CRIME CASE REPORT

Sonoma County Sheriff`s Office Case No. 190704-028
Santa Rosa Police Department Case No. #19-0008771
Sonoma County Sheriff`s Office
Violent Crime Investigations Unit
Det. Hanshew #1627
Re: The arrest of S-Betai Michel Koffi

**********

INVESTIGATION:

On 7-4-19, a subject (later identified as S-Betai Michel Koffi) rented a residence in the Bodega Bay area with friends. All of which, were from the San Francisco Bay Area. In fact, the residence located at [redacted] in Sebastopol, CA (Bodega Bay).

On 7-4-19 at approximately 1200-1300 hrs., Koffi took two (2) hits of LSD (the potent hallucinogenic drug), along with some of his housemates.

On 7-4-19 at approximately 1500-1600 hrs., Koffi began "acting weird," running laps around the rented residence, falling down randomly, and talking nonsensically. As a result, Koffi`s housemates began to watch him in shifts. While this was occurring, Koffi managed to take an additional two (2) hits of LSD, before "going sideways." Koffi began punching his housemates, ultimately, assaulting four out of the five them. Koffi also stabbed one friend in the chest with a pencil, which caused a superficial wound.

Koffi then went outside and entered his rented blue 2018 Hyundai Elantra GT 4-door [redacted]. Upon doing so, Koffi tried exiting the driveway. However, Koffi was unable to maneuver out of the driveway, before crashing into the rented residence. After the collision, Koffi began fighting with his friends/housemates, before he fled the residence toward Pelican Loop. That was the last time Koffi`s friends/housemates saw him.

Later that same evening (on 7-4-19), [redacted] was the Allied Security guard on-duty in the Bodega Harbor area. During the course of his shift, [redacted] received a call of a "video intruder" at a [redacted] Pelican Loop. As a result, [redacted] traveled to the residence to investigate.

Upon his arrival, [redacted] parked in the driveway of the residence in question. Upon exiting his white Allied Security Toyota Tacoma P/U truck, he left the truck idling with the keys in the ignition. A short time later, [redacted] was confronted by a BMA (later identified as Koffi) who said, "Fuck you." In fact, [redacted] indicated that Koffi appeared angry and had a cut over his right eye. Not long after, Koffi approached [redacted] and pushed him. [redacted] then called 911 from his cellular phone.

Koffi then armed himself with a nearby landscape light, before walking toward [redacted] Allied Security Toyota P/U truck. [redacted] followed and warned Koffi to leave his P/U truck alone. About this time, [redacted] found himself standing approximately five (5) feet from Koffi, near his P/U truck. According to [redacted], Koffi then approached him once more and assaulted him with the landscape light by plunging it against the upper left portion of his chest. This caused [redacted] to sustain a visible red colored circular abrasion on his chest. After being struck, [redacted] fell backward onto the ground. Koffi then stole [redacted] Allied Security Toyota Tacoma P/U truck, before fleeing northwest on Pelican Loop.

After fleeing [redacted] Pelican Loop, Koffi drove north on Pelican Loop. As he did so, he would overtly strike the first of two couples (male/female) in front of [redacted] Pelican Loop and while they were simply walking north on west side of the roadway. As a result, the female was thrown a distance from the roadway, before landing in a field.

Koffi continued to drive north on Pelican Loop, before encountering the second couple (male/female). Upon doing so, Koffi turned the Allied Security Toyota Tacoma P/U truck off of the roadway and into a field in an attempt to strike this couple. As a result, this couple was forced to jump out of the way, while being struck. After which, Koffi continued to drive north on Pelican Loop.

A short time later, resident Bodega Bay deputy, Deputy J. Pasero, encountered Koffi and the white Toyota Tacoma P/U truck just north of where the second couple had been struck. During this encounter, Deputy Pasero used deadly force to stop Koffi.

Refer to several additional supplemental reports chronicling the incident greater in detail.

**********

DISPOSITION:

Case closed.

**FLUP - VALENCIA, J - 07/05/2019**
Written by: **Valencia, Juan 1101628**
Date/Time: **07/05/2019 00:27:35**

SUPPLEMENTAL REPORT
DEPUTY JUAN VALENCIA #1628
CR# 190704-028
07/04/2019
**********

On 07/04/2019, at approximately 2138 hours, I was dispatched to relieve Deputy Mittenthal at Kaiser Hospital located at 401 Bicentennial Way. Deputy Mittenthal was with a victim of a violent crime. I arrived at 2206 hours, and met Deputy Mittenthal in E.R. [redacted]

The victim, verbally identified himself as, [redacted] was wearing a hospital gown with black pants and black boots.

VISIBLE UINJURIES
[redacted] showed me a circular red in color bruise, the size of a quarter, on his upper left chest. [redacted] also had an abrasion on his right elbow that was red in color.

[redacted] supervisor [redacted], from Allied Universal Private Security responded to the hospital and met with him to check on his wellbeing. [redacted] gave [redacted] a proxy card, vehicle keys that belonged to the company.

I notified Violent Crimes Detective Hanshew and briefed him on the status of [redacted] was discharged and was transported to the Sonoma County Sheriff`s Office to be interviewed by detectives.

Nothing further

**CHRO - LYLE, J - 07/05/2019**
Written by: **Lyle, Jeremy 1102369**
Date/Time: **07/05/2019 01:05:05**

On the evening of 07-04-2019 I was assigned to a Tac Team (Field Force Operations) assignment on Middle Two Rock Road, Petaluma. I was driving a fully-marked Sheriff`s Office canine patrol SUV and wearing a black colored Sheriff`s Office Tac Team Uniform and duty belt.

At approximately 2020 hours this same evening I heard Deputy Pasero give radio updates regarding his call for service. My attention was drawn to his radio traffic as he in essence said there were multiple victims down and the suspect stole a truck. Shortly thereafter I heard Deputy Pasero say, "shots fired".

I immediately got into my patrol SUV with my Canine partner, "Rappa", and drove Code 3 to Deputy Pasero. I arrived on scene at approximately 2040 hours. At that time I helped Pasero, a CHP Officer, and medical staff keep the suspect from moving around. The suspect kept moving his body and legs around; I held his legs still until medical personnel secured him to the c-spine board with belts.

I then began an incident log which I turned over to Detective Ager.

I secured Deputy Pasero`s canine partner, "Titan", and cleared the scene.

**FLUP - LITTLE, J - 07/05/2019**

Written by: **Little, Jason 1101416**
Date/Time: **07/05/2019 01:14:34**

On 07/04/2019 at approximately 2007 hours, I was assigned to the DXE protest in Petaluma. We overheard on Sheriff`s three that shots were fired. Deputy Falberg and I immediately drove to [redacted] Pelican Loop in Bodega Bay to assist.

Upon my arrival, I be
I contacted [redacted] who resides at [redacted]. She told me the following: She saw a white truck driving erratically exiting the roadway and onto the grass bluff overlooking the ocean. The suspect stopped on the bluff exited the vehicle and walked around briefly. The suspect then got back into the vehicle and drove through a neighbor`s yard and back onto Pelican Loop facing south west. She then saw a CHP vehicle and a Sheriff`s vehicle, immediately followed by approximately 10 gunshots.

I attempted contact at [redacted], no one at the residence.

I contacted the resident at [redacted] He said he did not see anything. He said his son [redacted] may have heard. I spoke with [redacted] and he told me the following: He heard what sounded like a volley of five gunshots and saw the CHP vehicle. He did not see anything else related. A round fired during the incident struck this home on the south east corner of the kitchen. It did not penetrate into the home. I did not see and bullet fragments. [redacted] told me he has a Ring video doorbell and it faces the roadway. He said he has access to the video if needed.

I contacted the residents of [redacted]. They both stated they heard banging, which they thought was coming from their front door. They opened the door and saw the suspect being handcuffed. They did not see anything else.

I spoke with [redacted] who had rented [redacted]. He stated the following: He was on the balcony of the residence when he heard four quick gunshots followed by someone saying "shots fired, shots fired.` He heard squealing tires just before the gunshots. He did not visually witness any of the incident.

After completing this I took a position of scene security until relieved by Deputy Thornton.

My BWC was activated during this incident.

Nothing further.

Date/Time: **07/05/2019 02:41:49**

SUPPLEMENTAL REPORT
DEPUTY R. DILLION #2307
CR# 190704-028

On 07/04/2019 at approximately 2217 hours I was dispatched to relieve Deputy Crachiola who was with victim [redacted] at Memorial Hospital. I activated my BWC which ran the entirety of my time on the call. I arrived to Memorial Hospital emergency room [redacted] to find hospital staff attending to the patient. During the more than three and half hours I was in the room, [redacted] was for the most part quiet except for asking me to notify the Doctor that her pain was increasing.

At approximately 0145 Detective A. Diehm arrived and conducted an interview. Shortly after I was released at approximately 0200.

Nothing Further.

**FLUP - JAX, N - 07/05/2019**
Written by: **Jax, Nicholas 1101637**

Date/Time: **07/05/2019 03:25:54**

On 7/4/19 at about 2314 hours, I was dispatched to Santa Rosa Memorial Hospital to relive Deputy Holton, who was guarding the suspect in the Emergency Room.

I activated my body worn camera upon contact with Holton and relieved him. The suspect was taken to the Operating Room for a procedure shortly after. I accompanied the suspect and remained in his presence until he was sedated. I then left the Operating Room and deactivated my B.W.C.

Once the suspect was out of surgery, I confirmed that no bullets/fragments had been removed. I then accompanied him to the I.C.U., to the C.T. scan area, and back to the I.C.U. where I remained until relived at about 0305 hours.

Nothing further.

**FLUP - LAVELLE, N - 07/05/2019**
Written by: **LaVelle, Nicholas 1102684**
Date/Time: **07/05/2019 03:39:08**

On 07/04/19, at approximately 2025 hours, Deputy Skerrett and I were on a call at [redacted], in Petaluma, when he was monitoring the radio and said that he heard K3 (Deputy Pasero) say "shots fired." Deputy Skerrett and I responded to assist Deputy Pasero, who was in the area of Pelican Loop in Bodega Bay. I responded with my lights and siren activated.

I arrived in the area at approximately 2045 hours, with Deputy Mittenthal, where we located Deputy Ricks and AMR paramedics, in front of [redacted] Pelican Loop. They were assisting one of the victims, the Allied Security Guard, who had been assaulted by the suspect. Deputy Mittenthal handed me a critical incident form and I began a crime scene log for this scene. I got Police Tape and blocked off the access to the scene. The AMR paramedics transported the victim to Kaiser Hospital and Deputy Mittenthal followed them. I maintained the log until approximately 0256 hours, when I was relieved by Santa Rosa Officer Jeff Zuniga.

Case Status: End Supplement

**FLUP - RITZ, J - 07/05/2019**
Written by: **Ritz, Justin 1102733**
Date/Time: **07/05/2019 04:45:13**

On Thursday, 07/04/19, at approximately 2100 hours, FTO Holton and I asked to respond to Memorial Hospital in regards to guarding a suspect that had been involved in a shooting. The suspect Betai Koffi ([redacted] had been shot several times earlier in the evening. The suspect was going to be arriving at the hospital via helicopter (H30).

Upon arriving at the hospital, I activated my BWC.

The suspect arrived at approximately 2135 hours, and was placed in trauma room C26. The suspect was accompanied by several hospital staff and California Highway Patrol Flight Officer/Paramedic Whitney Lowe (#19436). I briefly spoke with Lowe after the suspect had been placed in the room. Lowe said the suspect did not make any spontaneous statements about the incident during his flight from the scene to the hospital.

Koffi had several nurses and doctors attending to him during his time in the trauma room. The chief trauma surgeon assigned to Koffi was [redacted] told me Koffi had one gunshot wound in his right bicep and an additional gunshot wound to his head. At the time, [redacted] could not specify if any of these wounds would be fatal.

I stayed with Koffi during his C.A.T. scan time in the trauma room. FTO Holton and I collected Koffi`s clothes from the trauma room and placed them into brown paper bags. The clothing was later given to a Santa Rosa Police Department Evidence Technician for processing.

At approximately 2310 hours, FTO Holton and I were relieved from guarding Koffi by SCSO Deputy Jax.

End of supplemental report.

**FLUP - FALBERG, J - 07/05/2019**
Written by: **Falberg, James 1101748**
Date/Time: **07/05/2019 06:02:40**

On 7/4/2019 at approximately 2000 hours, I was assigned to the DXE protest in Petaluma. We overheard on Channel 3, K-3, Deputy Pasero advise shots fired. Deputy Little and immediately drove to [redacted] Pelican Loop in Bodega Bay to assist.

We arrived at approximately 2041 hours and moments later Sgt. Gelhaus advised me that I would be sequestering Deputy Pasero. I inquired if he needed medical assistance and he did not. I told Deputy Pasero to call his wife and advise her that he had been in a critical incident and that he was ok, which he did.

Deputy Pasero requested he retrieve his K-9 partner from his patrol vehicle which was contained in the crime scene. I started my BWC and escorted Deputy Paero to his vehicle and was able to retrieve his partner. During this he opened his driver door, got a leash and got his K-9. I closed the driver`s door and we left the crime scene. Deputy Lyle took Deputy Pasero`s K-9 to his residence.

Deputy Pasero and I were flown to Santa Rosa Airport via Henry One. Sgt. Boustany then provided a ride to the [redacted] Santa Rosa. Later we were met by DSA President Mike Vail and Sgt. Piccinini who took over sequestering Deputy Pasero.

Nothing further.

**FLUP - MITTENTHAL, A - 07/05/2019**
Written by: **Mittenthal, AJ 1101353**
Date/Time: **07/05/2019 07:37:00**

SUPPLEMENTAL REPORT
DEPUTY MITTENTHAL

On 7/4/2019, at approximately 2023 hours, I was in uniform and on duty in Petaluma. I heard Deputy Pasero broadcast that shots had been fired and I responded to assist.

I arrived at [redacted] Pelican Loop in Bodega Bay at approximately 2043 hours. Deputy Ricks was standing in the driveway to the residence with an injured security guard. Paramedic [redacted] and EMT [redacted] of Medic 772 were on scene, attending to the security guard. They loaded him into the ambulance for transport and stated his injuries did not appear life threatening. I followed the ambulance to Kaiser Hospital in Santa Rosa. Transport was initiated at approximately 2057 hours and the ambulance arrived at approximately 2139 hours.

The security guard was moved to an emergency room bed and I stood by until being relieved by Deputy Valencia at approximately 2211 hours.

BWC activated.

Nothing further.

**FLUP - KELLER, F - 07/05/2019**
Written by: **Keller, Francine 1102608**
Date/Time: **07/05/2019 10:36:02**

On 07/05/19 at approximately 0430 I was dispatched to the area of [redacted] Pelican Loop in Bodega Bay, to relieve Deputy Ricks, who was providing scene security at that location.

I arrived at approximately 0507 hours. I relieved Deputy Ricks of scene security and took custody of the Major Incident Access Log.

I remained on scene until the scene no longer needed to be secured.

I later booked the Major Incident Access Log into evidence (FK1).

**FLUP - HAAS, C - 07/05/2019**
Written by: **Haas, Christopher 1101649**
Date/Time: **07/05/2019 13:52:29**

On 07-04-2019, at approximately 2023 hours, I was off duty, but available on call, as the tactical flight officer (TFO) on the Sheriff`s Helicopter "Henry 1". In addition to myself, the aircrew consisted of Pilot P. Bradley.

On the above noted date and time, Sheriff`s Dispatch contacted me and requested Henry-1 respond to the area of [redacted] Pelican Loop, Bodega Bay, for an officer involved shooting that had just occurred. At the conclusion of the phone call from Sheriff`s Dispatch, I contacted Pilot Bradley and we subsequently responded to the hangar.

Once at the hangar, Pilot Bradley and I flew to the aforementioned location. Upon our arrival, Sergeant E. Gellhaus requested, via radio, that we take photos and videos of the crime scene.

It should be noted that the scene was recorded via the helicopter`s camera (still photos, as well as video) and I later transferred and saved the video via Evidence Upload XT.

I later coordinated with Sergeant Gellhaus, Sergeant H. Boustany, as well as Lt. A Cash, to transport Deputy J. Pasero and Deputy J. Falberg, via helicopter, to the Sheriff`s hangar at the Sonoma County Airport.

Upon our arrival at the Sheriff`s hangar, Sergeant Boustany met us at the helicopter and escorted Deputy Pasero and Deputy Falberg away from the aircraft.

After offloading the above noted deputies, Pilot Bradley and I immediately took off again for an unrelated call.

End of report.

Date/Time: **07/05/2019 16:14:25**

On 07/05/19 at approximately 0517 hours I arrived at [redacted], Bodega Bay to assist with scene security for case #190704028.

Upon arrival I established a crime scene incident log which I maintained until I cleared the scene at approximately 0600 hours. I later booked the log into evidence as RT-1.

I later assisted SRPD by driving Deputy Pasero`s K9 vehicle to the Sheriff`s Office River Substation.

Nothing further.

**FLUP - CASH, A - 07/05/2019**
Written by: **Cash, Andrew 1101039**
Date/Time: **07/05/2019 18:09:11**

SONOMA COUNTY SHERIFF`S OFFICE

REPORTING DEPUTY: LIEUTENANT A. CASH #1039

SUPERVISOR: LIEUTENANT A. CASH #1039

CASE NUMBER: 19-0704-028

DETAILS OF INVESTIGATION:

On July 4, 2019, I was on duty assigned as the patrol Watch Commander for the Sonoma County Sheriff`s Office. I was at the Wilmar Fire Department on Bodega Avenue, Petaluma.

I heard Deputy Pasero being dispatched to a call for service involving assault victims in the Bodega Bay area. I began to monitor the call for service, knowing there was limited law enforcement in that area.

I listened as the call began to progress and multiple persons were injured. I went out to my patrol vehicle and began to respond to the scene when I heard Deputy Pasero announce that "Shots fired".

I advised dispatch and responded Code 3 to the scene via Bodega Avenue. While enroute I was able to notify Lieutenant Murphy, Captain Engram and Assistant Sheriff Naugle of the OIS. I advised dispatch of my notifications.

I arrived on scene along with K9 Deputy Lyle. I immediately contacted Deputy Pasero for a public safety statement.

I learned he fired 8-10 rounds at the suspect. At least one of the rounds passed through the back window and struck a residence to the rear of the suspect vehicle. I also learned all of the occupants of the residence were safe and unharmed.

I used crime scene flagging tape to secure the scene. I directed Deputy Falberg to standby with Deputy Pasero. I instructed Deputy Little to start a crime scene log.

Once the suspect was airlifted from the scene I directed all Sonoma County Sheriff`s Office personnel to shut off their Body Worn Cameras.

I continued to update command staff throughout the night. I also contacted Sergeant Cutting and kept him apprised of the scene.

Sergeant Gelhaus and I directed personnel to follow and/or respond with the two victims to local hospitals.

Deputy Ricks was later assigned to relieve Deputy Little from the crime scene log detail.

Investigators from SRPD arrived on scene and the OIS was turned over to them.

On July 5, 2019, I downloaded my Body Worn Camera onto Evidence.com.

RECOMMENDATION: Attach to report

**FLUP - RICKS, J - 07/05/2019**
Written by: **Ricks, Joseph 1101897**
Date/Time: **07/05/2019 23:36:07**

On 7/4/19 at approximately 2010 hours, I was patrolling in the Monte Rio, CA area, when I heard channel 3 dispatcher dispatching Bodega Bay Residential Deputy J. PASERO to a call in the Pelican Loop area of Bodega Bay. Deputy PASERO was being dispatched to a report of a person that had crashed into a house and was assaulting people.

Due to the remote area and the lack of additional law enforcement personnel in the area, I began to response to Pelican Loop area. As I was driving, dispatch advised that a security guard had been assaulted in the same area and that the security guard`s vehicle had been stolen. I began to response code 3 due to my distance to the incident and at the time being the closet deputy to back Deputy PASERO.

A few minutes later, Deputy PASERO advised that he had two victims down and was attempting to catch up to the stolen vehicle. I then heard Deputy PASERO notify dispatch "shots fired".

I arrived in the area and responded to [redacted] Pelican Loop, where I located [redacted] (Security Guard with Allied Universal Security Services) who was lying approximately 5 feet from the roadway in the driveway of [redacted] Pelican Loop.

[redacted] stated that he was injured in the chest after being attacked by an unknown male with a yard light that was in the shape of a shell. I observed the light shell laying approximately 4 feet from [redacted] in the driveway. The suspect then stole his security truck vehicle and drove away.

[redacted] showed me a bruise on his upper left chest. The bruise was red in color and approximately a quarter in size. [redacted] also had an abrasion on his right elbow.

I took photographs of the injuries and later uploaded them to Evidence.com.

Sonoma Life Support Unit 772 arrived on scene to provide medical attention to [redacted]. Paramedic [redacted] and EMT [redacted] provide medical care to [redacted] was transported to Kaiser Hospital with Deputy. A.J. MITTENTHAL following.

I assisted Deputy LAVELLE with taping off the area. A short time later Sgt. R. BASURTO arrived on scene and we both cleared the property to make sure that there was no other victims or suspects.

At approximately 2135 hours, I took over the Major Incident Access Log from Detective D. AGER at [redacted] Pelican Loop.

On 7/5/19 at approximately 0315 hours, SRPD Officer ZUNIGA relieved me at [redacted] Pelican Loop and I relieved him at the [redacted] Pelican Loop scene.

On 7/5/19 at approximately 0335 hours, the scene at [redacted] Pelican Loop scene was released and no longer needed to be secured.

On 7/5/19 at approximately 0336 hours, I took over the Major Incident Access Log from Deputy A. ANAYA located at [redacted] Pelican Loop. I maintained the log until approximately 0507 hours, when I was relieved by Deputy F. KELLER.

I later booked the Major Incident Access Log from [redacted] Pelican Loop into evidence at the Main Office as item JR-1.

During the investigation, I was wearing my Body Worn Camera (BWC). This report is merely a summary of the incident and is not intended to be an exact transcript of the entire investigation.

Nothing Further

J. RICKS #1897

SUPPLEMENTAL REPORT

Sonoma County Sheriff`s Office Case No. 190704-028
Santa Rosa Police Department Case No. #19-0008771
Sonoma County Sheriff`s Office
Violent Crime Investigations Unit
Det. Hanshew #1627
Re: The arrest of S-Betai Michel Koffi

**********

NOTIFICATION:

On 7-4-19, I was the on-call Sonoma County Sheriff`s Office Violent Crime Investigations detective on-duty.

On 7-4-19 at approximately 2030 hrs., I received a call from the Violent Crime Investigations Unit supervisor, Det. Sgt. B. Cutting, regarding a deputy who had been involved in an officer-involved-shooting at "the coast."

**********

ARRIVAL AT THE SONOMA COUNTY SHERIFF`S OFFICE:

On 7-4-19 at approximately 2123 hrs., I arrived at the Sonoma County Sheriff`s Office. There, I would later meet with Det. Sgt. Cutting, Det. T. Vellis, and Det. A. Diehm.

While at the Sonoma County Sheriff`s Office, I learned that the suspect (later identified as S-Betai Michel Koffi) was being treated at Memorial Hospital, a female victim who had been struck with a vehicle was also being treated at Memorial Hospital, and a male security guard (later identified as V-[redacted] was being treated at Kaiser Hospital in Santa Rosa. Additionally, I read the event chronology (#SD191850194) related to this incident.

On 7-4-19 at approximately 2215 hrs., I was contacted by a Sonoma County Sheriff`s Office dispatcher. According to the dispatcher, a woman (identified as IO-[redacted]) called the Sonoma County Sheriff`s Office dispatch center and reported that she is the homeowner of [redacted] Pelican Loop in Bodega Bay and that her Ring CCTV surveillance camera(s) captured what was described as the carjacking and shooting.

On 7-4-19 at approximately 2310 hrs., Det. Sgt. Cutting informed me that the decision had been made to invoke the Sonoma County Chief`s Association Policy 93-1: Employee-Involved Fatal Incident Protocol. As a result, the Santa Rosa Police Department

became the lead investigative entity regarding the shooting.

**********

BRIEFING FROM SGT. ERICK GELHAUS & DETECTIVE DAN AGER:

On 7-4-19 at approximately 2315 hrs., I was able to speak (on the phone) with patrol supervisor, Sgt. E. Gelhaus. In essence, Sgt. Gelhaus informed me that the incident began at [redacted] Swan Drive in Bodega Bay. In fact, Sgt. Gelhaus explained that this is the residence where Koffi was staying at along with other misc. friends when the incident began.

About that same time, I was able to speak (on the phone) with Sonoma County Sheriff`s Office Property Crimes Investigation detective, Det. D. Ager, who was at the scene. The following is a summary of my phone briefing from Det. Ager:

According to Det. Ager, Koffi and four to five (4-5) additional friends rented a weekend residence located at [redacted] in Bodega Bay. In fact, Koffi and his friends were from the San Francisco Bay Area.

Earlier today (on 7-4-19) at approximately 1200-1300 hrs., Koffi took two (2) hits of LSD (the potent hallucinogenic drug), along with some of his housemates, while others did not.

On 7-4-19 at approximately 1500-1600 hrs., Koffi began "acting weird," running laps around the rented residence, falling down randomly, and talking nonsensically. As a result, Koffi`s housemates began to watch him in shifts. While this was occurring, Koffi managed to take an additional two (2) hits of LSD, before "going sideways." According to Det. Ager, Koffi began punching his housemates, ultimately, assaulting four out of the five housemates. Koffi also stabbed one friend in the chest with a pencil, which caused a superficial wound.

Koffi then went outside and entered his rented blue 2018 Hyundai Elantra GT 4-door [redacted]. Upon doing so, Koffi tried exiting the driveway, however, he was unable to maneuver out of the driveway, before crashing into the rented residence. After the collision, Koffi began fighting with his friends/housemates, before he fled the residence toward Pelican Loop. That was the last time Koffi`s friends/housemates saw him.

Det. Ager also told me that he spoke with a witness who observed the aforementioned security guard ([redacted] being assaulted. In fact, this witness was a Department of Defense (DOD) Investigator. In essence, this witness observed [redacted] initially being assaulted by either being pushed or punched. After which, this witness watched as Koffi armed himself with a "lawn-lite," before believing Koffi stabbed [redacted] with the light. After which, Koffi drove off in [redacted]` P/U truck. A short time later, this witness flagged down arriving CHP officer(s) and directed them in the direction Koffi fled. It was about this time that the witness heard (via a police radio) "shots fired." This location of the shooting was later found to be in front of or in the area of [redacted] Pelican Loop in Bodega Bay.

According to Det. Ager, he advised us that he interviewed several other of Koffi`s housemates who were residing at [redacted] Swan Drive in Bodega Bay. Refer to Det. Ager`s supplemental reports.

**********

BRIEFING WITH THE SANTA ROSA POLICE DEPARTMENT:

On 7-5-19 at approximately 0035 hrs., I held a briefing for several members of the Sonoma County Sheriff`s Office, members of the Sonoma County Sheriff`s Office Violent Crime Investigations Unit, members of the Santa Rosa Police Department, and their Violent Crime Investigations Unit.

After which, I contacted the lead Santa Rosa Police detectives (Det. DeLeon & Det. Vickers), before providing them with a thumb drive containing Koffi`s personal information (e.g., CDL information, rental card information, etc.), maps of the scene, etc.

Additionally, the thumb drive also contained the involved-deputy`s (Deputy J. Pasero`s) BWC recording, which captured his use of deadly force. I also provided Det. DeLeon with a single disc containing Deputy Pasero`s BWC video.

Furthermore, I provided Santa Rosa Police Department investigators with [redacted] name and phone number so that she

could be contacted.

Refer to Santa Rosa Police Department Case No. #19-0008771.

**********

DISPOSITION:

Case closed. Forward to DDA R. Waner for review.

**FLUP - GELHAUS, E - 07/06/2019**
Written by: **Gelhaus, Erick 110623**
Date/Time: **07/06/2019 13:38:04**

On 7/4/2019, I was the on-duty Main Office swing shift patrol sergeant.

I heard dispatch broadcast there was a "Code 33" on channel 3 for a call in the Bodega Bay area. I called in to find out the nature of the call and a dispatcher told me a subject on LSD was assaulting people. I told her I was enroute and asked that she start our helicopter, H-1.

At about 2022 hours, I heard "King 3" - Deputy Pasero - who is the resident deputy for the Bodega Bay area radio "SHOTS FIRED!" I acknowledged that traffic. Pasero radioed that he was with the suspect, who was "down," and that "two other victims are down" back down the road and in the field. No one was with either of them yet.

After telling dispatch I copied the Shots Fired broadcast and was enroute, I began a series of phone calls. I spoke with the watch commander, Lt Cash, who was aware and responding; I then spoke with Detective Sgt Cutting from VCI and gave him the little information I had; finally I spoke with Deputy Mike Vail, who is the DSA President, and notified him.

While enroute, I checked on medical resources, requested helicopter support when H1 said they could not transport any patients I asked them to request REACH since, if there was no need for a rescue, they could transport and treat any injured parties. Also, because we did not have any direct knowledge of the injuries to, conditions of the initial victims, I told dispatch I wanted Fire & EMS to them first rather than the suspect who was being treated.

I asked dispatch to put out a Nixle alert regarding police activity in Bodega Bay.

Arriving on Pelican Loop, I saw a security guard laying supine on the sidewalk being talked to by a deputy. I saw another group farther up the road as well.

Walking up to the scene, I found Deputy Pasero who was already with Lt Cash and Deputy Falberg. Around this time, Lt Cash indicated he was no longer recording via BWC and had obtained the public safety statement. I turned my BWC off at this point.

Moving past them into the scene, I saw the back of a SCSO resident deputy truck. On the driver`s side of the deputy`s truck was a full-size CHP patrol SUV. Both were facing what I would describe as northbound. In front of the CHP SUV, facing south, was a white pick-up truck. The truck had crashed into and was embedded in the right front portion of the CHP SUV. CHP officers were treating a supine subject laying in the roadway. They were to the right, inland side, of the white pick-up.

Asked dispatch to contact CHP and ensure that their watch commander was aware and enroute as well as asking that their divisional investigations team was aware.

Deputies established a crime scene log and taped off the scene. Deputy J Little`s SUV was within the tape; however, given how late he had arrived, we had him move the SUV out of the taped area. Deputies Little and Skerrett began canvassing the area for witnesses, see their supplements. We learned a house may have been struck by gunfire. The home and its occupants were located

and contacted; they were not injured and the round has not penetrated the house` exterior.

I coordinated with Sgt Salkin, at the Main, to have deputies go to both Kaiser-Santa Rosa and Memorial Hospital to meet up with the victims and the suspect when they arrived at those facilities.

I spoke with a news cameraman who`d arrived. He had heard a PIO was contacted and had questions about who was responding.

We saw a broken window on the second story of a neighboring house. On examination, we learned, according to a neighbor, the damage was old. I activated my camera when we went to this home.

At about 2204 hours, information came from dispatch that were possible witnesses at [redacted] wanting to talk with deputies about what led up to the assaults and OIS. Sgt R Basurto and I went there. When we found it, we saw it was a two story home with multiple vehicles in the driveway; one of which was a darker colored SUV that had crashed into one corner of the house. There was damage to the house and the vehicle.

I made contact with a couple males at the front door of the residence. After confirming the address, I asked if anyone there had called us. The males said they had called us. One said they were all friends with "Betai" - the suspect. I asked if we could go into the house to talk with them and they gave us permission. We went upstairs with them.

After asking for their IDs, which they went to go get, I explained that detectives would be coming to talk with them. I turned over the house and the subjects to Deputy Skerrett. As I was leaving, I spoke briefly with Detectives Ager and Peterson about the people in the house and a request from dispatch to have an investigator contact one resident about video on their security system that showed at least one of the assaults.

Sgt. Basurto and I then put up crime scene tape around the house.

My BWC was activated during this contact.

After leaving the Bodega Bay scene, I went to Memorial Hospital to check on the deputies and the individuals they were with. Deputy Dillion was standing by with the female victim. He gave me an update on her condition which I relayed to investigators.

Prior to the end of my shift I docked my BWC in order to download its footage.

Nothing Further.

---

SUPPLEMENTAL REPORT

Sonoma County Sheriff`s Office Case No. 190704-028
Santa Rosa Police Department Case No. #19-0008771
Sonoma County Sheriff`s Office
Violent Crime Investigations Unit
Det. Hanshew #1627
Re: The arrest of S-Betai Michel Koffi

**********

INTERVIEW OF [redacted]:

On the evening of 7-5-19, I learned that Bodega Harbour Allied Security guard (later identified as [redacted]) was being treated at Kaiser Hospital in Santa Rosa. After which, Deputy J. Valencia transported him back to the Sonoma County Sheriff`s

Office so that he could be interviewed.

On 7-5-19 at approximately 0109 hrs., [redacted] arrived at the Sonoma County Sheriff`s Office and was seated in interview room #3, which was being recorded via audio/video recording devices.

On 7-5-19 at approximately 0117 hrs., I entered interview room #3 with Santa Rosa Police detective, J. Page. Shortly after meeting with [redacted] I advised him of what was essentially a Beheler Admonition. [redacted] understood and did not object to being interviewed. The following is a summary of our interview with [redacted]

According to [redacted] on the day of the incident (7-5-19) he began his shift at approximately 1600 hrs. In fact, [redacted] would explain that he is a solo security guard and does not have a partner.

