case number #17-387 was ultimately assigned to the investigation.

On 05/05/2017, at approximately 0445 hours, SSU Police Officer R. Cardenas was travelling eastbound on East Cotati Ave, after just leaving the Cotati Police Department for a de-briefing on the 0200 possible domestic violence incident, when he noticed a subject matching the description of the subject of the prior incident leaving the creek area near [redacted] East Cotati Ave. Officer Cardenas exited his patrol car to contact the male subject who was later identified as Eduardo Sanchez-Martinez. Sanchez-Martinez fled westbound on East Cotati Ave and Officer Cardenas pursued him. As Officer Cardenas pursued Sanchez-Martinez, he deployed his Taser, which was unsuccessful. The foot chase turned northbound across East Cotati Ave and while running northbound across East Cotati Ave, Officer Cardenas fired two .40 caliber rounds from his handgun. Both rounds struck Sanchez-Martinez in the back causing him to fall to the ground in the bark area of the nearby church grounds.

LT. Vernon explained how Officer Cardenas was alone and had no other law enforcement officer with him when the incident happened. Officers with Cotati Police Department arrived on scene moments after Cardenas shot Sanchez-Martinez and took him into custody. Fire and Medical staff arrive on scene and Sanchez-Martinez was transported to Santa Rosa Memorial Hospital. A SCSO Deputy was dispatched to SRMH to guard Sanchez-Martinez.

LT. Vernon explained how an inner and outer perimeter had been established and that ingress and egress to the scene would be done off of Charles St.

Officer Cardenas provided a public safety statement and was sequestered by fellow SSU Officer A. Peters. Officer Cardenas was sequestered [redacted]

Sanchez-Martinez was unarmed when he was taken into custody, but it was believed the firearm may have been discarded nearby.

It was discussed how the approximate address of where the shooting occurred was outside of SSU Police Department jurisdiction, but that SSU Police oftentimes will assign an Officer to assist Cotati Police on Thursday Evenings for the "Cotati Crawl" as was the case on the evening of 05/04/2017.

NOTE: The "Cotati Crawl" is a non-sanctioned gathering of predominately SSU students and young adults occurring Thursday evenings in the downtown area of Cotati where the attendee's travel (crawl) from bar to bar.

Cotati Police Department Sgt. C. Guydan, who was on duty during the night of 05/04/2017 through the

morning of 05/05/2017 and responded to the 0200 possible domestic violence call/shooting and the later Officer Involved Shooting incident. Sgt. Guydan wasn't present at the beginning of the briefing, but was called in during and provided the following information in summary.
Sgt. Guydan explained how Officer Cardenas assisted the Cotati Officers during the "Cotati Crawl" on 05/04/2017. When the 0200 shooting incident occurred Officer Cardenas was with Sgt. Guydan and other CPD Officers handling a physical fight call. While investigating the fight, Sgt. Guydan was flagged down by a subject who informed him of another fight occurring right around the corner from where they were. Sgt. Guydan and Officer Cardenas walked to the corner of the nearby building. Sgt. Guydan peered around the bus stop building and noticed a subject either pulling or dragging another subject by the arm or shoulder down the road. Sgt. Guydan could not tell if the person being pulled was male or female nor could he describe the clothing the subjects were wearing because of the distance and the lighting conditions (darkness).

Sgt. Guydan got in his patrol car and drove towards the second fight. As Sgt. Guydan was putting his patrol car in park he heard approximately 6 to 8 gunshots in a rapid succession. Sgt. Guydan believed the shots came from the area of the bus stop located near the intersection of East Cotati and La Plaza. Sgt. Guydan estimated the shots to be approximately 65-70 yards from his location.

After determining the probable location of where the gunshots rang out from, Officer Cardenas assisted Sgt. Guydan and other CPD Officer with searching and ultimately locating four .380 caliber shell casings. Sgt. Guydan said they were unable to locate the firearm used in the shooting, but collected evidence related to the shooting.

After clearing the scene of the 0200 shooting, Sgt. Guydan held an approximate 10-15 minute long de-briefing at CPD about the incident. Officer Cardenas was present for this debriefing. After the de-briefing concluded, Officer Cardenas left CPD to what Sgt. Guydan assumed was back to SSU when he encountered the subject matching the description of the 0200 shooting. Sgt. Guydan was unable to provide an approximate time to when the de-briefing started.

Sgt. Guydan described how the scene for the 0200 hours shooting was located on East Cotati Ave within the outer perimeter, but outside of the inner perimeter of the crime scene in the area where all the weeds had been pulled out by CPD Officers and placed on the sidewalk while locating the four .380 caliber shell casings.

I confirmed with Sgt. Guydan CPD Officers are issued body worn cameras. He told me they were and the footage was being downloaded for our investigation. Acting Chief D. Dougherty told me SSU Police Officers are not equipped with body worn cameras.

During the briefing different tasks were assigned to the various SCSO Detectives. Detectives J. Hanshew and S. McKinnon were tasked with contacting Sanchez-Martinez's family and the victims/witnesses to the 0200 hours shooting. Detectives T. Piersol, R. Sedgwick, S. Singleton, F. Schmidt, and K. Burris were tasked with conducting a neighborhood canvass. I, with the assistance of Sgt. Murphy, was responsible for the interview of Officer Cardenas

The briefing concluded at approximately 0939 hours. At approximately 0941 hours, CPD Chief M. Parish gave me a USB thumb-drive containing surveillance footage from Friar Tuck's Bar. At the time it was believed the suspect in the 0200 shooting caused an earlier disturbance at the bar earlier in the evening and CPD Officers downloaded the footage in hopes to identify the suspect. I later marked the USB thumb-drive for future identification as item JF03 and later placed it into evidence at the SCSO Main Office.

SCENE WALKTHROUGH

On 05/05/2017, at approximately 1010 hours, a walkthrough of the scene was conducted. Present for the scene walkthrough were SCSO LT. A. Vernon, DDA R. Waner, DAI L. Chapman, CPD LT. W. French, SCSO Sgt. S. Murphy, SCSO VCI Detective J. Hanshew, SCSO CSI Sgt. V. Eaton, SCSO CSI Detective T. Newton, SCSO CSI Detective M. Baraz, and myself.

NOTE: The entire scene was 3D scanned and digitally photographed by SCSO CSI Detectives. See supplemental reports written by Detective`s Baraz, Fong, Newton and Parlato for further information about the crime scene and evidence collected from the scene.

I conducted the walkthrough to familiarize myself with the scene since I would later be conducting an interview with Officer Cardenas. I entered the scene at approximately 1010 hours and signed in on the major incident log which at the time was being managed by Deputy J. Silva. The following are the observations I made from the scene walkthrough.

The scene was cordoned off by yellow crime scene tape. The northern perimeter of the crime scene was the just north of the northern sidewalk of East Cotati Ave and included the entire lot the New Hope Church sits on at 183 East Cotati Ave. The eastern perimeter was the Laguna de Santa Rosa Aqueduct located just east of the New Hope Church. The southern perimeter was the southern edge of the southern sidewalk of East Cotati Ave. The western perimeter was the intersection of La Plaza and East Cotati Ave.

I noticed Officer Cardenas`s patrol car was positioned diagonally across the eastbound bike lane of East Cotati Ave with the push bumper of the vehicle positioned in the apron of the sidewalk to the driveway just east of [redacted] East Cotati Ave. As I walked westbound on the south side of East Cotati Ave I noticed Taser AFID dots and a Taser blast door near the gutter area fronting [redacted] East Cotati Ave. Near the driveway between [redacted] East Cotati Ave and [redacted] East Cotati I noticed a black colored Taser with an expended X26 cartridge still attached as well as an unexpended X26 cartridge. A short distance away, situated more near the roadway I noticed a Taser wire in the street.

Across the street, near the line separating the westbound traffic lane of East Cotati Ave and the westbound bicycle lane, I noticed a .40 caliber shell casing. A few feet further northwest, on the other side of the bicycle lane I noticed another .40 caliber shell casing.

I continued northwest across the bicycle lane and onto the sidewalk just west of the New Hope Church, I noticed a broken Taser wire that extended across the sidewalk, into a bark area where it terminated near a 5-hour energy drink bottle and a white Apple iPhone wall charger. In the same bark area, a few feet north of the energy drink and the iPhone wall charger I noticed a bloody white t-shirt that appeared to have been cut off of Sanchez-Martinez by EMS staff.

I noticed two CPD patrol cars, still running with their emergency lights on, a few yards west of where the bloody shirt, energy drink, and iPhone wall charger were found. The patrol cars were positioned next to each other diagonally across the bicycle lane, with the push bumpers pointed in the direction of the bark area where the bloody shirt was located. The bark area where the bloody shirt was located is where Sanchez-Martinez was ultimately taken into custody and transported to SRMH from.

I exited the crime scene at approximately 1036 hours, signing out on the major incident log.

INVESTIGATION

At approximately 1055 hours, after conducting the walkthrough of the scene I returned to Cotati Police Department and began viewing the surveillance footage from the Friar Tuck`s Bar I had previously received from Chief Parish. During the approximate hour that I viewed the surveillance footage, I did not ever identify Sanchez-Martinez as one of the patrons who entered the bar the night prior (05/04/2017). While viewing the footage I asked Cotati Police Officer B. Gallo to show me the subject who the bouncer of Friar Tuck`s identified as causing a disturbance in the bar earlier in the evening. Officer Gallo showed me the subject and I was able to ascertain the subject who had caused the disturbance at the Friar Tuck`s Bar earlier in the evening was not Sanchez-Martinez.

At approximately 1203 hours, I returned to the scene to observe the walkthrough which had been requested by Officer Cardenas`s legal representation. Officer Cardenas`s Attorneys and Police Union representatives requested Officer Cardenas be allowed to conduct a walkthrough of the scene prior to being interviewed. I stayed outside the crime scene tape while Officer Cardenas and his legal representatives waited for SCSO CSI detectives to finish the 3D scan of the scene they had started earlier.

Once the 3D scan was completed, at approximately 1414 hours, Officer Cardenas and his lawyers conducted the walkthrough of the scene. They completed their walkthrough at approximately 1424 hours. After the walkthrough was completed it was decided I would conduct the interview of Officer Cardenas at approximately 1530 hours at [redacted]

INTERVIEW WITH OFFICER RAFAEL CARDENAS by DETECTIVE J. FOWLER AND SGT. S. MURPHY

On 05/05/2017, at approximately 1609 hours, I conducted an interview with SSU Police Officer Rafael Cardenas with the assistance of Sgt. S. Murphy. The interview was conducted [redacted] I utilized the format of the Sonoma County Sheriff's Office Critical Incident Guidelines Manual. The interview was conducted in accordance with the "Involved Officer Interviews". The interview was monitored by closed circuit television from a nearby room by DDA R. Waner and DAI L. Chapman. Present during the interview and representing Officer Cardenas was Attorney Zeb Davis with Mastagni Holstedt. The interview was audio recorded and later transferred to a CD-R, marked for future identification as JF05, and placed into evidence. The following, in essence, is what Officer Cardenas told us. For exact statements refer to the CD-R marked JF05.

I explained to Officer Cardenas we were conducting a criminal investigation, he was being interviewed as a witness, his statement was voluntary, he was free to leave at any time, and he was not obligated to answer any questions.

Prior to the interview I was told by Officer Cardenas`s Attorney Zeb Davis that Officer Cardenas would not be providing us a blood sample voluntarily. Officer Cardenas stated he had ample time to gather his thoughts, he was prepared to provide a statement at the time, and there was nothing hindering him from providing me with

a statement. I confirmed with Officer Cardenas that prior to the day of the interview he had never met Sgt. Murphy or myself nor did he have a close relationship with either of us.

At the time of the incident, Officer Cardenas was not sick or injured, he did not receive any injuries as a result of the incident, nor was he suffering from any medical condition or taking any medication which may have impaired his abilities as a law enforcement officer. Officer Cardenas slept the day prior to the incident for approximately seven hours from 0600 hours to approximately 1300 hours on 05/04/2017. Officer Cardenas ate a meal at approximately 2300 hours on 05/04/2017and had not consumed any alcohol in the 24 hours preceding the incident.

At the time of the incident Officer Cardenas had been employed by the SSU Police Department for what he believed to be 11 months and 5 days. Prior to his employment at SSU, Officer Cardenas was employed for approximately five months as a public safety officer with the city of Rohnert Park Department of Public Safety. He was not employed as a law enforcement officer prior to his employment at RPDPS. Prior to his employment at RPDPS, Officer Cardenas attended and completed a CA POST certified Law Enforcement training academy at the Santa Rosa Junior College Public Safety Training Center.

Officer Cardenas had just returned on 04/27/2017 form a 4-day pistol and rifle training course with the Sacramento County Sheriff's Department. Officer Cardenas frequently goes to the Bullseye shooting range in Nevada as well as attending regularly scheduled in-service trainings. Officer Cardenas does not hold any collateral assignments with SSU Police Department. He does, however subscribe to Police One Academy which is an online course that discusses current events and trends within the field of Law Enforcement.

At the time of the incident, Officer Cardenas was assigned as a patrol officer with the Sonoma State University Police Department. His duties included patrolling the university campus as well as the one mile radius outside of the campus either in a patrol car or on foot enforcing federal and state laws as well as city ordinances.

Officer Cardenas current assignment was a uniformed assignment from 1800 until 0400 hours Wednesdays through Saturdays and utilized the call sign of 9B7 (9 Boy 7). Officer Cardenas had worked in that assignment since early January 2017. Prior to that assignment Officer Cardenas worked an assignment from 2100 until 0700 hours Wednesdays through Saturdays.

At the time of the incident, Officer Cardenas was assigned patrol vehicle number 91 and he was not aware of any mechanical deficiencies it may have had and explained how it had just been returned from the shop for a suspension issue.

Officer Cardenas described his uniform as a blue long-sleeved BDU style uniform shirt bearing SSU Police patches, a cloth star/badge, and his name sewn on the shirt. His uniform also included blue BDU style pants and black boots.

Officer Cardenas described the equipment he wore on his person while in uniform. Before he did so, I asked Officer Cardenas to start at his belly button/midline and work to his right/clockwise when he described what equipment is contained on his duty belt. Officer Cardenas described the equipment contained on his duty belt as follows. Double handcuff case with handcuffs, key holder, handgun, baton, glove holder, flashlight holder, additional flashlight (Streamlight brand), radio, taser, and O.C. spray. Officer Cardenas's duty firearm is a Glock model 23 which is a .40 caliber semiautomatic handgun. Besides the magazine inside his duty firearm, Officer Cardenas carried two additional magazines all with a capacity of 13 rounds, making the total number

of rounds in the three magazines 39. I confirmed with Officer Cardenas he also kept one round chambered in his firearm, making the total number of rounds available to him 40.

Officer Cardenas did not carry a back-up/secondary firearm at the time of the incident, but kept a department assigned AR-15 rifle secured in his patrol vehicle. Officer Cardenas was not wearing a body worn camera since SSU Police does not issue them nor was he carrying an audio recorder at the time of the incident.

Officer Cardenas believed the Taser model number he carried was an X23 (later determined to be an X26 model when collected from the scene). Officer Cardenas also carried a baton and pepper spray (OC). Officer Cardenas usually carries a pocket knife on his person while in uniform, but he was not equipped with it at the time of the incident since he had misplaced it days prior.

I explained to Officer Cardenas the investigation concerned a significant incident he was recently involved in the area of [redacted] East Cotati and Charles St. I asked Officer Cardenas to describe to me in as much detail including time of the event, name of any witnesses, names of any officers who had arrived on scene as best as he could recall.

Officer Cardenas was assigned to his regular shift and was advised Cotati Police requested assistance in monitoring the Cotati Crawl. Officer Cardenas described the Cotati crawl as the downtown strip of Cotati where a bunch of people go out and drink. At approximately 2330 hours, after Officer Cardenas had finished eating his dinner, he told his dispatch he was responding to downtown Cotati to assist with the Cotati Crawl. While in the downtown Cotati area, monitoring foot traffic with Cotati Police Officers in the area of Friar Tuck`s bar, Cotati Police Officers were dispatched to a report of a suspicious person running around without any clothes in the area of Lincoln Ave. As the Cotati Officers responded to the suspicious person, Officer Cardenas was contacted by an employee of a nearby bar and informed of a physical altercation (fight) just around the corner from Spanky`s bar.

Officer Cardenas responded to the area of the physical fight and found two subjects, one of which was injured, but declined medical attention, and the other was a witness who provided Officer Cardenas with information about the fight. Officer Cardenas explained how he doesn`t normally take any reports while assisting the CPD Officers during the Cotati Crawl and what he normally does it compile all the pertinent information and pass it along to a Cotati Officer. Officer Cardenas obtained all the pertinent information in regards to the fight and flagged down a Cotati Officer. As he provided the Cotati Officer with the information he obtained, the Cotati Officer was pulled away to another altercation by the flagpoles in the plaza.

Officer Cardenas and a Cotati Police Sergeant (whom I knew to be Sgt. Guydan) responded to the area of the newest fight. Sgt. Guydan responded in his patrol vehicle while Officer Cardenas responded on foot. Once in the area, Officer Cardenas saw what he described as a one male subject dragging another male subject to safety. As Officer Cardenas and Sgt. Guydan were in the area investigating the fight, Officer Cardenas heard approximately 6 to 8 shots east of his location over on East Cotati Ave. Officer Cardenas estimated the shots came from the area of the bus stop on East Cotati Ave.

After hearing the shots Officer Cardenas and Sgt. Guydan "hit the deck" and took cover behind Sgt. Guydan`s patrol vehicle. They then proceeded to move towards the direction of the gunshots. Once in the area where they believed the gunshots to have come from they found there wasn`t anyone in the general area. They were then told by a RPDPS Officer that another RPDPS Officer had an individual matching the description of suspect at gunpoint in the area of the Oliver`s Market on East Cotati Ave. Officer Cardenas did not know how RPDPS obtained the description of the suspect, but knew it to be a Hispanic Male wearing a white T-shirt

with a logo on it and blue jeans

Officer Cardenas got into Sgt. Guydan`s patrol vehicle and they both responded to the area of the Oliver`s Market parking lot (546 East Cotati Avenue). Once on scene it was determined the subject who was contacted in the Oliver`s Market parking lot was not the subject who fired the gunshots. Officer Cardenas stayed with Sgt. Guydan as he and other CPD Officers interviewed several witnesses of the shooting. While standing by with Sgt. Guydan, Officer Cardenas overheard one of the witnesses provide a description of the subject responsible for the shooting. The description provided and overheard by Officer Cardenas was a Hispanic male. 5`-5", black hair, white T-shirt with a logo, and blue jeans. Officer Cardenas also heard one of the female witnesses say the suspect had a black handgun, but the male subject (who they initially thought was the suspect, but later determined not to be) confirmed the handgun the suspect had was either chrome or silver in color.

After interviewing the witnesses, Officer Cardenas, and Sgt. Guydan went to the scene where another CPD Officer had located a shell casing. Officer Cardenas assisted CPD Officers with tearing out grass in the area, ultimately locating four shell casings.

After assisting the CPD officers with locating the four shell casings, at approximately 0430 hours, Officer Cardenas drove back to the SSU Police Station to go off duty. Officer Cardenas was due to go off duty at 0400 hours, so since he was late going off duty he advised SSU dispatch that he was 10-7 OD (out of service, off duty). As he did this, his dispatch told him Cotati PD wanted to debrief the shooting investigation he assisted in and requested he meet back at the Cotati Police Station.

Officer Cardenas responded to the Cotati Police Department and debriefed the shooting investigation for what he estimated at a half hour or so. Once the debriefing was over, Officer Cardenas began driving back to the SSU Campus. While driving eastbound on East Cotati Ave at approximately 35-40 MPH, in the area of the creek bed just east of [redacted] East Cotati Ave, Officer Cardenas saw a subject, later identified as Sanchez-Martinez, who caught his attention walking from the creek area to the southeast of [redacted] East Cotati Ave. Sanchez-Martinez had his hands tucked into his T-shirt and the collar of his shirt over his head allowing Officer Cardenas to only see a "little bit" of his face. At first Officer Cardenas thought Sanchez-Martinez was a black male. Officer Cardenas slowed down, made a U-turn, illuminated the subject with his spotlight, and parked his patrol car in front of Sanchez-Martinez. When Officer Cardenas did this Sanchez-Martinez removed his hands from being tucked into his shirt making Officer Cardenas realize Sanchez-Martinez was in fact Hispanic. Officer Cardenas immediately "put two and two together". Officer Cardenas had been previously looking for a Hispanic male, 5`-5", black hair, white T-shirt with a logo, and blue jeans and Sanchez-Martinez (the subject he was contacting) appeared to be a 5`-5" Hispanic male, with black hair, wearing a white T-shirt with a logo and blue jeans.

As soon as Officer Cardenas exited his vehicle he notified his dispatch and asked them to notify Cotati PD he was out with the subject. Officer Cardenas believed he told his dispatch he was in the general area of [redacted] East Cotati and also believed he told his dispatch he was in front of a State Farm Insurance Office.

Once out of his vehicle, Officer Cardenas asked Sanchez-Martinez what he was doing and he told him he was looking for his girlfriend. Officer Cardenas asked Sanchez-Martinez to walk over to the front of his patrol car and he did so. As Officer Cardenas brought Sanchez-Martinez`s right arm behind his back to detain him he asked Sanchez-Martinez if he had any weapons on him. While asking Sanchez-Martinez about having weapons on his person, Sanchez-Martinez pushed back into Officer Cardenas, kicking back from the patrol car. Officer Cardenas did not fall down, but stumbled back a little. As Officer Cardenas stumbled back,

Sanchez-Martinez took off running westbound on the sidewalk to East Cotati Ave. Officer Cardenas yelled at Sanchez-Martinez to stop running, but he continued to run. Officer Cardenas pulled his Taser and deployed it while notifying his dispatch that he had done so. As a result of the Taser deployment, Sanchez-Martinez fell to the ground and did what Officer Cardenas described as a "quick push-up", got up, and started running again. Officer Cardenas pressed the trigger on his Taser again and this time he noticed it had no effect on Sanchez-Martinez because the Taser wires were no longer attached to his Taser. Officer Cardenas attempted to holster his Taser, but missed and his Taser fell to the ground.

Sanchez-Martinez changed direction and ran northwest, across East Cotati Avenue. Once Sanchez-Martinez got to the middle of the street he began looking at Officer Cardenas while making a jerking movement with his right arm as if he was trying to pull something from his waistband. Officer Cardenas described how he saw the elbow to Sanchez-Martinez`s arm pulling away from his side. Sanchez-Martinez would turn to look at Officer Cardenas at every six seconds. Officer Cardenas did not describe the way Sanchez-Martinez looked at him as staring nor did he think Sanchez-Martinez was looking to see if Officer Cardenas was reaching for anything (firearm). Sanchez-Martinez looked at Officer Cardenas`s face which Officer Cardenas thought was strange. While Sanchez-Martinez pulled at something from his waistband, Officer Cardenas caught a glimpse of a sliver colored object in Sanchez-Martinez`s waistband. Sanchez-Martinez kept jerking at it and as Sanchez-Martinez got closer to the other side of the roadway he slowed down and almost came to a stop. At this point Officer Cardenas saw Sanchez-Martinez`s right elbow swing out away from his body as if he was turning towards Officer Cardenas. At that point Officer Cardenas believed Sanchez-Martinez was the subject he had been looking for earlier whom he believed had a firearm. Officer Cardenas believed Sanchez-Martinez`s intentions were to kill him right then and there.

Fearing Sanchez-Martinez was going to shoot him, Officer Cardenas pulled out his service weapon and fired two shots aiming towards Sanchez-Martinez`s shoulder area. Sanchez-Martinez fell to the ground while Officer Cardenas ran to the nearest light pole for cover. Officer Cardenas pulled out his flashlight, radioed his dispatch, requested Code-3 assistance, and requested medical to stage at the nearby Rancho Adobe Fire Station. Officer Cardenas stated it felt like it took forever before he saw lights coming up from behind his which he knew to be his partner coming from Sonoma State. Officer Cardenas also noticed two Cotati Police Department units. The Cotati Officers immediately cuffed Sanchez-Martinez and began rendering aid. Officer Cardenas holstered his firearm and asked the Cotati Officers if he could walk over near the church. He was escorted to the church parking lot by a Cotati Police Officer.

I told Officer Cardenas he had provided me a lot of information and how I wanted to go back over what he had told me and ask him some follow up questions.

I asked Officer Cardenas if he recalled what time it was when he heard the gun shots while investigating the physical fight earlier in his shift and if he knew the names of the Cotati Police Officers he was assisting. Officer Cardenas believed it was between 0145 and 0150 in the morning when he heard the gun shots and believed he was assisting Sgt. Guydan and Officer Warlock. Officer Cardenas was unsure of the last name Warlock, but knew his first name to be Tyler. (I later confirmed Officer Cardenas assisted Cotati Police Officer Tyler Wardle)

I asked Officer Cardenas what street he was on when he heard the shots ring out and he stated he and Sgt. Guydan were on Old Redwood Hwy. I confirmed with Officer Cardenas that he and Sgt. Guydan took cover behind Sgt. Guydan`s patrol vehicle. Officer Cardenas stated they took cover behind the patrol vehicle because they both thought the shots were coming towards them. Officer Cardenas initially thought he and Sgt. Guydan were getting shot at and that it may have been some type of ambush. Officer Cardenas believed the shots came

from the bus stop approximately 35-50 yards away.

Officer Cardenas stated that lately CPD has been requesting the assistance from SSU PD on Thursday nights for the Cotati crawl. Officer Cardenas believed CPD did this because they were down personnel. SSU PD officers who assist CPD with the Cotati crawl usually don't try to take reports and are generally there to back up the CPD officers on calls. Officer Cardenas estimated he had assisted CPD with the Cotati Crawl on three separate weeks.

I asked Officer Cardenas to describe a typical Thursday night Cotati crawl and what type of incidents he commonly responds to while assisting CPD with the crawl. Officer Cardenas described the nights he has assisted with the crawl as "pretty busy", with physical fights, verbal arguments, and people walking in the roadway causing traffic congestion. Officer Cardenas described an incident that occurred the last time he assisted CPD with the crawl. He described how a male subject had got in a fight with subjects at the downtown park and somehow managed to get ahold of the inside of their vehicle. The male was drug down the street. Officer Cardenas described how the event he was talking about became a huge mess for CPD officers to deal. I asked Officer Cardenas if it was safe to say that on a Thursday night during the Cotati crawl officers deal with fights, assaults, multiple drunk individuals, and is a pretty busy shift for those officers working. Officer Cardenas replied, "Extremely".

Officer Cardenas confirmed that after he assisted officers from CPD with their investigation into the shooting that occurred 5 to 10 minutes prior to 0200 hours he went about the rest of his shift until ultimately being asked to respond back to CPD to debrief the incident.

Officer Cardenas believed he left CPD after the debriefing between 0500 and 0507. I asked Officer Cardenas what was the lighting like when he happened upon Sanchez-Martinez. He stated it was dark in the area Sanchez-Martinez emerged from because there was not a lot of lighting in the creek area. Once Officer Cardenas made the U-turn to contact Sanchez-Martinez he was able to illuminate him with the spotlight and headlights of his patrol vehicle. Sanchez-Martinez was also illuminated by the streetlights at this point as he had emerged from the creek area into the lighted area of the street as Officer Cardenas contacted him. Officer Cardenas stated the sky was a darker grayish color when he contacted Sanchez-Martinez.

I asked Officer Cardenas if he could recall from the original be on the lookout for the suspect involved in the shooting, if anyone had described the logo on the suspects shirt. Officer Cardenas' knowledge was that the description was just a white T-shirt with just a logo on the front of it. I asked Officer Cardenas to describe the logo he saw on Sanchez-Martinez's shirt. He described the shirt Sanchez-Martinez wore as a white T-shirt with a circular logo that had dark colored letters (either faded tan or brown) in the center of it. Officer Cardenas also remembered Sanchez-Martinez wearing dark blue jeans and black shoes. Officer Cardenas described Sanchez-Martinez as being covered in mud from his shoes up to just below his knees which furthered his opinion he was the same subject he had witnessed emerging from the creek area prior to conducting the U-turn and losing sight of him briefly. Officer Cardenas stated it was uncommon for anyone to be out walking at that hour of the morning and to his knowledge there is no trail down in the creek area Sanchez-Martinez emerged from.

I confirmed with Officer Cardenas that prior to the interview he had conducted a scene walkthrough and had looked at how his patrol car was positioned in a southeasterly direction towards the creek bridge. I also confirmed with Officer Cardenas he contacted Sanchez-Martinez in the area the spotlight of his patrol vehicle was pointing, the guardrail area of the creek bridge.

I asked Officer Cardenas, prior to illuminating Sanchez-Martinez with his spotlight, did he see exactly where he had emerged from. Officer Cardenas first saw Sanchez-Martinez walking in the grass area towards the sidewalk on East Cotati Ave. Officer Cardenas confirmed Sanchez-Martinez was on the north side of the large green gate in the grassy area when he first saw him and by the time Officer Cardenas completed his U-turn Sanchez-Martinez was already on the sidewalk walking westbound on East Cotati Ave.

Once Officer Cardenas contacted Sanchez-Martinez he noticed he was not a black male like he had initially thought because of his dark face, but that he had tattoo`s on his face, arms, and right hand. Officer Cardenas described the tattoo on Sanchez-Martinez`s right hand as being the labor bird, which I knew him to mean "Huelga bird". This made Officer Cardenas believe Sanchez-Martinez was somehow associated with the Norteno criminal street gang. Seeing as Officer Cardenas was by himself and for safety reasons he notified his dispatch he was out with a subject, asked to have CPD dispatch units his way, and attempted to detain Sanchez-Martinez in handcuffs.

Officer Cardenas thought it was necessary to detain Sanchez-Martinez in handcuffs because he realized after seeing what he was wearing (clothing matching description of clothing from earlier shooting suspect) coupled with the fact Sanchez-Martinez is not a black male (like he initially thought), but in fact a Hispanic male. Officer Cardenas believed Sanchez-Martinez was a Norteno gang member because of Sanchez-Martinez`s visible tattoos. Officer Cardenas knew from his training and experience that gang members are known to carry weapons and for all these reasons Officer Cardenas decided to be safe and place Sanchez-Martinez in handcuffs.

