SUPPLEMENTAL REPORT:

On 6/29/2022 at approximately 2200 hours, I contacted the Clear Lake Police Department in an attempt to identify the suspect that was shot in the critical incident.

Once the body was processed, Santa Rosa Police Technicians obtained an ID card from the suspects wallet. The ID card stated the subjects name was [redacted] with a birth date of [redacted]. He had a listed address of [redacted]., Santa Rosa CA, 95422.

I noted there is no address in Santa Rosa with that street name. I did recognize the area code as being a Lake County area code. I typed the above listed address in on Google maps and saw that it was a real address in the town of Clear Lake.

I also learned that prior to the critical incident, a suspicious vehicle had been located at an address off Highway 128. It was believed the vehicle was related to the suspect who was shot based on the proximity of the initial break in the suspect committed. The vehicle was a 2008 Nissan Altima registered to [redacted] at [redacted]. Clear Lake CA.

I contacted the Clear Lake Police Department and asked them to do an attempt to contact at both above addresses. A short time later, Officer Harden #195 contacted me and advised me the residents at the above address did not recognize the name of [redacted].

During the process of the body, SRPD Evidence Technicians noted the suspect had the tattoo of "Pelaez" across his upper back. I sent a photo of the ID card I had and the info of the tattoo to Officer Harden.

A short time later, Officer Harden called me back and informed me he had located the brother of the subject's ID card I had send him. Officer Harden stated the subject he contacted had the name of [redacted] with a birth date of [redacted]. Officer Harden contacted him at [redacted] 31st Ave., Clear Lake CA, 95422. He provided me a phone number of [redacted].

I told Officer Harden to inform Chavez that Santa Rosa PD Detectives would contact him in the morning to come and speak to him.

On 6/30/2022, SRPD Violent Crimes Detectives responded to Chavez's residence to speak to him. Refer to Detective Rantissi's supplemental report for further details regarding the interview and the death notification.
