Sonoma County Sheriff's Office

Investigation - Case Details

IA: 20-IA-0002

Case Type:	IA	**Incident Number:**	20-IA-0002	**Report #:**	200404-014
Call Type:		**Incident Date:**	4/4/2020	**Time:**	17:01
Origin:		**Date Reported:**	4/9/2020	**Time:**	11:41
Location:	[redacted]				
Address:					
Status:	Closed Other	**Date Closed:**	4/7/2021		

Details

Brief Summary:	A citizen reported Jason Anglero-Wyrick went to his house and threatened him and his family with a firearm. Deputies responded to Anglero-Wyrick's house knowing he was on parole. When deputies encountered Anglero-Wyrick and his fiancé Naustachia Green they were uncooperative. Deputies deployed a Taser, a sheriff's K9, and used physical force to restrain and arrested them.
Was body camera used & reviewed?:	Yes
If so, was that video material to the outcome?:	Yes

Sub: Report Signature

Sonoma County Sheriff's Office
Internal Affairs Investigation
20-IA-0002

Background Summary

On April 9, 2020, Sergeant James Percy was assigned to investigate this matter by Lieutenant Shawn Murphy. On January 11, 2021[1], I was assigned by Lieutenant Brandon Cutting to investigate this case due to Sergeant Percy transferring out of Internal Affairs.

On April 6, 2020, [redacted] (mother of Jason Anglero-Wyrick) submitted the following complaint via the Sheriff's Office website 'report a crime' link:

> "Approximately 4:30 pm on Saturday, April 4, 2020 a false report was made on my family. The Sonoma county sheriff responded like ill trained attack Dogs. They came disrespectfully, they came with excessive force, they used miss-conduct, Searched entire property illlegally [sic]. Never took into account our side of the story, biased not interested in what really happened. My son is disfigured for life, (malled leg). Possibly could die he is still in the hospital during a pandemic, endangerment to our entire community by not following state mandated protective wear to protect our community from covid 19. I am filing a report on the person who made the false 911 call that almost murdered my family with the help of your racist west county sheriffs!!. That is attempted murder! The actual physical brute force was racist and biased and violated our constitutional rights on so many levels. Too many to list in this initial report. Looking forward to follow up on the dangerous possibly fatal attack on my family!! for twenty years now !! . I have three excessive abuse reports in one year. Again I am not afraid of you !! Leave my family alone!! Much more in future report. I am still traumatized working with my family and professionals. I am a daughter of a veteran from the United States Army, I am the daughter of a twenty five years of service in the probation department of Alameda County. I am a mother of a current United atates [sic] Marine. I am not afraid of little men who pick on little gilrs,[sic] old ladies and do not respect my entire families service for the United States of America. I demand justice !!
>
> **"List Stolen Property Below:** phone, (by police), broken glove box, disfigured leg, Our safety and honor for my family."

Additionally, she filed a complaint with the Independent Office of Law Enforcement Review and Outreach (IOLERO) alleging Conduct Unbecoming of a Deputy, Unnecessary or Excessive Use of Force, Racial Profiling/Bias-Based Policing, Discourtesy, Improper Procedure or Complaint Against Policy, and Neglect of Duty. She wrote:

[1] An underlined date indicates it is part of my investigation, Sergeant Sean Jones, Internal Affairs

Sonoma County Sheriff's Office
Internal Affairs Investigation
20-IA-0002

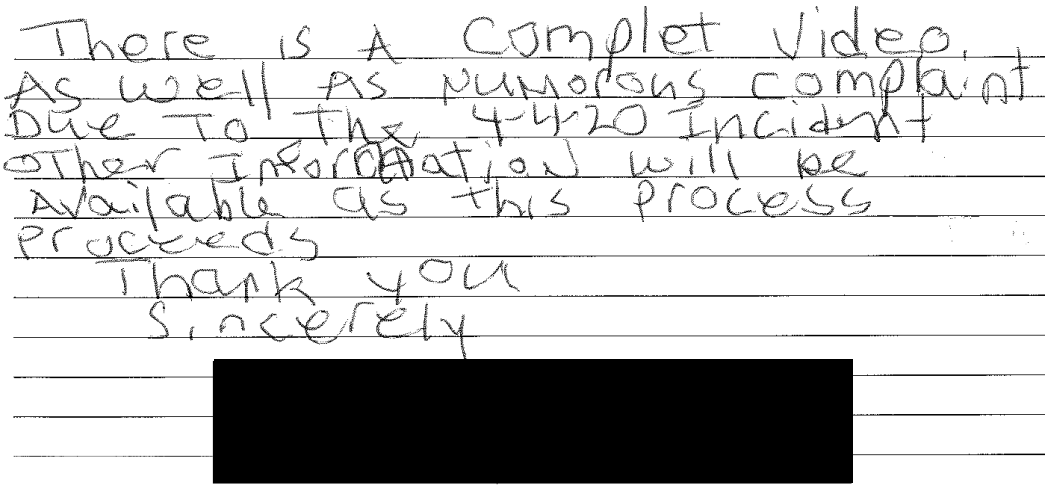
At about 4:00p.m. on April 4, 2020 my mechanic was changing my tire in our private driveway at [redacted] Graton, Ca. He observed a white man trespassing onto our property. The white man was driving up and then threw a plastic bottle with liquid in it onto Natasha's new car. Natasha knew the young man and I thought by returning the bottle they would realize I could call the police . The Sonoma County Sheriff's' Department has historically proven not to protect and serve my family and often times make things worse by cursing , screaming, and criminalizing my family. A man chased us and we came home I arrived home and immediately blocked our driveway. While blocking the driveway an officer arrives. He immediately asked for my son Jason . I told him he was sleeping. The officer looked mean and started talking in his little radio. Minutes later our house was surround by sonoma county sheriffs including a helicopter circling our house giving false information to the officers on the ground. The helicopter people said I went into the shed and hid something. That was a fabrication . My son went out of the gate and was met with unnecessary force. He was ordered to drop to the ground and crawl to the officer. While he and his girlfriend were holding their hands up in the air the officer first said "crawl to me" dehumanizing him in front of his family and neighbors then shot him! It sounded like a gun and . He dropped to the ground in agony. Then again they used physical unnecessary force by sicking their attack dog on him after he was clearly subdued. All the time Jason's hands were behind him and his face in the pea rock on the ground screaming. The officer was clearly making the dog bite Jason more you can see the officer shoving the dogs teeth in deeper and deeper into his leg lifting the dog up and down so as to rip my sons leg apart as the video shows. The officer allowed the dog to almost mall my sons leg off. My fifteen year old grand daughter was begging for them to stop hurting her mother and father . The officers exasperating the event by screaming at her holding a taser threatening to tase her and myself. They continued to try to make her stop filming. Violating the constitution. Another major concern is they endangered my entire family possibly the block. Most of the officers were not six feet apart! First responders have a high rate of the COVID_19!

They were informed my seventy-five year old mothering is suffering from dementia (compromised immune system) and yet made us sit outside while they went into my home without proper medical attire during a pandemic! . At least five or seven officers were handling , touching, breathing spreading their germs on everything in our home contaminating everything and everyone!! Also, Nautasha(my sons girlfriend is a woman and two officers at least 200 pounds each were crunching on top of her so hard preventing her breathing , slamming the back of her head elbows and arms!. I am asking for reimbursement for hospital bills, pain and injuries and suffering and any future leg surgeries or physical therapy my son may need from the doctor of his choice. Also, my grandaughter continues to cry when she closes her eyes. I want a lawsuit against the county and protocal changed. One officer responded to my son they knew thr person who called made a false report. Why isnt he arrested for harassment, tresspassing, false

reporting. I want the dog put down and all officers fired . Not one took my report, my side of the event. Mal-conduct is against the law . Excessive force is illegal. Search and seizure in other persons room's without a warrant is illegal. Entering my parked car and breaking open my locked glove box is againat the law. Not one officer followed constitutional law. Adding endangerment by not following county rules during a pandemic and put the entire county in jeapardy .. I guess we will see when the sheriff's pass on the covid 19 virus because they are not following any of the governors guidelines to keep the public safe. I am requesting your off]]]

Sincerely,
[redacted]

On March 29, 2020, [redacted] (Rohnert Park resident) filed a complaint with IOLERO. He alleged Conduct Unbecoming of a Deputy, Unnecessary or Excessive Use of Force, Racial Profiling/Bias-Based Policing, Discourtesy, Improper Procedure or Complaint Against Policy, and Neglect of Duty. He wrote:



On April 10, 2020, [redacted] (city of Sonoma resident) filed a complaint with IOLERO alleging Conduct Unbecoming of a Deputy, Unnecessary or Excessive Use of Force, Racial Profiling/Bias-Based Policing, Discourtesy, and Improper Procedure or Complaint Against Policy. She wrote:

> "After seeing the video of the incident taken by a witness and Deputy Tyler Villeggiante's body-cam footage, it is evident that the Sonoma County Sheriffs abused their power. This is yet, another case of police brutality, where excessive force and an unnecessary K-9 attack was used AFTER tasering the victim, an African-American male, despite his hands being in the air prior to the

"attack. Jason Anglero-Wyrick, along with his wife, Naustachia Green, were arrested in a very inappropriate and unjust manner. Now, Jason suffers a severe leg injury after the K-9 "attack. There was no need to release the K-9, especially because Jason was tasered and dropped to the ground. In addition, the K-9 deputy handling the dog, did NOT know how to handle the dog and never gave a command to release the bite, this Deputy and his dog are not properly trained, and therefore should be fired immediately. Additionally, one of the Deputy's, who tasered Jason, threatened to taser the woman recording the incident (pointing the taser at her). The same Deputy then points the taser in Jason's face as Jason is on the floor facing down having his leg attacked by the K-9 and the Deputy stomps repeatedly on Jason's other leg.

"Now, Jason suffers a severe leg injury after the K-9 attack, which caused a large laceration after his skin was torn-off from the dog attack. In the video, we can see how instead of the K-9 Deputy giving his dog the command to "release," the Deputy simply pulls on the dog while the dog has a strong grip on Jason's right leg.

"In addition, after the incident, Sonoma County Sheriff made very inappropriate and unprofessional comments on the Sonoma Sheriff's Facebook page in regards to the incident, stating, "Vader did a great job time for a treat, We [sic] did not find a gun but they had time to dispose of it. After some complaints of their Facebook comments, they commented, "Hi [redacted], the first amendment gives people the right to express themselves on social media accounts. There are some exceptions, such as posting links and making threats." Actions need to be taken immediately and all who are managing the Sonoma Sheriff's Facebook page must be addressed immediately.

"The entire incident was handled very brutally and the community demands that something is done about this. Police brutality and excessive force, especially towards minorities has been and continues to be an issue. Something must be done now. Sonoma Sheriffs cannot get away with stuff like this as they always do. It is impossible for our community to feel safe, protected, and/or to trust law enforcement when these types of brutal and inhumane behaviors are preformed [sic] by our very own law enforcement."

Incident Summary (SCSO CR#200404-014):

On April 4, 2020, a 9-1-1 caller, [redacted] reported Jason Anglero-Wyrick and an unknown female just left his house after pointing guns at him and his family. [redacted] reported Anglero-Wyrick and the female were in a white Dodge Durango or Dakota type pick-up truck and left towards Graton.

Dispatch updated the responding deputies Anglero-Wyrick was [redacted] ILEADS alerts indicated Anglero-Wyrick [redacted]

Deputies responded to the [redacted] residence while additional deputies responded to Anglero-Wyrick's residence. At the Anglero-Wyrick residence, deputies contacted him as he walked out of his property with his girlfriend, Naustachia Green.

Anglero-Wyrick was uncooperative with the deputies who tried to detain him. Green positioned herself between the deputies and Anglero-Wyrick, which prevented deputies from detaining him.

Deputies separated Green from Anglero-Wyrick and physically restrained her. Deputy Nicholas Miller deployed his Taser on Anglero-Wyrick while Canine Deputy Jeremy Jucutan deployed his canine Vader to apprehend him. Vader bit and held Anglero-Wyrick's leg while deputies handcuffed him. Emergency Medical Services (EMS) attended to Anglero-Wyrick's bite wound(s).

After being arrested, Green claimed she was pregnant and was evaluated by EMS on scene. She was subsequently transported by ambulance to Sutter Hospital for evaluation [redacted] Green was arrested for resisting/obstructing and battery on a peace officer. She was transported and booked into the Main Adult Detention Facility.

Further interviews with the reporting party [redacted] revealed he was unable to positively identify Anglero-Wyrick as the suspect who brandished the firearm. In fact, he was unable to say for certain if he actually saw a firearm. Deputies and sergeants determined there was not enough evidence to arrest Anglero-Wyrick for the incident at the [redacted] residence.

Anglero-Wyrick was arrested for threatening a peace officer, resisting arrest, and violation of parole. Anglero-Wyrick was transported by ambulance and admitted to Memorial Hospital. He was booked into MADF by means of an "absentia booking" while he remained in the hospital.

On June 2, 2020, the criminal case against Anglero-Wyrick was dismissed by the Sonoma County District Attorney's Office (SCDA) for "lack of sufficient evidence." That same day the criminal case against Green was dismissed by the SCDA's Office as well.

On April 6, 2020, there was a video posted to YouTube titled “Vicious Police Brutality: Police Dog Attack.” This sparked numerous comments and questions from different people in the community.

The SCSO Internal Affairs unit was tasked with conducting an investigation into this incident.

Complaint / Authorities

The purpose of this Internal Affairs complaint investigation was to determine if deputies involved in this incident violated Sheriff's Office Rules and Regulations or Office-Wide Policy, and Division Policies, more specifically:

Rules and Regulations Regarding Conduct

5. PROCEDURES

B. DUTIES, CONDUCT AND RESPONSIBILITY

3. Obey Policies and Procedures: Members shall obey and carry out all lawful Sheriff's Office and County policies, procedures, and other orders whether written or oral. Specifically:

Use of Force: This policy provides guidelines on the reasonable use of force. The Use of Force policy is lengthy but has specific sections relevant to this investigation, including:

300.2-It is the policy of this Office that deputies shall use only that force which is objectively reasonable, given the facts and circumstances known at the time of the event to effectively bring an incident under control.

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

(a) Immediacy and severity of the threat to deputies or others.

(b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time.
(c) Deputy/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subject(s)).
(d) The effects of drugs or alcohol.
(e) Subject's mental state or capacity.
(f) Proximity of weapons or dangerous improvised devices.
(g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
(h) The availability of other options and their possible effectiveness.
(i) Seriousness of the suspected offense or reason for contact with the individual.
(j) Training and experience of the deputy.
(k) Potential for injury to deputies, suspects, and others.
(l) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the deputy.
(m) The risk and reasonably foreseeable consequences of escape.
(n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
(o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
(p) Prior contacts with the subject or awareness of any propensity for violence.
(q) Any other exigent circumstances.

TASER DEPLOYMENT

303.2-In order to control subjects who are violent or who demonstrate the intent to be violent, the Sonoma County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUNING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this office only if the device has been issued by the Office or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed office-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when the decision has been made to control, restrain or arrest a subject who is violent or who demonstrates

the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, deputies should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

CANINE DEPLOYMENT

309.1-This policy establishes guidelines for the use of canines to augment police services to the community including, but not limited to locating individuals and contraband and apprehending criminal offenders.

309.6 Apprehension Guidelines
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed, is committing or threatening to commit any serious offense and if any of the following conditions exist:

a. There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public.
b. The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
c. The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of deputies or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing or is threatening to commit a serious offense, mere flight from a pursuing deputy, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that present an imminent threat to deputies, the canine or the public, such canine use

should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

BODY WORN CAMERAS

425.1-The purpose Body Worn Cameras (BWC) is to provide documentary evidence for criminal investigations, internal or administrative investigations and civil litigation. Members shall utilize the BWC and audio recorders in accordance with the provisions in this policy to maximize the effectiveness of the audio/video documentation to achieve operational objectives and to ensure evidence integrity.

425.6 Activation of the BWC

Unless it would be unsafe, impossible, or impractical for the situation, members are required to activate their BWC prior to making contact when responding to all calls for service, and during any law enforcement related encounters and activities that occur while the member is on duty. Examples include, but are not limited to:

a. All enforcement and investigative contacts including arrests, pursuits, suspicious persons, detentions, and field interviews.
b. Traffic stops including, traffic violations, traffic collisions, and stranded motorist assists.
c. Probation or parole searches.
d. Service of Search or arrest warrants.
e. Self-initiated activity in which a member would normally notify the dispatch center.
f. During suspect interviews, Miranda Rights or 5150 W&I advisements, and obtaining verbal consent to search.
g. During building searches, searches for suspects, and building checks at alarms.
h. Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.
i. Any use of force or tactical intervention.
j. BWC’s shall remain activated during detainee and/or arrestee transports.

425.6 Cessation of Recording

Once activated, the BWC shall remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

BIASED BASED POLICING

401.1-This policy provides guidance to office members that affirms the Sonoma County Sheriff's Office's commitment to policing that is fair and objective.

401.3 Bias Based Policing Prohibited

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

SEARCH AND SEIZURE

311.2-It is the policy of the Sonoma County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this officer will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this office will comply with relevant federal and state law governing the seizure of persons and property.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent

- Incident to lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Investigation

I reviewed this incident, documented in Sonoma County Sheriff's Office (SCSO) crime report 200404-014. I determined Deputies Jeremy Jucutan, Nicholas Miller, William Mahoney, Tyler Villeggiante, and Sergeant Brian Parks used some level of force in order to arrest the two involved subjects, identified as Jason Anglero-Wyrick and Naustachia Green.

On April 11, 2020, Sergeant Percy sent IA Notices to Deputies Jucutan, Mahoney, Villeggiante, Miller, and Sergeant Parks. All five later confirmed they received their IA Notices.

9-1-1 Call to Sonoma County Sheriff's Dispatch

Sergeant Percy obtained the SCSO dispatch audio (in Exhibits) of the 9-1-1 call and the Computer Aided Dispatch (CAD) records. I reviewed those records and included the CAD notes below, as the responding deputies would have seen them:

On April 4, 2020 at 1642 hours, SCSO Communications Dispatcher (CD) Nicole Grace received a 9-1-1 transfer call from CHP. The CHP dispatcher advised this call was a location transfer from [redacted] Forestville. CD Grace was connected with the male caller [redacted]

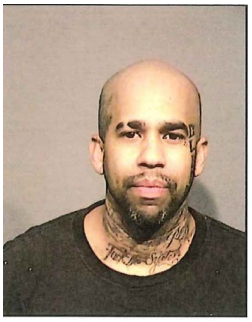
[redacted] initially reported an incident that occurred earlier that day between 1100-1200 hours while he was at work. [redacted] received a phone call from his wife stating a former friend of his, Jason Anglero-Wyrick, had gone to his mother's house looking for him. [redacted] reported Anglero-Wyrick kicked his mom's door in and pushed her to the ground. Anglero-Wyrick then went to [redacted] house [redacted]) while he was not there. [redacted] reported Anglero-Wyrick told his wife to let him in or he would kick the door in.

CD Grace asked [redacted] about what was occurring presently. [redacted] reported "they just came by and pointed guns at us." It was reported "they" left 3 minutes ago in a white Durango or Dakota type vehicle. [redacted] believed the vehicle left towards Graton. [redacted] identified the suspect as Jason Anglero-Wyrick.

CD Grace asked [redacted] to describe the gun Anglero-Wyrick had in his possession. He replied, "I don't know, because I wanted to get my kids inside." [redacted] was unsure if it was a handgun or a rifle. [redacted] reported Anglero-Wyrick had gone to his house multiple times before while "threatening guns."

[redacted] reported Anglero-Wyrick was with a female who had threatened to beat up his 11 year old daughter. CD Grace asked [redacted] to describe them. [redacted] reported Anglero-Wyrick was wearing red shorts and a black hooded sweatshirt. The female was wearing a camouflage shirt or sweater with black pants "or something" and was believed to be either a black or Hispanic female.

[redacted] later described Anglero-Wyrick's vehicle to be a small white pickup. Once Deputy Phil Brazis arrived on scene, [redacted] disconnected the phone.



Jason Anglero Wyrick
Anglero-Wyrick has extensive [redacted]
(January 24, 2012 –SRPD case 12-0001013).

On February 17, 2012, Wyrick-Anglero [redacted] CR-605460).

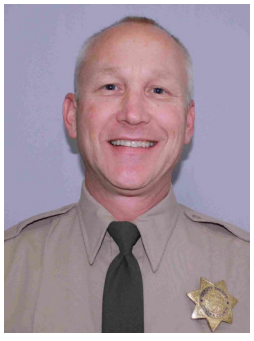
On May 4, 2012, Anglero-Wyrick [redacted] (including SCR-605460, SCR-599525 and SCR-612010) [redacted]

On August 11, 2018, Anglero-Wyrick [redacted]

Deputies/Sergeants' crime report documentation and BWC videos

> *The actual deputy initiated BWC activation time is at 00:30 BWC video time. The first 30 seconds are prerecorded with no audio due to standard devise buffering settings. Once the BWC is activated, audio begins.*

I reviewed Deputy Brazis' main crime report narrative (SCSO 200404-014) dated April 4, 2020. Deputy Brazis wrote:



"On 4-4-2020/ 1643 Hours/ Saturday, I was dispatched to [redacted] Forestville regarding the brandishing of a firearm which had occurred approximately three minutes earlier. Dispatch stated the suspect, Jason Anglero-Wyrick, had pointed a firearm at the reporting party/victim [redacted] before fleeing the area in a white Dodge Durango towards [redacted] This address is located on the west side of a dirt road north [redacted], just west of [redacted]

“While en route to the call, dispatch advised that Anglero-Wyrick had numerous law enforcement contacts and was described as a BMA, wearing a black hooded sweatshirt and red shorts. Accompanying Anglero-Wyrick was a HFA or mixed race female wearing a camo shirt and black pants. Several responding deputies were familiar with Anglero-Wyrick and responded to his home located [redacted] in the town of Graton to assist in this investigation.

“Upon arrival on [redacted] I met the victim and reporting party [redacted], his wife [redacted] their 11 YO daughter [redacted] and the couple`s friend, [redacted] After learning that the suspect had left the area, I advised dispatch that I was with the reporting party and that the suspect was not present. I then spoke with [redacted]

“[redacted] was very animated and told me that the suspect, who he identified as [redacted] or "[redacted] had just left the area after fleeing in a white truck after "pointing something" at him. With this information, I advised dispatch that the reporting party [redacted] in essence, was confused and could not state whether the suspect fled in a white Durango or a white truck. In addition, based on [redacted] statement regarding the possible weapon, I advised dispatch that the suspect "may" have had a gun. I specifically made this broadcast to alert responding deputies to the possible officer safety threat while I continued to interview [redacted]

“Once Deputy Ordaz arrived on-scene, I began to conduct a simple pat-down search of [redacted] for weapons based on crime of violence I was investigating, along with the fact that based on my training and experience I know that victims many times will obtain a weapon to defend themselves or family members when faced with a violent crime. [redacted] immediately became hostile despite my explaining to him the purpose of the search was to assure the safety of all those who were present. My detailed and in-depth explanation did not seem to calm [redacted] who told me to get in my car and leave, he didn`t want our help, and requested information on how to file a complaint with the Sheriff`s Department. Knowing that deputies were arriving at Anglero-Wyrick`s [redacted] home, I continued to talk with [redacted] to obtain information regarding this incident.

“Once [redacted] calmed down he told me, in essence, the following: Minutes earlier, a white vehicle drove past his home on the dirt road and did a u-turn as he was standing outside his home near the front door. The vehicle was occupied by a male and female who both wore N95 masks. Once the vehicle completed the u-turn it stopped on the dirt road directly in front of his residence. At this time an occupant of the vehicle, presumably the male, who [redacted] "assumed" was the passenger, pointed a black item at him. [redacted] wasn`t exactly sure what the subject said, but stated," And I want to say he said you`re dead mother fucker" before the vehicle sped away towards [redacted]. [redacted] said he couldn`t identify the occupants of

“the vehicle and assumed it was Anglero-Wyrick by what had occurred earlier that morning.

“[redacted] started to explain what had occurred earlier in the day at their residence which lead to his assumption Anglero-Wyrick was the male in the vehicle. Since [redacted] said he was at work at the time and heard about the visit from his wife, I talked directly to [redacted]

[redacted] told me that at about 1145 hours this morning, she heard banging on the front door and a male loudly counting down from five. Not knowing what was going on and fearing someone was going to kick in the door, she opened it to find Anglero-Wyrick and a female who she described as being "Mexican" or black in her mid-30`s. [redacted] said she has known Anglero-Wyrick for years and described his facial tattoos as well as the tattoo on his chest which she claimed reads, "Fuck the System." [redacted] said she didn`t know the female. [redacted] said Anglero-Wyrick asked for [redacted] who she said was at work. Anglero-Wyrick was angry and told her that [redacted] should keep "[redacted] (sp?) name out of his mouth." According to [redacted] [redacted] is also someone she has known for years. [redacted] went on to say that [redacted] and Anglero-Wyrick have a child in common. After Anglero-Wyrick went to prison, [redacted] and a family member got together and also had a child. This family member and [redacted] are going through a break up and Anglero-Wyrick feels that [redacted] is talking poorly of [redacted] and taking the family member`s side. This does not sit well with Anglero-Wyrick who is sticking up for [redacted] said Anglero-Wyrick said if [redacted] doesn`t stop talking to or calling [redacted], there was going to be problems. [redacted] said as she was talking with Anglero-Wyrick, her 11 year old daughter [redacted] opened a window near the front door and Anglero-Wyrick began to yell at her. When [redacted] told Anglero-Wyrick that he was yelling at an eleven year old girl, he stopped. Once Anglero-Wyrick stopped talking, the female with Anglero-Wyrick reiterated what Anglero-Wyrick had said. The two then left the scene in what [redacted] described as a black or white Dodge type car.

“[redacted] went on to say she didn`t witness this afternoon`s event, but heard a vehicle pull up to the house. Fearing that Anglero-Wyrick had returned, she called for [redacted] to come inside. When she looked outside, she saw a smaller white “pickup” speed away from the home. [redacted] could not offer further information regarding that afternoon`s event.

“I also talked with [redacted] regarding the possible brandishing incident. [redacted] said she was near the front door when a white truck drove up. She wasn`t sure if it contained two females or a male and female. [redacted] said she didn`t see anything regarding the brandishing of a firearm and said she could not be certain whether the female in the white truck was the same female who had come to the house earlier in the day.

“As I was obtaining statements, several deputies were involved in a violent confrontation with Anglero-Wyrick and a female later identified as Naustichia Green at the [redacted] residence. These two subjects were subsequently arrested and transported to local hospitals where both invoked their right per Miranda and chose not to provide statements as to their involvement, if any, in the day`s events. (See supplemental reports)

“In an effort to clarify [redacted] account of this afternoon incident, I once again make contact with him. I asked [redacted] who do you think was in the car? [redacted] responded, "I`m going to be straight with you. I don`t know. You`re right, I don`t know who was in the car. They were both wearing masks. I don`t know if they had a gun." When asked why he had told a dispatcher that it was Anglero-Wyrick, [redacted] said he thought it was Anglero-Wyrick because he had said he was coming back. When I had spoken to [redacted] a little earlier during this investigation, I asked him about the allegation he made that a firearm was involved. [redacted] responded, in essence, that "you guys (law enforcement) assume it was a gun and you shoot at them." [redacted] insinuated he was basing his belief it was a firearm on that perceived premise.

“After talking with all the parties that were present, it was clear the [redacted] were in fear of Anglero-Wyrick. With this belief, Sergeant Burris directed Deputy Ordaz to contact the on-call judge and attempt to get an Emergency Restraining Order on their behalf. Deputy Ordaz contacted on-call Judge Patrick Broderick and explained to him the facts as known. After hearing these facts, Judge Broderick denied the EPO.

“After returning to the main office, I met with Sergeant Parks who advised me he had obtained information at the [redacted] incident which possibly showed that Anglero-Wyrick was at the [redacted] home this afternoon and that [redacted] may have visited the [redacted] home just prior to his reporting the brandishing of a firearm. With this information I attempted to call [redacted] to question him further, however, I did not get an answer but left a voice mail asking him to call me. Also on the morning of 4-5-2020, I checked with [redacted] Market located at [redacted] and learned their camera system focuses on the store and not the surrounding roadways. I also checked across the street at a recycling center and located cameras on their building which also appeared to focus on their property and not the nearby roads. I will continue my attempts to contact [redacted] and will prepare a supplemental investigation report if necessary.

“At the conclusion of this investigation it was determined that [redacted] provided information which set into motion efforts to locate and apprehend a suspect in the brandishing of a firearm. This information, per on his own

"statements, was based on assumptions and not facts. Therefore, the allegation of brandishing of a firearm could not substantiated and is believed to be unfounded.

"Refer to supplemental investigations regarding requested charges on Jason Anglero-Wyrick and Naustichia Green.

"BWC downloaded to Evidence.com."

Deputy Brazis had three Body Worn Camera (BWC) videos related to this incident. The first BWC video captured Deputy Brazis arriving on scene at the [redacted] residence. It began at 1645 hours and ran continuously for 57 minutes and 13 seconds. The content of Deputy Brazis' BWC video was consistent with his written crime report. The second two videos only captured follow up phone calls between Deputy Brazis and [redacted], and are not used in this investigation. I have documented significant points from the BWC video below:

Deputy Brazis arrived at the [redacted] residence while he was still on the phone with dispatch and made contact with him, his wife [redacted], and their 11 year old daughter, [redacted] Deputy Brazis asked "where is the guy that had the gun?" [redacted] replied, "He went that way in a truck…it was a white pickup truck."

[redacted] initially explained the incident which occurred earlier and then stated, "…and that's when he (Anglero-Wyrick) came back right now with the gun." [redacted] demonstrated what it looked like:

[redacted], "I knew it was a gun. I know of him having one." He went on to say, "I'm positive it was a gun."

[redacted] explained how Anglero-Wyrick drove up the gravel driveway, turned around, and then pointed something at him. Deputy Brazis clarified with [redacted] whether or not he actually saw a gun. [redacted] was not certain but said it was metal and looked like a gun.

Deputy Brazis advised dispatch "it may have been a gun, he's not sure."

Shortly after, Deputy Veronica Martinez-Ordaz arrived on scene.

Deputy Brazis' Supplemental Report (dated April 5, 2020) stated:

> "Supplemental:
> "On 4-5-2020/ 1417 Hours/ Sunday, I received a message via dispatch indicating that [redacted] was available for a phone call. Last evening (4/4), Sergeant Parks had told me that there was an allegation from a neighbor of Anglero-Wyrick that a small white compact vehicle had driven by on [redacted] and had thrown an object at a vehicle or Anglero-Wyrick`s home prior to the report of the brandishing of a firearm. The purpose of this phone call was to talk with [redacted] regarding this claim.
>
> "Upon calling [redacted]) I asked him what kind of car he drives. [redacted] told me he drives a white 2006 Ford Focus [redacted] I then explained to [redacted] the above described allegation. [redacted] denied being in the area of Anglero-Wyrick`s home on the date in [redacted] admitted to knowing the general location of Anglero-Wyrick`s home, but stated he didn`t know its specific "address. [redacted] said he is scared of Anglero-Wyrick and wouldn`t do anything like that to antagonize him."

I reviewed Deputy Martinez-Ordaz's supplemental report dated April 5, 2020, which stated:

> "On 04/04/2020 at approximately 1643 hours, I was dispatched to a brandishing of a firearm call at [redacted] Forestville, CA. While enroute SCSO dispatch informed us that an ex-friend of the RP came by and pointed a gun at him. In addition, the RP stated that the suspect who he identified as Jason Anglero-Wyrick, left in a white Dodge Durango towards [redacted] According to the RP, this morning Anglero-Wyrick broke into his house and pushed his mother, he also threatened the RP`s wife.
>
> "I activated my body worn camera. Deputy Brazis was already on scene when I arrived. Upon my arrival, Deputy Brazis was attempting to conduct a pat-down for weapons on the RP who was later identified as [redacted] was beginning to get agitated and became hostile towards Deputy Brazis because he was being pat searched. [redacted] demanded that we get off his property

"and he refused to speak to us. After a few minutes, Deputy Brazis was able to calm [redacted] down as he attempted to gather more details about the incident.

"I contacted a friend of [redacted] who was later identified as [redacted], he stated the following in essence:

"[redacted] was outside [redacted] residence when he saw a white pickup drive up the road, he believes it was possibly a Dodge. The occupants of the vehicle, "Mugged" [redacted] as they drove up the road. [redacted] thought the vehicle was occupied by two females. The vehicle turned around and as they drove down the road they once again stopped and, "Mugged" [redacted] as they yelled profanities. [redacted] said that if there was a male in the vehicle he might have been the driver. [redacted] believes the females were, "flipping" them off and not pointing a gun at them.

"[redacted] and his family were in fear that Anglero-Wyrick would return and harm them. Per Sergeant Burris, I contacted the on call Judge to request an EPO. I explained the circumstances to the Honorable Judge Broderick, and requested an EPO for the family. Judge Broderick denied the EPO but he informed me the Civil Harassment court was still processing restraining orders.

"I contacted [redacted] wife [redacted] and informed her of the process they need to follow in order to obtain a Civil Harassment Restraining order.

"Nothing further to report."

Deputy Ordaz-Martinez had two BWC videos related to this incident. The first video began at 1651 hours (when she arrived on scene) and ran continuously for 46 minutes and 27 seconds. The second video began at 1759 hours and ran continuously for 1 minute and 38 seconds. I have documented significant points from the BWC video below:

[redacted] explained to Deputy Ordaz-Martinez that Anglero-Wyrick had been to his house the other day to confront him and [redacted] about an issue involving his baby's mom, [redacted] [redacted] said if the deputies made contact with Anglero-Wyrick and were unable to charge him with something, he guaranteed Anglero-Wyrick would return to the [redacted] residence. He is extremely fearful of Anglero-Wyrick stating:

"I guarantee he is going to hurt my wife or he's going to hurt me. You don't understand what we're dealing with. This guy is a Northerner (gang member). He has tattoos all over his face. He just got out of prison for 15 years, caught multiple times with guns. That's why I'm assuming he had a gun. I wasn't able to see because I was afraid."

Deputy Martinez-Ordaz explained to [redacted] when a firearm is reported during a commission of a crime it causes another chain of events for officer safety, such as the person being "ordered out of a car at gunpoint." Martinez-Ordaz cautioned him on reporting such a thing if he was not certain he actually saw a gun. [redacted] said Anglero-Wyrick had previously threatened to kill them so he assumed he had returned with a gun.

I reviewed Deputy Mahoney's supplemental report dated April 5, 2020, which stated:

"On 04/04/2020, at approximately 1642 hrs, I heard Deputies being dispatched to a report of a display of firearm that just occurred at [redacted] Forestville. I attached myself to this dispatch call for service and began responding to this area to assist.

"While responding I heard Dispatch advise that the suspect was Jason Anglero-Wyrick, who pointed a gun at [redacted] (reporting party) and had left in a white Dodge pickup or Dodge Durango. Dispatch advised that Anglero-Wyrick was in the vehicle with a female who was described as being either an African American mixed race or Hispanic adult. The female was described to have on a camouflage shirt. I heard over the radio other Deputies advise that Anglero-Wyrick is associated with and may live at [redacted] Graton. I also recalled from prior calls for service where I responded to [redacted] Anglero-Wyrick has resided there. I also remember Anglero-Wyrick from when I worked as a Correctional Deputy in the Sonoma County Jail where during my time working there he had been housed for custody.

"Deputies on scene in Forestville advised that the suspect was not there and had left. I decided to respond to [redacted] in an effort to locate Anglero-Wyrick. I drove by the front of the residence and didn`t see a white dodge vehicle so I drove northbound onto [redacted] and stopped where a driveway connects to the rear of [redacted]. I noticed a white Dodge Dakota pickup truck [redacted] behind [redacted]. I also noticed two adult females that appeared to have just set up an orange vinyl construction fence across the end of the driveway in what I perceived as an attempt to conceal the Dodge Dakota. The two females were later identified as [redacted] and Naustachia Green (OF-2). I began speaking with [redacted] as I approached the fence and asked her if Anglero-Wyrick was home and she stated yes, he was inside sleeping. The two questioned as to why I was here and I told them I needed to speak with Anglero-Wyrick about an incident that recently happened. [redacted] told me he doesn`t know anything and he is asleep. [redacted] told me they put up the fence hoping "they" wouldn`t come hurt them. When I asked "who" they are, she

"stated [redacted] his brother and family. It appeared the two didn`t want to answer any more questions and [redacted] walked away from me back towards the house.

"At this point in the investigation having knowledge that Anglero-Wyrick was inside based on [redacted] statement and believing he had just committed a crime involving a firearm I elected to hold my position in case he attempted to flee out the back. I advised over the radio this information for dispatch and responding Deputies. I heard Deputy Villeggiante radio that he was at the front of the residence on [redacted] I then heard multiple other Deputes arrive to the front of the residence. Then I heard Deputy Villeggiante radio that he was in contact with Anglero-Wyrick at the front of the residence. I ran from my position to the front of the residence to assist Deputies. Once at the front of the residence I saw Naustachia resisting Deputies efforts to detain her.

"I began to assist Deputy Jucatan who just deployed his K9 partner on Anglero-Wyrick. As I approached Deputy Jucatan to confirm if it was safe for me to handcuff Anglero-Wyrick, I was immediately distracted by [redacted] and a younger female (who refused to ID herself) who quickly moved towards us. I feared that these two may attempt to assault Deputy Jucatan or myself, as they aggressively approached us and yelled at us. Further I also believed they may attempt to prevent me from handcuffing Anglero-Wyrick and possibly assist him in escaping or assaulting us. At this time, "Anglero-Wyrick had not been placed in handcuffs, had not been pat searched and had been reported of being in possession of a firearm. Anglero-Wyrick was lying face down and I feared he may have a concealed firearm in his waistband as I could not see it and still his hands were free where he could have easily retrieved it as [redacted] and the younger female were distracting my attention from both keeping my eyes on Anglero-Wyrick and being able to safely handcuff him. Anglero-Wyrick was in a narrow opening of a gated fence where other Deputies were behind us and the two females were in front of us in the yard of the residence. I began to yell for both [redacted] and the younger female to get back which they eventually did. Once the two finally retreated only a short distance back, still posing an officer safety hazard, I was able to place handcuffs on Anglero-Wyrick.

"I then assisted Deputy Villeggiante with escorting Naustachia, who was under arrest, to secure her in a patrol vehicle. Naustachia was handcuffed and on the ground and moved to a seated position. She refused to stand up when asked and we had to physically lift her up. I controlled her right arm while we walked her to a patrol vehicle where she refused to stop walking and was pushing back against us. I had to push her forward in order to safely walk her to the patrol vehicle where she stated she wasn`t getting into. She then spun around towards us resisting any efforts to enter the patrol vehicle. As she faced us I feared she may spit or attempt to bite us and even possibly expose us to COVID-19, I ordered her to stop resisting which she refused to do so. I then pushed her into the car to

"safely control her and then with the help of Deputy Villeggiante we pushed her into the rear seat of the patrol vehicle. As I tried to secure the door she attempted to kick it but ultimately I was able to close it.

"Several Deputies and I entered the residence from the rear to conduct a parole search. In an upstairs bedroom I saw multiple letters addressed to Anglero-Wyrick at [redacted] indicating that he did indeed live here. Deputy Collier had searched the white Dodge Dakota and advised me he located a camouflage top which matched the description of what the female was wearing in the white Dodge truck from the initial dispatch. Deputy Collier also located a small container of pepper spray in the truck. I collected these items and later booked them into evidence as WM-1 (camo top) and WM-2 (pepper spray). Also located in the truck was a letter with "Jason B. Anglero [redacted] which is Anglero-Wyrick`s name and date of birth. I uploaded photographs of the letters located in the bedroom and the letter located in the truck to "evidence.com."

"After the parole search was concluded I cleared the scene.

"This investigation was captured by my Body Worn Camera (BWC)."

I reviewed Deputy Mahoney's BWC video for April 4, 2020, at 1657 hours. The video ran continuously for 42 minutes and 27 seconds. Deputy Mahoney activated his BWC when he arrived on scene. I have documented significant points from the BWC video below:

Deputy Mahoney contacted Anglero-Wyrick's mother [redacted] and Naustachia Green at the rear of the residence.

Green asked Deputy Mahoney, "What's the problem sir?" Deputy Mahoney told [redacted] and Green that he needed to speak with "Mr. Wyrick." Both [redacted] and Green asked, "About what?" Deputy Mahoney said, "About something that just happened." [redacted] said, "He has no idea what happened and we are trying to prevent a problem. Can you help us please?" Green said Anglero-Wyrick was inside the house sleeping. Deputy Mahoney explained he needed to get Anglero-Wyrick's side of the story. [redacted] said, "He doesn't know it. He's asleep."

[redacted] continued to explain, "They came up here and threw garbage on the car and we went back over there and told them please don't come to our house or throw garbage." [redacted] was afraid the [redacted] would return and hurt them so she put up the orange net fence.

Deputy Mahoney asked [redacted] and Green to walk out to where he was and they both refused. [redacted] said she was going to call her attorney and IOLERO (the Independent

Office of Law Enforcement Review and Outreach). [redacted] told Deputy Mahoney what he was doing was illegal.

Deputy Mahoney stated in his report he heard Deputy Villeggiante broadcast via radio he was in contact with Anglero-Wyrick at the front of the house. Deputy Mahoney ran from his position to the front to assist the other deputies. Once at the front of the house, Deputy Mahoney observed Green resisting deputies.

Once Green had been restrained in handcuffs, Deputies Mahoney and Villeggiante escorted her over to a patrol car so she could be placed in the backseat. Green continued to yell at deputies saying "I don't want to go in your god damn car." As Deputy Mahoney stated in his report, he had to push Green forward in order to safely walk her to the patrol vehicle.

Green continued to turn her body and resist deputies' efforts in placing her in the patrol car. Deputy Mahoney told Green to "stop resisting" several times.

Green spun her body around towards the deputies while resisting their efforts to have her sit in the backseat. Deputy Mahoney stated in his report, he feared Green may spit or attempt to bite them, or even potentially expose them to the COVID-19 virus. Deputy Mahoney ordered Green to stop resisting but she still refused to sit in the car. Deputy Mahoney then pushed Green into the side of the patrol car to control her movements. Deputies Mahoney and Villeggiante forced her into the rear seat area and they closed the door.

Once Green was placed in the patrol car, Deputies Mahoney and Villeggiante walked back to the rear of the property (where Deputy Mahoney originally contacted Green and [redacted] to conduct a parole search.

Deputies Mahoney and Villeggiante first focused their attention on the Dodge Dakota [redacted] which was reported to have been involved in the brandishing of a firearm. Deputy Mahoney conducted a records check on the truck which indicated the truck was registered to "[redacted] Monte Rio. Deputy Mahoney advised Deputy Villeggiante the truck was not registered to Anglero-Wyrick.

Afterwards, Deputies Mahoney, Villeggiante, Adrian Anaya, Alan Collier and Sergeant Brandon VanCamp conducted a parole search of the property (subject to Anglero-Wyrick's parole status).

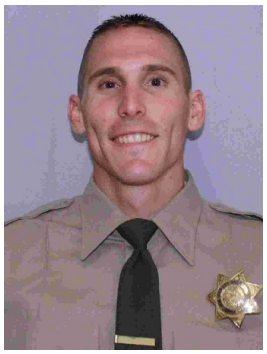
While conducting their protective sweep inside the main residence, Deputies Mahoney and Villeggiante located a bedroom up a short flight of stairs where they located indicia in plain view for both [redacted] and Anglero-Wyrick. This indicia was photographed and documented in in Deputy Mahoney's report. Based on the indicia and contents inside

the room, deputies concluded this was one of Anglero-Wyrick's rooms he had access to. Additionally, Deputy Mahoney searched a living room /bedroom (common area – indicated by a couch and bed in the room).