As Officer Cardenas grabbed Sanchez-Martinez by the hand, brought it around his back and asked Sanchez-Martinez if he had any weapons on him, Sanchez-Martinez mumbled something, threw himself back into Officer Cardenas causing him to stumble backwards, and took off running. I asked Officer Cardenas if Sanchez-Martinez said anything to him at the beginning of the contact. Officer Cardenas told me once he exited his vehicle he said something to the effect of "Hey, man, what are you doing`". Sanchez-Martinez told him he was looking for his girlfriend. Officer Cardenas told Sanchez-Martinez to get in front of his patrol car and Sanchez-Martinez began to comply with the order. Sanchez-Martinez`s hands were at his sides, slightly in front of him, and never out of Officer Cardenas`s sight. I confirmed with Officer Cardenas that is when Sanchez-Martinez pushed away from the patrol car, knocking Officer Cardenas backwards, caused him to stumble, and loose the grasp of Sanchez-Martinez`s arm.

Once Officer Cardenas gained his balance, Sanchez-Martinez had created a good six to ten foot gap between the two of them. Sanchez-Martinez ran westbound on the sidewalk to East Cotati Ave until Officer Cardenas deployed his Taser. Officer Cardenas only saw one of his Taser`s probes hit Sanchez-Martinez in his back, causing him to drop to the ground. As soon as Sanchez-Martinez dropped to the ground Officer Cardenas got on the radio and said "Taser deployed". Sanchez-Martinez got up immediately after he hit the ground causing Officer Cardenas to believe only one of his Taser`s probes made contact with Sanchez-Martinez. I asked Officer Cardenas if he believed his Taser had an effect on Sanchez-Martinez. He thought it only effected Sanchez-Martinez for a second because he didn`t think the Taser had completed its five second cycle by the time Sanchez-Martinez was up and running again. Officer Cardenas estimated he was approximately 11 feet away from Sanchez-Martinez when he fired his Taser at him.

Officer Cardenas stated the reason he deployed his Taser was because he thought Sanchez-Martinez may have had a weapon on him because Sanchez-Martinez made his first resistive movement when Officer Cardenas asked him if he had any weapons on him. Officer Cardenas stated since Sanchez-Martinez was running away from him his initial plan was to deploy his Taser to get him from fleeing and detain him in handcuffs.

As Officer Cardenas ran closer to Sanchez-Martinez he put out the "Taser deployed" radio traffic and attempted to secure his Taser under his left armpit to have both hands free to detain Sanchez-Martinez. As he did this Sanchez-Martinez got up and continued to flee. I asked Officer Cardenas if he remembered giving any commands to Sanchez-Martinez. He stated he ordered Sanchez-Martinez to stop running and believed he also told him he was about to get tased before he deployed his Taser.

Officer Cardenas confirmed that once he got up from the ground after getting tased, Sanchez-Martinez began running northwest across East Cotati Ave to the north side of the street in the direction of the west side of the church parking lot.

I asked Officer Cardenas to describe in a little more detail how Sanchez-Martinez looked at him over his shoulder when he was running from him. Officer Cardenas stated as Sanchez approached the middle of the roadway he began tugging on the left side his waistband with his right hand. Officer Cardenas demonstrated the movement he was explaining to me as he spoke by taking his right hand and reaching across the front of his body and grabbing at the left side of his waistband. Officer Cardenas described Sanchez-Martinez as tugging at something in his waistband. Officer Cardenas described how he was not directly behind Sanchez-Martinez as he chased him, but off to the right side of him. He did this in an effort to be in a better position if Sanchez-Martinez changed his direction.

Officer Cardenas saw mostly Sanchez-Martinez`s right elbow as he tugged at his waistband which he described as "Thrashing". Officer Cardenas further described how Sanchez-Martinez`s shoulder was popping up and his elbow would come up to an approximate 90 degree angle causing Officer Cardenas to believe whatever Sanchez-Martinez was tugging at in his waistband was more than likely stuck. As Sanchez-Martinez tugged at the item in his waistband he would turn his upper torso and look at Officer Cardenas about every sixth step. When Sanchez-Martinez turned his torso to look at Officer Cardenas, Officer Cardenas caught a glimpse of something silver or chrome in his waistband reflecting from the streetlight. Seeing this caused Officer Cardenas to slow down and not run so fast after him. Officer Cardenas shouted for Sanchez-Martinez to stop, but he continued to run, continued to pull at his waistband and turn to look at Officer Cardenas. Officer Cardenas described how Sanchez-Martinez did not look at where his arms were, but more like he was staring at his eyes which made Officer Cardenas believe Sanchez-Martinez was going to kill him. Officer Cardenas continued by saying, "to me at that point, my thought process was this guy`s gonna kill me. He`s gonna pull out, and he`s not even looking at my hands. He`s just gonna go and aim straight to the head."

As Sanchez-Martinez made it to the other side of the street he began to slow down almost to a walk which caused Officer Cardenas to slow as well. At that point Officer Cardenas saw Sanchez-Martinez`s elbow extend farther and begin to swing away from his body while his upper body began to turn. Officer Cardenas believed whatever was previously stuck in Sanchez-Martinez`s waistband was now free and in his hand.

I confirmed with Officer Cardenas while he was chasing Sanchez-Martinez he was, positioned off to his side, he could see the area Sanchez-Martinez`s kept reaching to in his waistband and that is where he saw a silver or chrome colored object reflecting in the light from the streetlight. Officer Cardenas described how Sanchez-Martinez`s hand was wrapped around something having a silver base showing as he pulled it out of his waistband. Officer Cardenas believed the silver/chrome item Sanchez-Martinez was pulling from his waistband was the silver handgun described earlier in the night from the male subject who witnessed the initial shooting incident.

Officer Cardenas stated the reason he began slowing down while chasing Sanchez-Martinez was because he

saw the silver part of the object was a firearm and realizing he had no cover he began retreating. Officer Cardenas believed Sanchez-Martinez`s intention was to get him away from his vehicle which was the only cover he had at the time.

Officer Cardenas told Sanchez-Martinez to stop running and to show him his hands as he chased him, but Sanchez-Martinez refused to comply. Officer Cardenas described how Sanchez-Martinez held his pants up with his left hand while his right hand did the tugging motion. Then Sanchez-Martinez`s left hand began swinging away from his body, no longer holding his pants, and his right hand was swinging out further away from his body. Sanchez-Martinez`s body blocked Officer Cardenas`s view of his right hand. Believing Sanchez-Martinez was turning towards him with a firearm he had just retrieved from his waistband in an attempt to shoot him, Officer Cardenas fired two shots aiming at the upper body area of Sanchez-Martinez.

Officer Cardenas stated he saw the two rounds strike Sanchez-Martinez. One in the right shoulder area and the other in Sanchez-Martinez`s mid-back area. These shots caused Sanchez-Martinez to fall to the ground.

Officer Cardenas further described how after he fired the initial shot Sanchez-Martinez`s arm dropped and after firing the second round Sanchez-Martinez fell to the ground landing on his stomach and ultimately rolling over onto his back. Sanchez-Martinez fumbled around until Officer Cardenas shouted, "Show me your hands. Put your hands up." Sanchez-Martinez puts his hand up and Officer Cardenas waited until the responding CPD Officers arrived and handcuffed Sanchez-Martinez. One CPD Officer began providing medical aid and the other searched Sanchez-Martinez with the assistance SSU Officer Peters who had also arrived on scene. Officer Cardenas did not help with the handcuffing, searching, or rendering aid to Sanchez-Martinez. He did however tell the other officers to check Sanchez-Martinez`s waistband and while they did so he searched the area around Sanchez-Martinez to see if he threw anything after the first shot. Once the other officers had Sanchez-Martinez secured, Officer Cardenas asked if he could remove himself. Officer Cardenas was escorted to the parking lot area of the Church by CPD Officer Gallo.

I asked Officer Cardenas what he was thinking and feeling as he ran after Sanchez-Martinez seeing him tug at his waistband. Officer Cardenas stated he was scared that he was going to get shot because he knew Sanchez-Martinez matched the description of the subject he was previously looking for and there was an outstanding firearm. Officer Cardenas believed Sanchez-Martinez was in possession of a gun and feared he would have been shot. Officer Cardenas described how the act of Sanchez-Martinez looking at his eyes and not scanning his body when he would look back at him furthered Officer Cardenas` belief Sanchez-Martinez was about to shoot him.

Officer Cardenas estimated that Sanchez-Martine was 5 to 6 feet north of the north sidewalk of East Cotati Ave when he shot him. Officer Cardenas stood in the bike lane when he fired the two shots at Sanchez-Martinez.

Officer Cardenas described how Sanchez-Martinez ran in the direction of some residences prior to shooting him. I asked him why he thought it was so important to take Sanchez-Martinez into custody. Officer Cardenas replied, "So, I was only, during the first, initial report, um, of the four females, um, I was contacting, I was gettin` their information, and I was kinda hearing a little bit of what they were saying, and, um, this guy shot at four females, and he shot approximately six to eight shots for no apparent reason except for that he was pissed and he was gonna kill some, um, to quote them, "kill some niggers tonight," or "kill these niggas," or somethin` like that." "I mean, this guy does not, this guy does not care. He`s, he`s a danger to, to the general safety, to the general public. I mean, he`s shootin` shots at a crowded Thursday night." "I mean, my first impression, he`s a danger to society."

I asked Officer Cardenas what he thought would happen if Sanchez-Martinez had got away from him. He replied, "If he gets away from me, what, I mean, if he attempted that, ya know, and there was no, um, there was nobody in pursuit of him and he did that, imagine if there was a, now a police officer chasin` him, ya know, what, what, what the, what`s gonna stop him from kicking down a door and taking hostages, or, ya know, grabbing, grabbing somebody or shooting his way out of, uh, an incident, stealing a car or something. I mean the possibilities are endless of what this guy most likely would be capable of doing just to get away."

I asked Officer Cardenas about conducting the walkthrough of the scene and if he noticed anything during the walkthrough that he may have remembered differently. Officer Cardenas explained how he was originally unsure if the taser wires had stayed connected to Sanchez-Martinez, but after seeing the wires lying in the street he realized they did not stay connected.

I confirmed with Officer Cardenas he was not wearing a body worn camera, he did not audio record the incident, and had not reviewed any video of the incident whether it be Cotati PD body cameras or any other video prior to the interview.

I asked Officer Cardenas if there was anything he would like to add that I haven`t already asked. He believed his Taser may have had video capability, but I later confirmed it did not have audio or video capabilities.

Officer Cardenas stated he had been trained by his department in the use of the Taser and was certified to use it. He also confirmed he had a flashlight he utilized during the incident only after firing the two shots at Sanchez-Martinez and finding cover behind a nearby light pole. Once he removed his flashlight he shined it at Sanchez-Martinez telling him not to move and to show him his hands. Officer Cardenas confirmed his handgun is not equipped with a flashlight.

Sgt. Murphy asked Officer Cardenas if he believed the lighting conditions had changed from the location he first initially contacted Sanchez-Martinez to the location he ultimately shot him at. Officer Cardenas believed it was darker in the location he shot Sanchez-Martinez.

Sgt. Murphy asked Officer Cardenas at what point during the incident did he actually pull/un-holster his firearm. He explained he un-holstered his firearm once he saw Sanchez-Martinez`s arm start to swing and extend away from his body. This is also when Officer Cardenas fired the two shots at Sanchez-Martinez.

At this point of the interview we took a break so Sgt. Murphy and I could confer about what we had learned in the interview so far. After determining we had a few more questions for Officer Cardenas, we re-entered the room and resumed the interview at approximately 1738 hours.

I reminded Officer Cardenas that he told me Sanchez-Martinez had mud on his shoes and pants when he first saw him come from the creek area. I asked Officer Cardenas what to him was significant about that and he explained how it made him think Sanchez-Martinez was in fact the subject he and other officers were looking for earlier in the shift and that Sanchez-Martinez had been more than likely hiding out in the creek the entire time in an attempt to not be located.

I confirmed with Officer Cardenas the tattoo he saw on Sanchez-Martinez`s right hand was a Huelga bird. Officer Cardenas also remembered thinking Sanchez-Martinez had dirt on his face when he first contacted him, but later realized they were actually tattoos. Officer Cardenas could not describe the facial tattoos other than stating he believed they were gang related.

I confirmed with Officer Cardenas that Sanchez-Martinez never actually came to a stop when he pursued him. Officer Cardenas described how Sanchez-Martinez slowed to what he would call "power walking" pace when he began turning his body towards Officer Cardenas. Officer Cardenas estimated he was between the 5 and 6 o`clock position behind Sanchez-Martinez when he fired the two shots. Officer Cardenas had stopped running and was standing still in the bike lane when he shot Sanchez-Martinez while Sanchez-Martinez was in the bark area north of the sidewalk. Officer Cardenas stated there was no vehicular or pedestrian traffic when the incident took place and he did not notice anyone outside who may have witnessed the incident.

I asked Officer Cardenas to estimate how fast Sanchez-Martinez was moving when he ultimately shot him. He estimated Sanchez-Martinez at a 50 percent jog or what he would consider a power walk speed.

Sgt. Murphy asked Officer Cardenas to demonstrate for us what he described as the "tugging" Sanchez-Martinez did when he ran from him. Officer Cardenas stood up from the chair he was seated in, turned around so his back was facing us and began to demonstrate the tugging motion. Officer Cardenas`s upper body would turn to the right and twist enough so that Sgt. Murphy and I could see the middle of his waistband. Officer Cardenas`s right hand was positioned at the midline of his waistline and he demonstrated tugging at something in the area his hand was. Upon seeing that, Sgt. Murphy confirmed with Officer Cardenas that was when he could see the chrome object in Sanchez-Martinez`s waistband.

Sgt. Murphy asked Officer Cardenas what was going through his mind or what was he feeling when Sanchez-Martinez tugged the last time and his arm raised further. Officer Cardenas replied, "I was feeling that he was gonna shoot me. I was feeling scared that, that I was gonna die right then and there. His intention was to get away, and if that meant killing me, that meant killing me, and he had absolutely would have continued on his way."

I asked Officer Cardenas if he anything else he would like to add and he replied, "No".

Officer Cardenas`s attorney, Zeb Davis told us he had a few questions he wanted to ask Officer Cardenas. Mr. Davis asked Officer Cardenas if he had many reasons to believe Sanchez-Martinez possessed a potential weapon to which Officer Cardenas replied, "Right". Mr. Davis confirmed with Officer Cardenas when Sanchez-Martinez began to slow down that is when Officer Cardenas thought he needed to find cover to which Officer Cardenas replied, "Correct". Mr. Davis confirmed the reason Officer Cardenas believed he need to find cover was because he thought Sanchez-Martinez was slowing down to shoot him. Officer Cardenas then made the following statement, "I believed that he purposely ran that direction `cause it got me away from anything I had to cover. Even if I was on the sidewalk, there`s trees, there`s something that, there`s parked cars, something I can use for cover. He purposely got to the middle, and that`s when he started reaching for his weapon."

Having no other questions for Officer Cardenas, we concluded the interview with him at approximately 1746 hours.

INTERVIEW WITH [redacted] by DETECTIVE J. HANSHEW

On 05/05/2017, Sonoma County Violent Crime Investigations Detective J. Hanshew interviewed Sanchez-Martinez`s girlfriend, [redacted] The following information is a brief summary of what

Detective Hanshew learned from the interview. Refer to Detective Hanshew's supplemental report for exact statements made by [redacted]

On the evening of 05/04/2017, [redacted] and Sanchez-Martinez were at Friar Tuck's bar in Cotati when [redacted] became jealous because Sanchez-Martinez danced with another female. Being upset with Sanchez-Martinez, [redacted] pushed him. Seeing [redacted] push Sanchez-Martinez, security guards asked [redacted] to leave the bar. Sanchez-Martinez stayed in the bar until closing (0200 hours).

Sometime after 0200 hours, [redacted] saw Sanchez-Martinez in a physical fight in the area east of La Plaza on the south side of East Cotati Avenue. [redacted] intervened and attempted to calm Sanchez-Martinez down, but her attempts were unsuccessful. [redacted] witnessed Sanchez-Martinez produce a handgun with his right hand firing it two times. [redacted] stated the subjects Sanchez-Martinez was fighting with were unarmed.

NOTE: The area [redacted] described the shooting as occurring is the same location Cotati Police Officers later located the four .380 auto expended casings.

Approximately ten seconds after shooting the firearm, Martinez pulled at [redacted] in an attempt to have her leave with him. [redacted] refused and walked west towards downtown Cotati while Sanchez-Martinez ran the other way, eastbound on East Cotati Ave.

EVIDENCE SEARCH BY SCSO SEARCH AND RESCUE

While Sgt. Murphy and I interviewed Officer Cardenas members of the SCSO Search and Rescue team were summoned to the scene to conduct an evidence search of the area, specifically for the firearm we believed Sanchez-Martinez possessed earlier and possibly hid or disposed of in the area. (See Sgt. P Quartarolo's supplement for specific details)

After Sgt. Murphy and I completed the interview with Officer Cardenas we both responded back to the scene, arriving at approximately 1824 hours. We met with Sgt. Quartarolo who briefed us on the status of the evidence search. It was decided the Search and Rescue Team would continue searching until sundown. Seeing as the next two days were the opening weekend of the 2017 Abalone season the SCSO Search and Rescue Team had a prior commitment for the weekend providing a service they call Coast Watch. Coast Watch is where members of the Search and Rescue Team strategically position themselves along the Sonoma County Coast looking for Abalone divers in distress.

Knowing Sanchez-Martinez was intubated, in and out of surgery, uncommunicative, and unable to disclose the location of the firearm we believe he more than likely hid, it was decided the Search and Rescue team would resume their search for the firearm on Monday 05/08/2017, after the Coast Watch weekend.

The Search and Rescue Team continued searching the scene until darkness on 05/05/2017 not locating the firearm.

After speaking with the search and rescue team, I returned to the SCSO Main Office and began preparations to author a search warrant for Sanchez-Martinez's residence. As I did so I met with SCSO MAGNET Sgt. B.

Cutting who told me he and his team regularly search Sanchez-Martinez`s residence pursuant to his parole status the last time being just a few days prior. Sgt. Cutting told me Sanchez-Martinez did not keep any contraband at his residence and it would be fruitless to search Sanchez-Martinez`s residence. Having learned this new information I decided not to author the search warrant for Sanchez-Martinez`s residence.

LOCATING OF THE FIREARM BY THE SCSO SEARCH AND RESCUE (SAR) TEAM

On 05/08/2017, sometime after 1740 hours, I was informed members of the SCSO SAR Team had located a firearm in a planter/bushes near the area where Sanchez-Martinez was shot by Officer Cardenas and ultimately taken into custody. I telephoned SAR Sgt. D. Thompson and he confirmed the find as well as provided me with a description of the firearm. Sgt. Thompson stated the firearm was a chrome .380 caliber semiautomatic hand gun.

SCSO CSI Detective T. Newton responded to the scene, photographed and collected the firearm as evidence. See Detective Newton`s report for further information

A records check of the firearm revealed it was reported stolen on 08/24/2016 to the St. Mary`s Parish Sheriff`s Office in Franklin Louisiana under case# 2016008843. After reading St. Mary`s Parish Sheriff`s Office report I learned the firearm was registered to [redacted] and the firearm was stolen under suspicious circumstances. See the attached St. Mary`s Parish Sheriff`s Office report for further on the circumstances the firearm was stolen under.

COTATI POLICE DEPARTMENT DISPATCH AUDIO AND BODY CAMERA FOOTAGE

On 05/09/2017, at approximately 1230 hours, I responded to Cotati Police Department and met with Sgt. Guydan who provided me with CD-R`s containing the dispatch audio for CPD incident numbers CO171250010 and CO171250013, Dispatch audio for CPD case #`s 17-0387 and 17-0388, and CPD Body Camera footage from CPD case #`s 17-0387 and 17-0388. I later placed these items into evidence as items JF06, JF07, JF08, and JF09, see attached property/evidence sheet.

SSU POLICE DEPARTMENT REPORT

On 05/10/2017, at approximately 1435 hours, I met with SSU Officer Howard in the lobby of the SCSO Main Office. Officer Howard provided me a copy of SSU Police Department report #17-108 authored by Officer J. Mefford which also contained a supplement authored by Officer P. Adams. I later placed the report into evidence as item JF13.

LETTER AND VOICEMAIL FROM ATTORNEY IZZAK SCHWAIGER

On 05/10/2017, at approximately 1501 hours, I received a voicemail message from Attorney Izaak Schwaiger

on my desk telephone. In the voicemail Schwaiger identifies himself. He stated he was the attorney for Eduardo Sanchez-Martinez. Schwaiger went on to instruct me not to contact or attempt to interview Sanchez-Martinez without him being present.

On 05/11/2017, I received a typed letter from Schwaiger relaying the same information detailed in the voicemail message. Schwaiger also sent Sheriff Freitas a typed letter containing the same information. I collected both letters and attached them to this report.

INTERVIEW WITH SANCHEZ-MARTINEZ by DETECTIVE J. FOWLER

On 06/12/2017, at approximately 0910 hours, Detective J. Toney and I conducted an audio recorded interview with Sanchez-Martinez at Santa Rosa Memorial Hospital. Sanchez-Martinez had been admitted to the hospital to receive medical care for the injuries he had received as a result of being shot by Officer Cardenas. The recorded interview was later transferred to a CD-R, marked for identification as item JF12, and placed into evidence.

The following is a summary of the interview with Sanchez-Martinez. For exact quotes refer to item JF12.

I read Sanchez-Martinez his rights per Miranda from my department issued Miranda rights advisement card. Sanchez-Martinez told me he understood all his rights as I had read them. I asked Sanchez-Martinez if he wanted to provide me a statement about the incident that put him in the hospital. Sanchez-Martinez told me he did not want to provide a statement so I thanked him for his time and left the hospital room, ending the audio recording.

DNA BUCCAL SWAB SEARCH WARRANT

On 07/31/2017, I authored a search warrant to obtain a DNA sample from Sanchez-Martinez. I authored the search warrant because I believed the firearm (Item TN1) located by the SCSO SAR team in the area Sanchez-Martinez was taken into custody, was possessed and discarded by Sanchez-Martinez while he was pursued by Officer Cardenas. The DNA sample will be sent for comparison to any DNA located on the firearm (TN1). This will assist in confirming Sanchez-Martinez was in possession of said firearm.

On 07/31/2017, I took the search warrant I authored to Judge D. Simmonds who reviewed and signed the search warrant as well as ordering it sealed pursuant to 1040 of the Evidence Code.

On 08/01/2017, at approximately 1144 hours, several fellow detectives and I contacted Sanchez-Martinez at his residence. SCSO CSI Detective T. Newton collected the DNA sample from Sanchez-Martinez pursuant to the search warrant without incident. See Detective T. Newton`s supplemental report for further information in regards to the evidence collected.

On 08/02/2017, I filed all the sealed search warrant documents pertaining to the DNA sample with the Superior Court of California, County of Sonoma Clerks Office.

RECEIVING OF CASINGS FROM COTATI PD CASE# 17-0000387

On 08/07/2017, at approximately 1210 hours, I received four expended .380 caliber casings from Cotati Police Department Community Services Officer C. Peoples. The casings were collected by Officer T. Wardell during the investigation detailed in CPD case# 17-0000387. The casings were each individually packaged in small brown paper bags. Each paper each had been given an item number, 1 through 4.

I packaged all four bags into one larger paper bag and marked it for further identification as item JF14 and placed them into evidence. I requested CSI Detective T. Newton send the four expended casings (JF14) to the DOJ Crime Lab along with the firearm (TN1) and the DNA buccal swab (TN2). I asked Detective Newton to have the DOJ Crime Lab compare the casings (JF14) and the firearm (TN1) in an attempt to determine whether or not the firearm (TN1) fired the expended casings collected by Cotati Police Department. I requested Detective Newton have the DOJ Crime Lab swab the firearm for DNA and compare it to the DNA buccal swab collected on 08/01/2017.

NOTE: I will author a supplemental report documenting the findings made by the DOJ Crime Lab in regards to the firearm, expended casings, and DNA buccal swab.

ANALYSIS AND DOWNLOAD OF OFFICER CARDENAS`S TASER

On 06/07/2017, I emailed Deputy E. Dickey, SCSO Taser Instructor, requesting she perform a forensic download on Officer Cardenas`s Taser (item #4-1430).

On 06/13/2017, Deputy Dickey authored a supplemental report documenting the forensic download and visual inspection of Officer Cardenas`s Taser. I learned the following information from Deputy Dickey`s report.

The firing log of Officer Cardenas`s Taser showed 2 trigger pull activations on 05/05/2017. One at 04:19:29 with a 5 second duration and the other occurred at 04:19:38 with a 2 second duration. Deputy Dickey also explained how the internal clock on Officer Cardenas`s Taser was 43 minutes and 58 seconds behind the actual time. The adjusted times for the two trigger pull activations are: The first trigger pull activation occurred at approximately 05:03:27 hours and the second occurred at approximately 05:03:36 hours.

See Deputy Dickey`s supplemental report for further information regarding the downloading of Officer Cardenas`s Taser.

SANTA ROSA MEMORIAL HOSPITAL MEDICAL RECORDS FOR SANCHEZ-MARTINEZ

On 08/15/2017, I authored a search warrant for Sanchez-Martinez`s medical records for the treatment he received at Santa Rosa Memorial Hospital as a result of being shot by Officer Cardenas. The search warrant was approved and signed by Judge J. Michael Byrne at approximately 1130 hours on 08/16/2017.

On 08/15/2017, at approximately 1150 hours, I served Memorial Hospital with the search warrant for Sanchez-Martinez`s medical records.

On 08/21/2017, at approximately 0900 hours, I obtained Sanchez-Martinez's medical records from Santa Rosa Memorial Hospital pursuant to the search warrant.

I scanned the original 207 page document and attached it to this report. I packaged the original document and placed it into evidence as item JF15.

A review of the records provided the following information. Sanchez-Martinez's diagnoses upon admission on 05/05/2017 were noted as: [redacted]

Sanchez-Martinez's diagnoses upon discharge on 06/08/2017 were noted as: [redacted]

On 05/05/2017, at approximately 0537 hours, Santa Rosa Memorial Hospital conducted a toxicology test on Sanchez-Martinez's blood. The toxicology test provided the information Sanchez-Martinez's blood alcohol concentration (BAC) was 0.183% at the time of testing.

See item JF15 for more detailed information into Sanchez-Martinez's medical records.

On 08/21/2017, at approximately 1150 hours, I filed all the sealed search warrant documents pertaining to Sanchez-Martinez's medical records with the Superior Court of California, County of Sonoma Clerks Office.

INSTAGRAM SEARCH WARRANT

On 08/23/2017, I authored a search warrant for Instagram records for the accounts belonging to Sanchez-Martinez and [redacted] at the time of the incident.

The accounts were located by Detective S. McKinnon while he assisted Detective J. Hanshew interview [redacted] on 05/05/2017.

I sent preservation letters to Instagram on the evening of 05/05/2017, after being made aware of the accounts by Detective S. McKinnon.

The records requested pursuant to the search warrant have not been received at the writing of this report. I will author a supplemental report documenting the receipt of the records and any evidence located within the records.

CONCLUSION

After interviewing Officer Cardenas, reviewing all available evidence, and review of Cotati Police Department's investigation documented in case# 17-0000387, it is clear Officer Cardenas believed Sanchez-Martinez was the subject responsible for the assault with a firearm on [redacted] and her companions which occurred moments after 0200 hours on 05/05/2017 in the area of East Cotati Avenue and La Plaza.

Upon seeing Sanchez-Martinez emerge from the creek bed nearby the area the assault occurred matching the description provided of the assault suspect, Officer Cardenas attempted to detain Sanchez-Martinez. Sanchez-Martinez forcibly resisted Officer Cardenas and fled on foot. Officer Cardenas attempted to subdue Sanchez-Martinez by using his Taser, but was unsuccessful.

Sanchez-Martinez continued to flee on foot and appeared to be removing a silver firearm from his waistband. Officer Cardenas feared for his life when Sanchez-Martinez slowed down and began turning towards him. Officer Cardenas believed Sanchez-Martinez removed the silver firearm from his waistband and was intent on using it towards Officer Cardenas. Fearing for his life, Officer Cardenas fired two rounds from his firearm which struck Sanchez-Martinez in the back causing him to fall to the ground and ultimately taken into custody.

The investigation revealed Officer Cardenas was faced with a fast evolving incident where approximately 58 seconds elapsed from when he notified dispatch he was contacting Sanchez-Martinez and when he advised shots had been fired. The investigation also revealed a previously reported stolen, chrome colored, .380 caliber semiautomatic firearm was located in the area Sanchez-Martinez was shot and taken into custody. It is believed this firearm was possessed and ultimately discarded by Sanchez-Martinez simultaneously with being shot by Officer Cardenas.

I believe Sanchez-Martinez violated 69 PC, Obstructing or resisting a peace officer with force or violence when he resisted Officer Cardenas's attempt to detain him with force. I also believe Sanchez-Martinez violated the terms of his parole and should be found in violation of 3056 PC, Parole violation.

DISPOSITION

I request this entire investigative report be forwarded to Sonoma County District Attorney Office for review.

TRANSCRIPTS OF INTERVIEW WITH OFFICER R. CARDENAS

****

JF= Detective Jayson Fowler (Main interviewer)

RC = Officer Rafael Cardenas (Interviewee)

ZD = Zeb Davis (Attorney)

SM = Detective Sergeant Shawn Murphy

Interview Date May 5, 2017 @1602 Hours

JF: This is Detective Jayson Fowler it is now 1602 hours on May 5, 2017. This is in reference to Case No. SD170505-002. [redacted] interviewing Sonoma State Officer Rafael Cardenas. All right it is now approximately 1609 hours on May 5, 2017. This is in reference to Case No. SD170505-012. We're here at [redacted] The address is [redacted] I'm, a, Detective Jayson Fowler with the Sonoma County Sheriff's Office and if everyone else in the room starting with Officer Cardenas if you could, uh, introduce yourself. State your name, rank and your agency you work for.

RC: Rafael Cardenas, um, police officer with Sonoma State University.

JF: Okay.

ZB: Zeb Davis, Mastagni Holstedt.

JF: Okay.

SM: Detective Sergeant Shawn Murphy, Sonoma County Sheriff's Office.

JF: Okay, um, Mr., Officer Cardenas, would you like me to call you Rafael, is it, what, what, what's?

RC: Rafael's fine.

JF: Rafael. Okay, so, Rafael I want you to understand that this is a, this is a criminal investigation, um, you're being interviewed as a victim and that the statement that I'm trying, I want to clarify with you that the statement you're giving to me today is voluntary?

