[redacted] ([redacted] **Tre Monte Lane) INTERVIEW:**

On Monday, August 01, 2022, at approximately 1443 hours, I spoke with [redacted] via telephone. [redacted] was identified as the resident who lives at [redacted] Tre Monte Lane. During my preliminary investigation, I learned that David Pelaez had carjacked a vehicle at a neighboring address ([redacted] Tre Monte Lane) and had driven the carjacked vehicle through [redacted] property which runs adjacent. In doing so, Pelaez rammed through and destroyed two gates on [redacted] property.

After reviewing a map and following Pelaez's course of travel, I determined that Pelaez had carjacked the vehicle at [redacted] Tre Monte Lane, traveled through several vineyards on the property, then proceeded through [redacted] property at [redacted] Tre Monte Lane.

I also learned that the area where Pelaez had abandoned the carjacked vehicle was in between the property line of [redacted] Tre Monte Lane and [redacted] Tre Monte Lane.

During the date and time of the incident, [redacted] told me that he had no interaction with Pelaez but had seen him from a distance through binoculars as Pelaez was running away in the eastbound direction from [redacted] residence at [redacted] Tre Monte Lane.

As far as property damage, [redacted] described that two of his vineyard gates had been destroyed as well as approximately 150 feet of vineyard fence. [redacted] told me that each gate would cost approximately $700 to replace before factoring in the cost of labor, hardware and paint. [redacted] was unable to tell me the cost of having the vineyard fence replaced.

Before ending the call, I answered several of [redacted] questions regarding the scope of SRPD's investigation. I advised [redacted] would be listed as the victim of a vandalism (594 PC) and ended the call.

[redacted] provided me with numerous photos showing his damaged property. It appeared as though all the damage was the result of Pelaez ramming a vehicle through the gates. The photos were uploaded into Evidence.com.

My interview with [redacted] was audio recorded. The recording was uploaded into Evidence.com. This report is a summary of my interview and not a transcript.