Deputy Mahoney met with Sergeant Parks and other deputies inside of the residence. Sergeant Parks advised them Anglero-Wyrick's vehicle (the white Dodge pick-up) was warm to the touch, indicating he had just driven it. He instructed the deputies to continue with the search of the residence and truck based on his parole conditions.

After searching the pick-up, Deputy Collier handed Deputy Mahoney a camouflage jacket he located (consistent with the clothing described by [redacted]. Together, they went to the truck and Deputy Mahoney photographed indicia for Anglero-Wyrick which was located inside.

I reviewed Deputy Villeggiante's supplemental report dated April 5, 2020:



"On 4/4/2020 I was assigned to uniformed patrol, driving a fully marked Sonoma County Sheriff's patrol vehicle (A885). At approximately 1642 hours, deputies were dispatched to [redacted] in Forestville, regarding a report of a subject brandishing a firearm.

"I began responding to assist deputies. While driving to the above mentioned address, information was provided that the suspect who brandished the firearm was (OF1) Jason Anglero-Wyrick. It was also provided that Jason resides at [redacted] Graton. It should be noted that I am personally familiar with Jason as I have dealt with him in the past (case# 190622-023). Jason is currently on parole and has extensive violent criminal history.

"I drove to [redacted] in Graton, along with other deputies. Upon my arrival I parked my patrol vehicle and walked towards the front of the residence. Deputy Mahoney advised via the radio he was out with numerous family members on the west side of the residence and they were being uncooperative. While near the front of the residence, I observed Jason and (OF2) Naustachia Green walking on the side portion of the residence towards [redacted] where I was positioned. It was my belief at this point that Jason was armed with a firearm and attempting to escape while family members were acting as a distraction.

"As Jason and Green came through the gate towards the road, I made my presence known and pointed my handgun at Jason while ordering him to the ground. Jason refused to follow any commands and Green positioned herself in front of Jason. Green was clearly delaying our investigation and preventing myself and other deputies from taking Jason into custody. I continued to yell commands at Jason

“to get on the ground, but he refused to comply. At this point, Jason began challenging deputies and posturing, making it extremely clear it was his intention to fight instead of follow directions.

“Based on Jason and Green`s uncooperativeness, the situation was becoming extremely dangerous. Jason then pushed Green out of the way in what appeared to be an attempt to charge Sgt. Parks, who was to my right. Green again was able to jump in front of Jason.

“Jason began moving backwards towards the gate he and Green had previously exited. I feared Jason was now attempting to possibly get back in the residence which would have created an even greater risk to not only deputies on scene, but himself and his numerous friends/family members on scene.

“Sgt. Parks and I attempted to grab Green away from in front of Jason. In response, Green pushed Sgt. Parks backwards. I grabbed Green and pulled her to the ground. Once on the ground, Green continued to struggle in an attempt to get back to Jason and help him. I was able to keep Green from getting back to Jason but she continued to physically resist. I could feel Green push off the ground as if she was attempting to stand back up. At this point I forced Green to her stomach. Green still refused to put her hands behind her back by forcing her hands toward her stomach. I then gained control of Green`s right arm but she would not place her left hand behind her back. I repositioned myself with my knee on Green`s upper torso while maintaining control of her right arm. Sgt. Parks and I were eventually able to overcome Green`s physical resistance and place Green`s left hand behind her back. I placed Green in handcuffs as she continued to scream and yell obscenities. Green then proclained she was pregnant.

“While other deputies were attempting to deal with Jason and his unruly friends/family, I elected to attempt to place Green in the rear of a patrol vehicle because her screaming and yelling was only making the situation worse and more chaotic, along with fueling Jason to only become more agitated. I stood Green up and Deputy Mahoney and I began attempting to walk her to a nearby patrol vehicle. Green would not willingly walk under her own power and continued pushing back on myself and Deputy Mahoney. Once at the patrol vehicle, Green stated she wasn`t getting in the patrol vehicle. Green then spun around quickly as if she were going to attempt to assault myself or Deputy Mahoney. I pushed Green against the patrol vehicle to prevent her from doing so. The rear door of the patrol vehicle was open, therefore to prevent further confrontation, I forcefully had pushed Green into the rear seat as she continued to physically resist and yell obscenities.

“Paramedics were on scene at this point and were advised that Green stated she was pregnant. Green was removed from the patrol vehicle and transported via

"ambulance to Sutter Hospital. Deputy Dietrick followed the ambulance to Sutter. [redacted]

"I met with numerous deputies at the rear of the property and assisted in conducting a parole search of the residence.

"I responded to the main office and completed Green`s booking paperwork. Deputy Dietrick transported Green from Sutter to MADF. I met Deputy Dietrick at MADF and he advised me he read Green her Miranda Rights and she invoked her rights and refused to provide a statement.

"Green was booked at MADF without further incident.

"BWC activated.

"Please refer to other reports for more information regarding this incident."

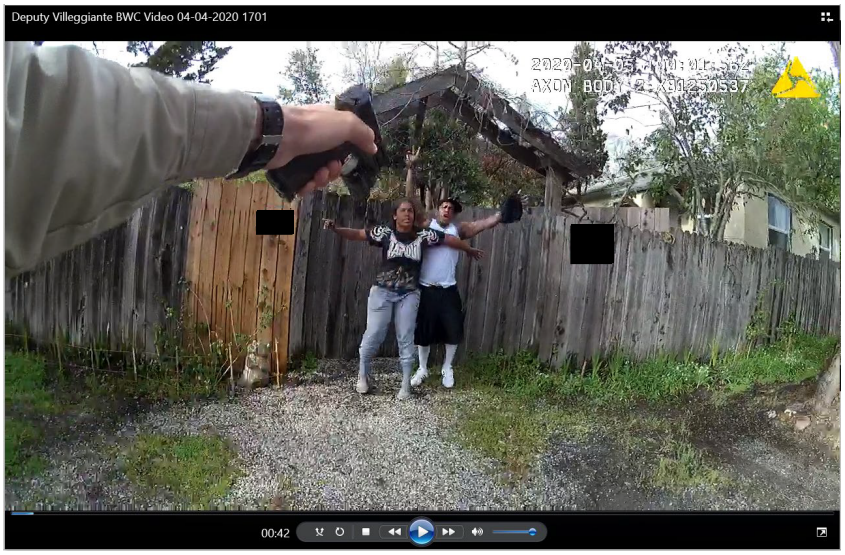
I reviewed Deputy Villeggiante's BWC video for April 4, 2020 at 1701 hours. The video ran continuously for 47 minutes and 54 seconds. I have documented significant points from the BWC video below:

Deputy Villeggiante activated his BWC when he arrived on scene as he could be seen walking up to the residence. Deputy Mahoney was on the back side of the residence at that time. It did not appear Deputy Villeggiante was in a position to hear what Anglero was saying to Deputy Mahoney.

Deputy Villeggiante was confronted by Anglero-Wyrick and Green walking out of the property towards the street. Anglero-Wyrick was in front of Green.

Deputy Villeggiante ordered them at gun point, "Show me your fucking hands! Get on the fucking ground! Get on the ground! Get on the ground! Get on the ground! Come out here with your hands up. Jason, come here man!"

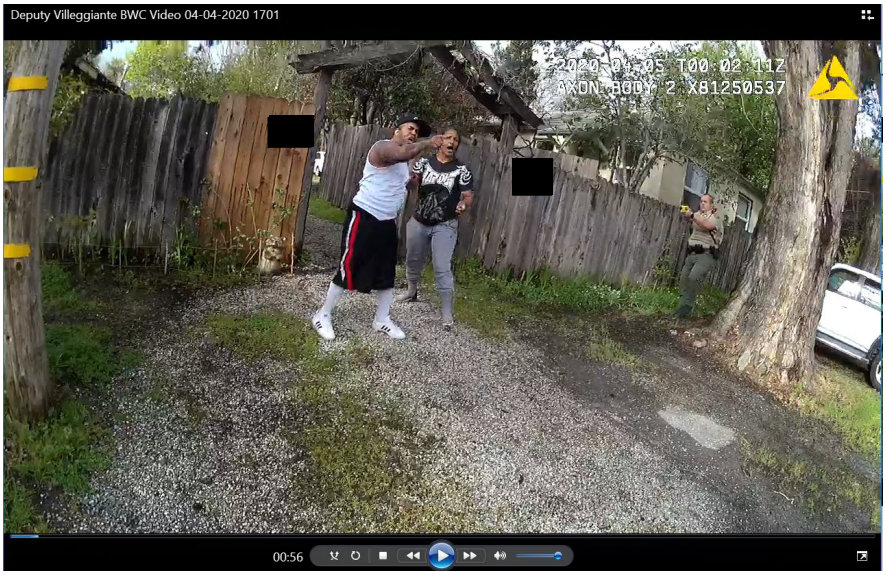
Anglero-Wyrick turned to walk away from him back behind the fence line. He then walked back out aggressively asking, "What's up man?" as he closed the gate behind him. Green asked, "For what?" while blocking Anglero-Wyrick from advancing towards deputies.



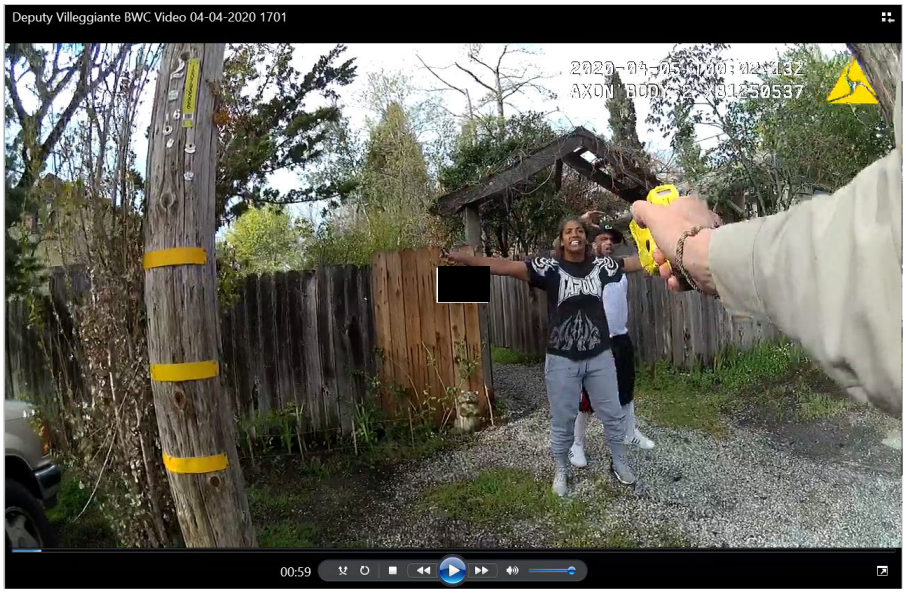
Anglero-Wyrick continued to yell at deputies, “What’s up” as he again backed himself into the property, behind the fence line. Deputy Jeremy Jucutan arrived on scene and could be heard saying, “Sheriff’s Office canine.”

At 00:49 BWC video time, Deputy Jucutan and his canine Vader came into BWC video view (right side of picture) along with Deputy Nicholas Miller who was holding his taser (center of picture).

Deputies continued to order Anglero-Wyrick out when he again advanced towards them. Anglero-Wyrick’s demeanor appeared agressive and challenging towards the deputies, yelling “Fuck all you all” and “don’t talk to me like that.”



Green continued to place herself between Anglero-Wyrick and deputies telling them “he didn’t do anyting.” At that time, Deputy Villeggiante transitioned from his handgun to his Taser.



Sergeant Parks approached Green and grabbed onto her in an apparent effort to move her away from Anglero-Wyrick. Green pushed Sergeant Parks away. Anglero-Wyrick continued to yell held his arms out to his sides, which appeared as though he was challenging deputies to fight. At the same time, Deputy Miller’s Taser can be heard discharging.

Deputy Villeggiane grabbed Green's right arm, however, she resisted and pulled away from him. Green appeared to make an attempt to retreat back behind the fence line as Anglero-Wyrick fell backwards on the ground. Green held onto a fence post which prevented deputies from separating her from Anglero-Wyrick. Deputy Villeggiante pulled Green away and down to the ground in an apparent attempt to restrain and control her. Green initially went down to her knees and resisted their efforts to place her on her stomach. Green continued to resist them and refused to place her hands behind her back as instructed.

Sergeant Parks was able to turn Green over onto her stomach by twisting her legs. Sergeant Parks then placed Green into a figure-four leg control hold. They were able to restrain Green and place her in handcuffs. Green continued to yell at deputies stating they didn't do anything. Green said, "You guys don't even understand, we're being fuckin' attacked by some fucking people and we are just being harrassed. Some guy just threw a fucking bottle at my god damn car." Green continued to yell at deputies to let her go. Green then told deputies she was pregnant.

Fire/Emergency Medical Services (EMS) arrived on scene and Deputy Villeggiante directed them to Anglero-Wyrick.

Green told the deputies they were all "in trouble" and were going to "lose their jobs". Green repeatedly said they had done nothing wrong and to get off of her. Deputy Villeggiante asked Green if she would cooperate if they stood her up. Green continued to argue with deputies yelling "every one of you people have coronavirus." Green contined to yell over to Anglero-Wyrick stating, "all these mother fuckers are giving me coronavirus."

Deputy Villeggiante held onto Green's left arm while Deputy Mahoney held onto her right arm. They lifted her up to her feet and escorted her to a patrol car (details of this were documented in Deputy Mahoney's BWC review). While struggling with Green, Deputy Villeggiante told her to stop fighting several times.

Green turned towards Deputy Mahoney while refusing to get into the back seat of the patrol car. At that point, Deputy Villeggiante pushed Green against the patrol car in an apparent attempt to control her movement.

Even though Green had continued to pull herself away from Deputies Villeggiante and Mahoney, they were able to force her into the backseat and close the car door.

Deputy Villeggiante told EMS that Green was in the back of the patrol car and claimed she was pregnant. Deputies Villeggiante, Mahoney, and Sergeant VanCamp walked toward the back of the property to begin a parole search.

Prior to conducting the search of the residence and property, Sergeant VanCamp spoke with [redacted] to explain what they were doing. [redacted] objected to the search. While Sergeant VanCamp spoke with [redacted] deputies waited to enter the main residence. Sergeant VanCamp told Deputies Villeggiante and Collier the only people who were still inside the residence were [redacted] mother [redacted] and a subject named [redacted] Deputy Collier called into the back door of the residence for [redacted] and he eventually walked out.

Adjacent to the main house, Deputy Villeggiante located an outbuilding which was being used as a bedroom. After looking inside the opened door, Deputy Villeggiante told Deputy Alan Collier he believed it to be Anglero-Wyrick's bedroom.

Deputies and Sergeant VanCamp then conducted a protective sweep[2] of the residence. During which, they located [redacted] Deputy Villeggiante entered a bedroom up a short flight of stairs where they located plain view indicia for [redacted] and Jason Anglero (documented on Deputy Mahoney's BWC video).

After the protective sweep of the residence was competed, the deputies and sergeants briefed in the kitchen. From there, Deputies Villeggiante and Mahoney searched a room which appeared to double as a bedroom and a livingroom.

Afterwards, Deputies Villeggiante and Mahoney went upstairs to search the bedroom where they had located indicia for Anglero-Wyrick. Deputy Villeggiante found a set of keys, including a Dodge key, close to the indicia for Anglero-Wyrick which he gave to Sergeant VanCamp.

[2] A Protective Sweep is limited search for people who may pose a threat to officers who are lawfully inside a residence.

When deputies were done searching the property, Deputy Villeggiante spoke to Green while she was on the ambulance gurney in the front of the house. Green asked why deputies had come to the house. Deputy Villeggiante asked, "You know he's on parole right?" Green responded, "I know he is on parole and he was asleep." Deputy Villeggiante told Green they had information Anglero-Wyrick had a gun and explained she and Anglero-Wyrick did not listen to commands while Anglero-Wyrick challenged deputies to fight.

Deputy Villeggiante walked across the street and attempted to identify witnesses though he was unable to.

I reviewed Deputy Jucutan's supplemental report dated April 4, 2020.

"On 4/4/2020 I was assigned to uniformed patrol (K6) in a marked SCSO vehicle (A881). At approximately 1642 hours I was monitoring Sheriff Channel One when I heard dispatch start deputies to [redacted] in Forestville for a report of a display of a firearm that just occurred.

"The following information was provided to responding deputies: Approximately three minutes prior a male suspect named Jason ANGLERO-WYRICK came to the house and pointed a gun at (RP) [redacted]. The suspect left in a white Dodge Durango or Dodge pickup truck on [redacted], but it was unknown which direction the vehicle went from there. Earlier in the morning, ANGLERO-WYRICK broke into [redacted] mother`s house and pushed her down, then threatened [redacted] wife. At that time, ANGLERO-WYRICK was associated with an unknown female. ANGLERO-WYRICK was described as a black male adult wearing a black hooded sweatshirt and red shorts. The female associated with ANGLERO-WYRICK was described as a hispanic female adult or mixed race black female wearing a camoflauge shirt and black pants. Deputies had prior knowledge that ANGLERO-WYRICK currently resided at [redacted] (which was his current address on his California driver`s license).

"A full-records check of ANGLERO-WYRICK revealed he was on parole for [redacted] Although dispatch provided responding deputies with ANGLERO-WYRICK`s prior history, I conducted my own research on ANGLERO-WYRICK via Criminal.Net as well. I viewed a recent booking photo of ANGLERO-WYRICK (dated 9/3/19) to familiarize myself with his appearance.

“At approximately 1654 hours I heard Deputy Mahoney advise dispatch that he was at [redacted] to check for the vehicle that ANGLERO-WYRICK was last seen in (white Dodge Durango or Dodge pickup).

“At approximately 1657 hours Deputy Mahoney advised dispatch that a white Dodge Dakota was tucked in behind [redacted].

“I requested dispatch to stage medical in the immediate area.

“At approximately 1658 hours Deputy Mahoney advised dispatch he was out with several uncooperative family members claiming that ANGLERO-WYRICK was inside the residence sleeping.

“Based on the information known at the time, I concluded that ANGLERO-WYRICK was in possession of a firearm and had just committed a serious violent offense (417 PC - Display of a Firearm; 3056 PC - Violation of Parole; 29800(a)(1) PC). In an effort to safely effect an arrest on ANGLERO-WYRICK, I directed units to establish a perimeter around the residence and requested CHP units to set up road closures for the safety of the public. It was my intention to "surround and call-out" ANGLERO-WYRICK from the residence. In essence, deputies would establish a perimeter and attempt to establish communications with ANGLERO-WYRICK (and all other occupants) to come out of the house with nothing in their hands and surrender peacefully.

“Upon arrival at approximately 1700 hours I activated my BWC and parked my patrol vehicle on [redacted]. As I parked my vehicle I saw Deputy Villeggiante draw his firearm and point it towards [redacted]. Deputy Villeggiante advised dispatch he was making contact with ANGLERO-WYRICK. Deputy N. Miller and Sergeant B. Parks arrived on scene. I immediately retrieved my dual purpose K9 partner Vader from the rear of my patrol vehicle and ran up to Deputy Villeggiante`s position. I identified myself as a Sheriff`s K9 Deputy and provided ANGLERO-WYRICK with the directive to get on the ground; the directives I provided were clear and concise. It should be noted that (OF-1) ANGLERO-WYRICK and (OF-2) Naustachia GREEN were approximately 10-15 yards away from me standing in the entrance way of the gated yard when I made my K9 announcement and should have heard my announcement.

“Deputy Villeggiante and Sergeant Parks were to my left in an effort to contain ANGLERO-WYRICK and GREEN. ANGLERO-WYRICK and GREEN were yelling at deputies. GREEN yelled at deputies saying that ANGLERO-WYRICK did not do anything, and was shielding ANGLERO-WYRICK with her body by standing in front of ANGLERO-WYRICK (in between deputies and ANGLERO-

“WYRICK) with her hands extended outward. ANGLERO-WYRICK stood behind GREEN and in the beginning held his hands in the air while holding unknown objects in his hands. Deputies provided several directives for ANGLERO-WYRICK to crawl over to us. ANGLERO-WYRICK responded by saying, "For what?!" ANGLERO-WYRICK forcefully stepped around GREEN`s right side and pushed her hands away from him while yelling "Fuck you!" ANGLERO-WYRICK advanced towards Deputy Villeggiante and Sergeant Parks by taking several steps while holding a rigid body (posturing to fight).

“Based on my training and experience, I recognized these as pre-assault indicators. Approximately one to two unknown subject(s) emerged from behind ANGLERO-WYRICK and quickly advanced towards the active scene while yelling. Due to ANGLERO-WYRICK, GREEN, and now a third (possibly fourth) unknown subject yelling, failing to comply with directives, along with the information known to deputies that ANGLERO-WYRICK was just in possession of a firearm, is on active parole for a violent offense, and has prior violent offenses, it was imperitive to make the scene safe and detain the subjects. It was clear to me that the intent of ANGLERO-WYRICK and GREEN was to physically fight deputies and resist arrest.

“ANGLERO-WYRICK and GREEN forced deputies to react to their violent behavior. Deputy Villeggiante and Sergeant Parks pulled GREEN away from ANGLERO-WYRICK. I saw ANGLERO-WYRICK turn back towards the house where the unknown subjects were standing. I feared that ANGLERO-WYRICK was making an attempt to go into the house where firearms could likely be stored, or take the unknown subject(s) as hostages. It was also reasonable to infer that ANGLERO-WYRICK may currently be armed with a handgun based on the information provided to deputies and his criminal history. I also knew that Deputy Villeggiante and Sergeant Parks were involved in effecting an arrest on GREEN and unable to assist me in the apprehension of ANGLERO-WYRICK. Once I saw ANGLERO-WYRICK turn towards the house, processed and reacted to his movements, I elected to use my K9 partner Vader to apprehend ANGLERO-WYRICK for the previously mentioned reasons. Simultaneously, ANGLERO-WYRICK fell to the ground. It was unknown to me at the time that Deputy N. Miller had discharged his Taser. Vader is a two year old cross-trained German Shepherd. Vader is P.O.S.T certified in suspect apprehension.

“Vader bit ANGLERO-WYRICK on his right calf area and held. ANGLERO-WYRICK put his hands behind his back, but was still yelling and kicking his left leg and appeared to reach back towards the head of Vader. It was not my intention to remove Vader until ANGLERO-WYRICK was successfully placed in handcuffs due to these factors: I feared had I released Vader, that ANGLERO-WYRICK would have ran back towards the house, where my only force option to prevent him from making it to the house was to send Vader for the apprehension

“again, but due to the unknown subjects being in such close proximity and in-between ANGLERO-WYRICK and the house, I did not want ANGLERO-WYRICK to successfully make it to the house and Vader potentially bite an innocent person. Once ANGLERO-WYRICK was placed in handcuffs, all of the involved parties continued to scream and yell which added to the chaotic scene.

“My attention throughout the apprehension was continously diverted to the unrestrained subjects that emerged later during the incident because I did not know their intentions. The unknown subjects were still in such close proximity to us and ANGLERO-WYRICK (within six inches to 1 foot) that Deputy Mahoney and I both had to keep close attention to them to protect ourselves from being assaulted. At least one or two seperate times I had to remove my right hand from "Vader`s" collar to point to the unknown subjects and direct them to move back.

“I gave Vader the verbal command to release several times, but based on the above listed factors, it was initially met with negative compliance. Vader ultimately disengaged from ANGLERO-WYRICK and other Deputies assumed control of him. I immediately placed Vader into the back of my patrol vehicle and continued my investigation.

“The following factors were considered during the incident: The nature of the crime was violent and ANGLERO-WYRICK`s [redacted], the threat was immediate to deputies and bystanders on scene, the resistance level of ANGLERO-WYRICK was active, the amount of time to deal with the several problems deputies encountered while on scene was non-existent, there were no other options available or practical, an announcement was provided, and the suspects were not obviously emotionally disturbed.

“Medical was immediately requested to enter the scene and tend to ANGLERO-WYRICK. I advised dispatch of the K9 deployment.

“I contacted (W-1) [redacted] and (W-2) [redacted] at [redacted] told me she heard a lot of yelling, but was unable to see what was happening. However, [redacted] mentioned that approximately 30 minutes prior to law enforcements arrival at the residence, a white Toyota Corolla (or similar) was driving on [redacted] The Corolla drove into the opposing lane of traffic and parked on the north shoulder of [redacted] directly behind [redacted] vehicle. The Corolla honked the horn a few times and left the area going eastbound on [redacted]. [redacted] did not recognize the vehicle nor did she see who was driving the vehicle.

[redacted] told me he heard my K9 announcement even with the window facing Graton Road closed. He did not visibly see anything that occurred.

"Based on my investigation, I determined ANGLERO-WYRICK was in violation of 69 PC, 148(a)(1) PC, and 3056 PC. ANGLERO-WYRICK forcefully stepped around GREEN at one point during the contact, postured, and advanced towards uniformed deputies while yelling expletives. ANGLERO-WYRICK was clearly threatening to physically fight uniformed deputies.

"On 4/5/2020 at approximately 0949 hours I responded to Santa Rosa Memorial Hospital to interview ANGLERO-WYRICK. I activated my BWC and contacted ANGLERO-WYRICK in room [redacted]. I admonished ANGLERO-WYRICK per Miranda directly from my DSA pocketbook. ANGLERO-WYRICK acknowledged he understood his rights and told me the following, in essence: He was inside his residence at [redacted] when he heard a helicopter orbiting above his house. His fiance, GREEN, came into his room and told him that Sonoma County Sheriff Deputies were outside the front of the house. ANGLERO-WYRICK claimed an unknown subject had just recently arrived at his house and threw something at his car. ANGLERO-WYRICK thought the police response was to investigate that. I asked ANGLERO-WYRICK if he felt a typical police response to someone throwing an item at a parked vehicle would be a helicopter and several deputies. He said no.

"I later returned to Santa Rosa Memorial Hospital to attempt to take photographs of ANGLERO-WYRICK`s injury. The nurse advised me they would be changing the wound dressing later in the day. I requested the Hospital Guard Deputy to take photographs using the Axon Capture App when the nurses change the dressing.

"ANGLERO-WYRICK said he went out front with GREEN. He said GREEN got in front of ANGLERO-WYRICK to protect him because he had been harassed by deputies in the last couple of days and she wanted to know what this was all about. ANGLERO-WYRICK said he probably got caught up in his emotions, but he did not remember stepping around GREEN and confronting deputies. ANGLERO-WYRICK said he was tased and bit by the dog. ANGLERO-WYRICK became irritated and ceased any communication with me.

"On 4/5/2020 I received a request to contact Parole Agent [redacted]. I contacted Agent [redacted] via telephone. He provided information to me that members of the public and some law enforcement officers have recently been scared of ANGLERO-WYRICK`s violent nature.

"I completed a dispatch audio request form.

"End of supplemental report. Please attach to narrative."

Deputy Jucutan had two BWC videos related to this incident. The first video began at 1701 hours and ran continously for 34 minutes and 15 seconds. The second video began at 1737 hours and ran continously for 11 minutes and 43 seconds. There was a third BWC video (for April 5, 2020) that began at 1002 hours and ran continously for 14 minutes and 1 second. I have documented significant points from the BWC videos below:

When Deputy Jucutan arrived on scene he immeditely retrieved his canine Vader and activated his BWC. Deputy Jucutan proceeded to the residence where deputies were on scene giving commands to Anglero-Wyrick and Green.

Deputy Jucutan approached the residence with Vader and he announced, “Sheriff’s Office K9, get on the fucking ground.” Vader then began barking.

Anglero-Wyrick can be heard yelling at deputies, “Fuck all you all” and “Don’t talk to me like that!”

Green was standing in front of Anglero-Wyrick yelling, “Stop, he’s not doing anything” as deputies moved towards them. Deputy Miller could be seen pointing his Taser in the direction of Anglero-Wyrick and Green. Vader continued to bark at both Green and Anglero-Wyrick.

At 00:56 (mm:ss) BWC video time, there was a sound of a Taser being fired and Anglero-Wyrick fell to the ground. Deputy Villeggiante and Sergeant Parks moved towards Green and tried to pull her away from Anglero-Wyrick. Green appeared to resist Deputy Villeggiante by holding onto a fence which initially prevented him from pulling her away from Anglero-Wyrick.

At 00:57 BWC video time, Anglero-Wyrick can be seen reaching out in front of him (away from deputies) where other family members were located.

At 00:57 BWC video time, Deputy Villegginate pulled Green from the fence and away from Anglero-Wyrick. When Green was out of the way, Deputy Jucutan released Vader and he bit Anglero-Wyrick's right calf.

At 00:59 BWC video time, Anglero-Wyrick remained on his stomach and he began to place his hands behind his back.

At 01:00 BWC video time, Anglero-Wyrick placed his left hand by his front torso out of camera view.

During this time, a female could be heard screaming (determined to be Green's daugher, [redacted]) loudly in the background.

At 01:02 BWC video time, Anglero-Wyrick turned over to this right side while keeping his right hand behind his back and left hand in front of him. Anglero-Wyrick then rolled back onto his stomach with his hands behind his back.

Deputy Jucutan then grabbed onto Vader's collar. Vader began to shake his head, causing Deputy Jucutan to release his left hand from Vader's collar.

At 01:16 BWC video time, Deputy Mahoney was able to secure Anglero-Wyrick's left wrist in handcuffs.

At 01:23 BWC video time, a handcuff could be heard ratcheting, indicating Deputy Mahoney secured Anglero-Wyrick's right wrist.

At 01:26 BWC video time, Deputy Mahoney said, “Alright, we’re good,” indicating the handcuffs were secured.

Deputy Jucutan pulled up on Vader’s collar using both his hands, while giving Vader commands, “Swelta” (to release) five separate times. Vader continued to bite Anglero-Wyrick’s leg until the sixth “Swelta” command was given when he released his leg. (Time on bite, 1 minute 31 seconds). Deputy Jucutan returned Vader back into his patrol car.

Sergeant Parks can be heard on the radio requesting medical aid for Anglero-Wyrick. Shortly after, Fire/EMS arrived on scene and treated him.

While this was occurring, the Sheriff’s Helicopter (Henry-One (H1)) was overhead. H1 Observer Deputy Chris Haas broadcasted to Sergeant Parks (Sam-17) he observed a female [redacted] run to the back of the property and into an outbuilding which was covered with a blue tarp (Anglero-Wyrick’s detached bedroom). Deputy Haas said it looked like she grabbed something and took it into the house.

At 13:09 BWC video time, Sergeant Kelly Burris (Sam-26) advised SCSO Dispatch that the victim would not be able to identify the suspect and there was no crime of brandishing a firearm.

Deputy Jucutan returned to the front of the property where he spoke to [redacted] (Anglero-Wyrick’s father) who was inquiring as to why the deputies were there. Deputy Jucutan explained it was reported Anglero-Wyrick pointed a gun at somebody right before they got there. [redacted] said, “yeah, I understand all that.”

At 34:10 BWC video time, Sergeant Parks asked Deputy Jucutan to turn off his BWC so he could talk to him. Deputy Jucutan turned off his BWC.

At 1737 hours, Deputy Jucutan reactivated his BWC (BWC video 2). Deputy Jucutan continued his conversation with Sergeant Parks who explained when they arrived on scene the truck was still “very warm, especially for a cold day.”

Deputy Jucutan spoke to the residents who lived next door ([redacted]) and were identified as [redacted] and [redacted] said he heard a K9 announcent given.

I reviewed Deputy Jucutan’s BWC video for April 5, 2020 which began at 1002 hours. This video ran continously for 14 minutes and 1 second.

Deputy Jucutan arrived at Memorial Hospital and contacted Anglero-Wyrick in his hosptial room. Deputy Jucutan asked Anglero-Wyrick if anyone had read him his rights yet, and he responded, “yes.” Deputy Jucutan read him his Miranda Rights from his

Deputy Sheriff's Association (DSA) pocket book. Deputy Jucutan asked Anglero-Wyrick if he understood his Rights and he nodded his head up and down, indicating he did.

Deputy Jucutan proceeded to discuss the incident with him. Anglero-Wyrick said as soon as he walked through the front gate, he recognized the deputy from an incident last week. He said the deputy had followed him from the Post Office to El Molino High School and was "aggressive" with him.

He said Green also recognized the deputy from last week and when she saw his weapon drawn, she immediately stepped in between him and the deputies. He said while he was standing behind Green, he raised his hands so the deputies could see them. He recalled hearing the deputies tell Green to move away from him and falling face down after he was tased. He believed he was not resisting and had placed his hands behind this back.

Deputy Jucutan asked Anglero-Wyrick if he heard the commands given to him by deputies before he was tased or bitten by the dog. He responded "they were just saying don't move." Anglero-Wyrick said he was just trying to ask what this was about and it caught him off guard.

Deputy Jucutan asked Anglero-Wyrick if he recalled stepping around Green and saying, "fuck you" to the deputies? Anglero-Wyrick did not recall saying that and said "I was probably caught up in the moment because there was a lot of things going on."

Deputy Jucutan asked if he believed the response to his house by deputies was a typical parole contact. Anglero-Wrick said, "No sir." Anglero-Wyrick did not know why the deputies were there and believed it could have been an evacuation order. Anglero-Wyrick said he later learned someone had called 9-1-1 and reported he had an altercation involving a gun. Anglero-Wyrick questioned if the SCSO had a bogus 9-1-1 call.

Anglero-Wyrick stated deputies have been sitting outside his house on at least three occasions during the past week harrassing him and his family. He expained "that's why my wife (Green) confronted your officer's like that." He said they have filed several complaints and they are in the process of filing a lawsuit for a previous false incarceration.

I reviewed Deputy Miller's supplemental report dated April 4, 2020:

"On 04/04/2020, at about 1642 hours I responded to the area of [redacted] to monitor traffic for a suspect vehicle involved in the brandishing of a firearm at [redacted]

"At the time of this call I was in full SCSO uniform and driving a marked patrol vehicle.

"While monitoring traffic I learned the following in summary:

"The suspect, Jason Anglero-Wyrick, brandished a firearm at a victim at the above listed address. He reportedly left in a white Dodge Durango or Dakota in an unknown direction and was accompanied by a mixed race (Hispanic/Black female) wearing a camouflage shirt or jacket. SCSO Dispatch advised Anglero-Wyrick is associated with an address at [redacted] Graton, and another address in Santa Rosa. It was also relayed, over the police radio, Anglero-Wyrick is on Parole [redacted] Using my vehicle`s MDC I was able to view a photograph of Anglero-Wyrick.

"At about 1700 hours, Deputy W. Mahoney advised over the police radio he had located the suspected vehicle parked near [redacted]. I began responding to assist him and Deputy T. Villeggiante who was also on scene. En route I learned Deputy Mahoney had been confronted by numerous uncooperative family members of Anglero-Wyrick.

"Upon my arrival I met with Deputy Villeggiante in front of [redacted], the residence just north of Anglero-Wyrick`s. Deputy Villeggiante directed me to the intersection of [redacted] to help maintain a perimeter of Anglero-Wyrick`s residence so we could attempt to "surround and call out" Anglero-Wyrick. As I returned to my vehicle, parked at the intersection of [redacted], I began hearing Deputy Villeggiante give loud clear commands to someone to show their hands and get on the ground.

"I pulled my vehicle up to where Deputy Villeggiante was and observed him giving those same commands to Anglero-Wyrick. There was also a female standing between them. The female, later identified as Naustachia Green, was standing between Deputy Villeggiante and Anglero-Wyrick with her arms stretched out shielding and concealing Anglero-Wyrick. I drew and pointed my

“firearm at the group due to the nature of the crime Anglero-Wyrick was alleged to have been involved with, as well as, his behavior, refusal to follow commands and his extensive [redacted]

“I moved to a position of cover, a large tree, in front of the house. At this point K9 Deputy Jucutan and Sgt. B. Parks arrived on scene as well. I was standing about ten feet from my fellow deputies and Anglero-Wyrick and Green. I heard Deputy Jucutan tell Anglero-Wyrick and Green to get on the ground and identify himself as a K9 Deputy.

“Green repeatedly yelled that Anglero-Wyrick did nothing wrong and continued to shield him while walking him backwards towards an open gate that lead to a pathway back into their home. I holstered my firearm and drew my department Taser and pointed it at Anglero-Wyrick.

“Both Green and Anglero-Wyrick continued to back away from us yelling "Fuck you", repeatedly stating Anglero-Wyrick did nothing wrong and demanding to know why we were there. At one point, Anglero-Wyrick side stepped around Green held out his arms, pushed his chest out and was yelling "Fuck you". It appeared Anglero-Wyrick was ready and willing to fight Deputies. Green was able to quickly step back in front of Anglero-Wyrick and again push him back.

“As Anglero-Wyrick got to the threshold of the open gate I deployed my Taser hitting Anglero-Wyrick with both prongs, causing him to fall. I felt the deployment of the Taser was necessary to keep Anglero-Wyrick from escaping, arming himself, barricading himself and/or causing further risk and danger to himself, his family, and neighbors, as well as responding and on scene Deputies.

“Simultaneously as I deployed my Taser, Deputy Jucutan released his K9 partner Vader. I deactivated my Taser prior to "Vadar" biting Anglero-Wyrick. I later downloaded my Taser and it showed the deployment lasted for 3 seconds.

“Green had been pulled away from Anglero-Wyrick by Deputy Villeggiante. Once she was out of the way I was able to assist Deputy Jucutan and Mahoney take Anglero-Wyrick into custody. I moved to where “Anglero-Wyrick was and I could see through the open gate. I saw two women, Anglero-Wyrick`s family members. They were yelling loudly telling us we did not have a warrant and Anglero-Wyrick had not done anything wrong.

“After "Vadar" released Anglero-Wyrick I stayed with him. Graton Fire and AMR ambulance arrived on scene within a couple of minutes and began tending to Anglero-Wyrick`s injuries. Ultimately I assisted them with securing Anglero-Wyrick to a gurney and he was transported to the hospital for treatment. Deputy Thez followed the ambulance to Memorial hospital.

"I stayed on scene and assisted deputies with scene security.

"Due to the rapidly evolving and escalating nature of this call I did not activate my body worn camera until after Anglero-Wyrick had been taken into custody. My video was uploaded to Evidence.com, along with the download of my Taser. The spent Taser cartridge was also booked into SCSO Evidence."

Deputy Miller had two BWC videos related to this incident. The first video began at 1704 hours and ran continuously for 36 minutes and 44 seconds. The second video began at 1741 hours and ran continuously for 3 minutes and 46 seconds. I have documented significant points from the BWC video below:

When Deputy Miller activated his BWC, Anglero-Wyrick was already handcuffed and laying on his stomach in the threshold of the gate. Deputy Miller wrote in his supplemental report, "Due to the rapidly evolving and escalating nature of this call I did not activate my body worn camera until after Anglero-Wyrick had been taken into custody."

In order for Fire/EMS to access and treat Anglero-Wyrick, deputies had to move him into a more open area. Deputy Miller lifted Anglero-Wyrick by his left upper arm, Deputy Negri lifted Anglero-Wyrick by his right upper arm, and Deputy Anaya lifted him by his ankles. Together they moved Anglero-Wyrick backwards into an open area in front of the house. While there, he was treated by Fire/EMS.

Deputies spoke to [redacted] about who lived where on the property. [redacted] said his wife lived in the main residence and Anglero-Wyrick lived in an outbuilding with a blue tarp on it.

After questioning if his BWC was actually recording, Deputy Miller turned off his BWC. At that time he was standing in front of the residence. At 1741 hours, Deputy Miller immediately re-activated his BWC.

I reviewed Sergeant Parks' supplemental report dated April 5, 2020:

"On 4/4/20, I was on uniformed patrol assigned as the patrol supervisor at the River Sub-station in Guerneville. At approximately 1642 hours, I heard Dispatch start west beat Deputies to [redacted] Forestville, regarding a brandishing of a firearm.

"I began responding to the area to assist the responding Deputies. While driving to Forestville, dispatch advised that the suspect, Jason Anglero-Wyrick had pointed a gun at the RP [redacted].

"Further, Anglero-Wyrick was accompanied by a female wearing a camouflage shirt and black pants. Both Wyrick and the female, left in a white Durango or Dodge pickup.

"I am familiar with Wyrick and knew that he was on parole [redacted]

"I advised dispatch that I had most recently contacted Anglero-Wyrick at his residence in Graton but did not immediately remember the address. During this contact (June of 2019) it was reported that Anglero-Wyrick [redacted] in Santa Rosa. Dispatch provided the address to responding Deputies as [redacted] in Graton.

"At approximately 1657 hours, I overheard Deputy Mahoney advise dispatch that he had located a white Dodge pickup behind [redacted], which I know sits just west and behind [redacted] Within seconds, Deputy Mahoney advised dispatch that he was out with several uncooperative family members whom claimed that Wyrick was inside the residence sleeping.

"Based on Anglero-Wyrick`s extensive criminal history and the fact that he was reportedly armed with a handgun, I requested that Deputies set up containment, or a perimeter around the residence. Further, I advised that I wanted to surround the residence and call Anglero-Wyrick out to us from a positon of safety. Based on my training and experience, it safer for the public, suspect and the Deputies on scene to use this tactic when it is possible we could be faced with an armed or combative suspect.

"Medical was also staged in the area.

"Upon my arrival, I overheard Deputy Villeggiante advise dispatch that he had made contact with Wyrick. I drove to the front of the residence and observed Deputy Villeggiante pointing his handgun in the direction of Anglero-Wyrick. Anglero-Wyrick was standing behind a female, later identified as Naustachia Green. Both Anglero-Wyrick and Green appeared agitated. Their arms were up and I could hear them yelling in the direction of Deputy Villeggiante. It appeared that Green was acting as a shield for Anglero-Wyrick.

"I unholsterd my firearm and kept it by my side due to the fact Anglero-Wyrick had not been searched and could still have access to a firearm. I noted that they were standing in front of an open gate. Based on my knowledge of the property I

“knew that Anglero-Wyrick`s residence was within 50 feet of the open gate. I feared that Wyrick could retreat back through the open gate and possibly barricade himself inside the residence, where he could have access to firearms or weapons. Further, I felt that we needed to quickly devise a plan to immediately apprehend Anglero-Wyrick for his safety, the safety of the public and the Deputies on scene.

“I ordered Anglero-Wyrick to get on the ground and crawl toward me. Anglero-Wyrick threw up his arms, pushed Green out of the way and began to advance toward me. Anglero-Wyrick appeared agitated, his body was tense, chest was puffed and muscles appeared strained. His postured suggested as if he was going to assault or potentially fight Deputies on scene. Two additional people emerged from the property and stood behind Anglero-Wyrick which created more hazards for the Deputies on scene.

“I walked toward Green in effort to safely remove her from the situation. She pushed me back when I got close, causing me to temporarily lose my balance. Once I regained my balance, I saw that Deputy Villeggiante had control of one of Greens arms. I placed my hand on her head and attempted to force her head to the ground. Green was now on her knees. She was pushing back into my hand preventing me from taking her to the ground. I grabbed onto her left arm and attempted to pull her forward to a prone position. Green again pulled her arm toward her stomach and was able to remain on her knees which prevented Deputy Villeggiante from safely restraining her. I disengaged and grabbed onto Green`s right leg. Green was now on her stomach. I placed Green in a figure four leg lock as she was actively kicking her legs in my direction.

“Once on the ground, Green continued to yell at Deputy Villeggiante and me. Green then told us that she was pregnant. Based on her statement, I asked if I would let her go, would she walk to the patrol car. She stated, "I will kick you in the face." Based on her demeanor and statement, I felt that if I released the leg lock she would possibly continue to resist and potentially hurt herself, Deputy Villeggiante or me. I remained in this position for approximately 2 minutes. Once she calmed down, Deputies Villeggiante and Mahoney helped her to her feet and escorted her to the patrol car.