During the course of his shift, [redacted] received a call at what he recalled was 2000 hours from one of the homeowner`s ([redacted] identified as [redacted] personal assistant. According to the assistant, they made [redacted] aware of a "video intruder alert" at the "ocean-side of Pelican Loop" (later found to be [redacted] Pelican Loop). As [redacted] explained it, the homeowner (believed to be [redacted] does not reside at [redacted] Pelican Loop full-time.

According to [redacted] he then traveled to [redacted] residence located at [redacted] Pelican Loop to investigate, while driving his white Toyota Tacoma Allied Security P/U truck [redacted] with blue stripes, insignia indicating "Harbour Patrol," and the Allied Security phone number.

Upon his arrival, [redacted] parked at what he described as the "top of the hill," before walking down the driveway to approach the residence. In fact, upon exiting his white Allied Security Toyota Tacoma P/U truck, he left the truck idling with the keys in the ignition.

As [redacted] neared the residence (via the driveway), he was confronted by a BMA (later identified as S-Betai Michel Koffi) who appeared from behind misc. trees. Not long after, Koffi addressed [redacted] by saying, "Fuck off."

At the time, [redacted] described Koffi as appearing "angry at the world," had a cut over his right eye (oozing blood), and was "soaking wet." Moments later, Koffi approached [redacted] and pushed him, before trying to spit on him. According to [redacted] he then used his cellular phone to call 911.

After Koffi pushed [redacted] he approached a nearby landscape light and pulled it out of the ground. Initially, Koffi started to walk toward [redacted] before turning and walking toward [redacted] P/U truck, which was parked in the "center of the driveway." [redacted] followed and warned Koffi to leave his P/U truck alone.

[redacted] would find himself standing approximately five (5) feet from Koffi, near his white Toyota Tacoma P/U truck. Koffi then closed the distance between the two, before assaulted him with the landscape light. In fact, [redacted] described Koffi and using two hands to plunge the light downward onto his body, before striking the upper left portion of his chest.

NOTE: About this time in the interview, [redacted] showed Det. Page and I the injury to the upper left portion of his chest after pulling down his black T-shirt. Upon doing so, we observed a visible red colored circular abrasion on his chest.

After being struck by Koffi, [redacted] fell backward onto the ground, striking his right elbow, before Koffi dropped the landscape light. According to [redacted] he informed the despatcher he was speaking to on his cellular phone that there was a "security officer down," he stated, "Code-30," that he needed assistance, and that he had been assaulted. As [redacted] was requesting assistance, Koffi then entered [redacted] while Allied Security Toyota Tacoma P/U truck, before fleeing north on Pelican Loop.

Approximately two (2) minutes after Koffi fled, a CHP officer arrived on scene and began assisting [redacted] Approximately a minute after being treated, [redacted] heard (via a police radio) "shots fired," which caused all of the CHP officers to leave the scene where he was located.

[redacted] also made mention of a nearby renter and former Army Staff Sergeant from Kentucky who approached him, while armed with a firearm. According to [redacted] this Staff Sergeant apparently had a concealed weapons permit.

A short time later, Bodega Bay Fire personnel arrived and began to treat [redacted] However, they too would leave to assist other

citizen who had apparently been struck. Ultimately, [redacted] was transported to Kaiser Hospital for treatment via ambulance.

NOTE: It should be noted that [redacted] admitted he DID NOT hear or observe any other citizen being struck or injured by Koffi.

I asked [redacted] if he had ever seen Koffi before the day of the incident on 7-5-19. [redacted] indicated he did not.

I asked [redacted] if Koffi said anything else other than "fuck off" when they first encountered one another. [redacted] indicated Koffi did not. And, [redacted] did not recall if Koffi mumbled anything. In fact, [redacted] recalled Koffi simply waving his hands around.

I asked [redacted] if Koffi appeared to be in what I described as an "altered state." [redacted] believed so, but he was unsure if Koffi was under the influence of alcohol or something else. I asked [redacted] what led to make that determination.

According to [redacted] Koffi was "focused on me" and the way he approached me. [redacted] also made mention of the fact that he has had nephew who had abused drugs and Koffi apparently appeared to display similar behavior that his nephew had displayed in the past and is familiar with.

On 7-5-19 at approximately 0139 hrs., Det. Page and I took our first break in our interview with [redacted]

On 7-5-19 at approximately 0146 hrs., Det. Page and I re-entered interview room #3. The following is a summary of our second contact with [redacted]

I began by showing [redacted] a single full-page photo of Koffi, before asking, "Who doyou recognize that person?" [redacted] replied, "Yep." I then asked, "Who do you know that person to be?" [redacted] replied, "That`s the person who assaulted me." In fact, [redacted] explained he was 100% positive about his decision.

I then showed [redacted] a single full-page aerial photo of Pelican Loop and a portion of Swan Dr. I had [redacted] circle [redacted] property/residence, before I wrote, [redacted]." [redacted] then drew an arrow, which depicted where the driveway was located and where his truck was parked on [redacted] property. Finally, Eckles drew arrows, which depicted the direction Koffi fled in after stealing his white Allied Security Toyota Tacoma P/U truck.

NOTE: Later, I scanned both photos into the "attachments" module of this I/leads report. See attached.

On 7-5-19 at approximately 0150 hours and while inside interview room #3, I took several overall digital photos (with and without a scale) [redacted] his face, uniform, arms, etc. The following is a summary of the injuries [redacted] sustained and/or damage to his uniform that Det. Page and I observed:

-Abrasion just below his right elbow.

-Mark on the back lower right portion of his [redacted] black uniform blouse.

-Circular mark on the upper left portion (right of his Allied Universal Security badge) of [redacted] uniform blouse, which also appeared to damage the uniform material.

-Circular red colored abrasion to the upper left portion of [redacted] chest.

NOTE: Later, I downloaded the above photos onto a CD-R disc, which was labeled as evidence item #1JJH before being booked into Sonoma County Sheriff`s Office property/evidence.

On 7-5-19 at approximately 0157 hrs., Det. Page and I concluded our contact/interview with [redacted]

NOTE: Later, I downloaded the above interview onto the evidence server. I also downloaded the above interview with [redacted] onto a DVD-R disc, which I labeled as evidence item #3JJH before booking the disc into Sonoma County Sheriff`s Office property/evidence.

**********

PHONE INTERVIEW WITH [redacted]:

On 7-6-19 at approximately 2015 hrs., I received a call from Sonoma County Sheriff`s Office dispatch. According to the dispatcher, [redacted] called and wanted to speak with an investigator regarding additional he had.

On 7-16-19 at approximately 2016 hrs., I activated my hand-held Olympus digital voice recorder, before calling [redacted] back. The following is a summary of my phone interview with [redacted]

According to [redacted] he called after reading about the incident in the Press Democrat. In fact, based on what [redacted] read he believed the incident may have started at [redacted] Swan Drive and that he had been there earlier in the evening (on 7-4-19) for "a golf ball incident." However, I explained to [redacted] the incident did not began at either locations (e.g., [redacted] Swan Dr.). [redacted] did not have any additional information about this case.

On 7-6-19 at approximately 2020 hrs., I concluded my phone interview with [redacted]

NOTE: Later, I downloaded the above recoded-interview onto a CD-R disc, which I labeled as evidence item #3A-JJH before booking the disc into Sonoma County Sheriff`s Office property/evidence.

SUPPLEMENTAL INVESTIGATION:

On Thursday, July 4, 2019 at 2020 hours I monitored an Agency Assist, call for service in the area in Swan and Heron Drive in Bodega Bay for a possible drunk driver with some type of disturbance. I then heard Deputy Pasero (K-3) advised "shots fired" and I immediately responded from my residence in Timber Cove.

I arrived in the area at 2059 hours and made contact with Sergeant Gelhaus and Lieutenant Cash at the scene. Lieutenant Cash directed me to welfare check the residence at [redacted] Pelican Loop where it appeared that a bullet had struck the lower foundation/wood panel.

With my body worn camera activated, I knocked and made contact with [redacted]. They invited me inside and confirmed they and a small infant were all "ok". [redacted] then escorted back in front of the house (south side) and pointed out where the suspected bullet had struck his wood shingle siding.

I told [redacted] that a Detective would be contacting then later on for additional information.

During this investigation, my personal warn body camera was activated this report is merely a summary of the incident and not intended to be the exact transcript of the entire investigation.

SCENE WALK THROUGH:

On 7-5-19 at approximately 0600 hours and after authoring a Search Warrant for [redacted] Swan Dr., I traveled to and arrived at Pelican Loop in Bodega Bay.

There, I met with Det. Diehm and Det. Vellis. I also met with several members of the Sonoma County Sheriff`s Office Crime Scene Investigations Unit who had just finished processing [redacted] Swan Drive pursuant to my Search Warrant. Refer to another supplemental report depicting that Search Warrant and any/all item(s) seized.

I arrived at [redacted] residence located at [redacted] Pelican Loop. There, I entered the property by first walking down the driveway to obtain a sense of the layout.

On 7-5-19 at approximately 0630 hrs., I accompanied Det. Diehm and Det. Vellis into the crime scene located in front or [redacted] Pelican Loop. Upon doing so, I signed the major incident log being manned by Deputy F. Keller.

Once inside the scene, I learned that this stretch of Pelican Loop was where the first of two couples had been struck by [redacted] white Allied Security Toyota Tacoma P/U truck being driven by S-Betai Michel Koffi. In fact, these attempted murders appeared to have occurred only moments after Koffi assaulted [redacted] he stole [redacted] ` white Toyota Tacoma P/U truck, and fled north on Pelican Loop.

Additionally, Det. J. Grohl allowed us to view the chilling residential CCTV video surveillance obtained from the resident at [redacted] Pelican Loop. This residential surveillance video captured both couples being struck on Pelican Loop.

The following is a summary of that CCTV video surveillance:

This video depicts what appears to be [redacted] ` white Allied Security Toyota Tacoma P/U truck traveling northbound at a high rate of speed in the southbound lane of Pelican Loop, before striking the first couple in front of and slightly north of [redacted] Pelican Loop. This couple was walking northbound on the west side of Pelican Loop (in the southbound lane). The Toyota can then be seen striking the female who is thrown violently into a field west of Pelican Loop. As this occurs, an item became airborne and a loud noise can be heard on the video.

The Toyota then continues traveling north on Pelican Loop, before reaching the second couple (male/female). The truck can be seen leaving the roadway and entering what appears to be a dirt field located west of Pelican Loop (due to debris seen). There, the truck overtly tries to strike the second couple, before continuing north of Pelican Loop.

NOTE: It should be noted that Det. Diehm would conduct interviews with both couples who recalled the incident. Refer to Det. Diehm`s supplemental reports.

Members of the Sonoma County Sheriff`s Office Crime Scene Investigations Unit would process both scenes on Pelican Loop where both couples had been struck. Refer to the reports authored by Det. Grohl and other members of the Crime Scene Investigations Unit.

On 7-5-19 at approximately 0650 hrs., I signed the major incident log, before exiting the scenes.

INFORMATION ON DOMINGO PACHECO:

On 7-5-19 at approximately 0912 hrs., I received an email from Sonoma County Sheriff`s Office Violent Crime detective, Det. T. Vellis.

According to his email, Det. Vellis provided me with the name of [redacted]," his phone number [redacted], and advised me that he was staying at [redacted] Swan Drive. According to the subject line in Det. Vellis` email, [redacted] was the "Dept of Defense witness."

NOTE: It should be noted that [redacted] Swan Drive is located two residence northwest from [redacted] Swan Drive, and located a short distance from [redacted] Pelican Loop.

On the afternoon of 7-6-19, I telephoned Det. D. Ager. Upon doing so, I asked him if he had interviewed [redacted] while at the scene on 7-4-19. Det. Ager indicated he had. Refer to Det. Ager`s supplemental report.

CCTV SURVEILLANCE VIDEO:

During the course of this investigation, I learned that several Ring residential CCTV surveillance videos had been obtained by investigators from the Santa Rosa Police Department and subsequently provided to the Sonoma County Sheriff`s Office Violent Crime Investigations Unit supervisor, Det. Sgt. Cutting.

On the afternoon of 7-6-19, Det. Sgt. Cutting provided me with the video files. The following is a summary of those video files:

FILE: 2019-07-05_4-54-21.mp4:

This Ring residential CCTV surveillance captured the north side of the property I recognized to be owned by [redacted] at [redacted] Pelican Loop. In fact, this Ring surveillance camera is mounted on the north side of the residence, facing east, toward the driveway and Pelican Loop.

Shortly after the video begins, a BMA (identified as S-Betai Michel Koffi) can be seen appearing on the left side of the screen. Koffi can be seen walking onto the property, while appearing to be wet and only wearing one (1) left shoe. Moments later, Koffi exits the property via the same way he entered.

FILE: 2019-07-05_4-55-42.mp4:

This Ring residence CCTV surveillance camera captured the west side of the property I recognized to be owned by [redacted] at [redacted] Pelican Loop. In fact, this Ring surveillance camera is mounted on the west side of the residence, facing west, toward a bluff and the Pacific Ocean.

Shortly after the video begins, Koffi can be seen walking east on the bluff, toward [redacted] residence at [redacted] Pelican Loop. As Koffi walks on the grassy bluff, he appears to remove his left shoe, before entering onto [redacted] property. Moments later, Koffi walks out of camera view, before an unknown noise can be heard.

FILE: 2019-07-05_4-57-46.mp4:

This Ring residential CCTV surveillance captured the north side of the property I recognized to be owned by [redacted] at [redacted] Pelican Loop. In fact, this Ring surveillance camera is mounted on the north side of the residence, facing east, toward the driveway and Pelican Loop.

This video segment captures Allied Security guard, V-[redacted] walking west down the driveway leading to [redacted] Pelican Loop. Moments later, Koffi emerges on the left side of the screen via the north side of the property, barefoot, wet, and carrying something in his left hand.

Moments later, Koffi encounters [redacted] who is in the driveway, before saying, "Yofuck you." Koffi can then be heard saying, "Do whatever you gotta do." Koffi continues to walk toward the driveway and out of camera view. [redacted] can then be heard saying, "Don`t touch me."

A short time later, the video concludes.

FILE: GKZJ3985.MP4:

This residential CCTV surveillance video was captured from the residence of [redacted] Pelican Loop, where two different couples were struck by Koffi driving in [redacted] stolen white Allied Security Toyota Tacoma.

Refer to a previous supplemental report for the summary of this video.

FILE: RingVideo_20190704_202858.mp4:

This Ring residential CCTV surveillance video captured the north side of the property I recognized to be owned by [redacted] at [redacted] Pelican Loop. In fact, this Ring surveillance camera is mounted on the north side of the residence, facing east, toward the driveway and Pelican Loop.

The video begins with [redacted] and Koffi out of camera view. However, [redacted] can be heard saying, "This is Bodega Harbour securityI need back-up." Koffi can then be seen walking northwest into camera view via the driveway, toward Pelican Loop. Moments later, however, Koffi can be seen ripping a landscape light off of the top of a retaining wall. [redacted] can be seen trailer Koffi behind him.

[redacted] can be seen and heard reporting that he was with a subject who recently assaulted him, was on private property, and "just pulled out a lamp." After which, Koffi was successful in obtaining the landscape light, before walking toward Pelican Loop and [redacted] P/U truck. [redacted] continues to slowly trails behind Koffi.

Koffi clearly walks to the top of the driveway, near Pelican Loop. However, Koffi and [redacted] become slightly obscured because of low-hanging trees. Still, their silhouettes s can be seen. At the top of the driveway, Koffi is captured assaulting [redacted] with what appears to be an object, before [redacted] falls backward onto the ground. After which, a metal object can be heard striking the ground as if being dropped.

[redacted] can then be heard yelling, "Help!" and "Code-30!" and "Officer down!" Moments later, [redacted] can be heard, "He`s taking off on our patrol vehicle."

Moments later, the video concludes.

FILE: RingVideo_20190704_221354.mp4:

This Ring residential CCTV surveillance captured the north side of the property I recognized to be owned by [redacted] at [redacted] Pelican Loop. In fact, this Ring surveillance camera is mounted on the north side of the residence, facing east, toward the driveway and Pelican Loop.

This video segment captures [redacted] walking down the driveway leading to [redacted] Pelican Loop, from the direction of Pelican Loop. Moments later, Koffi emerges on the left side of the screen via the north side of the property, barefoot, wet, and carrying something in his left hand.

Moments later, Koffi encounters [redacted] in the driveway, before saying, "Yofuck you." Koffi can then be heard saying, "Do whatever you gotta do." [redacted] can then be heard saying, "Don`t touch me."

Moments later, the video concludes.

STILL IMAGES OF KOFFI:

This folder containing the videos also included three (3) still images of Koffi, which were marked as follows:

-Koffi 1.jpg: This photo depicted a right side view of Koffi wearing a black shirt with a logo on the front.

-Koffi 2.jpg: This photo depicted Koffi on the backside (west) side of [redacted] Pelican Loop, near a white circular staircase.

-Koffi 3.jpg: This photo captured Koffi from the front, while wearing a black short-sleeved shirt (with a logo on the front) and black shorts (with vertical white stripes).

NOTE: Later, I downloaded the above video surveillance and still images onto a CD-R disc, which I marked as evidence item #5JJH before booking the disc into Sonoma County Sheriff`s Office property/evidence.

AUTHORING OF SEARCH WARRANT FOR [redacted] SWAN DRIVE:

On 7-5-19 at approximately 0408 hrs., I authored a Search Warrant for the following location and vehicle:

[redacted] Swan Drive in Sebastopol, CA 95472 (Bodega Bay)

-Blue Hyundai Elantra GT 4-door sedan [redacted])

On 7-5-19 at approximately 0434 hrs., Det. Sgt. Cutting reviewed the above Search Warrant and and approved its issuance (electronically).

On 7-5-19 at approximately 0454 hrs., I provided (via email) Sonoma County Deputy District Attorney (DDA) R. Waner with the above Search Warrant for review. After his review, DDA Waner approved (electronically) the Search Warrant.

On 7-5-19 at approximately 0505 hrs., I sent (via email) the above Search Warrant to the on-call Sonoma County Superior Court Judge, the Honorable A. Hardcastle. After his review, Judge Hardcastle signed the Search Warrant without issue.

Later that morning (on 7-5-19), members of the Sonoma County Sheriff`s Office Crime Scene Investigations Unit processed the above residence and vehicle. The following are those item(s) seized, while executing this Search Warrant:

-Item #MAP3: Narcotics, seized from the kitchen counter.
-Item #MAP4: Black Google phone, seized from living room window sill.
-Item #MAP5: Green pencil, seized from kitchen garbage can.
-Item #MAP6: Apple laptop computer, model #A1990 (SN#C[redacted]), seized from living room.
-Item #MAP7: Thumb drive & Yubi Key, model #SP 32GB, seized from living room.
-Item #MAP8: Black wallet with CA I.D. in name of Betai Koffi, seized from living room.
-Item #MAP9: Indicia in the name of Betai Koffi, seized form living room.

On 7-6-19 at approximately 1335 hrs., I authored a Search Warrant Return.

On 7-6-19 at approximately 1355 hrs., I sent (via email) the above Search Warrant Return to the on-call Sonoma County Superior Court Judge, the Honorable P. Ottenweller. After his review, Judge Ottenweller signed the Search Warrant Return without issue.

**EVID - LOMAS, M - 07/08/2019**
Written by: **MONIQUE LOMAS 110712**
Date/Time: **07/08/2019 11:06:53**

On 07/04/2019 at approximately 2025 hrs. I was notified by CSI Detective Grohl that a shooting had occurred in Bodega Bay with multiple victims.

At approximately 2125 hrs. I arrived at the Sonoma County Sheriff`s Office. I met with CSI Sergeant Lawson and CSI Detective McNeil. Sergeant Lawson briefed me on the incident. I learned that the suspect was flown to Santa Rosa Memorial hospital and was being treated for his injuries. There was also a female victim who had been flown in to Santa Rosa Memorial hospital and she was being treated for her injuries. There was also a male victim who had been taken to Kaiser Hospital and was being treated there.

At approximately 2140 hrs. Detective McNeil and I were tasked with going to Santa Rosa Memorial Hospital to process the victim and suspect in this case. I arrived at the hospital at approximately 2200 hrs and contacted Deputy Crachiola guarding the victim in trauma room #1, bed #23. I contacted hospital staff to advise them that I would need to get photographs of the victim`s injuries and collect her clothing.

At approximately 2200 hrs. I began processing the victim who was identified as [redacted] with a date of birth [redacted]. She was lying on the gurney covered with a white blanket and she was wearing a neck brace. She was conscious and able to speak with me. I explained to her that I would be taking photographs of her injuries with the help of the nursing staff. She acknowledged me and said "ok". I began by taking photographs of the victim with and without scale to show size and perspective. The victim had a large abrasion on the right side of her stomach. It was red and brown with two deep scratches. The abrasion went from the bottom of her right breast to the top of her right hip which measured approximately 6 inches long. She had a red scratch to the right of her hip just below the abrasion. She had a dark red abrasion on the back of right heel approximately 5 inches long, a dark bruise on the back of her right calf approximately 5 inches long. She had cuts on the left side of her lower back above her buttocks. She had cuts and scrapes on her left knee. She had a long dark red cut just above her buttocks which was approximately 5 inches long. She had two small cuts on her left buttock. She had a 1 inch scratch on the outside left leg above the ankle. She complained of pain to her left hip.

At approximately 2214 hrs. I took possession of the victims clothing from Deputy Crachiola. The clothing had been placed in four

separate paper bags. I removed each item one at a time to photograph them.

ML-A was a tan and pink striped cotton pair of pants that were cut up the middle. I observed black marks on the bottom of the pant.
ML-B was a white tank top with grass and dirt on it.
ML-C was a pair of tan panties that were cut in the middle.
ML-D was a tan bra that had the straps cut off in the back.

I placed the items back in its original paper bag and secured them with my camera bag.

At approximately 2218 hrs. I went to trauma room #2, bed #26 and began processing the suspect who was identified as Betai Koffi with a date of birth [redacted]. Deputy Holton and Fitz were guarding the suspect. Koffi was conscious and talking. I began taking photographs of Koffi with and without scale to show size and perspective. Koffi asked me who I was. Detective McNeil told Koffi we were with the Sheriff`s office and were going to take photographs of his injuries. Koffi replied "ok". Detective McNeil asked Koffi a few more questions and he answered them with no problem.

Koffi had blood on the back of his right calf and thigh. He had scrapes and scratches on his back and the back of his right arm. He had severe facial injuries which consisted of three gunshot wounds. He had a gunshot wound to the right side of his right eye just above his cheek bone. He had a second gunshot wound to his left cheek and a third gunshot wound above his forehead on the right side of his head. There were no exit wounds. He had a fourth gunshot wound to his right arm just above his elbow. Koffi had scratches to his neck left shoulder, and both legs. He had a deep cut below his right eyebrow. Deputy Holton advised me he had placed Koffi`s clothing in a paper bag and secured them in his patrol vehicle.

At approximately 2330 hrs. Detective McNeil and I returned to the Sheriff`s main office. I placed the evidence items in the secure CSI lab. We were advised that Santa Rosa Police Department would be taking over the officer involved shooting investigation and the Sheriff`s office would be handling the carjacking and assault charges. At approximately 0030 hrs. VCI Detective Hanshew conducted a briefing with Santa Rosa Police Department at the Sheriff`s office.

At approximately 0150 hrs. I arrived at Pelican Loop, Bodega Bay. The street was blocked off with yellow crime scene tape. I met with CSI Detective`s Parlato, McNeil, Grohl and CSI Sergeant Gary Lawson. Detective Parlato advised us that Pelican Loop was where the crimes occurred. At approximately 0200 hrs. I signed into the major incident log which was manned by Deputy Lavelle. Once inside the scene we conducted a walkthrough of Pelican Loop where the security guard had been assaulted and carjacked. Further north on Pelican Loop was the area where two couples had been struck the Allied Security Toyota pickup which was driven by the suspect, Koffi.

At approximately 0248 hrs. I began documenting the scene by conducting a video walkthrough of the residence at [redacted] Pelican Loop. This was the scene where the allied security guard had been assaulted and carjacked. Detective Parlato who was the lead investigator began taking photographs to document the scene. He then collected two items of evidence. At approximately 0324 hrs. We concluded processing this scene.

At approximately 0508 hrs. The CSI detectives were notified that a signed search warrant was issued by a Sonoma County judge for the processing of the scene located at [redacted] Swan Drive. At approximately 0515 hrs I logged into the major incident log which was guarded by Deputy R. Taylor. The CSI detectives met with Deputy Skerrett who walked us through the residence. Detective Parlato took photographs of the residence and evidence items. At approximately 0530 hrs. Detective Grohl and I began collecting and packaging the following evidence items:
MAP3 - Narcotics
MAP4 - Koffi`s Google cell phone
MAP5 - Broken green pencil
MAP6 - Koffi`s Apple laptop
MAP7 - Thumb drive and Yubi key 32GB
MAP8 - Koffi`s Black wallet
MAP9 - Indicia in the name of Koffi

At approximately 0600 hrs. CSI detectives completed processing the crime scene and cleared.

At approximately 0605 hrs. I arrived on Pelican Loop north of [redacted] Pelican Loop. This was the location where the suspect hit two

victim`s with the Toyota truck. At approximately 0605 hrs. I logged into the major incident log which was guarded by Deputy Keller. At approximately 0618 hrs. I was tasked with capturing video of the crime scene. Detective Parlato took photographs of the scene and evidence items.

At approximately 0652 hrs. I collected and packed the following evidence items.
MAP10 - Medical waste
MAP11 - Black jacket zipper
MAP12 - Black Toyota vehicle part
MAP13 - Black plastic piece

At approximately 0701 hrs. I captured video of an area in the field where the second victim was hit with the vehicle. There were tire tracks in the field north of where the first victim was hit.
At approximately 0740 hrs. I logged out of the crime scene and the road was opened.

On 07/08/2019 I downloaded the videos to Evidence Upload XT.

On 07/09/2019 I booked ML-A, ML-B, ML-C and ML-D into Sheriff`s Property/Evidence.

Nothing Further

---

**FLUP - AGER, D - 07/08/2019**
Written by: **Ager, Daniel 1102171**
Date/Time: **07/08/2019 12:45:02**

SONOMA COUNTY NARCOTICS/PROPERTY UNIT

Reporting Detective: Daniel Ager #2171
Supervisor: Detective Sergeant Jason Lucas

SCSO #190704-028- Supplemental report

On 07/04/2019 I was working in plain clothing with Detective Petersen. We were in the Petaluma area on a special assignment. At approximately 2025 hours, we heard Deputy Pasero say "shots fired" over the radio. We responded in my unmarked Sheriff`s vehicle to the scene.

I activated my BWC upon arrival. We arrived on scene at approximately 2045 hours. We initially stopped in the area where the security guard was assaulted. That scene was secure so we went to where the OIS had occurred.

SGT. Basurto contacted me and asked if I could take a statement from a witness, later identified as [redacted] told me the following in summary:

[redacted] was in the house of [redacted] Swan when he saw the security guard drive quickly to the area of [redacted] Pelican Loop. The guard was talking to someone who was behind a bush. An African American gentleman (later identified as suspect Betai Koffi) punched the guard several times. The guard looked like he was on his phone and trying to calm down Koffi. The guard then was yelling for help. Koffi reached for a landscape light and hits (stabs) the security guard. Koffi then gets into the security guards vehicle. [redacted] gets his handgun and loads it while trying to call 911. [redacted] then sees Koffi strike a female pedestrian with the security truck. [redacted] goes to the security guard. The security guard was on 911 and [redacted] speaks to the dispatcher. CHP then arrives and [redacted] gives them a description of what happened. Two of the CHP vehicles leave while [redacted] is speaking with another CHP. [redacted] heard "shots fired" over the CHP`s radio. EMT`s and fire arrive shortly after. [redacted] never fired his weapon. [redacted] is an investigator for the Department of Defense, Office of Inspector General.

After interviewing [redacted] Detective Petersen and I used crime scene tape to create an outer and inner perimeter for the crime scene.

I took custody of the crime scene log from Deputy Lyle and maintained it till Deputy Ricks took custody of it.

Lt. Cash had me deactivate my BWC since the scene was secured.

At approximately 2214 hours, Detective Petersen and I went to [redacted] Swan Drive to help secure a potential crimes scene. Upon arrival Deputy Skerrett was inside the residence speaking with six witnesses. I activated my BWC when I was upstairs in the residence. I explained the situation to the people inside. At first they were unsure if they needed a lawyer and I explained they were witnesses and possible victims of a crime. One of the people, [redacted] spoke with a family member who was an attorney. The witnesses/victims decided to speak with us.
I spoke with [redacted] first. We went to a bedroom on the second floor of the residence. I asked [redacted] to explain to me what had happened. [redacted] told me the following in summary:

Around 1000 hours the group got up and had breakfast together. Koffi had brought some LSD with him. Around 1300 hours Koffi took two "hits" of the LSD. Around 1500-1600 hours, Koffi then started to do "laps" around the residence. Koffi began talking about a girl and wanting to call her. [redacted] described Koffi`s demeanor as being uncoordinated and falling down. [redacted] and Koffi were in the kitchen area. The group began taking shifts watching Koffi to have him calm down. [redacted] saw Koffi grab the container (Altoids/mint type) with the LSD and took two more "hits" of LSD. [redacted] told Koffi no don`t do it. [redacted] then told Koffi to spit the LSD out.

[redacted] then described the situation as happening very fast. Koffi was sitting at the kitchen table coloring in a coloring book. Koffi began flailing around holding the colored pencils and stabbed people. Koffi began punching people. [redacted] was not stuck by Koffi. The other males at the residence began attempting to control Koffi. [redacted] went to get his phone to call the police. At some point Koffi was able to get away from the other males and ran out to the driveway. [redacted] looked outside and saw Koffi crash the car into the house. [redacted] was on the phone with Sheriff Dispatch. [redacted] was looking out the window and saw Koffi run down the street. At some point [redacted] saw what he thought was the security guard standing up.

As I went over the details with [redacted] he told me during the day Koffi was openly masturbating in front of everyone. [redacted] thought it was weird but it was better than Koffi "freaking out".

[redacted] told me Koffi has used LSD in the past, usually a couple times a year. [redacted] has been present in the past when Koffi had used LSD.

Usually Koffi is a very happy, go lucky person while under the influence of LSD. [redacted] has known Koffi for approximately 10 years and is close friends with him. [redacted] doesn`t know of Koffi ever being arrested before or known him to be violent. Koffi has never made any suicidal statements.

[redacted] believed Koffi may have had a mimosa and a margarita earlier in the day along with a half mg Xanax bar.

[redacted] told me he had taken half of a hit of LSD at approximately 1300 hours, but felt like he was aware of what was going on.

[redacted] told me the remaining LSD tabs were located in the kitchen.

I interviewed [redacted] next. The interview was captured on my BWC. [redacted] gave me basically the same sequence of events as [redacted] did. [redacted] added that she was punched by Koffi during the incident in the kitchen. J[redacted] was punched in the chest and rib area but declined medical attention. [redacted] did not use any LSD or have any alcohol during the day of the incident. (See Detective Vellis`s supplemental report for details of his interview)

I then interviewed [redacted] The interview was captured on my BWC. [redacted] had the same basic story as [redacted] and [redacted] was struck in the face by Koffi during the altercation in the kitchen area. [redacted] told me he had taken half of a tab of LSD earlier in the day, but felt like he was aware of what was going on. (See Detective Vellis`s supplemental report for details of his interview)

I relayed information to Detective Hanshew so he could author a search warrant for the residence.

I assisted in securing the scene until I was relieved by VCI Detectives at approximately 0330 hours.

Nothing further.

**FLUP - DIEHM, A - 07/08/2019**
Written by: **Diehm, Anthony 1102392**
Date/Time: **07/08/2019 14:34:39**

On 07/04/2019, at approximately 2040 hours, I was notified of a Deputy Involved Shooting. I responded to the Sheriff`s Main Office where I received a briefing regarding the shooting and events, which precipitated it. It was determined that the Sheriff`s Office Violent Crime Investigations Unit would be handling the criminal investigation, for events which had occurred prior to the shooting. During the briefing, I learned that one subject, later identified as [redacted] had been hit by the suspect`s vehicle and was now in the emergency room at Memorial Hospital. I was tasked with contacting [redacted] and gathering a statement from her.

On 07/05/2019 at approximately 0110 hours, I arrived at Memorial Hospital and was directed to an emergency room where [redacted] was being treated. I was advised by hospital staff that [redacted] boyfriend, later identified as [redacted] was in the in emergency room lobby, requesting to see [redacted]. I contacted [redacted] who was lying in a gurney with her neck in a brace. [redacted] was conscious and speaking. I asked [redacted] if she could give me a statement regarding what had occurred. [redacted] provided me a statement, which was audio recorded in its entirety. The audio recording would later be uploaded to the Evidence Upload XT system. The following is a short summary of what [redacted] told me. For full details regarding [redacted] statement, refer to the audio recording.

