Date/Time: **10/14/2022 11:21:00**

FOLLOW UP WITH [redacted] PELAEZ:

On August 1, 2022, at approximately 1933 hours, I met with [redacted] and his wife at the Tower Mart gas station located at 9815 Highway 53 in Lower Lake, CA. [redacted] is David Pelaez's brother, and he was previously interviewed at his home on 07/30/22; however, I agreed to meet with him again in order to explain additional details of the investigation. Detective Arredondo accompanied me to act as a Spanish interpreter

During this follow up interview, I explained key details of the investigation with [redacted] which I previously did not disclose to him.

I explained to [redacted] that the investigation so far determined that Pelaez had trespassed onto several rural properties, vandalized property, carjacked a vehicle and was confronted by several armed homeowners before leading deputies on a chase through mountainous terrain. I also mentioned that Pelaez was armed with makeshift weapons when he was finally contacted by deputies.

[redacted] was unable to explain Pelaez's behavior and had no further information to provide.

Prior to my departure, I answered several of [redacted] questions and told him he could contact me at any time if he had any additional questions or concerns.

It should be noted that my follow up interview with [redacted] was recorded on my body camera. This supplemental report is a summary and not intended to be a transcript of the interview.
