SUPPLEMENTAL REPORT
INTERVIEW WITH [redacted] (10835 Hwy 128)

On 07/30/2022 at approximately 1000 hours, I called [redacted] for a statement. I utilized the AT&T Language Line for Spanish translation and interpreter 392038 assisted me. I asked [redacted] to tell me the circumstances around the Nissan sedan that was abandoned on his property yesterday. He told me the following in essence:

On 07/29/22 at approximately 0540 hours, he was assisting in the vineyards at [redacted] Hwy 128. A tree was obstructing one of their private roads and he was out clearing the roadway. This is when he observed the Nissan sedan driving quickly down a dirt road. [redacted] estimated the speed to be 40 to 45 miles per hour. The vehicle passed him but he could not see the driver. [redacted] followed and spoke to another coworker who told him where the vehicle went. Approximately 10 minutes later, he located the vehicle behind a vineyard. [redacted] found it abandoned and did not see any persons around it. He assumed the driver ran off in the area. [redacted] took a photo of the vehicle and text the photo to a coworker at the vineyard office.

[redacted] spoke with a Sonoma County Sheriff's Deputy at approximately 0800 hours. [redacted] does not know the name of the Deputy and it was only one Deputy at the vineyard. He escorted the Deputy to the vehicle. The Deputy looked at the vehicle and informed him that it could not be immediately towed. [redacted] told the Deputy he believed the male jumped fences out of the area. The Deputy left the area.

[redacted] told me that he had no interactions with the driver. [redacted] confirmed the vehicle remained in its location up to the point where I had towed it from on 07/29/22. [redacted] said the property does not have surveillance cameras.

It should be noted that a portion of my telephone call with [redacted] was digitally recorded. This report is merely a summary of the incident and is not intended to be an exact transcription of the entire investigation or of what may have been captured during the recording. I later placed the audio recording into Evidence.com.