****

****

RC: Yes.

JF: Okay, um, I want you to understand that you're free to leave at any time, okay? You're not obligated to answer any of my questions, you understand that?

RC: Yes.

JF: Okay, and, I also understand that at this time you are declining to provide a blood sample to us voluntarily.

RC: Um, through the, um, um, on the advice, on the advice of my attorney.

JF: Perfect. Okay, so, now I want to make sure that you're prepared to provide a statement to me at this time?

RC: Yes.

JF: You've had ample time to gather your thoughts and prepare for this –

RC: Yes.

JF: – interview? Okay and is there anything at this time that would hinder you from giving me a statement?

RC: No.

JF: Okay. Prior to today have we ever met or we, there's no close relationship between you –

RC: No.

JF: – and I, is there? Okay or you and Sergeant Murphy?

RC: No.

JF: Okay. All right, we're gonna do some, some background questions. Are you sick or injured?

RC: No.

****

****

JF: Did you receive any injuries as a result of this incident?

RC: No.

JF: Okay. At the time of this incident were you suffering from any medical condition or taking any medication that may have impaired your abilities as a law enforcement officer?

RC: No.

JF: Okay. Prior to this incident when did you last sleep?

RC: Uh, I got off work at 4:00 a.m., um, Thursday morning.

JF: Okay.

RC: So I s, went to bed around six after going to the gym and I woke up at 1:00 p.m.

JF: Okay. So from six to one, probably about 7 hours sleep there?

RC: About.

JF: Okay and prior to this incident we're here talking about when did you last eat?

RC: I just ate, um, about a half hour ago.

JF: No, I'm, I'm –

RC: Oh.

JF: – sorry I should clarify prior to the incident that we're talkin about.

RC: Prior to the incident I had lunch at 11:00 so 2300 hours.

JF: Okay and do you remember what you ate?

RC: Uh, chicken with rice.

****

****

JF: Okay and in the last 24 hours have you consumed any alcoholic beverages?

RC: No.

JF: So now I'd like you to, if you can, um, tell me, we're gonna go into some general experience, all right and how long have you worked for Sonoma State University.

RC: I'm going for 1 year and this month.

JF: Okay.

RC: So, 11 –

JF: And –

RC: – 11 months, 5 days.

JF: – and prior to Sonoma State University have you worked anywhere else in the law enforcement field?

RC: Uh, Rohnert Park Department of Public Safety.

JF: Okay and what did, how long were you with Rohnert Park?

RC: About 5 months.

JF: 5 months and were you a peace officer at Rohnert Park?

RC: Public safety officer.

JF: A public saf, so you were a sworn officer?

RC: Yes.

JF: Okay and do you have any, uh, tell me about your prior trainings, any firearms training, SWAT, uh anything –

RC: Um –

****

****

JF: – of that nature?

RC: – prior to this, um, I just returned on the 27th of April from a 4-day course with the Sacramento Sheriff's Department, rifle and pistol training.

JF: Okay.

RC: And prior to that just regular kind of what I have on my own, uh, go out to bullseye or whatever.

JF: Okay.

RC: And then, um, prior training with the departments.

JF: Okay. Do you hold any collaterals with the department?

RC: No.

JF: Okay, um, if you can also tell me about any other training that you've received, that, as it relates to your duties as a peace officer for example, uh, tactical communications, drug recognition classes, CIT.

RC: So, um, on my own account I take, um, I subscribe to Police One Academy.

JF: Okay.

RC: So that's an online course that just kind of tells you **** regarding special situations **** I've been doing that during, uh, my off time.

JF: Okay. All right and, and I, correct me if I'm wrong, I think I asked you do you, you don't have any special assignments or collateral –

RC: No.

JF: – issues. Okay and prior to Rohnert Park did you work at any law enforcement office –

RC: No.

JF: – as a law enforcement officer?

****

****

RC: No.

JF: No and did you graduate from the academy, right, prior to Rohnert Park?

RC: Yes.

JF: Okay and what academy did you go through?

RC: Um, it was through Windsor, uh, Academy, through the, uh, juniors, uh –

JF: Santa Rosa.

RC: ****.

JF: – Santa Rosa Junior College?

RC: Correct.

JF: Okay.

RC: I believe it was 183.

JF: Okay, all right, now we'll go into your, your present assignment at Sonoma State, all right. Um, can you tell me the natures of your duties?

RC: So, um, police officer, sworn police officer at the University –

JF: Okay.

RC: – um, so I'm assigned to patrol the university and the mile radius, car on foot and just enforce laws, um, state, federal, um, uh, um, as well as, uh, um, city ordinances.

JF: Okay.

RC: They have to fall within, um, the jurisdiction.

JF: Okay. Can you tell me what, uh, shift you're assigned to currently?

****

****

RC: Currently, um, I'm assigned to a shift that runs Wednesday through Saturday –

JF: Okay.

RC: – from 1800 hours to 0400 in the morning.

JF: Okay and so on Thursday night did you start at 1800 hours?

RC: Yes.

JF: Okay and you're call sign?

RC: Is 9 Boy 7.

JF: 9 Boy 7, and is this, uh, a uniformed assignment?

RC: Yes.

JF: Okay and how long have you worked in this assignment?

RC: Um, so I started this rotation early January.

JF: Okay and prior to that what, do you remember what shift you worked?

RC: Um, prior to that was 9:00, um, p.m. to 7:00 a.m. same days Wednesday through Sunday –

JF: Okay.

RC: – or Wednesday through Saturday.

JF: Okay and your shift last night, um, what, do you know the number of your assigned vehicle?

RC: Uh, Unit 91.

JF: Unit 91 and do you know if it has any mechanical defects or anything of that nature?

****

RC: To the best of my knowledge it had just been re, uh, returned from the shop due to, um, suspension issues.

JF: Okay. Now if you can do, what I want to have you do now is describe all the equipment that you have on your person, ah, when you're in your uniform.

RC: Okay.

JF: And if you can start from, well let's just start with the uniform. If you could start from your head down, describe your uniform to me.

RC Okay, so it's a long-sleeve BDU style, um, shirt –

JF: Okay.

RC: – and, um, BDU style pants.

JF: Okay.

RC: With boots.

JF: And is it, is it blue in color?

RC: Yes –

JF: And –

RC: – blue in color with patches –

JF: Okay.

RC: – and, um, descripting them in a university, um, uh, police officer –

JF: Okay.

RC: –There's a badge and a star badge and my name across

JF: Okay, now is that a cloth badge that's sewn onto –

****

****

RC: Yes.

JF: – the uniform?

RC: It's sewed on.

JF: Okay and your name placard is sewn on as well?

RC: It's, yes.

JF: Okay. Now if you can describe the equipment that you wear when you're in uniform and what I'd like you to do if you can is start from your, from your belly button and work to your right around, around the belt and just and tell me what kind of equipment you carry on your person.

RC: My duty belt, start off with handcuffs, its a double set, and then it goes to, um, a key holder.

JF: Okay.

RC: And then my handgun, um, my baton, my glove holder.

JF: Okay.

RC: Um, a flashlight holder, um, another flashlight, um, with an, with an actual, um, Streamlight.

JF: Okay.

RC: And I go with my radio, my Taser and, uh, O.C. Spray.

JF: Do you car, um, so the, the firearm, your, your, your duty firearm, um, what, what kind of firearm do you carry?

RC: Glock 23.

JF: And what caliber is that?

RC: 40.

****

****

JF: Okay and how many, uh, magazines do you carry on your persons?

RC: So one in the uh, um, gun and two in my, um, pouch.

JF: And do you know the magazine capacity of each?

RC: 13.

JF: 13 and can you tell me how many rounds you typically carry in each magazine?

RC: So each magazine is 13, um, so, that's 39 total.

JF: And in your, in your duty weapon you carry, um, 13 in the magazine and –

RC: One in the chamber.

JF: – and one in the chamber.

RC: So a total of 14.

JF: So 14, okay, and do you, do you carry any backup firearms?

RC: No.

JF: Okay, and in your patrol vehicle when you're on duty do you carry any other firearms ?

RC: There's an assigned rifle –

JF: Okay.

RC: AR15.

JF: So you got a rif, how 'bout a shotgun?

RC: No.

JF: Okay, and, are you issued a body-worn camera of any sort?

****

****

RC: No.

JF: Okay. How' bout an audio recorder?

RC: Um, I do have an audio recorder –

JF: Okay.

RC: – it's just not on my person I usually use it for interviews.

JF: Okay, um, and you said you, you carry a Taser?

RC: Yes.

JF: And what model Taser if you know?

RC: Hmm, it's a, I believe a X23.

JF: Okay. Any other Les Lethal equipment that you carry?

RC: Baton and pepper spray.

JF: Okay and any other equipment that you haven't told me about and I haven't asked about that you have on a regular shift?

RC: I usually carry a pocket knife.

JF: Okay.

RC: Um, but I misplaced it so.

JF: Okay.

RC: So since then I haven't been carrying it.

JF: Okay, so that was you misplaced it prior to this incident –

RC: Yeah.

****

****

JF: – and you weren't carrying it.

RC: Yeah.

JF: Okay, okay, so the nature of this investigation concerns a significant incident you were recently involved in. It occurred in the area of East Cotati and, uh, we'll say, address 180 East Cotati right there by Charles Street.

RC: Um hum.

JF: Um, so if you could do, if you can describe to me in as much detail including time of the event, name of any witnesses, names of any officers, uh, that arrived on scene as best as you can recall, um, and anything else that you can think of that's relative to the circumstances of why we're here, this is what I'd like you to do is just give me everything you can remember.

RC: Okay, so, um, I can start from the beginning.

JF: Okay.

RC: Because it's, um, related so, um, I was assigned to my regular shift. I was advised that Cotati was requesting assistance to, um, monitor what they call the Cotati crawl which is just that strip of downtown where a bunch of people just go out and drink. So, um, at about, uh, right after dinner, um, so 1130 23, uh, 30 hours I advised my dispatch that I was heading to downtown Cotati. While I was there I was just monitoring, um, foot traffic in the area of Friar Tuck's, um, and then, um, Cotati police officers arrived to walk the beat with me. So essentially, two officers, during that time two officers, a sergeant and an officer were dispatched to a call regarding a, a, a, um, suspicious person running around without clothes. So they went, um, to investigate that I believe in the area of Lincoln Avenue.

JF: Okay.

RC: At the same time they re, um, received, I was advised by one of the, uh, employees, of, of, a bar that there was a physical altercation just around the corner from Spanky's.

JF: Okay.

****

RC: So, um, I went over there and I found two subjects, one subject was injured declined medical and the other subject was a witness stating, giving me the information. So, um, we don't normally take any paperwork we just refer everything to Cotati and have them deal with it. So, one thing I do do is, um, I get all the horsepower, all the information from the suspect or victim suspect or whatever. So while we were there I was able to flag down one of the officers who came and, uh, we were talking and then he got pulled away saying that there was another altercation over by the flagpoles in that center plaza there. So, um, that was a sergeant and myself. The sergeant was in his vehicle, he drove, I ran and I saw two male subjects. One was severely, like pulling another one but it looked like he was kind of just dragging him to, to like safety or something. While we were investigating that we heard approximately 6 to 8 shots east of us, or on, over on East Cotati. It sounded like it was coming from the area of a bus stop.

JF: Okay.

RC: So, I mean, immediately we hit the deck, um, to take cover under, uh, behind the patrol vehicle and proceed to move forward, um, in coordinations with the, um, with the sergeant of Cotati. Upon arrival, um, we didn't, we didn't see anybody there in that general area, um, and then we were advised by Rohnert Park unit that they had a, one su, sus, suspect that matched the description. I don't know how they got the description. I wasn't on their channel.

JF: Okay.

RC: But, uh, the description was of a white T-shirt with a logo and blue jeans and the Rohnert Park Depart, uh, Department of Public Safety had one, uh, subject, uh, at gunpoint in the area of Oliver's, Starbucks area on East Cotati. So, I jumped in and with the sergeant went over there and determined that, um, after their investigation determined that that subject was not the, um, aggressor. He was not the suspect we were looking for. So, I was just getting the, helping out getting the, um, witnessing victim information, going over stuff like that and, um, not paying too close attention I did hear the, um, the, one of the, uh, units say the shooting victims, um, give a description of, uh, the subject that shot at them, male, Hispanic, 5-5, black hair, white shirt, uh, white T-shirt with a logo, blue jeans, and that's all she had. Um, during that same process, uh, one of the females said that he had a black handgun and then a male, the male, um, subject that we initially thought was the suspect stated no. He, uh, confirmed that it was a chrome or silver-colored handgun. So, um, after that was finished we went back to where, um, an officer had found a casing and, uh, proceeded to, uh, I proceeded to assist them in locating evidence. At that point, we started tearing up a few, the grass area, found four, um, four

****

****

casings that matched the, uh, the description of what the, uh, sergeant said the gunshot sounded like. So, once that was done I, um, got back to my patrol car and was driving back to station. It was 4:00, um, like 4:30 in the morning. I was already off at 4:00 so as soon as I pulled into my sally port, um, I go on the radio saying, you know, 9 Boy 7 at station, 10-7 OD, off duty. Um, my dispatch advises me that Cotati would like to debrief with me regarding the shooting and they're asking if I could meet with them back at their station.

JF: Okay.

RC: So, of course, I say sure. Go back, um, go back to Cotati, go back to the, um, police station, debrief a good half hour or so. Um, once that's done I'm driving back to, um, back to campus, uh, so I'm eastbound, eastbound East Cotati and right where that, um, creek bed is I see a subject that catches my attention because, uh, he's walking, he's got his hands tucked into his shirt, uh, T-shirt, and the collar of his shirt is over his head so pretty much all you can see is a little bit of his face. So, at first I thought he was a, um, black male. So, and I'm driving going about 35, 40 miles per hour. I slow down and make a U-turn, park my patrol car in front of him, put on the spotlight, that's when he removes his hand out of his, um, shirt where he had them tucked in and then I realized that was a Hispanic male, then I kind of put two and two together. I was looking previously for a Hispanic male, um, 5 foot 5, black hair, white T-shirt with a logo, blue jeans. This guy, 5 foot 5, Hispanic, black hair, white T-shirt with a logo, blue jeans. So, as soon as I exited my, um, vehicle I'm calling it in I, um, advise I would like a, I advised dispatch to call Cotati and provide a better address. I believe I mentioned 174, uh, East Cotati, somewhere in that general area. Uh, I told them, uh, I advised I believe it's like in front of a State Farm, um, office. So, I ask him what he's doing. He's saying he's looking for his girlfriend. I ask him to get in front of my car and he does so. Um, I reach over to get his right arm. As I'm placing it in his back I ask him if he has any weapons on him. He then pushes back, uh, kicks back from my patrol car, uh, doesn't knock me down but I stumble a little bit back, and he just takes off running eastbound or westbound on East Cotati on the sidewalk. Just yelled stop. He continues to run. I pull out my Taser and I deploy my Taser. As I advised, uh, my dispatch, you know, uh, Taser deployed he falls, does what I would consider a quick pushup and he just gets right back up and starts running again. So, I'm about to, um, press the trigger again to give him another 5 seconds and I realize that doesn't do an effect and then I see, and my cables are no longer attached, they're ripped. So, I'm holstering my, uh, Taser. I missed and it fell but I continued running after him. He's running in a northwest bound kind of direction now so he's crossing East Cotati. Right when we get about to the center of the street he starts looking at me, he's jerking his right hand in his waist, and he's just jerk, pulling on it. I

****

can see the elbow just pulling, pulling. About every 6 seconds he's staring, he's turning around staring at me, but he's not staring, like, at me, like, like he's not seeing if I'm reaching for anything, clearly just looking at my face and just found that really strange. So, while he's doing that I catch a glimpse of a silver object in his waistline, waistband and he's just jerking at it, jerking at it. So, as we, as we come running closer, um, towards where he's, where the incident actually took place, he finally slows down, kind of comes to a stop, and I see that right, um, hand elbow start swinging out as he's turning, as he's turning towards me. At that point, I know this guy was out, was possibly my guy from earlier. I believe he had a firearm. I believe he's still armed because we didn't recover a firearm. I thought his intentions were to kill me right then and there.

JF: Okay.

RC: I fear that he was going to shoot me. At that point, I pulled out my service weapon and fired two shots aiming towards his shoulder area. Uh, subject dropped. I ran. There's no cover, I mean, I'm in the middle of the street. I run to the nearest, like, little light pole. Something's better than nothing if this guy's got a gun. So, I get my flashlight out. I call it in. I advise that I need Code-3 assistance, shots, uh, shots had been fired and, um, requested medical to stage at the, uh, Rancho Adobe Fire Station. I felt like it was, uh, forever before, um, I saw lights behind me and, um, I knew that that was my partner coming in from Sonoma State. Then I saw, um, uh, two units from, uh, Cotati coming in. They, um, they took point. Um, I kind of looped around them. They, went, they cuffed him and immediately starting rendering aid to him. At that point, I holstered and asked if I can walk to the, the new church area that's there and an officer walked with me there.

JF: Okay.

RC: That's, that's pretty much how the incident took place.

JF: Okay. And so, you, you gave me a lot of information there and I'm, I'm going to go back –

RC: Sure.

JF: – over, over that and, and ask some questions about that just to, so it's right in my head, so I get it.

RC: Mm hmm.

****

****

JF: So, you were telling me about an incident prior to the, the shooting that you were assisting on, um, some physical fight around the corner, –

RC: Right.

JF: – before the shots rang out.

RC: Right.

JF: Do you recall what time of night that was or what time of day?

RC: Um, said it was nighttime. I'd say 10 minutes prior to closing so 1:45, 1:50 in the morning.

JF: Okay. All right and when you were assisting Cotati with that and you hear the, the shots ring out, do you remember the names of the officers? Do you know the names of the officers at Cotati that you were, you were with?

RC: I know there's Sergeant, um, Good, um, not Gooden, um, um, I know his, I know his, it's like G-Y-G-U-I, um –

JF: 'Kay.

RC: – Gym, Gyman, Gydan ****.

JF: Okay.

RC: And the, um, I believe it's War, Officer Warlock or –

JF: Okay.

RC: – um, Tyler.

JF: Okay, you know him by Tyler?

RC: Yeah.

JF: Okay.

****

****

RC: First name is Tyler.

JF: Okay and where you were when you heard the shots ring out? Do you remember what street you were on?

RC: Um, Redwood.

JF: Redwood?

RC: Old Redwood.

JF: So you were on Old Redwood.

RC: Yeah.

JF: Okay and you say, you, and correct me at any point if I'm wrong but I believe you told me that once you heard the shots ring out you guys, you and was it Sergeant, I think it's Gy, Gy, Gydan, Gy –

RC: Gydan.

JF: – um, take cover behind is it his vehicle?

RC: Yeah 'cause he drove –

JF: Okay.

RC: – up. I was on foot. He drove up to where the two, um, black subjects, uh, were initially tugging each other and we thought that was the initial, um, call, reason for the call. So he drove up. I ran over and then we heard the shots so I took cover and, uh, behind his vehicles as well as he did.

JF: And, and the purpose for you guys taking cover behind, what were you, what were you thinking at that point?

RC: We thought the shots were coming towards us.

JF: Okay.

****

****

RC: I initially thought that we were gettin' shot at and I thought this was some type of ambush style –

JF: Okay.

RC: – that they were setting up so I mean read the papers, it's been going so.

JF: Sure.

RC: That's what, that's, that was my initial, um, reaction especially when, um, it sounded like it was coming from that bus stop that's not even, what, maybe less than 35, 50 yards –

JF: Okay.

RC: – from where we were at so.

JF: Okay. And is it common for you to, to work wi, with c, or assist Cotati on a Thursday night for the, for the pub crawl or with the Cotati crawl?

RC: Lately they've been requesting our assistance –

JF: 'Kay.

RC: – 'cause they're down staff and it's mostly just a command presence type of, um, assignment. We go and we back 'em up on calls. We usually don't try to take any paperwork and just assist in getting information just to help facilitate better so that they can continue going call to call or whatever it is that they're doing.

JF: Okay and, and have you assisted them –

RC: Yes.

JF: – multiple times on these nights?

RC: Uh, this would've been my third assist with 'em.

JF: Okay and if you could briefly describe a typical Thursday night Cotati crawl what kind of, wa, wa, what kind of events or incidents do you find yourself responding to? Is it a, is it a fairly busy evening? Um –

****

****

RC: So the last time I was at Cotati, um, assisting it, I mean we were pretty, they're pretty busy. There, uh, especially around closing time there's fights, um, constant fights, verbal arguments, um, people on the roadways, uh, traffic just building up so the last, um, the last time I assisted them they actually had a, an incident where a gentleman grabbed onto a vehicle. He got in a phy, in a physical fight with some, um, some male subjects and female subjects, at that, uh, the park downtown. He somehow managed to get a hold of the inside of the vehicle and was dragged by the vehicle, and it just turned into a huge mess where, um, officers were busy, um, conducting a felony stop on that vehicle 'cause we didn't know what was exactly was going on and I was, um, busy trying to, um, render aid to what we thought was the victim or suspect or you know to someone that was injured. He was dragged pretty, pretty good amount, about 50 feet at about maybe speeds of 15 to –

JF: Okay.

RC: – 20 miles per hour.

JF: So is it safe to say that on a Thurs, a Thursday night on a Cotati crawl that you're dealing with fights and assaults and multiple drunk individuals –

RC: Oh yes.

JF: – and it's a pretty busy, busy shift for you?

RC: Yes.

JF: M'kay.

RC: Extremely.

JF: All right. So now I want to, um, kinda fast forward from the, uh, the incident that you told me about that was probably around 10 minutes or 5 minutes to, to 2 in the morning. Um, you tell me that you, uh, after that incident you, you assist and you, that you think that Rohnert Park has the suspect they're lookin' for.

RC: Mm hmm.

****

****

JF: You guys ultimately determine that you're not. You go on about your night. Um, you go, you basically go off duty but then you come back to Cotati for the debrief.

RC: Correct.

JF: Um, what time do you think you left Cotati? What time, uh, uh, uh –

RC: After the debrief?

JF: Yeah after the, yeah what time after the debrief did you leave Cotati?

RC: Um, I'd say 5 a.m.

JF: So some, okay.

RC: Um, 5, 5:05, 5:07.

JF: Okay and at that time of morning when you happened upon this gentleman that you told me about with his shirt pulled over his head and his arms inside of his shirt, um, how, what was the lighting like? Was it –

RC: So regular streetlights.

JF: Okay.

RC: Um, when he was coming out, it was dark 'cause there was no, there wasn't a whole lot lighting. By the time I made a U-turn and, um, there, he was now kind of in the streetlighting and then I used my spot, my vehicle spotlight and the headlights that illuminated him and the background.

JF: 'Kay and what about, um, the, the sky? Is it still dark outside or is it startin' to get –

RC: Yeah, it was still, it will still dark.

JF: Okay.

RC: Um, I'd say a darker greyish color.

****

****

JF: Okay. And if you can recall, when the original BOL for, for the suspect involved in the, in the shoo, the earlier –

RC: Mm hmm.

JF: – shooting that you responded to, did anyone describe the logo on the shirt?

RC: From my knowledge, it was just a white T-shirt with some of sort of logo.

JF: Sorry, pardon me. Sorry about that. Let me turn that off. Okay, sorry.

RC: So just a white T-shirt with a, um, just a logo on the front. That's all I got.

JF: Okay, and if you can describe to me the logo that you saw on the gentleman that or that, the, the person that you –

RC: Mm hmm.

JF: – ultimately encountered on that creek, that bridge.

RC: Like I said, it was kind of like in a circular form with letters in the center. Um, I don't know what the letters spelled out, but it was kind of a, so the shirt was white, and the letters were not, not like a dark color, kinda like a faded tan or brown.

JF: Okay. And do ya remember the color of the pants he was wearing?

RC: Uh, blue, uh, dark jeans.

JF: Okay. And what about shoes?

RC: He had black shoes.

JF: Okay. Anything about the black shoes that stands out to you?

RC: Just, I mean, pretty much from like, uh, his shoes up to probably bellow his knees, he was like covered in mud –

JF: Okay.

****

****

RC: – and like gave me the impression that he was the same guy that I saw come up from the creek area, which is uncommon for anybody to be walkin', especially at that hour. There's no trail there to my knowledge. It, there's a little gate that leads down there, but –

JF: Okay. And you've been out to this scene and did a walkthrough. I, I've done, I've been out to the scene. Uh, I saw where your patrol car was positioned –

RC: Mm hmm.

JF: – and, and it's, it's kinda pointed in the, uh, southeasterly direction towards that bridge. Your spotlight looks like it's pointing on, like at the guardrail of the bridge. Is, is that where you first encountered the sub, subject?

RC: Mm hmm. That's where I lit him up and was able to see his, um –

JF: Okay.

RC: – full person.

JF: Did, prior to you lighting him up with the spotlight, did you see where he emerged from? Did he, or –

RC: I just saw him walk into the grass area coming up towards the sidewalk.

JF: Okay. So, where your patrol car is, off to the right is that grassy area and there's like a cattle gate –

RC: Right, yeah.

JF: – that, that leads to what looks like a pathway to –

RC: Mm hmm.

JF: – like a creek path.

RC: Correct.

JF: Is that the area where you saw him?

****

****

RC: Yes.

JF: Just on this side of the –

RC: Yeah.

JF: Okay. And then by the time you did your U-turn and turned around –

RC: He was on –

JF: – he was already on the –

RC: – the block –

JF: Okay.

RC: – walking, um, eastbound – or westbound on East Cotati.

JF: Okay. And so, you tell, you st, you stated that once you contacted him, you put him towards the front of your, your patrol car.

RC: Mm hmm.

JF: You go to, to put him in handcuffs?

RC: Yeah, I was gonna grab his, um, 'cause at first, like I said earlier, I thought he was a BMA. He had, um, dark face, um, and then I realized that they were tattoos, um, saw tattoos on his arms, so, um, one tattoo that really stand out was one on his, uh, hand. I wanna say it's his right hand, and it was the labor bird which tells me that he was a Norteno or associated with Nortenos. Therefore, for saf, for my safety reasons, no one else around me, I did call for, I, I did advise that I was out with one.

JF: Okay.

RC: And at that time, when I realized that he was a Hispanic male, I had asked for Cotati to come out. So, I was gonna place him in cuffs, um –

JF: Okay.

****

****

RC: – and detain him.

JF: And what was, what were your, what were your thoughts about, or why was it important for you to detain him in cuffs after seeing the, the tattoos and, and thinking that he may be the individual you were looking for earlier?

RC: So, the, the clothing gave me a big, um, when I finally realized what he was wearing and that he was a Hispanic male, I put two and two together, so that was my indication. And then, um, seeing the tattoos, um, indicating that, ya know, he was associated with, uh, Norteno gang members, um, I then, off, officer safety concerns, I know gang members usually carry weapons on their person. Um, that's from experience from, ya know, going to school and all that good stuff. Um, my No. 1 goal was to be safe, so putting him in cuffs, um, until my, uh, backup arrived was my best decision.

JF: Okay. And once you tried to, to handcuff him, that's when he pushes with his feet onto your patrol car –

RC: That's when –

JF: – knockin' ya backwards?

RC: – I'm grabbing his hand. As I'm doing so, I ask him if he has any weapons on him. Um, I'm about this, kinda towards his side here, on his right side bringing –

JF: Okay.

RC: – him back, and I was like, "Do you have any weapons on ya?" He kinda mumbled something and pushes me out, and then just kinda throws himself back a little bit and then just starts –

JF: Okay.

RC: – bookin' it.

JF: And prior to, to that, did, had he said anything to you at the beginning of the contact?

RC: So, when I lit him up, I exited my vehicle, I was like, "Hey, man, what're ya doin'," and he goes, "I'm looking for my girlfriend.

****

****

JF: Okay.

RC: I lost her." And I said, "Get in front of my car," and he did so. So, he was starting to comply. Um, his hands were now, um, either on his side or kinda in front of him, not touching my patrol car, but, ya know, I was, I had visual of his hands, and that's when the following proceeded where he –

JF: Okay. And so he pushes away from the patrol car knockin' you backwards. You, you say you stumbled a little bit.

RC: Stumbled a little bit, like three steps back.

JF: Okay. You had to catch, get your balance?

RC: Right.

JF: Okay. So you're not holdin' on to him at this point.

RC: Right.

JF: Um –

RC: He's gone, I mean, by the time I'm, I turn around, he's a good 6, uh, 10, 6 to 10 feet already in front of me, and he's flyin'. I mean, he's, he's goin' fast.

JF: Okay. And what side of the street is he –

RC: So, he's on the south side –

JF: Okay.

RC: – uh, going westbound.

JF: Westbound? And he's on the sidewalk at this point?

RC: He's on the sidewalk.

JF: Okay. When you, when you pull your Taser and, and fire your Taser at him, did you see where your, your probes landed?

****

****

RC: I saw, I saw one in his back.

JF: Okay.

RC: And that's when he dropped.

JF: Okay.

RC: But as soon as he dropped and I got on the radio and said, "Taser deployed," he did like a pushup and just got right back up.

JF: Okay. So –

RC: So, I don't, I, I know one prone did took effect. I don't know where the second prone hit.

JF: And, and based on your training and experience, did you believe the Taser had an effect on him?

RC: No, it, it was, it, it did knock him down, um, for a quick second, but as soon as the, not even, I don't, I don't even think the Taser finished giving it the full second ride when he was already starting to get up.

JF: Okay. And, uh, how, if you could approximate how far were you from him –

RC: So we –

JF: – when you fired the Taser?

RC: – so we started, so he already had about 7 to 10 feet, um, head start. I started running after him, and he was actually continuing, so he was probably a good 11 feet. He was starting to – as soon as I saw that I wasn't catching up to him, and this guy, he was runnin', I mean, so that's when I deployed my Taser a good 11 feet or so.

JF: And what was your, what was your thought process, and why you were deploying your Taser, why you decided, why did you decide to deploy your Taser –

RC: So –

****

****

JF: – at that point?

RC: – the moment I asked him if he had any weapons, um, and he didn't answer and he pushed back, running gave me the impression that he might have a weapon.

JF: Okay.

RC: So, I mean, he's running from me. I'm not gonna shoot him, less lethal, Taser, secure him. That was the, uh, initial, um, Plan A as, as I can, as I can say, plan, that was my plan was to, um, um, get him and stop him from fleeing with the Taser.

JF: Okay. And were you able to gain any ground on him once he went to the, once he fell to the ground?