“Through our investigation, I later learned that Green was not pregnant. This furthered my belief that she intended to purposely interfere with our investigation. Based on Green`s actions, I felt probable cause existed to arrest Green for battery on a peace officer and resisting arrest. Her actions only made the situation worse and prevented Deputies from safely detaining Wyrick and investigating the alleged crime.

“Anglero-Wyrick was now secured in handcuffs and medical staff was on scene tending to his injuries. As I remained in the area, he continued his attempts to agitate the Deputies on scene. In essence, he yelled, someone call my fucking boys, we gonna "smack these Niggers out here," what the fuck you guys waiting for.

“Based on his statement I believed Anglero-Wyrick was referring to the Deputies on scene, as "Niggers." Further, I believed he used the word "smack" as slang to kill or shoot the Deputies.

“Anglero-Wyrick then looked at me and in essence stated, fuck you Parks, who do you think you are, chance is a long game, let`s go for a fucking walk you coward.

“Based on the totality of the circumstances, I believed probable cause existed to arrest Anglero-Wyrick for 69 PC, threatening an executive officer. Prior to arresting Anglero-Wyrick he was confrontational and appeared to be physically challenging Deputies to a fight. Based on his active resistance and reluctance to obey direction caused Deputies to fear for their safety. Further, once Anglero-Wyrick was in custody he continued to threaten Deputies on scene by using underlying death threats and challenging us to a fight.

“Anglero-Wyrick was ultimately transported to Memorial Hospital.

“I later learned that the RP [redacted] was somewhat uncooperative and there was not sufficient probable cause to arrest Anglero-Wyrick for brandishing of a firearm. (See Deputy Brazis statement for further details).

“Once the property was secure, Deputies searched several areas for a handgun. No handgun was located.

“I later contacted a potential witness, [redacted], who lived across the street to [redacted]. She advised me that she had earlier observed a white 2 door compact sedan parked in front of the Anglero-Wyrick residence, honking its horn. The man in the car yelled in the direction of the Anglero-Wyrick residence and “sped off. She described the male as white, in his mid-twenties. [redacted] thanked me for responding due to the increased criminal activity.

“My BWC was activated.

“End of report.”

Sergeant Parks Supplemental Report (dated April 10, 2020):

"On 4/10/20, I completed reviewing the majority of the BWC footage of this case. As a supervisor, it is my responsibility to review BWC footage of incidents involving the use of force. In reviewing the case, I located additional information that I believe provides supporting information in the arrest of both (OF#2) Green and (OF#1) Anglero-Wyrick.

"While watching BWC footage obtained from Deputy Mahoney`s camera I found that (OF#2) Naustacia Green had been contacted by Deputy Mahoney just minutes prior to the use of force. In watching the video, I learned that Deputy Mahoney told Green that he was there to investigate a crime and that he was looking for Jason Anglero-Wyrick. Green told Deputy Mahoney that Jason Anglero-Wyrick was inside sleeping. Within a few minutes, (OF#2) Green walks toward the Anglero-Wyrick residence and was no longer in Deputy Mahoney`s camera view.

"Deputy Mahoney was parked on [redacted] which is one of the two entrances to the Anglero-Wyrick residence listed as [redacted] The entrance is located on the west side of the property approximately 75 to 100 yards north of [redacted]. The Anglero-Wyrick residence has an additional pedestrian entrance on the south side of the property. The south side of the property is surrounded by a wooden fence with a wooden gate. Further, the entrance appears to be a breezeway between Anglero-Wyrick`s residence and [redacted] a residence that sits due east.

"Approximately one minute after Green is observed leaving the view of Deputy Mahoney`s camera, Deputy Villeggiante whom had placed himself on a perimeter position makes contact with both Green and Anglero-Wyrick. Deputy Villeggiate`s camera shows Green and Anglero-Wyrick attempting to leave through the pedestrian gate on the opposite side of the property and far from Deputy Mahoney.

"Based on the time frame, and the BWC footage from Deputies Mahoney`s and Villeggiante`s cameras it is my opinion that (OF#2) Green was attempting to have Anglero-Wyrick escape the perimeter thus delay our investigation. It is my belief that if (OF) Green was attempting to surrender or resolve the situation she would have escorted Anglero-Wyrick to the south of the residence where Deputy Mahoney had just contacted Green. Instead, (OF#2) Green leaves the area, makes contact with Anglero-Wyrick and together they attempt to leave through a pedestrian gate which sits more than 100 yards from Deputy Mahoney. Additionally, there would have been no patrol cars or Deputies visible to anyone attempting to leave through the gate making it an easy escape route.

"I believe that this new information helps bolster the fact that (OF#2) Green and (OF#1) Anglero-Wyrick purposely and knowingly delayed our investigation, a violation of 148(a)(1) PC.

"I recommend that this report be forwarded to Sonoma County District Attorney`s office.

"End of report."

Sergeant Parks had three BWC videos related to this incident. The first video began at 1703 hours and ran continuously for 15 minutes and 46 seconds. The second video began at 1720 hours and ran continuously for 15 minutes and 45 seconds. The third video began at 1737 hours and ran continuously for 13 minutes and 46 seconds. I have documented significant points from the BWC video below:

When the first BWC video began (during the first 30 second buffering period) Green was on her knees bracing her upper body using her arms while Deputy Villeggiante was trying to restrain her. This portion of the BWC video captured events which took place after Deputy Villeggiante had pulled Green away from Anglero-Wyrick and took her to the ground.

Sergeant Parks assisted Deputy Villeggiante by grabbing onto Green's left arm pulling it from the ground. Green could be seen actively resisting Deputy Villeggiante and Sergeant Parks as they tried to gain control of her. Green twisted her arm and it appeared she was able to pull it away from Sergeant Parks' grasp.

Sergeant Parks repositioned himself to control Green's legs. Sergeant Parks initially grabbed onto Green's left ankle while Deputy Villeggiante attempted to roll Green onto her stomach. Sergeant Parks struggled to gain control of Green's legs. Sergeant Parks twisted Green's lower body by moving Green's left leg over her right leg forcing Green onto her stomach to control her. Sergeant Parks then positioned Green's legs into a figure-four leg control hold.

Deputy Villeggiante placed Green in handcuffs and this was when Sergeant Parks activated his BWC (permitting audio recording).

Sergeant Parks directed canine deputies (Deputies Collier and Negri) to help Deputy Jucutan get Vader to release.

Green said, "Just so you know I'm pregnant, get the fuck off my stomach." Deputy Villeggiante reassured Green he was not on her stomach. Green continued to yell for them to get off her and to let her husband go.

Sergeant Parks responded they were not going to let her out of the figure-four leg control hold until she was cooperative. Sergeant Parks asked Green several times if she would walk to the patrol car. Green responded by saying, “let go of me, let go of me now.” Green said “You guys are all in trouble. I can’t wait ‘til my attorney gets you guys. You guys are all in trouble. You’re all gonna lose your fuckin jobs, right now, just so you know. We have done nothing.” Green then began to yell, “Call the fucking attorney.”

Sergeant Parks asked Green, “Are you going to get up willingly if I let you go here?” Green responded by saying, “I want to kick you in the face right now, but yeah I’ll get up.”

Sergeant Parks released his figure-four leg control hold. Deputy Villeggiante then rolled Green over into a seated position. From there, Deputies Villeggiante and Mahoney assisted Green to her feet and escorted her to the patrol car.

Sergeant Parks told Sergeant VanCamp and Deputy Mahoney they still needed to secure the property/residence because they were looking for a weapon.

Sergeant Parks asked Deputy Negri to call the west beat deputies (Deputies Brazis and Martinez-Ordaz) to determine if there was any additional probable cause for their contact. The only information Parks had at that time was a 417 PC (Brandishing of a Firearm).

Sergeant Parks spoke with [redacted] and explained they were going to search the property. [redacted] argued the deputies were illegally searching the property as they did not have a search warrant. Sergeant Parks advised her he would be getting a search warrant.

Sergeant Parks turned off his BWC so he could have a private conversation with Deputy Negri. At 1720 hours, Sergeant Parks reactivated his BWC. Sergeant Parks concluded his conversation with Deputy Negri and walked back towards the residence.

Sergeant Parks felt the hood of the white Dodge Dakota pick-up truck which was parked behind the house.

Sergeant Parks then walked over to where Deputy Negri was speaking with [redacted] Deputy Negri could be heard telling [redacted] they were going to conduct a parole search. Sergeant Parks entered the residence and met with Sergeant VanCamp and Deputies Collier, Villeggiante, and Mahoney in the kitchen.

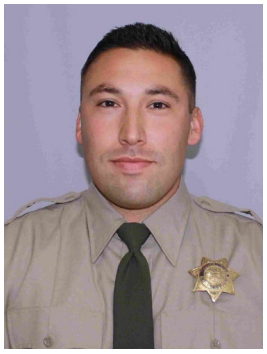
Sergeant VanCamp explained they had not searched the residence yet, but had located indicia for Anglero-Wyrick inside. Sergeant VanCamp said the grandmother [redacted] was in her bedroom and she did not pose any safety concern.

Sergeant Parks informed them he felt the hood of the truck and it was warm, indicating it had been driven recently. He explained Anglero-Wyrick has been driving the truck and they needed to search the house and the truck for the gun.

Sergeant Parks and Deputy Negri searched the outbuilding where Anglero-Wyrick was believed to be using as his bedroom.

Sergeant Parks turned off his BWC when he spoke privately with Deputy Jucutan. At 1737 hours, Sergeant Parks re-activated his BWC and it remained activated until he left the scene.

I reviewed Deputy Adrian Anaya's supplemental report dated April 5, 2020:



"On April 4, 2020, at approximately 1635 hours, west county Deputies were dispatched to [redacted] in Forestville regarding the brandishing of a firearm that just occurred. Sheriff`s Dispatch advised the suspect was Jason Anglero-Wyrick, who fled the scene driving a white Dodge Durango or Dodge Dakota towards [redacted] Dispatch advised the reporting party (RP) alleged Jason pointed a firearm at RP prior to fleeing. Jason was said to be accompanied by a mixed race Hispanic or black female who wore a camouflage shirt or jacket and black pants.

"I responded to [redacted] in anticipation the vehicle fled this direction. As I canvassed the roadway, Dispatch relayed Jason was on parole [redacted] Dispatched further advised Jason was associated with an address at [redacted] in Graton and another address in Santa Rosa.

"Deputy W. Mahoney and T. Villeggiante advised they located the suspected vehicle parked behind [redacted] Graton (residence immediately north of [redacted]). Sergeant S. Parks directed the Deputies to contain the "residence at [redacted] in order to perform a [redacted]", a [redacted] I responded code-3 to assist at the Graton address. Deputies on scene were coordinating a perimeter around the house. Deputies then relayed they encountered by several uncooperative family members of Jason`s who claimed he was inside the residence sleeping.

“Upon arrival at the Graton address, I observed K9 Deputy Jucutan`s dog Vader had been deployed on Jason. Sergeant B. Parks and Deputy “Villeggiante had Naustachia Green restrained on the ground. Several other Deputies were on scene. I observed the scene was very chaotic with Jason, Naustachia and family members screaming and arguing with Deputies. Deputies had Jason lying face-down on the ground and restrained in handcuffs. He was lying in between an open gate of the property fence line. After the K9 deployment was completed and the dog was secured, I assisted with moving Jason a short distance in order to allow medical personnel access to treat him. Jason was moved as he laid in the same aforementioned position. Two Deputies lifted him by his arms and I lifted him by his two ankles. In this manner, Jason was moved a short distance.

“I than encountered [redacted] and her 15 year-old daughter. Both were standing approximately 6 feet from Jason`s initial lying position. Both [redacted] and her daughter remained highly agitated and argumentative as they continuously yelled at Deputies. Any attempt to communicate with them was met with the same hostility. I stood by in order to prevent them from encroaching on Deputies as they were still dealing with the two combative subjects. At this point, we still didn`t have a secure scene, to include an outstanding firearm.

“A short time later, I assisted Sgt. VanCamp and other Deputies with conducting a parole search of [redacted]. I located a gate on the northeast side of the property that appeared to be the main access point to this residence. I observed [redacted] and an unknown male enter the residence door on the north side of the home. I could see [redacted] through a window after she closed the house door. After several minutes, Sgt. VanCamp was able to convince [redacted] to come outside to speak with us. I observed the "unknown male", later identified as [redacted] remained in the house and out of sight. Upon announcements from Deputies, [redacted] came out a short time later.

“I remained with [redacted] and [redacted] while Deputies conducted a search of the residence. [redacted] son [redacted] arrived from the north side of the property a short time later. [redacted] was cooperative and didn`t seem oblivious to the situation. [redacted] advised he was unaware of the circumstances and had nothing to report. [redacted] advised he had a mental health condition, of which was apparent to me.

“I conducted a brief interview with [redacted] and she advised the following:

[redacted] advised there was a preceding incident in which people came to her property and attacked her family. [redacted] further described that these people showed up and threw trash on her property. [redacted] said she returned the garbage to the people and told them to not go back to her house.

"I asked [redacted] to provide a timeline of her whereabouts approximately two hours prior to this incident. [redacted] said Jason was sleeping in his shed. [redacted] said she knew Jason was in fact sleeping because she checked on him prior to leaving to return the garbage to the people that discarded it on her property.

[redacted] said Jason lived in the detached shed and doesn`t live inside the main house. [redacted] said Jason occasionally goes into the main house for meals.

[redacted] asked to speak with an attorney and declined to continue with her statement. I advised [redacted] she was not a suspect of a crime and I explained that her account would be helpful for the investigation. [redacted] still declined and alleged Deputies had targeted her family because of their ethnicity. [redacted] further alleged Deputies targeted her family on behalf of people who were "white". A short time later, Deputy D. Negri received an additional statement from [redacted]

"During my initial response to the incident, Deputy Mahoney asked for access to my patrol car in order to secure Naustachia. She was secured in my patrol car until being transported to the hospital by ambulance. On 04/05/2020, Deputy Villeggiante advised Naustachia`s cell phone was left on or about my patrol car. I advised him I was not aware of the location of the phone. At the end of this shift, during the cleaning of my car, I located Naustachia`s cell phone on the front passenger floorboard of my car. I observed the phone was on and it seemed to be operable. I advised Sgt. VanCamp of the found phone and provided it to him.

"A. Anaya 2400, 04/05/2020."

I reviewed Deputy Anaya's BWC video for April 4, 2020, at 1702 hours. The video ran continuously for 45 minutes and 18 seconds. Deputy Anaya's BWC video showed he arrived at the scene as Anglero-Wyrick was being apprehended. I determined he did not use any force and his BWC video did not reveal any new information for this investigation.

I reviewed Sergeant VanCamp's supplemental report dated April 5, 2020:

"On April 4, 2020 at about 1707 hours, I arrived at [redacted] in Graton, Ca. I parked a few houses [redacted] and walked towards the front gated entrance to the residence. As I walked I saw a crowd of 5 to 10 people standing and watching and video recording with their cell phones. Some members of the

“crowd were screaming at law enforcement. I first contacted Sgt Parks and asked him if he needed me to do anything. I then checked in with Deputy Mahoney and Deputy Villeggiante to see if they were hurt or injured.

“I next consulted with Deputy Negri and Deputies Mahoney and Villeggiante about conducting a parole search of the residence and the vehicle. I advised Sgt Parks we were going to start from the back of the residence and the vehicle.

“Deputy Mahoney, Deputy Villeggiante and I walked around to the [redacted] side of the residence and removed an orange construction fiber barrier that was hanging across the rear driveway. We could see the white Dodge Dakota truck [redacted] [redacted]) parked in a parking area. I looked into the passenger side window and saw a camouflage shirt sitting on the front seat. Deputy Anaya pointed out the target house. I saw a female adult later identified as [redacted] in the back yard crying and talking on the phone. I tried to make entry through the fence but it was screwed shut. [redacted] kept walking in and out of the back door to the residence and in and out of the two outbuildings located within the fenced yard. Deputy Anaya told me there was an opened gate into the back yard located on the East side of the property.

“As we walked towards the open gate into the backyard, [redacted] walked back into the residence and closed the door. I confirmed with the Deputies who were with me in the back yard area that Jason was in fact on parole for 245 PC. I saw [redacted] in through the window of the back door talking on the phone. I motioned with my hand for her to come outside. While at the same time I told her to come to me because we wanted to talk with her. After about 45 seconds or so [redacted] walked outside but still had the phone to her ear. I tried to reassure her that we weren`t going to hurt her and asked her to come to me. She slowly walked out into the back yard.

“Once [redacted] came to me I told her we were going to do a parole search of the property. I asked if there was anyone else inside of the residence. She cried and said her mother was inside and having a psychotic break. She`s 75 years old and just came from the hospital. I asked [redacted] if we could go inside and get her mother out of the residence safely. She said, "No, you can`t that would not be safe". I told her that perhaps we needed to get her mother some medical attention. [redacted] refused and told me that she had just brought her home from the hospital and she had already received medical attention. [redacted] told me her mother was calm now. I told [redacted] we needed to go inside the residence.

[redacted] handed me her phone and told me to talk with her land lord. I received the phone from her and hung it up and told her I didn`t care to talk with her land lord. I told her she was not allowed to go back inside of the residence and told her we were going to search it. She said, "No my son does not live inside the residence.

“He lives in the back" and pointed to an outbuilding in the back yard. I told her we were going to search the property because Jason was on parole. I told her we were looking for a weapon. [redacted] said, "No, No, No". I told her she could oppose all she wanted, but that is what was going to happen.

[redacted] said "No you`re not going to do your racist thing here, I know you`re used to doing this". I told her this has nothing to do with race. I told her she was using race as a shield and she was making things more difficult. She said, "For all I know you have the Corona virus and you`re not wearing face masks". She said, "No you have no right to be here". I told her I disagreed with her. She said, "No you are wrong, you are protecting bad people and whatever lie you were told".

“I told her she could be arrested for delaying us or she could cooperate. I told her I didn`t want to arrest her. I told her that her son was on parole and we were going to search the house. [redacted] said, "He pisses outside and that is his house" she pointed to the outbuilding in the back yard. [redacted] said he didn`t even know how to cook.

“I asked her how many people were inside of the house. She said only her mom. After some questions from Deputy Anaya, [redacted] said that perhaps her landscaper, [redacted] was inside of the house. Deputies called out into the backdoor of the residence for [redacted] [redacted] came outside and stood bye with Deputy Anaya and [redacted]

“Deputy Villeggiante, Deputy Collier, Deputy Mahoney and I made verbal announcements and entered into the residence. We located [redacted] an elderly female who was in the back bedroom lying on her bed. No other persons were located inside. Deputies next began looking through the residence. The bottom bedroom had indicia for someone other than Jason so we did not search it. We did see a .223 caliber bullet in plain view in the down stairs bedroom but again, we didn`t search the room. Deputy Mahoney located indicia in the upstairs bedroom with Jason`s name on it. The upstairs bedroom and the common areas were the only things searched inside the residence. The outbuilding where [redacted] indicated Jason sleeps was searched and the Dodge truck was searched. I searched the kitchen common areas. Ultimately no firearms were located.

“As we concluded our search [redacted] asked, "What`s going to happen with the white people who assaulted us"? I asked what people. She yelled, "The white people you are protecting, why aren`t you over there. They came here and assaulted us"? I asked what white people? She said, "Don`t act like that". I told her I didn`t know what she was talking about. She said, "Yeah you do, wherever this call came from is from a group of white people standing near [redacted] market. There`s a crank dealer with 6 people hanging out". [redacted] took some garbage to them and now we were at her residence. She said, "Why aren`t you over there

"arresting them"? Deputy Negri told her because nobody called us. Deputy Negri then began speaking with [redacted]

"Status: Supplement Report"

Sergeant VanCamp's Supplemental Report (dated April 4, 2020):

"On April 4, 2020 at about 2056 hours, I received a message from Sonoma County Dispatch that [redacted] wanted to talk with a Sergeant regarding this incident. I called and spoke with [redacted] who lives in Arizona. [redacted] accepted a friend request on messenger today from [redacted]. [redacted] threatened to hurt his family. [redacted] called [redacted] and [redacted] began to yell and scream that Jason came to his house with a gun and threatened his family. [redacted] called his mom, [redacted] to figure out what happened. [redacted] told [redacted] that Jason had been at home all day. [redacted] ex-wife called [redacted] early in the "morning and started harassing her saying Jason was at [redacted] job threatening him. When according to [redacted] Jason was at home sleeping in bed.

"I tried to get some FI information about [redacted] but he refused to provide his address. According to [redacted] called him and said that while he was at work, Jason went over to his house and scared his wife and made the kids cry. [redacted] said if that really happened, he didn`t condone what Jason does. [redacted] said Jason`s "a knuckle head and he needs to act right".

[redacted] said, "The bottom line was this fool made threats to me. He threatened to kill my whole family and he was going to my mom`s house tonight and fuck her in the butt and kill her". [redacted] wanted the Sheriff`s Office to watch his mom`s house tonight. [redacted] also said that Jason wasn`t a part of it and that [redacted] made stuff up. [redacted] said [redacted] told him the truth that it was her that went over there being a knuckle head making a scene yelling and screaming at [redacted] mom and wife. There were no weapons involved.

[redacted] said, "What [redacted] just did is called SWATTING". [redacted] then made a bunch of accusation about the incident that happened all of which were false. [redacted] feels his mom`s life was in danger. I explained the process to [redacted] and told him how to file a 422 report. I told him the information he had was important to the investigation and we needed the proof from his messenger account.

[redacted] knew [redacted] was being a "hot head and reacting to what`s going on supposedly Jason going up there and doing all of this stuff". [redacted] felt [redacted] could act on those threats because he`s known him forever. I also explained the restraining order process to [redacted]

"Status: Supplement Report"

Sergeant VanCamp's Supplemental Report (dated April 5, 2020):

"On Sunday April 5, 2020 at about 1437 hours, Naustachia Green called the Sheriff`s Office and accused Deputies of stealing her cell phone. She wanted to speak with a Sergeant and wanted her cell phone back. I made some inquiries from Deputies on scene during yesterday`s incident at [redacted]. Deputy Anaya had possession of the cell phone and turned it over to me (Refer to Deputy Anaya`s Supplement Report).

"At about 1800 hours, I contacted Naustachia and informed her that I was in possession of her cell phone. I asked her to come to the Main Office located in Santa Rosa and meet with me and I would turn it over to her.

"At about 1835 hours, Naustachia came to the Main Office. She provided me with her California Identification Card and I handed her cell phone over to her without incident.

"Status: Supplement Report."

Sergeant VanCamp had three BWC videos related to this incident. The first video began at 1707 hours and ran continuously for 31 minutes and 14 seconds. The second video began at 1738 hours and ran continuously for 1 minute and 36 seconds. The third video began at 2042 hours and ran continuously for 13 minutes and 40 seconds. Sergeant VanCamp's BWC videos showed he arrived at the scene after Anglero-Wyrick was already apprehended. I determined he did not use any force and his BWC videos did not reveal any new information for this investigation.

I reviewed Deputy Alan Collier's supplemental report dated April 4, 2020:

"On 4/4/20 at approximately 1642 hours, deputies were dispatched to [redacted] for a report that Jason Anglero-Wyrick banished a firearm at the reporting party. It was reported that the suspect left the residence in a white Dodge Dakota pickup accompanied by a female wearing a camouflage shirt and black pants.

"Other deputies located a white Dodge Dakota [redacted] pickup at [redacted] which is an address the suspect has been contacted at in the past. Upon my arrival, the suspect was in custody.

"I was requested to conduct a search of the above noted vehicle. The vehicles motor was warm as if it had been recently driven. I also observed a camouflage jacket sitting on the front passenger seat. I located indicia inside the vehicle with

> "the suspects name on it as well as a small canister of pepper spray in the center console.
>
> "I provided the pepper spray and the camouflage jacket to Deputy Mahoney. Nothing else was located in the vehicle.
>
> "Nothing further."

I reviewed Deputy Collier's BWC video for April 4, 2020 at 1703 hours. The video ran continuously for 39 minutes and 19 seconds.

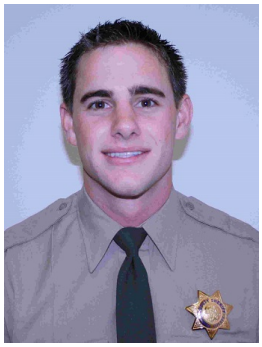
When Deputy Collier arrived on scene he immediately removed his canine from the back of his patrol car and approached the scene. At that time, deputies could be seen taking Green into custody and Vader was still engaged with Anglero-Wyrick. Deputy Collier activated his BWC and returned his canine to his patrol car.

Deputy Collier went back over to assist deputies as Vader had already been removed from Anglero-Wyrick. Deputy Collier radioed to dispatch to have medical personnel respond.

Deputy Collier entered the residence to conduct a protective sweep while yelling, "Sheriff's Office."

Sergeant Parks directed Deputy Collier to search the truck which he identified as a white Dodge pick-up. Deputy Collier searched the truck as the driver's door was unlocked. Inside the vehicle he located a pepper spray canister, indicia for Anglero-Wyrick, and a camouflage jacket (which was taken for evidence). Deputy Collier gave the jacket and the pepper spray to Deputy Mahoney.

Deputy Collier turned off his BWC after he confirmed with Sergeant Parks he was clear to leave the call.



K9 Deputy Daniel Negri responded to the scene but he did not write a supplemental report.

Deputy Negri had three BWC videos related to this incident. The first video began at 1703 hours and ran continuously for 6 minutes and 53 seconds. The second video began at 1712 hours and ran continuously for 2 minutes and 40 seconds. The third video began at 1720 hours and ran continuously for 28 minutes and 5 seconds. Below is a brief summary of Deputy Negri's video.

Deputy Negri activated his BWC when he arrived on scene. At which time, deputies were in the process of restraining Green and apprehending Anglero-Wyrick.

Sergeant Parks told Deputy Negri to assist Deputy Jucutan. As Deputy Negri approached Deputy Jucutan and Vader, Deputy Jucutan could be heard providing release commands to Vader ("Swelta").

After Vader was removed from Anglero-Wyrick, Deputy Negri contacted Green's daughter [redacted]. She continued to yell at deputies while holding up her celllular phone. Deputy Negri explained to [redacted] she could peacefully record. Deputy Negri tried to calm [redacted] while she continued to yell at them.

Deputy Negri asked Deputies Collier and Jucutan to secure the residence and the vehicle.

Deputy Negri got into his patrol car and turned off his BWC. At 1712 hours, Deputy Negri reactivated his BWC. He exited his vehicle and walked to the front of the property.

Deputy Negri received a phone call on his cellular phone and he turned off his BWC. At 1720 hours, Deputy Negri reactivated his BWC as he walked around to the back of the house where he introduced himself to [redacted] asked, "Did you attack the people who attacked us?" Deputy Negri explained to [redacted] they needed to check the residence because Anglero-Wyrick was on parole. Deputy Negri asked which room belonged to Anglero-Wyrick and she indicated the converted shed. Deputy Negri told [redacted] they would be briefly inside her residence to ensure nobody was inside that could harm them. [redacted] said, "that's fine, I don't care."

Deputy Negri walked into the house (kitchen area) where he met with the other deputies and Sergeant VanCamp. He told them the room outside belonged to Anglero-Wyrick. Deputy Mahoney told him he had located indicia inside the main residence, allowing them to search that as well.

Deputy Negri walked out and into the room identified as Anglero-Wyrick's bedroom and searched it with Sergeant Parks.

When Deputy Negri completed searching the room, he walked over and spoke with [redacted] explaining once again why deputies were there. [redacted] admitted she and Green had driven the white Dodge Dakota pick-up truck to [redacted] residence, 25 minutes prior to the arrival of deputies at her house. This was to return the bottle they threw at their property. [redacted] said the truck belonged to her.

[redacted] said when she went to the [redacted] residence she was afraid so she didn't stop. [redacted] described making a u-turn while she was there. [redacted] could not explain why [redacted] had initially thrown trash at their property. When they returned home the deputies were there.

Deputy Negri asked [redacted] if he could offer her advice on how to keep her family safe. He told her when encountering the police:

> "…don't challenge us, don't argue with us, don't yell at us, go along with the program, and do not resist, and do not incite a riot while we are here trying to do our job cause that creates chaos. And in the midst of chaos we have no time to deal with things in the manner that you want them dealt with because we don't even know who you are, what you're doing, why you're doing what you're doing, and it creates havoc for us. And that goes for everyone in this household."

[redacted] responded by saying, "I'm sorry, I'm sorry. That's the last thing I wanted to do."

When Deputy Negri was finished speaking with [redacted] he walked to the front of the residence preparing to leave the scene and turned off his BWC.

I reviewed Deputy Rowan Taylor's supplemental report dated April 5, 2020:

"On 04/04/20 at approximately 1700 hours I responded to Memorial Hospital in Santa Rosa to assist Deputy Thez in escorting arrestee Anglero-Wyrick into the ER. Upon arrival I handcuffed Anglero-Wyrick`s left arm to the hospital gurney. I checked the handcuff for tightness and locked it. I was later relieved by Deputy Crivello.

"Nothing further."

I reviewed Deputy Taylor's BWC video for April 4, 2020, at 1748 hours. The video ran continuously for 6 minutes and 43 seconds. Below is a brief summary of Deputy Taylor's video.
Deputy Taylor activated his BWC at the hospital as EMS was taking Anglero-Wyrick's gurney out of the ambulance. Deputies Taylor and Thez followed them into the Emergency Room (ER).

Anglero-Wyrick began to explain to the deputies what had occurred at his residence. Deputy Thez explained he and his partner were not there for the purpose of conducting an investigation. Rather, they were at the hospital to make sure he behaved. Deputy Thez explained he did not know the backstory but he knew there was some history. Anglero said, "The history is, I fuck up cops, but I haven't done anything in 10 years. I came home from [muffled] 2 years ago. I ain't done nothing."

Deputy Taylor turned off his BWC when he received a phone call. There were no further activations located.

I reviewed Deputy Michael Dietrick's supplemental report dated April 5, 2020:

"04/04/2020, at approximately 1642 hours, I responded to [redacted] to assist deputies at that location (see original report for details).

"Upon arrival, I activated my department issued body camera. I stood by with Naustachia Green, who had been detained in handcuffs and was seated in the back of Deputy Anaya`s patrol vehicle. At that point in time, I was not aware if Green was under "arrest or merely being detained. Green stated she was taken to the ground during the incident and she is 6 weeks pregnant. Green stated she had pain in her left elbow and the back of her neck, but did not have any stomach or abdominal pain. Green was evaluated on scene by medical personnel. Medical personnel advised that there was no obvious medical need for Green to go to the hospital. Green stated she did not wish to seek any "further medical treatment. I was eventually advised by deputies on scene that Green was under arrested for 148(a) (1) PC.

"Due to the fact Green claimed to be 6 weeks pregnant, she was transported by ambulance to Sutter Hospital for medical clearance. While at the hospital, I advised Green of her Miranda Rights. Green stated she wanted to speak with a lawyer. I did not ask any further questions regarding this incident. The doctor [redacted] she was medically cleared for incarceration. I transported Green to the MADF where she was booked for 148(a) (1) PC and 243(b) PC. My body camera video was later uploaded to evidence.com."

Deputy Dietrick had three BWC videos related to this incident. The first video began at 1713 hours and ran continuously for 29 minutes and 33 seconds. The second video began at 1802 hours and ran continuously for 1 hour and 42 minutes. The third video began at 1945 hours and ran continuously for 10 minutes and 4 seconds. Deputy Dietrick's BWC video showed he arrived at the scene after Green and Anglero-Wyrick were arrested. I determined he did not use any force and his BWC video did not reveal any new information for this investigation.

I reviewed Sergeant Kelly Burris' BWC video for April 4, 2020, at 1913 hours. The video ran continoulsy for 8 minutes and 39 seconds. Sergeant Burris contacted Anglero-Wyrick while he was in the ER at Memorial Hospital so she could obtain a statement from him regarding the use of force. Below is a brief summary of Sergeant Burris' video.

Anglero-Wyrick was at home with Green, his daugher [redacted] his mother [redacted], and his grandmother [redacted] He was inside when his daughter came in to tell him someone had thrown something at their vehicle. He went outside and as soon as he walked out of the front gate, one of the deputies drew his weapon. Green stepped between him and the deputies while asking what was happening. The deputy was screaming for him to get down.

Anglero-Wyrick tried to move Green so he could step in front of her "to confront the officer, to just do whatever he wanted to do." Another deputy came from the side and shot him with a taser causing him to fall back into the gate on his property, face down. Anglero-Wyrick said "They just stuck the dog on me while I was laying on my ground with my hands behind my back. My hands were behind my back the whole time. I was complying. I came outside of my house." Anglero-Wyrick believed the dog bit him for almost two minutes and the deputies were not saying anything to stop it.

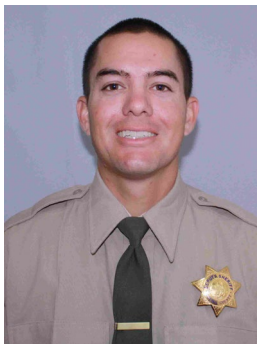
Anglero-Wyrick could not recall all the commands the deputies had given him. He just remembered being told to keep his hands where they could see them. He remembered Green being told to step out of the way.

Anglero-Wyrick said he was a Level 4 inmate in prison and knows how to comply with officers. He said he also knows when not to comply with officers.

I reviewed Sergeant Burris' BWC video for April 4, 2020, at 1936 hours. The video ran continoulsy for 8 minutes and 46 seconds. Sergeant Burris contacted Green while she was in the ER at Sutter Hospital so she could obtain a statement from her regarding the use of force. A summary of her statement is below:

Anglero-Wyrick was sleeping when she woke him up to tell him the police were out front and they wanted to talk to him. When they walked out to the front of the house the deputy was pointing his firearm at them. The deputy told them to get down on their hands and knees and crawl to him. Green said she stepped in front of Anglero-Wyrick because a deputy had his Taser out and she thought Anglero-Wyrick was going to be tased. Anglero-Wyrick was tased and a deputy released the canine on Anglero-Wyrick after he was already on the ground. Green described the scene to be "chaotic and very scary," and said deputies did not explain why they were there.

When Sergeant Burris spoke to Green specificially about the force used by deputies, Green said two deputies slammed her to the ground, pushing her down face first. A deputy told Green to put her right arm behind her back but she couldn't move it because the deputy had his leg on it. She believed a deputy had placed his foot on her mid back. When Green told the deputy she was pregnant he "moved it down lower, towards the lower of my back."



On May 6, 2020, at 1320 hours, Sergeant James Percy and I interviewed Deputy Jeremy Jucutan. The interview was digitally recorded.[3] Deputy Jucutan was represented by Attorney [redacted] (RLS). Deputy Jucutan was provided with an Administrative Admonishment, which he signed.

Deputy Jucutan has been employed as a Deputy Sheriff for 5 years. He is currently assigned to Main Office patrol. Deputy Jucutan has been a canine handler for about 6 months and his canine's name is Vader.

Deputy Jucutan said the information he documented in his police report (SCSO 200404-014) was an accurate account of events to the best of his recollection. Deputy Jucutan reviewed his BWC video prior to this interview.

Deputy Jucutan responded to 8990 Graton Road to assist deputies with locating Anglero-Wyrick after it was reported he had recently threatened someone with a firearm. While going to the call, dispatch advised responding deputies Anglero-Wyrick was on parole for assault with a deadly weapon (as well as other information documented in his report).

Deputy Jucutan believed he was responding to a residence to contact a convicted felon who was on parole, had recently brandished a firearm in a threatening manner, made death threats, and may have committed a burglary.

When Deputy Jucutan arrived on scene his goal was to surround the house with the other deputies and call Anglero-Wyrick and his family members outside. Deputy Jucutan requested EMS to be staged in the area since there was a possibility of injuries. When Deputy Jucutan arrived on scene and parked his patrol car, he saw Deputy Villeggiante had his gun pointed at Anglero-Wyrick.
Deputy Jucutan removed canine Vader from his patrol car and went to assist Deputy Villeggiante. When Deputy Jucutan approached with Vader, he announced himself as a Sheriff's canine deputy and told Anglero-Wyrick to get on the ground.

Anglero-Wyrick and Green were outside the residence. Green positioned herself between Anglero-Wyrick and the deputies. Anglero-Wyrick held his hands in the air in a confrontational manner rather than following the deputies' commands. Anglero-Wyrick had some unknown objects in his hands and continued to yell at deputies. Deputy Jucutan heard Sergeant Parks tell Anglero-Wyrick to crawl over to them, in an effort to safely take him into custody.

[3] Interview Audio and Transcript in Exhibits.

Anglero-Wyrick continued to disobey orders given to him by deputies. Deputy Jucutan interpreted Anglero-Wyrick's actions as if he intended to fight the deputies. When Deputy Villeggiante approached Green, he knew (based on their working relationship) Deputy Villeggiante was going to pull her away from Anglero-Wyrick to "split the problems." He assumed Deputy Villeggiante and Sergeant Parks would take Green into custody while he and Deputy Miller arrested Anglero-Wyrick.

As Deputy Villeggiante pulled Green away from Anglero-Wyrick, Deputy Jucutan saw Anglero-Wyrick turn back towards the house. Deputy Jucutan feared he was armed and attempting to flee. There were other people present between Anglero-Wyrick and the house and he had concerns for their safety as he did not know their relationship to him.

Deputy Jucutan elected to deploy Vader in an effort to apprehend Anglero-Wyrick for the following reasons: Anglero-Wyrick's movements were consistent with someone attempting to flee, his threatening and resistive behavior displayed towards deputies, the report that he recently pointed a firearm at someone, and the fact he was on parole for a violent offense.

At the time of this incident, Deputy Jucutan remembered Anglero-Wyrick turning and falling at the same time. Deputy Jucutan recalled releasing Vader on Anglero-Wyrick when he turned in what he believed was an attempt to flee. After watching his BWC video, he realized there was a one to two second delay and Anglero-Wyrick had actually fallen to the ground prior to releasing Vader. Deputy Jucutan attributed the time delay to "Force Science" principles in reaction time.[4]

At the time Deputy Jucutan deployed Vader onto Anglero-Wyrick, he was not aware a Taser had been deployed. He did not hear the sound of the Taser being fired. It wasn't until "right after" when Deputy Jucutan realized Anglero-Wyrick had been tased. Deputy Jucutan said he would have deployed Vader on Anglero-Wyrick sooner if Green was not within such close proximity to him. Deputy Jucutan elected to wait so that Green was not bit.

Deputy Jucutan gave Vader the command to apprehend Anglero-Wyrick. Vader then bit Anglero-Wyrick in the right calf and held onto him. Deputy Jucutan grabbed onto Vader's harness and told Deputy Mahoney he could handcuff Anglero-Wyrick. Deputy Jucutan did not want to remove Vader from the bite prior to handcuffing for fear Anglero-Wyrick may try and flee. He still posed a physical threat to the deputies on scene. If by chance Anglero-Wyrick was able to escape them and become a further threat, he feared a second canine deployment posed a greater risk to bystanders.

[4] Force Science is the research and application of unbiased scientific principles and processes to determine the true nature of human behavior in high stress and deadly force encounters.

Once Anglero-Wyrick was handcuffed, he began the “tactical out” which Deputy Jucutan described as the process of removing Vader from the bite. Deputy Jucutan grabbed onto Vader’s collar and applied pressure to the sides of his neck to release him. Deputy Jucutan gave Vader the release command “Swelta” three times. Once Deputy Jucutan realized the “Tactical out” and the “Verbal out” were ineffective in removing Vader he utilized the e-collar (electronic shock collar) by activating his remote controller (attached to his duty belt) but Vader did not respond.

Deputy Jucutan again tried the “Tactical out” to remove Vader while looking at his e-collar to see if there was a malfunction, but he could not see any issues with it. Deputy Jucutan gave Vader the second release command but it was ineffective. Deputy Jucutan again unsuccessfully attempted to remove Vader using the e-collar.

Deputy Jucutan returned to performing a “Tactical out” and Vader released.

Deputy Jucutan explained how the e-collar is intended to operate. There are multiple levels (settings) that vary the intended electrical charge to the canine. The settings are level 1 through level 7 and each level has a low, medium, and high setting.

When Deputy Jucutan first activated Vader’s e-collar he had the setting at 5–high, which is stronger than he would use at training, but he wanted to ensure Vader’s release. The second time Deputy Jucutan activated Vader’s e-collar, he placed the setting on 7–high, though there still was no effect. Deputy Jucutan believed there was a malfunction with the remote itself. The remote control for Vader’s e-collar had a toggle switch, which was intended for multiple canine collars and he believed the switch may have inadvertently switched to a different setting (intended for a different collar), rendering Vader’s collar inoperable.

At the time of the incident, Vader was wearing his standard equipment he utilized at canine school (pinch collar, e-collar, and a harness). Deputy Jucutan has since tested the e-collar and determined it is operating properly. After this incident, he used super glue to affix the toggle switch, in an effort to prevent the e-collar remote control toggle from inadvertently switching settings.
When Deputy Jucutan initially attempted to remove Vader utilizing the “Tactical out” with his pinch collar, he was surprised it did not work since it was successful at training. When Vader would not release, it was “something new,” something he hadn’t experienced.

Prior to becoming a patrol canine handler, Deputy Jucutan attended the five week canine patrol school. At the end of the school, he was required to certify through the Peace Officers Standard of Training. During the “Tactical out” certification, Deputy Jucutan utilized the pinch collar on Vader and there were no issues.

The day after this incident, Deputy Jucutan called canine trainer [redacted] and they discussed what occurred. Since then, Deputy Jucutan and Vader have attended additional trainings with [redacted] on April 9th and 10th 2020) for reevaluation and they both performed satisfactory. Deputy Jucutan has since removed the pinch collar and he now uses a choke chain, "which is now, based on education, more effective when it comes to the 'Tactical out'."

After Deputy Jucutan spoke with [redacted], they believed Vader's delay in releasing was due to the stimulus Vader was exposed to. He was surrounded by several people yelling, Green yelling within close proximity while deputies were involved in a physical struggle, Anglero-Wyrick raising his voice, and deputies yelling commands. Deputy Jucutan and Vader had previously trained in chaotic situations and did not experience any issues.

Between the time Deputy Jucutan and Vader's POST certification (at the end of the five week canine patrol school) and the April 4, 2020 deployment, Deputy Jucutan had certified Vader on the "Tactical out" utilizing the pinch collar on two separate occasions.

Prior to this incident, Deputy Jucutan has deployed Vader one time and he utilized a "Verbal out," which was effective with the e-collar (on a 4–high setting). During that incident, Vader was wearing the same equipment.

For reference, see below picture of a Tri-Tronics e-collar transmitter with toggle switch. (Not Deputy Jucutan's actual transmitter)

On May 6th, 2020, at 1440 hours, Sergeant James Percy and I interviewed Deputy Nicholas Miller. The interview was digitally recorded.[5] Deputy Miller was represented by Attorney [redacted] (RLS). Deputy Miller was provided with an Administrative Admonishment, which he signed. Deputy Miller said the information he documented in his police report (SCSO 200404-014) was an accurate account as to what occurred to the best of his recollection. Deputy Miller reviewed his BWC prior to this interview. Deputy Miller stated the following:

On April 4, 2020, he was assigned to the Town of Windsor Police Department when he heard dispatch broadcast a call involving the brandishing of a firearm in Forestville. Anglero-Wyrick was identified as the suspect and he had left from the reporting party's address.

While responding to assist, dispatch advised that Anglero-Wyrick was on parole for assault with a deadly weapon, had priors for threatening a peace officer, resisting arrest, and he was recently arrested for possession of an assault weapon.

Deputy Miller viewed Anglero-Wyrick's picture on his Mobile Data Computer (MDC) to familiarize himself with his appearance. In doing so, he learned Anglero-Wyrick was a Norteno gang member or associate.

Deputy Miller responded to [redacted] to assisted deputies with a "surround and call out." Deputy Miller was the third deputy on scene. Deputy Miller initially took a perimeter position when he overheard Deputy Villeggiante confronting Anglero-Wyrick in front of the residence.

