[redacted] **([redacted] Tre Monte Ln) INTERVIEW:**

On Friday, July 29, 2022, at approximately 1727 hours, I responded to [redacted] Tre Monte Lane in order to contact witnesses regarding this incident. It should be noted that this residence is located approximately 2100 feet southwest of [redacted] Tre Monte Lane and approximately 600 feet from the ditch where Pelaez had abandoned the carjacked vehicle. (For reference, [redacted] Tre Monte Lane is the residence where Pelaez trespassed onto before smashing a window and committed a carjacking).

Detective Gillotte interviewed [redacted] who is the owner of [redacted] Tre Monte Lane. According to [redacted], he encountered Pelaez on his property. He reported that Pelaez was disheveled, out-of-sorts and holding several large rocks in his hands. Based on Pelaez's physical condition, and the fact that Pelaez had trespassed onto his rural property, he retrieved a firearm from his residence and called law enforcement. See Detective Gillotte's supplemental report (#04) for further information.

While on scene, I spoke with [redacted] who was identified as [redacted] wife. In summary, [redacted] told me that earlier in the morning, she was working in her backroom when she heard voices outside her home. [redacted] looked through her security cameras and located a subject, later identified as Pelaez, walking up her driveway.

[redacted] stated that she woke up [redacted] and they both went outside to check on Pelaez. [redacted] described Pelaez as appearing upset and disheveled. [redacted] saw that Pelaez had several large rocks in his possession which she believes Pelaez had retrieved from her landscaping. [redacted] stated that [redacted] began to communicate with Pelaez in Spanish then directed her to go inside and call the police.

[redacted] eventually came back outside and saw that [redacted] was still attempting to communicate with Pelaez in Spanish. [redacted] described Pelaez's demeanor as "agitated" and "out-of-sorts." At one point, [redacted] said that Pelaez dropped to his knees and appeared to plead for something. [redacted] did not know what Pelaez was saying because he was speaking Spanish. It was apparent to [redacted] that there was something wrong with Pelaez.

[redacted] told me that she had never seen Pelaez before and she did not know who he was.

[redacted] had no additional contact with Pelaez.

Later on, I reviewed the surveillance video obtained from [redacted] Tre Monte Lane. The video was uploaded into Evidence.com by Detective Gillotte.

It should be noted that my interview with [redacted] was recorded on my body camera. This report is a summary of the interview and not intended to be a transcript.
