[redacted] **(Pelaez's supervisor) INTERVIEW:**

On August 02, 2022, I interviewed [redacted] via telephone. I learned that Pelaez was employed through Patterson Taber General Engineering Inc. after locating a paycheck stub in his vehicle. After contacting the company, I was told that [redacted] was Pelaez's supervisor.

During my interview, [redacted] told me that he heard about the incident involved Pelaez from his boss. [redacted] told me that Pelaez had worked under him for approximately two months. During that time, [redacted] stated that Pelaez got along with his co-workers and appeared to be a well-mannered employee.

[redacted] told me that when he was first hired, Pelaez embellished his work history and much of his work had to be redone. [redacted] stated that Pelaez was typically apologetic when he made errors.

I asked [redacted] if he ever suspected Pelaez was using drugs. [redacted] told me there was no indication Pelaez was a drug user, but he did believe Pelaez was an alcoholic. [redacted] told me that Pelaez would often store cans of beer in his ice chest so he could consume them on the way home. [redacted] believed that Pelaez was arrested for DUI in the past, but he did not know when.

I asked [redacted] about Pelaez's understanding of English. [redacted] told me that Pelaez spoke "broken English," but appeared to understand basic conversations.

[redacted] had no other relevant information to provide, and the interview was ended.

My interview with [redacted] was audio recorded. Please review recording for additional details.