RC: So, as I was gettin' closer to him, um, so I'm, I'm running towards, I still have the Taser, I'm running towards him, I say, "Taser deployed." I'm putting the Taser under my pit to, to grab him. That's when he gets up and leaves.

JF: And so you mo, you're tellin' me you put, you, you, you put your Taser under your left armpit –

RC: Right.

JF: – just to secure it so you –

RC: Just to secure it, yeah.

JF: – go hands on with the subject?

RC: Right.

JF: Okay. And do you remember saying anything, any command, were, do ya remember any of the commands you were giving to this subject?

RC: Um, so when he began to ran, I told him to stop runnin'.

JF: Okay.

RC: And then I believe I shouted either, "Taser," or "You're gonna get tased."

****

****

JF: Okay. All right. Now, at some point he gets up and he, he, at that point, is that when he just, he starts to run northwest across the, the roadway?

RC: Across East Cotati –

JF: Okay.

RC: – to the north, um, side of East Cotati.

JF: Okay. And that would be towards the west side of the parking lot of the, the church there?

RC: Correct.

JF: Okay. And, um, I believe you, you were tellin' me that as he's running, he's, is he glancing over his shoulder looking at you?

RC: so as he -

JF: If you could described that a little more?

RC: So, as he's running, about midway though, um, the street, he starts to tug onto his waistband and, um –

JF: And that's with his, with his right hand?

RC: With his right hand.

JF: And, and I'm watching you, um, show me with your hands, and it looks like you're –

RC: So, he's –

JF: – you're taking your right hand and goin' to the left side of your waistband?

RC: Correct.

JF: Okay.

****

****

RC: So, it's this side and he's just tugging. I mean, he's tugging at something.

JF: Okay. And so, but you're behind him at this point, correct?

RC: Right.

JF: So –

RC: Well, not directly behind him, so if he's, he's running this way, I'm kind of offset to a little angle –

JF: Okay.

RC: – a little bit, not, not too far to like the right side of him, just enough to, ya know, just have, um, in case he veers to a different direction, I'm able to veer off with him.

JF: Okay. And you're, you're seeing his –

RC: His right hand just, um, I'm seeing mostly his elbow –

JF: Okay.

RC: – just do this thrashing, thrashing. His shoulder's poppin' up, I mean, his elbow's going up to about a 90-degree angle. I mean, he's reaching for something. Something, something in his waistband appeared to be stuck and he –

JF: Okay.

RC: – was tryin' to retrieve it.

JF: Okay.

RC: So, um, as he's doing that, about every sixth step, he's turning around, um, kinda just turning his upper torso and kind of still runnin' but turning, and I'm able to still get a glance of his waistband. I don't see that, his hand's still there, but somewhere in this area here, he has a silver, uh, or a chrome-color, uh, shine that's reflecting off the light.

JF: Okay.

****

****

RC: Um, the streetlight from the north side, so, um, that's when I start to slow my response and not run after him all that, um, as fast as I was 'cause I thought, and I was gonna be able to catch up to him. So, I'm shouting to him to stop, and he's continuing to pull and, I mean, the, the, every time he turned, like he wasn't looking at me. He wasn't looking to see where my arms were. He was starin' at my, my, my eyes.

JF: Okay.

RC: And just looking at my eyes like, to me at that point, my thought process was this guy's gonna kill me. He's gonna pull out, and he's not even looking at my hands. He's just gonna go and aim straight to the head.

JF: Okay.

RC: So, um, as he's, as he's, makes it across the street he starts, I, I'm already starting to slow down a little bit. He comes to a, slowing down, almost stopping, kind of just taking like, I'd say power walking kinda, um, um, style of, uh, uh, leaving, and that's when I see his elbow actually come more extended further. Like first it was kinda tucked in. Now it's a little bit out more, and it's starting to swing a little bit further –

JF: Okay.

RC: – as he's turning his upper body.

JF: And, so you're describin' how this, this last tug –

RC: Mm hmm.

JF: – is it safe to say that this last tug, his elbow got further away from his body –

RC: Yes.

JF: – as if some, he was able to –

RC: Whatever he was reaching for that was stuck in his waistband was now free and in his hands.

****

****

JF: Okay. And you had told me that when he was running, and you could, you were off to the side, you could see a portion of his, his waistband –

RC: Correct.

JF: – near his, where his hand was reaching.

RC: Correct.

JF: And you said the light was shining on something –

RC: Silver.

JF: – silver.

RC: So, I got a reflective, a reflection of a silver kinda, silver-chrome, uh, either handle or, um, base, something like that.

JF: Okay. And what that, that silver object that was reflecting, was, how close to his hand –

RC: So, it looked like –

JF: – was it?

RC: – it looked like it was sticking out a little bit. It looked like his hand was wrapped around something and just –

JF: Okay.

RC: – the silver base was showin' –

JF: Okay.

RC: – as he was pulling it out.

JF: And tell me what you believed that silver object to be and what you believed he was trying to retrieve from your –

RC: So –

****

****

JF: – his waistband.

RC: – I believed it was the weapon that was described by the male subject that we first contacted. He said he, he saw the weapon as a silver handgun.

JF: Okay.

RC: As I was approaching him, I saw the silver piece and I thought that it was the weapon and he was, uh, that the first subject said that he was in possession of.

JF: Okay. And so, you say, you told me you saw, once you saw his, his arm or the, his, his elbow clear his body even more, at that point you, you start to not chase as –

RC: So, as soon as, so he starts tugging as we're crossin' the street, and as soon as I see the silver part, I slow my response down a little bit.

JF: Okay.

RC: So, I'm no longer full blown, 110 percent chasing after him. I'm now starting to retreat a little bit 'cause I have no cover. Wheth, whether his intentions –

JF: And, and why is that, and sorry for cuttin' ya off.

RC: Mm hmm.

JF: But what were ya thinkin', why were you makin' that conscious decision? What was the –

RC: I believed, I mean, I believe his intentions were to get me away from my vehicle –

JF: Okay.

RC: – which is the only cover I had at the time. I had no backup, I had, there's no trees. There's no, um, center divider that I can just lay across or anything, and I'm exposed, fully exposed, and I believe that that was his initial intention –

JF: Okay.

****

****

RC: – was to get me to that particular, um, situation.

JF: Okay. Now, you, af, after you, you slow down, and, um, you, you create a little more distance, you're tryin' to take cover –

RC: Mm hmm.

JF: – uh, under, but there is no cover to be –

RC: Right.

JF: – to be had, um, are you saying anything?

RC: I'm saying, "Lemme see your hands."

JF: Okay.

RC: I said, "Stop running, lemme see your hands. Show me your hands," and he refused. Um, his left hand's kinda dangling here, or like holding onto his pants kinda, and his right hand is still doing the, the tug motion.

JF: Okay.

RC: Um, right when we got to where the incident took place, um, his left hand was now kinda swingin' outwards as he was no longer holding his pants, and his elbow is, well, yay high, swingin' out.

JF: Okay.

RC: Um, I did not see his hand. His body was still, his body was still covering his hand, and that's where I fired my two rounds believing he had the firearm and he was gonna shoot me.

JF: Okay. And those two rounds that you fired, um, you told me you were aiming for his –

RC: Upper body area.

JF: Okay. And did you see where those rounds landed on –

****

****

RC: So, I saw the first round, I believe, hit somewhere in the shoulder, right shoulder area, and the second round, I believe, somewhere in the midback.

JF: Okay. And at that point, does he go down?

RC: Yes.

JF: Okay.

RC: So, fired the first shot. His arm drops, fired the second shot, and he actually drops, but he lands on his stomach – no, he lands on, yeah, he lands on his stomach or on his back, and he's rolling over, so he, he lands on his side or his stomach, and he's rolling over and then he gets on his, uh, he gets on his back, and he's continuing to like fumbling around, and I tell him, I'm shouting, "Show me your hands. Put your hands up." Finally, his hands go straight up.

JF: Okay. So, he's layin' on his back with his hands up.

RC: Right.

JF: So, after, once he's layin' there with his hands up, if you can estimate how long it, for the next arriving officer –

RC: So –

JF: – to arrive and who that was.

RC: – the next arriving officer, I saw lights, just the light, the Code 3 emergency lights, and then Officer Peters where he had parked initially where my vehicle was parked.

JF: Okay.

RC: And he said like he was scanning the area looking for me.

JF: Okay.

RC: Then I saw the two, um, Cotati officers come, and they parked right in front of me. They see where I'm standing, they see my flashlight pointing at the subject, and they're, they're

****

there. I advised them that he has something in his waistband or somethin', he just threw something from, from his waistband, dropped something, um, to be careful.

JF: Okay.

RC: Um, give him the orders to get on his, uh, stomach. Um, the two officers proceed to cuff him, and then one officer goes and gets the medical aid while Officer, um, and Officer Peters go and begin to, um, give me a pat search.

JF: Okay. And did you at any point step in and help with the, the pat search or the rendering of aid or taking him into custody?

RC: So, I went over there, and as they were searching, I just kind of searched around him.

JF: Okay.

RC: And I, and I advised them to check his waistband.

JF: Okay.

RC: And I didn't touch him or anything, I just checked, um, his surroundings to see if he threw anything while, um, after the, the first shot.

JF: Okay. And, and then at some point, you were, you're, you're taken away from that scene.

RC: Well, they have him under control, and I asked 'em if it's okay if I remove myself, and they said definitely, and, and, um, the officer from Cotati, um, a female officer, I know her as Bea –

JF: Right.

RC: – um, she walked with me over to the church area.

JF: Okay.

RC: And we just sat there for a little bit.

****

****

JF: Okay. All right. Now, I wanna, um, so as he's runnin', so as this guy, as the subject's runnin' and he's tuggin' at his, at his waistband, um, you believe that there's, he's got some kinda weapon.

RC: Right.

JF: What's goin' through your mind? What are you, what are you feeling, um, ya know, what, what kinda things are, what kind of emotions are you goin' through at this point?

RC: I'm scared.

JF: And what, what are you scared of, what are you scared of?

RC: I'm scared that I'm gonna get hurt. I'm scared that he's gonna shoot me. I know that this guy matches the description of an earlier shooting suspect, and I know we did not recover a weapon.

JF: Okay.

RC: So my mind is like he is still in possession of a weapon. I'm scared that he's gonna shoot me. I'm, I mean, and that just made it worse the moment he turned and just stared at me, and it was the glance that, that got me, the glance that, ya know, he says whatever I have in my waistband, as soon as I remove it, you're dead.

JF: And that's what you take from the glance.

RC: That's what I take from the glance.

JF: Okay.

RC: I mean 'cause there's, I mean I would, I would assume that somebody running would be looking back, looking at your feet to see how fast you're running, looking at where your arms are going. Are you full blast running? Is your gun, is your hand on your gun ready to retrieve it. Nothing. He did not, his eyes did not go below my neck. It was straight face, and eye-to-eye contact.

JF: And as he's, as he's running and tugging at this object, is he speeding up, is he slowing down, is he startin' to turn?

****

****

RC: So, so, as he's struggling, it looks like he's starting to slow down a little bit, mostly 'cause he's occupied in retrieving whatever's in his waistband.

JF: Okay.

RC: So, I, I see him. He's staring back, but he starts staring back every like six steps or so, and then he starts doing like at five or four steps, um, and then the last was the actual turning motion and, and his arm, elbow out, bein' out and, and making that gesture of having been –

JF: Okay.

RC: – about to shoot.

JF: And, and at that point, when you fire the, the two shots at him, where about was he? Was he, there's –

RC: He was –

JF: – the roadway then the sidewalk.

RC: So, roadway, so best describe it is, um, the bike lane –

JF: Uh huh.

RC: – the sidewalk and then that area, the grassy area, he was probably 5 to 6 feet into that grassy area.

JF: Okay.

RC: I was at the bike path.

JF: Okay. Then you were in the bike path when you fired your, the shots?

RC: Yes.

JF: Okay. And as he's running that direction, what, what do are seein' past him, what, what is he running towards?

****

****

RC: Brush. I see brush and fence.

JF: Okay.

RC: So, in my opinion, uh, first I thought that there was like either another creek or like a brush area, kind of a green, little just lot that's been left, um –

JF: Mm hmm.

RC: – alone for while because it looked like it was growin' out trees and brush was covering it. So, I saw a fence area, and I, um, not that tall of a fence but still that and, um, a little bitta lighting in the far back. I thought they were streetlights.

JF: Okay.

RC: Um, and it happened to be residence, a residence.

JF: Okay. And tell me what was goin' through your mind, um, thinkin' about if this guy gets away, what, what was so important, why was it so important for you to take this subject into custody?

RC: So, I was only, during the first, initial report, um, of the four females, um, I was contacting, I was gettin' their information, and I was kinda hearing a little bit of what they were saying, and, um, this guy shot at four females, and he shot approximately six to eight shots for no apparent reason except for that he was pissed and he was gonna kill some, um, to quote them, "kill some niggers tonight," or "kill these niggas," or somethin' like that.

JF: So you heard –

RC: The females.

JF: – telling the other –

RC: The officers.

JF: – officers that –

RC: Yeah.

****

****

JF: – as you were getting –

RC: Yeah.

JF: – horsepower from –

RC: I mean, this guy does not, this guy does not care. He's, he's a danger to, to the general safety, to the general public. I mean, he's shootin' shots at a crowded Thursday night.

JF: Right.

RC: Ya know? In the near, downtown area, I mean, at 2-something in the morning. That's when the bars are closin'. Everybody who doesn't take an Uber and lives close is walking home.

JF: Okay.

RC: Ya know, back to their, either back to Sonoma State or back to their apartment complexes or homes in the area, and he's firing six to eight shots at, ya know, just wildly.

JF: Right.

RC: I mean, my first impression, he's a danger to society.

JF: And if he gets away from you?

RC: If he gets away from me, what, I mean, if he attempted that, ya know, and there was no, um, there was nobody in pursuit of him and he did that, imagine if there was a, now a police officer chasin' him, ya know, what, what, what the, what's gonna stop him from kicking down a door and taking hostages, or, ya know, grabbing, grabbing somebody or shooting his way out of, uh, an incident, stealing a car or something. I mean –

JF: Okay.

RC: – the possibilities are endless of what this guy most likely would be capable of doing just to get away.

****

JF: Okay. Now, like we talked about earlier, you did a walkthrough of the scene, um, and I've got a pretty good grasp on it from bein' out there.

RC: Mm hmm.

JF: Is there anything else that you may have noticed at the scene on the walkthrough that –

RC: I had –

JF: – is different than you remembered?

RC: Just the, the middle of the street, I saw where the cables had been detached from the, uh, from the Taser.

JF: Okay.

RC: Um, I knew, I knew that the cables were no longer attached to the Taser, but I didn't know if they were still attached to the suspect or if they were just, and being there I saw the, uh, wiring at the middle of the street.

JF: Okay.

RC: I told you that.

JF: And you told me you don't have any, there were no body-worn cameras –

RC: Mm mm.

JF: – that you, that you had.

RC: Correct.

JF: Um, your audio recorder was not recording.

RC: Correct.

JF: So you haven't, um, have you reviewed any video of the incident, whether it be Cotati PD body cams or any other –

****

****

RC: No.

JF: – video, okay, prior to this interview? Is there anything, um, that we haven't, that I haven't asked that you wanna add? Anything that you think that's important at this point that I may have neglected to add?

RC: Um, I just found out that, um, we believe that the Taser has a video camera in it.

ZD: Potentially, yes.

RC: Potentially is fine and –

JF: Okay.

ZD: Okay.

RC: But that's what I was told, and I was under the impression that it didn't 'cause they had switched out from those, but –

JF: Okay.

RC: – I was, I was hoping if it was that, ya know, hoping that the footage has been viewed.

JF: Okay. You have any questions?

SM: Uh, just a couple. Uh, as far as your Taser, you've been through, uh, department Taser training?

RC: Right.

SM: You're certified to use a Taser?

RC: Yes.

SM: Okay. Uh, were you carryin' a flashlight during the incident?

RC: Yes.

SM: Okay. Did you utilize, utilize that flashlight?

****

****

RC: I utilized it after the first shot. After the second shot, and I, um, after the suspect fell, and I was able to find that pole of cover, quickly removed my flashlight, shined it at him, told him not to move and stay where he was at –

SM: Okay.

RC: – while giving him commands to just show me his hands.

SM: Okay. Do you carry a flashlight on your handgun?

RC: No.

SM: Okay. Uh, you talked about lighting condition earlier. Um, did you feel, was there any change in lighting condition from streetlights as from the beginning of where ya had him up against your car where he pushed him until the end where ya chased him? Did the lighting condition change at all? Did it get lighter? Did it get darker?

RC: Um, I mean, it got, I'd say right where that incident, the shooting took place, it wasn't as much lighting as the south side where I initially contacted him.

SM: Okay, and then listening to the interview, you pulled your Taser. You tased him, he, he dropped, jumped back up, what you said immediately –

RC: Mm hmm.

SM: – pushed up. Uh, you continued to chase him. At what point did you pull your firearm during this, during this –

RC: So –

SM: – chase?

RC: – when he actually started swinging the arm and it was extendedly out, that's when I pulled my firearm and fired two shots.

SM: Okay. Okay.

JF: Okay.

****

****

ZD: Okay.

JF: Why don't, we'll take a –

ZD: Sure.

JF: – we'll take a break.

ZD: That's fine.

JF: All right? All right. We're back on the record at, uh, 1738 hours after a short break. All right. Rafael, I just have a couple, just some clarifying questions, um –

RC: Okay.

JF: – for ya. Now, when you told me you were, you were travelin' down East Cotati headin' east, eastbound –

RC: Mm hmm.

JF: – after the briefing at Cotati PD, and you saw the individual with it, with the, uh, his shirt pulled up, pulled up over his, his head and his arms, arms tucked in, you had mentioned that he had mud on his pants. You noticed he had mud on his pants.

RC: It looked like he had residue on his shoes, pants.

JF: And what, what was the significance, in your mind, of seeing the mud on his pants? What did that make you think?

RC: That he was out in the creek area which is where I spotted him, um, being that if you were, uh, involved in an incident where you probably don't want the police to find you, you're gonna run off the trails, off the roadway and into, um, areas where people normally wouldn't travel either to hide out or to get away.

JF: Okay. All right. And you had described, um, a tattoo and I believe you said it, you thought it was on his right hand –

RC: Right, correct.

****

****

JF: – and it was a Huelga bird?

RC: Uh, it was a, um, uh, the Huelga bird, yeah.

JF: Yeah. And did you notice or can you recall any other tattoos on the bod, on his body that you saw, and if so, can you describe them?

RC: When I, when I had him facing the car, um, I thought at first it was dirt on his face.

JF: Okay.

RC: But there were actually tattoos on his face. I couldn't make up what they were, but, um, I wanna say some of 'em were, um, gang associated.

JF: Okay. And where about on his face to you remember the tattoos.

RC: Um, near the eyes, uh, kinda cheek area here and here.

JF: And, so on both?

RC: Um, either both or just one, I don't recall exactly.

JF: Okay. And if you can't recall what side of the face that's –

RC: No.

JF: Okay.

RC: I can't.

JF: And as, after you tased him, the Taser has no effect, he pops up and, and he runs.

RC: Mm hmm.

JF: Did he at any point stop running. You had told me he slowed down.

RC: He slowed down, so, so right when he gets to the middle of the street and he starts tugging, I noticed that his speed slows down, so does mine after I get the reflection of the

****

silver chrome, uh, silver, uh, object. And then he's either slowing down, kind of pace like jogging, power walking pace, and that's when he actually turns around and starts swinging his right elbow out towards, um, out of his body and towards my direction.

JF: Okay. So he, he doesn't actually ever stop?

RC: No.

JF: Okay. And your position, your positioning behind him if, if he's, let's say he's at 12:00 –

RC: Mm hmm.

JF: – where would you put yourself at the point when you fired?

RC: I would put myself just, um, so 12, I'm honestly like at the 5 –

JF: Okay.

RC: – not even. I mean I'm –

JF: Right.

RC: – close to between 5 and 6.

JF: So not, so not directly behind him, but –

RC: Not directly behalf him but just enough to see if he was gonna, 'cause I mean, is he gonna turn left, is he gonna go right, is he gonna go straight? I wanna make sure that if he goes left I have, I still have that advantage where I can turn. If he goes right, I'm able to just cut him across and tackle him.

JF: Okay. And when you eventually shot your two shots, were you, had you stopped running or were you still –

RC: I was stopped.

JF: You were stopped, okay. And he was slowing down into that bark area.

RC: Right.

****

****

JF: And if I'm correct, you were stopped in the bike lane.

RC: Bicycle lane -

JF: Okay. And if you recall when they happened, or actually if you can recall from when you tased him, he goes down and he starts running across the street. Did you notice any traffic in the area, whether it be ve, vehicular or –

RC: There was –

JF: – pedestrian traffic.

RC: – nobody in the area.

JF: Okay. Did you see anybody out on their porches? Did you see any, anybody out and about?

RC: No.

JF: Okay.

RC: There was absolutely, there's, I mean, that's why I was able to flip a U.

JF: Okay.

RC: Because the roadway was done.

JF: It was just you and him out there.

RC: Just us two.

JF: Okay.

SM: Just to clarify something, um, when you say he slowed down at the final point where he slowed down, how fast, how fast was he moving?

RC: He was still, um, he wasn't full blow, 100 percent jogging.

****

****

SM: Mm hmm.

RC: And he probably slowed to a good like 50 percent –

SM: Okay.

RC: – to where I would kinda consider it as a power walk, kinda –

SM: Okay.

RC: – of a –

SM: So he wasn't in a sprint?

RC: He wasn't, he was no longer in a sprint.

SM: He had slowed down to a walk, more of a power walk.

RC: Right.

SM: Okay. And just, just for clarification for me, um, I'm hoping you could demonstrate. Okay?

RC: Okay.

SM: So, if I'm you and if you're him, can ya just stand up and show me? So, you keep showing me how he's tugging.

RC: So, so he's constantly doing this.

SM: Okay.

RC: So, and this is ****.

SM: And then how, when he looks at you, how does, how does that –

RC: So, he does this, looked at me –

SM: Okay. And that's when he turns his upper body –

****

****

RC: Right.

SM: – doesn't necessarily turn below the waist –

RC: This much right here.

SM: – but he turns his upper body –

RC: Right, so it's –

SM: – so you can see his hand tugging on something –

RC: Right. And then, um –

SM: – is what you're demonstrating here.

RC: – I believe that, right, and I believe the light emitting from church, they have like a light outside was what, what I captured from the reflection –

SM: Okay.

RC: – of the, that shine down to the silver chrome piece.

SM: Okay. So just so we're clear 'cause we're not on video here and we're on audio, you're demonstrating that, you're turning your right side of your body around while looking at me, and I can see your waistband. So you're tugging and that's when at the waistband, you could see something chrome.

RC: Correct.

SM: Okay, uh, just one more question, uh, thank you, uh, just one more question. You, you described how, um, after the Taser you did not have your gun out, right?

RC: Correct.

SM: You chased him, he went across the street and he was tugging, and you said that moment that he tugged and you saw his arm rise further, what went through your mind at that point?

****

****

RC: So, at that point, I had my hand on my gun, and I had the first security measure, which is the top lever, um, pressed. So, that was open, all I had to do was press the side and pull up.

SM: What were you feeling at that point?

RC: I was feeling that he was gonna shoot me. I was feeling scared that, that I was gonna die right then and there. His intention was to get away, and if that meant killing me, that meant killing me, and he had absolutely would have continued on his way.

JF: Anything else you would like to add?

RC: No.

ZD: Yeah, um, I did wanna add that, uh, or ask, ask a couple, a couple questions, if that's okay. Okay. So, um, as he's running away and he's tugging at his waistband, um, and obviously you have lots of reasons to believe that this is a, potentially a weapon.

RC: Right.

ZD: Um, as he's turning and slowing down, uh, your, your thought is that I need to find cover, correct?

RC: Correct.

ZD: And, and that's because you believe he's slowing to turn to fire at you, correct? Okay. That's the only thing I have.

RC: I believed that he purposely ran that direction 'cause it got me away from anything I had to cover. Even if I was on the sidewalk, there's trees, there's something that, there's parked cars, something I can use for cover. He purposely got to the middle, and that's when he started reaching for his weapon.

JF: I'm good. All right. We'll go off the record here at 1746 hours.

Supplement Narrative

SUPPLEMENTAL REPORT

Case No. 170505-002
Sonoma County Sheriff`s Office
Violent Crime Investigations Unit
Det. Hanshew #1627

****

SUPPLEMENT:

On 5-5-17 at approx. 0620 hrs., I received a call from the acting Sonoma County Sheriff`s Office Violent Crime Investigations supervisor, Sgt. S. Murphy. According to Sgt. Murphy, he explained that a member of the Sonoma State University (SSU) police was involved in an officer-involved-shooting and requested that we meet at the Sonoma County Sheriff`s Office to assist with the investigation.

****

ARRIVAL AT THE SONOMA COUNTY SHERIFF`S OFFICE:

On 5-5-17 at approx. 0730 hrs., I arrived at the Sonoma County Sheriff`s Office.

On 5-5-17 at approx. 0740 hrs., Sgt. Murphy provided us with a briefing. In essence, Sgt. Murphy explained that the officer had investigated a disturbance at or near a bar which then resulted in the suspect (later found to be S-Eduardo Sanchez Martinez) firing gunshots. Approx. four (4) hours later, a SSU police officer contacted Martinez where a confrontation ensued and his Taser was deployed, before firing his duty-weapon which struck Martinez in the back.

****

ARRIVAL AT THE COTATI POLICE DEPARTMENT:

On 5-5-17 at approx. 0835 hrs., I arrived at the Cotati Police Department. There, I met with the following individuals:

SSU POLICE DEPARTMENT:
-SSU Police Captain, Captain D. Dougherty

COTATI POLICE DEPARTMENT:
-Cotati Police Chief, Chief M. Parish

SONOMA COUNTY DISTRICT ATTORNEY`S OFFICE:
-Deputy District Attorney, R. Waner
-Deputy District Attorney Investigator, L. Chapman

SONOMA COUNTY SHERIFF`S OFFICE:
-Sonoma County Sheriff`s Office Field Services Supervisor, Lt. A. Vernon
-SCSO Property Crimes Investigations Supervisor, Sgt. S. Murphy
-SCSO Crime Scene Investigations Supervisor, Sgt. V. Eaton
-Property Crimes Detective, Det. S. McKinnon
-Property Crimes Detective, Det. R. Sedgwick
-Property Crimes Detective, Det. T. Piersol
-Crime Scene Investigations Detective, Det. D. Fong
-Crime Scene Investigations Detective, Det. T. Newton
-Crime Scene Investigations Detective, Det. M. Baraz
-Crime Scene Investigations Detective, Det. M. Parlato
-Violent Crime Investigations Detective, Det. J. Fowler
-Violent Crime Investigations Detective, Det. J Toney

A briefing was provided by Lt. Vernon regarding the incident and the involved-officer. Refer to Det. Fowler`s supplemental report regarding that briefing.

****

TIP FROM DET. MCKINNON:

On 5-5-17 at approx. 0945 hrs., I received a note from Det. McKinnon. According to Det. McKinnon, he received the note from a Cotati dispatcher which was from a person named, [redacted] Apparently, [redacted] called the Cotati Police Department ([redacted] and reported that her friend (she identified as '[redacted] was struck by a male with a firearm on E. Cotati Ave.

****

CRIME SCENE WALK THROUGH:

On 5-5-17 at approx. 1010 hrs., I signed the crime scene log being manned by Deputy J. Silva before entering the scene via Charles Street and E. Cotati Ave.

On 5-5-17 at approx. 1045 hrs., I exited the crime scene.

****

INTERVIEW WITH [redacted]

On 5-5-17 at approx. 1205 hrs., Det. S. McKinnon and I traveled to and arrived at [redacted] in Santa Rosa, CA. There, I activated my hand-held Olympus digital voice recorder. Det. McKinnon and I then knocked on the door leading into the residence. We were greeted by an elderly HFA who claimed she was the mother (believed to be [redacted] of the person I identified as '[redacted]

I then asked [redacted] if we could enter her residence to speak. [redacted] replied, "O.K." Upon entering the residence we learned that a small child was inside (later found to be [redacted] son).

According to [redacted] she did not speak English and initially tried to get a patrol deputy to the scene to assist

with translation. However, moments later [redacted] called out to another HFA (later identified as CO-[redacted] who [redacted] told us spoke English. Moments later, [redacted] emerged from a rear bedroom and entered the living room where we were located. The following is a summary of our interview with [redacted]

After introductions, [redacted] identified herself as [redacted] explained she was Martinez`s girlfriend, and admitted that she was with him the previous evening. As a matter of fact, [redacted] would later tell us that she has been Martinez`s girlfriend for the past 5-6 months.

According to [redacted] the previous evening she was with Martinez in downtown Cotati at what she referred to as the "crawl." I then clarified, "The beer crawl?" [redacted] admitted it was.

[redacted] explained that on the previous evening (5-4-17) at approx. 2200-2300 hours she met Martinez at the "crawl" (in Cotati) while in the company of several of her co-workers from [redacted] (e.g., "[redacted]. Initially, [redacted] explained they initially tried to get into Spancky`s Bar located at 8201 Old Redwood Hwy., but it was too crowded. Therefore, they went to The Tradewinds located at 8210 Old Redwood Hwy.

According to [redacted] sometime near the closing of Tradewinds she was ejected from the bar after pushing Martinez. According to [redacted] she admitted that she observed Martinez dancing with another woman and "it looked weird." However, when asked, [redacted] denied that Martinez was "coming onto" another women. Still, [redacted] admitted to pushing Martinez which caused her to be ejected from Tradewinds. I then asked, "So, you became jealousneedless to say?" [redacted] replied, "A little bityeah." I asked [redacted] if Martinez ever pushed her back. [redacted] indicated he did not.

After being ejected by The Tradewinds staff, [redacted] waited outside The Tradewinds for the next hour and thirty minutes (90 minutes). On 5-5-17 at approx. 0200 hrs., misc. people began to exit The Tradewinds. I asked [redacted] if she was then reunited with Martinez. [redacted] eplied, "I kinda lost himto be honest." According to [redacted] she was not paying that much attention due to the fact that "I was kinda upsetI`m not gonna lie." [redacted] did, however, locate her group of friends.

I asked [redacted] what happened between "the group of girls." [redacted] admitted to observing "two white girls" fighting, but did not know them. [redacted] would later tell me that the fight occurred across from Spancky`s located at 8201 Old Redwood Hwy. And, when asked, [redacted] initially told me that she was not involved in the fight. However, [redacted] admitted that she did, in fact, try and "separate them" even though she stated, "I don`t like getting involved in shstuff" and that it was "none of my business."