[redacted] told me the following in short summary. [redacted] advised me that she did not have much memory of what had exactly happened. [redacted] said she and [redacted] were staying in a rental house in Bodega Bay. She said prior to the incident, they had gone to a house on Pelican Loop which was being rented by [redacted] parents. At approximately 2015 hours, [redacted] decided to go for a walk. [redacted] remembered she checked her phone around this time and it was 2015 hours. [redacted] left the house and began to walk. Not long after beginning their walk, [redacted] said she saw a couple people in the distance walking toward them. Around this same time, [redacted] remembered she was zipping up her jacket. [redacted] said the next memory she had, she was lying on the ground with people standing above her shouting. [redacted] said she could not remember anything else that had occurred.

After interviewing [redacted], I contacted [redacted] in the hospital`s emergency waiting room. I asked [redacted] if he could speak with me and he agreed. [redacted] and I proceeded into an emergency room meeting room. [redacted] provided me a statement at approximately 0130 hours. This statement was audio recorded in its entirety. The audio recording was later uploaded to the Evidence Upload XT system. The following is a short summary of what [redacted] told me. For full details regarding [redacted] statement, refer to the audio recording.

[redacted] told me the following in short summary. [redacted] said [redacted] is his girlfriend. They are in town for his sister, [redacted] wedding. They arrived in the Bodega Bay area around noon on 07/04/2019. In the evening time this same date, he and [redacted] were at his parent`s rental house (on Pelican Loop). At around 2000 hours, he and [redacted] decided they would go for a walk and watch the sunset. [redacted] said his cousin, [redacted] and [redacted] girlfriend, [redacted] had left to go on a walk about a half hour prior. [redacted] and [redacted] left the rental house, proceeded to the western side of the roadway (nearest the ocean and opposite the rental house), and began to walk northbound. [redacted] and [redacted] had walked approximately three houses to the north, when they could hear a vehicle approaching them from the south. [redacted] and [redacted] were on the opposite side of the roadway, in which the vehicle should have been traveling. As the vehicle approached, [redacted] could hear the vehicle accelerating, and he and [redacted] both moved further to the west, off the roadway. Nothing was said between the two at this time, but based on their action (of moving to the west), [redacted] believed [redacted] also heard the vehicle approaching and accelerating. Around this same time, [redacted] saw [redacted] and [redacted] walking toward him and [redacted] and they were walking on the same side of the roadway (to the west). At about this time, a vehicle then struck [redacted] At the time the vehicle struck [redacted], she was to [redacted] right side and [redacted] had his right arm around [redacted]. When the vehicle struck [redacted], it also stuck [redacted] right arm and hand (Causing minor abrasions to his right middle finger). After striking [redacted], the vehicle accelerated and fled. At no point did the vehicle appear to slow down or attempt to stop. [redacted] described the vehicle as a white pick-up truck. [redacted] would later learn that after striking [redacted], the vehicle had also struck [redacted]

After interviewing [redacted] I proceeded to [redacted] Whaleship Road, for the purpose of contacting [redacted] and [redacted] I arrived at approximately 0245 hours, and [redacted] answered the front door of the residence. I first interviewed [redacted] The interview with [redacted] was audio recorded in its entirety. The audio recording was later uploaded to the Evidence Upload XT system. The following is a short summary of what [redacted] told me. For full details regarding [redacted] statement, refer to the audio recording.

[redacted] told me the following in short summary. [redacted] said he and his family were in town for his cousin [redacted] wedding. He said he had arrived today around 1700 hours. [redacted] said [redacted] was his girlfriend. [redacted] said he and [redacted] had been at the rental house on Pelican Loop at about 1800 hours (07/04/2019). At about 1930 hours, [redacted] asked [redacted] if she wanted to go for a walk and they left the residence. At about 2017 hours, [redacted] checked the time, and the two decided they would continue to walk until the sunset. Around this time, while walking, [redacted] saw [redacted] and [redacted] walking toward them. The two couples began walking toward one another. [redacted] could see [redacted] had his arm around [redacted] also saw what he described as a White Tacoma with a security badge on it, driving fast, from behind [redacted] and [redacted] and towards [redacted] and [redacted] noticed [redacted] and [redacted] began to walk westward, away from the roadway and toward the ocean. As the vehicle got close, [redacted] heard the engine revving, as though it was accelerating, then saw the vehicle suddenly swerve towards [redacted] and [redacted] then saw the vehicle collide with [redacted]

After striking [redacted], the vehicle proceeded directly toward [redacted] said he could see the driver and based on the look of the drivers face, he felt the driver had intentionally struck [redacted] and was now going to strike [redacted] described the driver as a dark skinned male. [redacted] said the vehicle came into the grass, off the roadway, and drove at [redacted] described [redacted] trying to avoid getting hit by the vehicle, and the vehicle striking [redacted] lower leg. [redacted] said it then looked like the driver was trying to maneuver his vehicle to come back for [redacted] but then did not.

After interviewing [redacted], I contacted [redacted]. I noticed [redacted] was walking with a severe limp, and [redacted] right leg was wrapped in bandages. The interview with [redacted] was audio recorded in its entirety. The audio recording was later uploaded to the Evidence Upload XT system. The following is a short summary of what [redacted] told me. For full details regarding [redacted] statement, refer to the audio recording.

[redacted] told me the following in short summary. [redacted] was her boyfriend and [redacted] was [redacted] Cousin. [redacted] said they were all in Bodega Bay for the wedding of [redacted], another cousin of [redacted]. [redacted] said they had arrived to Bodega Bay in the afternoon of 07/04/2019. After checking into their own rental, [redacted] proceeded to the rental on Pelican Loop. At around 1945 hours, [redacted] decided to go on a walk and left the residence, walking on Pelican Loop. At around 2015 hours, they decided to stay out walking so that they could watch the sunset. At around this time, they saw [redacted] and [redacted] also out for a walk. [redacted] and [redacted] were on the west side of the roadway, walking to the north, towards them. [redacted] then saw a white Toyota truck approach [redacted] and [redacted] from behind, and collide with [redacted]. After striking [redacted], the vehicle drove directly at [redacted] saw the vehicle coming for her and she attempted to flee out of its path. As the vehicle passed, it hit her leg. [redacted] described the driver as a dark skinned male. She further stated that the driver looked like he wasn`t there, describing him as appearing "dead on the inside". While speaking with [redacted], She unwrapped her leg and allowed me to photograph the injury she sustained. The photographs were later uploaded to the Evidence XT system.

On 07/09/2019, at approximately 1525 hours, I contacted the suspect in this case, Betai Koffi, at Memorial Hospital. Koffi was awake and communicating. I advised Koffi that he was under arrest and Koffi appeared to understand, nodding his head and stating something to the effect of seeing this procedure done on television before.

Written by: **Crachiola, Jacky 1102516**
Date/Time: **07/08/2019 15:36:04**

On 07/04/2019 at about 2020 hours, I was at the SCSO Main Office located at 2796 Ventura Avenue in Santa Rosa, Ca. I monitored an Agency Assist call for service in the area in Swan and Heron Drive in Bodega Bay via radio. I then heard Deputy Pasero (K-3) advised "shots fired".

I self attached to the call for service and was directed to meet the female victim, [redacted] at Memorial Hospital as she was transported via helicopter. I met with Reach personnel and [redacted] inside the emergency room as Memorial personnel began medical treatment.

I maintained presence with [redacted] while she was in the emergency room and while she underwent a CT scan. Shortly after CSI Detectives M. Lomas and T.Mcneil arrived and contacted [redacted] as she was laying in the hospital bed inside of emerency room # 23.

Emergency room personnel cut and removed [redacted] clothing which was later placed into three seperate brown paper bags by nursing staff. I gave those bags to Detective Lomas and Detective Mcneil. At approximately 2217 hours I was relieved by Deputy R Dillion.

Throughout my involvement in this incident I was equipped with a Body Worn Camera and it was recording. This report is merely a summary of the incident and is not intended to be an exact transcript of the entire investigation.

Nothing Further.

**FLUP - WILLIAMS, K - 07/08/2019**
Written by: **Williams, Kensell 1101747**
Date/Time: **07/08/2019 15:49:47**

On 7/4/19 at approximately 2010 hours, I was assigned to the Sheriff`s Office Tactical Team. We were staged at Wilmar Fire Department for a planned protest in the west Petaluma area. I heard via radio an assault call in Bodega Bay. Moments later I heard the Deputy on-scene advised shots fired.

I responded to the area of Pelican Loop in Bodega Bay to assist. When I arrived in the area I observed a female victim being tended to by emergency medical personnel, fronting [redacted] Pelican Loop. There were several people around the victim who appeared to be associated with her. I contacted [redacted] who told me he was the victim`s boyfriend. He identified the victim as [redacted] and told me she was run over by a pickup truck. The victim was transported to the hospital by helicopter.

I took two photographs of the area where [redacted] had been located. I took a photograph of an image of [redacted] California driver`s license which was kept on her cell phone. The photographs were later downloaded into the evidence system.

I was approached by a resident, [redacted], who told me he owns the house at [redacted] Pelican Loop and resides there part time. He told me he had a security camera on the front of his residence which captured the part of the incident which took place fronting his residence. I relayed the information to Detective Grohl for evidence collection.

At approximately 2100 hours, Detective Grohl put up evidence tape around the area [redacted] had been located. I started a crime scene log. All persons who entered the crime scene area signed into the log.

On 7/5/19 at approximately 0100 hours, I was relieved at my position by Deputy Anaya. I handed off the crime scene log to Deputy Anaya.

During the incident my body worn camera was activated.

SONOMA COUNTY SHERIFF`S DEPARTMENT

SUPPLEMENTAL: SD190704-028

Reporting Deputy: SERGEANT REYNALDO BASURTO

DETAILS OF INVESTIGATION:

1.On 07/04/18 at approximately 1800 hours, the Sonoma County Sheriff`s Office (SCSO) TAC Team was staged at the Wilmar Fire Department (3825 Bodega Avenue, Petaluma) to monitor a planned vigil/protest by the Berkeley based Direct Action Everywhere (DXE) animal liberation group. At approximately 2010 hours, I was alerted of a call for service in the Bodega Bay area involving a subject allegedly under the influence of LSD who was actively assaulting individuals. Bodega Bay Coast Deputy Pasero, Officers from the CHP and State Parks Departments were responding to the area to investigate the incident.

2.At approximately 2022 hours, I was alerted by TAC Team members that Deputy Pasero had announced shots fired over the radio and was requesting assistance. Lt. Raasch directed members of the TAC Team to respond to Bodega Bay to assist, while keeping a smaller faction of the team staged at the Wilmar Fire Department to continue our monitoring of the ongoing protest. I responded Code 3 to the scene in Bodega Bay, arriving on scene at approximately 2042 hours. While enroute, I heard dispatched information informing there were two additional victims needing immediate assistance as Deputy Pasero and CHP personnel were constrained to dealing with the suspect because of a display of assaultive behavior (kicking his legs about).

3.Upon arriving on Pelican Loop, I saw Deputy Ricks assisting the injured security guard, later identified as [redacted] in the driveway of [redacted] Pelican Loop. As I continued driving N/B, I saw the female victim [redacted]), who had been struck by the suspect, was being treated by EMS in an open field fronting [redacted] Pelican Loop. Both of these scenes appeared to be under control so I continued N/B to the scene of the OIS, which was in the middle of the roadway, fronting [redacted] Pelican Loop.

4.Upon arriving to the OIS scene, EMS personnel and two CHP Officers were assisting the suspect, who was laying on his back with his head covered with gauze bandaging. I saw Deputy Pasero`s marked patrol truck facing in a northbound direction, next to a CHP SUV unit. There was approximately one car width distance between Deputy Pasero`s unit and the CHP unit. There was also a second CHP SUV unit parked directly behind the front CHP unit. Facing the opposite direction was a white Toyota pickup with what appeared to be bullet holes in the windshield. It appeared the Toyota Pickup had a collision with the front CHP unit. The front passenger side fender area of the Toyota pickup was embedded into the front passenger side fender area of the front CHP SUV unit.

5.I contacted Lt. Cash and inquired if a public safety statement was obtained, which he confirmed was already done and a check of the area had been completed. I conducted a visual check of the surrounding area to confirm no other residences were affected by the shots fired. Deputy Pasero was being sequestered by Deputy Falberg.

6.I was approached by a subject who identified himself as [redacted] said he was currently staying at [redacted] Swan Drive and had witnessed the incident. He overheard the commotion occurring outside and had armed himself with his personal handgun prior to responding outside to see what was occurring. [redacted] said he witnessed the suspect assault the security guard, steal the security guards truck and then run over the female victim. [redacted] said the CHP officers had confiscated his handgun. I escorted [redacted] out of the secured area, assuring he did not taint any potential evidence, then turned him over to Detective Ager to obtain his official statement. After it was determined [redacted] was not involved in the incident, CHP personnel later returned his handgun to him.

7.I initially directed Deputy Thornton to ride with the suspect after he had been loaded into an ambulance for transport, but EMS personnel opted to have the suspect airlifted to Memorial Hospital for emergency medical care. As I made my way S/B through the different scenes, I saw the female victim was being airlifted out of the area and learned the security guard was transported by ambulance. I met with Deputy Ricks at [redacted] Pelican Loop and he and I conducted a security check of the property to make sure there were no additional victims and to check the property in general. Deputy Lavelle took over the crime scene log of the southernmost involved portion of Pelican Loop to include [redacted] Pelican Loop. Deputy Ricks was redirected to relieve Detective Ager of the crime scene log at the immediate OIS scene.

8.At approximately 2205 hours, Sergeant Gelhaus and I responded to [redacted] Swan Drive to secure the property in anticipation of a search warrant. Upon arrival, I saw a gray Hyundai Elantra (Ca. Plate [redacted] in the driveway of the residence. It appeared this vehicle was involved in a collision with the actual structure. The front passenger side fender and grill area of this vehicle was embedded into the wood siding of the structure. I also noted wheel traction marks leading from a landscaped area along the driveway heading towards the area of impact.

9.Sergeant Gelhaus and I contacted the occupants of the residence and confirmed these were the friends of the suspect who had made the initial call to dispatch reporting they were being assaulted by the suspect during his rampage.

10.Sergeant Gelhaus explained our purpose before we turned the property over to Deputy Skerrett and Detectives Ager and Petersen. Sergeant Gelhaus and I put up crime scene tape fronting the property.

11.I remained on scene until approximately 0315 hours, where I was relieved by Santa Rosa Police Department personnel, who took over the scene and investigation.

**FLUP - PETERSEN, K - 07/09/2019**
Written by: **Petersen, Kyle 1102133**
Date/Time: **07/09/2019 15:50:43**

On 7-4-19, I was working with Detective Dan Ager in plain clothes conducting surveillance in the area of Petaluma for an unrelated incident. At about 2020 hrs, we were at the Wilmar Fire station located at 3825 Bodega Ave. I heard K3 advise over channel 3 that shots were fired. Detective Ager and I responded to the area of the shooting code 3.

Upon arrival, we responded to the scene of the shooting. Medical personal was on scene tending to the suspect. There were multiple patrol units on scene. I spoke to Deputy Pasero who was concerned about his K9 partner Titan. I called and spoke with K9 Sergeant Piccinini and he told me he would arrange for the care of Titan.

Detective Ager and I assisted with scene security and we put up crime scene tape on the north side of the scene on Pelican Loop.

Sgt. Gelhaus and Sgt. Basurto made contact with the occupants of [redacted] Swan Dr and they requested we respond to the home. We learned the suspect had been staying at the house and one of the people inside had called 911. The occupants gathered in the living room pending a search warrant for the residence.

Upon arriving to [redacted] Swan Dr, I observed there was a vehicle that had apparently collided into the front of the house. I noticed there were landscaping rocks in the driveway that looked out of place.

There were six people inside the house, 4 males and 2 females. They were apparently awaiting legal advice on whether or not to provide statements to us. At some point while I was outside the group decided that they would provide statements.

I observed that one of the males in the living room, [redacted] was holding ice to his lip and had a bandage on his chest. I interviewed [redacted] and [redacted] separately downstairs. All three individuals stated that Betai Koffi was their friend and the group was staying at the house for the 4th of July. They all stated Koffi took acid and eventually became violent. Koffi got into his rental car, nearly hit [redacted] with the car and crashed into the house. Koffi then left the area on foot towards Pelican Loop.

None of the victims/witnesses that I contacted in the house witnessed any assault away from the house. They did not witness the shooting.

VCI Detective Vellis and Sgt. Cutting responded to the scene. I briefed them on the interviews I conducted. They told me they were going to re-interview the occupants of the house.

I did not have my BWC for the initial response to this call as I was assigned to a separate incident. I utilized Deputy Fletcher Skerrett`s BWC while interviewing [redacted], [redacted], and [redacted]

Sgt. Cutting relieved Detective Ager and I from the scene at about 0330 hrs (7-5-19).

Nothing further at this time.

**FLUP - THORNTON, G - 07/09/2019**
Written by: **Thornton, Gary 110407**
Date/Time: **07/09/2019 22:30:25**

On 7/4/19 at approximately 2007 hours, Bodega Bay Resident Deputy J. Pasero was dispatched to Pelican Loop in Bodega Bay for

a subject assaulting people. Shortly after Deputy Pasero arrived, he encountered the subject, who had carjacked a security truck and reportedly run over two citizens and struck the security guard with a metal pole. Both citizens and the security guard were down on the ground with major injuries.

At some point during contact with the assaultive subject in the stolen security truck, Deputy Pasero announced on his radio, "shots fired!"

I responded "code 3" from Guerneville and arrived to assist at approximately 2051 hours.

I was directed by Sergeant Gelhaus to ride in the ambulance with the injured subject. I positioned myself in the ambulance to not obstruct medical care and observed. I saw the subject lying on his back on a gurney. His head was bandaged and his arms were at his side. A CHP Officer was at his side, talking with the subject about general issues so medical staff could assess his alertness and level of consciousness. I listened to the subject, identified as "Betai Koffi" recite his mother`s name and 10 digit telephone number. He appeared to me to be awake, alert and reciting accurate, factual information from memory. It was then determined that Koffi would be transported by air ambulance instead of ground ambulance and he was transferred to the CHP helicopter. I exited the ambulance and did NOT accompany Koffi on the CHP helicopter.

I then again contacted Sergeant Gelhaus for assignment. He requested I post at the north side of Pelican Loop for scene security. I reported to the north side and maintained the post until 0255 hours, when relieved by Santa Rosa PD, who was taking over the investigation under county enacted OIS protocol.

Nothing further.

Supplemental Report

Sonoma County Sheriff`s Office Case #SD190704-028
Santa Rosa Police Department Case #19-0008771

Detective Theodore Vellis
Violent Crime Investigations Unit

---

NOTIFICATION

On 07/04/19 at about 2130 hours, I was contacted by Sonoma County Sheriff`s Office Violent Crime Investigations Detective Sergeant Brandon Cutting. Sgt. Cutting informed me there had been an officer involved shooting in Bodega Bay and to respond to the main office.

---

BRIEFING AT THE SONOMA COUNTY SHERIFF"S OFFICE

Lead VCI Detective Jesse Hanshew learned the suspect, Betai Koffi, had been staying at a residence he and his friends had rented in Bodega Bay. The residence was located at [redacted] Swan Drive, Bodega Bay. It was reported, prior to the officer involved shooting Koffi had ingested LSD (Lysergic Acid Diethylamide). After ingesting LSD at the Swan residence Koffi assault several of his friends and fled on foot toward Pelican Loop.

While on Pelican Loop, Koffi came into contact with a patrolling Bodega Bay Security Guard. Koffi assaulted the security guard with a landscape light and stole his patrol vehicle. Koffi drove the vehicle on Pelican Loop and struck two female pedestrians, sending both of them to the hospital.

After striking both females with the patrol vehicle, Koffi was contacted by two (2) California Highway Patrol Officers and Sonoma County Sheriff`s Office Bodega Bay Resident Deputy Jason Pasero on Pelican Loop. This encounter resulted in the officer involved

shooting.

Sgt. Cutting informed us that the decision was made to invoke Employee Involved Fatal Incident Protocol per the Sonoma County Chief`s Association Policy 93-1. As a result the Santa Rosa Police Department was tasked as the investigative agency regarding the officer involved shooting. The Sonoma County Sheriff`s Office would be tasked with all other related crimes leading up to the officer involved shooting.

---

INTERVIEWS CONDUCTED AT [redacted] SWAN DRIVE

I was tasked with conducting interviews with Koffi`s friends who were at the rental residence on Swan Drive. I was accompanied in the interviews with Santa Rosa Police Department Nick Gillotte. Interviews were conducted with the following individuals: [redacted]

The interviews were audio recorded, using my department issued digital recorder and later uploaded into Axon Evidence Upload XT. The following is a summary of our interviews and they are not intended to be used for exact statements nor does it contain every topic touched on in the interviews. For exact statements made in the interview listen to the uploaded recording.

The interviews were conducted in the bedroom of the residence. The interviews began on 07/05/19 at 0325 hours and ended at 0450 hours.

---

INTERVIEW WITH [redacted]

[redacted] said, all of the friend`s arrived at the residence on the evening of 07/03/19. [redacted] arrived with her brother [redacted] That evening they drank some wine, played cards and put a puzzle together.

On the morning of 07/04/19, they all got up, had breakfast and finished putting the puzzle together.

[redacted] told us, around 1300-1400 hours, some of them consumed LSD. [redacted] said, she did not because she was getting over a cold and taking cold medicine. Everyone that consumed LSD, used half to two-thirds of tab, Betai used two tabs. It was not uncommon for Betai to consume two tabs.

Sometime between 1700-1800 hours, Betai started acting very strange. He began falling around the residence and saying strange things. [redacted] said, Betai would say, "I think I`m dead," he would be reassured he was not dead and say, "No, I`m alive. No, I`m dead." They all realized they needed to calm him down so they took turns watching him. They played him classical music, fed him, got him in the hot tub. After a while he appeared to calm down and took a shower then read a book.

When it wasn`t [redacted] turn to watch Betai, she went on a walk with [redacted] When she returned she was hanging out on the patio. [redacted] told her Betai was taking more LSD. She saw Betai with the Altoids container, which contained the LSD. [redacted] saw him take an unknown amount and put them into his mouth.

[redacted] immediately told Betai to spit out the LSD, but he refused. It was at this point Betai became violent, assaulting many of his friends. [redacted] said, her brother [redacted] was struck to the ground. [redacted] was stabbed with a colored pencil, Betai had armed himself with and [redacted] was punched in the chest twice and once to the side of the torso. As a result, [redacted] said it hurt for her to breath and that she probably had a bruised sternum.

At some point Betai ran to the front yard and got into his rental car. [redacted] was on the front steps and saw him backing up the car. Everyone started yelling for him to stop. Betai ran into a bush and drove forward, almost running over [redacted] [redacted] had to jump out of the way to prevent from getting run over. After missing [redacted] Betai drove into the garage causing significant structural damage.

[redacted] said, Betai injured his head as a result of crashing into the garage. After the crash, [redacted] and [redacted] got into the car in attempts to stop Betai. [redacted] heard while they were in the car, Betai chocked [redacted] for ten seconds almost causing him to pass out. Somehow [redacted] got out of the chokehold and Betai ran off wearing one shoe.

[redacted] told us, she realized they need to call 911 and report what had happened, and because he was so violent he may hurt someone. This was due to the fact he assault several of his closest friends and they were concerned what he may do to a stranger. [redacted] said they were also concerned he may hurt himself.

[redacted] said, while they were on 911 with a dispatcher they could see someone laying on the ground on Pelican Loop. Later, after reading the press release they realized it was the security guard laying on the ground.

[redacted] told us, she had known Betai since 2008. She said, he attended Stanford with her brother [redacted] Betai lived next door to her and [redacted] in San Francisco. [redacted] had known Betai to use LSD for approximately four years and had seen him use approximately six times. She had seen him consume multiple tabs in the past with no issues.

---

INTERVIEW WITH [redacted]

[redacted] said, they arrived at the residence on the evening of 07/03/19. They all stayed at the residence, drank some wine, used the hot tub and put a puzzle together. He recalled going to bed sometime between 0100-0300 hours.

On the morning of 07/04/19 at approximately 1000 hours, [redacted] woke-up and had breakfast.

At approximately 1300 hours, Betai consumed LSD. He was acting appropriately the first few hours after his consumption, but after that he started exhibiting strange behavior. Betai began running laps around the residence, falling to the ground and flopping around. [redacted] became concern Betai would hit his head. He tried to calm Betai by having him play his keyboard and he gave Betai a Xanax. After Betai started to calm down, [redacted] went to the back patio to man the grill.

At approximately 1700 hours, while [redacted] was grilling on the patio, Betai ran out of a bedroom onto the patio, jumped a side fence and fell into a bush injuring his legs.

The next thing [redacted] remembered was Betai coming into the kitchen and going to the refrigerator for some wine. [redacted] told him not to drink as he took a Xanax. Betai became upset and sat at the kitchen table aggressively coloring, with colored pencils in hand, across an entire coloring book.

While [redacted] was in the kitchen and Betai at the table he heard [redacted] yell something about Betai taking two more tabs of LSD. Everyone ran into the room, it was a hectic scene and Betai became violent. [redacted] saw Betai assault a number of his friends by punching them and also saw Betai Brandishing the colored pencils with a stabbing motion. [redacted] left the room and called 911.

At some point [redacted] walked to the front of the house and saw Betai crash into the residence. [redacted] did not see it, but heard Betai had [redacted] in a headlock, chocking him. Betai exited the vehicle and ran off. After Betai ran off, [redacted] said he was worried Betai would hurt himself by jumping or falling off a cliff.

[redacted] knew Betai for five to six years, through college and considered him to be one of his best friends. [redacted] had seen Betai consume LSD about a dozen times before and he was always very happy go lucky.

---

INTERVIEW WITH [redacted]

[redacted] arrived at the residence on the evening of 07/03/19. [redacted] said, he was very tired when he arrived and fell asleep on the sofa.

On 07/04/19 at approximately 0700 hours, [redacted] woke-up, went for a walk and had breakfast.

At approximately 1300 hours, Betai consumed two tabs of LSD. After a while Betai started acting erratically. [redacted] told us, Betai was pacing around the residence and continuously falling to the ground. While [redacted] was on the back patio, he saw Betai run out of a bedroom onto the patio and jump over the side fence into a bush, injuring his legs. [redacted] said, he helped treat Betai`s leg injuries and attempt to calm and contain him in a bedroom.

At some point, Betai exits the bedroom and goes to the kitchen area where [redacted] and [redacted] were. Not long after [redacted] heard

[redacted] scream and he ran up to the kitchen. In the kitchen [redacted] saw Betai at the kitchen table with colored pencils in his hands. He attempted to subdue Betai, but Betai punched and stabbed him in the collarbone area with one of the pencils.

The next thing [redacted] remembers is Betai run out to the front yard and get into his rental car. [redacted] said, he ran out and stood in front of the residence near the corner of the garage door. [redacted] saw Betai reverse the car, strike a bush and drive forward right at him. [redacted] had he jumped and placed his hand on the hood in order to get out of the way and not get pinned up against the residence. Betai drove the past he point of where [redacted] was standing and into the residence.

At this point, [redacted] and [redacted] got into car in an attempt to stop Betai. [redacted] said, while they were in the car with Betai, Betai placed [redacted] into a chokehold. [redacted] was able to free [redacted] and Betai ran off.

[redacted] told us, 911 was called and he was worried Betai would hurt someone else if he already hurt his friends. [redacted] was also concerned Betai would hurt himself.

[redacted] knew Betai for thirteen years and had seen him consume LSD a couple of time, but he was never violent.

---

INTERVIEW WITH [redacted]

[redacted] said, she arrived at the residence on the evening of 07/03/19, with [redacted] and [redacted] She told us the evening was low-key. They all stayed at the residence drank wine and worked on a puzzle. [redacted] remember going to bed around 0130 hours.

On 07/04/19 at about 1000 hours, [redacted] woke-up and ate breakfast.

[redacted] said, she wasn`t sure of the time, but remember Betai consumed LSD and no control of his body. She saw Betai falling and other that knew him better felt he was acting more intense than when he usually under the influence of LSD.

[redacted] told us, she was on the back patio and saw Betai jump over the fence and fall into a bush. [redacted] said, she was freaked out by Betai`s behavior.

While in the kitchen she heard Betai had taken more LSD. Everyone tried to stop him and that was when she saw Betai stab [redacted] her fianc, in the neck with a colored pencil.

[redacted] said, she remembers after the kitchen incident she walked outside and saw Betai in the car. [redacted] told us, Betai almost ran [redacted] over and crashed into the residence. [redacted] saw [redacted] get into the car and heard Betai strangled [redacted] At some point, Betai got out of the car and ran away.

When Betai ran away, [redacted] said she was worried about the public`s safety based on the assaults that occurred with Betai`s own friends.

[redacted] said, she had known Betai for approximately four years through [redacted] [redacted] believes she had been around Betai onetime prior when he was under the influence of LSD. She was unsure of his behavior when he consumed LSD.

---

INTERVIEW WITH [redacted]

[redacted] told us, he arrived at the residence on the evening of 07/03/19, in the rental car with Betai. The friends stayed at the residence, played cards and worked on a puzzle.

On the morning of 07/04/19, [redacted] said, he worked out with Betai, did some work on his computer and took a shower.

At approximately 1400 hours, some of them consumed LSD. Betai consumed the most with a total of two tabs.

[redacted] said, a couple hours after Betai started having a hard time. Betai seemed overwhelmed, talking strange and falling down. At first, [redacted] thought Betai`s falling maybe a medical issue and considered calling 911. It was at this time the group started taking turns watching Betai. [redacted] told us, they watched Betai in the bedroom and he appeared to be calming down.

While [redacted] was on the back patio, he said, he heard someone yell "No!" [redacted] ran up to the kitchen to learn Betai consumed more LSD and Betai started assaulted everyone that tried to stop him. Betai broke loose and ran to the front of the residence.

In the front driveway, [redacted] saw Betai in the rental car, drive the car backwards into a bush and forward almost striking [redacted] and crash into the residence.

It was at this point [redacted] saw Betai in the backseat of the car. [redacted] took this opportunity to get into the car and try to get the keys out of the ignition. [redacted] said, as he was trying to get the keys Betai put him into a chokehold, to the point [redacted] labored to breath. Someone freed [redacted] from the chokehold and Betai ran away.

A short time later, [redacted] said he saw law enforcement come into the area and the security guard on the ground on Pelican Loop. [redacted] told us, when Betai ran off he was concerned for the public`s safety and Betai.

[redacted] said, he knew Betai for thirteen years and Betai had used LSD for the last five years. [redacted] told us, he had been around Betai about a dozen times when he consumed LSD. He said, he had never behaved this way and was the kindest and gentlest person.

---

INTERVIEW WITH [redacted]

[redacted] said, he arrived at the residence with his sister [redacted] on the evening on 07/03/19. He told us, they arrived to see the sunset. During the evening the friends drank wine, worked on a puzzle and played cards. [redacted] said, nothing remarkable occurred throughout the evening and he went to bed around 0200 hours.

On 07/04/19, unsure of what time, but Betai took two tabs of LSD. [redacted] said, Betai brought the LSD, which was on Altoids mints and in an Altoid container.

After about two hours, [redacted] said, Betai started acting manic. [redacted] told us, he was on the back patio and saw Betai jump over the side yard fence and into a bush, injuring himself. After this they tried to calm Betai in a bedroom and had him take a shower.

At some point, [redacted] said, he heard yelling coming from the kitchen because Betai consumed more LSD. When he arrived Betai was fighting with everyone that was trying to subdue him. [redacted] told us, Betai struck him in the jaw. As a result, [redacted] fell to the ground and stayed there until Betai ran to the front yard.

In the front yard, [redacted] saw Betai in the car driving backwards and forward, crashing into the residence. [redacted] told us, after Betai crashed into the residence, he and [redacted] got into the car to get the keys. [redacted] and Betai started wrestling for the keys and Betai started choking [redacted] The three of them began to tussle and Betai got out of the car and ran away.

[redacted] said, after Betai ran off, 911 was called because there was potential Betai could hurt others or hurt his friends more. Betai was not acting safely, which was totally out of his character.

[redacted] told us, he went to college with Betai, but really only got to know him as a neighbor over the past six years. [redacted] said, he knew nothing about Betai`s past LSD use.

This terminated the interviews with Betai`s friends at [redacted] Swan Drive, Bodega Bay.

Supplemental Report

Sergeant Lawson
SCSO Case 190704-028

On 7/4/19, at approximately 2030 hours, I received a telephone call from Detective Parlato that he was responding to the Bodega Bay area from another assignment for an incident involving a deputy. I responded to the Sheriff Office and arrived there at approximately 2100 hours.

At 2300 hours, I responded to the [redacted] to collect Deputy Pasero`s BWC. I met with Deputy Pasero and obtained his BWC from his uniform at 2320 hours. I transported the BWC to the Sheriff Office and downloaded it into Axon`s Evidence.com. I located a recorded video from 7/4/19 on Deputy Pasero`s BWC, marked it with the Sheriff Office case number and labeled it as a critical incident. I provided a copy of the video to Detective Hanshew to share with the Santa Rosa Police Department.

At 0150 hours, I arrived to the scene at Pelican Loop with the Crime Scene Detectives. I assisted with identification, marking and documentation of evidence until I left the scene at 0740 hours.

