SUPPLEMENT:

On 07/29/22 at 1111 hours while at my residence, I was contacted by Field Evidence Technician (FET) Fix. She requested assistance with a critical incident. An officer involved shooting had occurred involving two Sonoma County Sheriff's deputies, and requested I respond to the SCSO for a briefing on the incident.

I arrived at 2796 Ventura Avenue (SCSO) at 1300 hours for briefing. FETs Fix, Brady, and Rowsey were also in attendance.

In essence, the incident occurred in several remote locations in Healdsburg. SCSO deputies were first called to a suspicious vehicle parked in the 10800 block of Highway 128. The vehicle was unoccupied and nothing appeared suspicious. A second call came in a short time later from the homeowner of [redacted] Tre Monte Lane, stating an unknown male threw a large rock through his bedroom window. The male was acting strange and screaming at the homeowner, so the homeowner armed himself and shot two "warning shots" to scare the male off. The male ran off, and then stole the homeowner's gardener's vehicle. The male smashed the vehicle through several gates, fences and tore through a vineyard, finally coming to rest in a ravine. The male exited the vehicle and ran to a nearby residence in the area of [redacted] Thomas Road, where he stole a John Deer gator ATV. The male traveled further into a remote area on the ATV as the deputies followed him. He got the ATV stuck between some trees and fled on foot. The deputies tracked the male though a creek and up into a very remote location on a hillside, where eventually the male was shot by one of the deputies.

After briefing, we discussed the incident and it was decided FET Fix and Brady would respond to the main scene of the shooting, and FET Rowsey and myself would process the involved deputies. We were also responsible for photography and any evidence collection needed at the other involved locations. (See FET Fix, FET Brady, and FET Rowsey's supplements for further).

I responded to [redacted] Industrial Drive, suite [redacted] to meet with the involved deputies. Violent Crimes Det. Andrews and FET Rowsey were also present. FET Rowsey was responsible for photographing each deputy (See her supplement for further).

I collected the following items:

DEPUTY MIKE DIETRICK:

Item 21 Blk UNDER ARMOUR boots, size 13, with apparent blood stains

Item 22 Grn 511 tactical trousers, size 38x34, with apparent blood stains

Item 23 Two sets of handcuffs

Item 24 Blk GLOCK 22 .40 cal handgun, ser [redacted]

Item 25 Blk GLOCK magazine containing (12) Hornady .40 cal bullets, removed from Item 24

Item 26 One Hornady .40 cal bullet located in the chamber of Item 24

DEPUTY ANTHONY POWERS:

Item 27 Grn 511 tactical trousers, size 36x32, with apparent blood stains

Item 28 Blk BB cap with SC Sheriff's logo on front, located in R side pocket of Item 27

Item 29 Blk KERSHAW knife, located in R front pocket of Item 27

Item 30 Blk tourniquet located in L side pocket of Item 27

Item 31 Tan EBECO long-sleeve shirt, size 34/35, with apparent blood stains

I returned to the SRPD and placed Items 26-31 into a secured evidence locker.

I was contacted by VCI Det. Matt White. He requested I respond to [redacted] Tre Monte Lane for photographs and evidence collection. FET Rowsey and I responded to the location and met with Det. White and Det. Rantissi.

The residence at [redacted] Tre Monte Lane was located at the top of a hill. The private road leading to the residence was narrow and winding, and there were several secured gates along the drive which required a private passcode. The incident occurred on the east side of the residence in a courtyard. This courtyard was vast and contained numerous trees, shrubs, a fountain, and an in-ground hot tub. It was surrounded by a wooden perimeter fence. There were two entry/exit doors on the east side of the residence. One leading into the master bedroom suite, and one leading into an office. The suspect had thrown a large landscape rock through the master bedroom door which was approximately 12' tall with a large glass window. Workers were currently on scene repairing the window while we were present.

Two cartridge cases were located in the rocks approximately 30 feet east of the office entry/exit doors. After FET Rowsey photographed the area, I placed a yellow evidence placard (EP) down to mark each casing. Additional photographs were taken with the placards in place and I collected the cases (EP 1/Item 32), (EP2/Item 33).

VCI Det. White requested I respond to the area of [redacted] Thomas Road to photograph a stolen ATV left on a remote trail east of the residence. I responded with Det. Fix and met with SCSO deputies. They transported me via ATV to the scene of the stolen ATV, which was approximately one mile east of the residence, in a dry creek bed.

The John Deere Gator contained miscellaneous tools and three large landscaping rocks. I took photographs of the ATV and the surrounding area.

I cleared the scene and returned to the station.

On 08/01/22 I took additional photographs of Items 21-33 and booked them into SRPD Evidence Safe Tracker. I imported my digital photographs into Evidence.com.