Deputy Miller went to the front of the residence and observed Anglero-Wyrick and Green arguing with deputies. Deputy Miller saw several deputies had their guns drawn so he elected to use a less lethal option. Deputy Miller announced, "I'm going Taser."

During that time, Deputy Miller was positioned off to the side of Anglero-Wyrick and Green, between a tree and a fence. Anglero-Wyrick and Green focused on Sergeant Parks, Deputy Villeggiante, and Deputy Jucutan.

Deputy Miller observed Green holding Anglero-Wyrick back until Anglero-Wyrick was able to get around her and challenge all the deputies to a fight. Deputy Miller stated:

> "Uh, he, he literally sidestepped, he's yelling and screaming the whole time, you know, what did I do, fuck you, what did I do, something along those lines. Um, when he sidesteps Naustachia he actually throws his

[5] Interview Audio and Transcript in Exhibits

> "arms out, and throws his chest out and challenges him to fight like bring it on. Um, you know, in my mind I, I even wrote in my report like he was actively ready to fight us. He want, he wanted to fight the deputies. Um, and Naustachia stepping and in pushing him back and so I think the only thing that prevented from doing that, um, so that, that's what, that was what made it clear in my mind that this is gonna be him act, he's gonna actively resist us once we go hands on with him."

Anglero-Wyrick repositioned himself behind Green, as he moved towards the gate. Deputy Miller did not want him to flee and go into a barricaded position since there was reportedly a firearm involved.

Given Anglero-Wyrick's criminal history, the recent report of him possessing a firearm, and his aggressive-challenging behavior towards deputies, Deputy Miller believed he posed a significant threat; potential serious injury or death to deputies if he were able to escape. For those reasons, Deputy Miller decided to fire his Taser at Anglero-Wyrick.

Deputy Miller did not provide Anglero-Wyrick with a pre-deployment Taser warning because his position did not afford him cover. Deputy Miller explained his tactical advantage was Anglero-Wyrick and Green's attention was focused on the other deputies. Deputy Miller believed if he would have given the Taser warning, he would have escalated the situation and compromised himself.

When Deputy Miller fired his Taser at Anglero-Wyrick, he could see it made a good connection. Simultaneously, Deputy Miller recalled seeing Vader and Deputy Jucutan moving in though his peripheral vision. Once Deputy Miller realized Vader had been deployed, he deactivated his Taser (after 3 seconds of the standard 5 second activation setting) just before Vader bit Anglero-Wyrick.

Deputy Miller believed the Taser probes struck Anglero-Wyrick in his hip and calf areas since that was where he last recalled seeing the Taser's laser pointer before he fired it.

Once deputies had taken Anglero-Wyrick into custody, Deputy Miller's role was essentially scene security.

Deputy Miller thought he activated his BWC when he arrived on scene. He tapped his chest twice to activate his BWC as he normally does. He was focused on the danger in front of him and getting into position to assist Deputy Villeggiante. It wasn't until after Anglero-Wyrick was taken into custody that Deputy Miller realized he had not activated his BWC.

On May 5, 2020, Sergeant Percy obtained Deputy Miller's Taser deployment records for April 4, 2020:

At 17:02:19 hours (hh:mm:ss), Deputy Miller "Armed" (Activated) his Taser.

At 17:02:34 hours (15 seconds later), Deputy Miller fired his Taser (Trigger).

At 17:02:37 hours (**3 seconds later**), Deputy Miller deactivated his Taser (Safe)

On May 11, 2020, Sergeant Percy e-mailed Sergeant Parks a questionnaire regarding his delay in activation and the cessation of his BWC video(s).

On May 16, 2020, Sergeant Percy received an e-mail from Sergeant Parks in response to the questionnaire:

"To: Sergeant James Percy
This narrative was reviewed by Attorney [redacted]

1) Why didn't you activate your BWC when you first arrived on scene?

"As I arrived on scene, I overheard Deputy Villeggiante advise dispatch that he was making contact with Suspect Anglero-Wyrick. I was close to the location he had observed Suspect Anglero-Wyrick and had not yet exited my patrol vehicle, which under normal circumstances, would be the time I would activate my BWC. However, due to the fact that I believed Deputy Villeggiante needed immediate assistance, I drove my patrol vehicle to his location and parked close to him, in effort to provide him with cover. When I arrived, I observed Deputy Villeggiante pointing his handgun in the direction of Suspect Anglero-Wyrick, whom appeared to be agitated. I immediately exited my patrol vehicle and pointed my handgun at Suspect Anglero-Wyrick. My initial thoughts when responding to this call were to slow things down in order to safely take Suspect Anglero-Wyrick into custody. However, Suspect Anglero-Wyrick's actions forced Deputies, including myself to

adjust our tactics. For the above aforementioned reasons, I was more focused on the officer safety issues at hand and failed to activate my BWC."

2) **Why did you turn off you BWC 2 times (Once to speak with Deputy Negri and the second time to speak with Deputy Jucutan)?**

"The reason I turned off my camera to speak to both Deputies Negri and Jucutan is to talk about the K9 deployment. It should be noted that both suspects in this case were nowhere in my proximity. Suspect Anglero-Wyrick was inside an ambulance, preparing to depart to Memorial Hospital. Suspect Greene was inside a patrol vehicle, preparing to be transported to County Jail. Other Deputies were in close proximity to their locations. Although we had not left the scene, my conversation with both Deputies Negri and Jucutan had no bearing on this investigation. The purpose of my conversation with Deputy Negri was to have him mentor and help Deputy Jucutan through the post K9 deployment procedures. Deputy Negri is a seasoned K9 handler and is very familiar with post K9 deployment procedures. It should be noted that I have been through many critical incidents and know that they can be stressful for the Deputies involved. I am also a former K9 handler and help supervise and train K9 handlers. It is no secret that Deputy Jucutan had difficulties with his K9 partner releasing the hold he had on Suspect Anglero-Wyrick. I wanted to reassure Deputy Jucutan that I was there to support him should he need anything. I wanted to also remind Deputy Jucutan that although we now had an uncooperative Victim, this was not known to me or him at the time the force was used. I relayed this information to him in order to build Deputy Jucutan's confidence and assure him that I supported his initial decision to use his K9 partner to apprehend Suspect Anglero-Wyrick.

"In closing, I want to apologize to our administration, particularly those involved with the internal investigation surrounding this case. I did not feel at any time, my turning off the BWC was outside our policy. However, I do realize when looking at this case it could potentially be difficult to investigate the matter when our body worn cameras are turned off. I whole heartedly believe that the mental wellbeing of our Deputies was more important at the time due to the stressful nature of this case.

Respectfully, Sergeant Brian Parks #1584"

On May 18, 2020, Sergeant James Percy and I interviewed the owner of [redacted] K9 (and canine trainer) [redacted] consented to having the interview digitally recorded.[6]

[6] Audio and transcript in Exhibits

[redacted] is a retired Master Sergeant, US Army Military Police Kennel master and a retired California Highway Patrol K9 Officer/Departmental Master K9 Trainer. Combined, he has 32 years of experience working and training Military and Law Enforcement Service Dogs. [redacted] opened his business in 2012 and is in contract with the Sonoma County Sheriff's Office to train its canine teams.

[redacted] was familiar with both Deputy Jucutan and his canine partner Vader. [redacted] had familiarized himself with this incident after speaking with Deputy Jucutan and what he learned from social media sources.

Prior to this incident, both Deputy Jucutan and Vader were current with their canine training certifications.

The focus of the interview with [redacted] surrounded the actions of Deputy Jucutan and Vader once he was deployed to apprehend Anglero-Wyrick.

Prior to [redacted] analysis, Sergeant Percy allowed [redacted] to review the YouTube video[7] titled "Vicious Police Brutality: Police Dog Attack" (which was posted on April 6, 2020 - video link https://www.youtube.com/watch?v=gBwZQaDJz8k) and Deputy Jucutan's BWC video (April 4, 2020 at 1701 hours). Below is a summary of the interview:

There are two ways a handler can release his canine from a bite. The first method is a "Verbal out" using a release command (such as Swelta) and/or an electronic collar. The second is a "Tactical out" (also known as a hard out) using manual manipulation of the canine's collar to force him to release.

[redacted] supported Deputy Jucutan's decision to do a "Tactical out" to prevent the canine from reengaging Anglero-Wyrick after the initial bite release. [redacted] did however mention he believed there was an equipment factor and handler error which caused Vader to not respond immediately to Deputy Jucutan's release efforts.

[redacted] suggested the proper collar for a "Tactical out" is a flat collar (standard collar) or a choke chain, and not a pinch collar that was used by Deputy Jucutan.

The pinch collar is a method in removing the canine from a bite, however it is considered the least preferred option because its design is intended for pain compliance. The "Tactical out" relies on the physiological effect of cutting off the blood supply and forcing the canine to release a bite when utilizing a choke chain or a flat collar.

It appeared to [redacted], Deputy Jucutan attempted to use the e-collar in an effort to get Vader to release, but it had no effect. [redacted] was familiar with the type of e-collar (Tri-

[7] YouTube Video in Exhibits

Tronics) Deputy Jucutan used on Vader. He said it was plausible the toggle switch on the controller could have been inadvertently set to the wrong setting. [redacted] indicated an e-collar setting of "7-high" would have caused a visible reaction in Vader based on his prior trainings with him.

[redacted] observed Deputy Jucutan applying "back pressure" to Vader which generally causes a canine to further engage its target. He believed if Deputy Jucutan would have applied forward pressure to Vader it would have been more effective in releasing the bite.

[redacted] described aggravating circumstances which potentially contributed to the delay in Vader's bite release. Those included: the simultaneous arrest of Green, family members screaming, multiple deputies yelling, and the presence of a second Sheriff's canine (Deputy Collier and his canine partner).

Although the canine unit attempts to simulate chaotic environments in training, this was a very complex situation for a new canine handler and canine.

Deputy Jucutan had utilized the pinch collar in previous trainings which was successful for him. He believed it was a combined set of circumstances which resulted in an extended period of time for the bite (post handcuffing). His recommendation was to utilize either a flat collar or a choke chain as a best practice when performing a "Tactical out."

[redacted] evaluated Deputy Jucutan and Vader days after this incident and both performed "flawlessly."

On April 22, 2020, Sergeant Percy sent SCSO Canine Program Supervisor Sergeant Greg Piccinini an e-mail questionnaire in regards to Deputy Jeremy Jucutan's canine partner Vader's training records:

> *Sergeant Greg Piccinini,*
>
> *I am conducting an Internal Affairs investigation in regards to an incident / arrest that occurred on **April 4, 2020**. This incident was documented in SCSO report **200404-014** and involved the deployment of Sheriff's Canine Vader by Canine Deputy Jeremy Jucutan.*
>
> *This portion of my investigation involves the Canine training records for Deputy Jucutan and Vader. Please provide me the following records ASAP.*
>
> *1. All Deputy Jucutan's Canine training / certification records.*
> *2. All Canine Vader's training / certification records.*

3. Documentation of Deputy Jucutan's / Vader's deployment history.
4. Any known training/deployment issues involving either Deputy Jucutan and/or Vader in regards to the Canine program.

Since this is an ongoing investigation, please keep the content of this questionnaire confidential and only discuss it with Internal Affairs.

In reviewing Deputy Jucutan and Vader's K9 training records I found the following:

1. Certificate of Training ([redacted] K9) – Completion of 200 hours of Narcotic's Detection and Patrol Dog Course Training (September 16 – October 18, 2019.
2. POST Certification / Patrol K9 school graduation (October 15, 2019).
3. POST Certification (February 25, 2020).
4. [redacted] Performance Evaluation (April 9 – 10, 2020).
5. Monthly [redacted] K9 training reports.

These training records revealed Deputy Jucutan and Vader successfully performed to standards in all areas. The complete training documents can be found in Exhibits.

In addition to the complaints regarding the canine deployment, [redacted] alleged the deputies caused "endangerment to our entire community by not following state mandated protective wear to protect our community from covid 19." I attached an excerpt of the Sonoma County Health Order, effective March 17-April 6, 2020, which was in effect during this incident:

"UNDER THE AUTHORITY OF CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 101040, 101085, AND 120175, THE HEALTH OFFICER OF THE COUNTY OF SONOMA ("HEALTH OFFICER") ORDERS:

"The intent of this Order is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while enabling essential services to continue, to slow the spread of COVID-19 to the maximum extent possible. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they should at all times as reasonably possible comply with Social Distancing Requirements as defined in Section 10 below. All provisions of this Order should be interpreted to effectuate this intent. Failure to comply with any of the provisions of this Order constitutes an imminent threat to public health.

"10. Definitions and Exemptions.

"d. For purposes of this Order, all first responders, emergency management personnel, emergency dispatchers, court personnel, and law enforcement

> "personnel, and others who need to perform essential services are categorically exempt from this Order. Further, nothing in this Order shall prohibit any individual from performing or accessing "Essential Governmental Functions," as determined by the governmental entity performing those functions. Each governmental entity shall identify and designate appropriate employees or contractors to continue providing and carrying out any Essential Governmental Functions. All Essential Governmental Functions shall be performed in compliance with Social Distancing Requirements as defined in this Section, to the extent possible."

On April 6, 2020, Sonoma County Health Officer expanded the order to recommend surgical masks:

> "The Health Officer recommends that health care workers, first responders, and staff at facilities providing patient care wear surgical masks while on duty and engaging in activities that involve close proximity to the general public, co-workers, and patients."

At the time of this incident (April 4, 2020), surgical masks were not required by county order or departmental policy. Additionally, deputies cannot be expected to socially distance themselves while attempting to physically control a subject.

In her complaint, [redacted] lists her glove box as being broken (presumably by a deputy). After reviewing all BWC videos, I determined the only deputy to have searched a glove box was Deputy Collier. Deputy Collier appeared to have used his knife to open a locked glovebox, but I was unable to determine if it sustained any damage. [redacted] complaint did not specify what exactly the damage was.

On January 25, 2021, I called [redacted] and left her a voicemail asking for her to return my call. I did not hear back from her.

[redacted] complaint listed a phone was stolen "by police." This investigation revealed Deputy Adrian Anaya located Green's cell phone on the floor board of his patrol car at the end of his shift that day. As indicated in his supplemental report, Sergeant VanCamp met with Green on April 5, 2020, at 1835 hours and returned a phone to her.

Conclusions and Findings

Incident:

On April 4, 2020, at 1642 hours, SCSO Dispatch received a 9-1-1 call from [redacted] reported Jason Anglero-Wyrick and an unknown female just left his house after pointing guns at him and his family. [redacted] was confident it was a firearm but could not say if it was a handgun or rifle. [redacted] reported Anglero-Wyrick and the female were in a white Dodge Durango or Dakota type pick-up truck and left towards Graton. (Deputies were familiar with Anglero-Wyrick, knew he had [redacted], and was on CDC parole.)

[redacted] initially reported an incident that occurred earlier that day between 1100-1200 hours while he was at work. [redacted] received a phone call from his wife [redacted] stating Anglero-Wyrick had gone to his mom's house looking for him. [redacted] reported Anglero-Wyrick kicked his mom's door in and pushed her to the ground. Anglero-Wyrick then went to his house [redacted]) where [redacted] was. [redacted] reported Anglero-Wyrick told [redacted] to let him in or he would kick the door in.

Deputies responded to the [redacted] residence and contacted him and his family.

At 1648 hours, dispatch updated the call that Anglero-Wyrick's mother ([redacted] lived at [redacted]. Deputies Mahoney (F45), Villeggiante (F55), Negri (K10), Jucutan (K6), Collier (K8), Anaya (E32) and Sergeant Parks (S17) responded to the Graton Road address in an effort to locate Anglero-Wyrick.

At that same time, Deputy Brazis updated dispatch [redacted] was unsure if he actually saw a firearm.

Dispatch updated the responding deputies that Anglero-Wyrick was on parole [redacted]

At 1654 hours, Deputy Mahoney arrived at [redacted] and located a white Dodge Dakota pick-up truck parked at the rear of the residence. Deputy Mahoney spoke to both [redacted] (mom) and Naustachia Green (girlfriend) and explained he needed to speak with Anglero-Wyrick. Green admitted Anglero-Wyrick was there but he was sleeping. [redacted] and Green refused to get Anglero-Wyrick so Deputy Mahoney could speak with hm.

At 1657 hours, Deputy Villeggiante arrived at [redacted] and waited on the opposite side of the residence from where Deputy Mahoney was positioned. He ordered Anglero-Wyrick at gun point to show him his hands and get on the ground. Both Anglero-Wyrick and Green failed to comply with deputies. Instead, Anglero-Wyrick walked backwards away from deputies behind the fence line. Green continually positioned herself in front of Anglero-Wyrick, shielding him from the deputies.

Deputy Miller positioned himself to the side of Anglero-Wyrick and Green between a tree and the fence. Anglero-Wyrick and Green focused their attention on Sergeant Parks, Deputies Villeggiante, and Jucutan with his canine partner Vader.

Sergeant Parks ordered Anglero-Wyrick to get on the ground and crawl towards him. Anglero-Wyrick threw up his arms, pushed himself around Green, and began to advance towards him in a confrontational manner. Anglero-Wyrick's demeanor was aggressive and challenging as he moved towards the deputies while yelling at them "fuck all you all" and "don't talk to me like that." Neither Anglero-Wyrick nor Green would comply with deputies' orders. Deputy Miller observed Green holding Anglero-Wyrick back until Anglero-Wyrick was able to get around her and appeared to challenge all the deputies to a fight.

Sergeant Parks approached Green and grabbed onto her arms in an effort to move her away from Anglero-Wyrick. Green pushed Sergeant Parks away which caused him to temporarily lose his balance and he disengaged. Deputy Villeggiante pulled Green away from Anglero-Wyrick and began struggling with her on the ground. He and Sergeant Parks were eventually able to restrain her in handcuffs.

Given Anglero-Wyrick's criminal history, the information he was possibly armed with a firearm, and his aggressive behavior towards deputies, Deputy Miller believed Anglero-Wyrick posed a significant threat; including the potential for serious injury or death to deputies if he was not subdued. For those reasons, Deputy Miller decided to deploy his Taser at Anglero-Wyrick. Deputy Miller fired his Taser which caused Anglero-Wyrick to fall to the ground.

Unbeknownst to Deputy Jucutan, Anglero-Wyrick had been tased by Deputy Miller. Deputy Jucutan believed Anglero-Wyrick's sudden movement towards the fence (when he fell to the ground) was his attempt to flee from them. Deputy Jucutan released Vader to apprehend Anglero-Wyrick. Vader bit Anglero-Wyrick's right leg (calf area) and held onto it.

Once Anglero-Wyrick was handcuffed, Deputy Jucutan began the "Tactical out" to release Vader. Additionally, Deputy Jucutan gave the release command "Swelta" six times. Once Deputy Jucutan realized the "Tactical out" and the "Verbal out" were ineffective in removing Vader, he utilized the e-collar (electronic shock collar) by activating his remote controller but Vader did not respond.

After several more attempts of the “Tactical out,” “Verbal out,” and electronic collar stimulus, Vader released his bite.

While deputies were attempting to detain Anglero-Wyrick, Deputies Brazis and Martinez-Ordaz were still gathering information from [redacted]. During their investigation, they determined [redacted] could not say for certain who had driven by their house and pointed a gun at them since the vehicle’s two occupants were wearing masks. [redacted] said he didn’t take the time to look closely because he was in fear for his family’s safety. Additionally, [redacted] could not say for certain which of the vehicle’s occupants possessed the firearm or if in fact he actually saw a firearm.

Subsequently, deputies were unable to confirm the actual crimes reported by [redacted] alleging Anglero-Wyrick recently brandished a firearm in a threatening manner at [redacted] or his family, had possessed a firearm, or had made death threats.

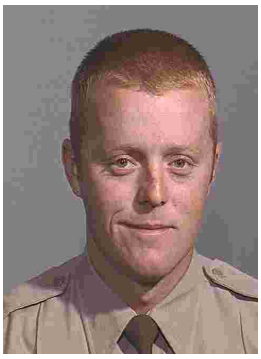
Sergeant Burris arrived at the [redacted] residence and consulted with deputies. Deputy Brazis informed her he was unable to establish a crime based on [redacted] inability to identify Anglero-Wyrick. Sergeant Burris did not inquire, nor did Deputy Brazis provide her with information regarding the earlier alleged crimes of Anglero-Wyrick, (in which he was positively identified) kicking in the [redacted] door and threatening family members.

Sergeant Burris broadcasted via radio, there was no provable crime of PC 417 (Brandishing a Firearm). This information however, did not get relayed to the deputies until approximately twelve minutes after Vader was deployed.

Green was arrested for 148 (a) (1) PC Resisting / Obstructing Arrest and 243 (b) PC Battery on a Peace Officer. Green was transported by ambulance to Sutter Hospital for a medical evaluation. The ER doctor [redacted]. Green was transported by Deputy Dietrick and booked into MADF.

Anglero-Wyrick was arrested for 69 PC Obstruction / Resisting a Peace Officer by Threats or Violence, 148 (a) (1) PC, and 3056 PC Violation of Parole. He was transported by ambulance and admitted to Memorial Hospital where he was treated for his canine bite wound.

Sergeant Brian Parks



Date of Hire: 07/01/2004
[redacted]

SEARCH AND SEIZURE

311.2-It is the policy of the Sonoma County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this officer will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this office will comply with relevant federal and state law governing the seizure of persons and property.

In relation to the complaints of an illegal search, I determined Sergeant Parks conducted a parole search at the property. This was pursuant to Anglero-Wyrick's 4th Amendment wavier as a condition of his parole. Deputies searched areas known to have been occupied by Anglero-Wyrick, based on information deputies knew from prior contacts, information provided to the deputies by family members, and indicia deputies located in plain view while conducting their protective sweeps. In addition to Anglero-Wyrick's main bedroom, all common areas he had access to were searched. The preponderance of evidence indicated Sergeant Parks conducted the search in accordance with law and policy.

Although in Sergeant Parks' conversation with [redacted] he indicated he would be seeking a search warrant for the property, it was unnecessary due to Anglero-Wyrick's parole conditions. It is not uncommon for deputies or investigators to change courses of action based on received information. This investigation did not reveal any fourth amendment violations.

Therefore, I believe the finding should be Exonerated.

Finding: Exonerated

BIASED BASED POLICING

401.1-This policy provides guidance to office members that affirms the Sonoma County Sheriff's Office's commitment to policing that is fair and objective.

401.3 Bias Based Policing Prohibited

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

Anglero alleged the force used in this instance was based on race or bias. This investigation did not reveal any evidence indicating the actions of Sergeant Parks during this incident were based on race or bias.

Therefore, I believe the finding should be Unfounded.

Finding: Unfounded

USE OF FORCE

300.1: This policy provides guidelines on the reasonable use of force. The Use of Force policy is lengthy but has specific sections relevant to this investigation, including:

300.2-It is the policy of this Office that deputies shall use only that force which is objectively reasonable, given the facts and circumstances known at the time of the event to effectively bring an incident under control.

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

This investigation revealed Sergeant Parks used the appropriate and reasonable amount of force necessary to effectively control Green during the incident. Green's passive and active resistance with personnel did not rise to the level requiring physical strikes or other less lethal deployment and therefore, they were not utilized. Sergeant Parks applied a take down and control holds to overcome Green's resistance. Green did not require any additional medical care for the force used.

Sergeant Parks used only that amount of force on Green necessary to overcome her resistance. Green was clearly interfering with the deputies' attempts to detain Anglero-Wyrick. She was forcefully separated from him and taken to the ground only after she resisted other efforts to remove her from the situation.

The efforts of Sheriff's Office personnel to take Green into custody as well as her level of resistance is captured on BWC. The deputies' BWC videos capture Green's refusal to cooperate as well as her active resistance to their efforts to detain her.

After completing this investigation and based on my training and experience, I believe Sergeant Parks' conduct was appropriate and within the Sheriff's Office "Use of Force" policy.

Therefore, I believe this allegation should be Exonerated.

Finding: Exonerated

BODY WORN CAMERA

425.6 Activation of the BWC

Unless it would be unsafe, impossible, or impractical for the situation, members are required to activate their BWC prior to making contact when responding to all calls for service, and during any law enforcement related encounters and activities that occur while the member is on duty.

425.6 Cessation of Recording

Once activated, the BWC shall remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

In reviewing the BWC videos in this matter, I found Sergeant Parks did not activate his BWC when he arrived on scene. It wasn't until after he placed Green into a figure-four control hold that he activated it. Even though Sergeant Parks offered an explanation for his delay in BWC activation, several other deputies responded to the same call and they managed to activate their BWC's. Sergeant Parks was required to use force on Green and other deputies' BWC videos had to be viewed in order to view portions of Sergeant Parks' actions.

Additionally, Sergeant Parks deactivated his BWC on two occasions to speak to Deputies Jucutan and Negri. The incident was still very active; deputies were still

verbally engaged with multiple residents, the parole search was still being conducted, and medical aid was being rendered.

Although Sergeant Parks offered an explanation as to why he chose to cease recording on two occasions, it was not permitted by department policy. He should not have requested deputies on scene turn off their BWCs, thereby directing them to violate policy as well.

Therefore, I believe the finding should be Sustained.

Finding: Sustained

Deputy Jeremy Jucutan

Date of Hire: 11/25/2014
[redacted]

SEARCH AND SEIZURE

311.2-It is the policy of the Sonoma County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this officer will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this office will comply with relevant federal and state law governing the seizure of persons and property.

In relation to the complaints of an illegal search, I determined Deputy Jucutan assisted in a parole search at the property. This was pursuant to Anglero-Wyrick's 4th Amendment wavier as a condition of his parole. Deputies searched areas known to have been occupied by Anglero-Wyrick, based on information deputies knew from prior contacts, information provided to the deputies by family members, and indicia deputies located in plain view while conducting their protective sweeps. In addition to Anglero-Wyrick's main bedroom, all common areas he had access to were searched. Deputy Jucutan did not enter or search any of the structures or vehicles on the property. The preponderance of evidence indicated Deputy Jucutan conducted the search in accordance with law and policy.

Therefore, I believe the finding should be Exonerated.

Finding: Exonerated

USE OF FORCE

300.1: This policy provides guidelines on the reasonable use of force. The Use of Force policy is lengthy but has specific sections relevant to this investigation, including:

300.2-It is the policy of this Office that deputies shall use only that force which is objectively reasonable, given the facts and circumstances known at the time of the event to effectively bring an incident under control.

> The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

This investigation revealed Deputy Jucutan used a reasonable amount of force on Anglero-Wyrick to affect an arrest. Anglero-Wyrick was confrontational, aggressive, and refusing to comply with deputies' instructions.

Deputy Jucutan's decision to deploy his canine to apprehend Anglero-Wyrick was reasonable and within law and policy. At the time the force was used, Deputy Jucutan reasonably believed Anglero-Wyrick was wanted for a violent offense, was potentially armed with a firearm, and was aggressively resisting other efforts to gain his compliance.

Deputy Jucutan was unaware a Taser had already been deployed on Anglero-Wyrick. Deputy Jucutan's delay in deploying his canine can reasonably be attributed to the time it took for him to see, process, and react to Anglero-Wyrick's actions.

The efforts of Sheriff's Office personnel to safely detain Anglero-Wyrick as well as his level of resistance is captured on BWC. The deputies' BWC videos capture Anglero-Wyrick's refusal to cooperate as well as his aggressive and challenging behavior.

After completing this investigation and based on my training and experience, I believe Deputy Jucutan's conduct was appropriate and within the Sheriff's Office "Use of Force" policy.

Therefore, I believe the finding should be Exonerated.

Finding: Exonerated

BIASED BASED POLICING

401.1-This policy provides guidance to office members that affirms the Sonoma County Sheriff's Office's commitment to policing that is fair and objective.

401.3 Bias Based Policing Prohibited

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

Anglero alleged the force used in this instance was based on race or bias. This investigation did not reveal any evidence indicating the actions of Deputy Jucutan during this incident were based on race or bias.

Therefore, I believe the finding should be Unfounded.

Finding: Unfounded

CANINE DEPLOYMENT

309.1-This policy establishes guidelines for the use of canines to augment police services to the community including, but not limited to locating individuals and contraband and apprehending criminal offenders.

309.6 Apprehension Guidelines
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed, is committing or threatening to commit any serious offense and if any of the following conditions exist:

a. There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public.
b. The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
c. The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of deputies or the public.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

Deputy Jucutan's decision to deploy Vader was within policy. The area of concern surrounds the length of time Vader was engaged with Anglero-Wyrick, and the unsuccessful attempts to remove him.

This investigation revealed several potential (and plausible) reasons why Deputy Jucutan was unable to remove Vader from the bite. However, it does not alleviate him

of the responsibility, as required by policy, to ensure the canine releases a suspect once that suspect is apprehended and no longer a threat.

Therefore, I believe the finding should be Sustained.

Finding: Sustained

BODY WORN CAMERA

425.6 Cessation of Recording

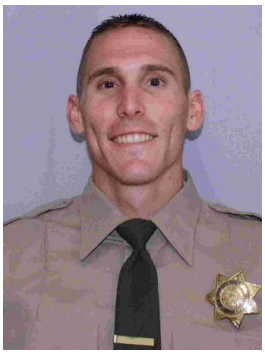
Once activated, the BWC shall remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Deputy Jucutan activated his Body Worn Camera when he arrived on scene. He continuously recorded until Sergeant Parks directed him to pause the recording for a private conversation. Deputy Jucutan then reactivated his BWC for the remainder of the incident.

Therefore, I believe the finding should be Exonerated.

Finding: Exonerated

Deputy Tyler Villeggiante



Date of Hire: 02/25/2014

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

Anglero alleged the force used in this instance was based on race or bias. This investigation did not reveal any evidence indicating the actions of Deputy Mahoney during this incident were based on race or bias.

Therefore, I believe the finding should be Unfounded.

Finding: Unfounded

USE OF FORCE

300.1: This policy provides guidelines on the reasonable use of force. The Use of Force policy is lengthy but has specific sections relevant to this investigation, including:

300.2-It is the policy of this Office that deputies shall use only that force which is objectively reasonable, given the facts and circumstances known at the time of the event to effectively bring an incident under control.

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

This investigation revealed Green was clearly resisting deputies' efforts to place her in the back seat of the patrol car. Deputy Mahoney used only that amount of force which was necessary to force her into the back seat and close the door. Green's passive and active resistance with him did not rise to the level requiring physical strikes or other less lethal deployment and therefore, they were not utilized.

The efforts of Sheriff's Office personnel to take Green into custody as well as her level of resistance is captured on BWC. The deputies' BWC videos capture Green's refusal to cooperate as well as her active resistance to their efforts to detain her.

After completing this investigation and based on my training and experience, I believe Deputy Mahoney's conduct was appropriate and within the Sheriff's Office "Use of Force" policy.

Therefore, I believe the finding should be Exonerated.

Finding: Exonerated

Sonoma County Sheriff's Office
Internal Affairs Investigation
20-IA-0002

Deputy Nicholas Miller

Date of Hire: 05/30/2017
[redacted]

USE OF FORCE

300.1: This policy provides guidelines on the reasonable use of force. The Use of Force policy is lengthy but has specific sections relevant to this investigation, including:

300.2-It is the policy of this Office that deputies shall use only that force which is objectively reasonable, given the facts and circumstances known at the time of the event to effectively bring an incident under control.

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

This investigation revealed Deputy Miller used a reasonable amount of force on Anglero-Wyrick to affect an arrest. Anglero-Wyrick was confrontational, aggressive, and refusing to comply with deputies' instructions.

Deputy Miller's decision to deploy his Taser to apprehend Anglero-Wyrick was reasonable and within law and policy. At the time the force was used, Deputy Miller reasonably believed Anglero-Wyrick was wanted for a violent offense, was potentially armed with a firearm, and was aggressively resisting other efforts to gain his compliance.

The efforts of Sheriff's Office personnel to safely detain Anglero-Wyrick as well as his level of resistance is captured on BWC. The deputies' BWC videos capture Anglero-Wyrick's refusal to cooperate as well as his aggressive and challenging behavior.

After completing this investigation and based on my training and experience, I believe Deputy Miller's conduct was appropriate and within the Sheriff's Office "Use of Force" policy.

Therefore, I believe the finding should be Exonerated.

Finding: Exonerated

BIASED BASED POLICING

401.1-This policy provides guidance to office members that affirms the Sonoma County Sheriff's Office's commitment to policing that is fair and objective.

401.3 Bias Based Policing Prohibited

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

Anglero alleged the force used in this instance was based on race or bias. This investigation did not reveal any evidence indicating the actions of Deputy Miller during this incident were based on race or bias.

Therefore, I believe the finding should be Unfounded.

Finding: Unfounded

TASER DEPLOYMENT

303.2-In order to control subjects who are violent or who demonstrate the intent to be violent, the Sonoma County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUNING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this office only if the device has been issued by the Office or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed office-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when the decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, deputies should carefully consider potential impact areas in order to minimize injuries and unintentional targets

Deputy Miller was authorized to carry and use his department issued control device (Taser). His decision to not provide a pre-firing warning was justified based on his officer safety concerns. Furthermore, his decision to utilize his Taser was reasonable based on the circumstances.

Therefore, I believe the finding should be Exonerated.

Finding: Exonerated

BODY WORN CAMERA

425.6 Activation of the BWC
Unless it would be unsafe, impossible, or impractical for the situation, members are required to activate their BWC prior to making contact when responding to all calls for service, and during any law enforcement related encounters and activities that occur while the member is on duty.

In reviewing the BWC videos in this matter, I found Deputy Miller did not activate his BWC when he arrived on scene. Although he offered an explanation for his delayed activation, he failed to ensure his camera was recording prior to making contact with Anglero-Wyrick. During this IA investigation, other deputies' BWC videos had to be viewed in order to view portions of Deputy Miller's actions.

Therefore, I believe the finding should be Sustained.

Finding: Sustained

Narratives

Investigation:
On 4-4-2020/ 1643 Hours/ Saturday, I was dispatched to [redacted] in Forestville regarding the brandishing of a firearm which had occurred approximately three minutes earlier. Dispatch stated the suspect, Jason Anglero-Wyrick, had pointed a firearm at the reporting party/victim [redacted] before fleeing the area in a white Dodge Durango towards [redacted] This address is located on the west side of a dirt road north off of [redacted]

While en route to the call, dispatch advised that Anglero-Wyrick had numerous law enforcement contacts and was described as a BMA, wearing a black hooded sweatshirt and red shorts. Accompanying Anglero-Wyrick was a HFA or mixed race female wearing a camo shirt and black pants. Several responding deputies were familiar with Anglero-Wyrick and responded to his home located on [redacted] in the town of Graton to assist in this investigation.

Upon arrival on [redacted] I met the victim and reporting party [redacted], his wife [redacted] their 11 YO daughter [redacted], and the couple`s friend, [redacted]. After learning that the suspect had left the area, I advised dispatch that I was with the reporting party and that the suspect was not present. I then spoke with [redacted].

[redacted] was very animated and told me that the suspect, who he identified as "Bud" or "Jason" had just left the area after fleeing in a white truck after "pointing something" at him. With this information, I advised dispatch that the reporting party [redacted] in essence, was confused and could not state whether the suspect fled in a white Durango or a white truck. In addition, based on [redacted] statement regarding the possible weapon, I advised dispatch that the suspect "may" have had a gun. I specifically made this broadcast to alert responding deputies to the possible officer safety threat while I continued to interview [redacted]

Once Deputy Ordaz arrived on-scene, I began to conduct a simple pat-down search of [redacted] for weapons based on crime of violence I was investigating, along with the fact that based on my training and experience I know that victims many times will obtain a weapon to defend themselves or family members when faced with a violent crime. [redacted] immediately became hostile despite my explaining to him the purpose of the search was to assure the safety of all those who were present. My detailed and in-depth explanation did not seem to calm [redacted] who told me to get in my car and leave, he didn`t want our help, and requested information on how to file a complaint with the Sheriff`s Department. Knowing that deputies were arriving at Anglero-Wyrick`s [redacted] home, I continued to talk with [redacted] to obtain information regarding this incident.

Once [redacted] calmed down he told me, in essence, the following: Minutes earlier, a white vehicle drove past his home on the dirt road and did a u-turn as he was standing outside his home near the front door. The vehicle was occupied by a male and female who both wore N95 masks. Once the vehicle completed the u-turn it stopped on the dirt road directly in front of his residence. At this time an occupant of the vehicle, presumably

Narratives

the male, who [redacted] "assumed" was the passenger, pointed a black item at him. [redacted] wasn`t exactly sure what the subject said, but stated," And I want to say he said you`re dead mother fucker" before the vehicle sped away towards [redacted]. [redacted] said he couldn`t identify the occupants of the vehicle and assumed it was Anglero-Wyrick by what had occurred earlier that morning.

[redacted] started to explain what had occurred earlier in the day at their residence which lead to his assumption Anglero-Wyrick was the male in the vehicle. Since [redacted] said he was at work at the time and heard about the visit from his wife, I talked directly to [redacted]

[redacted] told me that at about 1145 hours this morning, she heard banging on the front door and a male loudly counting down from five. Not knowing what was going on and fearing someone was going to kick in the door, she opened it to find Anglero-Wyrick and a female who she described as being "Mexican" or black in her mid-30`s. [redacted] said she has known Anglero-Wyrick for years and described his facial tattoos as well as the tattoo on his chest which she claimed reads, "Fuck the System." [redacted] said she didn`t know the female. [redacted] said Anglero-Wyrick asked for [redacted] e who she said was at work. Anglero-Wyrick was angry and told her that [redacted] should keep [redacted] (sp?) name out of his mouth." According to [redacted] is also someone she has known for years. [redacted] went on to say that [redacted] and Anglero-Wyrick have a child in common. After Anglero-Wyrick went to prison, [redacted] and a family member got together and also had a child. This family member and [redacted] are going through a break up and Anglero-Wyrick feels that [redacted] is talking poorly of [redacted] and taking the family member`s side. This does not sit well with Anglero-Wyrick who is sticking up for [redacted] said Anglero-Wyrick said if [redacted] doesn`t stop talking to or calling [redacted] there was going to be problems. [redacted] said as she was talking with Anglero-Wyrick, her 11 year old daughter [redacted] opened a window near the front door and Anglero-Wyrick began to yell at her. When [redacted] told Anglero-Wyrick that he was yelling at an eleven year old girl, he stopped. Once Anglero-Wyrick stopped talking, the female with Anglero-Wyrick reiterated what Anglero-Wyrick had said. The two then left the scene in what [redacted] described as a black or white Dodge type car.

[redacted] went on to say she didn`t witness this afternoon`s event, but heard a vehicle pull up to the house. Fearing that Anglero-Wyrick had returned, she called for [redacted] to come inside. When she looked outside, she saw a smaller white pickup speed away from the home. [redacted] could not offer further information regarding that afternoon`s event.

I also talked with [redacted] regarding the possible brandishing incident. [redacted] said she was near the front door when a white truck drove up. She wasn`t sure if it contained two females or a male and female. [redacted] said she didn`t see anything regarding the brandishing of a firearm and said she could not be certain whether the female in the white truck was the same female who had come to the house earlier in the day.

Narratives

As I was obtaining statements, several deputies were involved in a violent confrontation with Anglero-Wyrick and a female later identified as Naustichia Green at the [redacted] residence. These two subjects were subsequently arrested and transported to local hospitals where both invoked their right per Miranda and chose not to provide statements as to their involvement, if any, in the day`s events. (See supplemental reports)

In an effort to clarify [redacted] account of this afternoon incident, I once again make contact with him. I asked [redacted] who do you think was in the car? [redacted] responded, "I`m going to be straight with you. I don`t know. You`re right, I don`t know who was in the car. They were both wearing masks. I don`t know if they had a gun." When asked why he had told a dispatcher that it was Anglero-Wyrick, [redacted] said he thought it was Anglero-Wyrick because he had said he was coming back. When I had spoken to [redacted] a little earlier during this investigation, I asked him about the allegation he made that a firearm was involved. [redacted] responded, in essence, that "you guys (law enforcement) assume it was a gun and you shoot at them." [redacted] insinuated he was basing his belief it was a firearm on that perceived premise.

After talking with all the parties that were present, it was clear the [redacted] were in fear of Anglero-Wyrick. With this belief, Sergeant Burris directed Deputy Ordaz to contact the on-call judge and attempt to get an Emergency Restraining Order on their behalf. Deputy Ordaz contacted on-call Judge Patrick Broderick and explained to him the facts as known. After hearing these facts, Judge Broderick denied the EPO.

After returning to the main office, I met with Sergeant Parks who advised me he had obtained information at the [redacted] incident which possibly showed that Anglero-Wyrick was at the [redacted] home this afternoon and that [redacted] may have visited the [redacted] home just prior to his reporting the brandishing of a firearm. With this information I attempted to call [redacted] to question him further, however, I did not get an answer but left a voice mail asking him to call me. Also on the morning of 4-5-2020, I checked with [redacted] Market located at [redacted] and learned their camera system focuses on the store and not the surrounding roadways. I also checked across the street at a recycling center and located cameras on their building which also appeared to focus on their property and not the nearby roads. I will continue my attempts to contact [redacted] and will prepare a supplemental investigation report if necessary.

At the conclusion of this investigation it was determined that [redacted] provided information which set into motion efforts to locate and apprehend a suspect in the brandishing of a firearm. This information, per on his own statements, was based on assumptions and not facts. Therefore, the allegation of brandishing of a firearm could not substantiated and is believed to be unfounded.

Refer to supplemental investigations regarding requested charges on Jason Anglero-Wyrick and Naustichia Green.

Incident/Investigation Report

Agency: Sonoma County Sheriff's Department **Case Number:** 200404-014

Supplement Narrative

Sonoma County Sheriff
Case No. SCSO/200404-014
Deputy Adrian Anaya
RE: Supplemental

This investigation was captured on my department-issued body camera. The following is a summary of my investigation:

On April 4, 2020, at approximately 1635 hours, west county Deputies were dispatched to [redacted] in Forestville regarding the brandishing of a firearm that just occurred. Sheriff`s Dispatch advised the suspect was Jason Anglero-Wyrick, who fled the scene driving a white Dodge Durango or Dodge Dakota towards [redacted]. Dispatch advised the reporting party (RP) alleged Jason pointed a firearm at RP prior to fleeing. Jason was said to be accompanied by a mixed race Hispanic or black female who wore a camouflage shirt or jacket and black pants.

I responded to [redacted] in anticipation the vehicle fled this direction. As I canvassed the roadway, Dispatch relayed Jason was on parole [redacted] and had an extensive [redacted] Dispatched further advised Jason was associated with an address at [redacted] in Graton and another address in Santa Rosa.

Deputy W. Mahoney and T. Villeggiante advised they located the suspected vehicle parked behind [redacted] in Graton (residence immediately north of [redacted]). Sergeant S. Parks directed the Deputies to contain the residence at [redacted] in order to perform a "[redacted] I responded code-3 to assist at the Graton address. Deputies on scene were coordinating a perimeter around the house. Deputies then relayed they encountered by several uncooperative family members of Jason`s who claimed he was inside the residence sleeping.

Upon arrival at the Graton address, I observed K9 Deputy Jucutan`s dog "Vader" had been deployed on Jason. Sergeant B. Parks and Deputy Villegiante had Naustachia Green restrained on the ground. Several other Deputies were on scene. I observed the scene was very chaotic with Jason, Naustachia and family members screaming and arguing with Deputies. Deputies had Jason lying face-down on the ground and restrained in handcuffs. He was lying in between an open gate of the property fence line. After the K9 deployment was completed and the dog was secured, I assisted with moving Jason a short distance in order to allow medical personnel access to treat him. Jason was moved as he laid in the same aforementioned position. Two Deputies lifted him by his arms and I lifted him by his two ankles. In this manner, Jason was moved a short distance.