Nothing Further.

---

**FLUP - MCNEIL, T - 07/17/2019**
Written by: **McNeil, Tom 1101173**
Date/Time: **07/17/2019 09:35:32**

On 7/4/19 at approximately 2025 hours, Sgt. Lawson called and advised that there had been an officer involved shooting involving an SCSO Deputy in the Bodega Bay area.

I responded to the SCSO Main Office, arriving at approximately 2100 hours. I met with Sgt. Lawson and CSI Det. Lomas. I was advised that the suspect, identified as Betai Koffi, and one of the victim`s, identified as [redacted] had been transported to Santa Rosa Memorial Hospital.

Detective Lomas and I responded to the hospital, arriving at approximately 2200 hours. We made contact with Deputy Crachiola who was standing by with [redacted] in Trauma 1 Bed 23. I stepped out of the room and pulled the curtain closed while Det. Lomas discreetly completed photos of [redacted] injuries and gathered her clothing as evidence.

Detective Lomas and I then made contact with Deputy Holton and Deputy Fitz who were standing by with Detai Koffi in Trauma 2 Bed 25. I assisted Det. Lomas in completing photos of Koffi`s injuries.

At approximately 2330 hours, Det. Lomas and I returned to the SCSO Main Office and participated in an incident briefing which included command staff and investigative units from both the SCSO and Santa Rosa Police Department. It was determined that SRPD would be handling the OIS and the SCSO would be handling all other involved crimes.

At approximately 0150 hours, Det. Lomas and I arrived on scene on Pelican Loop in Bodega Bay where we meet with Sgt. Lawson. Det. Parlato and Det. Grohl. Deputy Lavelle was controlling the crime scene log, which I signed into at approximately 0200 hours. Det. Parlato was the lead CSI investigator for the incident.

I assisted with the identification, marking and collection of evidence in all involved scenes of Pelican Loop.

At approximately 0740 hours, I signed out of the crime scene log and cleared the scene.

Nothing further at this time.

AUTHORING SECOND SWEARCH WARRANT RETURN:

On 7-5-19 at approximately 0408 hrs., I authored a Search Warrant for the following location, vehicle, and person:

[redacted] Swan Drive in Sebastopol, CA 95472 (Bodega Bay)

-Blue Hyundai Elantra GT 4-door sedan ([redacted]

-Betai Michel Koffi, D.O.B. [redacted], CDL #[redacted]

On 7-6-19 at approximately 1335 hrs., I authored the first of two Search Warrant Returns related to this Search Warrant.

On 7-6-19 at approximately 1355 hrs., I sent (via email) the above Search Warrant Return to the on-call Sonoma County Superior Court Judge, the Honorable P. Ottenweller. After his review, Judge Ottenweller signed the Search Warrant Return without issue.

On 7-10-19 at approximately 1910 hrs., I authored the second of two Search Warrant Returns related to a blood sample obtained from Koffi on the 5th day of July 2019 by a member of the Santa Rosa Police Department (item #2).

On 7-10-19 at approximately 1930 hrs., I sent (via email) the above Search Warrant Return to the on-call Sonoma County Superior Court Judge, the Honorable P. Ottenweller. After his review, Judge Ottenweller signed the Search Warrant Return without issue.

On 7-22-19 at approximately 1504 hrs., I filed the above Search Warrant and all accompanying documents at the Sonoma County Clerk`s Office (#19-510).

VIDEO AND STILL IMAGES PROVIDED TO SANTA ROSA POLICE INVESTIGATORS:

On the afternoon of 7-22-19, I downloaded the following videos and still images onto a thumb drive (item #6JJH) at the request of Det. J. Vickers with the Santa Rosa Police Department:

LIEUTENANT A. CASH:
-One (1) BWC recording
-One (1) Axon report

SERGEANT ERICK GELHAUS:
-Three (3) BWC recordings
-One (1) Axon report

DEPUTY CHRISTOPHER HAAS:
-Forty-six (46) still images generated from Henry-1 (in-flight)
-One (1) video generated from Henry-1 (in-flight)
-One (1) Axon report

DEPUTY JAMES FALBERG:

-Two (2) BWC recordings
-One (1) Axon report

After completing the download of the above video, photos, and reports onto a thumb drive (item #6JJH), I booked it into Sonoma County Sheriff`s Office property/evidence.

On 7-23-19 at approximately 1000 hrs., Det. J. Horsman and I met with Det. Vickers in the parking lot of Memorial Hospital located at 1165 Montgomery Drive in Santa Rosa. There, I provided Det. Vickers with a copy of evidence item #6JJH.

After which, Det. Vickers provided me with the following pieces of duty gear belonging to Deputy Pasero, which consisted of the following:

-One Harris portable police radio

Black nylon duty belt containing the following items:
-Black firearm holster
-Black tourniquet and tourniquet holder
-Empty black nylon double-magazine holder
-Empty black nylon radio holder
-Empty black plastic Taser holster
-Black nylon double-handcuff pouch containing one pair of handcuffs
-Black baton ring

NOTE: It should be noted that the above duty gear provided to me by Det. Vickers DID NOT include a firearm, nor did it include two magazines or ammunition. All of which, was retained by the Santa Rosa Police Department.

Later, the above duty gear will be returned to Deputy Pasero.

**EVID - LOMAS, M - 07/25/2019**
Written by: **MONIQUE LOMAS 110712**
Date/Time: **07/25/2019 16:29:07**

On 07/25/2019 at approximately 1050 hrs. VCI Detectives Hanshew and Horseman arrived in the CSI unit office. Detective Hanshew advised me that suspect, Betai Koffi was being released from custody per his own recognizance (OR) and requested I go to Santa Rosa Memorial Hospital to obtain his fingerprints and a photograph.

At approximately 1120 hrs. I arrived at the hospital and met with Detectives Hanshew and Horseman. Koffi was in room 203 east wing. Koffi was sitting in a chair his room guarded by Deputy James. Detective Hanshew explained to Koffi what I was going to do.

I began by taking a photograph of Koffi (face only). I then inked rolled Koffi`s fingerprints on to a Department of Justice 10 print card. I had Koffi sign the 10 print card.

I returned to the Sheriff`s office and contacted legal staff supervisor, Kimberlee Cordero to see if the photograph I took of Koffi could be added to Koffi`s booking information in the Crimnet database.

I downloaded the photograph into Evidence Upload XT

I booked the DOJ 10 print card into Sheriff`s Property/Evidence as ML-E

CONTACT WITH BETAI MICHEL KOFFI AT MEMORIAL HOSPITAL:

On 7-25-19 at approx. 1115-1125 hrs.,. Det. Horsman and I traveled to and arrived at Memorial Hospital located at 1165 Montgomery Drive in Santa Rosa. There, we met with Sonoma County Sheriff`s Office CSI detective, Det. M. Lomas.

On 7-25-19 at approx. 1130 hrs., I activated my hand-held Olympus digital voice recorder before entering S-Betai Michel Koffi`s hospital room (#203E). Upon doing so, I introduced myself, Det. Horsman, and Det. Lomas to Koffi, before explaining who I was employed by (e.g., Sonoma County Sheriff`s Office). At the time, Koffi was seated in a wheel chair and wearing a black helmet similar to a bicycle helmet. Also in the room was a hospital nurse who was assisting Koffi with brushing his teeth.

I explained to Koffi that that we were there to obtain his photograph and his fingerprints for jail records. Not long after, Koffi asked, "Is this something I need my lawyers for?" I explained to Koffi it was not, considering it was a requirement of the booking process, however, his photograph and fingerprints were never previously obtained (due to him being treated at the hospital). Still, I provided Koffi with my business card so that it could be provided it to his family and/or his attorneys.

After which, Det. Lomas took a photograph of Koffi, before obtaining his fingerprints that were subsequently memorialized onto a fingerprint card, which was later signed by Koffi. Refer to Det. Lomas` supplemental report.

After obtaining Koffi`s photo/fingerprints, I concluded the recording and our contact with Koffi, before leaving the hospital.

NOTE: Later, I downloaded the above recorded-contact with Koffi onto a CD-R disc, which I labeled as evidence item #7JJH before booking the disc into Sonoma County Sheriff`s Office property/evidence.

**EVID - PARLATO, M - 08/06/2019**
Written by: **Parlato, Matt 1101840**
Date/Time: **08/06/2019 14:40:49**

On 7/4/19, at approximately 2025 hours, I was working a special event detail, when I heard via the Sheriff`s Radio of a critical incident occurring in Bodega Bay. I immediately responded to the Pelican Loop area in Bodega Bay.

I arrived at [redacted] Pelican Loop at approximately 2045 hours. I turned on my Body Worn Camera, but it failed to activate and no video was recorded. In the driveway of this residence American Medical Respond (AMR) Paramedics were treating a male victim who appeared to be a security guard. The scene was being secured with yellow crime scene tape by Deputies Ricks and Mittenthal.

A few minutes later I traveled approximately 150 yards northwest on Pelican Loop. In front of [redacted] Pelican Loop I observed Bodega Bay Fire Personnel as well as AMR Paramedics treating a female victim. I was advised by Bodega Bay Fire Personnel that the victim had been struck by a vehicle on the roadway and thrown approximately 30 feet off the road. Within minutes the victim was loaded into a Reach Medical Helicopter and transported from the scene. While at this scene I assisted K. Williams with securing the scene with yellow crime scene tape.

I next continued northwest on Pelican Loop for about 200 yards, and arrived at the scene of the Officer Involved Shooting, at approximately 2055 hours. The scene had been secured with yellow crime scene tape. The scene consisted of the roadway west of [redacted] Pelican Loop, with a white Allied Universal Security Services Toyota Pick-up, a Sheriff`s Patrol Vehicle, and 2 CHP patrol vehicles. Outside the scene were Lieutenant A. Cash, Sergeant E. Gelhaus, PCI Detectives D. Ager and K. Petersen, and Deputies J. Falberg and J. Pasero. There were also several CHP officers present outside the scene.

At 2100 hours, I signed into the crime scene log at the request of Sergeant Gelhaus. Sergeant Gelhaus, CSI Detective Grohl, a CHP Officer, and myself walked to the front of the residence at [redacted] Pelican Loop. CSI Detective Grohl and I were shown what appeared to be a bullet strike to the lower, front, left corner of the house. Next at the direction of Lieutenant Cash I escorted Bodega Bay Fire Paramedic M. Barrows into the scene to retrieve unused medical supplies. I established an ingress and egress route through the scene to reduce the chance of disturbing areas of evidentiary value.

At approximately 2340 hours, CSI Detective Grohl and I responded to [redacted] Swan Drive. PCI Detective Petersen had requested I respond per VCI Sergeant B. Cutting to photograph victims located at the residence. I photographed the injuries with and without scale of two victims identified as [redacted] and [redacted]. [redacted] had a stab wound to the chest approximately inch in length, and a cut to his upper lip. [redacted] had redness and what appeared to be bruising on the left side of his face.

On 7/5/19, at approximately 0150 hours, CSI Sergeant G. Lawson and CSI Detectives T. McNeil and M. Lomas met with Detective Grohl and me outside the scene at [redacted] Pelican Loop. We signed into the crime scene log, monitored by Deputy Lavelle, at 0155 hours. I established and ingress and egress route through the scene to reduce the chance of disturbing items or areas of evidentiary value. Additional lighting was placed at the scene to assist with processing and documenting the scene. Next a systematic search of the crime scene was conducted by the CSI Team.

The scene consisted of a driveway gradually sloping downhill and to the left for about 100 feet from Pelican Loop to the front of the residence. There was landscaped vegetation on both sides of the driveway. The top of the driveway was later measured to be 29 feet wide. A clamshell garden light was near the top of the driveway, followed by a CHP Medical Bag several feet further down the driveway. From about half way down the driveway to the front of the residence there appeared to be human footprints. About of the way down the driveway on the left side, we located the area that the clam shell light was originally located.

At 0248 hours, Detective Lomas conducted a video walkthrough of the scene. I then took overall photographs of the scene at 0259 hours. Two items of evidentiary value were located, photographed with and without scale and collected as follows:
MAP1 - Clamshell garden light. Collected from the top of the driveway, 7 feet into the driveway from Pelican Loop. Collected at 0312 hours.
MAP2 - Blind DNA swab of suspected foot print from lower part of driveway near the residence. Collected at 0316 hours.

I wore fresh latex gloves and a dust mask to reduce the chance of cross contamination while collecting the evidence items. The items were placed inside fresh paper bags or envelopes, and secured inside my CSI vehicle.

At 0324 hours, we signed out of the crime scene log and the scene was opened.

At approximately 0508 hours, Sergeant Lawson advised the search warrant for [redacted] Swan Drive had been signed. At 0515 hours, I signed into the crime scene log with Deputy R. Taylor. On scene for the service of the search warrant were the CSI Team and VCI Detectives Vellis and Diehm. I started by taking overall photographs of the scene. Outside the residence were 3 vehicles parked in the drive way. The closest vehicle to the house was a dark colored Hyundai Elantra bearing California License [redacted] The Elantra had crashed into the front left side of the garage causing significant damage to both the vehicle and the house. There were also blood drops on the exterior of the vehicle and on the pavement of the driveway. The primary area to be searched inside the house was upstairs and in the great room / kitchen area. Upon CSI and VCI Detectives searching the following items of evidentiary value were located:
MAP3 - Foil with suspected narcotics (LSD) inside. Collected from the kitchen countertop.
MAP4 - Black Google cellphone. Collected from window sill in great room.
MAP5 - Green broken pencil. Collected from kitchen trash can.
MAP6 - Silver Apple Laptop computer, Model A1990, Serial # [redacted] Collected from great room floor.
MAP7 - Silber 32 GB SP thumb drive and black Yubi key. Collected from keychain on great room floor.
MAP8 - Black wallet with California Driver`s License of Betai Koffi. Also included 5 Visa Credit or Debit cards, Anthem medical card, Delta Dental Card, Clipper card, Scan/Proxy card, and several miscellaneous business cards. Collected from great room floor.

MAP8(a) - $24 cash located inside MAP8.
MAP9 - Indicia in the name of Betai Koffi.

I wore latex gloves while collecting all items of evidence to reduce the chance of cross contamination. All items were placed inside fresh paper or plastic bags, and secured inside my CSI vehicle.

At the conclusion of collecting items inside the residence, Sergeant Lawson and I conducted a search of the previously mentioned Hyundai Elantra. I photographed the interior of the vehicle, specifically several areas of blood in the front cabin. I also photographed an area alongside the driveway torn up by what appeared to be the wheels of a vehicle, and the hot tub and patio area on the west side of the house.

I signed out of the crime scene log at 0600 hours, and the scene was opened.

At 0605 hours, the CSI Team arrived to the crime scene that had been secured in front of [redacted] Pelican Loop. The scene was controlled by Deputy F. Keller and we signed into the crime scene log. This scene was the area where a victim was struck by the Allied Universal Security Services Toyota Pick-up. Detective Lomas started by recording a video walk through of the scene. At 0619 hours, I took overall photographs of the scene. The area consisted of approximately 150 feet of the northbound land of Pelican Loop and the vegetation area to the south of the roadway for approximately 50 feet. At approximately 0635 hours, Detective Grohl obtained a surveillance video from the residents at [redacted] Pelican Loop. Upon reviewing the video we were able to narrow down areas of evidentiary value. The video also made us aware of a second location in front of [redacted] Pelican Loop, that a victim was attacked with a vehicle. This area was approximately 240 feet west of the first attack. Next the CSI Team conducted a systematic search of the scene in front of [redacted] Pelican Loop for items and areas of evidentiary value. Three items of evidence were located and collected as follows:
MAP10 - Medical waste collected from approximately 17 feet to the south of Pelican Loop. See attached diagram for more specific location.
MAP11 - Black zipper collected from same area as Item MAP10.
MAP12 - Black plastic Toyota vehicle part (52128-04040). Collected from approximately 2 feet south of Pelican Loop. See attached diagram for more specific location.

I next took overall photographs of the path the Security Truck had taken through the vegetation west of Pelican Loop. This included the area in front of [redacted] Pelican Loop and where the second victim was struck by the suspect with the vehicle. The CSI Team marked what appeared to be the tire tracks through the grass with orange flags from Pelican Loop to the area the second victim was struck. I concluded the overall photographs at the driveway of [redacted] Pelican Loop. Upon searching the area where the second victim was struck, I located two small pieces of black plastic, suspected to have come from the Security Truck. The pieces of plastic were collected as evidence item MAP13.

I wore fresh latex gloves while collecting the evidence to reduce the chance of cross contamination. All items were placed inside

fresh paper bags, and secured inside my CSI vehicle.

At 0740 hours, we signed out of the crime scene log and the scene was opened.

I returned to the Sheriff`s Main Office at approximately 0910 hours, and secured all the evidence items inside the CSI Lab.

On 7/6/19, at approximately 0850 hours, I arrived at Yarbrough Brothers Towing [redacted] Santa Rosa Avenue. I met with SRPD Evidence Technician K. Pruitt, who would be processing the Toyota Security Truck. At 0920 hours, I signed into the evidence storage log at the storage facility. I took overall photographs of the Security Truck. I also took close ups of the damage to the driver`s side front end with and without scale. I signed out of the evidence storage log at 0945 hours.

On 7/8/19, at approximately 1600 hours, I further processed evidence item MAP8 - black wallet. I photographed the items contained within the wallet, which included the California Driver`s License for Betai Koffi. I also removed $24, as a separate evidence item - MAP8(a).

All items of evidence were packaged, sealed, labeled, and later submitted to Sheriff`s Property/Evidence.

All photographs were later uploaded into Evidence Upload XT. Diagrams of the crime scene were later completed and uploaded into Evidence Upload XT as well.

On 7/25/19, I conducted an internet search for the Toyota Vehicle Part 52128-04040. I located the part on the Toyota Parts Website as a Hole Cover, left position, for a 2016-2018 Toyota Tacoma. I also contacted [redacted] with the Freeman Toyota Parts Department in Santa Rosa. [redacted] identified the part number through his computer system as a "cover, front bumper hole, LH". [redacted] forwarded me the screen shot of his findings from their system. I later submitted this document as well as a printout of my internet search to Sheriff`s Records to be attached to the report.

Nothing further.

SUPPLEMENTAL REPORT

Sonoma County Sheriff`s Office Case No. 190704-028
Santa Rosa Police Department Case No. #19-0008771
Sonoma County Sheriff`s Office
Violent Crime Investigations Unit
Det. Hanshew #1627
Re: The arrest of S-Betai Michel Koffi

**********

SANTA ROSA DOJ LABORATORY RESULTS:

On 7-23-19, Sonoma County Sheriff`s Office property/evidence Technician, J. Shapiro, hand-delivered the following evidence item (s) to the Santa Rosa DOJ Laboratory so that it could be identified:

-#MAP3: Narcotics, seized from within [redacted] Swan Drive in Bodega Bay.

On 9-12-19 at approximately 0932 hrs., I received a Santa Rosa DOJ Controlled Substances report that had been authored by Criminalist S. Mann. The following is a summary of that report:

According to Criminalist Mann`s report, she had received evidence item MAP3, which contained a metal tin containing a few small

green chunks (not analyzed), 2 partial green tablets (not analyzed), and 5 intact green tablets with no visible markings. Criminalist Mann analyzed only 1 of the 5 intact tablets and found it to contain lysergic acid diethylamide (LSD); ketamine and cocaine were also detected.

Refer to Criminalist Mann`s DOJ report for further details.

NOTE: Later, I scanned the above DOJ report into the "attachments" module of this I/leads report. See attached.

SEARCH WARRANT RELATED TO BETAI MICHEL KOFFI`S CELLULAR PHONE:

On 7-23-19 at approximately 1540 hrs., I authored a Search Warrant for the forensic examination of the following evidence items:

-Item #MAP4: Google cellular phone belonging to S-Betai Michel Koffi

On 7-24-19 at approximately 1101 hrs., the above Search Warrant was reviewed and signed by Violent Crime Investigations Unit supervisor, Det. Sgt. B. Cutting.

On 7-24-19 at approximately 1145 hrs., Deputy District Attorney (DDA) M. Henning electronically reviewed and approved the above Search Warrant.

On 7-24-19 at approximately 1402 hrs., Sonoma County Superior Court Judge, the Honorable D. Simonds electronically reviewed and signed the above Search Warrant.

On 7-25-19, Sonoma County Sheriff`s Office Crime Scene Investigations detective, Det. M. Parlato examined Koffi`s cellular phone (#MAP4). However, Det. Parlato was unable to bypass the device`s lock. Therefore, no evidence was gleaned.

On 9-12-19 at approximately 1120 hrs., I authored a Search Warrant Return.

On 9-12-19 at approximately 1210 hrs., Sonoma County Superior Court Judge, the Honorable P. Ottenweller electronically reviewed and signed the Search Warrant Return without issue.

On 9-12-19 at approximately 1431 hrs., I filed the Search Warrant and all accompanying documents at the Sonoma County Clerk`s Office (#19-650).

**EVID - GROHL, J - 11/05/2019**
Written by: **Grohl, John 1101959**
Date/Time: **11/05/2019 10:41:26**

On 7-4-19, at approximately 2025 hours, I was working an unrelated detail with CSI Detective Parlato in Petaluma, when I heard over the radio of a critical incident occurring in Bodega Bay. I then responded to the Pelican Loop area in Bodega Bay.

At approximately 2045 hours, I arrived at the scene of [redacted] Pelican Loop and activated my body worn camera. Deputy Ricks and Deputy Mittenthal had the scene secured with crime scene tape. A security guard was being treated by AMR staff inside the crime scene.

Detective Parlato and I then went to the area of [redacted] Pelican Loop. Personnel from the Bodega Bay Fire Department and AMR Paramedics were treating a female victim. We were advised that the female had been struck by a vehicle and was getting ready to be flown by helicopter to the hospital. Detective Parlato and I assisted Deputy K. Williams in setting up crime scene tape.

Detective Parlato and I then went to the crime scene where the officer involved shooting had occurred. I signed the crime scene log and Sergeant Gelhaus showed us the scene. Detective Parlato and I were shown what appeared to be a bullet impact in the lower left corner of the house located at [redacted] Pelican Loop. I then exited the crime scene.

At approximately 2340 hours, Detective Parlato and I responded to [redacted] Swan Drive. I assisted Detective Parlato while he took photographs of injuries. Refer to Detective Parlato`s report for more information.

On 7-5-19, at approximately 0150 hours, CSI Sergeant Lawson, CSI Detectives McNeil and Lomas arrived on scene at [redacted] Pelican Loop. I assisted Detective Parlato with identification, marking and documentation of evidence at the scenes. Refer to Detective Parlato`s report for information on the scenes.

At approximately 0635 hours, I made contact with [redacted] at [redacted] Pelican Loop in Bodega Bay. [redacted] told me he had a Nest camera inside his residence which pointed towards the roadway. He stated the camera had recorded the security truck striking a female while she was walking on the roadway. The vehicle then drove off the road into a field. He stated the vehicle chased another couple and hit an additional female before it disappeared out of frame of the camera.

[redacted] showed me the video on his Apple iPad device. I then collected the video from [redacted] via "AirDrop" on my department issued iPhone. I showed the video to investigating detectives and later uploaded it to "Evidence Upload XT."
At approximately 0740 hours, I signed out of the crime scene log and cleared the scene.

End of report.

SUPPLEMENTAL REPORT

Sonoma County Sheriff`s Office Case No. 190704-028
Santa Rosa Police Department Case No. #19-0008771

Sonoma County Sheriff`s Office
Violent Crime Investigations Unit
Det. Hanshew #1627
Re: The arrest of S-Betai Michel Koffi

**********

SEARCH WARRANT :

On 7-24-19 at approximately 1200 hrs., I authored a Search Warrant for the following item(s):

-Item #MAP6: S-Betai Michel Koffi`s Apple laptop.
-Item #MAP7: Thumb drive and Yubi key 32GB.

On 7-24-19 at approximately 1210 hrs., the above Search Warrant was reviewed and signed by the Violent Crime Investigations Unit supervisor, Det. Sgt. B. Cutting.

On 7-24-19 at approximately 1324 hrs., the above Search Warrant was reviewed and signed by Sonoma County Deputy District Attorney (DDA) M. Henning.

On 7-24-19 at approximately 1407 hrs., the above Search Warrant was reviewed and signed by Sonoma County Superior Court Judge, the Honorable D. Simonds.

Ultimately, the aforementioned evidence items (#MAP6 & #MAP7) were provided to the Northern California Computer Crimes Task Force in Napa, CA. In the end, no data was gleaned from evidence item #MAP7.

Since that time, I had learned that the Apple laptop computer (#MAP6) was owned by the technology company, Google. I was also in contact with Google legal team attorney, [redacted], who indicated that the above laptop (#MAP6) would require a "file vault key" to access it. Additionally, [redacted] also indicated that Google would be willing to provide me with the "file vault key" so long as it was ordered by the court.

On 9-12-19 at approximately 1300 hrs., I authored the first (1st) of two Search Warrant Addendums. Ultimately, this Search Warrant Addendum was signed by Sonoma County Superior Court Judge, the Honorable G. Nadler. In essence, this Search Warrant Addendum explained that due to having to obtain the "file vault key" and the amount of time it may take for the laptop to be forensically searched/processed, I request the court grant an additional (2nd) sixty (60) day extension to the ten (10) day Search Warrant requirement (per Penal Code Section 1534).

On 9-12-19 at approximately 1535 hrs., I sent (electronically) the initial (1st) Search Warrant Addendum to Google (reference #2756724). Still, I NEVER received the "file vault key."
On 12-2-19 at approximately 0920 hrs., I telephoned [redacted]. [redacted] was extremely apologetic about the fact that I had not yet received the "file vault key." In fact, [redacted] explained that he had been away from work (Google) for some time due to his wife giving birth to their child. In the end, [redacted] took responsibility for the lapse and indicated he would ensure the "file vault key" would be sent to me within the next one to two (1-2) days.

On 12-3-19 at approximately 0900 hours and as a result of my phone conversation with [redacted] I authored a second (2nd) Search Warrant Addendum, requesting the court grant an additional (3rd) sixty (60) day extension to the ten (10) day Search Warrant requirement (per Penal Code Section 1534). Ultimately, this second Search Warrant Addendum was signed by Sonoma County Superior Court Judge, the Honorable A. Hardcastle. However, I NEVER received the "file vault key" from Google.

On 12-30-19 at approximately 1145 hrs., I authored a Search Warrant Return related to evidence item #MAP6 (laptop computer).

On 12-30-19 at approximately 1317 hrs., the Search Warrant Return was signed by Sonoma County Superior Court Judge, the Honorable G. Nadler.

On 12-31-19 at approximately 0849 hrs., I filed the above Search Warrant and all accompanying documents with the Sonoma

County Clerk`s Office (#19-850).

On 12-31-19 at approximately 0950 hrs., I authored a second (2nd) Search Warrant Return related to the thumb drive and Yubi key 32GB (item #MAP7).

On 12-31-19 at approximately 1358 hrs., the Search Warrant Return related to item #MAP7 was signed by Sonoma County Superior Court Judge, the Honorable P. Ottenweller.

On 1-8-20 at approximately 1345 hrs., I filed the second (2nd) Search Warrant Return related to item #MAP7 at the Sonoma County Clerk`s Office (#19-850).

| EMPLOYEE: | DIVISION OR ASSIGNMENT: | WORK LOCATION: |
|---|---|---|
| Deputy Sheriff Jason Pasero | Patrol | Coast: Bodega Bay Resident Deputy |

SUMMARY OF COMPLAINT:

This is an Administrative Review of an officer involved shooting that occurred on July 4, 2019, in Bodega Bay. Six friends rented a residence in Bodega Harbor for the holiday weekend. While there, they ingested a hallucinogenic drug, LSD.

One of the friends, Betai Koffi, after ingesting additional LSD became violent. He superficially stabbed one of his friends with a pencil while physically assaulting the others. Suspect Koffi ended up attempting to leave the residence in his rental vehicle but crashed into the residence. Exiting the vehicle Suspect Koffi left on foot. He then encountered a security guard whom he assaulted and stole his vehicle.

While driving, Suspect Koffi purposely drove at and/or over four individuals who were walking along the roadway. The California Highway Patrol (CHP) and Sonoma County Sheriff's Office dispatched officers to the scene.

Upon arriving the officers learned what transpired. They eventually located the suspect, who was outside of the stolen vehicle which was parked perpendicular to the roadway. When confronted, the suspect reentered the vehicle and drove directly at the officers. Fearing for his life and the lives of others, a deputy fired at the suspect to stop his actions. The suspect collided his stolen vehicle into a marked CHP patrol vehicle. Once stopped, the officers removed Suspect Koffi from the stolen vehicle and provided emergency medical aid.

Suspect Koffi was later transported to Memorial Hospital by a CHP helicopter where it was determined he sustained non-life threatening injuries.

Based on the officer involved shooting, the Sonoma County Employee Involved Fatal Incident Protocol was enacted. The Santa Rosa Police Department and District Attorney's Office were tasked with conducting that investigation. The Violent Crimes Unit was tasked with completing the criminal investigation of Suspect Koffi's assaults on his friends, the security guard, and the pedestrians. The Internal Affairs Unit was tasked with completing this administrative review.

## Background Summary

This is an Administrative Review of an officer involved shooting that occurred on July 4, 2019, in Bodega Bay. Suspect Betai Koffi and his friends, all of whom reside in the Bay Area, rented a residence in Bodega Bay for the 4th of July.

On July 4, 2019, between 1200 and 1300 hours, Suspect Koffi took two (2) "hits" of LSD along with his friends. Between 1500 and 1600 hours, Suspect Koffi began "acting weird," running around the residence, falling down randomly, and talking irrationally according to his friends. As a result, Suspect Koffi's friends [redacted] and [redacted] began to watch him in order to monitor his behavior. Suspect Koffi, while being watched by his friends, managed to take two (2) additional "hits" of LSD before "going sideways."

Suspect Koffi began punching his friends ultimately assaulting four out of the five of them. Suspect Koffi also stabbed one friend in the chest with a pencil, which caused a superficial wound.

Suspect Koffi went outside and entered a blue 2018 Hyundai Elantra GT 4-door (CA license [redacted]. Suspect Koffi tried exiting the driveway but instead crashed into the residence. After the collision, Suspect Koffi left the vehicle and began verbally fighting with his friends before leaving on foot towards Pelican Loop. That was the last time his friends saw Suspect Koffi.

At 2007 hours, California Highway Patrol (CHP) dispatched Officers Sean Laurie and Justin Salaun to a traffic collision in Bodega Bay. The reporting party, Suspect Koffi's friend [redacted], advised CHP that Suspect Koffi was "on drugs," had assaulted his friends, and purposely drove a vehicle into the residence.

Sonoma County Sheriff Dispatch dispatched Deputy Pasero.

Security guard and victim [redacted] was working in Bodega Harbor. [redacted] received a call of a "video intruder" at a [redacted] Pelican Loop from the owner (who was using her 'Ring' application). [redacted] went to that location to determine what was occurring.

Upon arrival, [redacted] parked in the driveway of the residence and exited his security pickup leaving the vehicle idling (keys in the ignition). A short time later, [redacted] was confronted by Suspect Koffi who said, "Fuck you." [redacted] said Suspect Koffi appeared angry and had a cut above his right eye. Suspect Koffi approached [redacted] and pushed him. [redacted] called 9-1-1.

Suspect Koffi then armed himself with a landscape light before walking toward the security vehicle. [redacted] followed and warned Koffi to leave his vehicle alone. [redacted] was standing about five (5) feet from Suspect Koffi when he suddenly assaulted [redacted] by plunging the landscape light into his upper chest. ([redacted] received an abrasion on

his chest.) After being struck, [redacted] fell backward onto the ground. Suspect Koffi then stole the security vehicle and drove north on Pelican Loop.

The CHP officers and Deputy Pasero were advised by their dispatch centers about the assault and vehicle theft.

While driving, Suspect Koffi drove into a couple who were walking on the roadway near [redacted] Pelican Loop. As a result of that collision, the female was projected a distance from the roadway and landed in a field unconscious. The male suffered an injury to his arm, as it was located around his girlfriend when Suspect Koffi drove into them.

Suspect Koffi continued driving northbound on Pelican Loop and encountered another couple whom he also attempted to drive over. The couple attempted to jump out of the way but the female was struck which injured her leg. Suspect Koffi continued to drive northbound on Pelican Loop.

Upon arriving in the area of these assaults, CHP Officers Laurie and Salaun, as well as Deputy Pasero, contacted [redacted], who was lying on his back on the driveway. Officer Salaun interviewed [redacted] to determine what occurred. Officer Laurie and Deputy Pasero left to search for Suspect Koffi.

Dispatch then advised there were additional victims (traffic), based on Suspect Koffi having driven at/over those whom are listed above. While driving towards the location provided, Deputy Pasero and CHP Officer Laurie were directed by bystanders in the direction Suspect Koffi had departed.

Deputy Pasero and Officer Laurie then located the stolen vehicle parked diagonally in the roadway near [redacted]Pelican Loop. Deputy Pasero, who was driving in front of Officer Laurie, noticed Suspect Koffi standing near the stolen vehicle. Getting out of his marked patrol vehicle, Deputy Pasero made eye contact with Suspect Koffi, who then reentered the stolen vehicle. Once behind the wheel, Suspect Koffi once again made eye contact with Deputy Pasero before he “revved” the engine.

