On 10-15-22 at approximately 2213 hours, I responded to the area of [redacted], Sonoma, regarding a subject who threw a chair at a Limo and was armed with a firearm. While responding to the location mentioned above, I heard via the radio that the suspect, later identified as Nathan Smart, had shot at deputies.

On arrival, the suspect, Smart, was transported to a hospital, and I was tasked with checking the surrounding area.

I very briefly contacted [redacted], who stated she was watching a movie with her son at [redacted] and heard approximately three shots being fired. [redacted] then ran to her window and observed a Hispanic male running behind the area where the incident occurred.

I eventually walked to the front of 465 1st street West (Stiner's Tavern), where I contacted one of the employees, [redacted]; she provided me with the following brief statement.

[redacted] told me Smart walked to the front of the bar via the small ally located to the south of the bar. Smart then grabbed a table or chair and threw it on a black limousine (CA 8MVX575), which caused damage to it. Smart then reached into his front waistband and took out a black object. [redacted] told me that after a brief second, she realized the black object was a firearm, and Smart was then negligently waving the firearm around. It should be noted that this area was in front of Stiner's, which is a heavily populated bar with various people outside, and near Sonoma Square, which is also heavily populated on a Saturday night. [redacted] told me the Stiner's security staff tried to calm him down while he was waving the firearm around but were unsuccessful. Smart eventually left the area towards West Napa St and 1st street west, with the firearm in his hand.

I then contacted the driver/witness of the limo, [redacted], who provided me with the following brief statement.

[redacted] advised that he observed security was in an argument with Smart while he was outside parked near his vehicle. [redacted] told me he observed that Smart had a firearm in his hand while arguing with security. [redacted] told me they approached Smart and attempted to help or calm the situation down. Smart then told them to step back and that "he had a gun, and I don't wanna use it on you guys." [redacted] advised that, at this point, they were approximately 10 feet from Smart. [redacted] told me Smart was waving, the firearm everywhere and in the direction of other people standing by. Smart also stated, "he didn't want to shoot you and was saving it for the cops," and that he did not want to waste his round on them, and he wanted to be taken down by the police.

It should be noted that [redacted] had a few friends with him, who all heard Smart's statements and added additional statements. I did not obtain their information, but [redacted] advised that he would be able to assist us with interviewing his friends at a later time.

I was then tasked to respond to the area of 201 West Napa St, Sonoma, a shopping center with various businesses. I specifically went to the following unit numbers.

#25 Launder land Coin-op, a coin-operated laundromat.

#26 Happy Garden Chinese Food.

#27 Sweet Straw.

#28 A new Image Hairstyle.

All of these businesses had various windows broken by what appeared to be a 5-10-foot-long piece of wood trim, which was broken off a sign for the Happy Garden.

At this point, I sealed off all the businesses with caution tape, escorted everyone out of the area, and later started a crime scene log. While in the area, I contacted a witness named [redacted], who provided me with the following summarized statement.

[redacted] was at the laundromat doing laundry when he observed a man, whom he described as a white male wearing all dark clothing and having face tattoos. It should be noted that someone else in the area positively identified the male as Smart, which was relayed through SCSO dispatch. [redacted] told me the male was at the laundromat and seemed very angry and began to destroy property. [redacted] advised Smart was hanging by the Happy Garden sign, which broke off a 5-10-foot-long piece of wood trim. Smart started to use the piece of wood to break approximately 7-8 windows in the businesses mentioned above. Smart then left the area northbound towards Whole foods and the downtown area where the shooting incident occurred.

At approximately 0350 hours, Santa Rosa detectives and evidence technicians arrived and began to process the scene. Once they finished processing the scene, I completed the crime scene log, which was later booked into SCSO evidence under SC1. I also took pictures of the scene via the axon capture app and later uploaded them into SCSO evidence.

During the investigation, I was wearing my body-worn camera (BWC), and it was activated. This report is merely a summary of the incident and is not intended to be an exact transcript of the entire investigation.

Nothing Further.