I than encountered [redacted] and her 15 year-old daughter. Both were standing approximately 6 feet from Jason`s initial lying position. Both [redacted] and her daughter remained highly agitated and argumentative as they continuously yelled at Deputies. Any attempt to communicate with them was met with the same hostility. I stood by in order to prevent them from encroaching on Deputies as they were still dealing with the two combative subjects. At this point, we still didn`t have a secure scene, to include an outstanding firearm.

A short time later, I assisted Sgt. VanCamp and other Deputies with conducting a parole search of [redacted]. I located a gate on the northeast side of the property that appeared to be the main access point to this residence. I observed [redacted] and an unknown male enter the residence door on the north side of the home. I could see [redacted] through a window after she closed the house door. After several minutes, Sgt. VanCamp was able to convince [redacted] to come outside to speak with us. I observed the "unknown male", later identified as [redacted], remained in the house and out of sight. Upon announcements from Deputies, [redacted] came out a short time later.

I remained with [redacted] while Deputies conducted a search of the residence. [redacted] son [redacted] arrived from the north side of the property a short time later. [redacted] was cooperative and didn`t seem oblivious to the situation. [redacted] advised he was unaware of the circumstances and had nothing to report. [redacted] advised he had a mental health condition, of which was apparent to me.

I conducted a brief interview with [redacted] and she advised the following:

[redacted] advised there was a preceding incident in which people came to her property and attacked her family. [redacted] further described that these people showed up and threw trash on her property. [redacted] said she returned the garbage to the people and told them to not go back to her house.

I asked [redacted] to provide a timeline of her whereabouts approximately two hours prior to this incident. [redacted] said Jason was sleeping in his shed. [redacted] said she knew Jason was in fact sleeping because she checked on him prior to leaving to return the garbage to the people that discarded it on her property.

[redacted] said Jason lived in the detached shed and doesn`t live inside the main house. [redacted] said Jason occasionally goes into the main house for meals.

[redacted] asked to speak with an attorney and declined to continue with her statement. I advised [redacted] she was not a suspect of a crime and I explained that her account would be helpful for the investigation. [redacted] still declined and alleged Deputies had targeted her family because of their ethnicity. [redacted] further alleged Deputies targeted her family on behalf of people who were "white". A short time later, Deputy D. Negri received an additional statement from [redacted]

****

During my initial response to the incident, Deputy Mahoney asked for access to my patrol car in order to secure Naustachia. She was secured in my patrol car until being transported to the hospital by ambulance. On 04/05/2020, Deputy Villeggiante advised Naustachia`s cell phone was left on or about my patrol car. I advised him I was not aware of the location of the phone. At the end of this shift, during the cleaning of my car, I located Naustachia`s cell phone on the front passenger floorboard of my car. I observed the phone was on and it seemed to be operable. I advised Sgt. VanCamp of the found phone and provided it to him.

A. Anaya 2400, 04/05/2020.

Supplement Narrative

Supplemental:
On 4-5-2020/ 1417 Hours/ Sunday, I received a message via dispatch indicating that [redacted] was available for a phone call. Last evening (4/4), Sergeant Parks had told me that there was an allegation from a neighbor of Anglero-Wyrick that a small white compact vehicle had driven by on [redacted] and had thrown an object at a vehicle or Anglero-Wyrick`s home prior to the report of the brandishing of a firearm. The purpose of this phone call was to talk with [redacted] regarding this claim.

Upon calling [redacted] I asked him what kind of car he drives. [redacted] told me he drives a white 2006 Ford Focus [redacted]. I then explained to [redacted] the above described allegation. [redacted] denied being in the area of Anglero-Wyrick`s home on the date in question. [redacted]t admitted to knowing the general location of Anglero-Wyrick`s home, but stated he didn`t know its specific address. [redacted] said he is scared of Anglero-Wyrick and wouldn`t do anything like that to antagonize him.

End

Incident/Investigation Report

Agency: Sonoma County Sheriff's Department **Case Number:** 200404-014

Supplement Narrative

On 4/4/20 at approximately 1642 hours, deputies were dispatched to [redacted] for a report that Jason Anglero-Wyrick banished a firearm at the reporting party. It was reported that the suspect left the residence in a white Dodge Dakota pickup accompanied by a female wearing a camouflage shirt and black pants.

Other deputies located a white Dodge Dakota [redacted] pickup at [redacted] which is an address the suspect has been contacted at in the past. Upon my arrival, the suspect was in custody.

I was requested to conduct a search of the above noted vehicle. The vehicles motor was warm as if it had been recently driven. I also observed a camouflage jacket sitting on the front passenger seat. I located indicia inside the vehicle with the suspects name on it as well as a small canister of pepper spray in the center console.

I provided the pepper spray and the camouflage jacket to Deputy Mahoney. Nothing else was located in the vehicle.

Nothing further.

Supplement Narrative

On 04/04/2020, at approximately 1642 hours, I responded to [redacted] to assist deputies at that location (see original report for details).

Upon arrival, I activated my department issued body camera. I stood by with Naustachia Green, who had been detained in handcuffs and was seated in the back of Deputy Anaya`s patrol vehicle. At that point in time, I was not aware if Green was under arrest or merely being detained. Green stated she was taken to the ground during the incident and she is 6 weeks pregnant. Green stated she had pain in her left elbow and the back of her neck, but did not have any stomach or abdominal pain. Green was evaluated on scene by medical personnel. Medical personnel advised that there was no obvious medical need for Green to go to the hospital. Green stated she did not wish to seek any further medical treatment. I was eventually advised by deputies on scene that Green was under arrested for 148(a) (1) PC.

Due to the fact Green claimed to be 6 weeks pregnant, she was transported by ambulance to Sutter Hospital for medical clearance. While at the hospital, I advised Green of her Miranda Rights. Green stated she wanted to speak with a lawyer. I did not ask any further questions regarding this incident. The doctor [redacted] and she was medically cleared for incarceration. I transported Green to the MADF where she was booked for 148(a) (1) PC and 243(b) PC. My body camera video was later uploaded to evidence.com.

Incident/Investigation Report

Agency: Sonoma County Sheriff's Department **Case Number:** 200404-014

Supplement Narrative

On 4/4/2020 I was assigned to uniformed patrol (K6) in a marked SCSO vehicle (A881). At approximately 1642 hours I was monitoring Sheriff Channel One when I heard dispatch start deputies to [redacted] in Forestville for a report of a display of a firearm that just occurred.

The following information was provided to responding deputies: Approximately three minutes prior a male suspect named Jason ANGLERO-WYRICK came to the house and pointed a gun at (RP) [redacted]. The suspect left in a white Dodge Durango or Dodge pickup truck on [redacted], but it was unknown which direction the vehicle went from there. Earlier in the morning, ANGLERO-WYRICK broke into [redacted] mother`s house and pushed her down, then threatened [redacted] wife. At that time, ANGLERO-WYRICK was associated with an unknown female. ANGLERO-WYRICK was described as a black male adult wearing a black hooded sweatshirt and red shorts. The female associated with ANGLERO-WYRICK was described as a hispanic female adult or mixed race black female wearing a camoflauge shirt and black pants. Deputies had prior knowledge that ANGLERO-WYRICK currently resided at [redacted] (which was his current address on his California driver`s license).

A full-records check of ANGLERO-WYRICK revealed he was on parole [redacted] Although dispatch provided responding deputies with ANGLERO-WYRICK`s prior history, I conducted my own research on ANGLERO-WYRICK via Criminal.Net as well. I viewed a recent booking photo of ANGLERO-WYRICK (dated 9/3/19) to familiarize myself with his appearance.

At approximately 1654 hours I heard Deputy Mahoney advise dispatch that he was at [redacted] to check for the vehicle that ANGLERO-WYRICK was last seen in (white Dodge Durango or Dodge pickup).

At approximately 1657 hours Deputy Mahoney advised dispatch that a white Dodge Dakota was tucked in behind [redacted]

I requested dispatch to stage medical in the immediate area.

At approximately 1658 hours Deputy Mahoney advised dispatch he was out with several uncooperative family members claiming that ANGLERO-WYRICK was inside the residence sleeping.

Based on the information known at the time, I concluded that ANGLERO-WYRICK was in possession of a firearm and had just committed a serious violent offense (417 PC - Display of a Firearm; 3056 PC - Violation of Parole; 29800(a)(1) PC). In an effort to safely effect an arrest on ANGLERO-WYRICK, I directed units to establish a perimeter around the residence and requested CHP units to set up road closures for the safety of the public. It was my intention to "surround and call-out" ANGLERO-WYRICK from the residence. In essence, deputies would establish a perimeter and attempt to establish communications with ANGLERO-WYRICK (and all other occupants) to come out of the house with nothing in their hands and surrender peacefully.

Upon arrival at approximately 1700 hours I activated my BWC and parked my patrol vehicle on [redacted] east of [redacted]. As I parked my vehicle I saw Deputy Villeggiante draw his firearm and point it

towards [redacted]. Deputy Villeggiante advised dispatch he was making contact with ANGLERO-WYRICK. Deputy N. Miller and Sergeant B. Parks arrived on scene. I immediately retrieved my dual purpose K9 partner "Vader" from the rear of my patrol vehicle and ran up to Deputy Villeggiante`s position. I identified myself as a Sheriff`s K9 Deputy and provided ANGLERO-WYRICK with the directive to get on the ground; the directives I provided were clear and concise. It should be noted that (OF-1) ANGLERO-WYRICK and (OF-2) Naustachia GREEN were approximately 10-15 yards away from me standing in the entrance way of the gated yard when I made my K9 announcement and should have heard my announcement.

Deputy Villeggiante and Sergeant Parks were to my left in an effort to contain ANGLERO-WYRICK and GREEN. ANGLERO-WYRICK and GREEN were yelling at deputies. GREEN yelled at deputies saying that ANGLERO-WYRICK did not do anything, and was shielding ANGLERO-WYRICK with her body by standing in front of ANGLERO-WYRICK (in between deputies and ANGLERO-WYRICK) with her hands extended outward. ANGLERO-WYRICK stood behind GREEN and in the beginning held his hands in the air while holding unknown objects in his hands. Deputies provided several directives for ANGLERO-WYRICK to crawl over to us. ANGLERO-WYRICK responded by saying, "For what?!" ANGLERO-WYRICK forcefully stepped around GREEN`s right side and pushed her hands away from him while yelling "Fuck you!" ANGLERO-WYRICK advanced towards Deputy Villeggiante and Sergeant Parks by taking several steps while holding a rigid body (posturing to fight).

Based on my training and experience, I recognized these as pre-assault indicators. Approximately one to two unknown subject(s) emerged from behind ANGLERO-WYRICK and quickly advanced towards the active scene while yelling. Due to ANGLERO-WYRICK, GREEN, and now a third (possibly fourth) unknown subject yelling, failing to comply with directives, along with the information known to deputies that ANGLERO-WYRICK was just in possession of a firearm, is on active parole for a violent offense, and has prior violent offenses, it was imperitive to make the scene safe and detain the subjects. It was clear to me that the intent of ANGLERO-WYRICK and GREEN was to physically fight deputies and resist arrest.

ANGLERO-WYRICK and GREEN forced deputies to react to their violent behavior. Deputy Villeggiante and Sergeant Parks pulled GREEN away from ANGLERO-WYRICK. I saw ANGLERO-WYRICK turn back towards the house where the unknown subjects were standing. I feared that ANGLERO-WYRICK was making an attempt to go into the house where firearms could likely be stored, or take the unknown subject(s) as hostages. It was also reasonable to infer that ANGLERO-WYRICK may currently be armed with a handgun based on the information provided to deputies and his criminal history. I also knew that Deputy Villeggiante and Sergeant Parks were involved in effecting an arrest on GREEN and unable to assist me in the apprehension of ANGLERO-WYRICK. Once I saw ANGLERO-WYRICK turn towards the house, processed and reacted to his movements, I elected to use my K9 partner "Vader" to apprehend ANGLERO-WYRICK for the previously mentioned reasons. Simultaneously, ANGLERO-WYRICK fell to the ground. It was unknown to me at the time that Deputy N. Miller had discharged his Taser. "Vader" is a two year old cross-trained German Shepherd. "Vader" is P.O.S.T certified in suspect apprehension.

"Vader" bit ANGLERO-WYRICK on his right calf area and held. ANGLERO-WYRICK put his hands behind his back, but was still yelling and kicking his left leg and appeared to reach back towards the head of "Vader". It was not my intention to remove "Vader" until ANGLERO-WYRICK was successfully placed in handcuffs due to these factors: I feared had I released "Vader", that ANGLERO-WYRICK would have ran back towards the house, where my only force option to prevent him from making it to the house was to send "Vader" for the apprehension again, but due to the unknown subjects being in such close proximity and in-between ANGLERO-WYRICK and the house, I did not want ANGLERO-WYRICK to successfully make

it to the house and "Vader" potentially bite an innocent person. Once ANGLERO-WYRICK was placed in handcuffs, all of the involved parties continued to scream and yell which added to the chaotic scene.

My attention throughout the apprehension was continously diverted to the unrestrained subjects that emerged later during the incident because I did not know their intentions. The unknown subjects were still in such close proximity to us and ANGLERO-WYRICK (within six inches to 1 foot) that Deputy Mahoney and I both had to keep close attention to them to protect ourselves from being assaulted. At least one or two seperate times I had to remove my right hand from "Vader`s" collar to point to the unknown subjects and direct them to move back.

I gave "Vader" the verbal command to release several times, but based on the above listed factors, it was initially met with negative compliance. "Vader" ultimately disengaged from ANGLERO-WYRICK and other Deputies assumed control of him. I immediately placed "Vader" into the back of my patrol vehicle and continued my investigation.

The following factors were considered during the incident: The nature of the crime was violent and ANGLERO-WYRICK`s history was violent, the threat was immediate to deputies and bystanders on scene, the resistance level of ANGLERO-WYRICK was active, the amount of time to deal with the several problems deputies encountered while on scene was non-existent, there were no other options available or practical, an announcement was provided, and the suspects were not obviously emotionally disturbed.

Medical was immediately requested to enter the scene and tend to ANGLERO-WYRICK. I advised dispatch of the K9 deployment.

I contacted (W-1) and (W-2) at . told me she heard a lot of yelling, but was unable to see what was happening. However, mentioned that approximately 30 minutes prior to law enforcements arrival at the residence, a white Toyota Corolla (or similar) was driving on . The Corolla drove into the opposing lane of traffic and parked on the north shoulder of , directly behind vehicle. The Corolla honked the horn a few times and left the area going eastbound on . did not recognize the vehicle nor did she see who was driving the vehicle.

told me he heard my K9 announcement even with the window facing closed. He did not visibly see anything that occurred.

Based on my investigation, I determined ANGLERO-WYRICK was in violation of 69 PC, 148(a)(1) PC, and 3056 PC. ANGLERO-WYRICK forcefully stepped around GREEN at one point during the contact, postured, and advanced towards uniformed deputies while yelling expletives. ANGLERO-WYRICK was clearly threatening to physically fight uniformed deputies.

On 4/5/2020 at approximately 0949 hours I responded to Santa Rosa Memorial Hospital to interview ANGLERO-WYRICK. I activated my BWC and contacted ANGLERO-WYRICK in room 288. I admonished ANGLERO-WYRICK per Miranda directly from my DSA pocketbook. ANGLERO-WYRICK acknowledged he understood his rights and told me the following, in essence: He was inside his residence at

[redacted] when he heard a helicopter orbiting above his house. His fiance, GREEN, came into his room and told him that Sonoma County Sheriff Deputies were outside the front of the house. ANGLERO-WYRICK claimed an unknown subject had just recently arrived at his house and threw something at his car. ANGLERO-WYRICK thought the police response was to investigate that. I asked ANGLERO-WYRICK if he felt a typical police response to someone throwing an item at a parked vehicle would be a helicopter and several deputies. He said no.

I later returned to Santa Rosa Memorial Hospital to attempt to take photographs of ANGLERO-WYRICK`s injury. The nurse advised me they would be changing the wound dressing later in the day. I requested the Hospital Guard Deputy to take photographs using the Axon Capture App when the nurses change the dressing.

ANGLERO-WYRICK said he went out front with GREEN. He said GREEN got in front of ANGLERO-WYRICK to protect him because he had been harassed by deputies in the last couple of days and she wanted to know what this was all about. ANGLERO-WYRICK said he probably got caught up in his emotions, but he did not remember stepping around GREEN and confronting deputies. ANGLERO-WYRICK said he was tased and bit by the dog. ANGLERO-WYRICK became irritated and ceased any communication with me.

On 4/5/2020 I received a request to contact Parole Agent [redacted] I contacted Agent [redacted] via telephone. He provided information to me that members of the public and some law enforcement officers have recently been scared of ANGLERO-WYRICK`s violent nature.

I completed a dispatch audio request form.

End of supplemental report. Please attach to narrative.

Supplement Narrative

On 04/04/2020, at approximately 1642 hrs, I heard Deputies being dispatched to a report of a display of firearm that just occurred at [redacted] in Forestville. I attached myself to this dispatch call for service and began responding to this area to assist.

While responding I heard Dispatch advise that the suspect was Jason Anglero-Wyrick, who pointed a gun at [redacted] (reporting party) and had left in a white Dodge pickup or Dodge Durango. Dispatch advised that Anglero-Wyrick was in the vehicle with a female who was described as being either an African American mixed race or Hispanic adult. The female was described to have on a camouflage shirt. I heard over the radio other Deputies advise that Anglero-Wyrick is associated with and may live at [redacted] in Graton. I also recalled from prior calls for service where I responded to [redacted] that Anglero-Wyrick has resided there. I also remember Anglero-Wyrick from when I worked as a Correctional Deputy in the Sonoma County Jail where during my time working there he had been housed for custody.

Deputies on scene in Forestville advised that the suspect was not there and had left. I decided to respond to [redacted] in an effort to locate Anglero-Wyrick. I drove by the front of the residence and didn`t see a white dodge vehicle so I drove northbound onto [redacted] and stopped where a driveway connects to the rear of [redacted] to [redacted] I noticed a white Dodge Dakota pickup truck (CA [redacted] behind [redacted] I also noticed two adult females that appeared to have just set up an orange vinyl construction fence across the end of the driveway in what I perceived as an attempt to conceal the Dodge Dakota. The two females were later identified as [redacted] (IO) and Naustachia Green (OF-2). I began speaking with [redacted] as I approached the fence and asked her if Anglero-Wyrick was home and she stated yes, he was inside sleeping. The two questioned as to why I was here and I told them I needed to speak with Anglero-Wyrick about an incident that recently happened. [redacted] told me he doesn`t know anything and he is asleep. [redacted] told me they put up the fence hoping "they" wouldn`t come hurt them. When I asked "who" they are, she stated [redacted], his brother and family. It appeared the two didn`t want to answer any more questions and [redacted] walked away from me back towards the house.

At this point in the investigation having knowledge that Anglero-Wyrick was inside based on [redacted] statement and believing he had just committed a crime involving a firearm I elected to hold my position in case he attempted to flee out the back. I advised over the radio this information for dispatch and responding Deputies. I heard Deputy Villeggiante radio that he was at the front of the residence on [redacted]. I then heard multiple other Deputes arrive to the front of the residence. Then I heard Deputy Villeggiante radio that he was in contact with Anglero-Wyrick at the front of the residence. I ran from my position to the front of the residence to assist Deputies. Once at the front of the residence I saw Naustachia resisting Deputies efforts to

detain her.

I began to assist Deputy Jucatan who just deployed his K9 partner on Anglero-Wyrick. As I approached Deputy Jucatan to confirm if it was safe for me to handcuff Anglero-Wyrick, I was immediately distracted by [redacted] and a younger female (who refused to ID herself) who quickly moved towards us. I feared that these two may attempt to assault Deputy Jucatan or myself, as they aggressively approached us and yelled at us. Further I also believed they may attempt to prevent me from handcuffing Anglero-Wyrick and possibly assist him in escaping or assaulting us. At this time, Anglero-Wyrick had not been placed in handcuffs, had not been pat searched and had been reported of being in possession of a firearm. Anglero-Wyrick was lying face down and I feared he may have a concealed firearm in his waistband as I could not see it and still his hands were free where he could have easily retrieved it as [redacted] and the younger female were distracting my attention from both keeping my eyes on Anglero-Wyrick and being able to safely handcuff him. Anglero-Wyrick was in a narrow opening of a gated fence where other Deputies were behind us and the two females were in front of us in the yard of the residence. I began to yell for both [redacted] and the younger female to get back which they eventually did. Once the two finally retreated only a short distance back, still posing an officer safety hazard, I was able to place handcuffs on Anglero-Wyrick.

I then assisted Deputy Villeggiante with escorting Naustachia, who was under arrest, to secure her in a patrol vehicle. Naustachia was handcuffed and on the ground and moved to a seated position. She refused to stand up when asked and we had to physically lift her up. I controlled her right arm while we walked her to a patrol vehicle where she refused to stop walking and was pushing back against us. I had to push her forward in order to safely walk her to the patrol vehicle where she stated she wasn`t getting into. She then spun around towards us resisting any efforts to enter the patrol vehicle. As she faced us I feared she may spit or attempt to bite us and even possibly expose us to COVID-19, I ordered her to stop resisting which she refused to do so. I then pushed her into the car to safely control her and then with the help of Deputy Villeggiante we pushed her into the rear seat of the patrol vehicle. As I tried to secure the door she attempted to kick it but ultimately I was able to close it.

Several Deputies and I entered the residence from the rear to conduct a parole search. In an upstairs bedroom I saw multiple letters addressed to Anglero-Wyrick at [redacted], indicating that he did indeed live here. Deputy Collier had searched the white Dodge Dakota and advised me he located a camouflage top which matched the description of what the female was wearing in the white Dodge truck from the initial dispatch. Deputy Collier also located a small container of pepper spray in the truck. I collected these items and later booked them into evidence as WM-1 (camo top) and WM-2 (pepper spray). Also located in the truck was a letter with "Jason B. Anglero [redacted]" which is Anglero-Wyrick`s name and date of birth. I uploaded photographs of the letters located in the bedroom and the letter located in the truck to "evidence.com."

After the parole search was concluded I cleared the scene.

This investigation was captured by my Body Worn Camera (BWC).

Closing:

Supplemental report.

Supplement Narrative

On 04/04/2020 at approximately 1643 hours, I was dispatched to a brandishing of a firearm call at [redacted] in Forestville, CA. While enroute SCSO dispatch informed us that an ex-friend of the RP came by and pointed a gun at him. In addition, the RP stated that the suspect who he identified as Jason Anglero-Wyrick, left in a white Dodge Durango towards [redacted] According to the RP, this morning Anglero-Wyrick broke into his house and pushed his mother, he also threatened the RP`s wife.

I activated my body worn camera. Deputy Brazis was already on scene when I arrived. Upon my arrival, Deputy Brazis was attempting to conduct a pat-down for weapons on the RP who was later identified as [redacted] was beginning to get agitated and became hostile towards Deputy Brazis because he was being pat searched. [redacted] demanded that we get off his property and he refused to speak to us. After a few minutes, Deputy Brazis was able to calm [redacted] down as he attempted to gather more details about the incident.

I contacted a friend of [redacted] who was later identified as [redacted], he stated the following in essence:

[redacted] was outside [redacted] residence when he saw a white pickup drive up the road, he believes it was possibly a Dodge. The occupants of the vehicle, "Mugged" [redacted] as they drove up the road. [redacted] thought the vehicle was occupied by two females. The vehicle turned around and as they drove down the road they once again stopped and, "Mugged" [redacted] as they yelled profanities. [redacted] said that if there was a male in the vehicle he might have been the driver. [redacted] believes the females were, "flipping" them off and not pointing a gun at them.

[redacted] and his family were in fear that Anglero-Wyrick would return and harm them. Per Sergeant Burris, I contacted the on call Judge to request an EPO. I explained the circumstances to the Honorable Judge Broderick, and requested an EPO for the family. Judge Broderick denied the EPO but he informed me the Civil Harassment court was still processing restraining orders.

I contacted S[redacted] wife [redacted], and informed her of the process they need to follow in order to obtain a Civil Harassment Restraining order.

Nothing further to report.

Supplement Narrative

On 04/04/2020, at about 1642 hours I responded to the area of [redacted] to monitor traffic for a suspect vehicle involved in the brandishing of a firearm at [redacted]

At the time of this call I was in full SCSO uniform and driving a marked patrol vehicle.

While monitoring traffic I learned the following in summary:

The suspect, Jason Anglero-Wyrick, brandished a firearm at a victim at the above listed address. He reportedly left in a white Dodge Durango or Dakota in an unknown direction and was accompanied by a mixed race (Hispanic/Black female) wearing a camouflage shirt or jacket. SCSO Dispatch advised Anglero-Wyrick is associated with an address at [redacted], Graton, and another address in Santa Rosa. It was also relayed, over the police radio, Anglero-Wyrick is on Parole [redacted] Using my vehicle`s MDC I was able to view a photograph of Anglero-Wyrick.

At about 1700 hours, Deputy W. Mahoney advised over the police radio he had located the suspected vehicle parked near [redacted] I began responding to assist him and Deputy T. Villeggiante who was also on scene. En route I learned Deputy Mahoney had been confronted by numerous uncooperative family members of Anglero-Wyrick.

Upon my arrival I met with Deputy Villeggiante in front of [redacted], the residence just north of Anglero-Wyrick`s. Deputy Villeggiante directed me to the intersection of [redacted] to help maintain a perimeter of Anglero-Wyrick`s residence so we could attempt to "surround and call out" Anglero-Wyrick. As I returned to my vehicle, parked at the intersection of [redacted] I began hearing Deputy Villeggiante give loud clear commands to someone to show their hands and get on the ground.

I pulled my vehicle up to where Deputy Villeggiante was and observed him giving those same commands to Anglero-Wyrick. There was also a female standing between them. The female, later identified as Naustachia Green, was standing between Deputy Villeggiante and Anglero-Wyrick with her arms stretched out shielding and concealing Anglero-Wyrick. I drew and pointed my firearm at the group due to the nature of the crime Anglero-Wyrick was alleged to have been involved with, as well as, his behavior, refusal to follow commands

and his extensive [redacted]

I moved to a position of cover, a large tree, in front of the house. At this point K9 Deputy Jucutan and Sgt. B. Parks arrived on scene as well. I was standing about ten feet from my fellow deputies and Anglero-Wyrick and Green. I heard Deputy Jucutan tell Anglero-Wyrick and Green to get on the ground and identify himself as a K9 Deputy.

Green repeatedly yelled that Anglero-Wyrick did nothing wrong and continued to shield him while walking him backwards towards an open gate that lead to a pathway back into their home. I holstered my firearm and drew my department Taser and pointed it at Anglero-Wyrick.

Both Green and Anglero-Wyrick continued to back away from us yelling "Fuck you", repeatedly stating Anglero-Wyrick did nothing wrong and demanding to know why we were there. At one point, Anglero-Wyrick side stepped around Green held out his arms, pushed his chest out and was yelling "Fuck you". It appeared Anglero-Wyrick was ready and willing to fight Deputies. Green was able to quickly step back in front of Anglero-Wyrick and again push him back.

As Anglero-Wyrick got to the threshold of the open gate I deployed my Taser hitting Anglero-Wyrick with both prongs, causing him to fall. I felt the deployment of the Taser was necessary to keep Anglero-Wyrick from escaping, arming himself, barricading himself and/or causing further risk and danger to himself, his family, and neighbors, as well as responding and on scene Deputies.

Simultaneously as I deployed my Taser, Deputy Jucutan released his K9 partner "Vader". I deactivated my Taser prior to "Vadar" biting Anglero-Wyrick. I later downloaded my Taser and it showed the deployment lasted for 3 seconds.

Green had been pulled away from Anglero-Wyrick by Deputy Villeggiante. Once she was out of the way I was able to assist Deputy Jucutan and Mahoney take Anglero-Wyrick into custody. I moved to where Anglero-Wyrick was and I could see through the open gate. I saw two women, Anglero-Wyrick`s family members. They were yelling loudly telling us we did not have a warrant and Anglero-Wyrick had not done anything wrong.

After "Vadar" released Anglero-Wyrick I stayed with him. Graton Fire and AMR ambulance arrived on scene within a couple of minutes and began tending to Anglero-Wyrick`s injuries. Ultimately I assisted them with securing Anglero-Wyrick to a gurney and he was transported to the hospital for treatment. Deputy Thez followed the ambulance to Memorial hospital.

I stayed on scene and assisted deputies with scene security.

Due to the rapidly evolving and escalating nature of this call I did not activate my body worn camera until after Anglero-Wyrick had been taken into custody. My video was uploaded to Evidence.com, along with the download of my Taser. The spent Taser cartridge was also booked into SCSO Evidence.

END

Supplement Narrative

Supplemental Report
CR#200404-014
Sergeant Parks#1584

On 4/4/20, I was on uniformed patrol assigned as the patrol supervisor at the River Sub-station in Guerneville. At approximately 1642 hours, I heard Dispatch start west beat Deputies to [redacted] in Forestville, regarding a brandishing of a firearm.

I began responding to the area to assist the responding Deputies. While driving to Forestville, dispatch advised that the suspect, Jason Anglero-Wyrick had pointed a gun at the RP [redacted]. Further, Anglero-Wyrick was accompanied by a female wearing a camouflage shirt and black pants. Both Wyrick and the female, left in a white Durango or Dodge pickup.

I am familiar with Wyrick and knew that he was on parole [redacted] I also know that Anglero-Wyrick has an extensive [redacted] Anglero-Wyrick is also a self-admit VSRN gang member and commonly resists law enforcement.

I advised dispatch that I had most recently contacted Anglero-Wyrick at his residence in Graton but did not immediately remember the address. During this contact (June of 2019) it was reported that Anglero-Wyrick [redacted] Dispatch provided the address to responding Deputies as [redacted] in Graton.

At approximately 1657 hours, I overheard Deputy Mahoney advise dispatch that he had located a white Dodge pickup behind [redacted] which I know sits just west and behind [redacted] Within seconds, Deputy Mahoney advised dispatch that he was out with several uncooperative family members whom claimed that Wyrick was inside the residence sleeping.

Based on Anglero-Wyrick`s extensive criminal history and the fact that he was reportedly armed with a handgun, I requested that Deputies set up containment, or a perimeter around the residence. Further, I advised that I wanted to surround the residence and call Anglero-Wyrick out to us from a positon of safety. Based on my training and experience, it safer for the public, suspect and the Deputies on scene to use this tactic when it is possible we could be faced with an armed or combative suspect.

Medical was also staged in the area.

Upon my arrival, I overheard Deputy Villegiante advise dispatch that he had made contact with Wyrick. I drove to the front of the residence and observed Deputy Villegiante pointing his handgun in the direction of Anglero-Wyrick. Anglero-Wyrick was standing behind a female, later identified as Naustachia Green. Both Anglero-Wyrick and Green appeared agitated. Their arms were up and I could hear them yelling in the direction of Deputy Villegiante. It appeared that Green was acting as a shield for Anglero-Wyrick.

I unholsterd my firearm and kept it by my side due to the fact Anglero-Wyrick had not been searched and could still have access to a firearm. I noted that they were standing in front of an open gate. Based on my knowledge of the property I knew that Anglero-Wyrick`s residence was within 50 feet of the open gate. I feared that Wyrick could retreat back through the open gate and possibly barricade himself inside the residence, where he could have access to firearms or weapons. Further, I felt that we needed to quickly devise a plan to immediately apprehend Anglero-Wyrick for his safety, the safety of the public and the Deputies on scene.

I ordered Anglero-Wyrick to get on the ground and crawl toward me. Anglero-Wyrick threw up his arms, pushed Green out of the way and began to advance toward me. Anglero-Wyrick appeared agitated, his body was tense, chest was puffed and muscles appeared strained. His postured suggested as if he was going to assault or potentially fight Deputies on scene. Two additional people emerged from the property and stood behind Anglero-Wyrick which created more hazards for the Deputies on scene.

I walked toward Green in effort to safely remove her from the situation. She pushed me back when I got close, causing me to temporarily lose my balance. Once I regained my balance, I saw that Deputy Villegiante had control of one of Greens arms. I placed my hand on her head and attempted to force her head to the ground. Green was now on her knees. She was pushing back into my hand preventing me from taking her to the ground. I grabbed onto her left arm and attempted to pull her forward to a prone position. Green again pulled her arm toward her stomach and was able to remain on her knees which prevented Deputy Villegiante from safely restraining her. I disengaged and grabbed onto Green`s right leg. Green was now on her stomach. I placed Green in a figure four leg lock as she was actively kicking her legs in my direction.

Once on the ground, Green continued to yell at Deputy Villegiante and me. Green then told us that she was pregnant. Based on her statement, I asked if I would let her go, would she walk to the patrol car. She stated, "I will kick you in the face." Based on her demeanor and statement, I felt that if I released the leg lock she would possibly continue to resist and potentially hurt herself, Deputy Villegiante or me. I remained in this position for approximately 2 minutes. Once she calmed down, Deputies Villegiante and Mahoney helped her to her feet and escorted her to the patrol car.

Through our investigation, I later learned that Green was not [redacted] This furthered my belief that she intended to purposely interfere with our investigation. Based on Green`s actions, I felt probable cause existed to arrest Green for battery on a peace officer and resisting arrest. Her actions only made the situation worse and prevented Deputies from safely detaining Wyrick and investigating the alleged crime.

Anglero-Wyrick was now secured in handcuffs and medical staff was on scene tending to his injuries. As I remained in the area, he continued his attempts to agitate the Deputies on scene. In essence, he yelled, someone call my fucking boys, we gonna "smack these Niggers out here," what the fuck you guys waiting for.

Based on his statement I believed Anglero-Wyrick was referring to the Deputies on scene, as "Niggers." Further, I believed he used the word "smack" as slang to kill or shoot the Deputies.

Anglero-Wyrick then looked at me and in essence stated, fuck you Parks, who do you think you are, chance is a long game, let`s go for a fucking walk you coward.

Based on the totality of the circumstances, I believed probable cause existed to arrest Anglero-Wyrick for 69 PC, threatening an executive officer. Prior to arresting Anglero-Wyrick he was confrontational and appeared to be physically challenging Deputies to a fight. Based on his active resistance and reluctance to obey direction caused Deputies to fear for their safety. Further, once Anglero-Wyrick was in custody he continued to threaten Deputies on scene by using underlying death threats and challenging us to a fight.

Anglero-Wyrick was ultimately transported to Memorial Hospital.

I later learned that the RP [redacted] was somewhat uncooperative and there was not sufficient probable cause to arrest Anglero-Wyrick for brandishing of a firearm. (See Deputy Brazis statement for further details).

Once the property was secure, Deputies searched several areas for a handgun. No handgun was located.

I later contacted a potential witness, [redacted], who lived across the street to [redacted]. She advised me that she had earlier observed a white 2 door compact sedan parked in front of the Anglero-Wyrick residence, honking its horn. The man in the car yelled in the direction of the Anglero-Wyrick residence and sped off. She described the male as white, in his mid-twenties. [redacted] thanked me for responding due to the increased criminal activity.

My BWC was activated.

End of report.

Supplement Narrative

SUPPLEMENTAL REPORT
CR #200404-014
SERGEANT BRIAN PARKS #1584

On 4/10/20, I completed reviewing the majority of the BWC footage of this case. As a supervisor, it is my responsibility to review BWC footage of incidents involving the use of force. In reviewing the case, I located additional information that I believe provides supporting information in the arrest of both (OF#2) Green and (OF#1) Anglero-Wyrick.

While watching BWC footage obtained from Deputy Mahoney`s camera I found that (OF#2) Naustacia Green had been contacted by Deputy Mahoney just minutes prior to the use of force. In watching the video, I learned that Deputy Mahoney told Green that he was there to investigate a crime and that he was looking for Jason Anglero-Wyrick. Green told Deputy Mahoney that Jason Anglero-Wyrick was inside sleeping. Within a few minutes, (OF#2) Green walks toward the Anglero-Wyrick residence and was no longer in Deputy Mahoney`s camera view.

Deputy Mahoney was parked on [redacted] which is one of the two entrances to the Anglero-Wyrick residence listed as [redacted]. The entrance is located on the west side of the property approximately 75 to 100 yards north of [redacted]. The Anglero-Wyrick residence has an additional pedestrian entrance on the south side of the property. The south side of the property is surrounded by a wooden fence with a wooden gate. Further, the entrance appears to be a breezeway between Anglero-Wyrick`s residence and [redacted], a residence that sits due east.

Approximately one minute after Green is observed leaving the view of Deputy Mahoney`s camera, Deputy Villeggiante whom had placed himself on a perimeter position makes contact with both Green and Anglero-Wyrick. Deputy Villeggiate`s camera shows Green and Anglero-Wyrick attempting to leave through the pedestrian gate on the opposite side of the property and far from Deputy Mahoney.

Based on the time frame, and the BWC footage from Deputies Mahoney`s and Villegiante`s cameras it is my opinion that (OF#2) Green was attempting to have Anglero-Wyrick escape the perimeter thus delay our investigation. It is my belief that if (OF) Green was attempting to surrender or resolve the situation she would have escorted Anglero-Wyrick to the south of the residence where Deputy Mahoney had just contacted Green. Instead, (OF#2) Green leaves the area, makes contact with Anglero-Wyrick and together they attempt to leave through a pedestrian gate which sits more than 100 yards from Deputy Mahoney. Additionally, there would

have been no patrol cars or Deputies visible to anyone attempting to leave through the gate making it an easy escape route.

I believe that this new information helps bolster the fact that (OF#2) Green and (OF#1) Anglero-Wyrick purposely and knowingly delayed our investigation, a violation of 148(a)(1) PC.

I recommend that this report be forwarded to Sonoma County District Attorney`s office.

End of report.

Supplement Narrative

On 04/05/2020, between 1500 and 2300 hours, I was assigned Hospital Guard duties at Memorial Hospital, located at 1165 Montgomery Drive, Santa Rosa and guarded (OF) Jason Anglero-Wyrick. During my shift Deputy Jucutan requested that I photograph Anglero-Wyrick`s injury. At approximately 2000 hours Anglero-Wyrick`s bandages were changed and I was able to take photographs. These were later uploaded to AXON Evidence.

No further information.

Supplement Narrative

On 04/04/2020 at approximately 1642 hours, I responded to [redacted] to assist Deputies who were dealing with uncooperative subjects at that residence.

Upon my arrival, I was directed to follow a Sonoma Life Support ambulance containing Jason Anglero-Wyrick to Santa Rosa Memorial Hospital so that the arrestee could receive medical treatment for injuries sustained while resisting Deputies.

I arrived at Santa Rosa Memorial Hospital and Anglero-Wyrick was admitted to emergency department room #10 for treatment.

I read Anglero-Wyrick his Miranda Rights, and asked if he wished to speak to me about the incident. Anglero-Wyrick told me he wished to have an attorney present for any questioning, and I immediately ceased questioning.

Nothing further.

Supplement Narrative

On April 4, 2020 at about 1707 hours, I arrived at [redacted] in Graton, Ca. I parked a few houses East of [redacted] and walked towards the front gated entrance to the residence. As I walked I saw a crowd of 5 to 10 people standing and watching and video recording with their cell phones. Some members of the crowd were screaming at law enforcement. I first contacted Sgt Parks and asked him if he needed me to do anything. I then checked in with Deputy Mahoney and Deputy Villeggiante to see if they were hurt or injured.

I next consulted with Deputy Negri and Deputies Mahoney and Villeggiante about conducting a parole search of the residence and the vehicle. I advised Sgt Parks we were going to start from the back of the residence and the vehicle.

Deputy Mahoney, Deputy Villeggiante and I walked around to the [redacted] of the residence and removed an orange construction fiber barrier that was hanging across the rear driveway. We could see the white Dodge Dakota truck ([redacted] parked in a parking area. I looked into the passenger side window and saw a camouflage shirt sitting on the front seat. Deputy Anaya pointed out the target house. I saw a female adult later identified as [redacted] in the back yard crying and talking on the phone. I tried to make entry through the fence but it was screwed shut. [redacted] kept walking in and out of the back door to the residence and in and out of the two outbuildings located within the fenced yard. Deputy Anaya told me there was an opened gate into the back yard located on the East side of the property.

As we walked towards the open gate into the backyard, [redacted] walked back into the residence and closed the door. I confirmed with the Deputies who were with me in the back yard area that Jason was in fact on parole [redacted]. I saw [redacted] in through the window of the back door talking on the phone. I motioned with my hand for her to come outside. While at the same time I told her to come to me because we wanted to talk with her. After about 45 seconds or so [redacted] walked outside but still had the phone to her ear. I tried to reassure her that we weren`t going to hurt her and asked her to come to me. She slowly walked out into the back yard.

Once [redacted] came to me I told her we were going to do a parole search of the property. I asked if there was anyone else inside of the residence. She cried and said her mother was inside and having a psychotic break. She`s 75 years old and just came from the hospital. I asked [redacted] if we could go inside and get her mother out of the residence safely. She said, "No, you can`t that would not be safe". I told her that perhaps we needed to get her mother some medical attention. [redacted] refused and told me that she had just brought her home from the hospital and she had already received medical attention. [redacted] told me her mother was calm now. I told [redacted] we needed to go inside the residence.

[redacted] handed me her phone and told me to talk with her land lord. I received the phone from her and hung it up and told her I didn`t care to talk with her land lord. I told her she was not allowed to go back inside of the residence and told her we were going to search it. She said, "No my son does not live inside the residence. He lives in the back" and pointed to an outbuilding in the back yard. I told her we were going to search the property because Jason was on parole. I told her we were looking for a weapon. [redacted] said, "No, No, No". I told her she could oppose all she wanted, but that is what was going to happen.

[redacted] said "No you`re not going to do your racist thing here, I know you`re used to doing this". I told her this has nothing to do with race. I told her she was using race as a shield and she was making things more difficult. She said, "For all I know you have the Corona virus and you`re not wearing face masks". She said, "No you have no right to be here". I told her I disagreed with her. She said, "No you are wrong, you are protecting bad people and whatever lie you were told".

I told her she could be arrested for delaying us or she could cooperate. I told her I didn`t want to arrest her. I told her that her son was on parole and we were going to search the house. [redacted] said, "He pisses outside and that is his house" she pointed to the outbuilding in the back yard. [redacted] said he didn`t even know how to cook.
I asked her how many people were inside of the house. She said only her mom. After some questions from Deputy Anaya, [redacted] said that perhaps her landscaper, [redacted] was inside of the house. Deputies called out into the backdoor of the residence for [redacted] [redacted] came outside and stood bye with Deputy Anaya and [redacted]

Deputy Villeggiante, Deputy Collier, Deputy Mahoney and I made verbal announcements and entered into the residence. We located [redacted] an elderly female who was in the back bedroom lying on her bed. No other persons were located inside. Deputies next began looking through the residence. The bottom bedroom had indicia for someone other than Jason so we did not search it. We did see a .223 caliber bullet in plain view in the down stairs bedroom but again, we didn`t search the room. Deputy Mahoney located indicia in the upstairs bedroom with Jason`s name on it. The upstairs bedroom and the common areas were the only things searched inside the residence. The outbuilding where [redacted] indicated Jason sleeps was searched and the Dodge truck was searched. I searched the kitchen common areas. Ultimately no firearms were located.

As we concluded our search [redacted] asked, "What`s going to happen with the white people who assaulted us"? I asked what people. She yelled, "The white people you are protecting, why aren`t you over there. They came here and assaulted us"? I asked what white people? She said, "Don`t act like that". I told her I didn`t know what she was talking about. She said, "Yeah you do, wherever this call came from is from a group of white people standing near [redacted] market. There`s a crank dealer with 6 people hanging out". [redacted] took some garbage to them and now we were at her residence. She said, "Why aren`t you over there arresting them"? Deputy Negri told her because nobody called us. Deputy Negri then began speaking with [redacted]

Supplement Narrative

On April 4, 2020 at about 2056 hours, I received a message from Sonoma County Dispatch that [redacted] wanted to talk with a Sergeant regarding this incident. I called and spoke with [redacted] who lives in Arizona. [redacted] accepted a friend request on messenger today from [redacted] [redacted] threatened to hurt his family. [redacted] called [redacted] and [redacted] began to yell and scream that Jason came to his house with a gun and threatened his family. [redacted] called his mom, [redacted] to figure out what happened. [redacted] told [redacted] that Jason had been at home all day. [redacted] ex-wife called [redacted] early in the morning and started harassing her saying Jason was at [redacted] job threatening him. When according to [redacted] Jason was at home sleeping in bed.