Suspect Koffi then drove intentionally towards Deputy Pasero. Having armed himself with his Department issued handgun, Deputy Pasero fired at Suspect Koffi hoping to stop his assault by shooting through the windshield at Suspect Koffi. The stolen vehicle collided with Officer Laurie’s marked patrol vehicle. According to the officers, the engine was still “revving” and the wheels were “spinning.” Deputy Pasero fired once again at Suspect Koffi as he believed his life was in jeopardy as Suspect Koffi was attempting to break free from the collision and ‘run-over’ Deputy Pasero.

Seeing Suspect Koffi slumped over, Deputy Pasero moved towards the driver's door and removed Suspect Koffi from the stolen vehicle. Once outside, Suspect Koffi was provided with emergency medical aid by the officers. Suspect Koffi was later transported to Memorial Hospital by a CHP helicopter.

Based on the officer involved shooting, the Sonoma County Employee Involved Fatal Incident Protocol was enacted. The Santa Rosa Police Department and District Attorney's Office were tasked with conducting that investigation.

The Violent Crimes Unit was tasked with completing the criminal investigation of Suspect Koffi's assaults on his friends, the security guard, the pedestrians, as well as the officers.

The Internal Affairs Unit was tasked with completing this administrative review.

## Involved Parties—Deputies

### Deputy Jason Pasero (as of July 4, 2017)

| | |
|---|---|

## Complaint / Authorities

This investigation began after a deputy from the Sheriff's Office was involved in an 'Officer Involved Shooting' in Bodega Bay. In the beginning of this investigation there were no specific allegations of policy violations or misconduct on behalf of any Sonoma County Sheriff's Office employees therefore there were no specific authorities to address; however, there are policies that govern some of the actions that were taken by the employees. Based on those policies, the actions of the employees will be examined to determine if the policies were followed or if any policy can be improved upon.

The following policy, procedures, or protocols will be reviewed:

Sonoma County Sheriff's Office 'Department-Wide Policy and Procedure':

Critical Incident Debriefing/Defusing
Major Incident Notifications

Sonoma County Sheriff's Office 'Law Enforcement Division Policy:

| 300 | Use of Force |
| 324 | Media Relations |
| 306 | Firearms |
| 400 | Patrol Functions |

## Investigation

On August 15, 2019,[1] I was tasked by Lieutenant Shawn Murphy to complete an administrative review of this matter.

The following managers should review this report:

Captain Darin Dougherty
Captain Eddie Engram
Assistant Sheriff Jim Naugle
Sheriff Mark Essick

On December 17, 2019,[2] I received Santa Rosa Police Department's investigative (protocol) report. In reviewing the reports, I was able to determine the following:

The following list shows the individuals who were involved in this matter and by providing their names here, as it will aid the evaluator in reading this report:

Suspect:

Betai Michel **Koffi**

Friends of the suspect who were staying at the Bodega Bay rental:

[redacted] (assault/punch)

Victims:

[redacted] (assault/landscape light, Allied Universal Security Services guard)
[redacted] (assault/vehicle, walking with Victim [redacted])
[redacted] (assault/vehicle, walking with [redacted])
[redacted] (assault/vehicle, walking with [redacted])
[redacted] (cousin of [redacted] and walking with [redacted])

Witnesses:

[redacted] (lives in San Francisco)
[redacted] (witnessed [redacted] and [redacted] assaults)

[1] An underlined date indicates it is a part of my investigation, Sergeant Larry Doherty.
[2] I was on vacation between December 20, 2019 and January 7, 2020.

Involved Officers:

Deputy Jason **Pasero** (K-3, resident deputy and canine handler)
CHP Officer Sean **Laurie**
CHP Officer Justin **Salaun**

On July 4, 2019, Betai Koffi and his friends rented a residence in Bodega Bay [redacted] Swan Drive) for the 4th of July. All of them resided in the San Francisco Bay Area. Between 1200 and 1300 hours, Koffi took two (2) hits of LSD[3] along with some of his friends.

Between 1500 and 1600 hours, Koffi began "acting weird," running around the residence, falling down randomly, and talking irrationally. As a result, [redacted] and [redacted] began to watch Koffi. Koffi, while being watched, managed to take two (2) additional hits of LSD before "going sideways."

Koffi began punching and stabbing (with a colored pencil) his friends, ultimately assaulting four out of the five of them. Suspect Koffi hit [redacted] so hard she had a hard time breathing. Suspect Koffi also stabbed [redacted] in the chest (with a colored pencil that caused a superficial wound) and punched his face (causing redness to his cheek and a cut on his lip). [redacted], who was also assaulted, had a bruise on the left side of his face.

Suspect Koffi then left the residence and entered a blue 2018 Hyundai Elantra GT 4-door (CA license [redacted]. He tried driving away but crashed into the residence. After the collision, Suspect Koffi got out of the vehicle and began fighting with his friends once again. He left on foot towards Pelican Loop. This was the last time his friends saw Suspect Koffi.

[redacted] Suspect Koffi's friend, contacted the California Highway Patrol (CHP) advising them that Suspect Koffi was on drugs and had just "purposely crashed" his vehicle into their rental before running off towards the beach.

At 2007 hours, CHP dispatched Officers Laurie and Salaun to a traffic collision in Bodega Bay. The reporting party, Suspect Koffi's friend [redacted], advised CHP that Suspect Koffi was "on drugs," had assaulted friends, and purposely drove a vehicle into the residence they rented. Officer Laurie asked his dispatch to request a deputy.

At 2011 hours, the Sonoma County Sheriff's dispatch center dispatched Deputy Pasero.

[3] **Lysergic acid diethylamide** (**LSD**), also known as **acid**, is a hallucinogenic drug. Effects typically include altered thoughts, feelings, and awareness of one's surroundings. Many users see or hear things that do not exist. As found on the internet, https://en.wikipedia.org/wiki/Lysergic_acid_diethylamide. A blood test indicated Suspect Koffi had 2.8 ng/ml of LSD in his body.

At around 2000 hours, security guard—Victim [redacted] was on-duty in the Bodega Harbor when he received a call of a "video intruder" at a [redacted] Pelican Loop. [redacted] went to that location to determine what was occurring.

Upon arrival, [redacted] parked in the driveway of the residence and exited his security vehicle, a pick-up. [redacted] left the vehicle idling with the keys in the ignition. He was suddenly confronted by Suspect Koffi who simply said, "Fuck off." [4] [redacted] said Suspect Koffi appeared angry, had a cut above his right eye, and was "soaking wet." [5]

Suspect Koffi approached [redacted] and pushed and spit at him. [redacted] called 9-1-1. Suspect Koffi then armed himself with a landscape light, before walking toward the security vehicle. [redacted] followed and warned Koffi to leave the vehicle alone.

[redacted] was standing about five (5) feet away from Suspect Koffi when he suddenly assaulted [redacted] by plunging the landscape light into the upper left portion of his chest. [redacted] received an abrasion on his chest.) After being struck, [redacted] fell backwards onto the ground. Suspect Koffi then stole the vehicle and drove north on Pelican Loop. [redacted] was later transported to Kaiser Hospital due to the injuries he received.

This assault was observed by [redacted], who resides at [redacted] Swan Drive. [redacted] saw [redacted] drive to [redacted] Pelican Loop, where he parked and exited his security vehicle. [redacted] was talking to Suspect Koffi, who was partially concealed behind a "bush." Suspect Koffi punched [redacted] who then began talking on his phone. Suspect Koffi then armed himself with a landscape light and assaulted [redacted] before driving off in the security vehicle.

This assault was also observed by [redacted], who resides at [redacted] Pelican Loop. Though she was not home at the time of the assault, she watched a portion of the assault as she was alerted by her 'Ring' doorbell application. [redacted] initially believed Suspect Koffi was a "burglar or trespasser" and told him (using the application) he should leave as she was contacting the association's security company (which she did).

[redacted] saw Suspect Koffi remove a landscape light from her property. He then began to leave with [redacted] following. [redacted] saw Suspect Koffi assault [redacted] causing him to fall to the ground. As he laid on the ground, Suspect Koffi "stabbed" [redacted] with the light. Suspect Koffi then entered the security vehicle and drove away.

Detective Terry White reviewed the recording from the Ring Doorbell application and noted:

FILE: 2019-07-05_4-54-21.mp4:

---

[4] SCSO Detective Henshaw's supplemental report, as found in SRPD case 19-0008771, under tab 22, pg. 31 of 89.

[5] Ibid., pg. 32.

This Ring Doorbell camera system captured the north side of the property, facing east, toward Pelican Loop.

Shortly after the video begins, Koffi can be seen appearing on the left side of the screen. Koffi can be seen walking onto the property, while appearing to be wet and only wearing his left shoe. Moments later, Koffi exits the property via the same way he entered.

FILE: 2019-07-05_4-55-42.mp4:

This Ring camera system captured the west side of the property, facing west, toward a bluff and the Pacific Ocean.

Shortly after the video begins, Koffi can be seen walking east on the bluff, toward [redacted] residence at [redacted] Pelican Loop. As Koffi walks on the grassy bluff, he appears to remove his left shoe, before entering onto [redacted] property. Koffi then walks out of camera view.

FILE: 2019-07-05_4-57-46.mp4:

This Ring Doorbell camera system captured the north side of the property, facing east, toward Pelican Loop.

This video segment captures Allied Security guard, (V) [redacted], walking west down the driveway leading to [redacted] Pelican Loop. Moments later, Koffi emerges on the left side of the screen via the north side of the property, barefoot, wet, and carrying something in his left hand.

Moments later, Koffi encounters [redacted] who is in the driveway, before saying, “Fuck you.” Koffi can then be heard saying, “Do whatever you gotta do.” Koffi continues to walk toward the driveway and out of camera view. [redacted] can then be heard saying, “Don’t touch me.” The video concludes.

FILE: RingVideo_20190704_202858.mp4:

This Ring Doorbell camera system captured the north side of the property, facing east, toward Pelican Loop.

The video begins with [redacted] and Koffi out of camera view. However, [redacted] can be heard saying, “This is Bodega Harbor security, I need back-up.” Koffi can then be seen walking northwest into camera view via the driveway, toward Pelican Loop. Moments later, Koffi can be seen ripping a landscape light off of the top of a retaining wall. Koffi walks toward Pelican Loop with the landscape light in his hand with [redacted] following.

[redacted] can be seen and heard reporting that he was with a subject who recently assaulted him, was on private property, and "just pulled out a lamp." After which, Koffi was successful in obtaining the landscape light, before walking toward Pelican Loop near where [redacted] security vehicle was parked.

Koffi clearly walks to the top of the driveway, near Pelican Loop. Koffi and [redacted] become slightly obscured because of low-hanging trees. However, they can still be seen. At the top of the driveway, Koffi is captured assaulting [redacted] with what appears to be an object, before [redacted] falls backward onto the ground. After which, a metal object can be heard striking the ground as if being dropped.

[redacted] can then be heard yelling, "Help!" and "Code-30!" and "Officer down!" Moments later, [redacted] can be heard, "He's taking off in our patrol vehicle." The video concludes.[6]

The CHP officers and Deputy Pasero were advised by their respective dispatch centers about the assault and vehicle theft.

While driving, Suspect Koffi drove into a couple who were walking near [redacted] Pelican Loop along the west side of the roadway. As a result of that collision, the female was projected a distance from the roadway and landed in a field unconscious. This was observed by [redacted] The male received an injury to his arm as he had it placed around his girlfriend when Suspect Koffi drove into them.

[redacted] recalled walking on the west side of the road, opposite traffic, when he heard a vehicle approaching him and [redacted] from behind. Suddenly he heard the vehicle accelerating towards them. [redacted] said they were moving off the roadway when he noticed another couple walking towards them. [redacted] recognized them as [redacted] ([redacted] cousin) and [redacted]

[redacted] who was walking with his right arm around [redacted] as they were attempting to leave the roadway, eventually realized the vehicle was on the wrong side of the roadway for it struck both of them from behind. The vehicle sped away after the collision.

Suspect Koffi continued to drive northbound on Pelican Loop before encountering [redacted] and [redacted], whom he also attempted to drive over. The couple attempted to jump out of the way but [redacted] was struck by the vehicle. Suspect Koffi continued to drive northbound on Pelican Loop.

According to the pedestrians, Victims [redacted] and [redacted] went for a walk along Pelican Loop. They were staying at a rental on that street. [redacted] said she recalled seeing

[6] SRPD Detective White's supplements report, as found in SRPD case 19-0008771, under tab 21, pgs. 78 and 79 of 89. I reviewed the video and concur with SRPD Detective White's assessment of the video details.

another couple walking, on the other side of the road, towards them. [redacted] recalled looking down to zip up her jacket when the next thing she knew she was lying on the ground while people were above her shouting.

[redacted], while walking with [redacted] saw the vehicle accelerate and swerve at [redacted] and [redacted]. The vehicle collided with [redacted]. Suspect Koffi then drove the vehicle at [redacted] and [redacted] as [redacted] could see Suspect Koffi looking directly at them. As they both tried to move further off the roadway the vehicle struck [redacted] leg, injuring her. Suspect Koffi did not stop but continued driving north.

Upon arriving, CHP Officers Laurie and Salaun, as well as Deputy Pasero, contacted [redacted] who was lying on his back on the driveway. CHP Officer Salaun interviewed [redacted] to determine what occurred.

Dispatch then advised the officers there were additional victims (traffic related), based on Suspect Koffi having driven at/over those discussed above. Deputy Pasero and CHP Officer Laurie left [redacted] Pelican Loop to locate the victims and suspect. While driving towards the location provided, Deputy Pasero and CHP Officer Laurie were directed by bystanders to where Suspect Koffi had driven off to.

Deputy Pasero located the stolen vehicle parked diagonally on the roadway near [redacted] Pelican Loop. Deputy Pasero noticed Suspect Koffi standing next to the stolen vehicle. Getting out of his marked patrol vehicle, Deputy Pasero made eye contact with Suspect Koffi, who then reentered the stolen vehicle. Once behind the steering wheel, Suspect Koffi once again made eye contact with Deputy Pasero before "revving" the engine.

Suspect Koffi then drove intentionally towards Deputy Pasero. Arming himself with his Department issued handgun, Deputy Pasero fired at Suspect Koffi hoping to stop his felonious assault. The stolen vehicle collided with (just arriving) CHP Officer Laurie's marked patrol vehicle. The engine was still "revving" and the wheels were "spinning," so he fired at Suspect Koffi once again to stop his assault.[7]

Seeing Suspect Koffi slumped over in the driver's seat, Deputy Pasero removed Suspect Koffi from the stolen vehicle. Once Deputy Pasero and CHP Officer Laurie secured Suspect Koffi, they began to give him emergency medical aid until relieved by emergency medical personnel.

One of the rounds fired by Deputy Pasero struck the residence at [redacted] Pelican Loop. The residents there, [redacted] and [redacted], were contacted and determined they were not injured. The round struck the wood shingle siding and was imbedded there (and later retrieved).

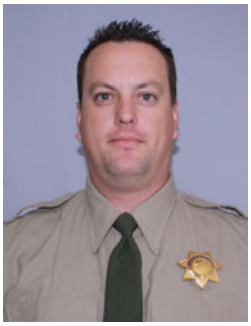
Suspect Koffi was transported to Memorial Hospital by the CHP helicopter.

[7] In total, Deputy Pasero would fire 11 rounds.

Based on the officer involved shooting, the protocol was enacted with the Santa Rosa Police Department and District Attorney's Office conducting that investigation.

In addition, the CHP Multidisciplinary Accident Investigation Team (MAIT) helped to determine what occurred mechanically/electronically with the stolen vehicle while operated by Suspect Koffi. From the pickup's data they were able to determine Suspect Koffi accelerated and turned towards the three pedestrian victims. In regards to the assault on Deputy Pasero, they noted:

> "The data showed Driver Koffi accelerate toward the parked CHP and Sonoma Sheriff's Office vehicles stopped in the roadway on Pelican Loop. It showed a sudden acceleration, as the wheel straightened from a right turn, with 100 percent accelerator pedal application. The right front wheel sensor suddenly stopped as the right front portion of the Toyota struck the right front of the CHP vehicle. Following the impact, the simultaneous 100 percent accelerator pedal and brake application while the vehicle was not moving was consistent with Driver Koffi being incapacitated." [8]



On July 5, 2019, at 1600 hours, Deputy Jason Pasero was interviewed by investigators from the Santa Rosa Police Department and District Attorney's Office due to the protocol having been invoked for the officer involved shooting. Deputy Pasero was represented by his attorney, [redacted] Deputy Pasero basically stated the following:

Deputy Pasero has worked at the Sheriff's Office for 5 years. Prior to that he worked at the San Bruno Police Department for 13 years. In regards to any specialties, Deputy Pasero advised he is a resident deputy and a canine handler.

On July 4, 2019, Deputy Pasero was dispatched to assist CHP officers, who were dispatched to the South Harbor Complex in Bodega Bay due to a vehicle collision and theft. Upon arriving, Deputy Pasero waited at the "top of the hill on Heron Drive" for the CHP officers to arrive.[9] Deputy Pasero asked Dispatch if the suspect was still being aggressive and they advised he was still trying to assault people. Since CHP was still approximately three minutes away, Deputy Pasero entered the complex without them. Deputy Pasero asked for emergency medical personnel to stage until he could determine what was occurring.

Deputy Pasero arrived where the traffic accident was reported but did not see anyone, a vehicle, or a collision scene. Deputy Pasero eventually saw CHP Officers Laurie and Salaun. Deputy Pasero spoke briefly with Officer Salaun advising him that he was unable to locate the collision scene. Deputy Pasero told the officers they needed to spread out to look for the scene.

---

[8] CHP MAIT Team's report, GL-057-19, as found in SRPD case 19-0008771, under tab 59, pg. 13 of 14.
[9] Deputy Pasero's statement, as found in SRPD case 19-0008771, under tab 32, pg. 7 of 23.

Deputy Pasero then drove up Heron Drive and saw some firemen. He spoke with them briefly advising them to wait until they located the collision scene. As he was talking to them, Deputy Pasero heard over the radio that someone was assaulted on Pelican Loop. Deputy Pasero drove in that direction.

Deputy Pasero located the CHP officers with [redacted]. Deputy Pasero said [redacted] was lying face down. Officer Laurie ran over to Deputy Pasero and pointed down the road stating the suspect had just driven down the road in a "white truck." [10] As Deputy Pasero drove, he saw three to four people (approximately 20-30 yards off the roadway) waving their hands at him and screaming. Upon getting closer, Deputy Pasero saw a woman lying face down in the grass who was not moving. Deputy Pasero spoke with a man who said the suspect drove down the street in a white "security guard" truck. Deputy Pasero said he "knew exactly" what that truck looked like, as he had spoken to [redacted] earlier in the day.[11] Deputy Pasero notified Dispatch there was now a second victim.

When Deputy Pasero continued down the roadway he located the vehicle. Deputy Pasero parked his vehicle on the right side of the roadway while the suspect's vehicle was parked perpendicular to him in the roadway. Suspect Koffi was standing outside the vehicle approximately 15 yards away from the driver's door. Deputy Pasero got out of his marked patrol vehicle and attempted to communicate with Suspect Koffi. Deputy Pasero could not recall what he said but recalled Suspect Koffi "got this blank stare, and [Suspect Koffi] like very, like robotic, and he's like, he's like clenching his fists." [12]

Deputy Pasero remembered someone having mentioned that Suspect Koffi may have taken LSD. Based on Suspect Koffi's behavior, actions, and potential altered state; Deputy Pasero suspected Suspect Koffi was "altered" and possibly under the influence "of something."

Deputy Pasero said Suspect Koffi was "blank and unresponsive" to anything Deputy Pasero said. Deputy Pasero said he was concerned that if Suspect Koffi got back into the vehicle, the "rampage of violence" would continue and escalate to a potential pursuit.[13] Deputy Pasero was going through his options when he realized the Taser was not an option because he was too far away from the suspect and he did not have any viable cover. He also knew the CHP officers were "way back there" therefore he was on his own. [14]

Deputy Pasero knew he did not want Suspect Koffi to get back into the vehicle and he recognized he could not close the distance between them therefore he turned towards his vehicle to get his canine out. He then noticed Suspect Koffi had walked back

[10] Ibid., pg. 8.
[11] Ibid., pg. 9.
[12] Ibid.
[13] Ibid., pg. 12.
[14] Ibid., pg. 9.

towards his vehicle. Suspect Koffi just stared at Deputy Pasero, who stated “our eyes are locked.” Deputy Pasero believed Suspect Koffi recognized him as a law enforcement officer. Deputy Pasero realized, based on Suspect Koffi’s having reentered his vehicle, that his canine was no longer an option.[15]

Suspect Koffi kept his eyes on Deputy Pasero as he returned and reentered the stolen vehicle. Suspect Koffi placed the stolen vehicle into drive, turned the vehicle toward Deputy Pasero and just "takes off" (accelerated) towards Deputy Pasero. Suspect Koffi made no attempt to drive around Deputy Pasero, who now believed Suspect Koffi was going “to mow [him] down.” Deputy Pasero said, “I can’t get out of the way. I got nowhere to go.”[16] Deputy Pasero said, “I was afraid that he was gonna kill me.” [17]

Deputy Pasero knew he was running out of options as his life was being threatened so he armed himself with his handgun and shot several times through the windshield in an attempt to stop Suspect Koffi’s actions. When Deputy Pasero finished shooting, he noticed Officer Laurie had pulled up in his marked patrol vehicle besides Deputy Pasero. Deputy Pasero said the front right side of the suspect’s vehicle collided with the front right side of the CHP patrol vehicle. Deputy Pasero could hear the engine of the suspect’s vehicle revving inconsistently and shaking, like someone was pushing on the accelerator.[18]

Deputy Pasero believed if Suspect Koffi managed to free the stolen vehicle from being locked with the CHP vehicle there was nowhere for Deputy Pasero to go and he would be “run over.” For those reasons, Deputy Pasero fired once again at the same location into the windshield. Deputy Pasero believed he shot less rounds during the second volley. After firing, Deputy Pasero did not see any movement inside the suspect’s vehicle. It was at that point that Deputy Pasero finally felt like he had “finally stopped” Suspect Koffi’s life threatening assaults against him.[19]

Deputy Pasero walked around the CHP vehicle and made his way to the driver’s door of the suspect’s vehicle. He saw Suspect Koffi slumped over while seated in the driver seat. Suspect Koffi was bleeding. Deputy Pasero broadcasted over the radio that shots were fired. Deputy Pasero forced the door open, pulled the suspect out, and pulled him a few feet away from the vehicle.

Officer Salaun came to his location and advised he had a medical bag. The CHP officers and Deputy Pasero began to provide emergency medical aid to Suspect Koffi. Deputy Pasero noticed Suspect Koffi had several injuries. As Deputy Pasero tried to handcuff Suspect Koffi he became very rigid and Deputy Pasero struggled to control him. Deputy Pasero said Suspect Koffi’s eyes were open and he was talking to Officer Laurie. Deputy Pasero tried to stop the bleeding by wrapping it and applying pressure.

---

[15] Ibid.
[16] Ibid.
[17] Ibid., pg. 22.
[18] Ibid., pgs. 9 and 10.
[19] Ibid., pg. 10.

He remembered the suspect asking the officers to "take your gun and kill me, you know, uh, you know, finish me off, like some, something similar to that...shoot me, take your gun and shoot me." [20]

Suspect Koffi never said anything specifically to Deputy Pasero.

For further information refer to Deputy Pasero's transcribed statement.

On July 5, 2019, at 0230 hours, CHP Officer Sean Laurie was interviewed by investigators from the Santa Rosa Police Department and District Attorney's Office due to the protocol having been invoked for the officer involved shooting. Officer Laurie basically stated the following:

CHP Officers Laurie and Salaun were dispatched to a vehicle being purposely driven into a building in Bodega Bay. CHP Dispatch further advised the officers that the suspect was "terrorizing" people in the community and may be under the influence of alcohol and LSD. Officer Laurie asked Dispatch to request a deputy since the incident would probably be handled by the Sheriff's Office based on the assaults. Officer Laurie attempted to have the deputy meet both officers at the entrance of the residential area so they could respond to the call together.

When the CHP officers arrived they noticed the deputy was not there so they assumed he proceeded into the residential area without them. Upon locating the deputy, they all began to look for the suspect, who was supposed to be in a white pickup.

Officer Laurie met with a person who was walking alongside the roadway and learned they were probably looking for his friend, Suspect Koffi. The male further advised that Suspect Koffi had fought with him earlier. Officer Laurie continued on and located a person "crumpled down on the ground." [21] Officer Salaun stopped to provide medical aid to the victim. Deputy Pasero continued driving on so Officer Laurie followed him.

Officer Laurie located another person, a female, who was "slumped and crumpled down on the ground." [22] Officer Laurie asked for emergency medical personnel for both victims while they continued looking for Suspect Koffi.

Following behind Deputy Pasero, Officer Laurie noticed the white pickup parked almost perpendicular to the roadway directly ahead of them. Deputy Pasero parked on the right side of the roadway. Officer Laurie parked on the left side of the roadway somewhat behind and to the left of Deputy Pasero's marked patrol vehicle. Officer Laurie believed they were about "70 feet" from the pickup.[23]

[20] Ibid., pg. 11.
[21] CHP Officer Laurie's statement, as found in SRPD case 19-0008771, under tab 34, pg. 4 of 22.
[22] Ibid.
[23] Ibid, pg. 5.

Officer Laurie saw a male, who matched the description of the person they were looking for, standing near the front passenger side of the stolen vehicle. Deputy Pasero, who had exited his vehicle, began to tell the male to "stop, stop, and to halt." Suspect Koffi walked "quite rapidly" around the front of the stolen vehicle and got into the driver's seat. He then turned the stolen vehicle towards Officer Laurie and Deputy Pasero and began "accelerating quite rapidly" towards them. Deputy Pasero was yelling "stop, stop, stop." Officer Laurie, who was still seated in his vehicle, repositioned his vehicle in the roadway to stop the pickup from passing them. Officer Laurie felt he needed to "stop" Suspect Koffi based on the "carnage that was back behind" them.[24]

Instead of stopping, which Officer Laurie believed would occur, Suspect Koffi "rammed" the front passenger side of Officer Laurie's vehicle with the front passenger side of the stolen vehicle. Officer Laurie said Suspect Koffi had accelerated to at least 15 to 20 miles per hour. Officer Laurie, who was not looking at Deputy Pasero, knew he was shooting at the suspect who was driving towards them because he could hear the rounds being fired and he could see the effects of those shots on the windshield. Officer Laurie said Deputy Pasero was outside his vehicle when he fired. Officer Laurie could not remember how many shots were fired but said it was more than one.[25] Officer Laurie believed it was "one volley" of shots fired.

Officer Laurie believed the shots appeared to hit the suspect in the head and in the torso. He said it happened so quickly he was unable to draw his own handgun however was reassured for he knew Deputy Pasero's shots were effective. Officer Laurie said he concentrated on getting the vehicle in front of Suspect Koffi and stopping him from driving away.

Officer Laurie described hearing a chirping sound repeatedly after the collision before realizing Suspect Koffi was still turning the steering wheel and accelerating. Officer Laurie broadcasted that shots had been fired over his radio.

Officer Laurie and Deputy Pasero approached Suspect Koffi and eventually removed him from the stolen vehicle. Officer Laurie recalled putting the stolen vehicle in neutral and turning off the ignition. Officer Laurie also recalled handcuffing Suspect Koffi because he was still "fighting" them. Once handcuffed, they gave Suspect Koffi emergency medical aid.[26]

Officer Laurie had an audio recording device, which he activated when they were providing medical aid. Officer Laurie had a conversation with Suspect Koffi, who was very responsive, alert, and aware of everything that happened. Suspect Koffi said he had consumed Xanax and LSD and while he had enjoyed it this time he felt like he was in "prison." Suspect Koffi admitted to taking the vehicle, hitting a structure, hitting a

[24] Ibid.
[25] Ibid.
[26] Ibid., pg. 6.

couple of people, and then the marked patrol vehicles. Suspect Koffi did that because the people and vehicles "were in [his] way." [27]

Suspect Koffi said "…DNR, DNR, don't resuscitate me, just, just shoot me in the head a few more times. Just end it for me. Just shoot me in the head just one more shot." [28]

Officer Laurie emphasized his concern for his and Deputy Pasero's safety as the stolen vehicle was being driven directly at them. Officer Laurie was also concerned for their safety after the initial collision for the pickup's wheels were still "chirping" as it appeared Suspect Koffi was attempting to turn the wheel and run over Deputy Pasero. Officer Laurie also feared for the public's safety if Suspect Koffi managed to get past them as he was obviously using the vehicle to feloniously assault people.

For further information refer to Officer Laurie's transcribed statement.

I am not going to refer to CHP Officer Salaun's statement, as he did not respond to the scene until after Deputy Pasero was next to Suspect Koffi attempting to pull him out of the vehicle.

In reviewing the conversation between Suspect Koffi and Officer Laurie that occurred when the officers were providing emergency medical aid, I learned the following:

(Suspect Koffi was not read his rights per Miranda.)

Suspect Koffi said he took two hits of LSD prior to him "hijacking" the pickup.[29]

Suspect Koffi then drove around the complex and "hit a couple people" whom he "aimed towards them" with his vehicle. He also recalled colliding with "some cop cars." Suspect Koffi said he "needed to get out of there." [30]

Suspect Koffi said; "yo, can you, officer can you please shoot me in the head for a couple more time." [31] In addition he said; "…can you kill me please." [32]

Most of the recorded conversation deals with providing Suspect Koffi with medical attention (emergency personnel).

For further information refer to Suspect Koffi's transcribed statement.

Sergeant Sean Jones reviewed Deputy Pasero's body worn camera (BWC) and was able to gather the following information:

Deputy Pasero activated his BWC at approximately 2022 hours. The video recorded continuously for 22:04 (mm:ss). The first 30 seconds of the video had no audio due to standard device settings. Sergeant Jones detailed the following significant points in the BWC video below.

00:23-Deputy Pasero exited his patrol vehicle as he encountered the stolen security truck.

Turn to the next page.

(Go to the next page.)

00:30-Deputy Pasero yelled “Stop” at Suspect Koffi as the truck was driven towards him.

00:31-Deputy Pasero drew his service pistol and again yelled “Stop” as the truck accelerated towards him.

00:32-Deputy Pasero fired the first of several rounds from his pistol at Suspect Koffi.

00:36-Deputy Pasero broadcasts “King-3, shots fired, shots fired.”

00:37-Deputy Pasero advanced to the rear of the CHP patrol vehicle.

00:39-The stolen truck's engine can be heard revving as Deputy Pasero fired three additional rounds from the rear of the CHP patrol vehicle.

00:43-Deputy Pasero walked around the driver's side of the CHP patrol vehicle while saying "Stop Sean, she's down."

00:55-Deputy Pasero radios for additional medical units to respond.

01:35-Deputy Pasero told the CHP officer “He’s down dude. He’s still breathing…I shot him multiple times dude.”

02:01-Deputy Pasero pulled Suspect Koffi from the truck.

02:35-A CHP officer asked “Did he have a gun?” Deputy Pasero responds “Huh? No he tried to ram us with the car dude.”

02:48-Deputy Pasero began to handcuff Suspect Koffi and said “He’s still fighting us.”

02:56-Deputy Pasero secured Suspect Koffi in handcuffs and provided medical aid.

Nothing further at this time.

## Conclusions and Findings

Based on what I have reviewed of Deputy Jason Pasero's actions on July 4, 2019 and comparing them with the Sonoma County Sheriff Office's Policy and Procedures; I believe Deputy Pasero acted appropriately considering the circumstances he faced.

Federal Case Law, Graham v. Connor, concludes in its findings that "The right to make an arrest carries with it the right to use objectively reasonable force. In determining whether force used by an officer is objectively reasonable, all of the facts and circumstances with which the officer was confronted are considered including:

1. The information available to the officer at the time of the incident;
2. The acts of the suspect;
3. Whether the suspect reasonably appeared to be a threat to the officer or to other persons;
4. The severity of the crime of which the individual was suspected.

California Penal Code Section 835a states:

> "A peace officer who makes or attempts to make an arrest need not retreat or desist from his efforts by reason of the resistance or threatened resistance of the person being arrested; nor shall such officer be deemed an aggressor or lose his right to self-defense by the use of reasonable force to effect the arrest or to prevent escape or to overcome resistance."

Following the guidelines in the federal case and California law; Deputy Pasero's use of deadly force was reasonable based on Suspect Koffi's actions of using the stolen vehicle he was driving as a deadly weapon.

The following policy, procedures, or protocols were reviewed:

## Sonoma County Sheriff's Office 'Department-Wide Policy and Procedure':

### Critical Incident Defusing/Debriefing

The purpose of this policy is to help members, who have been exposed to incidents that involve traumatic injury or death, a means to minimize potential health problems by discussing and receiving support due to their involvement in a critical incident—in this case an officer involved shooting.

Deputy Pasero did not recall being advised he could speak to a chaplain or a peer support member prior to his protocol interview. He was aware there was a debriefing and attended it.