I then asked [redacted] "Then why go over and separate the two girls if it`s?" [redacted] replied, "Wellwhy would you want them fighting?" [redacted] then admitted that it was her friends who were "going to separate them" and she too decided to "go help too."

I asked [redacted] if one of her friends were involved in the fight. [redacted] replied, "No," but later indicated she was unsure, and thought the fight involved "one of my guy-friend`s ex-girlfriend." This was due to the fact that [redacted] overheard the word, "Girlfriend" during the fight and [redacted] explained, "that`s why I reacted." Later, I would ask [redacted] which "guy-friend" she was referring to. [redacted] paused before replying, "Ahhis name is [redacted] ut did not know his last name. [redacted] did admit, however, that she worked with [redacted] in Santa Rosa. According to [redacted] as she went to touch one of the females involved in the fight she stopped. According to [redacted] she did not want people to believe she was involved

in the fight.

I asked [redacted] where Martinez was located while the fight was occurring. [redacted] claimed she did not know. I asked [redacted] if Martinez became involved in a confrontation with any other women after the fight she mentioned above. According to [redacted] she did not observe that.

I asked [redacted] if she and Martinez became engage "in a confrontation" across from the Rancho Adobe fire station located 1 E Cotati Ave. [redacted] replied, "Yeah, we did." I told [redacted] to be honest, keeping in mind there were several CCTV video surveillance cameras in the area which captured them (ruse). I then asked [redacted] what happened between she and Martinez. [redacted] replied, "I let him go." I then asked [redacted] what led up to the confrontation. [redacted] replied, "Wellhe just got physical with people," before telling me she tried stopping him by hugging him. All the while, [redacted] was urging Martinez to "Stop" before letting him go.

I asked [redacted] where it was exactly that Martinez became physical with people. [redacted] was unsure, but indicated there was a park nearby (believed to be referring to Cotati Downtown Plaza). Therefore, I drew a sketch (not to scale) of downtown Cotati depicting La Plaza, E. Cotati Ave., and a portion of Old Redwood Hwy. (near La Plaza and E. Cotati Ave.).

NOTE: Later, I scanned the sketch into the "attachments" module of this I/leads report. See attached.

I then used the maps feature on a cellular phone to reference downtown Cotati. Upon doing so, [redacted] indicated that she and Martinez were located in the area of LaPlaza and E. Cotati Avenue when she characterized the incident as "it got worse." As a matter of fact, [redacted] indicated she and Martinez were across from MaK`s Deli located at 101 E. Cotati Ave. [redacted] would later confirm the location to be on E. Cotati Ave., east of LaPlaza, but on the south side of the street.

I asked [redacted] what occurred while they were on E. Cotati Ave. [redacted] replied, "Wellhe just got physical and stuffwell, not with me" I then asked [redacted] what the argument was over. According to [redacted] a "black guy" started arguing with Martinez for reasons unknown to her. According to [redacted] she surmised that the "black guy" was arguing with Martinez because of the "girl fight." I asked [redacted] if she was guessing, before claiming she in fact knew the reason. [redacted] replied, "Well, yeah I`m telling you, but I"

[redacted] would admit that the person she referred to as the "black guy" was "trying to separate it" (referring to the fight). When asked [redacted] told me that neither she, nor Martinez knew the person she referred to as the "black guy." I asked [redacted] what the context of the conversation between Martinez and the "black guy" was. [redacted] did not know, but characterized it as "shit talking."

I asked [redacted] how many people were present at the time. [redacted] indicated there were a lot of people, possibly ten (10) to fifteen (15). [redacted] indicated that not only was she present on E. Cotati Ave., but Martinez was as well, the "black guy," and approx. two additional women (whom she never met). According to [redacted] two of her friends and co-workers at [redacted] were also present.

I asked [redacted] why it was that Martinez produced a firearm on E. Cotati Ave. [redacted] replied, "I do not know the reason whyhe pulled that out." [redacted] surmised that it may have been because "they were getting physical."

I asked [redacted] if she observed the "black male" in possession of a firearm. [redacted] indicated she did not. I

asked [redacted] if she ever observed the BMA with any other weapons (e.g., stick or knife). [redacted] replied, "I don`t recall that." [redacted] claimed there were other people associated with the person she described as the "black guy" who were also "getting in it" (referring to the fight).

I asked [redacted] how many additional males were associated with the person she referred to as the "black guy." [redacted] indicated there were approx. 2-3 BMA`s.

I asked [redacted] why it was that Martinez was in possession of a firearm. [redacted] claimed to not know. But, when asked, [redacted] described the firearm as being black in color. I asked [redacted] if she knew Martinez was in possession of the firearm when they were at The Tradewinds. Initially, [redacted] claimed to not know.

I asked [redacted] if Martinez ever told her that he was in possession of a firearm. [redacted] indicated Martinez did not. [redacted] then spontaneously stated, "I meanI assumedI felt something, but I wanted to think it was his belt." I asked [redacted] when it was that she felt the object. [redacted] replied, "When I hit himkind of," before she recanted and told me that it was when she "bumped into" Martinez across from Spancky`s Bar near Old Redwood Highway and LaPlaza.

I had [redacted] describe, while demonstrating when she made contact with Martinez. As [redacted] was demonstrating, she indicated she "kind of whacked him" using the back of her right hand to strike Martinez near the left/front area of his waistband, nearest his left pants pocket. According to [redacted] they were "just playing around like that."

According to [redacted] at the time she believed that it might have been Martinez`s belt and claimed she never asked him about what the object was exactly. I asked [redacted] "Did you think it was a gun?" [redacted] replied, "I assumedbut there was no need for that shitand I just didn`t want to question it."

I asked [redacted] why it was that Martinez started "dragging you." [redacted] replied, "`Cause he wanted me to go with him, but I did not want to go with him." According to [redacted] she explained that she and Martinez started to "get more into it" on the southside of E. Cotati Ave., just east, but across from MaK`s Deli. At that time, [redacted] explained that Martinez was grabbing her wrist (while demonstrating with me) before wanting her to flee E/B on the southside of E. Cotati Ave. However, [redacted] admitted that she refused.

I asked [redacted] at what point during the incident she heard gunfire erupt. According to [redacted] approx. ten (10) seconds before Martinez pulled her to go with him was when she heard approx. two (2) slowly fired gunshots. At the time, [redacted] also admitted to observing Martinez holding a firearm in his right hand which was pointed upward. [redacted] also admitted that after hearing the gunfire, "everybody just left."

I asked [redacted] how long Martinez and the BMA`s argued before Martinez produced a firearm and fired the gunshots. According to [redacted] the argument occurred for approx. five (5) minutes and it was over the fight having occurred earlier.

According to [redacted] after refusing to leave with Martinez she watched to "see where he went" (referring to Martinez), but stopped after she could not see him any longer. According to [redacted] she then called her friend and co-worker [redacted] then agreed to meet [redacted] in Cotati, possibly, in the area of Charles Street and Old Redwood Hwy. After which, [redacted] droves [redacted] back to Martinez`s residence located at [redacted], arriving at approx. 0340-0400 hrs. [redacted] admitted she would remain at Martinez`s residence the rest of the evening.

I asked [redacted] if she ever heard from Martinez after he fled. [redacted] replied, "No." I asked [redacted] if Martinez called her. [redacted] replied, "No." According to [redacted] Martinez did not have a cellular phone the previous evening. And, [redacted] alleged that Martinez does not have an Instagram, Facebook, or Snapchat account.

I asked [redacted] again if she ever observed any of the BMA`s arm themselves with any weapons, including, firearms. According to [redacted] she never observed any of the BMA`s arm themselves with any weapons.

I then asked [redacted] why it was that Martinez produced a firearm during the incident. [redacted] replied, "Wellthey were stepping forwardI mean I would feel a littleyou knowlikeoh they`re are going to do something to me kind of thingbut I meanI really don`t know what they were thinking."

I asked [redacted] if Martinez made any statements before producing the firearm. [redacted] replied in a slow low tone of voice, "Idon`t recall."

I asked [redacted] if she observed where it was Martinez fled to after firing the gunshots. [redacted] indicated she did not. According to [redacted] she had no idea where Martinez went. And, when asked, [redacted] explained that Martinez`s mother had not yet heard from him since "going out" the previous evening.

During the interview, I asked [redacted] for the phone numbers of her co-workers who accompanied her to Cotati on the evening of the incident. [redacted] explained that she did not have any of their phone numbers, but that she communicates with them via Instagram.

I asked [redacted] if she ever used Instagram to inform anyone about what occurred previously. [redacted] replied, "Umkindaa little bitmy friend [redacted] Essentially, [redacted] explained that she and [redacted] discussed the incident and that she [redacted] indicated the incident "got crazy." Also, [redacted] confirmed [redacted] was present during the incident "for a bit." As a matter of fact, [redacted] confirmed both "[redacted]" were present when the gunshots were fired by Martinez.

I asked [redacted] what her Instagram username was. According to [redacted] her Instagram username was "[redacted]" before being interrupted by Martinez`s mother who began speaking in Spanish. A short time later, Martinez`s mother asked me ([redacted] if we would be able to access her Instagram account information. I informed both of them that if allowed by a judge, then I would be.

NOTE: Later, I learned from Det. S. McKinnon that the Instagram account associated with [redacted] was [redacted] and the account associated with Martinez was "[redacted]"

I then informed [redacted] and Martinez`s mother that he (Martinez) was, in fact, at Memorial Hospital being treated after "a confrontation with a policeman." Martinez`s mother then asked me why it was that I did not initially tell her what happened to Martinez when we first arrived. I told [redacted] and Martinez`s mother that we were trying to determine what occurred the previous evening.

After which, both [redacted] and Martinez`s mother began gathering items to leave their residence. A short time later, Det. McKinnon and I left the residence and concluded our interview with [redacted] and Martinez`s mother.

NOTE: Later, I downloaded the above recording onto a CD-R disc which was labeled as evidence item #2JJH before being booked into Sonoma County Sheriff`s Office property/evidence.

****

INTERVIEW WITH [redacted]

On 5-5-17 at approx. 1115 hrs., I activated my hand-held Olympus digital voice recorder before telephoning [redacted] at the number she provided to Cotati Dispatch earlier that morning [redacted] However, no one answered. Therefore, I left a message for [redacted] to call me back.

On 5-5-17 at approx. 1330 hrs., Det. S. McKinnon and I traveled to and arrived at [redacted] in Rohnert Park to contact [redacted] There, I activated my Olympus digital voice recorder before contacting [redacted] The following is a summary of our interview with [redacted]

According to [redacted] after the incident she "heard talk on Facebook" about the shooting that occurred the previous evening. According to [redacted] she feared for her friend, "[redacted] later found to be W-[redacted] because "she was there," but ran from the scene.

According to [redacted] the previous evening she was in Cotati with several friends she identified as, "[redacted] (later identified as W-[redacted] (later found to be W-[redacted] and "[redacted] (later identified as W-[redacted]

According to [redacted] approx. thirty (30) to forty (40) minutes before the incident occurred she left Cotati with another friend (who [redacted] did not name) at approx. 0130 hours, "before the bars closed."

According to [redacted] later that morning (at approx. 0630-0700 hrs.) she called her friend ([redacted] to see if someone could pick her up from Sebastopol where she ended up. It was then that she learned of the incident and that "[redacted] was present for some portion of the incident. However, at the time of her call [redacted] admitted that neither she, nor any of her other friends knew where [redacted] went.

I asked [redacted] what it was that "[redacted] ld her regarding the incident. According to [redacted] explained that [redacted] and "this guy" became engaged in an argument. During the argument, the male struck [redacted] in the face.

According to [redacted] about this time [redacted] had already "turned around" and observed the male [redacted] was arguing was now in possession of a firearm. According to [redacted] continued by explaining that while the male was in possession of the firearm she pulled [redacted] away and/or was "defending each other" during the confrontation. In the end, [redacted] told me that [redacted] indicated "shots were firedand they ran." And, when asked, [redacted] did not know the exact location where this occurred.

According to [redacted] her friends (mentioned above) were walking home when [redacted] and "this guy" became engaged in an argument. When asked, [redacted] did not know the exact reason for the confrontation, but that "they were calling [redacted] a bitch." Additionally, [redacted] added that present at the scene of the confrontation was another female she characterized as "this guy's girlfriend or something" (possibly referring to [redacted]

I asked [redacted] if she learned of any names or descriptions of the male and female girlfriend. [redacted] did not. According to [redacted] the woman who she believed was the unknown named male's girlfriend was "defending him."

I asked [redacted] what her friends did after the male fired gunshots. According to [redacted] they all flee on E. Cotati Avenue and explained that her friends lived nearby.

I asked [redacted] if she knew the identity of the person I characterized as "the African-American gentlemen" at the scene during the incident. According to [redacted] she did not know of anyone who is African-American who was on scene. When asked, [redacted] admitted that none of her friends (mentioned above) ever made mention of an "African-American gentleman" who was on scene.

During the interview, [redacted] explained that [redacted] were "detained while they ran" near what she thought was behind Oliver's Market located at 546 E. Cotati Ave. According to [redacted] fled in a different direction and went straight back home.

NOTE: Later, Det. McKinnon and I would learn that [redacted] and four (4) additional women were contacted by RPDPS Officers K. Astley & Officer Wonneberger on 5-5-17 at approx. 0217 hrs.

On 5-5-17 at approx. 1402 hrs., we concluded our interview with [redacted]

NOTE: Later, I downloaded the above recordings (voicemail message and interview) onto a CD-R disc which was labeled as evidence item #1JJH before being booked into Sonoma County Sheriff's Office property/evidence.

****

INTERVIEW WITH [redacted]

On 5-5-17 at approx. 1430 hrs., Det. S. McKinnon and I traveled to and arrived at [redacted] There, I activated my hand-held Olympus digital voice recorder before contacting W- [redacted] who answered the front door leading into the above apartment. After greeting [redacted] she asked that we move downstairs so that we could speak. The following is a summary of our interview with [redacted]

Initially, [redacted] indicated she had no idea why we were speaking with her. I explained to [redacted] the reason for our visit and the incident having occurred the previous evening in Cotati. According to [redacted] she was "very intoxicated" the previous evening, but I assured her that was not my concern.

According to [redacted] the previous evening (at approx. 2300 hrs.) she drove to Cotati in her white Chevrolet S-10 P/U truck with [redacted] and [redacted] friend, "[redacted] According to [redacted] they later seen [redacted] while in Cotati.

According to [redacted] they entered several downtown Cotati bars. At one point and while inside Spancky's Bar, [redacted] ran into her ex-boyfriend, "[redacted] However, [redacted] explained that the two of them ended their relationship approx. 1-2 months ago.

According to [redacted] they then entered The Tradewinds Bar before she and [redacted] were ejected due to the fact that he [redacted] had been shoved by another male inside the bar. As a result, The Tradewinds staff ejected both [redacted] According to [redacted] this occurred at approx. 0130 hrs.

When asked, [redacted] described the male who pushed [redacted] as being a WMA, approx. 40 years old, and having a "grill in his teeth.

According to [redacted] after she and [redacted] had been ejected from The Tradewinds she began looking for the friends she arrived with. In doing so, [redacted] separated from [redacted] and found [redacted] who had [redacted] I.D.) and [redacted] who had [redacted] car keys), but could not recall exactly where. When asked, [redacted] was unsure where [redacted] and [redacted] were located.

According to [redacted] she recalled wanting to walk back to her residence. In doing so, she walked passed a group of people who began yelling at her. [redacted] explained that they encountered the people "right where the bus stop is" I then used a cellular smartphone to allow [redacted] to view a map of Cotati. Upon doing so, [redacted] referenced the east intersection of Old Redwood Highway and LaPlaza.

I asked [redacted] what the "issue" was with the group that was yelling at her. [redacted] was unsure, but admitted "there was an argumentand an altercation." I replied, "An altercation, meaning a fight?" [redacted] answered, "Yes." [redacted] would clarify that it was a "physical fight" and that she recalled a couple of people being involved.

I asked [redacted] who exactly was involved in the fight located at LaPlaza and Old Redwood Hwy. According to [redacted] it was "a big group of people who I didn't even know." I asked [redacted] if any of the friends she was with were involved in the fight. According to [redacted] she claimed to have talked with [redacted] earlier that morning and indicated "she tried to defend me." I asked [redacted] if she recalled being in a fight. [redacted] replied, "I remember thatI remember that." However, [redacted] indicated she did not recall seeing her friends involved in the fight.

According to [redacted] she did not recall exactly who she was fighting with. However, [redacted] recalled an argument before a "scuffle," then feeling her hair being pulled, and then fighting 2 women and approx. 2-3 additional males. And, when asked, [redacted] made clear that the people she was fighting with were located on the corner of Old Redwood Highway and LaPlaza and none of them were related to her friends.

After being involved in the fight, [redacted] admitted that she started walking northeast on LaPlaza before turning right onto eastbound E. Cotati Ave., attempting to return home. [redacted] was never involved in a second altercation with anyone on E. Cotati Ave. According to [redacted] she simply believed that all of her other friends were also on their way home.

I asked [redacted] what occurred on E. Cotati Ave. According to [redacted] as she was walking home via E. Cotati Avenue when she heard approx. two (2) gunshots which she described as being "really fast." Then, as she reached Chevron (believed to be located at E. Cotati Ave. and Lancaster Dr.) she turned around and observed "lights and everything" (referring to police vehicles). I asked [redacted] if she ever heard any screaming before after the gunfire. [redacted] replied, "No." It was then that [redacted] became concerned for her friends. Still, [redacted] walked back to her residence.

I asked [redacted] if she recalled being struck with a firearm while being involved in the confrontation with subjects on the east side of Old Redwood Highway at LaPlaza. [redacted] replied, "Nonot that I know of." I asked [redacted] if she ever observed anyone in possession of a firearm. [redacted] replied, "No." I also asked [redacted] if she recalled seeing anyone with tattoos on their face. [redacted] paused for approx. six seconds before answering, "Umnot that I remember."

I asked [redacted] if she ever called the police after arriving home to report what she observed or heard. According to [redacted] she observed police vehicles responding to the scene and believed that it had already

been reported, but did not know who was involved. And, when asked, [redacted] old Det. McKinnon she was never "stopped."

I asked [redacted] if she sustained any injuries or went to the hospital as a result of the fight. According to [redacted] she did not seek medical attention and only had a clump of her hair pulled out. And, at the time of our interview I did not observe any outward signed of trauma.

According to [redacted] the next time she spoke with misc. friends was this morning after waking-up. According to [redacted] she communicated with her friends via her laptop, due to her cellular phone being inoperable.

Later that morning, [redacted] picked-up [redacted] and gave her a ride to downtown Cotati where he truck remained parked.

Before concluding the interview, Det. McKinnon asked [redacted] if she or [redacted] were involved in any other altercations other than the ones mentioned above. [redacted] ndicated they were not.

On 5-5-17 at approx. 1456 hrs., we concluded our interview with [redacted]

NOTE: Later, I downloaded the above recording onto a CD-R disc which was labeled as evidence item #3JJH before being booked into Sonoma County Sheriff's Office property/evidence.

****

INTERVIEW WITH [redacted]

On 5-5-17 at approx. 1505 hrs., Det. McKinnon and I traveled to and arrived at [redacted] n Cotati. There, I activated my hand-held Olympus digital voice recorder before contacting W-[redacted] Before beginning the interview, [redacted] agreed to sit in our unmarked vehicle. The following is a summary of our interview with [redacted]

We explained to [redacted] who we worked for and the reason for our visit. [redacted] appeared happy that we were investigating the incident and indicated "it was very scary."

According to [redacted] the previous evening she accompanied [redacted] to downtown Cotati. [redacted] would explained that they initially entered Friar Tucks Pub before later entering The Tradewinds.

On 5-5-17 at approx. 0130-0200 hrs., [redacted] explained that the bars "let out" in downtown Cotati. As [redacted] explained it, she exited The Tradewinds while in the company of [redacted] nd two (2) other girls (later found to be W-[redacted] they met in The Tradewinds. According to [redacted] left earlier in the evening and was not present when the bars closed and she did not see [redacted]

I asked [redacted] if there ever was an "issue" with anyone inside Friar Tucks Pub or at The Tradewinds with anyone in her group of friends. [redacted] replied, "Nope."

According to [redacted], she and [redacted] began walking slightly in front of the remaining people in their group on the east side of S/B Old Redwood Hwy., toward Charles St. However, [redacted] noticed that they

were walking the wrong way and started walking N/B on the east side of Old Redwood Hwy., toward LaPlaza. According to [redacted] at LaPlaza they turned right and started walking northeast on the south side of LaPlaza toward E. Cotati Ave.

I then asked [redacted] if there was a "confrontation" in the area located on the east side of Old Redwood Highway at LaPlaza. [redacted] did not know because she was walking with [redacted] ahead of her main group of friends. As a matter of fact, [redacted] would use a map on a cellular phone to indicate that she and [redacted] had already reached E. Cotati Avenue (from LaPlaza), while her larger group of friends were still located on the south side of LaPlaza, in between Old Redwood Highway and E. Cotati Ave.

According to [redacted], she and [redacted] were walking E/B on the south side of E. Cotati Avenue (across from MaK`s Deli) when they were contacted (from behind) by a woman who told them that [redacted] had been punched in the face. According to [redacted] she and [redacted] then turned around and responded back to the S/E intersection of E. Cotati Avenue and LaPlaza.

[redacted] explained that she then observed [redacted] who had her arms straight out in front of her, while facing another unknown named male who had his left arm out in front of him. And, according to [redacted] the male was holding a handgun in his right hand which was positioned near his right hip, and the barrel of the gun was pointed upward toward [redacted]

[redacted] described the firearm in possession of the male as being a "smaller gun" and thought it was black in color. I then asked [redacted] if the firearm was a semi-automatic or revolver. In doing so, I referenced my handgun which is a semi-automatic. [redacted] replied, "It was more like that," but approx. half of an inch longer. However, [redacted] later spoke with [redacted] who indicated he observed the firearm and thought it was silver in color.

[redacted] described the male armed with the firearm as being a "short fat Mexican guy" and made mention of another female who was standing next to him. According to [redacted] "all the girls" later told her (while being detained by the police after the incident) that the above HMA had tattoos, was wearing a white T-shirt, and jeans. However, when asked, [redacted] could not recall observing the male`s tattoos, T-shirt, and jeans, just a firearm. [redacted] did not believe she would be able to I.D. the HM if she were to see him again.

[redacted] also described the female as being a "short Mexican girl." According to [redacted] the HF was "holding him back from shooting by "holding his arms, and yelling, "Stopstop," while positioned to the male`s side as the incident was occurring. According to [redacted] it was obvious to her that the HF was trying to "stop him from what he was doing."

According to [redacted], she approached [redacted] before pulling on her arm to pull her away from the male. [redacted] then fled the scene with [redacted] and the two other women on the south side of E/B E. Cotati Ave. As they arrived at or near the area located on the south side of E. Cotati Avenue and across from our just east of MaK`s Deli located at 101 E. Cotati Ave., she heard approx. three (3) gunshots.

According to [redacted] they continued to flee before being stopped by approx. five (5) officers on the south side of E. Cotati Ave., just east of the Jaded Toad BBQ located at 500 E. Cotati Ave. In retrospect, [redacted] believed the police contact occurred at approx. 0215 hours (on 5-5-17).

NOTE: Later, Det. McKinnon and I would learn that [redacted] and four (4) additional women were contacted by RPDPS Officers on 5-5-17 at approx. 0217 hrs.

I asked [redacted] if she observed anyone else with the HM and the HF at the time of the incident. [redacted] replied, "Not that I saw." According to [redacted] she did not see anyone besides the HM and HF, including, anyone I characterized as "African-American gentlemen."

I asked [redacted] if she ever observed the HM and/or HF she described above in The Tradewinds earlier that evening. [redacted] could not recall.

I asked [redacted] if [redacted] ever told her what occurred between she and the HM and what the "issue" was between the two of them before she and [redacted] arrived to assist her. According to [redacted] had allegedly been punched in the head, but did not know why the confrontation began. [redacted] believed something occurred between the HM and [redacted] while on south side of E/B LaPlaza in between E. Cotati Avenue and Old Redwood Hwy.

On 5-5-17 at approx. 1550 hrs., we concluded our interview with [redacted]

NOTE: Later, I downloaded the above recording onto a CD-R disc which was labeled as evidence item #4JJH before being booked into Sonoma County Sheriff's Office property/evidence.

****

INTERVIEW WITH [redacted]

On 5-5-17 at approx. 1625 hrs., Det. S. McKinnon and I traveled to and arrived at [redacted] located at [redacted] There, I activated my hand-held Olympus digital voice recorder before contacting W- [redacted] in an employee area located to the rear of the business. The following is a summary of our interview with [redacted]

According to [redacted] when she first arrive in Cotati before the incident she was in the company of friends, [redacted] During the evening, [redacted] admitted to entering Friar Tucks Pub and The Tradewinds. When asked, [redacted] explained that no one in her group had any problems with anyone else in any of the bars they frequented that evening.

Later the following morning (on 5-5-17 at approx. 0200 hrs.), [redacted] left The Tradewinds. According to [redacted] she admitted that when she left downtown Cotati at approx. 0200 hours she was "really drunk." Before continuing with the interview, I referenced a map of Cotati via a cellular phone.

According to [redacted] after leaving The Tradewinds she was in the company of [redacted] and two (2) other women. [redacted] explained they walked N/B on Old Redwood Hwy., toward E. Cotati Ave. I then asked [redacted] became involved in an altercation at or near the corner of Old Redwood Highway at LaPlaza. [redacted] could not recall. And, later, I also asked [redacted] if an altercation occurred on LaPlaza in between Old Redwood Highway and E. Cotati Ave. Once again, [redacted] could not recall.

According to [redacted] she referenced the south side of E. Cotati Avenue at LaPlaza, near "the bus stop." In that location, [redacted] explained that she became involved in a fight with a male after watching the same male "hit a girl." However, [redacted] could not recall if the male struck a "Latina girl" she thought was the male's girlfriend, or if it was [redacted] I asked [redacted] who exactly [redacted] was fighting with. [redacted] believed it was the "Latina

girl."

According to told her earlier this morning (on 5-5-17) the "Latina girl" was ordering her to go home. responded by saying, "I'll walk you home," before the "Latina girl" started to escort her. However, turned around and responded back to the male before punching him in the face. I asked if was originally fighting with the male. could not recall.

When asked, described the aforementioned male as being "Mexican," wearing a white shirt, and possibly had neck tattoos. I asked if she could describe the tattoos she observed. could not recall, but was adamant she observed tattoos because she recalled thinking, "Oh, that guy looks really ghetto."

When asked, described the aforementioned "Latina girl" as being a "Bigger Latina girl" and possibly having brown hair.

According to during the fight with the above HMA she admitted to holding onto and possibly punching the HMA for approx. one (1) minute before "ripped me away." After which, and started to flee on foot after someone yelled, "Gun."

NOTE: According to as a result of the fight she sustained a "lump on my head" located on the upper/right side of her head. However, could not recall exactly how she sustained the injury. assumed she was struck by someone.

I asked if she ever observed the HMA she was in the fight with produce or in possession of a firearm. According to she did not, but claimed did which was the reason she "pulled me away."

According to she and fled (on foot) E/B on E. Cotati Avenue with and two (2) other women. According to approx. thirty (30) seconds after fleeing E/B on E. Cotati Ave., she heard three (3) gunshots. According to she never looked back and continued running.

According to her entire group of friends (nd two (2) girls) were stopped by law enforcement officers on the south side of E. Cotati Avenue, but slightly east of Jaded Toad BBQ located at 500 E. Cotati Ave. The officers initially believed was "the shooter." However, the officers soon figured out was not the person who fired a gun. According to the entire police contact lasted for approx. one (1) minute. After which, and her friends were released.

I asked if she would be able to identify the aforementioned HMA if she were to see him again. replied, "Maybemaybe." It was then that told me that she recalled the HMA possibly wearing a white baseball cap, but she could not be certain.

I asked about the two (2) girls they were in the company of as they fled the gunfire. According to hey had recently met the girls earlier that evening. As a matter of fact, one of the two girls, ' used to date friend, ' However, did not know the name of the other girl.

I asked if ever made mention to her that she was involved in a fight before she started fighting with the HMA. According to earlier this morning did, in fact, tell her that she "got beat up" and head was "kicked into the curb." However, when asked, never told who exactly assaulted her.

I asked [redacted] if [redacted] was involved in the fight. [redacted] did not believe so. I asked [redacted] if she ever observed any other individuals I described as "African-American folks" who were involved in the confrontation. [redacted] replied, "Not that I could recallno."

On 5-5-17 at approx. 1655 hrs., we concluded our interview with [redacted]

After conducting an interview with [redacted] obtained the first of two (2) color photo line-ups from a Sonoma County Sheriff's Office records technician which included Martinez in the #2 position. This particular photo-line consisted of six (6) individual full-page photos.

On 5-5-17 at approx. 1720 hrs., Det. McKinnon and I traveled back to and arrived at [redacted] located at [redacted] There, I re-activated my hand-held Olympus digital voice recorder before having [redacted] sit in my unmarked vehicle with Det. McKinnon present. The following is a summary of our interview with [redacted]

I began by reading [redacted] a photo line-up admonition. After which, I asked [redacted] if she understood what I had recently read her. [redacted] replied, "Yes, I understand." I then showed [redacted] the photo line-up. After viewing each of the photos, [redacted] indicated that the person depicted in photo #3 appeared familiar to her and possibly someone she encountered "once before." None one else depicted in the photo line-up appeared familiar to [redacted]

On 5-5-17 at approx. 1723 hrs., we concluded our second contact with [redacted]

NOTE: Later, I downloaded the above recordings onto a CD-R disc which was labeled as evidence item #5JJH before being booked into Sonoma County Sheriff's Office property/evidence. Also, I scanned a copy of the photo line-up into the "attachments" module of this I/leads report (see attached) and booked the original photo line-up and admonition into Sonoma County Sheriff's Office property/evidence (item #5(a)-JJH)

****

INTERIVEW WITH [redacted]

On 5-5-17 at approx. 1745 hrs., Det. McKinnon and traveled to and arrived at [redacted] in Santa Rosa, intending on contacting and interviewing [redacted] There, I activated my hand-held Olympus digital voice recorder before contacting what I later learned was [redacted] roommate, CO-[redacted] The following is a summary of our contact with [redacted]

According to [redacted] was not home and was traveling to work in Bodega Bay. However, it was obvious that [redacted] was also friends with [redacted] and heard what might have occurred.