I tried to get some FI information about [redacted] but he refused to provide his address. According to [redacted] called him and said that while he was at work, Jason went over to his house and scared his wife and made the kids cry. [redacted] said if that really happened, he didn`t condone what Jason does. [redacted] said Jason`s "a knuckle head and he needs to act right".

[redacted] said, "The bottom line was this fool made threats to me. He threatened to kill my whole family and he was going to my mom`s house tonight and fuck her in the butt and kill her". [redacted] wanted the Sheriff`s Office to watch his mom`s house tonight. [redacted] also said that Jason wasn`t a part of it and that [redacted] made stuff up. [redacted] said [redacted] told him the truth that it was her that went over there being a knuckle head making a scene yelling and screaming at [redacted] mom and wife. There were no weapons involved.

[redacted] said, "What [redacted] just did is called SWATTING". [redacted] then made a bunch of accusation about the incident that happened all of which were false. [redacted] feels his mom`s life was in danger. I explained the process to [redacted] and told him how to file a 422 report. I told him the information he had was important to the investigation and we needed the proof from his messenger account.

[redacted] knew [redacted] was being a "hot head and reacting to what`s going on supposedly Jason going up there and doing all of this stuff". [redacted] felt [redacted] could act on those threats because he`s known him forever. I also explained the restraining order process to [redacted].

Supplement Narrative

On Sunday April 5, 2020 at about 1437 hours, Naustachia Green called the Sheriff`s Office and accused Deputies of stealing her cell phone. She wanted to speak with a Sergeant and wanted her cell phone back. I made some inquiries from Deputies on scene during yesterday`s incident at [redacted] Deputy Anaya had possession of the cell phone and turned it over to me (Refer to Deputy Anaya`s Supplement Report).

At about 1800 hours, I contacted Naustachia and informed her that I was in possession of her cell phone. I asked her to come to the Main Office located in Santa Rosa and meet with me and I would turn it over to her.

At about 1835 hours, Naustachia came to the Main Office. She provided me with her California Identification Card and I handed her cell phone over to her without incident.

Supplemental Report
Deputy Villeggiante
Case# 200404-014

On 4/4/2020 I was assigned to uniformed patrol, driving a fully marked Sonoma County Sheriff`s patrol vehicle (A885). At approximately 1642 hours, deputies were dispatched to [redacted] in Forestville, regarding a report of a subject brandishing a firearm.

I began responding to assist deputies. While driving to the above mentioned address, information was provided that the suspect who brandished the firearm was (OF1) Jason Anglero-Wyrick. It was also provided that Jason resides at [redacted] in Graton. It should be noted that I am personally familiar with Jason as I have dealt with him in the past (case# 190622-023). Jason is currently on parole [redacted]

I drove to [redacted] in Graton, along with other deputies. Upon my arrival I parked my patrol vehicle and walked towards the front of the residence. Deputy Mahoney advised via the radio he was out with numerous family members on the west side of the residence and they were being uncooperative. While near the front of the residence, I observed Jason and (OF2) Naustachia Green walking on the side portion of the residence towards Graton Rd. where I was positioned. It was my belief at this point that Jason was armed with a firearm and attempting to escape while family members were acting as a distraction.

As Jason and Green came through the gate towards the road, I made my presence known and pointed my handgun at Jason while ordering him to the ground. Jason refused to follow any commands and Green positioned herself in front of Jason. Green was clearly delaying our investigation and preventing myself and other deputies from taking Jason into custody. I continued to yell commands at Jason to get on the ground, but he refused to comply. At this point, Jason began challenging deputies and posturing, making it extremely clear it was his intention to fight instead of follow directions.

Based on Jason and Green`s uncooperativeness, the situation was becoming extremely dangerous. Jason then pushed Green out of the way in what appeared to be an attempt to charge Sgt. Parks, who was to my right. Green again was able to jump in front of Jason.

Jason began moving backwards towards the gate he and Green had previously exited. I feared Jason was now attempting to possibly get back in the residence which would have created an even greater risk to not only

deputies on scene, but himself and his numerous friends/family members on scene.

Sgt. Parks and I attempted to grab Green away from in front of Jason. In response, Green pushed Sgt. Parks backwards. I grabbed Green and pulled her to the ground. Once on the ground, Green continued to struggle in an attempt to get back to Jason and help him. I was able to keep Green from getting back to Jason but she continued to physically resist. I could feel Green push off the ground as if she was attempting to stand back up. At this point I forced Green to her stomach. Green still refused to put her hands behind her back by forcing her hands toward her stomach. I then gained control of Green`s right arm but she would not place her left hand behind her back. I repositioned myself with my knee on Green`s upper torso while maintaining control of her right arm. Sgt. Parks and I were eventually able to overcome Green`s physical resistance and place Green`s left hand behind her back. I placed Green in handcuffs as she continued to scream and yell obscenities. Green then proclained she was pregnant.

While other deputies were attempting to deal with Jason and his unruly friends/family, I elected to attempt to place Green in the rear of a patrol vehicle because her screaming and yelling was only making the situation worse and more chaotic, along with fueling Jason to only become more agitated. I stood Green up and Deputy Mahoney and I began attempting to walk her to a nearby patrol vehicle. Green would not willingly walk under her own power and continued pushing back on myself and Deputy Mahoney. Once at the patrol vehicle, Green stated she wasn`t getting in the patrol vehicle. Green then spun around quickly as if she were going to attempt to assault myself or Deputy Mahoney. I pushed Green against the patrol vehicle to prevent her from doing so. The rear door of the patrol vehicle was open, therefore to prevent further confrontation, I forcefully had pushed Green into the rear seat as she continued to physically resist and yell obscenities.

Paramedics were on scene at this point and were advised that Green stated she was pregnant. Green was removed from the patrol vehicle and transported via ambulance to Sutter Hospital. Deputy Dietrick followed the ambulance to Sutter. It was later determined by hospital staff Green [redacted] [redacted]

I met with numerous deputies at the rear of the property and assisted in conducting a parole search of the residence.

I responded to the main office and completed Green`s booking paperwork. Deputy Dietrick transported Green from Sutter to MADF. I met Deputy Dietrick at MADF and he advised me he read Green her Miranda Rights and she invoked her rights and refused to provide a statement.

Green was booked at MADF without further incident.

BWC activated.

Please refer to other reports for more information regarding this incident.

Nothing further.

111 TJV8UM/14

SONOMA COUNTY SHERIFF'S OFFICE
SUPERIOR COURT OF CALIFORNIA, COUNTY OF SONOMA
AFFIDAVIT RE PROBABLE CAUSE

The affiant, A Peace Officer for the State of California, Agency SONOMA CO. SHERIFF,
states that on (date) 4/4/2020, (name) JASON ANGLERO-WYRICK,
(arrest time) 1705, (booking time) _____, (agency no) 200404-014
was booked at the Sonoma County Jail on the following charges:

FELONY CHARGE(S)	MISDEMEANOR CHARGE(S)	BAIL AMOUNT
69 PC	148(a)(1) PC	
3056 PC		

What circumstances led you to believe that the defendant had committed the above offense(s)? (If you relied on third party information, describe circumstances).
(DF) IS ON PAROLE AND WAS IDENTIFIED AS THE SUSPECT IN A DISPLAY OF A FIREARM THAT HAD JUST OCCURRED. DEPUTIES RESPONDED TO (DF)'S RESIDENT RESIDENCE. (DF) RESISTED DEPUTIES AND WAS THREATENING TO FIGHT. (DF) TAKEN INTO CUSTODY WITH ASSISTANCE OF A K9

I declare, under penalty of perjury, the foregoing is true and correct.

AFFIDAVIT RE PROBABLE CAUSE

The affiant, A Peace Officer for the State of California, Agency SONOMA COUNTY S.O.,
states that on (date) 4/4/2020, (name) NAUSTACHIA GREEN,
(arrest time) 1705 HRS, (booking time) 1955 HRS, (agency no) 200404-014,
was booked at the Sonoma County Jail on the following charges:

FELONY CHARGE(S)	MISDEMEANOR CHARGE(S)	BAIL AMOUNT
	148(a)(1)PC	
	243(b)PC	

What circumstances led you to believe that the defendant had committed the above offense(s)? (If you relied on third party information, describe circumstances).

SUSPECT REFUSED TO FOLLOW ORDERS WHEN TOLD TO MOVE AWAY FROM ANOTHER SUSPECT. SUSPECT THEN PUSHED AT ANOTHER DEPUTY AND RESISTED PHYSICALLY WHILE I ATTEMPTED TO TAKE HER INTO CUSTODY. AFTER A PHYSICAL STRUGGLE, THE SUSPECT [redacted] REFUSED TO GET INTO THE REAR SEAT OF THE PATROL VEHICLE AFTER BEING HANDCUFFED. SUSPECT HAD TO BE FORCED IN THE REAR SEAT OF THE PATROL VEHICLE DUE TO HER RESISTING.

I declare, under penalty of perjury, the foregoing is true and correct.

EX FRIEND OF RPS JUST CAME BY AND POINTED A GUN AT THE RP
LEFT IN A WHI DODG DURANGO
3 MINS AGO
RP DIDN`T SEE WHICH WAY THE VEHICLE WENT ONCE IT GOT TO THE MAIN PART OF [redacted]- RPS HOUSE IS ON A DIRT RD
SUSPECT IS A JASON ANGLERO-WYRICK
S26 COPIES
WE HAVE LOTS OF HISTORY W/ HIM
POSS A HANDGUN BUT RP DIDN`T REALLY LOOK.
THIS MORNING, JASON BROKE INTO RP`S MOTHERS HOUSE AND PUSHED HER DOWN, AND THEN THREATENED RPS WIFE AT THIS HOUSE JUST AFTER PUSHING MOTHER DOWN.
JASON WAS IN THE VEHICLE W/ A FEMALE
JASON IS A BMA, WEARING: BLK HOODED SWEATSHIRT, RED SHORTS
LT SKINNED BMA
FEMALE WAS A HFA OR MIXED RACE BFA/HFA, WEARING: CAMO SHIRT, BLK PANTS

FROM: Sergeant James Percy

SUBJECT: Internal Affairs Investigation **20-IA-0002**

This memorandum will formally notify you that this office has been directed to conduct the above investigation and further you are a subject of that investigation. The focus of this investigation will be your conduct and/or actions on April 4, 2020 in regards to your contact with Jason Anglero-Wyrick and Naustachia Green (SCSO 200404-014).

If the allegations against you are sustained, you could be in violation of Office Rules and Regulations and Department Policies, and therefore could be subject to disciplinary action, up to and including termination of your employment status with the Sheriff's Office.

You are not to discuss this investigation, or the allegations, with anyone other than your representative, Sergeant Jones, Sergeant Doherty, Lieutenant Shawn Murphy, or myself. This is a potentially serious matter and you would be wise to carefully follow these directives. Any violation of these directives will be considered an act of insubordination, and will certainly lead to disciplinary action against you, up to and including termination of your employment with the Sheriff's Office.

In order to complete the investigation it will be necessary to formally interview you. Please contact me so we can determine a date and time of your interview.

Administrative Admonishment

Today's date is: MAY 6, 2020 ROOM 2F

Present in the room are: SERGEANT'S JAMES PERRY SEAN JONES DEPUTY JEREMY JUCUTAN, ATTORNEY [redacted]

Before we begin the interview, I want to advise you of two General Orders which apply to this interview. They are:

Rules and Regulations Regarding Conduct

5.0 PROCEDURE

B. DUTIES, CONDUCT AND RESPONSIBILITY

(13) **Insubordination:** Failure or deliberate refusal of any member to obey a lawful order given by a supervisor is insubordination. Giving false or misleading statements, misrepresenting or omitting material information to a supervisor or other person in a position of authority in connection with any investigation or in the reporting of Sheriff's Office related business. Ridiculing a supervisor or his order is also insubordination.

(39) **Truthfulness:** Members shall truthfully answer all questions that are specifically directed to them by other members and that are narrowly related to the scope of employment and operations of the Office.

Do you understand these General Orders? Do you understand that I am considered a designee of the Sheriff?

I am now giving you a direct order to answer all questions and to answer them truthfully and that failure to do so could lead to disciplinary action up to and including termination with this Office. Do you understand?

Additionally, do not discuss the interview or this investigation, or the contents thereof with anyone except your legal representative unless directed to do so by myself or a superior officer. Do you understand?

Please sign and date below that I have advised you of the General Orders regarding Truthfulness, and Insubordination, as well as having given you a direct order to answer all of my questions.

LETTER OF REPRIMAND

DATE: March 30, 2021

TO: Deputy Jeremy Jucutan

FROM: Sheriff Mark Essick

RE: 20-IA-0002

This disciplinary action is based on your conduct and performance as described herein. This conduct constitutes grounds for disciplinary action pursuant to the Rules of the Civil Service Commission, County of Sonoma, and/or the following General Rules and Regulations of the Sonoma County Sheriff's Office:

RULES AND REGULATIONS REGARDING CONDUCT

5. PROCEDURES

B. DUTIES, CONDUCT, AND RESPONSIBILITY

3. Obey Policies and Procedures: Members shall obey and carry out all lawful Sheriff's Office and County policies, procedures, and other orders whether written or oral.

Policy 309.6 Apprehension Guidelines

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

STATEMENT OF FACTS:

On April 4, 2020, you responded to assist in the investigation of a subject who was on parole and reported to be in possession of a firearm. Furthermore, it was reported the subject had displayed the firearm in a threatening manner. The subject would eventually be taken into custody after force was used to include your canine deployment.

Your decision to deploy your canine partner was within policy. The area of concern surrounds the length of time your canine was engaged with the suspect, and the unsuccessful attempts to remove him.

This investigation revealed several potential (and plausible) reasons why you were unable to remove your canine partner from the bite. However, it does not alleviate you of the responsibility, as required by policy, to ensure the canine releases a suspect once that suspect is apprehended and no longer a threat.

The finding of this policy violation was sustained. As a canine handler you are expected to stay proficient in the handling of your canine partner and control your canine partner.

In the future, you are required to ensure your canine partner promptly releases from a bite once the suspect is apprehended and no longer poses a threat.

YOUR RIGHT TO A RESPONSE

Under applicable law, and the Rules of the County Civil Service Commission, you have various legal rights in connection with this Letter, which you should discuss with your attorney, union representative, or other representative.

You have the right to an Administrative Appeal. You have three (3) working days to contact Assistant Sheriff Eddie Engram at [redacted] to request such an appeal.

This Letter will be placed in your permanent personnel file. This Letter may contain comments adverse to your interest. You may file a written response within thirty (30) days, which will be attached to this letter and placed in your permanent personnel file. Your signature below certifies that you have been provided a copy of this document, are aware of its contents, and understand your right to file a written response and/or an Administrative Appeal.

LETTER OF REPRIMAND

DATE: March 30, 2021

TO: Sergeant Brian Parks

FROM: Sheriff Mark Essick

RE: 20-IA-0002

This disciplinary action is based on your conduct and performance as described herein. This conduct constitutes grounds for disciplinary action pursuant to the Rules of the Civil Service Commission, County of Sonoma, and/or the following General Rules and Regulations of the Sonoma County Sheriff's Office:

RULES AND REGULATIONS REGARDING CONDUCT

5. PROCEDURES

B. DUTIES, CONDUCT, AND RESPONSIBILITY

3. Obey Policies and Procedures: Members shall obey and carry out all lawful Sheriff's Office and County policies, procedures, and other orders whether written or oral.

Policy 425.6 Activation of the BWC

Unless it would be unsafe, impossible, or impractical for the situation, members are required to activate their BWC prior to making contact when responding to all calls for service, and during any law enforcement related encounters and activities that occur while the member is on duty.

Policy 425.6 Cessation of Recording

Once activated, the BWC shall remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

STATEMENT OF FACTS:

On April 4, 2020, you responded to assist in the investigation of a subject who was on parole and reported to be in possession of a firearm. Furthermore, it was reported the subject had displayed the firearm in a threatening manner. The subject would eventually be taken into custody after force was used.

While conducting IA investigation # 20-IA-0002 related to this arrest, it was discovered you did not activate your BWC when arriving on scene. It wasn't until after you placed a subject into a figure-four control hold that you activated it. Even though you offered an explanation for this delay, several other deputies responded to the same call and they managed to activate their BWC's. You were required to use force on the subject and other deputies' BWC videos had to be viewed in order to view portions of your actions.

Additionally, you deactivated your BWC on two occasions to speak to Deputies Jucutan and Negri. The incident was still very active; deputies were still verbally engaged with multiple residents, the parole search was still being conducted, and medical aid was being rendered.

Although you offered an explanation as to why you chose to cease recording on these two occasions, it was not permitted by Office policy. You should not have requested deputies on scene turn off their BWCs, thereby directing them to violate policy as well.

The finding on these policy violations was sustained. As a supervisor and a leader within the Sheriff's Office, you are expected to know and work within the policies and procedures of this Office.

In the future, you are required to activate your BWC prior to making contact when responding to all calls for service, and during any law enforcement related encounters and activities that occur while you are on duty. Furthermore, once activated, your BWC shall remain on continuously until you reasonably believe your direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

YOUR RIGHT TO A RESPONSE

LETTER OF COUNSELING

DATE: March 30, 2021

TO: Deputy Nicholas Miller

FROM: Sheriff Mark Essick

RE: 20-IA-0002

On April 4, 2020, you responded to assist in the investigation of a subject who was on parole and reported to be in possession of a firearm. Furthermore, it was reported the subject had displayed the firearm in a threatening manner. The subject would eventually be taken into custody after force was used to include your Taser deployment and activation.

In reviewing the BWC videos in this matter, it was discovered you did not activate your BWC when you arrived on scene. Although you offered an explanation for this delayed activation, you failed to ensure your camera was recording prior to making contact with the suspect. During this IA investigation, other deputies' BWC videos had to be viewed in order to view portions of your actions.

RULES AND REGULATIONS REGARDING CONDUCT

5. PROCEDURES

B. DUTIES, CONDUCT, AND RESPONSIBILITY

425.6 Activation of the BWC

Unless it would be unsafe, impossible, or impractical for the situation, members are required to activate their BWC prior to making contact when responding to all calls for service, and during any law enforcement related encounters and activities that occur while the member is on duty.

After reviewing your personnel file, there were no similar past violations. Therefore, this letter will not be placed in your permanent personnel file. Comments regarding this incident may be included in your next evaluation.

This Letter of Counseling is an admonition, as well as a record of the findings in this case. Your signature below certifies that you have been given a copy of this document and are aware of its contents.

Sergeant Percy: Okay. So today's date is May 6th, 2020. We are in Conference Room 2F at the Sheriff's Office. Present in the room is myself, James Percy, um, Sergeant John Jones, Deputy Jeremy Jucutan and Attorney [redacted]. What we'll do is we'll go around the room and spell our names. So we'll start off with you, [redacted]. Go ahead.

Other Speaker: Yes, uh, good morning, good afternoon. My name is [redacted]. Last name is [redacted] and I am here to represent Deputy Jucutan.

Deputy Jucutan: Uh, Jeremy Jucutan, J-E-R-E-M-Y, last name, J-U-C-U-T-A-N.

Other Speaker: Sergeant Sean Jones, S-E-A-N J-O-N-E-S.

Sergeant Percy: Did I refer to you as somebody else?

Sergeant Sean Jones: Well, yeah.

Sergeant Percy: I apologize. So, Jeremy, I'll go ahead and give you the administrative admonishment. In that it details that I'm a designate of the sheriff. I'm gonna ask you some questions, and I'm ordering you to answer the questions, uh, truthfully.

Deputy Jucutan: Okay.

[redacted]: Do I need to sign that as a witness, or do you do that?

Sergeant Percy: Yes.

[redacted]: Okay. Thank you.

Deputy Jucutan: Mm hmm.

Sergeant Percy: Awesome. Jeremy, do you have any questions about the admonishment?

Deputy Jucutan: No.

Sergeant Percy: Okay. So we're just gonna get started. Let's get a little bit of a history about who you are –

Deputy Jucutan: Okay.

Sergeant Percy: – how long you've been a deputy sheriff or a police officer. Any prior experience?

Deputy Jucutan: Uh, so I had 3 years prior experience at Santa Rosa Junior College, um, and then when I left Santa Rosa Junior College, I came here to the Sheriff's Office as a lateral. I've been here for 5 years assigned to patrol, um, most of it, out of the main office, some from the valley sub, Sonoma PD and currently a K9 handler for the last 6 months.

Sergeant Percy: Okay. And your dog's name is –

Deputy Jucutan: Vader.

Sergeant Percy: Okay.

Deputy Jucutan: V-A-D-E-R.

Sergeant Percy: Great. Thank you.

Deputy Jucutan: Mm hmm.

Sergeant Percy: So obviously, what brings us here today, um, referencing my Internal Affairs Investigation Case No. 20-IA-002 which was documented in a Sheriff's Office Police Report Case No. 200404014, and this is in regards to an incident that took place on April 4th of this year around a quarter to five at night, around 1643 hours, and this, uh, is regarding your K-9 deployment. You wrote a report, or a supplemental report in response to this.

Deputy Jucutan: I did.

Sergeant Percy: Okay. And in that, the information that you put in there was based on everything you recalled.

Deputy Jucutan: Yes.

Sergeant Percy: Okay. Before this interview today, did you have a chance to review the body-worn camera video?

Deputy Jucutan: Yes.

Sergeant Percy: Okay. Well, we're gonna get right into it. So we're gonna address the response to [redacted]

Deputy Jucutan: Okay.

Sergeant Percy: Um, can you just explain to me and let's just go over the events of what happened.

Deputy Jucutan: Sure. So, um, I was listening to Sheriff Channel 1 when I heard dispatch send several deputies to, um, it was [redacted] for a report of a firearm that was just displayed, um, in a threatening manner is what it came out as, and according to the reporting party, um, he identified the subject as Jason Anglero-Wyrick who came over to his house and just threatened him with a firearm, um, and he, the reporting party also mentioned that earlier that day, Jason and an unknown female went to his mother's house, uh, forced his way inside the house, assaulted her and threatened the reporting party's wife as well. Um, he said that Jason

was last seen driving a white Dodge Durango or a white Dodge pickup, um, in an unknown direction, and other deputies were aware that, uh, Jason's last address was at [redacted] I heard Deputy Mahoney on, uh, direct, which is basically car to car, say that, um, he felt it would be necessary for he, Deputy Villeggiante and myself to respond to [redacted] looking for, uh, Jason based on the circumstances of the call, and while the other deputies respond to the scene of the incident to do interviews with the victims. Um while en route there, I heard Deputy Mahoney say that he was on scene at the [redacted] address, and a minute or two after that he said that there was a white Dodge pickup tucked behind [redacted] which is a, uh, it's right off of [redacted], it's where [redacted] So I typed that into my computer, [redacted], to try to start settin' up a perimeter. Um, unknown to me at that time, the actual address was [redacted] so the initial perimeter that I was trying to set up wouldn't have worked well with that address anyways and, um, I also heard Deputy Mahoney say on the radio that he was out with several uncooperative family members of, uh, Jason Anglero-Wyrick and that they were saying Jason was inside the house sleeping. I knew, also while en route, that Jason was currently on parole which expired in 2021 for [redacted] Uh, he also had prior arrests in history for [redacted] I also did my own research and checked criminal.net to familiarize myself with, uh, Jason's most recent booking photo which was dated in late 2019, so it was fairly recent.

Sergeant Percy: This was while en route?

Deputy Jucutan: Yes. Um, and my ultimate goal was to surround the house with uniformed deputies and call, uh, Jason out to us and all the family members, based on the circumstances that he was armed, last, last known to be armed, and his prior history, [redacted]. Um, I staged medical in the area knowing that there's a possibility that injuries may occur, whether to deputies or bystanders, uh, or anyone else involved, and, uh, so while I was coming on scene, I was still going to [redacted] because that's where I thought the truck was, and so when, when I arrived on scene, Deputy Villeggiante was already there on [redacted], and he waved at me to stop, so I stopped, rolled down my window, and he said, "The house is right here." So backed up, parked my car on [redacted]. Um, I look up right after I park and I see Deputy Villeggiante approaching the, what would be the south side of [redacted], and he drew his firearm and pointed it, pointed it in the direction of the house, but I couldn't see what he was pointing at, and I heard him say on Channel 1 that he was out with Jason, uh but my view of, was obstructed from a tree. Uh, so I immediately retrieve, uh, my K-9 partner, Vader, from the back area of my patrol car, uh, run up to Deputy Villeggiante's position, and Deputy Villeggiante continued to kinda half circle around from the south to, like, the southwest portion, um, and I feel it was just, it's normal procedure to try to triangulate and make sure that, uh, the suspect doesn't escape, so that's what I felt he was doing. And, uh, so now Sergeant Parks arrived. Deputy Villeggiante is already there. Deputy, uh, Miller, Nico Miller also arrived. So the scene set up is now, uh, Sergeant Parks and Deputy Villeggiante to my left, uh, Deputy Nic, Nico Miller to my right and Jason and his fiancée, Naustachia Green, are kinda, like, in the gated area, or, like, right at the gate of the fence. And now, uh, ****, sorry, back up. As I was running up, I also, um, announced myself as a Sheriff County Deputy and told Jason to get on the ground

and, uh, I also heard Deputy Villeggiante tell Jason several times to get on the ground and/or walk over to us, um, or just come here.

Sergeant Percy: So that was Jason and Naustachia Green in front of the house.

Deputy Jucutan: Yes.

Sergeant Percy: Correct?

Deputy Jucutan: Correct.

Sergeant Percy: And the spelling on that is Jason, J-A-S-O-N, and it's Anglero-Wy, Wyrick is his last name?

Deputy Jucutan: That's my understanding.

Sergeant Percy: And it's A-N-G-L-E-R-O hyphen Wyrick, W-Y-R-I-C-K and the girlfriend, Naustachia Green, N-A-U-S-T-A-C-H-I-A Green, G-R-E-E-N.

Deputy Jucutan: Yes.

Sergeant Percy: Okay.

Deputy Jucutan: So now Ms. Green is in front of, uh, Jason. They're both yelling in the direction of uniformed deputies saying, I think Ms. Green was saying something to the effect of, "What did he do? He did nothing wrong." Um, and Jason was behind her with his hands up straight in the air, but not as, like, a surrender. It was more of, like, a, like, what are you guys gonna do, type thing is how I understood his body language, um, and he had unknown objects in his hands at that time, and he was saying, he was also yelling something to the effect of, "Fuck you," or, "I didn't do anything," something like that. Um, I heard Sergeant Parks give Jason orders to crawl over to us, which is now what we're trained at through defensive tactics as a way to, for height, um, for scenarios that are, either involve violence or weapons. It's a way for us to be able to confirm that we can see the suspect's hands. We know, unless they go reaching for the waistband, that that's a, overt act that they're purposely doing instead of either falling down if they were facing away from us. To avoid any issues, that's the new technique that we use now to have them crawl to us, um, to have a peaceful surrender and take them into custody without any incident. So that's what Sergeant Parks ordered Jason to do. Um, he ultimately refused and I think right after that was when Jason, uh, started yelling again and forced his way around the right side of Ms. Green, kinda like, and she kinda, like, tried to hold him back a little bit, but he just pushed her hands away and, uh, took several steps towards Deputy Villeggiante and Sergeant Parks. Um, and then he pretty much immediately went right back behind Ms. Green as a, what I took as, like, a shield, um, to protect himself.

Sergeant Percy: During that time, how would you describe Mr. Anglero-Wyrick's behavior?

Deputy Jucutan: He was actively resisting based on us giving him direct orders to, uh, come over to us or crawl to us, um, or get on the ground, and he was upset, and I took his actions as he, he was going to fight us, even though he knew we were deputies.

Sergeant Percy: You felt threatened by him.

Deputy Jucutan: Yes.

Sergeant Percy: Okay.

Deputy Jucutan: Um, at that point, Deputy Villeggiante approached Ms. Green, and I didn't hear at the time, but after watching the, the released body cam afterwards, he was saying, "I'm gonna grab her. I'm gonna grab her." I didn't hear that at the time, but I just knew, based on him approaching, that we worked a lot together, and I knew that that was his plan just based on us working together.

Sergeant Percy: You, he being Deputy Villeggiante?

Deputy Jucutan: Uh, ****, yeah.

Sergeant Percy: Okay.

Deputy Jucutan: To remove Ms. Green from the situation and kinda split the problems up, if you will, so that he and Sergeant Parks will affect the arrest of Ms. Green while myself and Deputy Miller will affect the arrest of Jason. So Deputy Villeggiante, um, grabs onto Ms. Green's arm and starts pulling her towards him which is away from Jason to separate them, and once I see that he pulls, uh, Ms. Green away, I see Jason turn his body back towards the house. He still hasn't been searched. He's wearing shorts and a tank top, but I still know, based on my training and experience, that there are firearms that are small enough to be able to carry in basketball shorts where you still, it's not still obvious that he has it, so in my opinion, in my belief, he was still armed. He also, making the turn towards the house and also, sorry, back up. Before that, um, before that took place, one or two other, uh, females showed up from behind Green and Jason, so from the area of the house, and now they're behind, uh, Mr. Green, or sorry, Ms. Green and Jason, and they're also yelling at us. So now we have at least three, maybe four people who are yelling, uh, making the scene chaotic, and when Jason turned, I didn't know what their relation was. I didn't know if they were a neighbor, if they were his family. Uh, my concern was that he could get to the house and arm himself or barricade with unknown people inside the house that was unknown at the time. There ended up being, I think, two additional people inside the house and/or now shielding behind those two people or potentially taking them as hostages, take them into the house, um, and then we have a big problem that we have to solve, try to solve, uh, and that I, I felt like, I was, I was worried for their safety, as well as deputy's safety when he made the turn to the house. Um, I felt like that was an escalation of, of his, of him trying to evade us or barricade. Um, so once Ms. Green was removed from the situation, and I saw Jason turn his body back towards the house is when I elected to use my K-9 partner, Vader, to apprehend Jason based on the, um, violent offence that he had just committed, being that he was in possession of a firearm while on parole for a violent offence. He just reportedly

pointed the firearm at a victim. He was known to be in possession of a firearm prior to our arrival. Um, and that he was a threat to deputies and bystanders and, um, based on his resistance level and threatening of resistance by stepping around the screen at one point and saying, "Fuck you," as if he was gonna fight us. I released, uh, Vader and gave him the command to, uh, apprehend Jason. Uh, K-9 Vader engaged and bit Jason's right calf area and held. Um, I immediately approached K-9 Vader and grabbed onto his harness while Deputy Mahoney came up and, uh, I think he asked if it was okay if he handcuffed him now, and I said, "Yeah, you, you can handcuff him. I have control of him. I have his harness." Uh, I was concerned that if I released Vader, too, right at that point that Jason may get up and continue his path towards the house or towards the bystanders, um, and I felt that if he did that, my only option at that point, which was, was to, um, send Vader again to app, reapprehend Jason and that would be putting those two bystanders in harm's way because I didn't want an innocent person to get bit if Jason ran past them or ran towards the house and they, there was just a lot, a lot more, um, options or other things that could have happened if Jason got, would, had the ability to get up and make another move towards the house. Once he was placed in handcuffs, um, I immediately began to, uh, release K-9 Vader. Um, I began the tactical out which is removing him by grabbing onto his collar and putting pressure onto the sides of his neck, um, to release him. I gave him the verbal order, also, to release, I think it was three times total.

Sergeant Percy: What was that order?

Deputy Jucutan: Swelta.

Sergeant Percy: How do you spell that?

Deputy Jucutan: S, I think it's S-W-E-L-T-A?

Sergeant Percy: Okay.

Deputy Jucutan: Once that wasn't being effective, the tactical out wasn't being effective, I went to another option which was the, um, electronic collar. I hit the electronic collar, the remote, um, and there was no effect on that. I went back to the tactical out, tried to remove him. I was looking around the collar to see if there was any malfunction in the collar. Um, I didn't see any. Continued to try the tactical out while givin' him, I think, the second verbal command to release. I remember then going back to the e-collar with my left hand while my right hand stayed on his collar and –

Sergeant Percy: The e-collar is what?

Deputy Jucutan: The, I'm sorry.

Sergeant Percy: What is the e-collar?

Deputy Jucutan: So the e-collar is the electronic collar around the dog's neck.

Sergeant Percy: Okay.

Deputy Jucutan: Um, and we have, the han, handlers have the remote attached to our, uh, duty belt, and so when you hit the remote or hit the buttons to provide a electronic charge to the dog, uh, it's, it's a, it's a way to try to get the desired effect of what you're trying to do.

Sergeant Percy: Gotcha. Okay.

Deputy Jucutan: Um, and there's multiple levels of what, of how strong the charge is, so there's one through seven and there's low, medium and high on each from one through seven. Um, and so I think it was a five high that, at first that I, um, used to attempt to have K-9 Vader release which is stronger than what we usually use in training, but I wanted to make sure that he was gonna react to it and come off. Um, no effect. When I went back the second time with my left hand to the remote, I went up to a seven and hit a seven high and there was still no effect. Um, so my belief is that there was a possible malfunction with the remote because there's two toggle switches 'cause the remote is used, it can be used for, uh, different collars or more than one collar, and what possibly happened is that the toggle switch accidently moved to a different setting and wasn't, and now wasn't connected to that collar. Um, I went back to the tactical out and he ultimately release, released.

Sergeant Percy: Okay. I understand that a lot of these cases evolve quickly –

Deputy Jucutan: Yes.

Sergeant Percy: – and, uh, and perceptions might change. I just wanna kinda go through this a little bit in regards to the initial contact between you and Mr. Anglero-Wyrick. Do you recall if he was standing, laying or sitting when you deployed K-9 Vader?

Deputy Jucutan: I remember him falling, but I, from what I remember, I released Vader as he was falling, or as he was turning and simultaneously kind of falling as he turned, um, and then watching the video, it's maybe a 1 to 2-second delay, but from what I remember during the incident was I saw him turn, I made the decision to release Vader and I released him, what I felt like was, right when he turned, but after watching the video, it's maybe 1 to 2 seconds away.

Sergeant Percy: Okay. And then based off what you told me, I'm just trying to summarize so it's clear in my head, so when you deployed K-9 Vader, you had fears of him harming other people or barricading himself and that was your reason for deploying him.

Deputy Jucutan: Yes, and I still felt that he was a threat to deputies.

Sergeant Percy: Gotcha. Um, and during this time, uh, were you, were you then or after aware of a tazer being deployed?

Deputy Jucutan: After, I was. Not at the time. I didn't hear the pop of the tazer being discharged.

Sergeant Percy: Okay. So when did you first learn of it?

Deputy Jucutan: Um, pretty much right after. I realized that the tazer was discharged.

Sergeant Percy: Okay. So there was no connection, I guess, in between when Anglero-Wyrick was falling, you didn't know at that time that he had been tazed.

Deputy Jucutan: No.

Sergeant Percy: Okay. When did you first attempt to call Vader off?

Deputy Jucutan: Once he was handcuffed is when I started the tactical out trying to release him, and in training, that's never been an issue, so I was, uh, when he wasn't releasing right away, it was something new that I had never seen from him.

Sergeant Percy: Okay.

Deputy Jucutan: So pretty much immediately right, right after he was handcuffed is when I was trying to release him.

Sergeant Percy: And there was no attempts made prior to.

Deputy Jucutan: No.

Sergeant Percy: Okay. So let's, let's discuss a little bit regarding the, what's the technical term for, is it K-9 out for him releasing? What's the technical term for calling the dog off?

Deputy Jucutan: So there's two different ways that we can, uh, remove the dog from the bite. One is called what our head trainer, [redacted], calls the talk, the tactical out which is when we physically put our hands on the dog's collar and remove him using the technique that we're taught to, uh, remove him physically from a bite, or there's a verbal out where we are either standing right behind the dog or far away from the dog if it's a tactical scenario where we want to release the dog but don't have the means to approach the suspect yet where we can verbal out the dog by giving him or her the verbal, uh, order to release and then call the dog back to us. So those are the two different ways.

Sergeant Percy: And was all the equipment that you used on April 4th, uh, during this incident, the collars and everything, consistent with what a normal, or a deployment of that, a similar deployment, w, was, did, was equipment used or worn by Vader standard for that application?

Deputy Jucutan: Yes, I have, that's from the time I, or we completed our K-9 school together and even during K-9 school we used the same, he was eq, equipped with the same equipment that I have been using the entire time.

Sergeant Percy: Okay. Um, so since this incident, do you, has the e-collar been tested to make, your remote control, has it been tested to make sure that it, to see if it malfunctions or if it works properly?

Deputy Jucutan: Yes, and it does work properly and to prevent any future issues with that possibility of the toggle being moved, I superglued the little reservoir where the toggle could be moved so that it's no longer, uh, able to move.

Sergeant Percy: Okay. So you suspect it got bumped over during some, during the deployment somehow and it, it –

Deputy Jucutan: That's my suspicion.

Sergeant Percy: – rendering it ineffective.

Deputy Jucutan: Yes.

Sergeant Percy: Okay. So the, the collar that goes around the neck, the one that's right around the actual neck, the one, when you eventually put both your hands on in the video, what's that, what kind of collar is that called?

Deputy Jucutan: A pinch collar.

Sergeant Percy: A pinch collar.

Deputy Jucutan: Yes.

Sergeant Percy: So the, so he's wearing a pinch collar. He's wearing a e-collar.

Deputy Jucutan: Yes.

Sergeant Percy: And the one that's on his body that you have a handle on, what is that called?

Deputy Jucutan: Harness.

Sergeant Percy: A harness. And on the harness it has Sheriff's markings on it?

Deputy Jucutan: It does.

Sergeant Percy: That says Sheriff's K-9?

Deputy Jucutan: Yes.

Sergeant Percy: Okay. You mentioned that you knew Jason was on parole. How'd you know he was on parole?

Deputy Jucutan: That was relayed to responding deputies by dispatch.

Sergeant Percy: Okay. Real quick, Sergeant Jones, in regards to the K-9, um, in regards to the, um, deployment, is there any, do you have any further questions?

Sergeant Sean Jones: Yeah. Um, I know the victim later recanted, but prior to, in the information that you had at the time, had that information been correct, what would you have arrested Anglero-Wyrick for at the time?

Deputy Jucutan: Uh, 417, I forget the parens, but I think it's (a)(2) which is exhibit of a deadly firearm, or of, of a firearm, um, in a threatening manner, um, felon in possession of a firearm, violation of parole, possibly, uh, 422 which is death threats based on whatever the victim would have said, um, and potentially burglary if what we learned, that would have been another part of the investigation if you, once we gathered all the information from, uh, because when the reporting party, or the victim, said that Mr. Anglero-Wyrick went into the victim's mother's residence and assaulted her, uh, that's potentially burglary as well.

Sergeant Sean Jones: And, and based on those charges and the circumstances of the call, from your understanding of the K-9 policy does that warrant the deployment of a apprehension dog?

Deputy Jucutan: Yes.

Sergeant Sean Jones: Okay. Uh, and had it not been for Green, uh, blocking Wyrick, would you have deployed your dog sooner to apprehend Wyrick, Wyrick?

Deputy Jucutan: If he was acting the same way and Green was not there, yes.

Sergeant Sean Jones: But she was blocking the way for you to do that.

Deputy Jucutan: Yes, so I was concerned that she may have been bit as well.

Sergeant Sean Jones: And you made several K-9 announcements to him, or at least one that you remember.

Deputy Jucutan: One that I remember.

Sergeant Sean Jones: Okay. Uh, did it surprise you after now looking at your body camera that you say 1 to 2 seconds that he was on the ground after you- when you deployed Vader. Was that surprising to you thinking that you had deployed him as soon as he turned, ran and slipped?

Deputy Jucutan: Yes, yeah, 'cause after watching the video, that's not how I remembered it.

Sergeant Sean Jones: Okay.

Deputy Jucutan: And up un, up until that point, that's still how I believed and perceived what happened, and then watching it, I realize that there was actually a delay of 1 to 2 seconds.

Sergeant Sean Jones: And so in that delay, do you, do you have any explanation of, on why there was that delay on video where you didn't feel that at the time? Do you, do you have any training in that, or do you understand what that could be?

Deputy Jucutan: Um, I mean, I've, I've talked to deputies who have gone to, um, the Force Science class and that is where you learn really the reactions that deputies and officers have. I would, I would suspect that that is what happened in this case. Um, but I also haven't been to that class, so I can't speak on that, but that, that's what I would suspect.

Sergeant Sean Jones: But, reaction time.

Deputy Jucutan: Reaction time, yes.

Sergeant Sean Jones: Okay. But, so, by the time you figured out yeah, I'm gonna deploy Vader to the time you actually let go of the collar, that could explain the 1 to 2 seconds?

Deputy Jucutan: Yes.

Sergeant Sean Jones: Okay. Uh, and, and so we, in the K-9 world, we have two, two outs, the tactical out or a hard out as, as some know it and, uh, the verbal out.

Deputy Jucutan: Yes.

Sergeant Sean Jones: And, and why did you choose not to do the verbal out at that time?

Deputy Jucutan: Simply because I wanna have the most control over the dog as I can. There was no, um, I felt there was no, no circumstance, at that point, where I needed to verbal out and recall him to me. I wanted to have physical control over him to make sure that when he did release, I, I still have the control of him so that he wasn't, there was no possibility of anyone innocent getting bit.

Sergeant Sean Jones: Uh, and the tactical out, do you get, typically do that on a pinch collar or do you do that on a flat collar?

Deputy Jucutan: So that's how I've been taught both. Um, that is how I had done it in training up until this point. Right after this incident, the day after, I called Head Trainer [redacted], gave him a briefing of what happened, um, and spoke to him. Since then, we met and went over some additional training, and I have since removed, removed the pinch collar, and I now use a choke chain which is, um, now based on education, more effective when it comes to the tactical out.

Sergeant Sean Jones: But you, so you've been a handler for 6 months.

Deputy Jucutan: Yes.

Sergeant Sean Jones: And, uh, initial K-9 school is how long?

Deputy Jucutan: It's, I think I was, um, it was 5 weeks.

Sergeant Sean Jones: Okay. For patrol school.

Deputy Jucutan: Yes.

Sergeant Sean Jones: And, and at the end of patrol school, you have to certify through POST, correct?

Deputy Jucutan: Correct.

Sergeant Sean Jones: Okay. And for your certification for your tactical out, for post certification, did you use a pinch collar?

Deputy Jucutan: Yes, I believe so.

Sergeant Sean Jones: Okay. And was no issues with that. You certified just fine?

Deputy Jucutan: Correct.

Sergeant Sean Jones: Okay. And any other certifications between the initial training and, uh, this deployment?

Deputy Jucutan: Two certifications in the 6 months, and both, I believe, I used the pinch collar.

Sergeant Sean Jones: And no problems?

Deputy Jucutan: No problems.

Sergeant Sean Jones: Okay. And do you have any prior deployments?

Deputy Jucutan: One.

Sergeant Sean Jones: And did you use a verbal out or a hard out or a, uh, tactical out?

Deputy Jucutan: Uh, that was a verbal out.

Sergeant Sean Jones: Okay. Was he wearing the same equipment?

Deputy Jucutan: Yes.

Sergeant Sean Jones: And at that time, uh, did you use a, utilize the e-collar?

Deputy Jucutan: Yes.

Sergeant Sean Jones: Do you remember what setting you had it on?

Deputy Jucutan: I believe it was a, it was either a 4, I think it was a 4 high, if I remember right.