A review of this policy did not reveal any policy violations since Deputy Pasero was unsure if he was notified about the options prior to his protocol interview however, after the review, I will remind supervisors of this policy requirement.

**Findings: No violation noted.**

### Major Incident Notifications

The purpose of this policy is to ensure that everyone who is required to be notified within the Department about a major incident be advised of such. In this case everyone was notified as required by this policy.

A review of this policy did not reveal any policy violations.

**Findings: No violation noted.**

### Use of Force

The purpose of this policy is to set up guidelines by which the use of force is employed by a deputy. Not only are the Department's polices considered, so too are the laws governing their use by state and federal authorities.

Penal Code 835(a) states that any peace officer that has reasonable cause to believe the person to be arrested has committed a public offense may use reasonable force to affect the arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his or her efforts by reason of resistance or threatened resistance of the person being arrested; nor shall such Deputy be deemed the aggressor or lose his or her right to self-defense by the use of reasonable force to effect the arrest or to prevent escape or to overcome resistance.

The policy states that:

> “Deputies shall use only that amount of force that reasonably appears necessary, given the facts and circumstances perceived by the Deputy at the time of the event, to effectively bring an incident under control. "Reasonableness" of the force used must be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any interpretation of "reasonableness" must allow for the fact that Deputies are often forced to make split-second decisions in circumstances that are tense, uncertain and rapidly evolving-about the amount of force that is necessary in a particular situation.”

Section 300.3.2 of this policy lists several factors that are used to determine the reasonableness of force that a deputy applies, of which the following are applicable:

a. Immediacy and severity of the threat to deputies and others.
b. The conduct of the individual being confronted, as reasonably perceived by the deputy at the time.
c. Deputy/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies vs. subject(s)).
d. The effects of drugs or alcohol.
e. Subject’s mental state or capacity.
f. Proximity of weapons of dangerous improvised devices.
g. The degree to which the subject has been effectively retained and his/her ability to resist despite being restrained.
h. The availability of other options and their possible effectiveness.
i. Seriousness of the suspected offense or reason for contact with the individual.
j. Training and experience of the Deputy.
k. Potential for injury to deputies, suspects, or others.
l. Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the deputy.
m. The risk and reasonable foreseeable consequences of escape.
n. The apparent need for immediate control of the subject of a prompt resolution of the situation.
o. Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
p. Prior contacts with the subject or awareness of any propensity for violence.
q. Any other exigent circumstances.

It is recognized that deputies are expected to make split-second decisions and the amount of time a deputy has available to evaluate and respond to changing circumstances may impact his or her decision.

While various degrees of force exist, each deputy is expected to use only that degree of force reasonable under the circumstances to successfully accomplish the legitimate law enforcement purpose in accordance with this policy. It goes on to state that a deputy may use deadly force to protect him/herself or others from what they reasonably believe would be an imminent threat of death or serious bodily injury.

This situation clearly showed why Deputy Pasero's actions were reasonable and justified, not only from a policy standpoint, but based on federal and state laws. When Deputy Pasero used his duty weapon, he was in fear for his life and those around him. Suspect Koffi had already used the vehicle he was driving as a deadly weapon, having purposely run over three individuals, and then when he drove directly at Deputy Pasero and Officer Laurie.

While Suspect Koffi's mental state was based on his having consumed LSD (confirmed), his reckless and offensive use of the stolen vehicle as a deadly weapon needed to be stopped, for he showed his lack and disregard for the public's safety. Based on what Suspect Koffi left behind in his path of destruction and the potential of additional victims (who were now outside their residences and/or assisting the earlier victims), Deputy Pasero had no other choice (based on his training and experience) but to stop Suspect Koffi's action, which he did by using the only option he had available—his firearm.

Deputy Pasero had only seconds to form an opinion and he made an appropriate one as he stopped Suspect Koffi's on-going felonious assaults in the Bodega Bay community. Recall Suspect Koffi's recollection as: He drove around the complex and "hit a couple people" whom he "aimed towards" with his vehicle. He also recalled colliding with "some cop cars." He wanted to get past the law enforcement vehicle to escape.

Deputy Pasero's actions were justified and within policy.

Per policy, Lieutenant Andy Cash obtained Deputy Pasero's public safety statement immediately after the incident.

A review of this policy did not reveal any policy violations.

**Findings: No violation noted.**

## Media Relations

The purpose of this policy is to ensure that we, as a Department, provide a fair and consistent release of information regarding the Department's activity to the community. A press release was completed and released on July 5, 2017.

**Findings: No violation noted.**

## Firearms

The purpose of this policy is to ensure that there is an established procedure for the use and reporting of incidents involving the discharge of firearms. It also ensures that a member of this Department who uses a weapon, in this case a handgun, has successfully passed a Department approved qualification course.

In reviewing Deputy Pasero's shooting records, they indicate he qualified with his Department issued handgun on March 21, 2019 (first quarter) and April 18, 2019 (second quarter), as required by this policy.[33]

The policy also describes when a deputy may use a firearm: "To protect him or herself or others from what they reasonably believe would be an imminent threat of death or serious bodily injury."

Deputy Pasero, provided a verbal account as to what happened to SRPD detectives. Additionally, Deputy Pasero used the weapon that he qualified with. Deputy Pasero believed his life was threatened based on Suspect Koffi's actions, in that, he not only showed a willingness to use the vehicle he was driving as a deadly weapon against four civilians, he used it again against the officers when he accelerated and drove towards them. Suspect Koffi admitted he was going to drive over the officers.

In further review of this policy, under sections 304.2 Reporting and 304.3, it states the involved deputy (who uses his firearms) as well as his supervisor shall write memorandums regarding the use and circumstances respectfully. The only exception is if the Sonoma County Law Enforcement Chiefs Association countywide Protocol 93-1 (commonly known as the 'Employee Involved Fatal Incident Protocol') is invoked, which it was in this matter so they did not need to complete those mentioned memorandums.

In this matter the Employee Involved Fatal Incident Protocol was invoked and investigated by the Santa Rosa Police Department and District Attorney's Office. Sonoma County Sheriff's Office Violent Crimes detectives were tasked with completing the criminal investigation. Internal Affairs investigators completed this administrative review.

A review of this policy did not reveal any policy violations.

[33] As provided to me by the Firearms team.

**Findings: No violation noted.**

## 400—Patrol Function

The purpose of this policy is to define the functions of the Patrol Bureau. In regards to this matter Deputy Pasero responded to an assault with a pencil, light post, and vehicle in Bodega Bay. Based on the information gathered, Deputy Pasero realized he was dealing with a subject who had no regard for the public's safety and was using his vehicle as a deadly weapon. The deputies fulfilled the requirement to respond "…to emergency calls for assistance" and to apprehend "criminal offenders." (400.05)

A review of this policy did not reveal any policy violations.

**Findings: No violation noted.**

# Sonoma County Sheriff's Office

**DATE:** **July 5th, 2019**

**TO:** **Deputy Jason Pasero**

**FROM:** **Sergeant Sean Jones**

**SUBJECT:** **Administrative Review Investigation**

This memorandum will formally notify you that this office has been directed to conduct the above investigation, and further that you are an involved party of that investigation.

This investigation is an Administrative Review of the circumstances surrounding a critical incident which took place on July 4th, 2019.

There have been no allegations of misconduct or policy violations on your part. As the subject (involved party) of an Internal Affairs Investigation/Administrative Review, you have certain rights and obligations as provided for by policy and law.

You are not to discuss this administrative investigation with anyone other than your representative, Lieutenant Shawn Murphy, or myself. This is a potentially serious matter and you are admonished to carefully follow these directives. Any violation of these directives will be considered an act of insubordination, and can lead to disciplinary action against you, up to and including termination of your employment with this Department. * You are authorized to speak with Santa Rosa Police Department should you choose to do so*

In order to complete the investigation it may be necessary to formally interview you. If so, a representative of Internal Affairs may be in contact with you in the future to schedule the date and time of your interview. If you have any questions or concerns please feel free to contact me via email or by phone. Please reply to this email so I know you have received the notice.

Sean Jones
Sergeant, Internal Affairs

**INTERVIEW WITH DEPUTY JASON PASERO**

SRPD VCI Detective: Hector De Leon
SRPD VCI Detective: James Vickers
Interviewed: Deputy Jason Pasero
Present: [redacted] law firm of Rains, Lucia, Sterns, St. Phalle and Silver

Legend:
**** Unintelligible

---

DET. HECTOR DE LEON: So today is July 5th, 2019. It is 4:25 p.m. My name is Hector Deleon. I'm a detective with the Santa Rosa Police Department.

DET. JAMES VICKERS: My name is James Vickers, also a detective with Santa Rosa.

DET. HECTOR DE LEON: And, uh, Deputy Pasero, would you mind introducing yourself?

DEP. JASON PASERO: Yeah. I'm Jason Pasero.

DET. HECTOR DE LEON: Sir.

[redacted] with Rains, Lucia, Sterns, St. Phalle, Silver here on behalf of Deputy Pasero.

DET. HECTOR DE LEON: Okay. Um, so we are just gonna get started here. Um, so Deputy Pasero, this is criminal investigation. Uh, you're being interviewed as a victim, uh, and a witness in this case. Do you understand?

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: Okay, we want to get a voluntary statement from you. Um, so along those lines, um, you're free to leave at any time you want to. Um, you are not obligated to answer any of our questions at all. That make sense?

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: Okay. Um, so have you had ample time to gather your thoughts and prepare for this interview?

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: All right. Um, is there anything that would hinder you from giving a statement right now?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: All right. And then Deputy Pasero, I believe this is the first time you and I have met.

DEP. JASON PASERO: Yeah.

DET. HECTOR DE LEON: We're not close friends. We don't hang out on the weekends or anything.

DEP. JASON PASERO: That's correct.

DET. HECTOR DE LEON: Okay. Um, and then are you sick or injured right now?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: Uh, did you receive any injuries as a result of the incident that we're going to be talking about –

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: – that occurred yesterday.

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: Okay. Um, at the time of the incident, were you suffering from any medical conditions or taking any medication that may have impaired your abilities to perform your law enforcement duties?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: Okay, um, when did you last sleep?

DEP. JASON PASERO: Um, I slept this morning, or I slept this morning from about, uh, 5:00 a.m. 'til about 8:00 or 8:30 this morning, and then I went back to bed and slept from 10:00 to about, maybe about 1:00.

DET. HECTOR DE LEON: Okay. All right. So, uh, you work for the Sonoma County Sheriff's Department?

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: How long have you been with the sheriff's department here?

DEP. JASON PASERO: Uh, just shy of 5 years. It will be 5 years at this fall.

DET. HECTOR DE LEON: Um, what is your total law enforcement experience?

DEP. JASON PASERO: Uh, just under 20 years.

DET. HECTOR DE LEON: All right, um, can you tell me about your, other agencies you've worked for?

DEP. JASON PASERO: Yes, so I started in 2001 with the City of San Bruno as a community service officer and then, uh, progressed and took the exam and got hired as a police officer and went to the basic police academy and graduated in 2002.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: Then I left the City of San Bruno in 2014 and became a sheriff's deputy in November 2014.

DET. HECTOR DE LEON: Okay. Um, can you tell me about, uh, some of the training you've had.

DEP. JASON PASERO: I did the, uh, the basic, 6-month police academy and, uh, obtained my basic, uh, post certificate from the police academy.

DET. HECTOR DE LEON: Mm hmm.

DEP. JASON PASERO: And over the years, um, with the law enforcement training I've gone all the way through intermediate and advanced certificates with post.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: Um, what do you want, just all of the training.

DET. HECTOR DE LEON: Uh, do you have any, um, like, uh, specialized training for special assignments or anything like that.

DEP. JASON PASERO: Yeah, so, uh, I was a, uh, for just under 3 years, I was a detective. I worked, uh, robbery, gangs and fraud. Um, I ran a, uh, police canine for almost 8 years, um, on the streets and on top of that I was certified as a, a canine SWAT handler, uh, which I was on the SWAT team with the San Bruno Police Department as well. Um, I was –

DET. HECTOR DE LEON: How long did you do that?

DEP. JASON PASERO: Uh, that was 2000 and I think '07 or so until about 2012.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: Um, I did, I was a firearms, uh, instructor for our department. Um, I don't know the timing on that. Probably about 5 years.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: Um, I'm sure there's something I'm forgetting but those are the main nuts and bolts.

DET. HECTOR DE LEON: Okay. Um, what is your –

DEP. JASON PASERO: Oh, I was a field training officer, sorry, and then I promoted to position of corporal which is a semi supervisory position before I lateral to the sheriff's office.

DET. HECTOR DE LEON: Okay. Uh, how long were you an FTO?

DEP. JASON PASERO: Uh, I was in FTO for about 2 ½ years after my first dog passed away. 2012 to before I left for the sheriff's office.

DET. HECTOR DE LEON: Okay, and how long were you in the position of corporal?

DEP. JASON PASERO: Uh, probably less than a year with the transfer.

DET. HECTOR DE LEON: Okay. Um, if you remember, have you ever gone to any like drug recognition classes, uh, outside of the academy.

DEP. JASON PASERO: I've been through 11550 school. Um, I didn't do a DRE school, um, I think that was just the main one.

DET. HECTOR DE LEON: Okay. Um, all right and what is your current assignment?

DEP. JASON PASERO: Um, I'm assigned to patrol and, uh, current resident for Bodega Bay with a canine.

DET. HECTOR DE LEON: All right, what is your shift right now?

DEP. JASON PASERO: Uh, I work a 5-day, 8-hour shift, uh, with some flexibility but typical hours are 7:00 a.m. to 3:00 p.m.

DET. HECTOR DE LEON: All right, um, so we're gonna talk in a little bit uh, about what happened yesterday evening. Um, yesterday, the Fourth of July, what time did you start work?

DEP. JASON PASERO: Uh, I started at 7:00 a.m.

DET. HECTOR DE LEON: Okay and do you remember what, what is your call sign?

DEP. JASON PASERO: Uh, King 3.

DET. HECTOR DE LEON: Okay, um, this is a uniform assignment.

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: And, um, how long did you say you had in, uh, the canine handler ****.

DEP. JASON PASERO: Uh, I just had lateral to the position, so I've been at the coast for about 5 weeks.

DET. HECTOR DE LEON: Five weeks, okay.

DEP. JASON PASERO: I've had a dog since 2016. I had one dog and then I transitioned to this other dog.

DET. HECTOR DE LEON: Okay. Um, and do you remember what vehicle you were using yesterday?

DEP. JASON PASERO: I was using my patrol, uh, canine truck.

DET. HECTOR DE LEON: That's assigned to you?

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: All right, do you remember having any mech, uh, mechanical problems?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: Defects?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: Okay, um, can you, uh, briefly describe your uniform to me.

DEP. JASON PASERO: Uh, I wear a, a green, uh, jumpsuit or DBU. Um, and on the front left, uh, left chest is an embroidered sheriff's office emblem or star.

DET. HECTOR DE LEON: Uh huh.

DEP. JASON PASERO: On the right side of my chest is a, it says, uh, deputy, or it say J. Pasero and canine on it. I have two shoulder patches, um, typical of what the Sonoma County Sheriff's deputies wear.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: Um, and I was a green, uh, sorry a black hat also with the same sheriff's emblem on it.

DET. HECTOR DE LEON: Okay. Can you describe, uh, some of the equipment you carry on your uniform.

DEP. JASON PASERO: So, on my duty belt I carry, um, I'm just gonna try to work clockwise.

DET. HECTOR DE LEON: Sure.

DEP. JASON PASERO: Um, I have, um, two, uh, a holder carrying two additional magazines for my duty firearm.

DET. HECTOR DE LEON: Mm hmm.

DEP. JASON PASERO: For the Glock 17. Um, I carry a canine, uh, remote control device for the E-collar for my dog. Uh, next to that is my keyring holder and then my, uh, department issued firearm with, um, uh, tactical light. Um, behind that is, uh, I carry a tourniquet in a holder. And then going around the backside, um, uh, it's a flashlight ring, a, um, taser, radio, and then, um, a double handcuff case in front.

DET. HECTOR DE LEON: Okay. Um, tell me more about the firearm that you carry.

DEP. JASON PASERO: Uh, it's a Glock 17, 9-millimeter and it has 17 capacity magazine with the one in the chamber fully loaded would be 18 rounds total.

DET. HECTOR DE LEON: Okay and you typically carry all your magazines fully loaded?

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: Okay. And do you carry any backup weapons?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: Um, do you carry a body-worn camera?

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: And do you have any other recording devices?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: Audio recorders?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: All right, so we're gonna jump into the, uh, the, your narrative portion. So, the nature of this investigation concerns a significant incident you were in, recently involved in. It occurred, uh, in the general area of Pelican Loop in Bodega Bay. Please describe the events in as much detail as you can. Include the time of the event, the names of witnesses, the names of officers, uh, as best as you can recall. Include all the information you can remember relative to the circumstances.

DEP. JASON PASERO: So, I was, uh, dispatched on an agency assist, uh, call to help CHP, um, in the Pelican Loop, not Pelican Loop but in the, the complex, the South Harbor

complex on, uh, the initial report of a vehicle crash. Um, and I learned that the driver of the vehicle had been out of the vehicle and was exhibiting behavior consistent with, uh, punching the vehicle and uh, trying to assault people in the area where the crash occurred. Uh, so I responded to that location and, um, I, I scanned CHP in my car, so I could hear some radio traffic. They were aware of the call and responding but they were delayed. That's why I was called. Um, and some communication had occurred. I don't know in what form. I told dispatch based on the guy's behavior that I was gonna meet the CHP officers in the, um, the front of the complex that you enter and that we would all go in together, um, you know, since they were my only form of, uh, assistance. So, I was waiting at the top of the hill on Heron Drive at the entrance to the South Harbor complex and I heard what I believed CHP to be about 3 minutes out or something similar to that. So, I knew they were still a few minutes away and I has asked our, uh, dispatch if the person who was doing the assaulting or if this was still ongoing and if he was still trying to assault people, um, I don't know exactly what their answer was but gave me the impression this was still on-going, and he was still acting this way so I decided to go in. I told my dispatcher I was gonna go in and head that way. And the location is way in the back of the complex, so I knew it was gonna be a little bit to get up there, so I started heading that way. Um, –

DET. HECTOR DE LEON: And Deputy Pasero, any time you want to take a break, let me know. We can step out.

DEP. JASON PASERO: Just give me a minute.

DET. HECTOR DE LEON: Sure.

DEP. JASON PASERO: I didn't think that was gonna happen so fast. So, I drove up on Heron and, and got around to the, um, to the location where the crash was, was reported. Um, there was a little flag on my computer with a map, so I knew it was, it was right off Heron there. For the life of me I can't remember the name of the street. But I saw the flag there. I had, prior to that I had, uh, asked them to stage medical not knowing what we had. So, I got to the location and I knew, I heard that CHP had acknowledged that I had gone in, so I knew they were coming. I went to the area where the crash was supposed to be and I didn't see anything. No people, no cars no anything. Um, and the street there is only houses one side of the street on the west side of the street and you know, I had nothing. So, I drove a few houses down and didn't see anything. I decided to turn around and go back up Swan, maybe it was Swan.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: And, uh, I drove up the hill and in, in the area where the crash should have been still on Swan, I saw, um, two CHP officers coming down and just for the purpose of this **** it's, it's Sean and Justin.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: And they were together. Justin was pulled up parallel to me door to door, and Sean was behind him and, you know, there's some traffic going on the radio. I

don't know what's happened but I'm talking to Sean, I'm sorry I'm talking to Justin. I'm telling him, hey, I, I can't find the crash and we're trying to figure out where this thing is. I said I don't have anything here. I don't have any updates, and he was listening on the radio. We chatted briefly. I said hey we gotta just spread out and start looking and see if we can find anything. So, I drive off and said I'm gonna go check up this way which is going back up the hill towards Heron and at that time I see the, um, Bodega Bay Fire guys there. It's one truck with two fire guys in it. I stopped at the top of the hill. They were parked at the corner. I got out of my car, truck, ran over and said hey, I don't know where this car crash is, so I need you guys to stay in the area. I don't know what's going on. Just sit tight, and as I'm doing that I start to, I was going to drive down Heron because Heron is the main loop to the complex and, uh, I didn't get very far. I only got like the length of the fire truck and I heard hey, somebody just got assaulted down on Pelican Loop. And I, you know, quickly looked at my map to just make sure I knew where that was. That was down the way that the CHP officers were going or had been pointed.

DET. HECTOR DE LEON: How did you, uh, hear that somebody had been assaulted?

DEP. JASON PASERO: Uh, that came across the, my dispatch.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: Put it out on the radio, so I was separated from CHP, but I turned around and started going down Swan and I didn't see CHP there, so I just drove.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: Um, I came down, uh, down the hill and I came around the corner. Off to my left I saw two CHP cars. Uh, there was one, they were both on the opposite side of the road. One before a driveway and one kind of past the driveway, and I looked in the driveway and I saw, uh, I saw Justin there in the driveway and he was standing in the area with the security guard for, uh, the complex, for Allied.

DET. HECTOR DE LEON: Mm hmm.

DEP. JASON PASERO: I had just talked to that security guard 2 hours earlier, so I knew exactly who it was. He was like face down, and there was, I think there was other people in the driveway, but I don't know who I saw, definitely Justin and that guy. So, Justin kind of ran towards my vehicle and pointed down the way and said hey, go, go, go. There's a, the guy took off in a white truck. Uh, so I, so I left, and I started driving and I'm just searching for this white truck or something. And I get around the curve. It's kind of a windy road, so I come up on another scene and there's, um, on the west side out in the grass or the golf link that's, uh, a subdivision around, um, golf courses, I see a, um, there's three or four, there's about three or four people, you know, waving their hands, screaming at me. And I see a, it looked a woman face down in the, in the, uh, grass and she's not moving. They were about 20 or 30 yards off the roadway. So I had my window down and while all this was happening, I was communicating and, uh, **** guys says, hey, the guy just took off in a white truck and, and I said, I, I verified he went that way down the street and, uh, he said, he, he said he's in the security guard's truck. I knew exactly what that truck looked

like. It's said Allied Security. It was a white pickup truck. So, I knew exactly what I was looking for, so I knew he was still outstanding. I mean I, I knew I wasn't, I didn't think I was that far behind him, so I took off and just, I think I had, I think I had radioed there's a second victim down, um. I think, backing up, sorry, I think I had radioed there's one sub, one sub, subject down and then a second sub, you know, second subject down. I'm continuing on looking for the suspect vehicle.

DET. HECTOR DE LEON: Mm hmm.

DEP. JASON PASERO: So I come around **** around this kind of corner that turns right and as I pull up there's the security guard pickup truck and I'm on the right side of the road and the truck is perpendicular to me. Um, and I see the driver's door is open and I see the suspect and he's standing out on what would be my side of the roadway. He's probably 15 yards away from the driver's door. Um, and I get out of the truck and I start yelling at him, you know, communicating with him something and I don't know exactly what, but I'm addressing him, and I see that he's, he's got this blank stare, and he's like very, like robotic and he's like, he's like clenching his fists, you know. And I knew that prior to learning the call, I don't think I had said this, but they had said that somebody had mentioned that this guy had been taking LSD and I knew that that was somebody's statement and based on his behavior and actions and very altered state, I knew that he, I suspected he was definitely altered and possibly under the influence of something. Um, but he was just very blank and unresponsive to anything I was saying to him. I don't what, but I know I was communicating or trying to. It was a very short interaction because he was kind of pacing around. At that point my initial thinking with this interaction was that I was gonna get out of the truck, and I knew I was trying to go through what options I had. I don't. Uh, I knew the taser was not an option. I was too far away, and I had no, no cover. And I still thought CHP was way back there. I ****, I was like I'm on my own. So, I was trying to figure out how to deal with that. So, my next thought was, I didn't want him to get to the car. I couldn't close the distance, so I was gonna use my dog. So, he's still out there, kind of in that general area so, I turned around and my dog rides in a cage behind me. But as I turned, I was gonna go get him, the guy just starts walking towards the truck to the driver's door. And he's just staring at me. I mean our eyes are locked. He knows I'm there. So, I realize that's, the dog is not an option. I never even got to the door. I'm standing next to my door, my front patrol car door. Now I can't get the dog, and, uh, he just makes a beeline for the truck. And he's just still robotic, just going and the only time he takes his eyes off me is when he goes to get in the truck and he shuts the door. I'm still saying something and, uh, as soon as he gets in the truck, he looks up and just locks eyes on me again. Shuts the door. Throws that thing in drive and just, I just hear the truck just take off towards me. He turns the truck and I'm sitting by my door and I'm yelling something, stop and, uh, and that truck is coming straight at me and where I was in the roadway, where my truck was and where I standing, uh, you know, I'm just, he's still looking at me and just the truck is coming and, uh, he's making no effort to turn away and it just, it's coming straight at me and then, and then I just immediately think, you know, he's gonna just, he's just gonna mow me down. I can't get out of the way. I got nowhere to go. So, knowing I, I was running out of space and time, I, I mean I drew my gun and I shot multiple times through the front windshield. As that was happening, um, and I'm shooting. When I get done, when I get done shooting, the CHP truck like pulls up and, uh, and that was, uh, that was Sean. I didn't know it at the time it was Sean. And Sean pulls up on the left side of me

and so I'm between his now SUV and my pickup truck after I've shot and the suspect's car crashes into the front right headlight of the CHP vehicle so they're like right frontend to right frontend. And it's, and, you know, I had stopped shooting and I can hear the engine of the truck revving like, like inconsistently, like you know, vroom, vroom, you know, like it's not just constant. It's like somebody's stepping on the accelerator and I see the truck shaking and, and I'm looking where I am and I'm, I know, I see that there's no way for me to get out stuck between these two trucks. And I think, and I see movement in the truck, you know, in the suspect's truck. I see the silhouette. The windshield is all, you know, um, all shot up, and so but I can see the dark silhouette, and he's moving. And, uh, so that with the revving of the truck I think like he's still trying to, he's still trying to fucking drive by. And I knew with how it was, I, I knew there was enough room and if that truck run free from the CHP car, I was, I was gonna get run over. So, when that revving kept happening and it was 1 to 2 seconds, it was very fast, you know, after I had shot the initial burst of shots, that I shot again into the same area, the windshield, and it was, it was less rounds than the first time. I know that, and, um, and then I didn't see any movement and that noise from the truck stopped. So, at that point I feel like I finally stopped him, and I didn't see any movement. That silhouette wasn't moving. And at that point I, I backed out of that area and I went around, um, and I don't know, I don't remember how I, um, I don't remember how I got to the driver's door. But I know, know Sean and I communicated somehow that we needed to get the, you know, get to the guy, and the next thing I know I, I don't, again, I don't know how I got there. I was at the driver's door and I see him in there and he's, he's sitting upright and I see his, you know, chest compressing and decompressing and he's breathing and he's all, you know, he covered in blood, but he's breathing so I knew we had to get medical and I, after I had put, after the shooting I know I put out over the radio, "shots fired, shots fired." I remember that. And at one point I told dispatch that, you know, suspect was down. Um, so I went over to the, Sean and I communicated, yeah, Sean and I communicated at some point trying to get the address out, because there was so much shit happening that I was like we gotta get, there was like three scenes. We gotta get this address out. And I remember looking at an address, but Sean said I got it. So, I went over to the driver's door and had to force the door open and I grabbed the guy's left arm and I yanked him out of the car, so we could start working on him. And it was, you know, I don't know 5, 6 feet or whatever. I just pulled him out of the compartment and he was on his back and, and then Justin was there, and he said he had a go bag. He had some medical supplies and, and then everybody gloved up and we started working on him. I could see he had some, you know, it looked a couple shots to the forehead maybe. There was just so much blood. I don't know how many times he got hit. I saw what looked like a, a shot to the upper bicep on the right side, but, and I could see that the concern for me was, on his forehead, I could just seek blood just fucking gushing. So, I'm still, you know, there's some delay and guys are glovin' up, and you know, it's all, Sean, we gotta get in the handcuffs. Um, and as we're cuffing him, we get the cuff on his right arm and, as we get his hand behind his back, we roll him over and it, it's just like, he's rig, super rigid, you know? And it's like, I feel like it's total resistance and I tell Sean, you fuckin' – and Sean had to help me get the other cuff on, 'cause I just was fuckin' strugglin' to get his hands back there and together. And so, we roll him back over on his back, and at this point, he's responsive. He's, he's saying things. He's talking to us, and, uh, he's, I, you know, his eyes are open and he's communicating with Sean and Sean's talkin' to him. I had stepped away to, you know, to get some, I went to go get some more medical supplies, 'cause the amount of bleeding on the head, I didn't know what, I didn't really know what the fuck Justin had.

DET. HECTOR DE LEON: ****.

DEP. JASON PASERO: So, I decided I was gonna go get more gloves and gear and all that, 'cause I knew, we were gonna be delayed until we got help and, um, Justin and I are wrappin' him up. We put compression on his head and I just wrapped the hell out of his head and compressed it to stop bleeding, as best I could. And he's talkin' to Sean, and he's sayin', you know, take your gun and kill me, you know, uh, you know, finish me off, like some, something similar to that. I know he said, you know, shoot me, take your gun and shoot me. Um, I mean, he was, and he was talking, like I couldn't, I couldn't fucking believe that he's, like he's talking and, and he talked to Sean, like, I don't know even know how he was responsive with the, with the injuries he had. And, I was startin' having coordinate units and doing things and I left, went back and forth, started walkin' around and was, um, tryin' to coordinate medical personnel and people to get into the other multiple scenes, 'cause if they came down our way, they weren't gonna get the help they needed, so I was worried about getting that out, and letting people know that the scene was safe where I was. So, I stayed on scene for a while and then once everybody kinda got there and everybody showed up. At, at one point it, it was, uh, Lieutenant Cash, pulled up, um, and at that point he was bein' treated by fire and whatnot and was secured to a backboard and, I, I went to Lieutenant Cash, I said, you know, I walked up to him and I, and, came to me, and I just told him, I said, can I shut my camera off, 'cause it, it was over, and he said yeah, shut it off. And then, that, at that point I got sequestered away and just was, headed over to Deputy Falberg.

DET. HECTOR DE LEON: And eventually you left that scene and came, uh, where'd you go? To the main?

DEP. JASON PASERO: They flew me in Henry 1 over to the, uh, to the airport.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: And, uh, somebody picked me up and took me to the hotel.

DET. HECTOR DE LEON: Okay. And then, um, some people from our agency took photographs of you and collected some equipment –

DEP. JASON PASERO: Yeah, you're, uh, evidence tech came and, at the hotel room, and uh, took photos of all my, um, uniform and took all that equipment from me.

DET. HECTOR DE LEON: Um, so when you, I'm gonna go back, in your statement.

DEP. JASON PASERO: Yeah.

DET. HECTOR DE LEON: When you first, uh, got dispatched towards the beginning, uh, you were getting information about a car crash initially, um, and then you got information that this person that you're looking for had assaulted some people?

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: Um, do you remember a description of him? Getting a description?

DEP. JASON PASERO: Um, not off hand, I don't –

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: – I know there was, I think something was put out, but I don't know.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: I can't remember.

DET. HECTOR DE LEON: Okay. Um, did you, um, did you see him, did you see any of the assaults that he committed, this person that you're looking for?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: ****

DEP. JASON PASERO: Came on him as they rolled. I was just behind 'em.

DET. HECTOR DE LEON: All right. Um. Okay, so I'm gonna move forward in your statement to, uh, when you finally located the white pickup truck –

DEP. JASON PASERO: Yeah.

DET. HECTOR DE LEON: – the Allied, uh, Security, I think you said, uh, which you were familiar with, and you saw it, um, in the road in front of you. You saw him outside of the truck, this person, a ways off, and you said, uh, to me, that you didn't want him to get back to the truck –

DEP. JASON PASERO: Right.

DET. HECTOR DE LEON: – something like that.

DEP. JASON PASERO: Yeah.

DET. HECTOR DE LEON: Tell me about that. Why not?

DEP. JASON PASERO: So, where he was standing in the roadway, and since he had already, and obviously wasn't his truck, I mean, I knew the security guard was down, I just knew that, you know, he had stolen that truck and, and based on kind of the events that occurred with the crash and the assaults and the violence that erupted with the security guard and this female that I knew he did something terrible to, my feeling was that if, well, first of all, I didn't want him to get in the truck and get that and, you know, get into that with a pursuit and all that, and I knew that based on his behavior and his alter state, that that, you know, that rampage of violence was going to continue if I were to let him get mobile, um, and I,

and I, the way his truck was positioned was concerning, 'cause, you know, he wasn't faced in a direction to flee the area, he was perpendicular to where I was, and so, it, you know, my concern was that, you know, he'd taken off in that truck and is he gonna go back –

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: – so I just, I didn't know what direction he was gonna go from there, but I just, I, I didn't have an option to get to him to keep him from getting into that vehicle, 'cause I didn't have enough information about, I knew some bad stuff had happened, but I just, just didn't want that to turn into a big pursuit in the area.

DET. HECTOR DE LEON: Okay. Do you remember hearing anything about the person having weapons?

DEP. JASON PASERO: I don't.

DET. HECTOR DE LEON: Okay. Um, so, uh, I think you, you described that you didn't see the CHP officers with you. Uh, at some point, you see the suspect or this person going to get back in the truck, you described that thoroughly, and then you saw that person driving towards you.