According to [redacted] on 5-5-17 at approx. 1500 hours he heard (via [redacted] were trying to "help the girl out.andtheyI guess wereliketrying to confront the guy to calm down." However, [redacted] indicated the male "did not take it very well." As a result, [redacted] indicated he heard the male struck [redacted] After which, the male produced "a weapon." [redacted] admitted, however, he was not present at the scene.

[redacted] also admitted to speaking with [redacted] about the incident later that same day (on 5-5-17) at approx. 1510 hrs.

On 5-5-17 at approx. 1752 hrs., we concluded our interview with [redacted]

NOTE: Later, I downloaded the above recording onto a CD-R disc which was labeled as evidence item #6JJH before being booked into Sonoma County Sheriff`s Office property/evidence.

PHOTO LINE-UP SHOWN TO [redacted]

After speaking with [redacted], I obtained another (2nd) color photo line-ups from a Sonoma County Sheriff`s Office records technician which included Martinez in the #2 position. This particular photo-line consisted of six (6) individual full-page photos.

On 5-5-17 at approx. 1950 hrs., Det. McKinnon and I traveled to and arrived at [redacted] mother`s residence located at [redacted] There, I re-activated my hand-held Olympus digital voice recorder before contacting [redacted] and her mother. The following is a summary of our contact with [redacted]

I began by reading [redacted] a photo line-up admonition. After which, I asked [redacted] if she understood what I had recently read her. [redacted] replied, "Yes." I then showed [redacted] the photo line-up.

After viewing each of the photos, [redacted] ndicated that the HMA that was involved in the incident earlier that morning was the individual in either photo #1 or photo #4. However, [redacted] was unsure. According to [redacted], she was fifty percent (50%) sure about her decision.

On 5-5-17 at approx. 1956 hrs., we concluded our second contact with [redacted]

NOTE: Later, I downloaded the above recording onto a CD-R disc which was labeled as evidence item #4JJH before being booked into Sonoma County Sheriff`s Office property/evidence. Also, scanned a copy of the photo line-up into the "attachments" module of this I/leads report (see attached) and booked the original photo line-up and admonition into Sonoma County Sheriff`s Office property/evidence (item #4(a)-JJH).

INTERVIVEW WITH [redacted]

On 5-5-17 at approx. 2115 hrs., Det. McKinnon and I traveled to and arrived at [redacted] in Santa Rosa. There, I activated my hand-held Olympus digital voice recorder before meeting with W[redacted] [redacted] The following is a summary of our interview with [redacted]

According to [redacted] the previous evening (on 5-4-17) at approx. 2330 hours he met with friends, [redacted] and "two random girls we met at the bar" in downtown Cotati.

According to [redacted] they initially went to Spancky`s, Friar Tucks Pub, then The Tradewinds. And, according to [redacted] no one in his group of friends, including himself, had any problems with anyone at any of the three bars mentioned above.

On 5-5-17 at approx. 0200 hrs., [redacted] exited The Tradewinds with [redacted] and two other women he identified as [redacted] After exiting The Tradewinds, [redacted] explained that he and his friends began walking N/B on the east side of Old Redwood Hwy., toward LaPlaza.

At the southeast corner of LaPlaza and Old Redwood Hwy., [redacted] explained they encountered individuals he described as "random black guys" who told him they were from Kenya. According to [redacted] the BM`s jokingly asked [redacted] how it was that he "got all the girls." As a result, [redacted] indicated the BM`s "were following us a little bit." As a matter of fact, [redacted] made it clear that there were absolutely no problems with the BM`s and he described them as being "cool."

According to [redacted] he and [redacted] started walking ahead of, but in front of the remaining members of his friends, northeast on LaPlaza toward E. Cotati Ave. When asked, [redacted] did hear "some rowdiness" behind him, but did not think much of it and continued walking with [redacted] estimated the distance he and [redacted] were from the remaining members of his group to be approx. twenty (20) feet.

According to [redacted] he continued to walk with [redacted] on the south side of E/B E. Cotati Ave., while the other members of his group were located in the area of LaPlaza and E. Cotati Ave. As they were walking, [redacted] was approached from behind by [redacted] who indicated [redacted] had been punched in the head. As a result, [redacted] walked back toward the direction he just walked from to see what was going on.

Moments later, [redacted] observed a short, stocky "Latino guy" having a shaved head fighting with a short, stocky woman that [redacted] assumed was his girlfriend. [redacted] explained this was occurring near the bus stop located on the southside of LaPlaza, southwest of E. Cotati Ave.

NOTE: Later in the interview, [redacted] would further describe the above "Latino guy" as being a HMA, approx. 22-23 years old, approx. 5`-5" tall, having short dark brown colored hair, no facial hair, wearing a light colored grey short sleeved shirt, and baggy dark colored blue jeans. When asked, [redacted] did not recall the HMA wearing a baseball cap or having tattoos. [redacted] would further describe the HMA`s girlfriend as being a HFA, approx. 5`-5" tall, overly nourished, having dark brown or black hair, and wearing dark colored clothing. When asked, [redacted] did not notice any tattoos on the HFA.

According to [redacted] he watched as the woman was trying to grab onto the HM, but he was pushing her off of him while saying, "Get the fuck off of melikefucking bitch." I asked [redacted] if he overhead any names being mentioned by the HMA or the HFA during the conformation. [redacted] indicated he did not. However, [redacted] did recall hearing the HFA address the HMA as "baby." As a matter of fact, [redacted] heard, "Baby stop doing this," while the HMA responded, "Shut up bitch."

Additionally, [redacted] would later tell me that while the HM and the HFA were arguing he heard the HMA say, "Fuck niggersfuck niggers" and "fuck you niggersI fucking hate you niggers." As a result, [redacted] was unsure as to whether or not the HM was having a dispute with the BMA`s he initially observed. I asked [redacted] if he ever observed a confrontation between the HM and the males I referenced as the "African-American guys." [redacted] admitted he did not.

I asked [redacted] what the BM`s were doing while the HM was making the above statements. According to [redacted] the BM`s were simply standing there and they were not saying anything. About that time, [redacted] watched as the HM reached into his pocket or in his waistband before producing a "smaller" silver

semi-automatic firearm with a total length of approx. six (6) inches, possibly a .38 caliber. According to [redacted] the firearm appeared similar to a Kahr semi-automatic handgun.

After producing the silver firearm, the HM began actively displaying the firearm which was located in his right hand. According to [redacted] the two "African-American guys" then fled W/B on E. Cotati Ave., toward Old Redwood Hwy. All the while, [redacted] explained the HM`s girlfriend was attempting to calm him down, but he kept pushing her away. The female was trying to calm the HM by saying, "Oh, don`t do it" and "calm down." All the while, grabbing onto the HM`s arms, while he would push her away.

About that time, [redacted] ordered [redacted] to leave. After which, [redacted] and [redacted] began running E/B on E. Cotati Ave., toward the Jaded Toad BBQ. As they were running E/B, [redacted] told me that hear heard three (3) gunshots in rapid succession before hearing screaming. I asked [redacted] if he ever looked back to see who exactly what shooting. [redacted] replied, "No."

According to [redacted] when he heard the gunfire he accompanied "[redacted] into misc. field brush located on the southside of E. Cotati Ave., across from MaK`s Deli located 101 E. Cotati Ave. According to [redacted] took cover behind misc. vehicles. After which, [redacted] continued running E/B until they reached the Jaded Toad BBQ.

According to [redacted] as he and his group of friends fled E/B on E. Cotati Avenue they were stopped by law enforcement officers near Oliver`s Market. There, it was initially believed that [redacted] fit the description of the person who fired the gunshots. Approx. forty (40) minutes later, however, [redacted] was cleared as a suspect in the shooting and the entire group was released from the scene.

I asked [redacted] if he ever observed a confrontation between anyone at the southeast corner of Old Redwood Highway and LaPlaza after initially leaving The Tradewinds and initially observing the BM`s. [redacted] replied, "I did not."

I asked [redacted] if he ever observed the HM who later produced the silver firearm in any of the bars they frequented earlier in the evening. [redacted] indicated he did not.

During the interview, I asked [redacted] if he would be able to I.D. the HMA if he were to see him again. [redacted] replied, "Oh, yeah."

On 5-5-17 at approx. 2140 hrs., I read [redacted] a photo line-up admonition. After which, I asked [redacted] if he understood what I had recently read him. [redacted] replied, "Yes." I then showed [redacted] the same photo line-up as I showed [redacted] earlier that evening (item #4(a)-JJH). After viewing the photo line-up, [redacted] indicated that the HMA he observed with the silver firearm was not depicted in the photo line-up.

I asked [redacted] about the two (2) BM`s that they encountered at Old Redwood Highway and LaPlaza. According to [redacted] the two males were in their mid-twenties, he had never seen them before, and had no idea who they were. [redacted] explained, however, that neither man was a threat and both were "nice." I asked [redacted] if they ever mentioned being a student at "SSU" (Sonoma State University). [redacted] indicated they did not.

On 5-5-17 at approx. 2149 hrs., we concluded our interview with [redacted]

NOTE: Later, I downloaded the above recording onto a CD-R disc which was labeled as evidence item #7JJH

before being booked into Sonoma County Sheriff's Office property/evidence.

****

PHONE INTERIVEW WITH [redacted]

On 5-8-17 at approx. 1044 hrs., the lead detective in this case, Det. J. Fowler informed me that a citizen [redacted] called the Sonoma County Sheriff's Office, leaving a voicemail message indicating he had information about this case. I later learned the voicemail message was left on 5-6-17 at approx. 1421 hrs.

On 5-8-17 at approx. 1050 hrs., I activated my hand-held Olympus digital voice recorder before calling [redacted] The following is a summary of my phone interview with [redacted]

According to [redacted], on the morning of the officer-involved-shooting (on 5-5-17) he emerged from his bed to go to the bathroom. Once in his restroom and standing at what he referred to as the "commode," [redacted] explained he heard two (2) rapid gunshots from what he believed to be a large caliber firearm.

After hearing the gunfire, [redacted] eturned to his bed to lay down. As he did so, [redacted] noticed the time on his clock displaying 0501 hrs. Therefore, [redacted] believed the gunfire he heard occurred at approx. 0500 hrs.

Later that same morning (on 5-5-17) at approx. 0905 hrs., [redacted] tried leaving his residence to go to Santa Rosa, but observed "tape" blocking his exit. About that time, [redacted] was able to contact the apartment manager who directed him to another exit. The same apartment manager also told [redacted] that there had been a "shooting" earlier that morning. As a result, [redacted] associated the gunfire he heard with the shooting.

I asked [redacted] f he ever heard anything before or after the gunfire (e.g., shouting, commands, etc.). [redacted] indicated he did not.

On 5-8-17 at approx. 1058 hrs., I concluded my phone interview with [redacted]

NOTE: Later, I downloaded the above voicemail recording and subsequent recorded phone interview onto a CD-R disc which was labeled as evidence item #8JJH before being booked into Sonoma County Sheriff's Office property/evidence.

****

INTERVIEW WITH [redacted]

On 5-8-17 at approx. 1600 hrs., Det. S. McKinnon and I traveled to and arrived at [redacted] in Santa Rosa.

There, I activated my hand-held Olympus digital voice recorder before contacting another witness (later identified as W-[redacted]) who we learned (via Det. Fowler) may have entered the crime scene just before 0500 hrs. Refer to Det. McKinnon supplemental report for the details regarding that interview.

NOTE: Later, I downloaded the above recording onto a CD-R disc which was labeled as evidence item #9JJH before being booked into Sonoma County Sheriff's Office property/evidence.

Supplement Narrative

On 5/5/2017 at approximately 0640 hours, I was contacted by Sergeant S. Murphy and asked to assist with an officer involved shooting in Cotati. I responded to the Cotati Police Department for a briefing at 0730 hours. During the briefing, I learned there had been an officer involved shooting involving the Sonoma State University Police Department, Cotati Police Department and the Rohnert Park Department of Public Safety.

Once the briefing commenced, I was tasked with canvassing the neighborhood near the location of the shooting for possible witnesses.

I went to [redacted] Street in Cotati and contacted (IO) [redacted] who lives at this location with his wife. [redacted] stated he had awaken early in the morning hours to use the bathroom. When he got back into his bedroom, he laid down on the bed and heard "Pop, Pop". He and his wife came outside and he saw a guy on the ground with an officer over the top of him. He state several other officers were arriving at the same time. He stated the officer standing over the subject on the ground had his hand on the subject and was telling him "You`re gonna be alright". [redacted] stated the subject on the ground was not moving and [redacted] could see blood on the back of the subject`s shirt. He stated he heard one of the officers ask what happened and the officer standing over the subject on the ground stated "He turned to run on me, I fired two shots and he has two to the abdomen". [redacted] stated he and his wife were approached by another officer and told to go back inside their house. Not knowing what was going on him and his wife both went back inside the house.

I asked [redacted] if he saw or heard anything prior to the "Pop, Pop" and he stated no and that he was asleep. I asked him if his wife was home and he stated she was not, but she had video of when they went outside. He stated the video showed the subject on the ground, the officer standing over him and the other officers arriving on scene. I told [redacted] I would need to speak with [redacted] if possible. He stated it wouldn`t be a problem and he could call me when she returns home. I provided [redacted] with my business card and cell phone number.

[redacted] residence at [redacted] in Cotati is approximately [redacted] north of where the shooting took place.

Due to being tasked with another assignment, I was not able to meet with or interview [redacted] However, Detective T. Peirsol met with her and collected the video.

I was partnered with Violent Crimes detective J. Hanshew and conducted interviews for the remainder of the day.

On 5/8/2017 at 1605 hours, Detective Jesse Hanshew and I went to [redacted] in Santa Rosa to meet with (WI-10) [redacted]

[redacted] was worried about her statement staying anonymous and Detective Hanshew explained to her that at some point the statement could be made public. I asked her to explain what she saw on the morning of Friday May 5th and she stated the following in summary:

She left for work sometime between 0545 and 0550 hours from her residence at [redacted] in Rohnert Park. She stated she came to the intersection of Camino Colegio and East Cotati facing northbound set to go left onto westbound East Cotati. She heard the sirens first and looked and saw a patrol SUV with its lights and sirens headed westbound on East Cotati. Her light turned green and she followed behind the patrol

car. She originally thought maybe someone had gotten into and accident. As she got to the four way intersection on East Cotati near the Jaded Toad she proceeds westbound and sees police car lights. She saw two cars on her left blocking a driveway to go to some apartments. She then sees two cars up ahead of her at an island which would have blocked her from proceeding westbound. She then came upon a police SUV, which she believed to be the same one she saw when she was stopped at Camino Colegio and East Cotati. She stated it was pointed and he was chalked at an angle towards the sidewalk. When she got up in the middle of the patrol cars she saw an officer outside the SUV with his gun out between the door jam and the open door. She was scanning for other cops but did not see any. She then saw a guy on the ground and saw his arm flop over and she was wondering why the guy was face up. She saw two distinct red colored spots on his light shirt and she thought to herself, "Shit he just got shot." She then hit the gas and went up Charles Street. She initially was upset that no other cops had stopped her prior to coming up in the middle of the scene.

I then showed her a map on my phone and asked her to walk me through exactly where she was so I was aware. She stated she thought she should call because what she read in the newspaper was different than what she believed she saw. She stated she assumed the patrol SUV she saw passing by her at Camino Colegio and East Cotati was coming from SSU and his vehicle was different than everyone else. She stated the paper had talked about an incident earlier in the morning and the SSU officer saw a guy coming out of the creek, there was a scuffle, he used his taser and the SSU Officer had to shoot him. We explained to her that it was our belief the officer she saw was not the officer she was talking about was the SSU officer involved in the shooting.

She walked me through the same story she originally provided with the assistance of a map on my phone. She stated she wasn`t very clear about everything due to a slight curve in the road near East Cotati and Marsh. She was able to point out the area in the bark near East Cotati and La Plaza on the north side of East Cotati, which is where she saw the subject with the red stains on his light colored shirt. Detective Hanshew asked her if she saw any police cars in the roadway before or shortly after the creek on East Cotati and she stated, "No, and that she was focused on lights." She then stated there may have been a light colored random car, but she wasn`t sure. She remembered seeing the two cars on the left, then the two cars blocking the roadway in front of her. We showed her where the creek was an asked her if she saw any police cars on her left near the creek and she stated, "No." She looked at Marsh Way and stated there were two cars blocking a driveway. She couldn`t remember if both of them had lights on. She stated the two police cars in front of her near the median. The police cars where blocking the westbound lane of East Cotati and both had their lights on. The fifth car was angled northwest towards the bark where she saw the subject on the ground face up. She stated her music was on and she didn`t hear any shots. She saw two separate blood spots on the subject`s shirt that had not bled together. She remembered the blood spots being one higher and one lower in the torso. She saw the police officer in the driver`s side door jamb, with his gun out and his arms extended. She thought to herself "Oh crap" and knew she needed to get out of there. She made a left onto Charles Street, then made a right on Old Redwood Highway, got onto the freeway and went to work. She described the officer she saw as wearing a dark colored uniform. She described the police SUV as being black and white in color. Detective Hanshew asked if she saw any marking on the police car and she stated all she saw was the red and blue lights. She stated it was not a Sheriff`s Office car because she knows there all white. She stated the only thing she heard was the siren when they officer past her when she was stopped at Camino Colegio and East Cotati. She did not hear gunshots or anyone yelling. She originally thought the subject on the ground had a Hawaiian shirt on but then realized they were blood spots. She stated when she drove past the scene she was probably driving 10-15 MPH and didn`t see the officer in the doorway of his car until she was driving past him. She stated she hit the gas and made a left on Charles Street. I asked her if she remembered looking to the right as she passed through the intersection of Old Redwood Highway and East Cotati and she stated maybe just some lights.

She was asked if she saw anything in the subject`s hands who was on the ground and she stated, "No, his left arm went out and then went limp." We asked her if she had filmed any of the incident and she stated, "No." Detective Hanshew asked [redacted] if there was anything she could tell us that we didn`t ask and she stated, "No, it was just strange when I read the article and compared that to what I saw." She was having a hard time putting everything together in the small amount of time. She also stated that she didn`t see any of the other officers on scene, but knew there were more because of the amount of police cars. Detective Hanshew asked if she could estimate how far the subject on the ground was from the officer in the doorway of the patrol car. [redacted] pointed to another bus in the parking lot and stated it was from us to the other bus, which was approximately 15 yards away. She stated the feet for the subject on the ground were facing west towards Old Redwood Highway and his head was more northeast.

Detective Hanshew and I provided [redacted] with our business cards and contact information should she have anything further.

Our interview with [redacted] was recorded with Detective Hanshew`s digital recorder. The interview ended at 1650 hours.

On 5/12/2017 at approximately 1015 hours, I interviewed (WI-11) [redacted] I have been in contact with [redacted] since 5/5/2017 and unfortunately due to scheduling conflicts, I was unable to meet with her prior to 5/12/2007. I interviewed [redacted] in the Sonoma County Sheriff`s Office main lobby interview room and she stated the following in summary:

I explained to [redacted] that I had a copy of the Cotati Police Department report when she was initially interviewed and was trying to see if there were any other details she had forgotten about or anything she had forgotten to mention. I explained to her that I didn`t want any second, third, etc. party information and only wanted her story from her perspective.

[redacted] stated she was at Trade Winds with [redacted] and had just met [redacted] for the first time. She was also with one of [redacted] friends but didn`t know her name. She stated they had left the "crawl" and she was giving [redacted] a piggy back ride because her feet hurt. They were approached by two African American exchange students and started talking. All the sudden a series of fights started happening and [redacted] jumped off her back. [redacted] and her friend started running. She saw the guy with a gun and he was waiving the gun around saying he was "Gonna cap some niggas". The two guys from Kenya started running. The guy`s girlfriend was trying to hold him back and he continued waiving the gun. The subject pushed his girlfriend and [redacted] went to help the girl and that`s when the male waived the gun at [redacted] and punched [redacted]

I asked [redacted] to back track and I asked her where they went initially when they got downtown. She stated they went to Trade Winds the entire time. She stated the bars were closing when they were leaving and I asked her to estimate the time they left. She stated they left around 0145 or 0150 hours. I asked her if they had any issues however slight with anyone downtown and she stated no. Everyone was really nice and this all came out of nowhere. I asked her where they went when they came out of Trade Winds. To help I pulled up a map of downtown Cotati and had her show me on the map where they went. [redacted] stated they came out of Trade Winds and started walking northbound on Old Redwood Highway. They came to La Plaza and made a right headed north east on La Plaza. She stated they were walking and she heard behind her girls fighting. I asked her how she knew they were girls and she stated she heard screaming and saw them pulling hair. She saw the guy in front of them "whipping" out his gun. She stated there were approximately 5-6 girls fighting. She stated the male`s girlfriend came running from the pack of girls and grabbed him because she saw him waiving the gun. The male`s girlfriend was trying to hold him back and that`s when he said he was gonna "cap some

people". I asked her where she was and she stated she was near the bus stop on the north east corner of La Plaza and she felt frozen. She stated she still had [redacted] her back and [redacted] and her friend took off running down East Cotati. She stated she was in the freeze stage because she was standing in the middle of it and didn`t move. The male then pushed the female off of him and [redacted] was concerned. I asked her if she heard the female say anything and she stated the female was saying stop don`t do it stop and looked like she was trying to get him to calm down.

I asked her to describe the female and how she thought it was his girlfriend. The way she was talking to him seemed like she knew him and was trying to calm him down like she had done it before. She was unable to describe the female. She stated one of the girls in the fight she recognized from high school but didn`t know her name.

I asked her where the male was when she was standing near the bus stop and she stated the male was about hallway down the block of La Plaza. I asked her if she got the names of the two males from Kenya and she didn`t. She stated they just took off running towards the firehouse.

I asked her to back up and asked her to describe what happened when the male was waiving the gun around saw the possible girlfriend came over. She stated the male flings the female off of him and [redacted] tries to step in and help her and he hits [redacted] She stated [redacted] tried to push the male off the female. She stated she thinks [redacted] was really drunk and didn`t realize he had a gun. She stated he hit [redacted] in the head. She stated [redacted] grabbed her and her friend grabbed [redacted] off the ground and they all ran away.

I asked her to describe how the male was waiving the gun and she stated he just kept waiving it around and kept yelling he was "gonna cap some niggas". She stated they had just met the two guys from Kenya but they hadn`t done anything. She stated they were really nice and were just walking them. I asked if the two guys from Kenya tried to confront the male and she stated they just took off running. I asked if the male pointed the gun at [redacted] and she stated he was just waiving it around erratically.

I asked her to clarify where they were running and she stated they were running eastbound on East Cotati towards Sonoma State University and Oliver`s. I asked if the male was yelling anything when they were running away and she stated no. I asked her if she ever looked back and she stated no. She stated a male named [redacted] was running with them down East Cotati but didn`t remember seeing him before that.

I asked her to describe the male subject with the gun and she stated he was a skinny, small, Latino, wearing a really white huge baggy shirt. I asked if he had a hat on and she stated she didn`t think so. She didn`t remember seeing any tattoos on him. I asked her if I showed her a photo lineup and she thought she would be able to recognize him.

I asked her if she saw the gun and she stated she saw it. She described it as being silver in color and a handgun. I asked her if it was a semi-automatic or a revolver and she stated she didn`t know guns. I asked her if it was small or big and she stated it seemed kind of big when he was waiving it around.

I asked her what happened when they were running down East Cotati. She stated she heard several gun shots and approximated hearing nine gunshots. I explained to her that all I wanted was her personal perspective on what happened. I asked her what happened then and she stated [redacted] dropped her shoe and went back to get it and thought maybe [redacted] got another look at the male. They continued running eastbound on East Cotati and they heard sirens. They saw a lot of cars pull up on them near Oliver`s on East Cotati. They were told to get on the ground and they all did. The police thought [redacted] was the suspect because he was wearing a white t-shirt

and they were telling the cops "That`s` not him". The police eventually realized he was not the guy and they proceeded to ask them questions on what happened. After sitting on the pavement and being interviewed they let them go home and everyone stayed at [redacted] house.

I asked her again if they had any issues with anyone downtown and she stated, "No, none." I asked her if [redacted] was with them at any point and she stated he was just there all of the sudden. I asked her again if they were at Trade Winds the whole time and she stated they went to Friar Tucks originally for about thirty minutes when they first got downtown. She stated they went to Spanky`s and waited in line but the line was super long so they went to Trade Winds. Again she stated they had no issues throughout the night.

I then summarized what [redacted] had told me to make sure I had her story correct. I asked her if she remembered who it was that talked to them outside of Oliver`s and she stated she thought it was Cotati PD. I asked her if there was anything else that I didn`t ask her about or if there was anything else that would help with our investigation and she stated no.

I had Sonoma County Sheriff`s Office Records put together a photo lineup for me.

Prior to showing the photo lineup to [redacted] I read her the photographic lineup admonition. On the bottom of the photos in the lower right corner, I wrote 1 of 6, 2 of 6, 3 of 6, etc. I provided her with the six individual photos. [redacted] was unable to make a positive identification of Eduardo Sanchez Martinez. [redacted] selected photo number 2 and stated she did not remember any facial tattoos. She stated she was only about 70% and that was the best she could do. I had her print her name on the photographic lineup admonition form, along with the number she selected and I had her sign her name on the form. I collected the photographic lineup along with the attached six individual photos (SM-1). I later booked the photographic lineup into property at the Sheriff`s Main Office as evidence.

I ended my interview with Sienna at 1053 hours.

End of supplemental report.

Supplement Narrative

SUPPLEMENTAL REPORT

On 5-5-17 I assisted in an area canvas at the scene of an Officer Involved Shooting (OIS) at [redacted] Ave in Cotati.

At about 1000 hours I made contact at [redacted] in Cotati, where I spoke with [redacted] I asked [redacted] if she saw or heard anything related to the OIS and she told me the following in essence. [redacted] said she was lying in bed next to her open window and heard what sounded like gunshots. [redacted] said she thought it sounded like a total of four gunshots, with two shots together followed closely by two more shots. [redacted] said she then heard a voice say something to the effect of "hands up" or "hands on your head". [redacted] said she also heard what sounded like a command of, "get on your stomach". [redacted] said she heard other things being said but could not make out what exactly was being said. [redacted] said she looked out her window but only saw flashlights from what she believed to be officers looking around. [redacted] said she never went outside and never saw exactly where anything occurred. [redacted] said there is a fence and tall trees and bushes between her driveway and the church property next door. [redacted] said it is difficult to see through the trees and bushes especially at night.

I asked [redacted] if she heard anything prior to the gunshots and she said no. I asked [redacted] what time she thought she heard the gunshots and she said she had looked at her phone which read 0504 hours.

I asked [redacted] if there was anyone else inside her residence who might have seen or heard anything, and she said she lives there with her husband, brother and her small baby. [redacted] said her brother, [redacted] was asleep and heard nothing. [redacted] said her husband, [redacted] was in the shower and was not sure what if he heard anything. [redacted] said her husband was at work and gave me his cell phone number to call him. I completed the interview and I attempted to digitally record this interview but my recorder did not properly function and no recording was made.

I later called and spoke with [redacted] and asked him if he heard or saw anything related to the OIS. [redacted] said he was in the bathroom with the shower running and neither heard or saw anything. [redacted] said he was only alerted to something going on when his wife told him about it. [redacted] said he only saw police officers walking around near his residence when he walked out to his garage to leave for work after the incident had occurred.

At about 1020 hours I walked next door to [redacted] which is an attached duplex to [redacted] I spoke with the sole resident living there who identified himself as [redacted] I asked [redacted] if he heard or saw anything related to the OIS and he told me the following essence. [redacted] said at about 0200 hours to 0230 hours he heard voices and then a bunch of gunshots. [redacted] said the voices sounded like yelling or some type of argument. [redacted] said this occurred about the time the bars are closing. [redacted] said about a half hour later he heard what sounded like more gunshots that sounded different. [redacted] said he was lying in bed when he heard both sets of gunshots but he never got out of bed to look or investigate it any further. [redacted] said the first set of gunshots happened in rapid succession and there was about five or six shots. [redacted] said the second set happened about fifteen minutes to a half hour later and seemed louder as if it were a different type of gun. [redacted] said he thought he heard three or four gunshots. [redacted] said he did not heard any voices with the second set of gunshots. [redacted] had no other information about either of the sets of gunfire. I completed the interview

which I digitally recorded and later placed the recording on a CD and booked it as evidence item TP1.

I attempted to contact the residents at [redacted] in Cotati, which is the first residence at the street in front of the duplex containing [redacted] There was no answer at the door, and I checked back several times throughout the day with no response.

Next I made contact at several residences along [redacted] at about 1100 hours. I started with [redacted] where I spoke with resident [redacted] and asked if she had heard or seen anything regarding the OIS. [redacted] said she heard yelling and what sounded like two shots around 5 am and that she got out of bed and called 911. [redacted] said the voice she heard sounded like a male and that something was said similar to, " come back here, where are you going". [redacted] said when she got up out of bed and called 911, she looked out her front window and saw a police officer with his gun drawn. [redacted] said the officer appeared to standing either on the sidewalk or in the street, and was pointed towards the church parking lot across East Cotati Ave from her residence. [redacted] said she thought the police officer was yelling something similar to, " show me your hands". [redacted] pointed out the two Cotati police cars parked on East Cotati Ave and said the officer was near the rear of the police vehicles. [redacted] said at that point she looked away because she did not want to see what else might happen. [redacted] said she did see the ambulance arrive but said she was so freaked out that she did not really see anything else going on. [redacted] said the yelling was what initially woke her up and that after she heard the two gunshots, she then woke her husband up. [redacted] identified her husband as [redacted] and said he was currently at work. [redacted] provided me with his telephone number so I could call him later.

I asked [redacted] what the lighting was like and she said it was dark, but there was enough light for her to see the officer pointing his gun but not enough to see if he was standing on the sidewalk or in the street. I completed my interview which I digitally recorded and later booked as evidence item TP2.