Sergeant Sean Jones: A 5 or 7 high, uh, and I don't know your dog, but a 5 or 7 high, uh, that generally, for dogs, from what I understand, it's pretty high setting. You would get a reaction out of them?

Deputy Jucutan: Absolutely and that's why I went to it because I, I, I wanted him off the bite as soon as I could, and once that tactical out wasn't being effective, I wanted to make sure that the next thing was going to be effective which is why I went to a higher setting.

Sergeant Sean Jones: Okay. And the purpose of a, uh, a e-collar, I just want to clarify, is, it, it's a corrective tool. It's a, essentially provides a level of correction without, uh, having a leash on the dog?

Deputy Jucutan: Correct.

Sergeant Sean Jones: And, and generally, in your dog's normal, uh, experience and training, um, a 4 high is plenty enough to get the job done.

Deputy Jucutan: Yes.

Sergeant Sean Jones: Okay. That's all I got.

Sergeant Percy: Okay. So I noticed that on this date, Jeremy, you had two body-worn camera videos for this incident in evidence.com.

Deputy Jucutan: Yes.

Sergeant Percy: The first one began at 1702. That was the initial when you arrive on scene, and there was a second one that began at 1737 hours. So the first one that began at 1702, the video was 34 minutes and 15 seconds and you had turned it off, at that time, to speak with Sergeant Parks.

Deputy Jucutan: Yes.

Sergeant Percy: What was the content of that, what, what was the purpose for that, of turning your body-worn camera off?

Deputy Jucutan: Um, so after the arrest had taken place, the parole search of the house had taken place, the suspects were, being Green and Jason, were placed in separate cars. Actually, I think one may have already been transported. Um, Sergeant Parks pulled me aside and said, told me to turn off my body cam, um, and I felt that that was within policy at that time because everything was already over with. Um, the suspects were already in custody. I was no longer going to be involved in the investigation at that point, and so I complied with that and turned my body cam off.

Sergeant Percy: Okay. And did you guys discuss the incident?

Deputy Jucutan: Uh, no. Not really the incident. From what I remember, it was just more of, like, he, um, just wanted to tell me that he's supportive of my decision making.

Sergeant Percy: Okay. And you reactivated the body-worn camera once you were completed with your conversation with Sergeant Parks and walked back toward the scene, if you will?

Deputy Jucutan: Yeah, um, uh, someone else had shown up either right at that time or during our conversation who, I think, it was a family member that was inquiring about what happened, so I felt it was necessary to ac, reactivate it.

Sergeant Percy: Okay.

Sergeant Sean Jones: I wanna ask one more, one more thing real quick. Was that behavior for your dog unusual that he was not listening to your, your out command and not coming off at the time you were, you were trying to tactical, tactical out him?

Deputy Jucutan: Yes.

Sergeant Sean Jones: And, and, wh, why do you think that was?

Deputy Jucutan: Um, after talking with, uh, [redacted] as well and kinda going over this incident, um, belief is that based on the stimulus that the dog was, um, exposed to as far as several, being surrounded by several people who are all yelling, um, especially the, uh, female that came out with the cell phone and other female that she was accompanied with and, um, Ms. Green over to our left was also yelling and screaming. Um, Mr. Anglero-Wyrick had, a few times, raised his voice during the apprehension. We had deputies yelling, giving order. Um, all of that surrounding the dog, along with the body position of Mr. Anglero-Wyrick now on the ground, um, that is what it's believe as to why.

Sergeant Sean Jones: Pretty chaotic.

Deputy Jucutan: Very chaotic, yeah.

Sergeant Sean Jones: Uh, in your training, do you, do you train, uh, chaos while you're removing a dog?

Deputy Jucutan: We have, yes, and he has been exposed to that in training and there was no issues.

Sergeant Sean Jones: And chaos to that level, or was that a new level of chaos-

Deputy Jucutan: I mean –

Sergeant Sean Jones: – that your dog got exposed to for the first time?

Deputy Jucutan: We try, we try to make training as realistic as possible to not only know what we as handlers are gonna, how we're gonna react, but also the dogs and get to know the dogs better, um, and having more understanding, and so we have, I remember a training where we did have the suspect on the ground. We had several deputies around yelling, but you can't, you can't reenact the emotions of the human being during a real-life stressful scenario that you can in training, and so we try to, our best to replicate that, um, but there's so many emotions going on at that scene and so many people yelling, and it's just super chaotic, so we do try and we have done that, um, and there was no issues at that point.

Sergeant Sean Jones: Okay.

Sergeant Percy: Okay, Jeremy. Is there anything else that you think that could be a value, or any information that maybe you recall after the fact that you'd like us to know about? I'm not saying that there is. I'm just asking if you recall anything.

Deputy Jucutan: I'm just trying to think, yeah. Um, not that I can think of at this time.

Sergeant Percy: [redacted]

[redacted] Can I ask just a couple quick questions?

Sergeant Percy: Sure.

[redacted] Just to clarify a couple things. Uh, uh, Deputy, you had said that, um, you had consciously made the decision that you were not gonna try to get Vader to release up until the time that Jason was handcuffed. Is that correct?

Deputy Jucutan: Correct.

[redacted] Did you believe he still posed a physical threat up to the point in time he was handcuffed?

Deputy Jucutan: At one point, he kinda reached back towards Vader's head, um, but after that I felt, like I said, I felt like if had I released him prior to handcuffing, that would give him the ability to evade again and potentially go into the house, barricade, or take those folks as hostage.

[redacted]: Making him a threat at that point.

Deputy Jucutan: Yes.

[redacted]: Okay. And then once handcuffed though, that is when you started to get him to release, or tried to get him to release.

Deputy Jucutan: Correct.

[redacted]: And you did that immediately upon seeing that he was handcuffed.

Deputy Jucutan: Yes.

[redacted]: Um, you have described the level of resistance you saw by Jason to be active. You used that term, active resistance. Is that correct?

Deputy Jucutan: Yes.

[redacted]: Before he was handcuffed, did you believe he posed a physical threat to deputies and others there at the scene?

Deputy Jucutan: Yes.

[redacted]: And was that a threat of potential death of serious bodily injury, uh, to deputies or others?

Deputy Jucutan: Yes.

[redacted]: All right. Um, and, and the last, uh, think I wanted to ask you about is, um, you, you said you did take active measures after this. You superglued the toggle –

Deputy Jucutan: Mm hm.

[redacted]: – uh because your, of your concern that perhaps that it moved and had not caused the dog to release with the use of the electronic collar. Is that right?

Deputy Jucutan: Yes.

[redacted]: You went to see the trainer the next day as well?

Deputy Jucutan: I had called him the next day. He was out of state, and we met, um, the first day he came back.

[redacted]: And just generally, what was your purpose of wanting to call the trainer and talk to him after that event?

Deputy Jucutan: Uh, well, really, as with any deployment, um, but especially one where, um, there potentially is an issue, I like to make sure that he is aware of it and debrief it with him since has a lot of years of experience as a K-9 handler in the law enforcement world, um, and he is our head trainer, so I feel that it's, it, it's necessary for him to know what's goin' on.

[redacted] All right. So you did that on your own. Nobody told you to, you had to do that. You just did that on your own –

Deputy Jucutan: Yes.

[redacted]: – volition. Did, uh, any useful information come from him as a result of that debrief you had with him?

Deputy Jucutan: Yeah, it did. Um, and I changed. That's the reason why I changed from the pinch collar to the choke chain.

[redacted]: All right. Uh, thank you. Just so I know you, you certainly were well aware of, uh, Jason's criminal history, his violent history, as you articulated today.

Deputy Jucutan: Yes.

[redacted]: Have you had, uh, just for the record, have you had any personal interaction with him yourself prior to this event?

Deputy Jucutan: No.

[redacted] Okay, so everything you learned, you had learned from being aware of the history that you saw that he had, uh, other arrests and the nature of those arrests.

Deputy Jucutan: Yes, that was relayed from dispatch.

[redacted] All right. Thank you. That's all the questions I have. Thank you.

Sergeant Percy: Just really quick. So after you, you met with [redacted] about a week after or so, you said.

Deputy Jucutan: Yeah, I think he came back from, I think he was in Oregon. Um, the day after I called him is when he was in Oregon. I think he came back 2 or 3 days after that, and so we met the day that he came back.

Sergeant Percy: Okay. And at that time when you met with him, did you recertify, if you will, there?

Deputy Jucutan: Um, we did a re-evaluation of myself and K-9 Vader as a team, um, on I think it was April 9th and April 10th.

Sergeant Percy: And what was the result of that assessment?

Deputy Jucutan: Uh, satisfactory. He did everything that was required of him.

Sergeant Percy: Both you guys performed?

Deputy Jucutan: Yes.

Sergeant Percy: As required? Okay. I have no further questions. Sean?

Sergeant Sean Jones: No.

Sergeant Percy: Nothing. That's all I have. Time I have now is about 2:09.

Job Number: 20128-001
Custom Filename: Deputy Jeremy Jucutan Interview 05-06-2020
Date: 05/07/2020
Billed Words: 6893

Sergeant Percy: Okay, today's date is May 6, 2020. We are at the main Sheriff's Office, Conference Room 2F. Present in the room is myself, Sergeant James Percy, uh, Attorney [redacted], Deputy Sheriff Nicholas Miller. Do you go by Nicholas or do you go by Niko?

Deputy Miller: Niko.

Sergeant Percy: Okay, we'll call you Niko, and Sergeant Sean Jones. Uh, what I have present, uh, what I have with me right now is the administrative admonishment which basically entails that I am a designee of the Sheriff, and I will be ordering you to answer questions truthfully and honestly. Thank you. So while you're going, what we'll do is I'll go around the room, and I'll just have you state your name and spell it just so it's on the record. [redacted]?

[redacted]: Thank you, good afternoon. My name is [redacted], last name is [redacted] I'm an attorney, and I am representing Deputy Miller.

Deputy Miller: Deputy Nicholas Miller, N-I-C-H-O-L-A-S M-I-L-L-E-R, and I'm a Deputy Sheriff with the Sheriff's Office in Sonoma County.

Sergeant Jones: Sergeant Sean Jones, S-E-A-N J-O-N-E-S.

Sergeant Percy: Okay, and the time right now is 2:40 in the afternoon. Uh, the Internal Affairs case number is 20-IA-002. This is referencing an incident that occurred on April 4, 2020 around 1643 hours and was documented in Sonoma County Sheriff Crime Report 200404014. So this case that I'm referring to on this date, are you familiar with it?

Deputy Miller: Yes.

Sergeant Percy: Okay, uh, and I saw that you did complete a supplemental report, um, and which I've reviewed. Uh, in, in doing that, was the information provided in your report, um, to the information that you recalled?

Deputy Miller: Yes.

Sergeant Percy: And is accurate?

Deputy Miller: Yes.

Sergeant Percy: Okay. Prior to our interview today, uh, did you have a chance to review your body-worn camera video?

Deputy Miller: Yes.

Sergeant Percy: Okay, okay. So this is, uh, the house that you responded to, [redacted], um, you wanna just tell me what happened.

Deputy Miller: Yeah, well I was, uh, assigned to patrol on Windsor when I heard a 417 with a gun come out in Forestville. Essentially, the reporting party called in and said that a known person, Jason Anglero-Wyrick , Wyrick-Anglero, I forget, I get them mixed up.

Sergeant Percy: And that's Jason J-A-S-O-N Anglero A-N-G-L-E-R-O-Wyrick W-Y-R-I-C-K.

Deputy Miller: Yeah, so Jason had gone to the reporting party's house. There was some sort of earlier altercation where he was there also and, um, **** his mother got thrown to the ground. Well, Jason had come back with an unknown female, uh, kicked in the front door and pointed a gun at him. Um, prior to us, our deputies arriving, he fled. He was in a white Durango or a white, um, Dakota. There was some, some, he wasn't sure, but it was a white Dodge something. So I went out to, uh, [redacted] to start monitoring traffic 'cause it was essentially, you know, right afterwards. Um, as I did that, I was trying to get updates about Jason. Um, he's on parole for [redacted]. Um, he has priors for [redacted] He had priors for [redacted] It was also relayed, you know, kinda as things were building up that he had just gotten [redacted]. Um, so all these are kinda building up to the call itself. Um, while I'm monitoring traffic and I'm on the radio, I was also able to pull up, uh, a picture on the MDC. He's a [redacted] or an associate, he has some involvement with the [redacted]. Um, quite a color, colorful past, especially with [redacted]. Um, also I kinda monitored the radio as we have two deputies go out to the [redacted]. They locate his vehicle. Um, being essentially a stone's throw away where I'm at, I decided I'm gonna go out there 'cause there were only two guys there, and it sounds like it was relayed on the radio also that it was gonna be a surround and call-out type scenario, so hey, I'll go, go lend a hand. Um, so I drove out there. I was actually the third deputy on scene from my recollection. Um, when I arrived on scene, we had already committed the plan to do a surround and call-out. So I met with one of the first responding deputies to the address, uh, Deputy Villegiante. Um, I was, uh, I'm familiar with Graton but when it comes to all the offshoots and courts and lanes and whatever, I'm, you know, not, not the best. I'm haven't worked much at there. So he gave me instruction to, uh, go to an intersection on the other side of the house. Sounds good, go back to my car, um, pull up a map, see the best way for me to get there so I don't have to go by the target house. You know, none of us wanna do that, but I looked for an alternate route first. Um, as I'm doing that, I hear Ty, Deputy Villegiante, and I can't remember if it was the radio or I hear him first, but I hear him be confronted by Jason, and I hear –

Sergeant Percy: Deputy Tyler Villegiante?

Deputy Miller: Yeah, Deputy Villegiante, has a, is, is confronted or confronts Jason, and I hear he's got one at gunpoint. So, at that point, I had been in, the last plan I, I was already in my car. I moved my car. I stopped, get out, um, and kinda the way it was set up, I mean you saw from the video, there's a, like probably a 5-foot fence. The gate was open. Um, Tyler is, you know, next closest to me. On the other side of him is, uh, Jason, and between the two is his girlfriend Naustachia.

Sergeant Percy: And that's, uh, Naustachia Green. I'm just gonna spell it out for the record, N-A-U-S-T-A-C-H-I-A Green G-R-E-E-N, okay.

Deputy Miller: Um, so I'm just kinda painting, painting the scene for you all. I mean you've seen the video but, um, but there's also a large, we'll call it an oak tree. I'm not a, a treeologist, but we'll call it an oak tree. Um, being that Ty kinda had a good position with him there, I went to the oak tree, pulled my firearm, held him at gunpoint as well. As this is happening, we have more deputies arriving to our location out front of the house. Um, I'm kinda looking around, and everyone's got their gun out. So I figured hey, I'm gonna bring a less lethal option to this. I announced to them I'm going Taser. I holstered and like I said, I'm on the other side of this tree, between the tree and the fence. Um, at this point, we have Deputy Villegiante, Sergeant Parks and, uh, Deputy Jucatan with his canine partner, and all the focus is on my three partners and the dog. I'm just kinda standing there, um, watching things unfold. Naustachia is trying to hold, uh, Jason back. At one point, Jason kinda goes around her and challenges Parks and, and challenges all of 'em to a fight in my mind which you know given his [redacted] and now this like, you know, we're trying to do this the whole surround and call it way trying to go as peacefully as possible but I think, you know, with what we had wasn't really gonna go that far. Um, Jason's also retreating back in between the open gate and Naustachia is kinda pushing him back as well. Um, at that point, um, things are kinda coming together independently of their own. Um, I made the decision to use my Taser and tase Jason to try and create separation with him and Naustachia, also prevent him from escaping back in, on the other side of that fence given that the, the nature of the call, a weapon involved, you know, there, we don't know what's behind that fence, co-defendants, more weapons. We don't, I don't want him to become a barricade and we have multiple houses around where now we have an even greater risk not only him, us but just the, you know, other people who live there. I deployed my Taser. Uh, about the time I see I have a good connection, I see, uh, I saw Vader first, then I see Jucatan behind 'em.

Sergeant Percy: And that's canine Vader?

Deputy Miller: Canine Vader.

Sergeant Percy: V-A-D-E-R, okay.

Deputy Miller: So I see him coming in through my peripheral vision and knowing what I know about, well I'm not an expert but dogs and Tasers not usually a good mix, there harm the dog kinda, you know, just something that we, we try not to do so I deactivate my Taser and that's when Vader does, goes on the bite. Um, from there, um, we also have two more people starting to charge out from the house. I believe it was, uh, Naustachia's daughter and Jason's mom. Forgive me, I don't know their names. Um, you know, at that point my role became kinda scene security and assisting, you know, the other two deputies, uh, Mahoney and Jucatan taking Jason into custody.

Sergeant Percy: Okay. I'm just, I think the majority of my questions for you really are gonna be centered around as far as, uh, like well two issues. We'll touch a little bit first on the Taser specifically. At what point did you, what, let me back up for a minute actually. When you

described, when you described, uh, Mr. Anglero-Wyrick's behavior when he was challenging deputies what does that look like?

Deputy Miller: Uh, he, he literally sidestepped, he's yelling and screaming the whole time, you know, what did I do, fuck you, what did I do, something along those lines. Um, when he sidesteps Naustachia he actually throws his arms out, and throws his chest out and challenges him to fight like bring it on. Um, you know, in my mind I, I even wrote in my report like he was actively ready to fight us. He want, he wanted to fight the deputies. Um, and Naustachia stepping and in pushing him back and so I think the only thing that prevented from doing that, um, so that, that's what, that was what made it clear in my mind that this is gonna be him act, he's gonna actively resist us once we go hands on with him.

Sergeant Percy: So do you recall the moment specifically when you made the decision to tase him?

Deputy Miller: Um, it was after that incident he took a couple few more steps back towards the gate. My, my big thing was I didn't want him to flee and go to barricade especially since we had the weapon involved. Um, like I said, not only for his sake it's gonna be more dangerous for him and the people in the house, I mean more dangerous for me, more dangerous for all of our partners there 'cause now we're talking a swat call out and, you know, yes we're equipped to do these things but if we don't have to, I don't think we have –

Sergeant Percy: Okay.

Deputy Miller: – we should or not should, that's the wrong word. I think you know what I'm, what I'm trying to get at here but, um, this was gonna be the I'll, I'll try and use the Taser as the least amount force we could use to take him into custody 'cause I didn't want him fleeing behind that gate where we have a whole bunch of more unknowns and more risk that people are around.

Sergeant Percy: So, I don't want to put words in your mouth but I wanna make sure that I have clarity on what you're telling me so is it fair to say that at the time you deployed your Taser, you felt that that was your window of opportunity to do it?

Deputy Miller: Absolutely.

Sergeant Percy: Okay. So I reviewed body-worn camera videos in this incident and I noticed that your body-worn camera video wasn't activated until after he was essentially taken into custody, and him being Anglero-Wyrick. What happened?

Deputy Miller: Um, you know, I, I was, like I said I was focused on trying to figure out how to get to where I needed to get to safely and then all of sudden, uh, with Deputy Vill, Villegiante being confronted by him, um, I honestly thought I activated my camera by tapping chest twice its worn in the same spot. Um, you know, when I got to, and then when it got up I mean everything happened so quickly that, um, I wasn't focused on this, I was focused on the danger in front of me and, and the risk in front of me so, um, you know, after he was taken into

custody I kinda looked down and I, I didn't feel it vibrating 'cause it vibrates on my chest. I'm like sh, oh crap. So that's when I activated it. Um, after he was in, he was in custody, after Naustachia's in custody and after the scene had become a little bit more controlled so, uh, merely, you know, thought I activated it, things happened rather quickly on scene there, um, and I figured reacting to the problem at hand was more important than trying to figure out at that point if this was going or not. I also had two hands, you know, up on target so.

Sergeant Percy: Do you recall when you think you activated it then?

Deputy Miller: I thought I activated it as soon as I heard, uh, Tyler, Deputy Villegiante say he's got one at gun point 'cause I literally throw my car into drive, I pulled up there, slammed into park and as I'm getting out thought I activated it 'cause that's my, that's my normal if you will, um, progression when I go to a call so as I get out of my car, turn it on and I have.

Sergeant Percy: As you're getting out the car you would activate it?

Deputy Miller: Mm, typically yes.

Sergeant Percy: Okay. During this call, did you make any pr, any pr, well first off, are you familiar with our body-worn camera policy in regards to activations?

Deputy Miller: Yes.

Sergeant Percy: Okay. And then in, now moving into the Taser, uh, are you familiar with our Taser policy?

Deputy Miller: I am.

Sergeant Percy: Okay. And you've been instructed on how to use the Taser?

Deputy Miller: Yes.

Sergeant Percy: Okay. Um, and in that, did you provide a Taser announcement to other deputies on scene that you were going to deploy a Taser?

Deputy Miller: That I was going to deploy it, no.

Sergeant Percy: Okay. And is there a reason why not?

Deputy Miller: Um, I felt being where I was my tactical advantage at the time, his attention was drawn towards the other deputies, um, I was kinda, I had some cover but I was out in the open and I felt that, uh, you know, being at how, how escalated this call was me giving an announcement was only gonna cause further problem. Was also gonna give away my tactical advantage 'cause he, he, like I said, he wasn't focused on me and I think that's what gave me the opportunity to deploy in a successful manner, um, so.

Sergeant Percy: Okay. And you deployed it one time?

Deputy Miller: Yes.

Sergeant Percy: Okay. And when you deployed the Taser, do you recall where the probe struck him?

Deputy Miller: Uh, I believe up in the hip and down near the calf, but I'm not 100 percent sure about that, uh, that. Or that's where, that's where the last time I remember seeing my lasers.

Sergeant Percy: Okay.

Deputy Miller: Um, after that it kinda turned to dog pile and he went off with the EMTs and the medics so I didn't get an opportunity to actually.

Sergeant Percy: Okay.

Deputy Miller: To, to check where, I know I had a good connection just 'cause the sound of the Taser and his, his, uh, behaviors, um, so I had two good, I believe I had two good strikes.

Sergeant Percy: Okay. And I did see in watching the body-worn camera video that, um, medical, fire and medical were on scene pretty quick and they attended to the, um, not only the dog bite which I, I, did, you did address the, um, probes.

Deputy Miller: Mm hmm.

Sergeant Percy: But you just don't recall specifically where they were?

Deputy Miller: No.

Sergeant Percy: Okay. And it was difficult for me to see it in the video.

Deputy Miller: Yeah. I, I know one was up kinda near his hip kinda in the fat of his side.

Sergeant Percy: Okay.

Deputy Miller: And where the other one went I'm, I'm assuming at the lower extremity but I'm not sure.

Sergeant Percy: Okay. And then after, um, after the incident, obviously your, you, you downloaded your Taser, all the information regarding the deployment was captured in Evidence.com.

Deputy Miller: Yes.

Sergeant Percy: Okay. Was there any malfunctions, any issues with your Taser that I should be aware of?

Deputy Miller: Not that I know of, no.

Sergeant Percy: Okay. Uh, do you know if he sustained any injur, as to him being Anglero-Wyrick sustain any injuries as a result of the Taser deployment.

Deputy Miller: Other than a dog bite, no.

Sergeant Percy: Okay.

Deputy Miller: Not from the Taser specifically, no.

Sergeant Percy: When the Taser, when, when the probes hit him, uh, how did you know it was effective?

Deputy Miller: Uh, he did the typical from my training and from past deployments, um, I saw a lot of the same characteristics that you would see from successful deployment being that the sound for one in the Taser it's like a, a low ticking sound. I heard that. Also his body kinda went the NMI, neuromuscular incapacitation. You can kinda see his hands come in a little bit and he locks up and he fell down.

Sergeant Percy: Okay. And again, you said you turned off your Taser and not, and the reason for that was because?

Deputy Miller: Uh, the dog was going, was coming up, it wasn't to injure the dog but also if he's gonna get bit by a dog I don't think he needs to get tased too so I deactivated it and believe it was a 3 second cycle according to the download.

Sergeant Percy: It was. That's, that's what it was.

Deputy Miller: Yeah.

Sergeant Percy: Yeah. Okay. Sergeant Jones, do you have anything?

Sergeant Jones: No.

Sergeant Percy: Okay. Is, in addition to your report 'cause a lot of information is in your report, so we don't need to go over all of that, uh, I did capture some more information, uh, from this interview. Is there anything else you'd like to add or make me aware of?

Deputy Miller: Uh, not at this time, no.

Sergeant Percy: Okay. [redacted]

[redacted]: Um, just a couple quick things. Uh, you're familiar with the Taser policy in the department?

Deputy Miller: Yes.

[redacted]: Um, the resistance that you saw Mr. Wyrick exhibit, uh, typically resistance can be described as merely passive or it can be active. How would you describe Wyrick's level in, uh, of resistance?

Deputy Miller: Active.

[redacted] It was active resistance. As you made the decision to deploy the Taser, you said it was because of these concerns you had. Were you of the mind that he had the capability should he be able to access the house and do what he was gonna do that he posed a threat of death or serious bodily injury to deputies or others?

Deputy Miller: Yes.

[redacted]: And that was a reason for your deployment of the Taser?

Deputy Miller: Yes.

[redacted]: And just so we have a very clear record of this, when you deployed the Taser you were not aware that Deputy Jucatan had deployed Vader?

Deputy Miller: Correct.

[redacted]: You saw Vader in your periphery after the Taser had actually been deployed?

Deputy Miller: Correct.

[redacted]: All right. I just wanted to clarify that and that's all. Thank you.

Sergeant Percy: Thank you. That's all I have. The time I have right now is 2:38.

SpeakWrite
www.speakwrite.com
Job Number: 20128-002
Custom Filename: Deputy Nicholas Miller Interview 05-06-2020
Date: 05/07/2020
Billed Words: 3461

Sergeant James Percy:Okay. We're on. Today's date is May 18th, 2020. Uh, time right now is – what do we have – 11. What time we got? My watch stopped.

Sergeant Sean Jones: 11:49.

Sergeant James Percy:11:49 and we are at [redacted], um, property. Myself, uh, is Sergeant James Percy, J-A-M-E-S, Percy, P-E-R-C-Y. We'll go around the room. Go ahead and state your name and spell it.

[redacted] [redacted]

Sergeant Sean Jones: Sergeant Sean Jones, S-E-AN, J-ON-E-S.

Sergeant James Percy:Okay. So, the purpose of today's interview surrounds an incident that took place on April 4th, 2020, and this will be referencing, um, Sonoma County Sheriff's IA Case Number 20-IA-0002. Um, we're, the purpose of this interview is to go over the performance of Deputy Jeremy Jucatan. It's J-E-R-E-M-Y, J-U-C-U-T-A-N. And his canine partner Vader, V-A-D-E-R. Um, so, [redacted], you've had a chance to review the YouTube video and also the body-worn camera video for Deputy Jucatan specifically surrounding the performance of Canine Vader?

[redacted]: Yes.

Sergeant James Percy:Okay. Um, so what, I'd like to start off doing is since, it's after now that you watched both videos, um – actually, let me back up for a minute. Like I said, can we go over your experience?

[redacted]: Yes. Uh, my experience with canines started in, uh, 1987, uh, at the Department of Defense, uh, when I was a military police. I was assigned with the United States Army, uh, to the canine program. I went through the canine program in the military. Uh, I went to the patrol dog course, the detector dog course and the kennel master supervisor trainers' course. They are three separate courses all at three separate times over my career in the military. I worked a dog in the military from 1987 to 1995 where I exited the military and went into the reserves when I got hired by the highway patrol, California Highway Patrol. I went to the academy, uh, graduated and became an officer. Uh, in, uh, uh, '90, February of '96. The academy was '95. Uh, upon being on the highway patrol for approximately a, a year and a half I was signed, assigned to the, uh, uh, criminal interdiction unit where I got to work with the canines and, uh, helped with the canines based on my experience, uh, with their work, uh, uh, for the Goldengate Division Canine Program. In 2, in the year 2000 I was fortunate enough to get a slot to get a canine where I worked the canine, uh, until my retirement in, uh, uh, 2016 is when I retired. Um, and, uh, and then worked with them. I started [redacted] Canine in 2012. The Sonoma County Sheriff's Office has been with me since the start of 2, in 2012, and, uh, currently to today.

Sergeant James Percy:Quite a long time.

[redacted] Yes.

Sergeant James Percy: And do you –

[redacted]: Working.

Sergeant James Percy: – own the business –

[redacted]: Working.

Sergeant James Percy: – [redacted] Canine?

[redacted]: Yes.

Sergeant James Percy: Okay. And with your business, Deputy Jeremy Jucatan, you've instructed him?

[redacted]: Yes.

Sergeant James Percy: Okay. And he said, he successfully passed your canine trainings?

[redacted]: Yes.

Sergeant James Percy: With Canine Vader?

[redacted]: Yes.

Sergeant James Percy: Okay. So, with that, with your experience you, you, I've seen Deputy Jucatan's training records, um, and after reviewing the training records, the video, can you give me an assessment of what you think occurred on April 4th of this year in regards to Canine Vader's performance?

[redacted]: Canine Vader's performance, uh, uh, on, on the initial bite, uh, he, he made the apprehension. Uh, there was a lot of aggravating circumstances going around, uh, in that area. They're a fairly new team. I think that at the time of the bite they'd probably been on for about 4 months. So, they were a fairly new team. Uh, but I do know that they did pass, uh, two POST certifications prior to this, this, uh, uh, um, incident. Uh, the first one is the initial, uh, certification. It's a post requirement, um, where Canine Vader, I was at that one because it's the grew, right before the graduation of the class. Uh, we do bring in a disinterested party to do these post certifications, uh, so there is, uh, no conflict of interest. Uh, Canine Vader and Jeremy on their initial certification performed flawlessly, um, and graduated and went to the, to the streets. The second certification I was not privy to because at that point when the agencies that I have, like in this instance, Sonoma's, all their group is up for certification. They provide a certification for the, you know, 'cause it's a requirement by, by post case law for 1 year every year they have to be certified. So, in this instance, uh, Jeremy and Vader, uh, in 4 months passed post certification, uh, certifications, uh, and it's not because he needed to go to that second one.

It's because the agencies like to keep everybody on the same, uh, on the same, uh, sheet, well same date so that they're all up at the same time and they can keep the canine unit, uh, together as far as when it goes to certification it's easier to track. I wasn't at that certification but I do know that he had passed that certification.

Sergeant James Percy: Okay. And how long prior to this incident was that?

[redacted] The second one? That I cannot, I cannot tell you. But I, when I can tell you is, uh, let's see, um, sat, uh, I don't have –

Sergeant James Percy: That's okay.

[redacted]: – privy to training records because I don't keep copies of training records. Uh, they're given to the, to the officers. But I wanna estimate, okay, I believe well, he was on the road anywhere from about 4 months, maybe 5 months. So, he had two certifications. I don't know that –

Sergeant James Percy: When you say on the road, as a canine handler?

[redacted]: Yes. A canine –

Sergeant James Percy: Okay.

[redacted]: I apologize.

Sergeant James Percy: That's okay.

[redacted]: Uh, um, their second one, uh, I believe was in, uh, 2020, and, uh, his initial certification was the end of 2019, to the best of my, uh, uh, recollect.

Sergeant James Percy: The one you attended.

[redacted]: Yes.

Sergeant James Percy: Toward the end of 2019. Okay.

[redacted]: Yes.

Sergeant James Percy: Okay. So, and again, [redacted], I wouldn't want you to, uh, discuss something you're not totally familiar with but you had direct knowledge and you were at the certification at the end of 2019.

[redacted]: Mm hmm.

Sergeant James Percy: So, after again, watching the video when Vader – what's – I don't know what the correct terminology – when he engaged, when he bit, um, the suspect in this case, um, what is your interpretation of what occurred?

[redacted]: On the bite?

Sergeant James Percy: On the bite specifically. There appeared to be a delay or, or the dog seemed to be on the bite for an extended period of time. And can you describe maybe why you think that occurred?

[redacted]: So, you want, uh, me to discuss the portion of, uh, the bite, from the bite to the re, the, the outing of the bite, the releasing of the bite?

Sergeant James Percy: Yes.

[redacted]: Okay. And what I, I saw in between that. Right?

Sergeant James Percy: Yes.

[redacted]: Okay. Uh, well first off, I wanna reiterate there was a lot going on on that scene; aggravating circumstances. Some of these aggravating circumstances was all the screaming that was going on by, uh, parties that were on the scene to, to include some of the law enforcement officers. However, in training we do practice giving commands, uh, with our, our law enforcement officers because that's gonna happen. But, in this case, it was, uh, really excessive because you had two incidents going on at the same time 'cause you had, uh, I don't know the parties in general but you had a female party and a male party and the female party, uh, from what I could see in the video was being taken out. I don't know if she was, uh, apprehended or arrested but I know she was removed from the, in, the incident at, at, at the scene, uh, off to the side so there was a lot going on there with other deputies with dealing with her, and, uh, what I, uh, dealing with her. I also see in the video that there is another canine on the scene too, uh, which, um, attributes to the aggravare, vating circumstances, uh, going on, uh, and just, a, a, a, a lot going on in that scene, uh, for one, for a fairly, uh, new team. Uh, not that that plays much of a factor because we practice a lot of this in training. Uh, and Vader has, uh, performed, uh, uh, well. I don't, again, I don't have his training records, uh, here, uh, so I could review, uh, but, um, there is no, uh, reason for me to, uh, be alarmed by this dog not being able to be deployed in the field based on his performance has always been in a past a, a, a type of environment. Especially with the two certifications which is what gives him, uh, the thing to, to be able to deploy in the field on the road. What I do see in that video, uh, is, uh, some, uh, equipment issues. Uh, and I see some, uh, handler, uh, errors, uh, uh, being performed in the video.

Sergeant James Percy: Okay. Can you describe those to me?

[redacted] So, when we teach to take the dog off of a bite strong, and generally in the field we don't generally use a verbal because in these aggravating circumstances, uh, and there is a lot going on, and when a party is being bit, uh, if they keep moving and running around the dog

it's a dog, they can perceive this as a threat and can reengage. Uh, so, basically, we, uh, uh, uh, talk as much as possible is we take the dog off what we call a tactical out or they have other words for it, taking the dog off strong, uh, or a hard out. There's different terminologies out there in the field that people use but we'll call it a tactical out. Uh, we take the dog tactically out so that we can control the dog once it releases the bite. So, if the party is still screaming and, and flaw, flailing around because, you know, it, I, I, it, I, it, I imagine, you know, it hurts and it's hard to, you know, stay still with all that going on. We still have all those aggravating circumstances going around, you wouldn't wanna verbally out the dog because then the dog could automatically en-, could engage elsewheres which would be a problem, a bit, I would feel a bigger prob, a, a bigger problem. Uh, um, so, in this situation when we teach them to take the dog out tactically, they're instructed in the course in my class going through that we never use a pinch collar to take the dog off, uh, strong or tactical out a dog on a pinch collar.

Sergeant James Percy: You do not train with a pinch collar?

[redacted]: We do train with a pinch collar –

Sergeant James Percy: Okay.

[redacted] – in training but, uh, we do, we don't practice. So, when I give, uh, my class on the tactical out, uh, the pinch collar because of the way it sits on the neck with the prongs it goes around the neck and it raises off the neck. Taking the dog off tactically sometimes is getting good control over the dog and cutting off the jugular veins to the side of the neck, uh, so that the dog, uh, releases the bite. Uh, when you have a pinch, uh, uh, collar you're not able to get that because they're riding off the neck, uh, through the prongs and you can't get a, it's harder to. Now, a lot of people do use it and you can take a dog off strong, uh, uh, with the pinch collar. It's just the least preferred collar to use, uh, to taking the dog off tactical, to tactically out, having the dog off, uh, taking it off strong. So.

Sergeant James Percy: So, so would the pinch collar be an approved collar for a, for an outing but just not the best collar? Is that what you're saying? I'm just trying to under, clarify. So, after watching the video what kind of collar did Vader have on?

[redacted] Vader had from what I saw in the video he had two collars on. He had an electronic collar on him or at least I believe it to be an electronic collar what I could see. A, a, I, I believe I could see that it was, and he had a, uh, pinch collar on.

Sergeant James Percy: Okay. So, we are talking about the – so, the pinch collar and, and the correct terminology is outing. Is that right? Or disengaging the dog? What, what's the term?

[redacted] Uh, when a dog releases it's outing off of the bite.

Sergeant James Percy: So, when, so –

[redacted] And you can do that, uh, uh, through, uh, verbal means or through, uh, taking the dog off, uh, tactically outing with using the collar.

Sergeant James Percy:So, for the purposes of, of this, the, it's a tactical that's, it's, –

[redacted] Tactical outs and, –

Sergeant James Percy:– outing.

[redacted] – and hard outs are used, uh, primarily in, in the field on, on active appoint, deployments, uh, so that the dog because there's a lot going on, uh, subjects don't necessarily stand still. It's to get the dog off the bite and prevent the dog from reengaging because of any sudden movements, uh, more from the, uh, suspect, uh, uh, from the suspect, uh, because the, like I said, they're in pain. Uh, you know, they've just been bit, obvi, obviously, uh, and they could be in pain and they could be moving around.

Sergeant James Percy:Okay. So, again to clarify, so you could use a pinch collar.

[redacted] You could. Yes. It's not the preferred. I don't teach it as the preferred method to use.

Sergeant James Percy:Okay. So, it's not, it's not taught as the preferred method but it is a taught method –

[redacted] It is.

Sergeant James Percy:– to out the dog? I guess that's a question. I guess, I mean is it, is it taught that you can out the dog with the pinch collar tactically?

[redacted] So, when it comes to equipment, okay, every agency has different policies and people get, uh, uh, um, issued certain equipment.

Sergeant James Percy:Mm hmm.

[redacted] Okay. Uh, I don't get involved with what the agency's equipment or what they use. I only give in my classes based best practices based on my training and experience. And in my class when it comes to the tactical out based on my training and experience, the pinch collar is the least preferred method to do because it rises off the neck.

Sergeant James Percy:Gotcha. That, that clarifies it. Okay. Okay. So, what –

[redacted] But you can –

Sergeant James Percy:Gotcha.

[redacted] – use it.

Sergeant James Percy:Gotcha. So, what would the preferred method be?

[redacted] The preferred method could be a, a flat collar or a, you could use a, you could use a, a, a choke chain or a pinch collar. You can even use your leash to take your dog off a, of a, of a bite. Uh, if, uh, if, you know, if that's what you're, uh, want to use. Uh, but the preferred method is and it's all depends on the individuals because you could take ten trainers and put 'em in a room, you could get ten different answers. Uh, **** –

Sergeant James Percy: Sure.

[redacted] – based on my training and experience, uh, in working, uh, dogs on the road, uh, like I said, the pinch collar is the least, and I teach to perform, uh, the, uh, flat collar or pinch collar would be for me the, uh, more, uh, uh, of a or a preferred method.

Sergeant James Percy: You said pinch collar is preferred. So –

[redacted] No. Not preferred.

Sergeant James Percy: Right. So, what would, so, what, what would you have taught Deputy Jucatan to be the preferred method in a similar type scenario?

[redacted] They're told in the class to, uh, uh, to use, to not use a pinch col, a pinch collar, uh, for a tactical out, uh, to you, we, we, we teach others. But again, I leave that up to the individual on what they're gonna use because it's not my, uh, uh, uh, place to get into equipment. Because some guys come out and they'll have Mr. T starter kits on their dog's neck. You know? Me, me, and, uh, working things when I work a road I have one collar on my dog because, uh, we're taught with collars in a lot of ways, you know, it could be working the other side of an advantage if we're talking about collars. Uh, for instance, the subject could actually take the dog off of a bite on a pinch collar or choke chain and could cause, you know, a problem or officer safety issues, uh, in that aspect once they get control of, of, of the dog. Uh, so.

Sergeant James Percy: Okay.

[redacted]: I'm sure what, if I answered –

Sergeant James Percy: No. –

[redacted]: – question.

Sergeant James Percy: I'm just trying, like I said, I'm kind of the layman side of it.

[redacted] But there is nothing – okay. So, let's, then let's just clarify something because I don't want, I wanna make sure that we're clear. Jeremy using the pinch collar, and this might help you as well, using the pinch collar is not incorrect. I mean he can use the pinch collar but if that's the collar that he chooses to use, it's just, in my class, it's not the preferred method that we use in taking a dog off strong –

Sergeant James Percy: And in your class –

[redacted] – or hard.

Sergeant James Percy: – the preferred method is what?

[redacted] In, uh, when I teach in, in my class we teach, uh, teach with a, either a flat collar or using the electronic collar or, or if the, if they have a choke chain, they could use a choke chain, and the pinch. I mean, we showed all of 'em but most, like there is a lot of guys out there who use a pinch collar all the time and take their dogs off strong on the pinch collar all the time. And Jeremy in a lot of our training sessions has used the pinch collar and has taken his dog off strong many times as well, uh, in training with the pinch collar. Uh, uh, you know, why the dog didn't, uh, why it didn't happen there is, is, is looking at the video, uh, is, is and why the dog didn't come off is there was a, a lot other techniques going on in there, uh, that, uh, are, uh, promote, that kind of promote the dog to, uh, continue to bite.

Sergeant James Percy: Like what?

[redacted] Well, pulling back creates a drive for the dog to, uh, uh, uh, bite. Uh, there's a time in there where he's pulling back, pulling back, and then, Jeremy loses his grip and then the dog, uh, got, went in a little deeper on the bite. it was just his, his method of taking the dog off strong was, uh, not, uh, uh, uh, well.

Sergeant James Percy: Okay. So, I'm not a 100 percent into canines. Um, Sergeant Jones, here, has a little more experience with canines. I, i, is there any loose ends you think that we could ask, [redacted]

Sergeant Jones: Oh? Just – The two certifications that he did prior to this, that you're aware of, tactical out, or hard out, or taking a dog out strong, that's part of the certification. Right?

[redacted]: No.

Sergeant Jones: **** -

[redacted]: POST, POST doesn't have a require, requirement on, uh, uh, on taking a dog tactical out or, uh, strong out, or hard outs. Uh, POST doesn't have a requirement. And, Post, what they're looking at is verbal outs, verbal outing.

Sergeant Jones: Okay. But, in your professional opinion, at that moment – And, we've already discussed it. A verbal out wouldn't have been appropriate based on the, uh, the, the chance of him reengaging on somebody else -

[redacted] Mm, mm –

Sergeant Jones: - with all the chaos.

[redacted]: And, not necessarily on someone else is, uh, or another part of that subject's body in that you have to, like, you know, validate that bite as well.

Sergeant Jones: Yeah. And, uh, uh, the tactical out with a pinch collar is essentially, uh, looking for pain compliance in the dog rather than cutting off the jugular's as a flat collar would?

[redacted] Yeah. It cou – Yes. You could put it that way. It's looking more, uh, for pain compliance if the – It depends on the dog's titration level to the pain compliance on where, how strong the dog is and how much, uh, pain that they'll take, uh, to do something like that.

Sergeant Jones: And, I know you don't have the training records here, but if you recall, is Vader sensitive – You know? 'Cause some dogs are very sensitive to pinch collars and electronic collars as far as pain compliance is concerned; any little, any little nick with an e-collar or a tug with a pinch and they, um, respond immediate to, to that. Do you know what kind of dog Vader is in, ih, ih, in response to the pinch collar? Is he very sensitive to that?

[redacted] Uh, for Vader, uh, w, w, we would consider to be, uh, more of a, uh, uh, uh, not so sensitive, uh, to, uh, uh, the pinch collar, uh, um, uh, -

Sergeant Jones: So, could it be, could it be reasonable that although in training and in past circumstances he responds to a pinch collar being taken off hard, with the level of chaos going on, that he could have disregarded the, the normal, uh, pain compliance that he would have, uh, in that circumstance; that normal level of pain compliance, as far as the pinch collar is concerned? Uh, didn't work based on the chaos at that, at that scene?