DEP. JASON PASERO: Yeah.

DET. HECTOR DE LEON: Um, tell me a little bit more about what you were thinking when that vehicle started moving towards you?

DEP. JASON PASERO: Well, based on his, you know, his state of mind and his lack of responsiveness, I just, what really stuck out before he drove to me was that, like, as he's walking to the truck, he's just locked on me. You know, he's just staring, like, through me. Like, he's, you know, it was just like very cold and, you know, just matter of fact and then, you know, it's like, and then the only time he really ever looked away from me is when he got into the truck, like he had to look in the vehicle and sit in there, and then it's like, when he got in the truck and the door closed, it's like, he looked straight up and then he locked eyes on me again.

DET. HECTOR DE LEON: Do you remember, uh, when this person's out of the car or, actually, any time before, uh, he drove towards you, do you remember him saying anything or yelling anything?

DEP. JASON PASERO: Didn't say a word.

DET. HECTOR DE LEON: Okay. You mentioned, uh, as he started driving towards you, you thought he was gonna mow you down, and that you felt that you couldn't get out of the way.

DEP. JASON PASERO: Yep.

DET. HECTOR DE LEON: Um, that's when you drew your gun, and you said shot through the

front windshield?

DEP. JASON PASERO: I shot right into the, through the windshield in the driver's area.

DET. HECTOR DE LEON: Okay, you were outside of your –

DEP. JASON PASERO: I was –

DET. HECTOR DE LEON: – patrol truck –

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: – and you were shooting through his windshield?

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: You, you may have covered this already, um, when is the first time that you noticed, uh, sorry, so, after what I just described, um, you're outside of your, uh, truck, and you're shooting towards the windshield, uh, towards this person who's coming at you, uh, when is the first time that you notice Sean, or this first CHP officer that pulled up –

DEP. JASON PASERO: After the shooting? As the shooting was going on?

DET. HECTOR DE LEON: Yes.

DEP. JASON PASERO: I, I didn't, I didn't, I didn't notice the truck, the CHP truck until the, the white pickup, like, hit it. Like, you know, I'm shooting and then all of a sudden, like, impact, you know, so, um, yeah.

DET. HECTOR DE LEON: So, uh, you talked about, um, the shooting and then somehow getting to the driver's side door of the white pickup. You don't remember how you got there?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: Um, you described getting the person out, the driver, um, and then you described his condition. You saw some, uh, I think you said a couple of, uh, shots to his forehead or holes and you said you saw blood gushing from his forehead, and you were concerned about that?

DEP. JASON PASERO: Yeah, and –

DET. HECTOR DE LEON: Tell me more about that.

DEP. JASON PASERO: – that, and that, I, there, I could definitely see that he had been shot in the top of his forehead, kind of near his hairline –

DET. HECTOR DE LEON: Mm hmm.

DEP. JASON PASERO: – and when he was laying down, you know, there was a lot of blood, but I could see active blood, like, spirting out, you know, and other than, you know, he had trauma everywhere else. I ****, his, his shirt was drenched in blood. I hadn't even checked his body. I saw the visible one in the arm, but like, to me, that was the most prominent, like, it's gushing, and it's, it's just spurting, and I was just trying to get compression on it, and get that like, do the best I can to make that stop.

DET. HECTOR DE LEON: Um, you described a little bit about, uh, trying to get him handcuffed and the rigidness and, and the resisting, uh, do you remember him doing anything else besides what you described, just kinda –

DEP. JASON PASERO: Uh, when I was ha, when, when I, like he was like moaning, so he was becoming more responsive –

DET. HECTOR DE LEON: Mm hmm.

DEP. JASON PASERO: – um, you know, so it's like, when I went to put his hand behind his back, it was like, **** felt this tensing up, like when somebody doesn't want their arm moved, so I felt resistance in that way.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: Uh, and, and I just, on a note, not, se, separate to the handcuffing, is once he was handcuffed, and this, I just remembered this, was that he, um, at one point when he was talking to Sean, and he's handcuffed and laying on his back, at one point, he tries to, I mean, he's now active and moving around, he tries to kick Sean in the head, and, um, while he's laying down, and I do, I did have to go to my truck and I got my, um, my max cord, and, uh, and basically had to tie up his, tie up his ankles and just so that they were, his legs were together and he couldn't kick Sean.

DET. HECTOR DE LEON: Okay. Um, so backing up just a little bit to when you were still handcuffing. Were you able to handcuff him yourself?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: Okay, so you and –

DEP. JASON PASERO: I got the, uh, I got the handcuff on his right arm, the wrist, which I was holding, and um, he was, he wasn't totally, I don't 100 percent remember. I don't think he was totally on his, um, stomach. He was kinda still on his side, but, Sean was near his left arm, but I couldn't, I was having a lot of resistance getting that arm back with a cuff on it, and it was very, like, tight, and when I had him, I just wasn't able to manipulate enough 'cause I was able to get the top of the cuff over, and I, I had, I told Sean to help me out and get it locked, 'cause it just, it was just, it was, there was some type of strength or something that was happening there.

DET. HECTOR DE LEON: Okay. All right, and then, uh, really briefly, back to the shooting.

So, uh, you told me about, uh, the first burst, um, you thought he was gonna mow you down, um, and then you saw the truck, uh, the white pickup truck collide into Sean's CHP vehicle –

DEP. JASON PASERO: Yeah.

DET. HECTOR DE LEON: – um, and then you heard that revving and consistent revving and stuff, um, and then tell me again, at that point, I don't remember if you said that you thought the truck was gonna be able to go through –

DEP. JASON PASERO: Yeah, like, the truck –

DET. HECTOR DE LEON: – where you were –

DEP. JASON PASERO: – with the revving, the sound of the revving of the engine and still kinda seeing that movement in that compartment, I thought that he was still with it and, and that revving, it sounded like he was just trying to get, I remember the truck was like shaking –

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: – what and with the revving, and so, based on all that, I thought for sure, like he was gonna, he's still trying to get through, like, he's still going for it –

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: – and he's still coming, gonna come after me.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: And I just, I knew, with where I was standing now, between the two patrol vehicles, I said, I just knew that if that car had broken free from that CHP car, that if that truck got traction with that revving, that, there was no way I was getting outa there. I was definitely gonna get run over.

DET. HECTOR DE LEON: Okay. All right. Um, tell me if you remember, tell me what the lighting conditions were like? I think this happened at, uh, I think you said 8 something in the evening.

DEP. JASON PASERO: Yeah, it was still, I mean, you know, it was still very much light out. I didn't have any, I didn't even have, have my headlights or anything, I mean, it was very visible, could see well, um, and since we're on the coast, you know, right there in that community, it's, uh, up in the hills, and you're right on the by the ocean, so it's like, it's very light out, you know. I didn't need a flashlight, I didn't need, uh, lights on my car or anything. Sorry.

DET. HECTOR DE LEON: Uh, you were able, once you started to, um, try to wrap this guys head up and stuff, uh, did you recognize this person from ever dealing with him before?

DEP. JASON PASERO: No.

DET. HECTOR DE LEON: Okay. Uh, James, follow up questions?

DET. JAMES VICKERS: No.

DET. HECTOR DE LEON: All right. You guys have anything right now? All right, Deputy Pacerro, we're gonna step out for a minute. Um, I, I'll stop this recording, um, and we'll step out for a minute and see if there's any follow up questions, and then we'll be back.

DEP. JASON PASERO: All right.

DET. HECTOR DE LEON: Okay. I'm on. Deputy Pasero, I got some, uh, just a few follow-up questions. Um, I'm gonna take you back to a couple points in your statement, so, when you went into the, um, the neighborhood, uh, at one point you told me that you came upon a scene where there was a woman face down.

DEP. JASON PASERO: Yeah.

DET. HECTOR DE LEON: And I think you mentioned there were some people around her, do you remember stopping and having a conversation with anybody, like, somebody telling you what had happened to this person?

DEP. JASON PASERO: The only thing I remember is I, I did stop when that guy flagged me down, um, he was kinda running out towards my vehicle, and I, the only thing I can remember is that he said that the, the guy took off in a truck and pointed that direction, like, he's that way, he's that way.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: I don't remember anything else.

DET. HECTOR DE LEON: You don't remember any, somebody saying something about what had happened to this lady that was face down. And, and I'm just asking, if you don't remember, that's fine.

DEP. JASON PASERO: I, I, I, I can't remember.

DET. HECTOR DE LEON: Okay. So, after, um, after the shooting has taken place, uh, there was a couple of different, uh, points of shooting and then, uh, you went around to the driver's side of the white pickup, and you pulled the, the person out that had been the driver, you mentioned that right after that you attempted to handcuff him and then you, and I think it was Sean, handcuffed him.

DEP. JASON PASERO: Mm hmm.

DET. HECTOR DE LEON: Um, why did you handcuff him?

DEP. JASON PASERO: I didn't, I didn't know if he, you know, had any weapons or anything on him, or, you know, what he was, obviously still breathing and all that, um, I, I just, knowing that we were kinda by ourselves and nobody else was there and we had other scenes going on, I just, I wanted to get him as secure as I could because after the car thing, I didn't know what he could have had on him, so I just wanted to get him secured, and some of that was based on, too, the kinda the altered state, his behavior, and it just wasn't normal, so there was still, in my mind, there was something really wrong and I just didn't want anything else to erupt.

DET. HECTOR DE LEON: Okay. Um, and then also along those lines, uh, after you guys had him handcuffed, um, you started to provide first aid. You described it as, uh, uh, trying to stop the bleeding, bandaging his head –

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: – uh, and that kind of stuff, why did you do that?

DEP. JASON PASERO: Uh, because, I mean, he was still showing, you know, signs of life. He was breathing and responsive and, you know, that's, that's our job, I mean, I mean, even if in the circumstances, I just, I'm not gonna sit there and let him die, you know, um, I knew I was remote, I knew that I had already lost, um, I only had two, uh, Bodega Bay guys there, and I knew that help was far away, and so, that was, that just came natural. That's the next step. You've gotta preserve life in any form, so that's what I was trying to do.

DET. HECTOR DE LEON: Okay. Have you, um, ever received training in, you know, after a situation like that that could happen, uh, securing a person by handcuffing them –

DEP. JASON PASERO: Yes.

DET. HECTOR DE LEON: – and providing first aid?

DEP. JASON PASERO: Yeah.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: I've been, uh, I've been in, not in the position I'm in now, but I've been involved in some, you know, near critical incidents or active situations where suspects are injured heavily or still, you know, given the level of threat that was thrown out there, they are secured and handcuffed, um, and with the SWAT background and stuff like that, I've also been trained that, you know, that, the medical portion of, you know, preserving life and doing that ****, allows me to at least work on him and his arms are secure and he's, well, I don't know what level of threat he still is, he was still awake and active and if I'm trying to do medical training, and his hands are free, he could disarm me, you know, my sidearm was back in the holster and if, and it showed later that he was still responsive and active and still wanted to die with his statements, **** the handcuffs were a valuable

resource because he wasn't able to reach and disarm me and continue to fight 'causing me to want to shoot him more.

DET. HECTOR DE LEON: Okay. Um, do you remember, um, having any concern for, uh, I don't know how to ask this, for any, uh, rounds that maybe you couldn't account for or that could have gone down, you know, down range, do you remember having any concern about that?

DEP. JASON PASERO: Yeah, I wasn't, um, I felt, you know, after looking at the windshield and, um, I, I, you know, there's always concern of what your backdrop is, and um, and that was very rapid. I, I knew there was a house there, um –

DET. HECTOR DE LEON: Yeah.

DEP. JASON PASERO: – and that's just what it was. Um, I knew that based on the fact that I already had three scenes there, and I had really no, there was no medical resources that, that I, you know, I did wanna make sure I was checking, you know, nobody was gonna tell us something was happening in the house if any rounds had gotten there, so I think it was just a matter of fact that I knew we had to check down range and, um, what was behind the scene of the shooting, um, and also more if there was a concern that rounds had gone inside the house as I was directing people to the various scenes I, I if I had thought that something were significant to happen behind the truck then I, I wanted to get resources there. Again, we had two, uh, two guys from the fire department and one truck, and it's like, I knew that's how Bodega Bay is, I mean, nobody was coming anytime soon.

DET. HECTOR DE LEON: Yeah.

DEP. JASON PASERO: Um, then I just, time wasn't on my side, so I just at least wanted to have a better feeling if more needed to be called.

DET. HECTOR DE LEON: Yeah.

DEP. JASON PASERO: And I think, um, uh, with, uh, Justin, um, I remember Justin looking, um, at the back window of that, uh, truck, um, and seeing that it looked like, I don't know what the conversation was. He gave me the impression that one of the rounds had gone through the back window, and it just, like, was trying to figure out the angle and thinking about if it had gotten, could it have reached that house –

DET. HECTOR DE LEON: Yeah.

DEP. JASON PASERO: – that was, that was the concern.

DET. HECTOR DE LEON: Okay. Um, you talked a little bit about some of the, uh, statements from the, um, the suspect in this case, the driver of the white pickup. I believe that some of the things that you remember him saying were shoot me. Um, along those lines, do you remember anything else that he said, um –

DEP. JASON PASERO: Um –

DET. HECTOR DE LEON: – right at that moment?

DEP. JASON PASERO: – I mean, I know he had, um, I know he was saying, like, you know, I, I don't know directly, it was, you know, along the lines of, you know, end it and, I think, take your gun and shoot me or finish me.

DET. HECTOR DE LEON: Uh huh.

DEP. JASON PASERO: He didn't want us to treat him.

DET. HECTOR DE LEON: Mm hmm.

DEP. JASON PASERO: You know, he was resistive **** maybe resistant is not the right word, but he was not wanting us to do anything. Uh, I think at one point he said, uh, he was like, you know, DNR and, you know, he didn't want us to do anything and that's when he became more, um, animated and was talking to, uh, to Sean.

DET. HECTOR DE LEON: Okay. What is DNR?

DEP. JASON PASERO: Well, I know it as, you know, do not resuscitate, like, don't treat me, don't do anything –

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: – and that was coupled with, you know, you take your gun and shoot me, and –

DET. HECTOR DE LEON: Right.

DEP. JASON PASERO: – finish me or s, something to, I don't know exactly, but it was –

DET. HECTOR DE LEON: Yeah.

DEP. JASON PASERO: – along those lines which gave me the impression that he still wanted me to, to, to, um, to continue and, and kill him.

DET. HECTOR DE LEON: Okay. Um, I think you told me early in the interview that you had had some DRE training, um, is that right?

DEP. JASON PASERO: Yeah, for being under the influence.

DET. HECTOR DE LEON: Yeah. So, um, can you tell me, uh, about some of your experiences dealing with people under the influence of a control substance or drugs.

DEP. JASON PASERO: Yeah, I mean, depending on the types of drugs, you, you noticed, um, altered states and their, and behavior, um, and, and with the initial information I had received, that this person had possibly done LSD or some type of drug, although I didn't

take that for granted it was that drug, that he was gonna be possibly altered, um, that coupled with kinda the, a series of events that happens after a car crash and getting out and being violent with people, it seemed that he was possibly delusional or something was going on in his mind as it was altered and then just the mere, you know, people that, that are on, that are sober and not under the influence of any type of drug, typically don't, um, don't get out of, of, of a vehicle or drive through a neighborhood and just randomly assault people and steal cars and drive off and flee the area and hurt people. Um, and then when I drove up upon him, and he's out in the roadway. He's barefoot, and he's, um, you know, he's rigid. You know, that's not a normal behavior. It wasn't like a, you know, he's just kinda animated and walking around and, but he was, and like I said, it was like catatonic. He wasn't, he didn't respond to anything I said, um, that stare at me that was like super blank, and he's just kinda like, looking through me and not res, you know, nonresponsive and just had the **** you know, and he's, and he's in the middle of the street, and so it's like ****, you know, that's, that's not normal, so it was clear some, some, something going on with him.

DET. HECTOR DE LEON: Okay. Um, you talked about some of the concerns you had when, uh, the white truck, the white pickup was in front of you and was driving towards you. Uh, one of things, well, you mentioned that you were, um, concerned about being mowed over, obviously, run over, um, that you didn't have any place to go. You also, I believe you mentioned that you were concerned about a possible pursuit, like this person getting beyond you, um, so, can you tell me a little bit more about that, so if he didn't run you over and mow you down, and somehow got past you, what were some of your concerns?

DEP. JASON PASERO: Well, I know that, you know, when I had, when I had gone by the scene of the security guard, I knew that that was the last time I saw the two CHP officers, and they were out of their cars, and they were with the security guard, and I, like I said, I think it was one or two other people there. There was that scene, and then as you went down the road, there was a whole 'nother scene with the, the, the woman lying down in the grass and other people over there, and just how fast everything evolved, um, and then the way the truck was positioned, you know, and him getting in the truck and driving back to the scene, my feeling is that, he first came and with the eye contact and his behavior, he locked eyes with me, he deliberately drove straight at me, and I had no way of escape. It was too fast and, um, it just happened. It was, he was, the truck was like so close that I wouldn't have been able to get all the way to the back of my pickup truck, um, to hide for cover, and if I had done that, knowing what he had done, I, I believed I knew that there was still gonna be people out there at those scenes, and that if he was gonna try to run me over, then, I mean, he was gonna go and try to run over all those people, and I knew medical was coming, I mean, there coulda been, I knew that was probably, based on just what I told you, it was probably eight to ten people with the, and the two CHP guys, so, it's like, all those houses on 4th of July are oc, you know, occupied and rented out. I mean, there coulda been god knows how many people, and if I didn't stop that threat, I didn't, I didn't, if he had run over me, there was a good chance he was gonna go and go do more –

DET. HECTOR DE LEON: Mm hmm.

DEP. JASON PASERO: – and if I didn't stop that, which I had no choice. I couldn't get outa the way, it, I wouldn't be able get anybody 'cause I don't share a channel with CHP. They

couldn't have heard anything if I even told them on the radio the truck was coming, and it woulda been too fast, and, you know, who knows how many more people would have been run over.

DET. HECTOR DE LEON: Mm hmm.

DEP. JASON PASERO: 'Cause if he was gonna do it to me, why wasn't he gonna do it to somebody else.

DET. HECTOR DE LEON: Yeah. So, along those lines, this pickup truck, that's coming towards you, um, as you described and your concerns for it running over people, how did you view this vehicle, this pickup truck?

DEP. JASON PASERO: I don't really know what you're asking me.

DET. HECTOR DE LEON: Your concerns are that, uh, this person would run over these other people, did you consider that this, uh, pickup truck would be a weapon that he could use –

DEP. JASON PASERO: I thought, yeah.

DET. HECTOR DE LEON: – against you or others?

DEP. JASON PASERO: I, I thought for sure that after that interaction we had, and what was behind me, that the way he st, steered that truck, I mean, he wasn't facing me to begin with, he was perpendicular, and he purposely turned the wheel and revved the engine and came straight at me –

DET. HECTOR DE LEON: Mm hmm.

DEP. JASON PASERO: – and that, I was, I was afraid that he was gonna kill me. I just, I was stuck. I had no way to get out, and that was my option.

DET. HECTOR DE LEON: Yeah.

DEP. JASON PASERO: And if the CH, the CHP truck wasn't there, even with the, even with the shots, the truck was still going. I still probably woulda been run over, you know. Uh, god.

DET. HECTOR DE LEON: James, do you have any add, additional questions?

DET. JAMES VICKERS: No.

DET. HECTOR DE LEON: Okay.

DEP. JASON PASERO: Sorry.

DET. HECTOR DE LEON: That's okay. Um, I don't have any other questions for you, but thank you very much for talking to us.

DEP. JASON PASERO: Yeah.

DET. HECTOR DE LEON: I'm going to turn this recording off.

END OF AUDIO

**: INTERVIEW WITH CALIFORNIA HIGHWAY PATROL OFFICER SEAN LAURIE**

SRPD VCI Detective: Hector De Leon
SRPD VCI Detective: James Vickers
Interviewed: CHP Officer Sean Laurie

Legend
****: Unintelligible

---

DET. HECTOR DE LEON: Okay, today is, uh, July 5, 2019; it's about 2:30 in the morning. Um, this is, uh, Detective Hector De Leon from Santa Rosa Police and Detective James Vickers is here. Um, also Deputy District Attorney Bob Weiner, Robert Weiner, sorry, and, uh, Deputy, or DA Investigator Mike Phennicie and, sir?

SGT. KEVIN CRAIG: Sergeant Kevin Craig.

DET. HECTOR DE LEON: Okay, um, so, Officer Laurie, uh, you, uh, are being interviewed today as a witness to an incident that occurred, uh, earlier in the evening, um, involving Sonoma County Sheriff's Department. Um, you're being interviewed solely as a witness, not as a suspect. Um, potentially as a victim in this case, is that clear?

OFFICER SEAN LAURIE: Yes.

DET. HECTOR DE LEON: Okay, um, so, if you can tell me, uh, what is your current assignment?

OFFICER SEAN LAURIE: California Highway Patrol Officer assigned to the Sonoma Coast Resident Post.

DET. HECTOR DE LEON: Okay, and what is, what shift do you work right now?

OFFICER SEAN LAURIE: My standard shift and my shift today was 11:00 a.m. to 8:30 p.m.

DET. HECTOR DE LEON: All right, and what is your call sign?

OFFICER SEAN LAURIE: I always go by 17008.

DET. HECTOR DE LEON: Okay, and then, uh, what is your badge number?

OFFICER SEAN LAURIE: 18881.

DET. HECTOR DE LEON: Okay, all right, um, can you tell me how you became aware of, uh, the call that you assisted with –

OFFICER SEAN LAURIE: Yes, uh –

DET. HECTOR DE LEON: – today.

OFFICER SEAN LAURIE: – I was dispatched, I was notified by a CHP Golden Gate Dispatch.

DET. HECTOR DE LEON: Mm hmm. And roughly what did they tell you? What did -were you dispatched to?

OFFICER SEAN LAURIE: Well, they said they, roughly they said that there was a vehicle, a friend called in that his friend had purposely driven a vehicle into a building, and then, then the call started getting more and more details, um, that he had then exited the vehicle and was, uh, was approaching people sort of terrorizing the community it sounded like. Uh, they then related that he was on, on drugs, possibly alcohol, that he had LSD on board, on board meeting in his system and that he, uh, that he was also very strong, and they were asking, for response.

DET. HECTOR DE LEON: Okay, and where were you when you got that dispatch?

OFFICER SEAN LAURIE: Right here, I was actually at the Resident Post when it came out.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: In this seat.

DET. HECTOR DE LEON: Okay, and then, uh, can you tell me what happened after that?

OFFICER SEAN LAURIE: Immediately after that I contacted dispatch and let them know, uh, because it was a intentional act on private property, the area they were identifying is a property, um, HOA area, that they needed to notify sheriff as well, 'cause typically that will be a, uh, sheriff, a sheriff handle.

DET. HECTOR DE LEON: Uh-huh.

OFFICER SEAN LAURIE: But that we'd be responding as well in a support capacity.

DET. HECTOR DE LEON: Okay, and what happened next?

OFFICER SEAN LAURIE: So then, um, there were actually, you'll get to this portion of the interview later when you interview the other, uh, the other officer, he and I were both in the office together. He was sitting in the seat where you're sitting right now, and, um, he and I both responded together separately in our own separate patrol vehicles from here to the scene.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: Code 3, and dispatch was notified that both of us were responding.

DET. HECTOR DE LEON: And what's that officer's name?

OFFICER SEAN LAURIE: Uh, it's Officer Salaun, S-A-L-A-U-N.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: And his badge is 19083.

DET. HECTOR DE LEON: All right, so you guys responded toge-, uh, in separate cars to the scene.

OFFICER SEAN LAURIE: In separate cars together.

DET. HECTOR DE LEON: Okay, what happened next?

OFFICER SEAN LAURIE: So then as we began to approach the area, um, I, uh, notified dispatch, asked them if they could have the other deputy stand by at an intersection once we get up, uh, South Harbor so we could all roll in together.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: 'Cause we didn't know, you know, what we were going to be approaching.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: But when we got to that intersection, the deputy wasn't there, so we figured he had actually already rolled on in, so we continued.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: And indeed, he had rolled in.

DET. HECTOR DE LEON: All right.

OFFICER SEAN LAURIE: **** to us.

DET. HECTOR DE LEON: All right, what happened next?

OFFICER SEAN LAURIE: We got up to the area that had been the reported location and then met the deputy who was driving the opposite direction. He had driven in and at some point had turned around and was coming up, so now we're going opposite directions. He stopped and the other officer stopped, I was behind them with my window rolled down, so I wasn't able to hear clear dialogue, but what I was able to hear was something to the effect of additional medical calls. The, I heard the deputy say that he, the SO say that he was unable to locate the scene, but at the same time somehow through his dispatch what I was hearing was that, um, he was understanding that REDCOM had additional calls of, of injured parties a little bit further from where we were, and I was unclear where that was 'cause I couldn't hear, but I then notified my dispatch, could you contact REDCOM and find out where this other location is. It seems that we have other, other, uh,

events that are occurring in the same general vicinity that are likely related, um, to this call that we're headed to.

DET. HECTOR DE LEON: Okay, then what happened?

OFFICER SEAN LAURIE: Then, I don't know how the, how it was found where this was. I think that the, uh, I followed the, uh, sheriff and Officer Salaun, 'cause they had somehow, they had better radio connection than what I had, and I followed them. They were like, hey, it seems it's this direction, so we all followed each other in a, uh, a three-vehicle follow-the-leader type thing down to approaching where the scene was. As we, as we got closer to the area, the deputy was ahead in the front; the other officer was behind him in the middle and I was at the very rear. As we approached an intersection of I believe it was Swan and Pelican Circle, or Pelican Loop, they were both ahead of me, and I knew we were looking for a pedestrian a little bit younger, but I didn't have clear details exactly of who, who I was looking for, but I knew that he was bit younger and that he was on foot, and as they were ahead of me I looked over beside and I saw a person walking, not really walking, but sort of urgently walking, walk-running down the sidewalk. So, I rolled my window down and said, how you, you know, who are you? What, what's going on? And he said, well, I'm a friend of the guy I'm sure that you're looking for. I said, okay. So, I paused for a moment there while the other, um, the other two are continuing forward, and I can still see them ahead of me. I said are you, are the type of person that if, if you were with me he could, um you could help calm him down? He goes no, he was fighting with me. He's been fighting with everyone. So, I said, okay, well, I'm gonna leave and I, I didn't put him in my, he was not in my vehicle. I didn't want to get him in at that point if he, if he was already fighting with him, he's not gonna be an advantage in my car. So, I continued and so now at this point I know that, that the person he thinks we're looking for, which is likely, and it turned out was, the person we were looking for is not only unstable, but he's been fighting with his actual friends. Um, so that's in my mind. I then catch up with the other two vehicles and as I approach, I don't remember what the address is, but I put this radio traffic out as I began to see the events. I put out, um, the street addresses. You won't be able to see them tonight, but if you return in the morning, you'll see that these houses are all very clearly marked. So, I saw the first person on the ground. Initially, I thought this might be our guy. That, that maybe he had fallen down, for, excuse me a moment. Let me silence my phone here.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: Um, first, because I didn't know who I was looking for, I saw a person crumpled down on the ground and notified dispatch I, I might be on the scene with the person. Turns out this was, um, one of the people that had been assaulted, in one form or another. I'm not positive how this assault had occurred, but this was one person that had been assaulted by the person that we were seeking. The, the other officer who is in the other room right now, the other officer actually pulled his patrol vehicle over to render medical aid. There was, um, pedestrians standing by, you know, passers-by that were there. He began doing what he could for medically. I didn't see what that was because I continued, because the deputy started driving, so I started driving with the deputy. So, we got two people going to wherever this was. We drove a little bit further, and I found out, I, we encountered another person slumped and crumpled down on the ground. This time it appeared to be a female. There were a variety of citizens next to her. I looked across, got the street address where she was. Uh, the first person I called for Code 3

medical assistance to the location of the person, first person slumped down over the radio, and then when I saw the second lady crumpled down on the ground, called for a Code 3 medical response to this address for this person on the ground. I did not stop because the deputy is driving now. It's just he and I, I'm not gonna send him in on his own. I'm going have to rely on, on, uh, medical to come out and render aid to whomever this other lady is. I follow the deputy, we go a short distance further, enough that we can no, no longer have line of sight of the lady back here, but we're further up the road, and there's a, some sort of what looks like a private security-type vehicle. It's a white pickup truck, and it's got the label, labels along the bed that you see typically with private security, and it's parked not completely perpendicular in the road, a little bit angled with the front toward us, but mostly sideways in the road. These roads are non-marked, paved, raised curve with no lines. So, there's no center line, there's no white line. It's just a big paved section in the, in the homeowner's association there. The deputy is to my right in his patrol truck. I am to his left in my patrol Tahoe. We both stopped when the vehicle had stopped up ahead of us. I would estimate maybe 70 feet back from it, just a complete estimation, no measurements were taken, just, uh, what my memory is, and the, the deputy, there was a person standing outside the vehicle. Ultimately, this is the person that we're looking for, but I didn't know that at the time. There's a person standing outside the vehicle toward the front of the vehicle, uh, sort of toward the front passenger corner as I recall, standing outside the vehicle. Got my windows rolled down. I hear the deputy next to me giving orders to stop, stop and to halt. I don't remember his exact verbiage, but he's giving lawful orders and instruction to this person up ahead of us to cease what he's doing and to stop moving. Our patrol vehicles are parked far enough apart that there is sufficient space between them that a car could pass between. We weren't side by side, next to each other like Ponch and John, we were a distance apart from each other. The person in the, that was standing at the front corner of the security vehicle then begins to, not running, but quite rapidly walks around the front of his car and gets into the driver's seat of the vehicle and begins driving his vehicle down toward us, accelerating quite rapidly, even though he's been told to stop, stop, stop. At this point, I reposition my patrol vehicle to stop him. Um, I had moved over so that I could close the gap between us so that he couldn't continue to the scene of carnage that was back behind us. This needed to stop right where it was right now. So, I repositioned my patrol vehicle hoping that he would actually see that this, that we're stepping in the way, not stepping in the way, but that we're parking in the way and that he'll stop. Well, he didn't stop. He continued and, um, rammed the front, the front, uh, passenger side of my ve-, patrol vehicle with the front passenger side of his vehicle that he had, um, that he was driving. In this, in this very brief moment of seconds or microseconds of, of, of him approaching and colliding with my vehicle, and just this, these, just micro-moment shots are being fired, and, um, I know that the shots are being fired from the deputy who's right beside me. Um, I didn't look over and see this. I believe the deputy was already outside of his vehicle, because he had been giving the lawful orders, but I didn't look over and see that, that's just my, my perception of, of how this whole thing transpired. My patrol vehicle, I don't know if I was completely stopped. I know I was at stopped at one point. I don't know if when he, I don't remember if when he approached me and it was apparent that he was not going to stop that he was going to try and ram through. I don't remember if I accelerated harder to stop him or if I just remained stopped, but either way, my full intention was to stop his vehicle in its tracts where it was, which ultimately did happen. As I'm in my vehicle, I hear the, I hear this chirp-chirp-chirp-type noise going on outside, and the vehicle is brand new to me, by the way. So, but I've driven it a few thousand miles, and I thought what, what's this chirping that's going on? And I could feel this movement, so I –

DET. HECTOR DE LEON: Mm hmm.