I later called and spoke with [redacted] about what he saw or heard regarding the OIS, and he told me the following in essence. [redacted] said he remembers sleeping in bed and being awaken by what he thought were two gun shots. [redacted] said he did not hear any yelling or voices before or after the gun shots, but did hear what sounded like moaning. [redacted] said he did hear a womans voice say. "call the police". [redacted] said he believes this came from a neighbor living in the apartment complex directly behind their residence. [redacted] said he stayed in bed the entire time with their one year old baby. [redacted] said his wife got out of bed and called 911 and looked out the front window. [redacted] said he did heard what sounded like three or more gunshots earlier in the night and had heard yelling and arguing prior to those gunshots. [redacted] said after those gunshots the police showed up pretty quick and it seemed to be near their residence. I completed the interview which I digitally recorded and later booked it on the same CD as the interview with [redacted] which was booked as evidence item TP2.

Next I made contact at [redacted] where I spoke with [redacted] and asked if he had heard or seen anything related to the OIS. [redacted] told me the following in essence. [redacted] said at 0502 hours he was in bed and heard two "pops", that he thought sounded like gunfire. [redacted] said he remembered hearing some voices or yelling after the "pops", but could not understand what was said. [redacted] said he never looked or went outside and stayed in bed the whole time. [redacted] said his wife, [redacted] was asleep and heard nothing. I completed the interview which I digitally recorded and later placed it on a CD and booked it as evidence item TP4.

Next I made contact at [redacted] nd contacted the resident named [redacted] who said he

heard two sounds and nothing more. [redacted] had no further information. I completed the interview which was not recorded.

I attempted to contact the residents at [redacted] but there was no answer at the door, and I checked back several times throughout the day with no response.

I then contacted the resident living at [redacted] who said he and his wife, [redacted] heard nothing. [redacted] also advised me that his mother-in-law, [redacted] living alone at [redacted] had heard nothing. [redacted] said his wife and mother-in-law are at work together and he called and spoke with them by telephone and they advised that they had not heard anything during the night. I completed the interview which was digitally recorded and later placed on a CD and booked as evidence item TP5.

I then contacted a resident living at [redacted] in Cotati who identified herself as [redacted] told me the following in essence. [redacted] said at about 0400 hours this morning she was lying in bed when she heard what sounded like a group of people including a female with muffled voices. [redacted] said about a minute later she heard someone say, "Don`t move", and then three gunshots. [redacted] said the first two shots were together with a slight delay before the third shot. [redacted] said after the three gunshots she heard someone say," oh my god I`m shot, I`m shot". [redacted] said she got out of bed and walked outside to the sidewalk on East Cotati Ave and looked across the street to the parking lot of the New Hope Church. [redacted] said she could see a person lying on the ground near the parking lot and police officers yelling at persons and trying to direct traffic out of the area. [redacted] said she could hear the officer next to the person lying on the ground yelling for a flashlight and being irritated about it. [redacted] said she walked back to her residence as she got the feeling that the officers wanted the area cleared out. [redacted] said an ambulance showed up just when she turned and walked back into her residence.

I asked [redacted] if she called 911 and she said she did. [redacted] said she spoke with a Cotati PD dispatcher while she was still inside her residence and was not on the telephone when she walked outside. I completed the interview which I digitally recorded and later placed it on a CD and booked it as evidence item TP5.

I was approached by a resident living at [redacted] named [redacted] and his daughter, [redacted] They said they had heard something occur outside this morning and told me the following in essence. [redacted] said he heard someone saying, "get on the ground, get on the ground", and then he heard what sounded like two gunshots. [redacted] said after the gunshots he heard someone say something similar to, "see this is what happens". [redacted] said he did not hear anything further, just sirens. [redacted] said he did not go outside nor could he see anything from the windows of his residence. [redacted] said she heard the same thing as her father from her bedroom and also did not go outside. I completed the interview which I digitally recorded and later placed it on a CD and booked it as evidence item TP6.

I also spoke with a resident living at [redacted] named [redacted] said at about 0500 hours he hear what sounded like two gunshots. [redacted] said he did not heard any voices or any other noises. [redacted] said he was inside his apartment when he heard the gunshots and never went outside to look. I completed the interview which I digitally recorded and later placed it on a CD and booked it as evidence item TP6.

At about 1500 hours I met with [redacted] who lives at [redacted] and said she had taken video of the scene on her cell phone this morning when this incident occurred. [redacted] told me the following in essence. [redacted] said this morning at 0503 hours she was awakened up from her sleep by two gunshots. [redacted] said

she then heard what she thought was a woman crying out. [redacted] said she got up out of bed and her husband had gone outside to see what was going on. [redacted] said her husband came back inside and said he thought a cop had shot someone. [redacted] said she went outside to the driveway next to the fence for the church and started video taping with her cell phone. [redacted] said she could see someone lying on their side and there was red on their back. [redacted] said she could also hear a police officer yelling that he needed a flashlight. [redacted] said one officer was standing with the person on the ground while other officers were doing traffic control. [redacted] said an ambulance arrived and another officer approached them and said they needed to go back inside because there might be a second suspect in the area. [redacted] said she and her husband then walked back inside. I completed the interview which I digitally recorded and later placed it on a CD and booked it as evidence item TP7.

I asked [redacted] to email me the video which she did later that day and I placed it on a CD and booked it as evidence item TP8. I asked [redacted] to maintain the video on her cell phone while we completed our investigation, which she agreed to do. I viewed the video which was taken after the shooting, in the darkness and probably a good seventy five feet from where the suspect was lying on the ground. The video is about two minutes long and shows several police cars trying to position themselves to block traffic. The video also captures a male voice on scene asking for a flashlight. Less than a minute into the video an ambulance and a fire truck arrive on scene. Several comments are made by [redacted] and her husband, and another male voice is heard asking for them to go back into their home as the video ends.

WITNESSES

Capt. Larry Martinez - Eng # 9181 - RAFD
Engineer Enrique Ruiz - Eng # 9181 - RAFD
Firefighter John Crozier - Eng # 9181 - RAFD
Firefighter Intern Chris Mack - Eng # 9181 - RAFD
Paramedic Val Norton - Medic # 751 - AMR -Sonoma Life Support (SLS)
EMT Robert Davenport - Medic # 751 - AMR - Sonoma Life Support (SLS)

SUPPLEMENTAL REPORT

I assisted in contacting the fire and EMS personnel who responded to the scene of the OIS and treated the suspect. I pulled the call for service and found that Engine # 9181 of the Rancho Adobe Fire Department (RAFD) and Medic unit # 751 responded to the scene. I later called Redcom and confirmed this information. Redcom provided me the telephone number for RAFD and names of the paramedic, Val Norton and the EMT, Robert Davenport.

On 5-5-17 at about 2000 hours I called and spoke with Captain Larry Martinez, who was on Engine # 9181. Capt. Martinez provided me the names of the other fire personnel on Engine # 9181 that responded to the scene of the OIS with him. The personnel included the following:
Engineer Enrique Ruiz
Firefighter John Crozier
Firefighter Intern Chris Mack

I asked Capt. Martinez to describe the call and he said they were dispatched to the scene to assist the ambulance. The ambulance arrived about 30 seconds ahead of them and made first contact with the suspect. Capt. Martinez said as they assisted the paramedic, the suspect was moaning and asking for water. They noted that there was blood on the back of the shirt and that the suspect was handcuffed. Capt. Martinez said that the suspect had to be unhandcuffed so he could be treated. Blood was wiped away and the shirt was removed so the wounds could be treated. Capt. Martinez said the injuries appeared to be two bullet entry wounds, with one on the right shoulder and the second on the lower back. There did not appear to be any exit wounds. Capt. Martinez said they helped place the suspect on a backboard and then onto a gurney and into the ambulance. Capt. Martinez said FF Crozier was asked to accompany the ambulance to the hospital, which he did.
I asked Capt. Martinez for the times on the call for service and he gave me the following information:

DISPATCHED - 0503:05
ARRIVED - 0505:10
CLEARED - 0630:36

Capt. Martinez stated that they were on scene with the suspect for only a few minutes, before the suspect was loaded into the ambulance and transported to the hospital.

I asked Capt. Martinez about obtaining a copy of the run report that is prepared for each call for service. Capt. Martinez provided me with the run report # 17795, and directed me to the Battalion Chief Andy Taylor to obtain a copy. I completed the interview which I digitally recorded and later placed it on a CD and booked it as evidence item TP9.

On 5-10-17 I called and spoke with Battalion Chief Andy Taylor and formally requested a copy of the Run Report prepared by Capt. Martinez. BC Taylor later emailed me the report which I placed on a CD and later booked it as evidence item TP11. A copy of the Run Report is attach to this supplemental report.

On 5-9-17 at about 1100 hours I called and spoke with Val Norton, the Paramedic on Medic # 751. I asked Norton about the call for service and he told me the following in essence.

Norton said he was working with EMT Robert Davenport on 5-5-17 and had started about an hour earlier from when they received this call for service. Norton said they were posted in Rohnert Park and the call came out with notes attached indicating they were to stage for a possible Taser deployment. Norton said they had no knowledge that it was a possible shooting. Norton said as they arrived to stage they were cleared to go in.

Norton said they arrived on scene ahead of fire and the first thing he noted was there was a lot of blood for someone that had been Tased. Norton said the Officer was holding the suspect on the ground and the suspect was handcuffed. Norton said the suspect was alert and conscious, and that he asked the Officer how many times the suspect had been shot. Norton said the Officer told him that the involved Officer was not available to answer that question, so he got no information other than what he could see.

Norton said the suspect's white t-shirt was removed and he could see two puncture wounds on the suspects back. Norton said one was on the right side mid back, while the second was on the upper left back area. Norton said there was also a Taser prong still attached mid back, right of the spine. Norton said he removed the prong and left it with the t-shirt at the scene.

I asked Norton if the suspect said anything to him regarding what occurred and he said the only conversation he had with the suspect were medical questions. I asked Norton about getting a copy of the Patient Care Report (PCR) prepared after this incident and he said I would have to talk to a supervisor to get it.
I completed the interview which I digitally recorded and later placed it on a CD and booked it as evidence item TP9.

I then called and spoke with Robert Davenport, the Emergency Medical Technician (EMT) on Medic # 751 during the OIS. I asked Davenport about the call for service and he told me the following in essence. Davenport said the call came out as a Tasing and they were posted in Rohnert Park. Davenport said they were instructed to stage, but by the time they got there they were cleared to go in and were just around the corner of

the Rancho Adobe Fire station on East Cotati Ave and just down the street from the OIS.
Davenport said they arrived first on scene ahead of the fire engine and he saw the suspect on the ground. Davenport said when they contacted the suspect he noted there was a lot of blood on the back of the suspect and thought this was unusual for someone who had been Tased. Davenport said an officer on scene advised them that this was a multiple gunshot wound to the suspect. Davenport said he was only out of the ambulance maybe 30 seconds before Norton told him to get into the rig and set it up for trauma care.
Davenport said the only thing he heard the suspect say while they were treating him was that he was thirsty and wanted water. Davenport confirmed the t-shirt was removed from the suspect on scene but that he was not present when it was done.
Davenport estimated they were on scene less than five minutes

I completed the interview which I digitally recorded and later placed it on a CD and booked it as evidence item TP9.

On 5-10-17 I contacted Willow Farey, the Clinical Manager at AMR-SLS and was provided a copy of the PCR. I later booked this copy as evidence item TP10. A copy is attach to this supplemental report.

Supplement Narrative

Sonoma County Sheriff's Office
Property Crimes Investigations
Detective Richard Sedgwick
Supplemental Report 170505-002

On 05/05/17, at 0730 hours, I responded to the Cotati Police Department to assist with an officer involved shooting investigation, involving an Officer from the Sonoma State University Police Department.

Detective Piersol and I checked the area surrounding the scene for witnesses. I spoke to the following subjects:
[redacted] did not see or hear any of the incident.
[redacted] did not see or hear any of the incident.
[redacted] did not see or hear any of the incident.
[redacted] did not see or hear any of the incident.
[redacted] told me the following; At approximately midnight he heard 3 gunshots and people yelling. At around 0500 hours he heard a subject run through his front yard, and another subject yelling "stop, get on the ground", he then heard 4-5 gunshots in the area of the New Hope Assembly Of God church. After the shots he went outside and saw 3 to 4 Police Officers in the lot of the church rendering first aid to a subject on the ground.
[redacted] did not see or hear any of the incident.

End of supplement.

Incident/Investigation Report

Agency: Sonoma County Sheriff's Department **Case Number:** 170505-002

Supplement Narrative

On 05/05/2017 I was notified by DVSA Sergeant Berges to assist VCI Detectives with their investigation of an Officer Involved Shooting which occurred in Cotati.

I responded to the area of Charles St at E. Cotati Av, Cotati where I met with VCI Detective Fowler. Detective Fowler asked myself and Detective Singleton to conduct a neighborhood check for any witnesses.

Detective Singleton and I went to [redacted]

[redacted] No answer

[redacted] didn`t hear anything.

[redacted] No answer

No answer

[redacted] and [redacted] heard 2 pops and loud talking.

[redacted] No answer

No answer

No answer

No answer

Spoke with [redacted] who didn`t hear anything.

During this neighborhood check I had my BWC on during all contacts and attempted contacts.

Nothing further.

Supplement Narrative

On 05-05-2017, at about 0620 hours, I was contacted by CSI Sgt. Eaton. He informed me of an Officer Involved Shooting and requested I respond for an Agency Assist briefing at Cotati Police Department scheduled for 0730 hours.

At approximately 1000 hours, Detective Baraz and I arrived at the scene [redacted] We both parked on Charles Street at E. Cotati Avenue, where we remained outside the crime scene. Scene security at this time was provided by Deputy J. Silva, and she maintained the major incident access log. The scene had been secured with roadway detour signs, yellow caution tape, police, CHP, and Sheriff presence.

At 1010 hours, Detective Baraz and I entered the crime scene where we met with Lt. Vernon, Sgt. Koeppel and other investigators for a scene walk-through and a description of the events that were believed to have occurred. Detective Baraz and I established a route of ingress and egress and monitored the walk-through to assure that none of the evidence was disturbed.

After the walk-through, I was tasked with documenting the scene with video, photography, and assisting Detective Baraz with the Faro 3D scanner. I conducted a brief video walk-thru to document the scene. I conducted overall scene photographs to document the scene. I assisted Detective Baraz with placing evidence placards near items of evidence and setting up the Faro 3D scanner.

I took close-up photographs of each item of evidence and assisted in the collection of the individual evidence items. I wore latex gloves during this process.

I downloaded the scene walk-thru (video) onto a DVD as evidence item #TDN. I downloaded all my photographs onto a DVD as evidence item #TDN1. I submitted items #TDN and #TDN1 into Property/Evidence.

On 05-08-2017, at about 1730 hours, I received a call from Sgt. S. Murphy. He informed me that Search and Rescue had located the firearm in some bushes near the scene. He requested I respond to photograph and collect the firearm. Sgt. Murphy told me that my point of contact would be Sgt. D. Thompson.

Upon arrival, I talked to Sgt. Thompson who led me to where the gun was located. I took overall photographs to give perspective of the location of the firearm and how the firearm appeared when I arrived on scene. I saw the firearm was a Bryco Jennings T380 .380 auto handgun. I saw the firearm was stainless with black grips and had a serial number [redacted] The firearm was not chambered, but had two live rounds in the magazine.

A records check, through dispatch, revealed the firearm was reported stolen.

I packaged, labeled, and sealed the firearm as evidence item #TN1. The magazine containing two live rounds was packaged, labeled, and sealed as evidence item #TN1(A). I downloaded my photographs as evidence item #TDN2. I submitted items #TN1, #TN1(A), and #TDN2 into Property/Evidence.

Nothing further at this time.

Supplement Narrative

On 08-01-2017, at about 1130 hours, VCI Detective Fowler requested I assist him with a search warrant to obtain a BUCCAL swab from suspect Eduardo Martinez. I responded to Martinez`s residence ([redacted] with VCI Detectives Fowler, Bailey, and Toney. At approximately 1150 hours, I obtained a BUCCAL swab from Martinez in his livingroom. I packaged, labeled, and sealed the BUCCAL swab as evidence item #TN2.

Detective Fowler requested I send the firearm (item #TN1) to DOJ for latent prints and DNA typing along with the BUCCAL swab (item #TN2) for comparison. Detective Fowler obtained four expended .380 cartridges from Cotati Police Department as evidence item #JT14. He requested the four expended cartridges (#TN14) be compared to the firearm (#TN1) to confirm or rule out their association.

I completed a DOJ Physical Evidence Submission Form and delivered items #TN1, #TN2, and #JT14 to DOJ for processing.

Nothing further at this time.

Supplement Narrative

On 08-17-2017, at about 1300 hours, I received a CSI request from VCI Detective J. Fowler. He requested I retreive evidence items 12-1430, MAP2, MAP4, and MAP5 from Property/Evidence and photograph them. He requested I download the photographs onto a CD as evidence.

On 08-24-2017, I retreived the items from Property/Evidence. I saw all four items were packaged in paper bags and sealed with yellow evidence tape. I used fresh latex gloves to remove each item of clothing from it`s original packaging. I prepared a sterile piece of butcher paper for each item of evidence.

I removed one item at a time from its original packaging and displayed it on a fresh/sterile butcher paper surface. I then photographed the item and returned it to it`s original packaging. I sealed each item using red evidence tape and wrote my initials over the tape.

The following items were photographed:

I photographed a pair of dark blue Levi jeans with a white belt and buckle.

I photographed a pair of black Nike Air Jordan sneakers (with #23 on the heels).

I photographed a pair of black crew socks.

I photographed a white "Popular Demand" T-shirt depicting a bare breasted female with another set of female hands covering her breasts/nipples.

I returned the items of evidence to Property/Evidence.

I downloaded all my photographs onto a CD as evidence item #TDN-827. I submitted item #TDN-827 to Property/Evidence.

Nothing further at this time.

3004

Supplement Narrative

On Friday 5/5/2017 at approximately 0607 hours, the CSI Unit received a group text message from CSI Sergeant V. Eaton, advising us of a critical incident in the City of Cotati involving a Sonoma State University Police Department Officer that had been involved in a shooting incident. Through the text thread and a phone call I received from PCI Sergeant S. Murphy (who was monitoring VCI), the CSI Unit was directed to respond to the Sonoma County Sheriff`s main office for a briefing at 0730 hours.

Responding from my home, I arrived at the office at 0730 hours and met in the VCI office. I learned that our agency would be investigating the officer involved shooting involving a Sonoma State PD Officer and a suspect that had been involved in domestic violence crime in the City of Cotati. I learned that VCI Detective J. Fowler was to be the lead investigator for our agency while I would be the lead detective from the CSI unit. After gathering the necessary scene equipment from the CSI Office, the team responded to Cotati Police Department for an 0830 incident briefing from Lt. A. Vernon.

At approximately 0920 hours, Lt. Vernon provided a briefing to investigating detectives and other interested parties. Lt. Vernon described the events that lead to the shooting, the Officer involved and his sequestering, and the suspects location and current condition. Sgt. Eaton and I tasked CSI Detective D. Fong with the technical audio/video services as well as evidence processing at the [redacted] where SSU Officer Rafael Cardenas was sequestered. Sgt. Eaton would assist Detective Fong at the hotel, and liaison between the information gained there to the investigators at the Cotati scene. CSI Detective M. Parlato was tasked with processing the suspect, Eduardo Sanchez Martinez, who was believed to be in surgery at Memorial Hospital from the gunshot wounds he had received. Detective Parlato was to meet with Deputy K. Smith, who was stationed at Memorial Hospital and had collected Martinez`s clothing. Detective Newton and I would respond to the area of [redacted] Cotati Avenue for scene documentation and evidence collection.

At approximately 1000 hours, Detective Newton and I arrived on scene. We both parked on Charles Street at E. Cotati Avenue, where we remained outside the crime scene. Scene security at this time was provided by Deputy J. Silva, and she maintained the major incident access log. The scene had been secured with roadway detour signs, yellow caution tape as well as a noticeable police, CHP and Sheriff presence.

At 1010 hours, Detective Newton and I entered the crime scene where we met with Lt. Vernon, Patrol Sergeant T. Koeppel and other interested parties for a scene walk-through and a description of the events that were believed to have occurred. Detective Newton and I monitored the walk-through to assure that none of the evidence perceived was disturbed. We established a general route of ingress and egress and pointed out areas to avoid.

After the walk-through, I asked all parties to exit the crime scene so Detective Newton and I can begin the process of evidence collection. Detective Newton was tasked with documenting the scene with video and photography. We identified several items of evidentiary value during the scene walk-through and video documentation. After video, Detective Newton followed up with digital photography to further document the scene with close-ups of evidence items.

I set up the FARO 360 scanner at the east end of the scene, where I collected several scans in a westbound direction to document the scene. I would later take the scans (with integrated overlaying photography) and register them together in SCENE software. I later completed a WebShare, which is a 360 degree, virtual walk-through of the scene with evidence photographs imbedded within. I would then place the WebShare onto a thumb drive and mark it as evidence item #17-1430.

While collecting the scans, I discussed with both Sgt. Eaton and Sgt. Murphy the progression of searching a field that had 3`-4` tall weeds as well as a creek bed for potential evidence. Collectively it was decided that an article search could be started with Deputy K. William`s K9, and then if he was met with negative results, a further search to be conducted by members of Search and Rescue.

I completed the necessary scans to document the scene. At approximately 1415 hours, SSU Officer R. Cardenas and his two attorneys arrived on scene for a walk through. Although there were several other representatives on scene, only Officer Cardenas and his attorneys entered the crime scene after signing the major incident access log. Officer Cardenas and his attorneys stayed on a dedicated ingress and egress route, as discussed prior to scene entry. I monitored the route from afar and they adhered to the route, without disturbing identified evidence. Officer Cardenas and his attorneys exited the crime scene at approximately 1425 hours. Neither Officer Cardenas nor his attorneys identified any additional evidence or areas for CSI to focus upon. While Cardenas and his attorneys conducted their walk-through, I could see the wind had picked up a bit, and began blowing the evidence markers into the roadway, and some of the evidence a short distance from their original location. Despite the wind, we did not seem to lose any of the evidence we had identified.

Detective Newton assisted in the collection of the individual evidence items. We wore latex gloves during this process. I prepared the packaging and associated inventory list. Detective Newton handled the specific items and placed them into the packaging. While collecting evidence, I learned that Deputy Williams was not locating evidentiary items within the weeded field on the southwest corner of Charles Street and E. Cotati area. Sgt. Murphy arranged with Sgt. P. Quartarolo for a Search and Rescue response. Later, at approximately 1600 hours, Sgt. Quartarolo later responded to the scene with 4 members of the Search and Rescue team.

I collected the following evidence items:

2-1430: gray taser blast door- 1434 hrs
3-1430: AFIDS- taser dots- 1434 hrs
4-1430: Black Taser X26- 1437 hrs
5-1430: spare X26 Taser cartridge- unexpended- 1439 hrs
6-1430: taser wires- 1440 hrs
7-1430: casing- 1442 hrs
8-1430: casing- 1444 hrs
9-1430: taser wire- 1446 hrs
10-1430: wall charger- USB connection minus cord- 1447 hrs

11-1430: 5 hour energy drink- 1447 hrs
12-1430: Bloody shirt- 1448 hrs
13-1430: Medical waste (packaging)- 1440 hrs
14-1430: 1st Aid kit- 1452 hrs
15-1430: handcuffs with possible blood- 1452 hrs
16-1430: medical waste- black latex glove- 1455 hrs.

A couple evidentiary items of note. Evidence item #1-1430, as seen in Detective Newton`s photographs, was SSU PD patrol car number #U91. The vehicle was going to be processed, but ultimately no items were collected from the vehicle and the vehicle was later returned to SSU to put back in service. #9-1430 was a broken taser wire that was located in the area of the north sidewalk. It was difficult to see in person and even more difficult to see in photography, but it extended from the #9 placard and stretched to the area of the #10 placard. Detective Newton noticed droplets of unknown origin on the south sidewalk. Detective Newton placed placard #17 on the area and photographed the droplets. The droplets appeared to be directional in their pattern, originating in a 90 degree, top-down manner. I noticed utility wires directly overhead and decided to conduct a presumptive test for mammal blood before collecting a DNA sample. When the presumptive test returned negative for blood, I disregarded the droplets as being of evidentiary value as they were likely to be a different "fluid-like droplet" originating from a source perched on the wires, rather than from a human source. There was nothing collected for item #17, but rather it was simply an area of initial focus.

Detective Newton and I processed the SSU Patrol Unit #U91 CA[redacted] that was on scene. The vehicle was running, with it`s driver`s side spot light illuminated. There didn`t appear to be any items out of the ordinary inside the vehicle. I examined the rifle that was secured in the rifle rack. It was an M&P 15 #[redacted] The fire selector was switched in the "safe" position. The magazine contained 30, .223 caliber unexpended rounds. The vehicle contained an additional 3 spare magazines with the same amount of .223 ammunition. Detective Newton photographed the contents of the vehicle as part of his tasked duties.

At approximately 1600 hours, E. Cotati Avenue was reopened, and I coordinated with patrol Sergeant O. Rodriguez to help secure the weeded field, described above, as well a creek bed as a continued crime scene until Search and Rescue could examine those areas for evidence items. With Sgt. Rodriguez and Sgt. Quartarolo on scene, and with the understanding of Sergeants Murphy and Eaton, it was determined if any items of evidentiary value were located (specifically a firearm, and the potential of a wallet and / or cellphone), a detective from the CSI Unit would be called back to the scene for their collection.

I returned to the CSI Office at approximately 1720 hours, where I secured the evidence items in the CSI lab. I placed evidence item 12-1430, Martinez`s bloody shirt into the secured CSI drying room for later processing.

At approximately 2118 hours, I received a text message from Sgt. Quartarolo advising me that there was an additional request for a Search and Rescue search the next day, but their recent search was met with negative results. He further said the scheduling of his Search and Rescue team may delay the search.

On 5/8/2017 I completed the WebShare presentation and booked all items into SCSO property.

Nothing further at this time.

SUPPLEMENTAL REPORT

170505-002 / SSU PD OIS

DETECTIVE DYLAN FONG

CRIME SCENE INVESTIGATIONS

On 5/5/17, at approximately 0600 hours, I was notified by CSI Detective Sgt. Vance Eaton that CSI was needed to assist in an Officer Involved Shooting (OIS) involving an officer from SSU, which occurred within the jurisdiction of Cotati. I was asked to respond to the main office to coordinate our response.

At approximately 0715 hours, I arrived at the main office where we met with VCI Detectives. We learned that a Sonoma State Police Officer, identified as Rafael Cardenas, was identified as the officer who discharged his firearm at (OF) Eduardo Sanchez-Martinez. Cardenas was currently sequestered [redacted] Sanchez-Martinez, who was suffering from two gunshot wounds, had been transported to Santa Rosa Memorial Hospital where he was undergoing surgery. I was told that a full briefing would be conducted at the Cotati Police Department.

At approximately 0815 hours, I arrived at the Cotati Police Department where I received a briefing of the incident. I was tasked with responding [redacted] to process SSU Police Officer Cardenas for evidence and to facilitate the A/V set up for an investigative interview.

At approximately 1030 hours, I arrived [redacted] where I met with Statewide University Police Association President Jeffrey Solomon. Solomon told me his firm was representing Cardenas, who was being sequestered by SSU Police Officer Adam Peters [redacted] Solomon told me Cardenas was still in full uniform and was ready for CSI to collect any necessary evidence from him. Solomon facilitated clothing for Cardenas to change into as well as a firearm exchange.

At approximately 1115 hours, I met with CSI Sergeant Vance Eaton, who arrived on scene to assist me. We entered [redacted] where we introduced ourselves to Officers Cardenas and Peters. I explained to Cardenas that as a part of the investigation I would be collecting his department issued firearm, duty gear, ballistic vest, uniform and boots. Cardenas told me he understood.

Prior to collecting any evidence, I took overall photographs of Cardenas to document his overall appearance. I did not notice any blood or obvious physical evidence on his person. Cardenas told me he did not carry a backup firearm. I collected his uniform shirt, uniform pants, boots, ballistic vest and duty belt containing his duty gear including his radio and firearm. Under my supervision, Cardenas was allowed to change into his personal clothing in the bathroom as he disrobed from his uniform pants.

At approximately 1130 hours, Sgt. Eaton and I exited the room along with all evidence items collected. We then entered [redacted] which was two doors down, to process and document the evidence items collected.

With the assistance of Sgt. Eaton, I photographed and marked the following evidence items:

DMF1Glock Model 23, .40 caliber, duty issued firearm [redacted] with one magazine inserted. I removed the magazine and locked the slide to the rear. There was one .40 caliber FC WIN round in the chamber, which I collected as item DMF1 (a). I found the magazine contained eleven (11) .40 caliber FC WIN rounds, which were collected as item DMF1 (c). I noted that one of the rounds was a .40 caliber WIN S&W full metal jacket.

It should be noted that after processing Cardenas` duty firearm, I found that it contained a total of 12 rounds with a total capacity of 14 rounds (13+1). Cardenas stated he fired two shots from this firearm and two .40 caliber casings were found at the scene.

DMF1 (a) One .40 caliber FC WIN live round

DMF1 (b) One Glock 13-round capacity magazine

DMF1 (c) Eleven (11) .40 caliber live rounds, all of which were FC WIN hollow point rounds, with the exception of one FMJ round

DMF2 One (1) spare Glock 13-round magazine, located on duty belt closet to midline

DMF2 (a) Thirteen (13) .40 caliber FC WIN live rounds collected from DMF2

DMF3 One (1) spare Glock 13-round magazine, located on duty belt adjacent to DMF2

DMF3 (a) Thirteen (13) .40 caliber FC WIN live rounds collected from DMF3

DMF4 Bianchi nylon duty belt containing the following items: four (4) nylon belt keepers, polymer dual magazine holder, polymer Taser holster, nylon radio holster, nylon flashlight holder with one Streamlight Stinger LED flashlight inserted, flashlight ring holder, glove pouch, OC pouch with one "First Defense" .2% MK-3 1.47 fl oz Oleoresin Capsicum container inserted, baton holder with one collapsible baton inserted, key holder, nylon dual handcuff pouch containing two pair of "Peerless" handcuffs and one handcuff key and one polymer "Blackhawk" Glock 17/22 right-handed firearm holster. It should be noted the flashlight, handcuffs and baton were found to all be functional.

DMF4 (a) Motorola portable radio, model PR1500, with attached mic and earpiece

DMF5 Point Blank ballistic vest

DMF6 CSU Police 5.11 uniform long sleeve shirt and pants

DMF7 Black Thorogood boots, size 9

At approximately 1230 hours, I transported all evidence items to the main office where I placed them in our secure CSI lab.