[redacted] Well, if we're looking at the pain compliance with the pinch collar, the pain that comes from the pinch collar isn't, necessarily, on holding it, it would be more of the correction, the snapping of it and pulling the correction where they tighten around the neck and the, it, it – Sometimes, it's just the element of the surprise of the dog getting it while they are released. In this situation, he wasn't using it as that, he was using it to take the dog off tactically out. So, there was no real – Like, when we're on the field and we're training with Vader in, in training and we wanna give Vader a correction, it's a snap with the leash to the pinch collar that causes that pain compliance, uh, here. The pain compliance on the tactical out would be completely different.

Sergeant Jones: Okay

[redacted] **** use of the pinch collar – If, if that makes sense?

Sergeant Jones: Yeah.

Sergeant James Percy: Mm hmm.

Sergeant Jones: And then, the video, uh, - Jeremy, he says swelta three to four times –

[redacted] Yeah.

Sergeant Jones: Do you – What do you understand swelta to be?

[redacted] Swelta is the dog's out command to release the bite, and Vader failed to perform that on the out command on the out command. But, ge, generally, when we're outing a dog verbally, we're not putting, uh, the stimulus on the collar on, on the dog. Uh, uh, um, - So.

Sergeant Jones: And then, you're – So, wh – In your experience with, uh, Tritronics e-collars; which Jeremy has –

[redacted] Mm hmm?

Sergeant Jones: - a Tritronics – Uh, it looked, in, ih, - He, in his statement, uh, he looked, -

[redacted] **** -

Sergeant Jones: - he looked –

[redacted] He used it –

Sergeant Jones: - he looked like –

[redacted] He used it –

Sergeant Jones: - he tried to use –

[redacted] Yeah.

Sergeant Jones: - it or –

[redacted] Uh huh.

Sergeant Jones: - did use it.

[redacted] Exactly.

Sergeant Jones: Uh, and, it looked, to me, like it didn't have any affect. Is that what it looked like to you **** -

[redacted] It absolutely looked like that to me. It didn't have any affect; howe –

Sergeant Jones: And, and, a Tritronics collar is for the remote specifically. They have selections to operate three different collars. There's a little toggle switch.

[redacted] Correct.

Sergeant Jones: Have you ever experienced a toggle switch on those collars being switched to the wrong setting to where, uh, a handler is trying to operate that collar and it's failing because it's set to the wrong collar?

[redacted] Yes. Very easily it's done. That's why when I talk about the e-collars and in my e-collar class, uh, most of the handlers don't need a three collar, uh, uh, uh, - Though that's normally for trainers who are working multiple dogs. The, Tritronics makes other blends where they don't have that toggle switch. Uh, um, what I teach in the electronic class is to get the setting that you want it on and, then, fill it with, uh, Super Glue so that prevents the toggle switch from moving. Thus, -

Sergeant Jones: And -

[redacted] - thus, not having a malfunction in the unit.

Sergeant Jones: And, Jeremy said that he had tried a 7 high on Vader to get him to release. If you'll recall a 7 high on Vader, uh, would that normally have a – Would he usually respond to a 7 high on an e collar? Or do you not know that?

[redacted] In class? In class and when I work dogs, uh, until they learn how to properly use it and for the first time when we're doing things, I generally will work the electronic collar and, uh, then, uh, late, later on when it's turned over, when we've matched the, uh, f, uh, the, the l, the type of elevation of the collar that works for that dog, uh, he's n, Vader's, generally, always been on a three to four, three high to a four low or maybe even a four high. Uh, I don't recall ever having him on the 7. Thus, hearing that would make me to believe that the, one of those toggle switches, uh, had the unit kicked off so he wasn't getting the electronic. So, ih, that's when we talk about the equipment malfunction, uh, that, uh, equipment – It's not that it's malfunctioning, it's just mistakenly wasn't – Could've, could've been – 'Cause –

Sergeant James Percy: Mm hmm.

[redacted] - we don't know. I wasn't there. Not on the proper setting.

Sergeant James Percy: Okay.

Sergeant Jones: That's all I got.

Sergeant James Percy: I think that's all I have. It sounds like a collective – It could be a co, a collective set of circumstances. Um, but other than that, that's all the questions we have for you right now. We're gonna go off tape. It is 1218.

Billed Words: 4716

Sergeant Greg Piccinini,

I am conducting an Internal Affairs investigation in regards to an incident / arrest that occurred on **April 4, 2020**. This incident was documented in SCSO report **200404-014** and involved the deployment of Sheriff's Canine "Vader" by Canine Deputy Jeremy Jucutan.

This portion of my investigation involves the *Canine training records* for Deputy Jucutan and "Vader." Please provide me the following records ASAP.

1. All Deputy Jucutan's Canine training / certification records
2. All Canine Vader's training / certification records
3. Documentation of Deputy Jucutan's / "Vader's" deployment history
4. Any known training/deployment issues involving either Deputy Jucutan and/or "Vader" in regards to the Canine program

Since this is an ongoing investigation, please keep the content of this questionnaire confidential and only discuss it with Internal Affairs.

K-9 Team Evaluation

Obedience

Critical Tasks: **Obedience and Control of K-9**

Date
10 / 15 / 19

Handler	K9
JEREMY JUCUTAN	VADER
Evaluator [redacted]	Evaluator [redacted]
Location [redacted] K9	Equipment PINCH / HARNESS

	Pass	Fail
1. On leash	☒	☐

At the "forward" direction of the evaluator, handlers will proceed ahead with their dogs at the "heel" position and at a slow, normal, and/or quick pace at the direction of the evaluator .On leash: Two right turns, Two left turns, Two about-turns, Two stop/sits

2. Off leash with distractions	☒	☐

At the "forward" direction of the evaluator, handlers will proceed ahead with their dog sat the "heel" position and at a slow, normal, and/or quick pace at the direction of the evaluator. Off leash: Two right turns, Two left turns, Two about-turns, Two stop/sits

3. Down in Motion	☒	☐

While continuing forward at a quick pace, the handler will "down" the dog on the evaluator's command and continue to jog forward until reaching a designated point (at least 30 paces away). The handler will then turn and face the dog. At the evaluator's command, the handler will recall the dog to their location by means of voice and/or hand signal(s) to finish "heel" position.

4. Down From a Distance	☒	☐

With the dog in stand/stay or sit/stay position: The handler, from a location at least 30 paces away, will face the dog, wait for the evaluator's command, then "down" the dog by means of voice and/or hand signals. The handler will then recall the dog upon the command of the evaluator.

K-9 Team Evaluation

Apprehension

Critical Tasks: **Obedience and Control of K-9**

Date
10/15/19

Handler	K9
JEREMY JUCUTAN	VADER
Evaluator [redacted]	Evaluator's signature
[redacted]	PINCH / HARNESS / E-COLLAR NO REMOTE

1. Apprehension Without Contact

Pass ☒ Fail ☐

Control	Pursuit on command	Call off without contact
☒	☒	☒

The K-9 team will begin the exercise "off-leash" from a designated starting position. The handler will ensure that the dog remains with them and may hold the dog's collar if needed. Upon the evaluator's signal, a person acting as a "suspect" (agitator/decoy) will present himself visually at a reasonable distance (25-30 yards) from the K-9 team and begin running away. The handler will verbally order the "suspect" to stop. The "suspect" will ignore the order and continue flight. The handler will then send the dog in pursuitof the suspect and may join in the pursuit to ensure full view of the dog and "suspect." Allowing a reasonable distance (20-30 yards), the "suspect" will stop in mid-flight at the evaluator's command and stand still. When the dog is approximately half way to the decoy, the handler will verbally order the dog to abandon the apprehension. The dog must not physically contact the decoy after the "call off" command from the handler.

2. Apprehension With Contact

Pass ☒ Fail ☐

Control	Pursuit on command	Contact	Release
☒	☒	☒	☒

This exercise will duplicate the above procedure, except in this scenario the agitator/decoy will not stop and the handler will send the dog to pursue, contact, and apprehend the agitator/decoy. The handler may join in the pursuit. The dog will contact and control the agitator/decoy until called off by the handler. During the apprehension and on verbal command only from the handler, the dog will disengage the contact.

K-9 Team Evaluation

Handler Protection

Critical Tasks: **Control, Pursuit, Release**

Date: 10 / 15 / 19	
Handler: JEREMY JUCUTAN	K9: VADER
Evaluator: [redacted]	Evaluator's signature:
[redacted]	Equipment: PINCH / HARNESS / E-COLLAR NO REMOTE

	Pass	Fail
1. Physical Contact	☒	☐
2. Release	☒	☐
3. Remains Under Control	☒	☐

The handler approaches an individual (agitator/decoy) standing nearby and initiates a field interview contact. After approximately 30 seconds the agitator/decoy suddenly physically assaults the handler. The dog should react to the attack by either of the following actions:
1. "Conditioned" defense of handler, no command given;
2. Respond when called upon by the handler's verbal command.
The dog will defend the handler by making physical contact with the agitator/decoy. The dog must disengage upon a verbal command by the handler. Upon release, the dog will remain under control of the handler.

1. Building Search	☒	☐

Control	Locate	Recognition	Reasonable search time
☒	☒	☒	☒

	Pass	Fail
2. Outdoor Search	☒	☐

Control	Locate	Recognition	Reasonable search time
☒	☒	☒	☒

Upon command of the evaluator, the K-9 team will approach the designated search area on foot. At the handler's direction and command, the dog shall actively and independently search the test area until the decoy is located or the evaluator terminates the exercise. There should be a recognized signal ("alert") from the dog to the handler which indicates that the dog has located a hidden person. The handler must be able to interpret the dog's "alert" clearly enough to be able to inform the evaluator of the decoy's actual location. Once a handler has signaled the "alert" of their K-9 to the evaluator, the exercise is complete. The handler should demonstrate the ability to control the dog fully throughout all phases of the search.

Comments NAIL GUN BACKYARD

K-9 Team Evaluation

Obedience

Critical Tasks: **Obedience and Control of K-9**

Date: 4 / 10 / 2020

Handler: JEREMY JUCUTAN

K9: VADER

[redacted]

L[redacted]

Equipment: CHOKE CHAIN; E. COLLAR (NOT USED)

	Pass	Fail
1. On leash	X	

At the "forward" direction of the evaluator, handlers will proceed ahead with their dogs at the "heel" position and at a slow, normal, and/or quick pace at the direction of the evaluator .On leash: Two right turns, Two left turns, Two about-turns, Two stop/sits

2. Off leash with distractions	X	

At the "forward" direction of the evaluator, handlers will proceed ahead with their dog sat the "heel" position and at a slow, normal, and/or quick pace at the direction of the evaluator. Off leash: Two right turns, Two left turns, Two about-turns, Two stop/sits

3. Down in Motion	X	

While continuing forward at a quick pace, the handler will "down" the dog on the evaluator's command and continue to jog forward until reaching a designated point (at least 30 paces away). The handler will then turn and face the dog. At the evaluator's command, the handler will recall the dog to their location by means of voice and/or hand signal(s) to finish "heel" position.

4. Down From a Distance	X	

With the dog in stand/stay or sit/stay position: The handler, from a location at least 30 paces away, will face the dog, wait for the evaluator's command, then "down" the dog by means of voice and/or hand signals. The handler will then recall the dog upon the command of the evaluator.

K-9 Team Evaluation

Apprehension

Critical Tasks: **Obedience and Control of K-9**

Date: 4 / 10 / 2020

Handler: JEREMY JUCUTAN

K9: VADER

[redacted]

Equipment: CHOKE CHAIN; E-COLLAR (NOT USED)

	Pass	Fail
1. Apprehension Without Contact	☒	☐

Control	Pursuit on command	Call off without contact
YES	YES	YES

The K-9 team will begin the exercise "off-leash" from a designated starting position. The handler will ensure that the dog remains with them and may hold the dog's collar if needed. Upon the evaluator's signal, a person acting as a "suspect" (agitator/decoy) will present himself visually at a reasonable distance (25-30 yards) from the K-9 team and begin running away. The handler will verbally order the "suspect" to stop. The "suspect" will ignore the order and continue flight. The handler will then send the dog in pursuitof the suspect and may join in the pursuit to ensure full view of the dog and "suspect." Allowing a reasonable distance (20-30 yards), the "suspect" will stop in mid-flight at the evaluator's command and stand still. When the dog is approximately half way to the decoy, the handler will verbally order the dog to abandon the apprehension. The dog must not physically contact the decoy after the "call off" command from the handler.

	Pass	Fail
2. Apprehension With Contact	☒	☐

Control	Pursuit on command	Contact	Release
YES	YES	YES	YES

This exercise will duplicate the above procedure, except in this scenario the agitator/decoy will not stop and the handler will send the dog to pursue, contact, and apprehend the agitator/decoy. The handler may join in the pursuit. The dog will contact and control the agitator/decoy until called off by the handler. During the apprehension and on verbal command only from the handler, the dog will disengage the contact.

Date: 4/10/2020

Handler: JEREMY JUCVIAN

K9: VADER

Ev: [redacted]

[redacted] Equipment: CHOKE CHAIN; E-COLLAR (NOT USED)

	Pass	Fail
1. Tactical Out Standing Position	X	

Control	Contact on comand	Tactical Out	Release
YES	YES	YES	YES

The K-9 team will begin the exercise "off-leash" from a designated starting position. The handler will ensure that the dog remains with them and may hold the dog's collar/harness if needed. Upon the evaluator's signal, a standing person acting as a "suspect" (agitator/decoy) will agitate the K-9 Team. The handler will verbally order the "standing suspect" to stop. The "standing suspect" will ignore the order and continue to agitate. The handler will then send the dog for apprehension of the "standing suspect". The handler will then, using proper technique and within a reasonable time, Tactically Out (physically) remove the dog from the apprehension of the "standing suspect". The dog must disengage from the "standing suspect" in a reasonable amount of time and without further contact with the "standing suspect".

8.9 SECONDS

	Pass	Fail
2. Tactical Out Prone Position	X	

Control	Contact on command	Tactical Out	Release
YES	YES	YES	YES

This exercise will duplicate the above procedure, except in this scenario the acting "suspect" (agitator/decoy) will be lying flat on stomach, face down on the ground. The handler will send the dog to contact, and apprehend the "prone suspect". The dog will contact and control the "prone suspect". The handler will then, using proper technique and within a reasonable time, Tactically Out (physically) remove the dog from the apprehension of the "prone suspect". The dog must disengage from the "prone suspect" in a reasonable amount of time and without further contact with the "prone suspect".

	No Equipment	☐			Pass ☐	Fail	☐
Muzzle Fight:					Pass ☐	Fail	☐
Gunfire:	Handler	☐			Pass ☐	Fail	☐
	Decoy	☐			Pass ☐	Fail	☐

Notes:
Decoy full bite suit with loud verbal yelling. Trainer also loud verbal yelling. Task was Bite, Verbal Out, Recall. We did this 3 times on leash to standards. We also did this 3 times off leash to standards.

Equipment on K9 was choke chain and e-collar. Neither collar was used as a correction to get K9 to release the bite. Overall the K9 Team performed to standards.

The very first K9 off leash exercise, on verbal out, the K9 did release bite on out command; however, the recall command was not given by handler and K9 re-bite. The K9 then did verbal out again with handler on harness and with handler's verbal correction. This re-bite is a failure. Corrective action is 1) apply proper physical correction when K9 goes for re-bite after releasing to verbal command "Out" off the bite. 2) Handler was reminded to verbal out and verbally recall the K9 in a timely fashion once K9 releases the bite. Handler can also use harness to avoid the re-bite once K9 "Out" off the bite.

SCENARIO #2:

Search:	Open Area	☐	Low	☐	Pass ☐	Fail	☐
	Building	☐	High	☐	Pass ☐	Fail	☐
	Vehicle	☐	Off Leash	☐	Pass ☐	Fail	☐

Body Worn Camera Activation Questionnaire

On April 11, 2020, I served you with an Internal Affairs Notice (20-C-0002) regarding an incident that took place on April 4, 2020, involving the arrests of Naustachia Green and Jason Anglero-Wyrick. This case was documented in Sonoma County Sheriff's Office crime report 200404-014.

After reviewing your BWC videos, I determined you activated your first BWC video (at 1703 hours) after you had placed Green in a figure-four leg control hold. Your BWC video was turned off 2 times during this investigation and reactivated at 1720 hours and 1737 hours.

Sonoma County Sheriff's Office **Policy 425.6** outlines when a BWC is to be activated:

Unless, it would be unsafe, impossible, or impractical for the situation, members are required to activate their BWC prior to making contact when responding to all calls for service, and during any law enforcement related encounters and activities that occur while the member is on duty. Examples include, but are not limited to:

a. All enforcement and investigative contacts including arrests, pursuits, suspicious persons, detentions, and field interview (FI) situations.
b. Traffic stops including, traffic violations, traffic collisions, and stranded motorist assistance.
c. Probation or parole searches.
d. Service of search or arrest warrants.
e. Self-initiated activity in which a member would normally notify the Dispatch center.
f. During suspect interviews, Miranda Rights or 5150 W&I advisements, and obtaining verbal consent to search.
g. During building searches, searches for suspects, and building checks at alarms.
h. Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.
i. Any use of force or tactical intervention.
j. BWC's shall remain activated during detainee and/or arrestee transports.
k. Entering a cell occupied by an inmate.
    1. Exception: Directly supervising a housing unit or conducting general observation and intensive observation checks, unless a situation arises that dictates otherwise.
l. Anytime an inmate is forcibly removed from their cell.
m. Responding to inmate fights or disturbances, restraint chair placements and movement of an assaultive or uncooperative inmate.
n. Inmate experiencing a medical emergency or a Mental Health crisis.
o. There may be additional circumstances which dictate the need for BWC activation such as the inmate becoming uncooperative or resistive, or the possibility of an allegation of misconduct that arises from the contact after the initial contact begins.
p. Correctional Deputies shall not record inmates while conducting a strip search, conducting classification interviews, during a routine medical treatment that is provided

to an inmate, or during inmates' use of toilet or shower. Members may activate the BWC when the recording serves a legitimate business need. A supervisor may direct members use of the BWC during specific incidents or events. Members shall document the use of a BWC in their written incident report.

At no time is a member expected to jeopardize his/her safety in order to activate a BWC. However, the BWC should be activated in situations described above as soon as reasonably practicable.

Members assigned to the Patrol Division are required to have their BWC in buffering mode whenever they are outside of a secured Sheriff's Office facility.

425.6.1 CESSATION OF RECORDING

Once activated, the BWC shall remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Questions:

1. **Why didn't you activate your BWC when you first arrived on scene?**
2. **Why did you turn off your BWC 2 times (Once to speak with Deputy Negri and the second time to speak with Deputy Jucutan)?**

With these policies in mind, please reply to this questionnaire as soon as possible by explaining your reasoning for the delay and breaks in BWC activation. If your responses are thorough, I believe you will not need to come in for an interview.

You may consult with your representative or attorney prior to responding if you choose. With that in mind, please treat this request as a compelled statement. Yes, I am ordering you to answer all questions honestly and truthfully.

Thanks

James

[TASER Training Version 20]

TASER® CEW End-User Applicant Certification Form

PRINT LEGIBLY AND CLEARLY PLEASE!

Which CEWs were you certified on (Check all that apply): ☐ M26 ☐ X26 ☐ X26P ☒ X2 ☐ X3

Rank: DEPUTY Name: NICHOLAS MILLER

Agency: SONOMA COUNTY SO Email: NICHOLAS.MILLER@SONOMA-COUNTY.ORG

Phone: _____

Address/State/Zip: 2796 VENTURA AVE
SANTA ROSA, CA 95403

New Certification: ☒ Annual Recertification: ☐

TASER Instructor Use Only

Instructor is required to verify that applicant has successfully completed all CEW User Certification/Recertification requirements.

Number of answers correct on written exam: 50 out of 50 for the X26, X26P, X2, and X3 (90% minimum)
_____ out of 45 for the M26 (90% minimum)

90 Review entire Version 20 End-Use Certification Course PowerPoint Presentation(s)

90 Demonstrate safe handling of CEW and cartridges and proper finger positions for safe handling, aiming, and firing.

90 Safely control TASER CEW adequately when commanded "Arm - Spark - Safe" at random.

90 Demonstrate the ability to safely load and unload the TASER CEW under stress.

90 Remove and reinstall battery in TASER CEW correctly.

90 Deploy a minimum of 2 live cartridges, placing both probes in preferred target zones.

90 (X2 and X3 only) Utilize the ARC switch to re-energize deployed probes and give a warning arc

I hereby certify that the above named applicant has satisfactorily completed all components of the TASER End-User Certification, or Annual Re-Certification, training program and is hereby certified as a user of this system for one year.

Attested by Certifying Instructor: EMILY DICKEY (Print Name) _____ (Signature)

Date: 6-1-17 Location of Training: SCSO

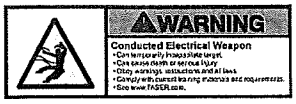
Instructor and User: Warnings, Risks & Release Agreement



TASER International, Inc. (TASER) conducted electrical weapon (CEW) training courses are physically strenuous and there is a risk of personal injury. **BEFORE any TASER CEW training or CEW exposure, all persons MUST read the most current TASER CEW warnings and read and sign this form.** This document incorporates all current TASER CEW warnings by reference. This document is effective **January 23, 2015**, and supersedes all prior revisions.

IMPORTANT SAFETY AND HEALTH INFORMATION

Read, understand, and follow all current instructions, warnings, and relevant TASER training materials before experiencing a CEW exposure or before participating in TASER CEW training. Failure to do so could increase the risk of death or serious injury to the trainee, user, force recipient, or others. Always follow all current instructions, warnings, and TASER training materials to minimize CEW risks.

TRAINING CEW EXPOSURES

Voluntary. TASER does not require a CEW exposure as a condition for Instructor or User Certification. It is up to each agency to determine whether its instructors and users experience a CEW exposure as part of training. If CEW exposures are performed, they must be limited to a single exposure not exceeding 5 seconds and performed in accordance with TASER's guidelines and by a Certified TASER Instructor.[1]

Probe Deployments to Back Only. Cartridge deployed probes must be to the back of the torso or back of the legs only.

Spotters. All persons taking a CEW exposure must be properly supported by spotters to prevent falls unless lying down on a mat. Each spotter must hold the person and support the arm under the armpit to prevent arm or shoulder injuries.

Eye Protection. Eye protection is required for the CEW operator, observers, spotters and the person being exposed to any probe deployment.

SAFETY INFORMATION: CEW RISKS AND RISK AVOIDANCE

WARNING **Muscle Contraction or Strain-Related Injury.** CEWs in probe-deployment mode can cause muscle contractions that may result in injury, including bone fractures. CEWs in probe-deployment mode can cause muscle contractions resulting in injuries similar to those from physical exertion, athletics, or sports, including hernia rupture, dislocation, tear, or other injury to soft tissue, organ, muscle, tendon, ligament, cartilage, disc, nerve, bone, or joint; or injury or damage associated with or to orthopedic or other hardware. Fractures to bone, including compression fracture to vertebrae, may occur. These injuries may be more serious and more likely to occur in people with pre-existing injuries, orthopedic hardware, conditions or special susceptibilities, including pregnancy; low bone density; spinal injury; or previous muscle, disc, ligament, joint, bone, or tendon damage or surgery. Such injuries may also occur in drive-stun applications or when a person reacts to the CEW deployment by making a rapid or unexpected movement.

WARNING **Secondary Injury.** The loss of control resulting from a CEW exposure may result in injuries due to a fall or other uncontrolled movement. When possible, avoid using a CEW when secondary injuries are likely.

Seizure. Repetitive stimuli (e.g., flashing light or electrical stimuli) can induce seizure in some people, which may result in death or serious injury. This risk may be increased in a person with epilepsy, a seizure history, or if electrical stimuli pass through the head. Emotional stress and physical exertion, both likely in incidents involving CEW and other uses of force, are reported as seizure-precipitating factors.

Fainting. A person may experience an exaggerated response to a CEW exposure, or threatened exposure, which may result in fainting or falling.

Muscle contraction, incapacitation, or startle response. CEW use may cause loss of control from muscle contraction, incapacitation, or startle response.

WARNING **Cumulative Effects.** CEW exposure causes certain effects, including physiologic and metabolic changes, stress, and pain. In some individuals, the risk of death or serious injury may increase with cumulative CEW exposure. Repeated, prolonged, or continuous CEW applications may contribute to cumulative exhaustion, stress, cardiac, physiologic, metabolic, respiratory, and associated medical risks which could increase the risk of death or serious injury. Minimize repeated, continuous, or simultaneous exposures.

Physiologic and Metabolic Effects. CEW use causes physiologic and/or metabolic effects that may increase the risk of death or serious injury. These effects include changes in blood chemistry, blood pressure, respiration, heart rate and rhythm, and adrenaline and stress hormones, among others. In human studies of electrical discharge from a single CEW of up to 15 seconds, the effects on acid/base balance, creatine kinase, electrolytes, stress hormones, and vital signs were comparable to or less than changes expected from physical exertion similar to struggling, resistance, fighting, fleeing, or from the application of some other force tools or techniques. Some individuals may be particularly susceptible to the effects of CEW use. These susceptible individuals include the elderly, those with heart conditions, asthma or other pulmonary conditions, and people suffering from excited delirium, profound agitation, severe exhaustion, drug intoxication or chronic drug abuse, and/or over-exertion from physical struggle. In a physiologically or metabolically compromised person, any physiologic or metabolic change may cause or contribute to sudden death.

Stress and Pain. CEW use, anticipation of use, or response to use can cause startle, panic, fear, anger, rage, temporary discomfort, pain, or stress which may be injurious or fatal to some people.

Minimize the number and duration of CEW exposures. Most human CEW lab testing has not exceeded 15 seconds of CEW application, and none has exceeded 45 seconds. Use the shortest duration of CEW exposure objectively reasonable to accomplish lawful objectives, and reassess the subject's behavior, reaction, and resistance before initiating or continuing the exposure. If a CEW deployment is ineffective in incapacitating a subject or achieving compliance, consider alternative control measures in conjunction with or separate from the CEW.

Avoid simultaneous CEW exposures. Do not use multiple CEWs or multiple completed circuits at the same time without justification. Multiple CEWs or multiple completed circuits at the same time could have cumulative effects and result in increased risks.

Control and restrain immediately. Begin control and restraint procedures, including during CEW exposure (cuffing under power), as soon as reasonably safe and practical to minimize CEW cumulative effects and the total duration of exertion and stress experienced by the subject.

Avoid touching probes/wires during CEW discharge. Controlling and restraining a subject during CEW exposure may put the CEW user and those assisting at risk of accidental or unintended shock. Avoid touching the probes and wires and the areas between the probes during the electrical discharge.

WARNING **Cardiac Capture.** CEW exposure in the chest area near the heart has a low probability of inducing extra heart beats (cardiac capture). In rare circumstances, cardiac capture could lead to cardiac arrest. When possible, avoid targeting the frontal chest area near the heart to reduce the risk of potential serious injury or death. Cardiac capture may be more likely in children and thin adults because the heart is usually closer to the CEW-delivered discharge (the dart-to-heart distance). Serious complications could also arise in those with impaired heart function or in those with an implanted cardiac pacemaker or defibrillator.

Use preferred target areas. The preferred target areas are below the neck area for back shots and the lower center mass (below chest) for front shots. The preferred target areas increase dart-to-heart distance and reduce cardiac risks. Back shots are preferable to front shots when practicable.

Avoid sensitive areas. When practicable, avoid intentionally targeting the CEW on sensitive areas of the body such as the face, eyes, head, throat, chest area (area of the heart), breast, groin, genitals, or known pre-existing injury areas.

SAFETY INFORMATION: INJURY OR INFECTION

WARNING **Eye Injury Hazard.** A TASER probe, electrode, or electrical discharge that contacts or comes close to an eye can result in serious injury, including permanent vision loss. DO NOT intentionally aim a CEW, including the LASER, at the eye of a person or animal without justification.

WARNING **Probe or Electrode Injury, Puncture, Scarring, or Infection Hazard.** CEW use may cause a permanent mark, burn, scar, puncture, or other skin or tissue damage. Infection could result in death or serious injury. Scarring risk may be increased when using a CEW in drive-stun mode. Increased skin irritation, abrasion, mark, burning, or scarring may occur with a CEW with multiple cartridge bays when used in drive-stun or three-point deployment modes.

WARNING **Penetration Injury.** The TASER probe has a small dart point which may cause a penetration injury to a blood vessel or internal organ, including lung, bone, or nerve. The probe or dart point (which may detach or break) can puncture or become embedded into a bone, organ, or tissue, which may require immediate

[1] A Certified TASER Instructor is not a TASER agent, but maintains a current TASER instructor certification and complies with TASER's most current training requirements, materials and license agreement. Representations inconsistent with this document made by any Certified TASER Instructor are expressly disclaimed.

TASER TRAINING ACADEMY

VERSION 20

TASER® Conducted Electrical Weapons (CEWs)
Part 2: X2 Certification Test

PRINT LEGIBLY AND CLEARLY PLEASE!

Name: NICHOLAS MILLER New Certification [X] / Recertification [ ]

Agency: SONOMA COUNTY SHERIFF

Training Date: 6/1/17 Location: SCSO

1. The ARC switch can be used to:
   A. Initiate the warning arc
   B. Toggle between cartridges
   C. Re-energize deployed cartridges
   D. All of the above

2. A warning arc can be displayed on the X2 without discharging loaded cartridges.
   A. True
   B. False

3. The Automatic-Shutdown Performance Power Magazine (APPM) automatically stops the TASER cycle after 5 seconds even if the trigger is held down.
   A. True
   B. False

4. An X2 set to semi-automatic mode will advance to the next live cartridge once a cartridge is deployed and the trigger is released. A second trigger pull will discharge the second cartridge.
   A. True
   B. False

5. If an X2 has a PPM, TPPM, or TASER Cam (without auto-shutdown) for a power source, and the trigger is held down beyond the 5-second cycle, the X2 will continue to cycle until the trigger is release or the batteries (PPM) drains.
   a. True
   b. False

6/1/17

TASER TRAINING ACADEMY

VERSION 20

TASER® Conducted Electrical Weapons (CEWs)
Part 1: End User Certification Test

PRINT LEGIBLY AND CLEARLY PLEASE!

Name: NICHOLAS MILLER New Certification ☒ / Recertification ☐

Agency: SONOMA COUNTY SHERIFF

Training Date: 6/1/17 Location: SCSO

1. The Nervous System consist of the following:
   a) Central Nervous System - Command Center (brain and spinal cord)
   b) Motor Nervous System – Carries commands from the brain to muscles (NMI systems affect BOTH the Sensory and motor Nerves)
   c) Sensory Nervous System – Brings information into the brain (effected by stun systems)
   d) All of the above

2. In considering the use of a CEW:
   a) Do not use for verbal defiance
   b) Do not use for belligerence
   c) Do not use for punishment
   d) Do not use for horse play
   e) All of the above

3. The preferred target areas (with the exception of sensitive CEW target areas) for CEW exposure:
   a) Lower center mass (below chest or area of the heart) and legs for front exposure
   b) Below the neck area for back exposures
   c) Anywhere on the person's body
   d) a and b
   e) a and b (with the back being the most preferred area)

4. True/False As with any use of force, the longer the CEW exposure the greater the risk of potential cumulative physiologic, metabolic, and other effects.

5. True/False The officer should avoid intentionally targeting the CEW on sensitive areas of the body such as the head, throat, breast, chest or area of the heart, genitals, or known pre-existing injury areas without legal justification.

6. True/False Probe deployments are usually more desirable/effective than drive stuns.

6-1-17

17. During CEW voluntary exposures which of the following are required safety rules?
    a) Always use two spotters when volunteer is standing
    b) Spotters must hold volunteers closely under the armpit to stabilize the shoulder and upper arm and avoid twisting their shoulder
    c) The volunteer should be safely supported and carefully lowered to the ground
    d) All of the above

18. The handheld electronic weapons manufactured by TASER are referred to as:
    a) Electronic Control Weapons
    b) Shock devices
    c) Conducted Electrical Weapons
    a) Conducted Energy Weapons

19. The standard CEW cycle if the trigger is pulled and released is:
    a) 10 seconds
    b) 5 seconds
    c) 4 seconds
    d) The cycle always stops as soon as the trigger is released

20. A daily 5-second CEW spark/functionality test is recommended to:
    a) Ensure the CEW is sparking and functioning properly
    b) Create muscle memory
    c) Practice drawing and holstering the CEW
    d) Teach proper CEW safety

21. TASER does not establish, recommend or endorse;
    a) Use of force procedures, policies, or general orders
    b) Department policies, procedures, or general orders
    c) Tactics
    d) All of the above

22. Activated CEWs can ignite:
    a) Gasoline and gasoline vapors
    b) Butane
    c) Some personal defense sprays
    d) Some hair sprays or gels
    e) All of the above

23. A CEW application on a person can cause physiologic or metabolic effects, including, but not limited to, changes in:
    a) Blood Chemistry
    b) Heart rate, and rhythm
    c) Blood pressure
    d) Respiration
    e) Adrenaline and Stress hormones
    f) Other effects
    g) All of the above

24. Examples of persons who are at an elevated risk of secondary effects from a CEW exposure include:
    a) Running persons
    b) Persons in elevated positions
    c) Persons in a flammable environment
    d) All of the above

K-9 Team Evaluation

Obedience

Critical Tasks: **Obedience and Control of K-9**

Date
10 / 15 / 19

Handler	K9
JEREMY JUCUTAN	VADER
Evaluator [redacted]	Evaluator's signature [redacted]
Location [redacted] K9	Equipment PINCH / HARNESS

	Pass	Fail
1. On leash	☒	☐

At the "forward" direction of the evaluator, handlers will proceed ahead with their dogs at the "heel" position and at a slow, normal, and/or quick pace at the direction of the evaluator .On leash: Two right turns, Two left turns, Two about-turns, Two stop/sits

2. Off leash with distractions	☒	☐

At the "forward" direction of the evaluator, handlers will proceed ahead with their dog sat the "heel" position and at a slow, normal, and/or quick pace at the direction of the evaluator. Off leash: Two right turns, Two left turns, Two about-turns, Two stop/sits

3. Down in Motion	☒	☐

While continuing forward at a quick pace, the handler will "down" the dog on the evaluator's command and continue to jog forward until reaching a designated point (at least 30 paces away). The handler will then turn and face the dog. At the evaluator's command, the handler will recall the dog to their location by means of voice and/or hand signal(s) to finish "heel" position.

4. Down From a Distance	☒	☐

With the dog in stand/stay or sit/stay position: The handler, from a location at least 30 paces away, will face the dog, wait for the evaluator's command, then "down" the dog by means of voice and/or hand signals. The handler will then recall the dog upon the command of the evaluator.

Distractions/Comments
NAVAL GUN BACKGROUND, DUMP TRUCK BACK UP NOISE

K-9 Team Evaluation

Apprehension

Critical Tasks: **Obedience and Control of K-9**

Date	
	10/15/19

Handler	K9
JEREMY JUCUTAN	VADER
Evaluator [redacted]	Evaluator's signature
[redacted]	PINCH / HARNESS / E-COLLAR NO REMOTE

1. Apprehension Without Contact

Pass ☒ Fail ☐

Control	Pursuit on command	Call off without contact
☒	☒	☒

The K-9 team will begin the exercise "off-leash" from a designated starting position. The handler will ensure that the dog remains with them and may hold the dog's collar if needed. Upon the evaluator's signal, a person acting as a "suspect" (agitator/decoy) will present himself visually at a reasonable distance (25-30 yards) from the K-9 team and begin running away. The handler will verbally order the "suspect" to stop. The "suspect" will ignore the order and continue flight. The handler will then send the dog in pursuitof the suspect and may join in the pursuit to ensure full view of the dog and "suspect." Allowing a reasonable distance (20-30 yards), the "suspect" will stop in mid-flight at the evaluator's command and stand still. When the dog is approximately half way to the decoy, the handler will verbally order the dog to abandon the apprehension. The dog must not physically contact the decoy after the "call off" command from the handler.

2. Apprehension With Contact

Pass ☒ Fail ☐

Control	Pursuit on command	Contact	Release
☒	☒	☒	☒

This exercise will duplicate the above procedure, except in this scenario the agitator/decoy will not stop and the handler will send the dog to pursue, contact, and apprehend the agitator/decoy. The handler may join in the pursuit. The dog will contact and control the agitator/decoy until called off by the handler. During the apprehension and on verbal command only from the handler, the dog will disengage the contact.

K-9 Team Evaluation

Handler Protection

Critical Tasks: **Control, Pursuit, Release**

Date: 10 / 15 / 19	
Handler: JEREMY JUCUTAN	K9: VADER
Evaluator: [redacted]	Evaluator's signature:
[redacted]	Equipment: PINCH / HARNESS / E-COLLAR NO REMOTE

	Pass	Fail
1. Physical Contact	☒	☐
2. Release	☒	☐
3. Remains Under Control	☒	☐

The handler approaches an individual (agitator/decoy) standing nearby and initiates a field interview contact. After approximately 30 seconds the agitator/decoy suddenly physically assaults the handler. The dog should react to the attack by either of the following actions:
1. "Conditioned" defense of handler, no command given;
2. Respond when called upon by the handler's verbal command.
The dog will defend the handler by making physical contact with the agitator/decoy. The dog must disengage upon a verbal command by the handler. Upon release, the dog will remain under control of the handler.

	Pass	Fail
1. Building Search	☒	☐

Control	Locate	Recognition	Reasonable search time
☒	☒	☒	☒

	Pass	Fail
2. Outdoor Search	☒	☐

Control	Locate	Recognition	Reasonable search time
☒	☒	☒	☒

Upon command of the evaluator, the K-9 team will approach the designated search area on foot. At the handler's direction and command, the dog shall actively and independently search the test area until the decoy is located or the evaluator terminates the exercise. There should be a recognized signal ("alert") from the dog to the handler which indicates that the dog has located a hidden person. The handler must be able to interpret the dog's "alert" clearly enough to be able to inform the evaluator of the decoy's actual location. Once a handler has signaled the "alert" of their K-9 to the evaluator, the exercise is complete. The handler should demonstrate the ability to control the dog fully throughout all phases of the search.

K-9 Team Evaluation

Obedience

Critical Tasks: **Obedience and Control of K-9**

Date: 4 / 10 / 2020

Handler: JEREMY JUCUTAN

K9: VADER

[redacted]

L[redacted]

Equipment: CHOKE CHAIN; E. COLLAR (NOT USED)

	Pass	Fail
1. On leash	X	

At the "forward" direction of the evaluator, handlers will proceed ahead with their dogs at the "heel" position and at a slow, normal, and/or quick pace at the direction of the evaluator .On leash: Two right turns, Two left turns, Two about-turns, Two stop/sits

2. Off leash with distractions	X	

At the "forward" direction of the evaluator, handlers will proceed ahead with their dog sat the "heel" position and at a slow, normal, and/or quick pace at the direction of the evaluator. Off leash: Two right turns, Two left turns, Two about-turns, Two stop/sits

3. Down in Motion	X	

While continuing forward at a quick pace, the handler will "down" the dog on the evaluator's command and continue to jog forward until reaching a designated point (at least 30 paces away). The handler will then turn and face the dog. At the evaluator's command, the handler will recall the dog to their location by means of voice and/or hand signal(s) to finish "heel" position.

4. Down From a Distance	X	

With the dog in stand/stay or sit/stay position: The handler, from a location at least 30 paces away, will face the dog, wait for the evaluator's command, then "down" the dog by means of voice and/or hand signals. The handler will then recall the dog upon the command of the evaluator.

K-9 Team Evaluation

Apprehension

Critical Tasks: **Obedience and Control of K-9**

Date: 4 / 10 / 2020

Handler: JEREMY JUCUTAN

K9: VADER

[redacted]

Equipment: CHOKE CHAIN; E-COLLAR (NOT USED)

	Pass	Fail
1. Apprehension Without Contact	☒	☐

Control	Pursuit on command	Call off without contact
YES	YES	YES

The K-9 team will begin the exercise "off-leash" from a designated starting position. The handler will ensure that the dog remains with them and may hold the dog's collar if needed. Upon the evaluator's signal, a person acting as a "suspect" (agitator/decoy) will present himself visually at a reasonable distance (25-30 yards) from the K-9 team and begin running away. The handler will verbally order the "suspect" to stop. The "suspect" will ignore the order and continue flight. The handler will then send the dog in pursuitof the suspect and may join in the pursuit to ensure full view of the dog and "suspect." Allowing a reasonable distance (20-30 yards), the "suspect" will stop in mid-flight at the evaluator's command and stand still. When the dog is approximately half way to the decoy, the handler will verbally order the dog to abandon the apprehension. The dog must not physically contact the decoy after the "call off" command from the handler.

	Pass	Fail
2. Apprehension With Contact	☒	☐

Control	Pursuit on command	Contact	Release
YES	YES	YES	YES

This exercise will duplicate the above procedure, except in this scenario the agitator/decoy will not stop and the handler will send the dog to pursue, contact, and apprehend the agitator/decoy. The handler may join in the pursuit. The dog will contact and control the agitator/decoy until called off by the handler. During the apprehension and on verbal command only from the handler, the dog will disengage the contact.

K-9 Team Evaluation

Tactical Out

***Critical Tasks: Proper Technique and* Control of K-9**

Date: 4 / 10 / 2020

Handler: JEREMY JUCVIAN

K9: VADER

Ev: [redacted]

[redacted]

Equipment: CHOKE CHAIN; E-COLLAR (NOT USED)

	Pass	Fail
1. Tactical Out Standing Position	X	

Control	Contact on comand	Tactical Out	Release
YES	YES	YES	YES

The K-9 team will begin the exercise "off-leash" from a designated starting position. The handler will ensure that the dog remains with them and may hold the dog's collar/harness if needed. Upon the evaluator's signal, a standing person acting as a "suspect" (agitator/decoy) will agitate the K-9 Team. The handler will verbally order the "standing suspect" to stop. The "standing suspect" will ignore the order and continue to agitate. The handler will then send the dog for apprehension of the "standing suspect". The handler will then, using proper technique and within a reasonable time, Tactically Out (physically) remove the dog from the apprehension of the "standing suspect". The dog must disengage from the "standing suspect" in a reasonable amount of time and without further contact with the "standing suspect".

8.9 SECONDS

	Pass	Fail
2. Tactical Out Prone Position	X	

Control	Contact on command	Tactical Out	Release
YES	YES	YES	YES

This exercise will duplicate the above procedure, except in this scenario the acting "suspect" (agitator/decoy) will be lying flat on stomach, face down on the ground. The handler will send the dog to contact, and apprehend the "prone suspect". The dog will contact and control the "prone suspect". The handler will then, using proper technique and within a reasonable time, Tactically Out (physically) remove the dog from the apprehension of the "prone suspect". The dog must disengage from the "prone suspect" in a reasonable amount of time and without further contact with the "prone suspect".

GOFUNDME https://gf.me/u/xwf3r4

TRIGGER WARNING! On April 4, 2020 a 35 year old male woke up from a nap to his house being raided by the police. He walks outside with his hands in the air in attempts to create obvious compliance. He is then tasered and brutalized by a police dog. As of April 8, 2020 he remains hospitalized in Santa Rosa, Ca.

They did not have a search or seizure warrant when the incident occurred because he is on parole for a felony from 9 years ago. He has since graduated college with an AA in sociology. The reason for the home invasion by Sonoma County Sheriffs was a call from an unreliable informant that claimed he had a weapon. The informant later became uncooperative with the police. The victim was taking nap when this incident occurred. The property was searched and nothing was found. The dog bite victim is currently facing charges for "resisting arrest."

This information was obtained via in person interview with the wife of the victim (woman standing in front of him)

To Ms. Kolman:

The Sonoma County Sheriff's Office is in the process of conducting an investigation (as referenced in Internal Affairs Investigation number 20-IA-0002). As part of this investigation, the Sheriff's Office is requesting access to all medical/mental health records pertaining to former Inmate Naustachia Green (Date of Birth [redacted] for the time period of April 4, 2020 through April 5, 2020.

Please provide Sgt. James Percy with copies of all the requested medical records above.

Thank you for your assistance.

Sincerely,

MARK ESSICK
Sheriff-Coroner