OFFICER SEAN LAURIE: – I put my vehicle in park and it's still chirping, and so then I pushed really hard on the emergency brake of the, you know, it's like a foot-operated emergency brake, pushed really hard on that. It's still chirping. Took a couple of seconds for, for me to process that it was because his vehicle is still in drive and is still accelerating quite hard, and it's, it's chirping in place as we're stuck together. Um, while I'm sitting there, the, I, because I'm so close to this, pass, um, driver's seat to driver's seat right where you are, no, not much more distance than you are right there, I can see where the shots are going that are being fired. The shots are going and they're, they're, they're hitting the target that the deputy, uh, that the SO is aiming for. They're hitting him. At this point, I didn't reach for my gun. It was clear to me that there was no need for me to have any kind of, um, use of force intervention at this point, just my car stopping his car was the extent of, of that. Um, but I could tell too he was beginning to slump down in the vehicle, and I could see blood, um coming out from him. I could only see his upper torso and head, of course, because of the dash. And I then exit, I then, when I realized that the car was chirping, that it was his vehicle that was, um, continuing in movement, I didn't know at first he was trying to push through or if it was just in, if it was just happening with him pushing on the gas pedal with it still being in drive. And then seeing his condition in the car, I rapidly realized that this wasn't him trying to continue past now at this point. This was just his, either his foot stuck on the gas, something that the car was going. So, I told the deputy, hey, turn off the car real quick; turn off the car because it's, it's still chirping. He said I can't turn his car off right now, the guy is still fighting with me. He's still, he's still struggling. So, he was up there, he had already made contact from the, the, um, suspect's driver door. He had made contact with him. At this point I ex, exited my vehicle, rapidly approached the vehicle that was now trapped with me, the pickup truck, and I, uh, shortly after the shots were fired, like moments after shots fired I put out radio traffic and multiple shots fired, so that, to dispatch through the radio so that people could be advised, and then, um, opened the passenger door. I couldn't get it to open easily, because it was quite bound up from crumpled metal, but I forced the door open, yanking it open on the passenger side so that I could actually get inside and access the vehicle; seeing safety being very, very important with this vehicle still chirping, I didn't want it to break loose and then become another, another problem at the situation. So, I at that point reached in, uh, turned the key to the off position, but I couldn't get out. I'm, I'm leaning across the passenger compartment and the guy is still sitting there, the deputy is on the other side. I'm reaching through and I immediately turn off the vehicle. I can't get the key out, so I also put it into neutral. So, when you look at this vehicle, you're gonna see the key and what I assume is going to be the off position, and you're gonna see the gear selector in the neutral position. It's an automatic with a, g- shifter down there. I put them in that position. They were actually in drive in on, uh, upon the end of shooting. Um, then at, at that point, um, at some point Officer Salaun arrived on scene as well. The SO deputy said we've got to get this guy out of the vehicle. We pulled him out of the vehicle, got him down on to the, on to the asphalt. He said we've got to get the, he being the deputy, said no, we've got to get him in cuffs, 'cause he's still fighting. We've got to get him in cuffs. Um, he and the other officer were working on getting him, getting him into cuffs. Ultimately, he was put into handcuffs, um, so that he was restrained, cuffed behind him, not to the front, and, um, at that point, uh, at some point Officer Salaun had grabbed my medical bag out of the back of my patrol vehicle, he knew where I kept it, he ran that medical bag up to, up to the scene, began, um, applying medical aid, began rendering medical aid, um, to the, to the guy on the ground. At this point, we didn't know who he was, but we knew that this was the suspect that we'd been, we'd been looking for, it was very obvious. They did a lot of

binding, uh, to his head, a lot of, a lot of bandages to his head. Uh, because they were both working on scene with him, I took a moment to step aside and make a phone call to my sergeant so that I could, kind of apprise him of the situation that the shots fired were all law enforcement shots, no return fire, and that no law enforcement or allied agencies were injured or, um, that I, that I was able to see on scene. Um, he then asked what resources I needed and we, um, communicated the resources needed and he began to facilitate that. Um, as soon as I made my notifications to my sergeant, um, my particular patrol vehicle does not have the audio/video recording feature that most law enforcement vehicles have, um, because of its platform it doesn't have that. Um, knowing that, I have, uh, uh, mobile, little digital recording deal that I keep in my pocket and I, I pulled that out and activated that and started the recording. That recording is what you will all be provided a copy of is, um, there's a copy there and I have a copy for you as well. And, uh, so everything that was said from that point to the point that he actually left in the helicopter is all audio in my, in my front pocket and most of it's very loud 'cause we talking over the scene, you know, at the top, and he was, um, very responsive, very alert, very aware of everything that happened, and, um, maybe rather than going through all the dialogue that I recall, maybe you want that as well, but all the dialogue is verbatim obviously on, on the audio, and in that he is very clear about what he did, what he was doing, what his intentions were. Um, if you want me to abbreviate that I can, but otherwise that's actually all on here, and then I stopped the audio once he was mounted, uh, once he was loaded into the helicopter and I walked away from the blades and I was out of, you know, a safe distance away from the helicopter. At that point I went ahead and ended the recording 'cause my intention was to record my, my interaction with him during the entire time and a large portion of my interaction with him was trying to keep him talking to me, trying to keep him distracted from the rest of the scene around him and keeping him, uh, active and looking at me a lot of the time, instead of looking around at all the other activity going on.

DET. HECTOR DE LEON: Okay, um, and then you saw him get loaded into the helicopter.

OFFICER SEAN LAURIE: I was beside him the entire time, from the time I began the audio with him, I didn't leave his, his side. I stayed with him while he was on the gurney, while he got loaded into the ambulance, and then while he got moved into the helicopter I stayed, I remained on scene with him the entire time.

DET. HECTOR DE LEON: Okay, so, um, tell me again when you actually activated the recorder? Was it after the first aid it was already being.–

OFFICER SEAN LAURIE: First aid was being rendered.

DET. HECTOR DE LEON: …administered. Okay.

OFFICER SEAN LAURIE: First aid was being administered by two other people on scene. Um, they got there and got to the first aid. They were getting him out and getting him cuffed, and rendering first aid before I had an opportunity to actually get around to that side of the car. So, they were rendering aid prior to me, um, having the thought to pull the thing out and start recording my dialogue with him.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: Um, aid was rendered immediately.

DET. HECTOR DE LEON: Okay, um, and you said that he was very clear about his intentions and, and all that stuff. Can you just tell me briefly –

OFFICER SEAN LAURIE: Yes.

DET. HECTOR DE LEON: – if you remember anything?

OFFICER SEAN LAURIE: Yes, yes, I do.

DET. HECTOR DE LEON: It's doesn't have to be –

OFFICER SEAN LAURIE: Yes, I can, yes, I do.

DET. HECTOR DE LEON: – exhaustive.

OFFICER SEAN LAURIE: So, um, I asked him lots of questions, which will be here, but the questions that seemed very pertinent to the scene in the situation, um, I asked him, I said, tell me what's happening today, and so he, I said have you, have you taken any drugs? And he said, yes, he said, I took, I think he said Xanax. I wasn't so much worried about that one, but he said I've, I'm also, I've also taken LSD. And I said, well tell me about the LSD. What, what are you experiencing? He said, I said have you taken this before? He said I've taken it before. He said this time, um, I feel, I feel like I'm in prison and this is a very horrible experience for me. He said every other time it's been a little li-, liberating experience, a positive experience, and I said, so you feel like you're in prison right now. And he goes, yes. I said tell me, were you, were you driving a vehicle today? Yes, I was driving a vehicle. Where, where did you get the vehicle? He goes, well it was parked and I, um, I, I can't remember what he said. He said, uh, uh, a slang work for having taken a car that's not his.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: Um, you know, I, I swiped the vehicle or something to that effect that he, he took a vehicle that wasn't his. I said, so you, you got into the vehicle. I said, well, if you got into the vehicle, how did you get the vehicle to start? He goes well the keys were in it, so I started it. I said, okay, so you got in the vehicle. Did you run in, did you hit any structures, or did you just drive? He goes yes, I, I hit a, I hit a structure. I said, okay, well, then what happened? He goes, then I was driving. Why were you driving? He goes I was trying to get away from, I was trying to escape his, his jail feeling that it seemed. I said, well did you encounter any people? Did you hit any people? He says, yeah, I hit a couple of people. I said well, did, did these people jump in front of you or did you swerve over toward the people? He goes no, no I just, I ran into them. I said, why did you hit the people? He goes I just needed them to get out of my way. And I said, okay, did you ever hit any vehicles? He says, yes, I hit some police vehicles. Now he's referring to mine because he just rammed me. He says, yes, I hit some police vehicles. I said, well, why did you hit the police vehicles? He goes, because they were in my way. If the police vehicles were not in your way, would you have continued? Yes, I would have continued, and it, it confirmed, kind of, uh, confirmed my idea of let's stop this where it is.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: 'Cause like my instant thought was if he gets past us, he's going right back to where this whole thing was and now we're gonna have people all clustered in, in groups around, so, so, um, so he stated all as with many other things that he said.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: But those were the pertinent things to the situation that, that indicated that his intent was to continue driving straight through anything that was in his way.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: Regardless what was in his way. Um, and we talked at length about whether he ever felt like he was finally escaping from the prison. The entire time that I had dialogue with him, he still, it didn't seem like it was getting any better. Um, he indicated that he had taken these drugs a couple of hours earlier and that in the, in the past his trips normally lasted no longer than 2 hours. I don't know what his perception of time really was as to what time it actually was, but, um, he said this his trips typically on LSD lasted 2 hours, that he had been 2 hours, and my entire dialogue with him he never seemed to, um, get less from the, less experience. It didn't seem like he was getting further out of the prison.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: That, of his mind, um, a lot of my time was trying to, spent trying to, um, have a calming effect on him.

DET. HECTOR DE LEON: Mm hmm.

OFFICER SEAN LAURIE: Even though this is a, you know, a traumatic event.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: Trying to keep him calm, keep him focused on me. There seemed to be something of a connection, um, that he would, he seemed to be cooperating with me. He did try to kick one time, um, he, that's where I got blood all on my arm. That's where I got a little, uh, surface exposure, but I don't have any, any opened wounds, but, um, he did try to kick up, um, but that was contained right away, and, and, um, he kept trying to struggle. He kept asking just, just take the cuffs off me, and he kept saying, you'll hear this on there, DNR, DNR, don't resuscitate me, just, just shoot me in the head a few more times. Just end it for me. Just shoot me in the head just one more shot.

DET. HECTOR DE LEON: Mm hmm.

OFFICER SEAN LAURIE: You'll hear this multiple times, he's asking us, begging us to just end this for him.

DET. HECTOR DE LEON: Uh, speaking about other injuries.

OFFICER SEAN LAURIE: Yes.

DET. HECTOR DE LEON: So, uh, you just told us about this conversation you had with him and stuff. Earlier you said that you could see him, uh, uh, basically being shot. You could see –

OFFICER SEAN LAURIE: Yes.

DET. HECTOR DE LEON: – where the bullets were hitting him and stuff, um, as far as his injuries, uh, were concerned, you saw that, uh, the other officer was providing first aid and stuff. Um, tell me about his injuries, what you –

OFFICER SEAN LAURIE: My perception from –

DET. HECTOR DE LEON: – what's your feelings about the injuries?

OFFICER SEAN LAURIE: – from the seat of my vehicle, it looked like he was receiving head and torso shots.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: Upon being right there with him, it appeared that he had at least two, two head, uh, gunshot wounds, but I didn't actually see any evidence of a chest wound, and his, his shirt had been pulled up quite a ways, then they pulled it up even further to put the pads on, and I did not see any, any chest wound shots. So, though I thought that I was seeing that, I've seen a movement, but I, and then he had a shot to his arm. Seems to his, um, right arm bicep area, mid-bicep.

DET. HECTOR DE LEON: Mm hmm.

OFFICER SEAN LAURIE: It looked like he had a both entrance and exit wound on his arm with the bullet as a through and through.

DET. HECTOR DE LEON: Did you think, uh, it was possible that he was gonna die?

OFFICER SEAN LAURIE: It seemed that, when I was first sitting there, it, it seems like anything could happen. At that point I, I don't have the level of medical training to be able to make a determination.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: My concern at that point was to ensure that, um, he was receiving aid, receiving care, trying to calm him down and allow the, the expert med, medical responders to handle that. I, I would not have a –

DET. HECTOR DE LEON: Based on what you're telling me though, you're seeing head shots and stuff, you could see that he has significant injuries.

OFFICER SEAN LAURIE: He has significant injuries, but I don't have a way, I didn't have a way of determining whether to be surprised or not surprised whether he survived or died.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: But he did have what appeared to me to be significant injuries, and I was surprised, I can tell you, I was surprised at the clarity of his responses.

DET. HECTOR DE LEON: Mm hmm.

OFFICER SEAN LAURIE: And at the strength of his efforts to escape the cuffs. With the injuries that I observed, it was surprising to me that he was still wielding the ability, the presence of mind to try and escape to be asked to be ended and at the same time be completely clear on his name, his date of birth, his mom's name, his, his father's name, where he lived, diseases that he had had had in the past. Um, I asked him about diseases that he had, um. He was very clear with the responses and to me that was surprising that with this magnitude of blood and injury that he was not going on about the injuries that he was feeling, not talking about pain. When I asked about pain, he acknowledge it, but that wasn't before in his mind. He seemed to be, uh, answering anything that I asked rather than complaining about pain he was answering the questions that I, um, he also said that he was there with seven other friends and that all of his other friends were on the same drugs that he had taken and that was then notified to, uh, shared with my other, um, uh, people on scene that we needed. Uh, backing up a little ways, another reason that I wasn't right up there when they were rendering him, rendering immediate first aid, I carry nine cones in my patrol vehicle, and so I put five cones at one end of the scene where I had a line of sight on them and four cones at the other end before I, since I saw that he was already having medical aid rendered. I wanted to establish some sort of a perimeter to keep, um, standers-by from coming further in, 'cause I didn't have any other law enforcement or first responders there at the time. It was just the deputy and the CHP rendering aid and myself, and I wanted to at least close so that, so that I could verbally tell a person to stop if they approached the cones, even though it was within a spot that if someone approached they could see. So that also kept me a couple of, more seconds away from, uh, the medical portion while they were rendering medical aid. I needed to establish a perimeter and a safe zone for us.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: To, to be able to keep people at bay.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: If they approached.

DET. HECTOR DE LEON: Um, let me back you up a little bit. So, initially you told me about getting dispatched to the scene, it was actually called for service for you and stuff, so, I want you

to tell me if you remember, um, the description that you got of the suspect, and then, um, describe the person that you saw standing outside of that pickup later on.

OFFICER SEAN LAURIE: Um, it was a, it was a person, I don't remember what they said, that he was wearing. We get, we get kind of scratchy radio reception out here. But we got that it was a person that seemed like they were a bit younger, and that they were, um, they, they said that the complexion was, uh, like a little, like darker, but light complexed, like not super dark, but he, he had a darker complexion but not a super dark complexion. It seemed like it was a lightish dark complexion.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: And then the description was also that he was, um, a very strong person, like a physically strong individual. There wasn't, there wasn't a whole lot of description about him, but more what his actions were. That he had some sort of vehicle that he began driving around and hitting things and, and hitting people and assaulting people.

DET. HECTOR DE LEON: Okay, and then when you first saw, uh, you described how the vehicle was parked kind of sideways in the, in the, uh, street, and you saw somebody standing outside of that vehicle, can you tell me just generally, uh, a description of that person?

OFFICER SEAN LAURIE: Yeah, the person that was standing outside the vehicle had dark hair, um, he was medium height, kind of a stocky build, um, and he had a, like shorts and a, a darker T-shirt on and was just, just standing there at the vehicle. He had medium dark complexion, um, and that's really all I saw is just that he was standing at the front corner of his vehicle. Um, initially my thought was maybe this is a, someone else from the, uh, from the area, a security who's also hearing what's going on and, and coming out there and we're gonna meet with him and, and find out if they've seen anybody, and then, and the deputy seemed to, uh, identify right away that this was who he was looking for. I heard the orders being given and then him enter the car, and then, you know.

DET. HECTOR DE LEON: Mm hmm.

OFFICER SEAN LAURIE: Clearly not listen and try to, uh, actually ram, rammed us.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: Uh, rammed me. I don't think he hit the deputy's car.

DET. HECTOR DE LEON: Okay, um, and you didn't ever see anyone else in the vehicle or around the vehicle?

OFFICER SEAN LAURIE: No.

DET. HECTOR DE LEON: All right, um, so, again, going back to your statement, um, you described, uh, that person getting into the vehicle, and then you described how your car and the deputy's car, were positioned, that there was room in between them, um, and that you repositioned

your car, and then you said that, uh, the person driving that, I think you said it was a Toyota? I don't want to put words in your mouth.

OFFICER SEAN LAURIE: I don't, I don't, it was a white pickup truck.

DET. HECTOR DE LEON: A white pickup truck.

OFFICER SEAN LAURIE: I didn't bother to identify what the make was.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: Just that it was a white pickup truck.

DET. HECTOR DE LEON: Um, and you said it rammed the front of your vehicle with the front of that vehicle.

OFFICER SEAN LAURIE: Front passenger side of the white pickup truck rammed into the front passenger side of my patrol vehicle.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: So, there, I'm here and he's coming in and hitting right here, and I'm just enough over that he's not able to squeeze by.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: So, he, he caught me and not the other vehicle. I was forward of the other vehicle, 'cause we had stopped side by side.

DET. HECTOR DE LEON: Uh-huh.

OFFICER SEAN LAURIE: And I pulled forward to reposition so he hit my car before he hit the other car.

DET. HECTOR DE LEON: Okay, and, um, describe to me what you mean by ramming, just describe that a little bit more.

OFFICER SEAN LAURIE: Um, his car ran into my car. I mean he wanted to get through. He was not going to be stopped by, by me being parked there. He was intending to go through my vehicle to whatever his destination plan was.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: He just rammed my car.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: I don't know whatever, what other word there is for it.

DET. HECTOR DE LEON: So, I don't expect you give me like a, uh, how fast the car was going, but can you describe as far as you know, was it going super slow, moderately fast, very fast?

OFFICER SEAN LAURIE: I would, I would say he was going, if I was to estimate between 15 and 20 would be the perception that I had of his approach. He wasn't that far away.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: There wasn't a chance for him to accelerate all that much, but he, he got on it.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: And it came, came pretty good.

DET. HECTOR DE LEON: Okay, um, this happened earlier on in the evening, um, was it fully light outside?

OFFICER SEAN LAURIE: That, we got the call I think it was around, I think it was around 8:15.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: That we got the call. I mean don't quote me. I thought you'd be able to look at the log.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: The call was around that time. It was still light out. Um, the, the sun was still up.

DET. HECTOR DE LEON: Um, and then, uh, so you described the deputy, uh, shooting and then you said that you didn't reach for your gun, so you didn't fire any shots.

OFFICER SEAN LAURIE: No shots fired.

DET. HECTOR DE LEON: Use any other kind of weapon, tazer, pepper spray, baton.

OFFICER SEAN LAURIE: Nothing.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: No personal weapons, no hands, uh, no uses of force. Just a repositioning of the patrol vehicle.

DET. HECTOR DE LEON: Okay, uh, and then you described, uh, the deputy, you head the deputy shooting. You didn't look over, uh, to see what he was doing. Um, you were kind of looking ahead at the person in the car, and you could see him getting struck. Um, do you remember any other uses of force by anyone else present? So, there was another CHP officer and, uh, the deputy.

OFFICER SEAN LAURIE: No, no, there was just the one, the one volley. I just remember the one volley of shots. I don't know how many shots were fired. I wasn't counting.

DET. HECTOR DE LEON: Uh-huh.

OFFICER SEAN LAURIE: It was more than one.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: Um, which is why on the air, I just put multiple shots fired.

DET. HECTOR DE LEON: Okay, all right, James?

DET. JAMES VICKERS: Nothing.

DET. HECTOR DE LEON: Nothing? All right, um, so Officer Laurie if you could give me a second, um, I'm gonna talk to the, uh, deputy DA, and the investigator, um, and I will be back momentarily. I'm gonna keep this going, but we're gonna step out –

OFFICER SEAN LAURIE: Sure.

DET. HECTOR DE LEON: – just a second, okay? Thank you. Okay, um, so Officer, Laurie, I've got a couple of, uh, just things to clarify with you. Um, oh yes, I forgot to ask you, so before you gave your statement today, did you review any, um, audio or video recordings of the incident?

OFFICER SEAN LAURIE: Mm mmm. No, I did not.

DET. HECTOR DE LEON: Okay, so you provided us a CD which I have here.

OFFICER SEAN LAURIE: Yes.

DET. HECTOR DE LEON: …of an audio recording that you made, but you didn't review that.

OFFICER SEAN LAURIE: I did not review it. I reviewed the first 3 seconds to make sure that it was actually, um, copying on to the disk, where I think I asked him his, his date of birth or something like that. And once I heard that it had burned to the disk, um, then I stopped, ejected the disk and did that for each one. So, just the first couple of seconds that are, um, the first couple of seconds of questions that I'm making of him. So, that's not really review. I'm just making sure that it actually successfully burned to the disk so I'm not giving you a blank disk.

DET. HECTOR DE LEON: Okay, um, and can you tell me about your radio communication? So, you received a radio call from your dispatch center, uh, sending you to this call.

OFFICER SEAN LAURIE: Yes.

DET. HECTOR DE LEON: Were you then able, were you getting updates from your dispatch or were you able to hear like any radio channels that the deputies were listening to?

OFFICER SEAN LAURIE: I am only hearing my dispatch and then the only other, um, receipt of, of audio that I'm getting was when I was parked behind with the deputy up there and the other officer right beside, and I've got my window down. That's when I heard that they were talking about some other medical emergencies that are occurring in the area. So, I'm picking up on that. I had my dispatch, um, contact the other Red Com dispatch trying to find out what's going on and where this is, but I don't have any kind of scanner or any other kind of other radio picking up any other channel. I only have access, um, during this call I only had access to, um, my primary dispatch.

DET. HECTOR DE LEON: Okay, um, and then you mentioned that you called your sergeant on your cellphone?

OFFICER SEAN LAURIE: Correct.

DET. HECTOR DE LEON: Uh, it was at some point after the volley of shots I believe.

OFFICER SEAN LAURIE: Yes, and when medical aid was being rendered, when medical aid was already being rendered, we had a scene of, of cones set up. I then made a call to my sergeant so that I wasn't putting a whole bunch of, um, information out over the air traying to talk. We don't have very good radio reception out there, and my cell recep, reception is better. I want to make sure that this is important information about what we have, who's injured, uh, what kind of support, um, uh, resources we had sent to the scene, i.e., the helicopter, the ambulance, uh, urgent medical aid, additional officers for manning the, uh, manning the closure; additional supervisors from, um, from SO, for the shooting, that all these things are being cleared, not being chopped up by radio traffic being stepped on by others that this is a very clear thing that my sergeant is on board with, with what our needs are. So, he has a good picture of the scene we have. So, he knows what he's operating under as he approaches and calls for support, okay.

DET. HECTOR DE LEON: Um, all right, so, I'm gonna take you to roughly midpoint in your statement, uh, when you are driving up with the other officer and the other deputy and then you first encounter the vehicle in the roadway? The white pickup truck and somebody standing outside of it. Um, I believe that you told me that the deputy started giving orders to the person that you thought the deputy recognized as the person you were looking for. Um, and then you saw him, I think you said, walk rapidly or move rapidly back around his, uh, the, the pickup and into the driver's seat.

OFFICER SEAN LAURIE: Correct.

DET. HECTOR DE LEON: Um, tell me, tell me what you were, maybe some of the thoughts that were going through your head when you saw him moving in that direction and then getting into his vehicle, did you have any concerns about that?

OFFICER SEAN LAURIE: Well, well, yeah, he's, he's not listening to the lawful orders that are being given. He's doing his own thing, getting in the vehicle, and, and then he's just driving right at us even though he's been told multiple times to stop, stop, stop, stop what you're doing. And he's completely disregarding the direction that he's being given and he's just doing his own thing, getting in the vehicle and then accelerating right, right to us.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: So, I mean, that's, my thoughts are what my observations are.

DET. HECTOR DE LEON: Yeah, did you have any other concerns about him getting into the vehicle as far as other weapons or anything like that?

OFFICER SEAN LAURIE: At this point, my concern was that he's getting in the vehicle and driving right at me. He, it didn't appear that he's going in reaching around for stuff. He's getting in his vehicle with a purpose to drive he, there's a difference between a person getting in a car and trying to find something and then come out and come at you with it, versus someone who's just getting in their vehicle. And he was, my perception is he's going around his car to get in his vehicle.

DET. HECTOR DE LEON: Uh-huh. Um, so you mentioned that you, he's now coming towards your vehicle, and the deputy's vehicle. Um, so, can you tell me some of the concerns you had with this vehicle now driving towards you and, uh, two other law enforcement officers?

OFFICER SEAN LAURIE: Well, at this point I know that it's myself and the other deputy. I'm not aware of where Justin, the other officers, I don't know when he arrived on scene or if he was behind. So, at this point, my concern is myself and the deputy beside me, and the large concern is also the carnage trail that's behind us, and him not getting back on that wagon of heading toward all these people and now at this point I know that, that first responders and others clustered around people and he, he can't be given an opportunity to get past where we are. This has to be where it ends. This has to be where the vehicle stops. The vehicle can't continue, um, past this spot that we had set up and to have him go right back down into, if we don't, he just needed to stop. It needed to stop right there.

DDA ROBERT WANER: Why?

OFFICER SEAN LAURIE: Because I had just seen two people on the ground that had been, that are now slumped on the ground and are, are, um, I don't know what their condition is, and it appears to have been a purpose of this vehicle, and I want this to stop now. I don't want, I don't want the vehicle to continue. I've got, I've got the person who said, hey, this guy, was just fighting with us, and, and now he drove into the, you know, we've got the call that he drove into a building, and then he's assaulting other people. I'm driving past all and in a matter of seconds, a person down on the ground slumped in a, in a crumple on the ground. You move further, another person

down, slumped in a crumple on the ground, and then you get up to the scene where, where this person is. He's been given a lawful order by the, by the deputy to stop. He chooses to get into his vehicle and continue. And I wanted to reposition my car so that he can't drive further down if he, if he's not listening, and he's gonna keep driving past. I don't want him to get to all the other pedestrians that I have behind us. Like its purpose is to, let's, let's just be where the vehicle stop. That.

DET. HECTOR DE LEON: Could you? 'Go ahead.

DDA ROBERT WANER: When the vehicle was beginning to move in your direction, did you have any personal safety concerns?

OFFICER SEAN LAURIE: Well, anytime a vehicle's driving towards you, um, you're concerned that the car is driving right at you. Um, but I am inside my vehicle just trying to position so that he can't drive past us. So, I'm, I'm trying to get him to stop, um, so he's not driving past us, so, I, I don't want him to go any further than right –

DDA ROBERT WANER: Officer Laurie, did you worry for your personal safety in that moment?

OFFICER SEAN LAURIE: Well –

DDA ROBERT WANER: Or not.

OFFICER SEAN LAURIE: Well, yes, I mean, anytime you have a car approaching you, you're worried for yourself and for the safety of yourself, your fellow officer and others. Um, I was certainly concerned that, uh, the actions that he's taking can directly affect my health and safety, the deputy's health and safety, and further people behind me.

DDA ROBERT WANER: When you became aware of the suspect driving towards your vehicle, were you aware of where the deputy was positioned?

OFFICER SEAN LAURIE: I knew that he was beside me. I, I only knew that he was beside me. I don't know exactly where he was beside me.

DDA ROBERT WANER: And you've gestured to your right?

OFFICER SEAN LAURIE: Um, to my right, yes.

DDA ROBERT WANER: And as that vehicle was beginning to move in your direction, did you have any, uh, concerns for the safety of the deputy?

OFFICER SEAN LAURIE: Yes, for, for he and for myself, because now the vehicle's coming directly toward us, and, I've investigated countless vehicle collisions, where it doesn't take a lot of, a lot of intrusion force to, to physically hurt humans.

DET. HECTOR DE LEON: Okay, um, after, okay, so you described, uh, that white pickup truck coming towards you and hitting your vehicle and then at some point you, uh, heard a volley of shots from, uh, the deputy, um, and you mentioned that you didn't, uh, draw your weapon or, uh, anything like that.

OFFICER SEAN LAURIE: Right.

DET. HECTOR DE LEON: Um, can you tell me about concerns that you had at that point, um, as far as you're seeing this deputy, um, firing rounds at this person, and then, I think you described it a little bit, but if you go into more detail about that.

OFFICER SEAN LAURIE: Were ****

DET. HECTOR DE LEON: The, the thoughts that were going through your mind, uh, whether to draw your weapon or not or take further action.

OFFICER SEAN LAURIE: Well, well, yes, if this is what you're asking. The reason that I didn't draw my weapon is I'm mere feet away from the guy who's driving the other car and I can see that these, these rounds are, are hitting where, where the deputy is shooting. They're, they're hitting him. He doesn't need any intervention from me. The deputy has already handled this portion. I stopped his vehicle and the deputy has taken the action from whatever his perspective is.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: Um, my perspective is stopping his vehicle from going further and being vehicular harm, and I can't speak to the deputy's perspective.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: But I can tell you that my gun was not reached for nor drawn because I, I could see that the shots that were fired are, are doing what their intended purpose, what I assume their intended purpose was by, by the deputy.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: So, there was no need for me to, um, have any kind of further, not further, but any kind of actual, um, use of force, repositioning my vehicle was the extent of, of my, uh, my movements. No use of force was needed. The deputy's use of force had done, um, it appeared to me what his, what his intent was.

DET. HECTOR DE LEON: Okay, um, so do you ever, so you talked about, uh, the deputy giving what you described as lawful orders for the person to stop, or something to that effect. Uh, do you ever remember, um, saying anything to the suspect, or giving him orders?

OFFICER SEAN LAURIE: I didn't give any, I did not speak to the suspect, did not give orders. Um, all orders came from the deputy beside me.

DET. HECTOR DE LEON: Um, let's see, so after the deputy had fired, uh, his volley of shots, you described that, um, you heard the chirping and you ultimately identified that as the white pickup truck still kind of trying to move forward. Um, did you have any concerns for the vehicle moving past you towards the deputy at all?

OFFICER SEAN LAURIE: Absolutely, yeah, at this point my concern really was for any and everyone who was at the scene or could be approaching the scene because, as I've said before, I've taken crashes where someone doesn't get the car put into park. They don't get the car, the brakes set. The next thing you know you turn around and there goes the car, and, uh, with it chirping, with all this action, I had a very strong concern that this, this car could go out of control, whether it was on purpose and he, if he was able to try to redirect the car, or even without his conscious effort. With it still chirping, with him in a position that appeared he must have been pushing on the accelerator for it to do that, because the car is in idle with a high enough rpm for the wheels to just chirp when it's stopped.

DET. HECTOR DE LEON: Mm hmm.

OFFICER SEAN LAURIE: That's a, that's a, a very significant, um, safety concern for myself, for the deputy and anyone else who might be there, even if, even if we had him out of the car, if it's not, um, if it's not disabled in a fashion so that it can't continue, I don't know how well locked our cars are together.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: I haven't investigated this, but I do know that his car is still in what could be, what could turn into additional forward movement.

DET. HECTOR DE LEON: Okay, all right, um so you've described, um, the information that you had kind of going into the scene about this person's behavior, and then, uh, you described, I believe at least two people that were kind of crumpled on the ground that you believe –

OFFICER SEAN LAURIE: Two people that I saw, and I say at least, 'cause I don't know if there were others that I might have gone past that I didn't notice.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: But I know of two people that were just collapsed on the ground.

DET. HECTOR DE LEON: And my understanding is you believe that this person that is now in front of you in a pickup truck, uh, is somehow responsible for those people being injured.

OFFICER SEAN LAURIE: Correct.

DET. HECTOR DE LEON: Um, and then you had the concern of him driving towards, uh, you and another deputy colliding with your vehicle. Um, can you tell me, it, were there any other concerns that we haven't addressed that you had, um, that you had for this person?

OFFICER SEAN LAURIE: Now which person are we talking about?

DET. HECTOR DE LEON: Sorry, the –

OFFICER SEAN LAURIE: Which person?

DET. HECTOR DE LEON: – the person in the white pickup truck.

OFFICER SEAN LAURIE: Well, I don't know that there's anything else that we haven't talked about.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: At the, at the, uh, sequence of events, the rapidity of the revelation of those events, one unfolding directly after another as you, as you follow this trail of, it's, it's not right to call them crumbs, but you follow this trail of evidence, maybe? You can follow this trail. Its, obviously you're closing in on, on something and then, um, the concern is just look at everything that we've seen so far, the concern is to not allow this scene to grow further.

DET. HECTOR DE LEON: Okay.

OFFICER SEAN LAURIE: Does that answer the question you're, you're asking? I'm not sure if I'm –

DET. HECTOR DE LEON: Yeah, so you had, uh, witnessed, um, this person injuring several people and you didn't want him to injure anybody else?

OFFICER SEAN LAURIE: Anyone else, and, and bear in mind as well the, the initial, of course we have the initial call of vehicle versus a building on purpose and then when I finally do get on scene I happen across one of his friends who indicates that when he's been fighting with, with me, he's been fighting with all of us.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: Um, so his mind set isn't one of, isn't one of getting along.

DET. HECTOR DE LEON: Right.

OFFICER SEAN LAURIE: Um, had the, the amount of calls coming from various agencies with REDCOM, REDCOM, um, responding with the people down, um, not even knowing what the injuries were with the woman. I don't even know if she's a live or dead, uh, on the side and I need to stick with the deputy. Uh, very strong concerns for really the entire, the entire area.

DET. HECTOR DE LEON: Mm hmm.

OFFICER SEAN LAURIE: This, this road doesn't stop where it is.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: He could have chosen to go that direction.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: And not toward us, and that, you know, I don't know where this would end up. The, the concern is this is, this is a significant trail of, of damage, of carnage.

DET. HECTOR DE LEON: Mm hmm.

OFFICER SEAN LAURIE: And, um, any, any level of concern that you can articulate is a concern that was felt.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: Uh.

DET. HECTOR DE LEON: Okay, all right. Um, you have any other questions? Any other questions? Anybody? Okay, Officer Laurie, do you have anything else that you want to add.

OFFICER SEAN LAURIE: Uh, no, just that you have, you have the audio. I'd like to make sure that you have a copy as well. Um, I don't have a sharpie to write on it, but like I typically do, um, but I think that that will be beneficial when you listen to it and hear that, um, thank you, and hear the, um, just his mindset, his, his talking about what he was doing, what his intentions were. Um, he was completely clear and articulate about everything that had transpired before.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: He talked about that happening, that his intention was to go right past us. I don't know what he was going to do, but his intention was to go past our patrol vehicles and, um, continue with whatever he had been doing before. That he wasn't done, um, with his, the feeling of prison is how it felt, and I think you see that.

DET. HECTOR DE LEON: Yeah.

OFFICER SEAN LAURIE: Or hear that in the audio.

DET. HECTOR DE LEON: Okay, well, thank you very much.