At approximately 1330 hours, I returned [redacted] at which time set up A/V equipment between [redacted] The equipment consisted of a digital camcorder placed on a tripod in [redacted] which was connected via relays and a CAT 5 cable to the TV [redacted] The camcorder was being utilized for monitoring purposes only, not video recording.

At approximately 1610 hours, Detective Fowler and Sgt. Shawn Murphy entered [redacted] and began interviewing Cardenas. I stood by [redacted] to monitor the interview. Also present in the room were Deputy District Attorney Robert Waner, District Attorney Investigator Lisa Chapman, Statewide University Police Association President Jeffrey Solomon, and Zeb Davis and William Creger from the Mastagni Holstedt law firm.

At approximately 1740 hours, the interview was terminated at which time I collected all A/V equipment.

All photographs were transferred to a DVD-R disk, which was marked as item DMF8.

I later returned to the main office and booked all items of evidence into SCSO property/evidence.

Nothing further.

Supplement Narrative

On 5/5/17, at 0607 hours, the CSI Unit received a group text message from CSI Sergeant V. Eaton advising of a critical incident in the City of Cotati involving a Sonoma State University Police Officer whom had been involved in a shooting.

I arrived at the main office of the Sonoma County Sheriff's Office at approximately 0730 hours, where VCI and CSI Detectives briefed the incident. Detective J. Fowler was the lead investigator from VCI and Detective M. Baraz was the lead investigator for CSI.

At approximately 0820 hours, I arrived at the office of Cotati PD where we were further briefed on the incident by Lieutenant A. Vernon. We were advised that Sonoma State University Police Officer, identified as Rafael Cardenas, was the officer who discharged his firearm at the suspect, identified as Eduardo Sanchez-Martinez. Sanchez-Martinez had been transported to Santa Rosa Memorial Hospital where he was undergoing surgery for two gunshot wounds. I was also told Sanchez-Martinez was being guarded by Deputy K. Smith at the hospital.

I was tasked with responding to Santa Rosa Memorial Hospital to collect the clothing of Sanchez-Martinez. I arrived at Santa Rosa Memorial Hospital Room [redacted] at 1030 hours. I met with Deputy K. Smith, who told me Sanchez-Martinez had just gotten out of surgery and been brought to the Intensive Care Unit. At 1036 hours, I took control of a bullet which had been removed from Sanchez-Martinez during surgery, and several articles of his clothing from Deputy K. Smith. The bullet had been placed in a clear, plastic bottle with a red lid by hospital staff. The clothing had been placed in brown paper bags by hospital staff. I packaged and labeled these items as follows:
MAP1 - Bullet and Clear Jar with Red Lid
MAP2 - Blue Jeans / White Belt / Lion Belt Buckle
MAP3 - Gray Underwear
MAP4 - Black Socks
MAP5 - Black and White Shoes

Due to the constant medical treatment by hospital staff to Sanchez Martinez it was not an appropriate time to take photographs. I cleared the hospital at 1101 hours.

I arrived at the main office of the Sheriff's Office at 1117 hours. I placed the bullet in the secured CSI Lab. I placed all the clothing I had collected in the secured CSI drying room.

I next went to the crime scene location on East Cotati Avenue. I arrived at approximately 1223 hours and signed into the crime scene log at 1236 hours. While on scene I assisted Detectives Baraz and Newton with moving the Faro 360 equipment as directed by Detective Baraz. I also followed routes for egress and ingress established by Detectives Baraz and Newton to make sure no evidence was disturbed. At 1335 hours, I signed out of the crime scene log.

Sergeant Eaton contacted me and requested I return to Santa Rosa Memorial Hospital to collect a gunshot residue sample from the suspect and inquire about obtaining an "admission blood" sample for the suspect. I arrived at Santa Rosa Memorial Hospital Room [redacted] at 1400 hours. I met with Registered Nurse [redacted] and advised her I needed to collect a GSR sample, take photographs, and collect an admission blood sample. [redacted] stated Sanchez Martinez was sedated and that his hands had not been washed. RN [redacted] also stated it would not be a problem for me to collect the GSR sample or take photographs. [redacted] continued stating the "admission blood" sample would be in the lab and we would need a warrant to be released. I advised the sample would need to be retained, and [redacted] replied that it should be.

I followed the provided instructions for the collection of gunshot residue using the adhesive cap. I wore latex gloves during this process. I photographed the hands of Sanchez Martinez prior to collecting the samples. At 1410 hours, I collected a GSR sample from the right hand of Sanchez Martinez. At 1411 hours, I collected a GSR sample from the left hand of Sanchez Martinez. The GSR sample was packaged, labeled, and sealed then later submitted into Sheriff's Property/Evidence as item MAP6.

I next took overall photographs of Sanchez - Martinez to document his appearance. I also took photographs with and without scale of Sanchez-Martinez's tattoos and injuries. RN [redacted] assisted by moving Sanchez-Martinez so that I could take the photographs of his injuries. These photos were taken to the best of my abilities, based on the medical treatment being provided to Sanchez Martinez and the lack of his mobility. I completed taking photographs at 1448 hours and cleared Santa Rosa Memorial Hospital at 1455 hours.

At 1545 hours, I arrived back at the scene on East Cotati Avenue. I did not enter the inner perimeter of the crime scene at this time. While on scene I provided the Sonoma County Sheriff's Office Search and Rescue Team with metal detectors.

On 5/8/17, at approximately 1445 hours, I removed the suspect's clothing from the CSI secured drying room. I wore latex gloves during this process. I placed butcher paper on the floor of the CSI lab to lay the clothing on. I took overall photos of the bullet and clothing with and without scale. In the rear left pants pocket I located a Taser probe. This probe punctured the fabric of the pocket but did not penetrate the fabric of the pants.

I removed the bullet from the plastic jar and packaged it in a small box so any blood on it would dry. I labeled the bullet as item MAP1(A), and the jar with red lid remained item MAP1. I removed the Taser probe from the jeans and it was labeled as item MAP2(A).

I downloaded all of my photographs as evidence item MAP7.

All items of evidence were packaged, labeled, and sealed then submitted into Sheriff's Property/Evidence.

Supplement Narrative

Expertise:

I have been certified by Taser International (now Axon) as a Taser instructor. I attended the 20 hour Taser instructor course on May 12-13, 2016 (4 hours online and 16 hours classroom). At the completion of this course, I was certified to instruct end-users on the X26, X26P and X2 TASER conducted electrical weapons. Additionally, we received instruction on downloading and troubleshooting the X26, X26P and X2 Taser conducted electrical weapons.

Follow-Up Investigation:

On 6/7/17, at approximately 1155 hours, I received an email from VCI detective Jayson Fowler regarding this case. He requested that I perform a forensic download on the Taser involved in this case. I informed him I would be able to upon my return to work on 6/13/17.

On 6/13/17, at approximately 1323 hours, I retrieved item #4-1430 from the property/evidence unit. The item was sealed in a white cardboard box with evidence tape. I cut the evidence tape and opened the box. Inside I found an X26P Taser zip-tied to the box. I removed the zip-ties and took the Taser from the box. I noted the following: an X26P Taser with serial number [redacted], which still had the battery inserted. It also had an expended cartridge inserted. The cartridge had one small piece of wiring still attached to one of the wire spool bays. There was no wiring in the other spool bay and no probes were present. I removed the cartridge and the battery and connected the X26P to a USB download cable and downloaded the firing log using SYNC in the off-line mode. I saved a copy of the PDF of the firing log to a CD and later placed the CD containing the firing log into evidence as ED#1. I also provided a copy of the CD to VCI detective Fowler.

After downloading the X26P, I inspected it and found no signs of external damage. I turned the X26P on and observed the central information display illuminated as it should. I pulled the trigger and performed a short spark test, in which the X26P appeared to operate normally.

I returned the X26P to the cardboard box I received it in, re-secured it with zip-ties, resealed it with evidence tape and returned it to the property/evidence room. I had possession of the Taser until approximately 1345 hours.

Taser Download Analysis:

I reviewed the Taser firing log for item #4-1430 to analyze what was recorded. I noted that prior to my downloading the device on 6/13/17, it had last been downloaded on 8/7/15.

The firing log showed that the Taser had 2 trigger pull activations on 5/5/17:
1.Occurred at 04:19:29 with a 5 second duration
2.Occurred at 04:19:38 with a 2 second duration

Note: When a Taser is connected to a USB download cable, it automatically synchronizes to the time clock on the computer which downloads it. I noticed the X26P`s internal clock was reset forward 43 minutes and 58 seconds to match the network set times. In essence, 43 minutes and 58 seconds should be added from all events in the firing logs to match any other synchronized items (dispatch transmissions, etc.).

No further information.

Title: NARRATIVE

On Wednesday, 24 August 2016, at 0143 hours, I, Corporal Dustin Crabtree, was dispatched to [redacted] was dispatched to contact [redacted] in reference to a theft of a firearm complaint.

Upon my arrival at 0154 hours, I contacted [redacted] I asked her to explain the events in reference to this incident. [redacted] stated she discovered her firearm is missing. She believes it was stolen. 1 asked [redacted] when was the last time she has seen the firearm. She informed me she last saw the box the firearm was in on the 13th of August 2016. [redacted] then showed me where she keeps the firearm. I observed a small, square, glass table with a drawer next to a bed. [redacted] informed me she kept the firearm in the original, gray box. The gray box is left in the drawer of this glass table.

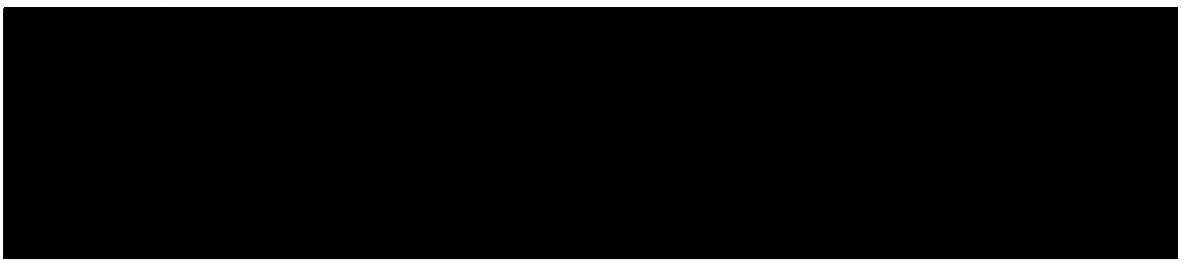
[redacted] then informed me the firearm is .380-caliber semi-auto handgun. The firearm has a trigger guard lock on it. The two magazines remain loaded and in the box with the firearm. I asked about the magazine capacity. [redacted] did not know how many rounds each magazine held. r asked about the firearm. [redacted] did not know the make, model, or serial number of the firearm. I asked about this. [redacted] stated she did not have to keep that information due to the fact she registered the firearm with the Saint Mary Parish Sheriffs Office. I asked when she registered the firearm. [redacted] stated she registered the firearm when she purchased it, approximately 16 years ago.

I then asked [redacted] if she knew of any person that would be willing to steal her firearm from her [redacted] stated she believes [redacted] stole her firearm. I asked why she believes this. [redacted] stated she attempts to help [redacted] She stated she has known him since he was a child. She stated she treats him like a son, but he has stolen items from her residence in the past. J asked where [redacted] could be located. [redacted] stated she did not know.

NOTE: Case number 2016008815 is a fight. This case number is located at the same address. [redacted] was interviewed in reference to the fight and this incident. Both a fight and a theft of a firearm complaint were handled at the same address, less than 24 hours apart from each other.

I asked [redacted] about [redacted]. I was informed [redacted] is [redacted] son. I attempted to speak with [redacted] in reference to both case numbers. I attempted to disprove both cases are related. [redacted] refused to speak with me. When I attempted to speak with him, he became extremely agitated and defensive with his words. Due to his demeanor, I was unable to prove or disprove if both cases are related.

I provided [redacted] a case card with case number in reference to this incident. I explained to her contact the Saint Mary Parish Sheriffs Office if any further assistance is required. I also requested she contact the Saint Mary Parish Sheriffs Office if she discovers any other pertinent information regarding this incident.



THIS SECTION TO BE FILLED UPON RECIEPT OF FORENSIC REPORT FROM DOJ CRIME LAB.

State | Zip Code

L Remarks

Local Option

Engine 9181 with Medic 751 were dispatched to a reported Medical aid (Gun Shot Victim) at [redacted] E, Cotati Ave. Cotati. All units were requested to stage until cleared in to the scene by Cotati Police. Engine 9181 staged on the front ramp and Medic unit around the corner. After a very short time, we were cleared in code three. Medic 751 arrived first with Engine 9181 just behind. the crew off 9181 assisted the paramedic as directed. The patient had two obvious gun shot wounds and was bleeding. As the paramedic assessed the patient, the other crew members prepared the patient for transport, by removing his clothing (shirt) and looking for other wounds. With the backboard and gurney ready, the patient was log rolled on to the back board and them moved to the gurney. The paramedic continued his treatment in the ambulance and requested one fire fighters to assist. Medic 751 transported the patient code three to Memorial Hospital. BC-91 was advised and responded to retrieve the firefighter. since this was a crime scene, Engine 9181 remained on scene until released by the investigating department. At 0630 Engine 9181 returned to service on Redcom.

Advisory

Update on Sonoma State Officer Involved Shooting

Detectives are continuing to locate and interview witnesses on the Sonoma State University officer-involved shooting that occurred at about 4:45 AM on Friday, May 5, 2017.

At this time we can confirm that the 22-year-old man who was shot is alive, in critical condition and is undergoing a further surgery today.

The officer involved in the shooting has been placed on paid administrative leave as per standard protocol in law enforcement related shootings.

We aren't releasing anymore details of the incident at this time as we don't want potential witnesses to be tainted by anything they may read about in the media. We are asking for your patience as we conduct a thorough investigation into this matter.

If you witnessed this event or know anything about it, please call detectives at 707-565-2185.

Community

Sheriff's Investigations release details on SSU Officer Involved Shooting.

The suspect in the Sonoma State University officer involved shooting has been identified as 22-year-old Eduardo Martinez Sanchez of Santa Rosa. The Sonoma County Sheriff's Office is continuing to investigate this incident that occurred at about 4:45 AM on May 5, 2017 in Cotati, CA. We want to provide the public with as much information as possible; please keep in mind this is an active investigation.

To date Sheriff's detectives have interviewed all the identified witnesses to the event. The following is a summary of the accounts of that early morning. Just after 2:00 AM, a Cotati police officer and sergeant were on duty and had broken up a physical fight in the downtown area where a number of bars were closing. A Sonoma State University police officer had responded to downtown Cotati to assist the Cotati officers. As this initial fight was resolved, the officers were alerted to another fight across the street.

As they responded to this fight the officers heard what they originally believed was five to eight gunshots. Upon viewing their bodycam footage later they determined it was four shots. The shots were described as being fired nearby and in rapid succession. The officers took cover as they thought they were being fired at. As the officers faced east on E. Cotati Ave. they observed numerous people running towards them westbound.

When these people arrived at the officers' location they described briefly that a man was beating up a woman and when they tried to intervene, the man started shooting at them.

Officers responded to the area where the shots were fired. They found clothing at the corner of La Plaza and E. Cotati Ave. Upon further canvassing they located four shell casings from a handgun on the south side of E. Cotati Ave. between Charles St. and La Plaza Dr.

Rohnert Park Public Safety Officers had also responded to the scene and advised that they were with potential victims of the shooting at Starbucks in the 600 block of E. Cotati Ave. Cotati Police interviewed five witnesses who had similar accounts of what occurred. One witness, a 20-year-old woman, stated she was on E. Cotati Ave. near Charles St. when she saw the suspect, described as a shorter Hispanic male with short hair, yelling at a woman. She then saw the man striking the woman. The witness intervened and struck the suspect in the face twice. The suspect then hit the witness in the face, grabbed her by the throat, pulled out a silver colored handgun and threatened to kill her.

One of the witness' friends, a 24-year-old woman, saw what was happening. She pulled the first witness away from the suspect and started to flee along with the rest of the nearby witnesses. As the witnesses were running away the suspect shot four rounds in their direction. None of the rounds hit anyone.

At about 4:45 AM the Sonoma State University Officer was driving eastbound in the 100 block of E. Cotati Ave after attending a debriefing at the Cotati Police Department when he saw Martinez Sanchez emerge from a creek bed on the south side of E. Cotati Ave. Martinez Sanchez matched the description of the suspect from the earlier shots-fired incident. The officer turned around and contacted him.

The officer exited his patrol car and made contact with Martinez Sanchez. Believing this was the suspect from the earlier shooting incident, the officer attempted to detain him. Martinez Sanchez physically pushed the officer backwards and pulled

away from his grasp and started to run westbound on E. Cotati Ave. The officer used his Taser in an attempt to subdue the suspect. He deployed the Taser into his back and Martinez Sanchez fell momentarily but then got up and continued running northwest across E. Cotati Ave.

The Sonoma State University Officer continued to chase Martinez Sanchez, who then entered an enclosed fenced area of the New Hope Church at 183 E. Cotati Ave. As the officer was chasing Martinez Sanchez, he saw Martinez Sanchez grab his waistband several times, attempting to pull an object out. Martinez Sanchez turned his body towards the officer several times as he was running away and the officer clearly saw a silver object stuck in his waistband that he was attempting to pull out. Based on the earlier descriptions given of a silver handgun, the officer was certain Martinez Sanchez was trying to pull a handgun on him.

Once Martinez Sanchez entered the enclosed area of the church he slowed to a walk. He again had his hand at the front of his waistband and started to turn towards the officer. The officer, in fear for his life, fired two rounds at him, which hit Martinez Sanchez in the back. Martinez Sanchez went down to the ground, at which point responding Cotati officers arrived and assisted taking him into custody. Officers immediately started life saving efforts and requested medical aid.

A loaded, silver colored semi-automatic handgun was found in bushes close to the location where Martinez Sanchez was shot. This handgun was of the same caliber as the casings that were located earlier and it was reported stolen out of Maryland. This was a low-light situation due to the time of day. Sonoma State University does not issue bodycams to their officers.

Martinez Sanchez was immediately taken to a local hospital where he is still alive and listed in critical condition. Martinez Sanchez is currently on parole and has a lengthy history of weapons, gang and violent offenses.

Upon completion of the investigation, the Sonoma County Sheriff's Office will be recommending numerous felony charges against Martinez Sanchez. The Cotati Police Department is also conducting an investigation against Martinez Sanchez for numerous felony charges.

The Sonoma State Officer's name is not being released at this time and will not be released until we can be reasonably assured that the officer's safety isn't jeopardized.

We appreciate the patience of the public and the media for giving Sheriff's Investigators the time necessary to conduct a lengthy, professional investigation. We make every effort to keep the public informed on situations while we maintain our responsibility to ensure that we don't compromise the integrity of the investigation.

Sonoma State University officer shoots suspect in off-campus scuffle

GUY KOVNER
THE PRESS DEMOCRAT | May 5, 2017

A Sonoma State University police officer shot and wounded a man suspected of involvement in a shooting early Friday morning near downtown Cotati, campus police and Sonoma County Sheriff's officials said.

The 22-year-old man, who was not identified, underwent surgery for gunshot wounds and was under intensive care at a hospital, Acting SSU Police Chief David Dougherty said in a written statement.

The officer, who was not identified Friday, was assisting Cotati police, when, shortly before 5 a.m., he saw a man he believed to be a suspect in an earlier disturbance and shooting, according to Dougherty and Sonoma County Sheriff's Sgt. Spencer Crum.

The campus officer fought with the suspect and used his Taser before firing his weapon, Dougherty said in a written statement.

He said the Sheriff's Office was asked to handle the investigation, in accordance with Sonoma County law enforcement protocol for officer-involved shootings.

The incident began as downtown Cotati's bars were closing, with reports of numerous fights breaking out in the area, Crum said in a written statement.

Cotati police requested assistance from the campus force, he said. Dougherty said SSU officers routinely assist Cotati police and other law enforcement agencies off campus.

Crum said police officers were dealing with a disturbance near the Cotati Plaza when they were told of a fight between a man and a woman nearby. Four women said that when they tried to break up the fight, the man pulled a gun on one of the women, "pointed it at her head and threatened to kill her if they didn't leave," he said.

Shortly afterward, officers heard multiple gunshots in the area, but were unable to locate a victim or suspect. They did, however, find four bullet casings from a handgun, Crum said.

About 4:45 a.m., the SSU officer was in the 100 block of East Cotati Avenue when he saw a man walk out of a creek bed and believed he may have been involved in the Plaza incident, both Crum and Dougherty said.

Crum said the man ran from the officer, who chased him and engaged in a fight. When the officer's Taser was unsuccessful, Crum said the officer then shot the man twice with his service weapon.

The officer was not injured, Dougherty said.

Dougherty declined to say whether the suspect was armed and whether the officer was alone at the time the two men met, referring questions to the Sheriff's Office.

Dougherty said it was premature to give the officer's age or length of service with the university.

Nicolas Grizzle, an SSU spokesman, said he did not believe any students were involved.

Both Grizzle and the Cotati Police Department referred questions to the Sheriff's Office.

Cotati Police Chief Michael Parish did not return a call.

Throughout Friday, Sheriff's investigators searched the area where the shooting occurred. In the morning, police closed off two blocks of East Cotati Avenue east of La Plaza at the heart of downtown Cotati.

Sheriff's investigators canvassed the area, interviewing local residents, and checking grassy lots and yards. Some local residents and merchants said they heard the gunshots early Friday morning.

"We heard gun shots about 4 or 5 in the morning," said a Charles Street Village resident who asked that her name not be used.

Dylan Toulouse, a bartender at The Tradewinds on Old Redwood Highway just south of La Plaza, said doormen at the bar heard gunshots about 2:15 a.m. He said they shut the bar doors.

Anyone with information about the case is asked to call the Sheriff's investigations unit at 707-565-2185.

Staff Writer Martin Espinoza contributed to this report.

Investigators seeking witnesses to shooting of suspect by Sonoma State University officer

GUY KOVNER AND ROBERT DIGITALE
THE PRESS DEMOCRAT | May 6, 2017

The Sonoma County Sheriff's Office is withholding the name of a Sonoma State University officer "for his own safety" after he fought and shot a man off campus early Friday near the Cotati Plaza, a sheriff's spokesman said Saturday.

Detectives over the weekend were seeking to interview witnesses to the shooting, which left a 22-year-old man hospitalized in critical condition and undergoing additional surgery Saturday, Sgt. Spencer Crum said.

The shooting victim, whose name also was withheld by the Sheriff's Office, had been suspected of earlier firing a weapon near the Cotati Plaza on Friday, according to sheriff's and SSU police officials.

Before releasing identities in such cases, Crum said, "we have to make a determination what the threat level might be" to the officer. When warranted, Crum said, the Sheriff's Office also will give the officer "ample time to protect himself."

Identifying the wounded man at this point — he has not been arrested — would be "inappropriate," Crum said, declining to elaborate.

The officer shot the young man about 4:45 a.m. Friday during a confrontation in the 100 block of East Cotati Avenue, about 2 miles from campus.

That morning, Cotati police had requested assistance from the SSU force after numerous fights broke out as bars were closing about 2 a.m. near the town's plaza, Crum said. Four women told officers they had tried to break up a fight between a man and a woman, when the man pulled a gun and threatened to kill one of the women if they did not leave.

Officers heard multiple gunshots shortly afterward, but were unable to locate a victim or suspect. They found four bullet casings from a handgun, Crum said.

Later, the SSU officer saw a man he believed had been involved in the plaza incident, officials said. At the time the man was walking out of a creek bed.

The man ran from the officer, who chased him and engaged in a fight, Crum said. When the officer's Taser was ineffective, he shot the man twice with his service weapon, he said.

The officer was not injured. He has been placed on paid administrative leave, following the protocol for law enforcement-related shootings, Crum said

The wounded man hasn't been arrested, Crum said, because he "is not going anywhere. There are no time constraints for us to arrest him." Authorities have declined to say whether he was armed at the time.

Investigators have identified potential witnesses and are attempting to interview them, he said.

In the meantime, Crum said, officials aren't releasing any new information, including whether detectives believe the young man was the same person that officers earlier had been seeking. So doing, he said, could "compromise a witness statement."

"We don't want their testimony to be tainted by anything they read in the press," Crum said.

Gary Delsohn, the communications director at SSU, on Saturday said the Sheriff's Office is handling all media inquiries.

You can reach Staff Writer Guy Kovner at 707-521-5457 or guy.kovner@pressdemocrat.com. On Twitter @guykovner. You can reach Staff Writer Robert Digitale at 707-521-5285 or robert.digitale@pressdemocrat.com. On Twitter @rdigit.

Suspect shot by Sonoma State University cop in Cotati named

NICK RAHAIM
THE PRESS DEMOCRAT | May 9, 2017

The man shot twice in the back early Friday morning by a Sonoma State University police officer was a parolee with a history of gang affiliation, and weapons and violent offenses, the Sonoma County Sheriff's Office said Tuesday.

Eduardo Martinez Sanchez, 22, of Santa Rosa, remains in critical condition at a local hospital.

The name of the officer involved in the shooting has not been released. In a statement issued Tuesday afternoon, the Sheriff's Office said the officer's name "will not be released at this time and will not be released until we can be reasonably assured that the officer's safety isn't jeopardized."

SSU officers routinely work with Cotati Police and Rohnert Park Public Safety in their jurisdictions, said Acting SSU Police Chief Dave Dougherty. SSU Police have jurisdiction throughout the state of California — as do all California State University police departments — but primarily operate on campus and a surrounding 1-mile radius, he said. As part of that, the department assigns an officer to downtown Cotati every Thursday to help manage Cotati Crawl partiers.

The shooting of Martinez Sanchez stemmed from an altercation just after popular bar crawl's closing time about 2 a.m. Friday in downtown Cotati. The crawl attracts people to the five downtown bars, including many Sonoma State University students and people from neighboring cities, said Cotati Police Chief Michael Parish.

Friday morning, the unidentified Sonoma State University Police officer came to the aid of Cotati Police attempting to control a rowdy crowd after closing time. Authorities wouldn't say Tuesday if the officer involved in the shooting had received the Cotati Crawl assignment that night.

While officers were breaking up a fight, a handful of shots rang out, according to the Sheriff's Office. Officers took cover believing they were being fired on, but people running away from the shots west on East Cotati Avenue said they were fired by a man beating up a woman.

Witnesses said when they tried to stop the man, whom police believe was Martinez Sanchez, from striking the woman, he allegedly slapped a 20-year-old woman in the face twice, grabbed her by the neck, brandished a gun and threatened to kill her, according to the Sheriff's Office.

Her 24-year-old friend pulled the woman away and the pair ran. It was then Martinez Sanchez allegedly fired shots at the fleeing women but missed, according to the Sheriff's Office.

Officers found four bullet casings on East Cotati Avenue between Charles Street and La Plaza Drive.

Nearly two-and-a-half hours later, the SSU officer saw a man matching the description of Martinez Sanchez emerge from a creek area on the south side of East Cotati Avenue. The officer attempted to detain him and a struggle ensued. The officer fired his Taser and struck the suspect, but Martinez Sanchez was able to flee, according to the Sheriff's Office.

The officer noticed Martinez Sanchez grabbing his waistband as he ran, and when the suspect entered a fenced area at New Hope Church the officer saw a silver object in Martinez Sanchez's waistband and fired two rounds at him.

Sonoma State University does not issue body cameras to its 14 sworn officers.

A silver semi-automatic handgun found under bushes at the scene was the same caliber as the casings found at the 2 a.m. shooting hours earlier, according to the Sheriff's Office.

Police immediately began administering lifesaving first aid to Martinez Sanchez, the Sheriff's Office said, and brought him to a local hospital where he has undergone multiple surgeries since.

According to court records, Martinez Sanchez has been in and out of jail since 2013 when he was convicted of carrying a concealed weapon with gang enhancements and sentenced to 16 months in prison. He has been jailed for varying offenses seven times since, court records show.

Sonoma State University identifies officer involved in Cotati shooting

NICK RAHAIM
THE PRESS DEMOCRAT | May 18, 2017

Sonoma State University has released the name of a campus officer who shot a man two weeks ago in Cotati.

The 22-year-old man was armed, police said, and was being sought as a suspect in a shooting hours earlier.

The officer, Rafael Cardenas, 28, joined the SSU police force a year ago, according to campus officials, who declined to release additional details about his employment or service record. Campus authorities and the Sonoma County Sheriff's Office, which is investigating the shooting, said they withheld his name after the incident to assure his safety was not in jeopardy.

On May 5, Cardenas was on duty off campus — SSU officers regularly work beyond the borders of the Rohnert Park campus — when, about 4:45 a.m., he spotted a man, Eduardo Martinez Sanchez, who matched the description of a gunman sought by officers in an earlier altercation near the Cotati Plaza, according to the Sheriff's Office.

Cardenas, who first saw Martinez Sanchez emerge from a creek bed as he was driving on East Cotati Avenue, was unable to initially detain him after the man pushed him away and fled on foot, the Sheriff's Office said.

Cardenas used his Taser to subdue the man, knocking him off his feet before he resumed his flight toward New Hope Church on East Cotati Avenue, according to the Sheriff's Office.

There, in the parking lot, Cardenas shot Martinez Sanchez twice in the back when he noticed the suspect reach for a silver object in his waistband, the Sheriff's Office said.

Martinez Sanchez, of Santa Rosa, was in "stable but critical condition" at a local hospital Thursday, said Sgt. Spencer Crum, spokesman for the Sheriff's Office. Martinez Sanchez is associated with a Sureño gang in Santa Rosa, Crum said. The suspect has been in and out of jail since 2013, Crum said, and has been convicted of multiple gang, violence and weapons offenses.

The officer-involved shooting stemmed from an incident hours before when rowdy crowds gathered on the street in Cotati after bars closed at 2 a.m. Martinez Sanchez assaulted a woman on the street, and when a 20-year-old female witness tried to get him to stop, he slapped her twice, authorities said.

Martinez Sanchez grabbed the witness by the throat and pulled out a handgun, threatening to kill her, according to the Sheriff's Office. The 20-year-old was pulled away by her friend and fled. Martinez Sanchez fired four shots in their direction, authorities said.

A silver semi-automatic handgun found under bushes in a fenced area of the New Hope Church matched the description of the weapon brandished hours before and was of the same caliber as four bullet casings recovered after the downtown Cotati shooting, according to the Sheriff's Office.

Martinez Sanchez faces six felony charges, including domestic assault and negligent discharge of a firearm, two misdemeanors and violation of parole.

Cardenas remains on paid leave while the investigation proceeds.
